STATE OF ALABAMA,  
CHILTON COUNTY

I, J. Lee Smith, Judge of Probate, in and for said County in said State, hereby certify that the foregoing is a true and correct copy of the Supplementary List of qualified voters, according to the records in the office of Judge of Probate and to the best of my knowledge.

This, the 27th day of April, 1946.

J. LEE SMITH,  
Judge of Probate.

Here's how to keep flies and mosquitoes out of your barn for 30 to 60 days: Mix 9 tablespoonsful of 50 per cent wettable DDT powder to two gallons of water, or 1 pound to 12 gallons of water. Spray beams, supports and other parts of the barn, using about one gallon of spray to each 1,000 square feet of wall space. Repeat when flies and mosquitoes begin coming back.

### To The Voters of Autauga, Chilton and Shelby:

G. C. WALKER

I have a desire to represent the people of Autauga, Chilton and Shelby Counties in the State Senate during the next administration. I represent the people of Chilton County in the Legislature at the present time.

Under a long-standing agreement between the three counties, it is Chilton's time to furnish a Senator. I feel that by education, observation and experience, I am able to vote for and support legislation that will be to the best interests of all the people of the three counties.

I volunteered for service in World War I, and was discharged at Camp Pike, Arkansas. I am a member of the American Legion, Post No. 6, at Clanton. My only child, a son, volunteered for service in World War II, and, after almost one year's service, was discharged at San Diego, California, on the 14th of September, 1945.

I will appreciate your vote and support in the Democratic Primary on May 7th, 1946.

Respectfully,  
G. C. WALKER.

### Cox To Support Legislation For The Masses

A Letter to the Voters of Chilton County:

When you go to the polls next Tuesday to select your leaders for the State and the County for the next term, it is your duty to vote for the man of your choice.

I regret very much that I have been unable to canvass the county as I would have liked to do, but the majority of the voters of the county know me and I am perfectly willing to abide by their choice.

If you do me the honor of favoring me with your vote and confidence I will have your interest at heart and will do all in my power to see that only progressive legislation is passed that will best benefit the masses.

If I have failed to see you and ask you personally for your vote, it is because I have been unable to do so and not because I was not thinking of you and didn't try to get around to see you.

Your cooperation throughout the

C. B. COX

campaign has been appreciated and with your support we will come out victorious on May 7th.

Sincerely your friend,

C. B. COX.

### Judge J. Lee Smith

### Makes Final Appeal

### To The Voters Of

## Chilton County

### TO THE VOTERS OF CHILTON COUNTY:

As the campaign is drawing to a close for the May 7th Primary Election, I want to take this opportunity to say a few words in the behalf of my candidacy for re-election to the office of Judge of Probate. Due to the duties in the Office, I have been unable to see all the voters, but I trust that I have the opportunity before May 7th.

I would like to state in a brief way some of my qualifications for the office. It is only fair that the people of the County know how the several candidates stand, so they may be in a more enlightened position to choose the best qualified to manage the affairs of our County.

I was in the wholesale grocery business for a number of years. I served the people of Clanton as their Mayor for two terms, and was Mayor of the Town of Clanton when you honored me with the highest office within the gift of our people.

We have on file, in the Probate Office, plans that have been approved by the State and Federal Government, for over one hundred miles of Farm to Market paved roads. And we intend to keep one or two Projects going all the time, until these roads are paved.

There has been a bill passed in the United States Senate and now pending in the House of Representatives to appropriate money for the building and equipping hospitals. Your Commissioners and I are going to do everything we can to get one of these hospitals located in Chilton County.

We intend to take advantage of every dollar made available by the State and Federal Government, and will see to it that it is spent to the best interest of all of our people.

A good record made by any business man or a public official is better than campaign promises. On this record, I solicit your vote.

Yours very truly,

## These Among Many Progressive Leaders Throughout Alabama Endorse HANDY ELLIS for Governor

**E. B. NORTON**, State Superintendent of Education, recently appointed Assistant Director of U. S. Department of Education: "Because of your long record of outstanding service, I am glad to endorse your candidacy and your program for the progress of our State."

**DONALD B. COMER**, Chairman of Board, Avondale Mills, son of late Gov. B. B. Comer: "I have been especially impressed with Handy Ellis' outstanding service to the cause of education... and his sincere interest in the problems of public health, public welfare and the farmers of our State."

**C. D. NORMAN**, Speaker, Alabama House of Representatives: "I have served for years in the legislature with Handy Ellis. As a co-worker, he was tireless, helpful and a wise counselor. As an opponent, he was always fair, considerate and understanding."

**ARCHIE H. CARMICHAEL**, author of Alabama's first Prohibition Bill, former Congressman from Eighth District, long-time dry leader: "I believe every citizen of Alabama will be benefited by your nomination for Governor. You have my unqualified endorsement for that high honor."

**J. P. KNIGHT**, Chairman Joint Legislative Committee of Railroad Brotherhoods: "The four railway brotherhoods heartily endorse the candidacy of able and progressive Handy Ellis."

**SEN. LAWRENCE K. ANDREWS**, Farm Leader in 1945 Senate: "Handy Ellis is a real and genuine friend of the farmer. He is a deep-rooted desire to see the farmer's welfare advanced on all fronts."

**MRS. EDWINA MITCHELL**, member State Pardon and Parole Board: "Mr. Ellis is, in my judgment, the candidate best qualified by training, experience, and temperament, to steer the government of Alabama in a continuing, progressive program."

**SEN. VERNON ST. JOHN**, leader of "dry" forces in State Senate in 1943 and 1945: "Handy Ellis has sponsored more farm, school, health and human welfare legislation than any other living Alabama citizen."

**J. FRANK LIVINGSTON**, President Alabama League of Municipalities: "Many a home rule battle has been fought and won by Handy Ellis for our people."

**Former SEN. WILBUR B. NOLEN**, Probate Judge Elect of Clay County, former head of F. H. A. in Alabama: "I have known Handy Ellis all my life. He will make a truly great Governor."

**C. M. A. ROGERS**, State Senator from Mobile: "Your long and useful leadership in State affairs commends your candidacy to every good citizen of Alabama."

### How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

- 1 Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.
- 2 Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardui. It'll help you'll be glad you did.

**CARDUI**

Ozmus S. Burke, Attorney At Law,  
Greensboro, Alabama, April 26, 1946.

Hon. Edward de Graffenried  
Attorney At Law  
Tuscaloosa, Alabama.

Dear Ed:

I haven't seen you during the past few days, so I thought I would drop you a line to let you know how things were looking here. When you were here last, I told you that you would take the County. I feel even more optimistic now, for the race seems to be heating up some, and the people are expressing their opinions more freely. You are growing by leaps and bounds, and your majority in Hale County is going to be even greater than we expected.

There is one thing you can be proud of and that is the fact that the service men are really working for you. They are "fed up with the set-up," as the Army saying goes, and they want a change. The fact that you served as a Private in World War I, and had three boys in the service in World War II, is certainly advantageous, for the boys feel that you know better what their problems are, and will work to see that they aren't forgotten.

We aren't going to let up here and you can count on all of us to do whatever is necessary to provide the margin of victory that we all have worked to gain. Keep up the good work.

With best wishes, I am

Your friend,

O. S. BURKE.

All singers and lovers of sacred music have a cordial invitation to attend this convention. Bring your song books and lunch and let's spend the day worshipping the Lord in song service.—Myrtle Jackson, Secretary.

## I. A. (Dock) Dennis Writes To Voters

To the Voters of Chilton County:

As election day approaches and realizing the fact that there is a great many of you whom I have been unable to contact personally, I wish to take this means of soliciting your vote and influence.

Free election by the people is a privilege enjoyed by few nations in the world. We are one of the fortunate few. After thinking the matter over, if you feel that you can conscientiously do so, I will very much appreciate your vote; also deem it a great favor.

As before stated and as many of you know I am a veteran of World War I. I have two sons who served in World War II. I would like for each and every voter to give this your careful consideration and then if you can vote for me to be Clerk of the Circuit Court, I feel that my education and past business experience fully qualifies me for this office.

Should I be your choice I will endeavor to conduct myself and my work in such a manner as not to make you regret voting for me.

As I have said many times, I have nothing to say against my opponent, only, he has had the office two terms; I would appreciate having the office one term.

I want to urge all voters to exercise your privilege as free citizens and cast your ballot on May 7th.

Thanking you in advance for all considerations and hoping to receive your vote election day.

Yours very truly,

I. A. (Dock) DENNIS

## GLEE CLUB CONCERT UNPRECEDENTED SUCCESS

Meriting the highest of praise, the C.C.H.S. combined Glee Clubs Concert Friday night in the splendidly decorated school gymnasium was an unparalleled success for the school and the county. Under the direction of Mrs. Raymond P. Mims, the 140 members of both the Girls' and Boys' Glee Clubs gave a performance marked by utmost dignity and an understanding of the technique of choral music.

The large crowd attending the concert highly applauded the Boys' Glee Club for singing, "On The Road To Mandalay," with Lelyn West as soloist. The Girls' Glee Club was particularly noteworthy in "Carol of the Birds" for which Mrs. Mims sang the coloratura solo part. Singing, "Madame Jeanette," with quiet and tender feeling. The combined Glee Clubs were also effective in "Begin The Beguine," Fred Waring's arrangements of "Onward, Christian Soldiers" and "Holy, Holy, Holy," with Sallie Gowan as soloist, and in "One

World," Henry Grady Heflin, soloist. Perhaps in the grandeur of Noble Cain's "Holy Lord God" did the boys and girls, singing like professional choristers, best display their superior technique and knowledge of music.

The concert was sponsored by the school P.-T. A. of which Mrs. J. E. Gowan is the president. Mrs. John Deramus was chairman of the decoration committee. The concert was to raise funds for the purchase of a concert grand piano.

# Vote For ARTHUR GLOVER For Re-election For Circuit Judge

Judge Glover is well qualified through eleven years experience in this position, during which time he has learned to know the people of Chilton County and their affairs. His record of trial of cases, as shown by Supreme Court and Court of Appeals records, is among the best of the Circuit Judges of Alabama, and many times he has been sent to other parts of the State for trial of cases.

During his term of office, and through his handling of Court affairs, he has abolished script buyers and today State witnesses and fees of the Clerk and Sheriff are now paid cash out of the Fine and Forfeiture Fund. When Judge Glover assumed office in 1935 this fund was overdrawn and there were many registered and unpaid claims against this fund. It was necessary for the Commissioners Court to transfer money from the General Fund to this fund, which means that the taxpayers had to assist in running your courts. In a very short while after Judge Glover took office this situation was remedied and today, by his wise and economical handling of the courts the cash balance in this fund is \$13,166.47, which means a considerable saving to the taxpayers.

He not only knows, but is a friend of the people of the county, and is interested in their best welfare. Judge Glover has always shown a willingness to discuss with every person their problems or questions in Court.

He has always conducted the office as a servant of the people.

He is a veteran of the First World War, a member of the American Legion, and a member of the Veterans of Foreign Wars.

Your vote and influence are earnestly solicited.

# THANK YOU

As the campaign closes, I wish to again sincerely thank you for your fine interest in my behalf and urge you to continue it with renewed vigor until next Tuesday.

Let us make the victory overwhelming, such a victory as that to which all the circumstances so abundantly entitle us.

Be assured of my constant best efforts to justify your confidence by remaining worthy of it and continuing to make you a good public servant, who has the interest of our country and all the people of our district always uppermost in his mind.

Thank you from the bottom of a very appreciative heart.

Sincerely your friend,

Because pulp, as well as juice, contains vitamin C, there is vitamin thrift in serving fruit juice unstrained, and even higher vitamin economy in eating citrus fruit simply halved, sliced or sectioned.

### INDUSTRIAL EMPIRE

To its great General Electric plants, Eastman Kodak factory and other world famous giant producers of vital supplies, New York adds 6,500 shops whose average employment is less than 40 persons. With future requirements of radio, aviation and surface transportation greater than ever, these thriving industries will add millions to Government resources guaranteeing Savings Bonds.

LESPEDEZA SERICEA FOR GRAZING — More and more sericea is being established each year. It is planted on slopes too steep for continuous cultivation and used as a source of hay and grazing. After it is well established, it will stand more punishment from grazing than any other plant for upland grazing purposes.

Deadline for Alabama farmers to make suggestions for the 1947 Triple-A agricultural conservation program has been set as May 6, 1946.

## Parrish Wins Judgeship Race By Large Majority

### J. E. "Big Jim" Folsom Takes The Lead In Governor's Race

As the News went to press Wednesday afternoon, "Big Jim" Folsom was leading in the governor's race by 5,000 votes, according to a telephone call from Cullman. According to a news report from Birmingham at 2:30 Wednesday, Folsom was ahead only 4,000 votes, but there were over 400 empty rural boxes that had not been heard from at that time—which Folsom was expected to widen his lead.

On the basis of partial returns early Wednesday morning, Folsom was leading in 25 counties; Ellis was ahead in 15 and Poole in 12 counties. Boozar was ahead in seven and Persons in three.

In Chilton County Folsom took the lead all the way. From the first count through, it was Folsom, Folsom, Folsom. The count in Chilton County: Folsom, 1,570; Ellis, 1,021; Poole, 783; Persons, 409; Boozar, 194.

It is certain that Ellis will have to run it off with Folsom in the June 4th Primary—unless Ellis concedes to victorious "Big Jim" Folsom. Poole, Persons and Boozar are out of the picture.

#### ALL-DAY SINGING AT CORINTH THIRD SUNDAY

#### DR. PARRISH THANKS COUNTY VOTERS

Time being limited to prepare a timely letter to the voters of Chilton County for their fine support in my recent campaign for the Democratic nomination for Probate Judge in the November election, I wish to say that I will have a letter for next week's county paper and try to convey my appreciation for the honor you have bestowed upon me.—W. L. Parrish.

#### FREE NYLONS; LADIES ADMITTED FREE TO WRESTLING THRILLER

A free pair of nylon hose... free admission to ladies... Nick Carter the lineup for the VFW's wrestling to unmask the "Blue Streak". That's the thriller this week at the high school. It has been announced that a free pair of beautiful, hard-to-get nylon hose will be given to the lucky ticket holder. The presentation will be made between the preliminary and main bouts. And, all ladies accompanied by gents with ringside tickets will be admitted free of charge.

Last Saturday night's wrestling match proved to be a real thriller when Nick Carter and Keene went in the war path and cleared the ring, throwing Bad Boy Brown and the Blue Streak out as fast as they could get in. This show was said by many to be the best one ever presented here. After last Saturday's roughhouse, Nick Carter promised fans that next Saturday night he will take the mask off the Blue Streak and let everyone see the boogey man's face. This, everyone is waiting to see.

In the preliminary bout, Prince Bahui makes a newcomer, Jack Wint-who, who comes from Florida. This will be Wint-who's first appearance here. For further information see the advertisements.

## SUNDAY IS MOTHER'S DAY

An ancient proverb says, "God Could Not Be Everywhere, therefore He Made Mothers."

How true the saying is today, tomorrow, and will be forever. There is no greater influence on the future of the world than our Mothers. Without that great influence for good, and right, the world would soon return to barbarism.

Next Sunday is a day set aside to honor Mother. If you can't see her, write her. If it is too late to write, end her a message of your love by telegraph. The main thing is to let her know you are thinking of her and still respect her above all women.

Next to God, the world's hope depends on Mother.

## CLANTON NEEDS AN ACTIVE SCOUT TROOP

We all hear and know of a playmate or some bit of about these little fellows. Do you know of a boy who died of a disease because he did not get the attention of his mother?

They like adventure, and he may indulge in willful disobedience of character. If he indulges in these things, killing birds, destroying property, going to garbage dumps, going long distances without permission—are not the things that will help his character development. They lead to laziness, disobedience, utter disrespect for any authority, and to association with undesirable playmates.

Now, if his fine as mothers are, should have the sole responsibility for bringing up a son. Father, too, must cooperate. The boy who regards his father as a man "not to be bothered" avoids the influence of the very person who could do him the most good in his reach toward manhood. Boys need fathers and men who will take the time and trouble to SHOW him WHAT to play, HOW to play and WHERE to play.

Scouting offers a year round program of play and adventure for boys of all ages from 9 to manhood and do you know that membership in the Boy Scouts of America as of December 31, 1945, was (1,533,718) with something like a half million adult members and still thousands of others who want to be scouts and can't because of lack of leadership. Why not give these a chance to help with the building for the future of America by helping train our youth of today? Scouting offers programs which will lead these boys to opportunities for achievement of the finer things in life which make for the building of better men and better citizens.

We fought to save America and our American way of life. We must do all we can for the future of America and the world. Scouting will help.

## HUNTER GOLSON

In the death of Hunter Golson, owner and editor of The Wetumpka Herald, Alabama lost an outstanding figure in the newspaper field. Mr. Golson was past president of the Alabama Press Association, and his counsel and leadership was a continuing factor in the progress of the association. He also had a distinguished record as a legislator, and at time of his death was an unopposed candidate for member of the house of representatives from Elmore County. At the 1945 session, he sponsored a "home rule" measure, which although not enacted into law at that session, received much favorable comment and prediction that it would be heard from in the future. Under this measure, voters of a county would have the right to a referendum to decide whether any local act should become operative. Mr. Golson was one of the most widely popular newspapermen in Alabama, and even those who differed with him on issues admired his personality and the manner in which he took a stand in keeping with his convictions. He died last Friday in a Birmingham hospital, where he had been ill for about a month.—State Record and Reports.

The show is over. Yesterday (Tuesday) the curtain was rung down on an election as hotly contested as we have ever seen. We, for one are mighty glad to see it over. When we are writing this, of course, we do not know the outcome but we do know that every candidate gave his campaign all that he had. So far as "mud-slinging" was concerned, there was very little, if any. All in all, it was a clean campaign and we hope that those who come out on the short end will be good enough sports to take their licking with a smile.

Two little children were walking home from school the other day. "I've got two little brothers and one little sister," boasted one. "How many have you got?" "I don't have any brothers and sisters," answered the second one. "I have three papas by my first mama, and four mamas by my second mama."

Jones, the young man, is in the medical end of the government, is telling the story of his uncle's plot. Seems that his uncle had brought them out of the swamp and put them in a pen near the house. The first morning after watching them his uncle went out to the pen to feed and the next morning he went to the swamp and brought them back and put them in the pen. The second morning the same thing happened. It happened on the third and fourth mornings and the next and the next. Finally, as Jack's uncle tells it, he went down in the swamp and caught those pigs so much that when they would see him coming they would back up and stick their hind legs up in the air so he could carry them back to the pen.

Two soldiers, or ex-soldiers, were talking the other day about their army careers. Seems that one of the fellows had been x-rayed many times and after much conversation they discovered that they had been to the same hospital and had x-rays. After listening long about the hospital career of one the other remarked: "that's right, I saw one of your blueprints at the hospital."

## PIANO RECITAL PRESENTED AT ISABELLA SCHOOL

On Friday night, May 3, Miss Truman Stuckey presented her pupils in recital in the auditorium of the Isabella school.

Those taking part on the program were as follows:

Ruth Dean Brag (Joyce Veasey, Ramona Tucker, Mary Clyde Calloway, Bulah Kelly, Bobbie Jean Davis, Sarah Ethel Carter, Hazel Durbin, Ruth Edna Grooms, Pete McKee, Louise Maddox, Elaine Nix, Marie Crumpton, Dora Frances Grooms, Jacqueline Smitherman, Bettye Lois Conway, Gloria Jones, Sara Nell Jones, Imogene Williams, Bettye Jo Williams, Virginia Kelly, Marcelle Davenport, Martha McKee, Marianne Wells, Elton Kelly, Douglas Hayes, Sallie Faye Cletcher and Mildred Cox.

One of the most attractive features of the program was songs rendered by Glenene Jones, lovely little daughter of Mr. and Mrs. Andrew Jones of Birmingham.

## CARD OF THANKS

We wish to thank our neighbors, the Thorby quartet, Rev. ## DR. NIX GOT GOOD GRAZING FROM CLOVER

Dr. Nix of Maplesville reports that he got wonderful grazing last winter and this spring from Crimson Clover and Rye Grass. The Crimson Clover and Rye Grass was planted on fallowed land the last week in August of 1945. Grazing was started in December. Now is the time to start planning for winter's grazing. Several sections of the Chilton County Soil Conservation District are planning to plant Crimson Clover and Rye Grass for grazing next winter.

Dr. J. Ratliff and L. S. McGraw are planning to establish some colored patches of bicolor. Bicolor is a plant that furnishes feed for quail and other wildlife. The place for bicolor is along the edges of fields where woodlands join the fields.

Seeds that has not been cut for hay should be cut this week. When 70 per cent of the plants are knee deep, then it should be cut for hay. A number of cooperators have already cut their serica.

Early May is a good time to plant corn in most of Alabama. Hybrid corn can be planted later; and grain sorghums in June. Sweet potatoes and other crops are yet available; also gardens.

## MORAL ECHOES

Rev. D. W. Haskew, D.D.

It was Milton who said, "He that expects to write the lines of living poetry ought himself first to be a living poem." What that great author was saying is that before we can hope to do great things, we must first of all be something ourselves. We should be more anxious to be something ourselves than to do something great. First of all gather greatness into your life and then you will be more likely to express greatness to your fellow-men. It is forever true that from nothing, comes nothing. The poorest son in a farmer's home was ready to go away to college. The old father followed him to the gate and as the son was passing out, he put his hand upon the boy's shoulder and said, "Son, be somebody." That was good advice.

Do you want to know how to enrich your life? The method is just simple mathematics. First subtract from your life everything that makes you poor. Then add to your way of living the habits and the ideals that will make you rich in your inner being. Then multiply your gifts and graces of usefulness and service. Last of all divide your talents, your time and your possessions with those who are in need about you. We grow rich in our soul life by subtracting the bad, adding the good, multiplying our graces and dividing our service.

In central New York there was a man by the name of Mr. Maydole, the hammer maker. When a friend called to see him in his place of business, he proudly remarked to him, "Yes Sir, I have been making hammers right here on this same spot for twenty-eight years." "Well then," replied his friend, "By this time you should be able to make a pretty good hammer." "No Sir," replied the old man; "I never made a pretty good hammer; I make the best hammer made in the United States." Drudgery is the gray angel of success. Look at the leaders in the professions, the solid men in business, the master workmen anywhere and once they toiled to produce the best. It was this form of drudgery that opened a way for them, and now they build cities to house their plants and workers. "It is doing the best job in the United States" that will ultimately bring us to success.

All young men between the ages of 17-25 are called to attention to the fact that the G. I. Bill of Rights expires on October 6th of this year. Any one joining the Service on or after the 6th of October will not come under the G. I. Bill.

It offers you free education, \$20.00 a week unemployment and numerous other benefits. The Marine Recruiting team will be here every Wednesday. Anyone wishing to enter the service or want more information, contact can be made at the Post Office.

Don't wait, get the benefits of the G. I. Bill now. Two years of service gives you three years of school.

### FARMERS PONDER MACHINES VS. MULE POWER FOR ALABAMA

There is a controversy raging in Alabama over whether or not it is more profitable for farmers on small farms to buy tractors and power equipment or to continue using mules and mule-drawn equipment in their farming operations.

Those who argue that the tractors should replace mules present the following arguments in behalf of tractors:

- (1) Farmers can prepare land, cultivate crops and harvest the crops much faster.
- (2) Producers can do better jobs of building and conserving soils by properly constructing and maintaining terraces and planting and turning winter legumes.
- (3) Land can be properly disked which is almost impossible with mule power.
- (4) Tractor farming gives farmers more time to do other jobs such as custom jobs for their neighbors.
- (5) Corn producers on farms operated by tractors can be used for other purposes than feeding of work stock.

Those who favor farmers continuing to use mule power on small farms argue that they must completely revolutionize their farming operations before they can make tractor farming profitable. They say that a large number of small farmers may be broke trying to continue growing only cotton and corn on their farms as has been the practice for years.

Both sides agree that if farmers work out plans whereby they utilize every acre on the farm every month of the year that it is possible to make tractor farming profitable even on farms of small acreages. They further state that another essential is producing a maximum amount of crops and livestock on each acre and then being able to market the products at profitable prices.

They reason that if high yields of corn are produced and that if it is used in growing livestock instead of being fed to work stock, it may be profitable to buy a tractor and gasoline instead of maintaining mules for furnishing the power on small farms.

There is no argument but that farmers, both large and small, throughout the state are going to purchase tractors and power equipment as fast as it becomes available. The only question in the minds of agricultural leaders is whether or not each farmer who buys the equipment will be able to plan a profitable farming program so that he may pay for the equipment and make a profit out of his farming operations. They generally agree that it is possible for it to be done, but that it is going to take a lot of planning on the part of each farmer. Otherwise, the operations may prove unprofitable.

They say that there are three possibilities of making power equipment work on small farms. One includes the production of small tractors and power equipment. Two is adjusting the size of the farms upward so that they will be large enough for power equipment, and three, farmers working out plans for doing custom work for neighbors.

Reports from over the state indicate that big farms have been and are being successfully mechanized, but that the small one or two-horse farms have not, and that there are big problems confronting the small producers.

The agricultural leaders say that the operators of big farms may be doing an extensive job with power equipment on their farms instead of effective production. In other words, they may be able to operate tractors because of the large number of acres that they are able to cover rather than increasing production on a small number of acres.

Many farmers report that after they have had their land turned with tractors for three or four years, the land becomes packed to the extent that it is difficult to turn the land with mules and mule-drawn equipment. Engineers say that this may be psychological, but farmers continue to persist that it is not.

The entire machinery and small farm operations continue to present a real problem throughout Alabama.

At the present time a committee, representing various agricultural agencies of the state, including the Extension Service, the Experiment Station, SCS, FSA, PMA, and the vocational agricultural departments, is studying the problem with a view of making specific recommendations on how to make tractor farming profitable on small farms throughout Alabama. Findings of the study will be made available as soon as they have sufficient information on this subject.

### AVOID SUMMER SLUMP IN MILK PRODUCTION

To keep cows from going into the usual summer milking slump, plan your feeding and management program now. "With the increased need for more milk on the market this year," C. E. Teague, API extension dairyman, says "we need to do everything possible to avoid this milk slump, or reduce it to a minimum."

He suggests the following will do much to prevent the slump:

- (1) Turn cows on temporary grazing crops for two or three hours each night and morning.
- (2) Mow permanent pastures to keep grass tender and palatable. It will pay to mow most pastures at least twice during the summer and fall months.
- (3) Feed good legume hay if pasture becomes short and temporary grazing crops are not available.
- (4) Increase grain feeding on short pasture.
- (5) Provide convenient shade for cows on pasture.
- (6) Be sure that plenty of clean, fresh water is available and convenient at all times.
- (7) For temporary summer and fall grazing Sudan grass may be sown during the months of May, June and July if other temporary grazing crops are not available. Sudan grass makes excellent temporary grazing.

### ASSEMBLY OF GOD NEWS

If you do not have a home church you have a special invitation to attend our Sunday School each Sunday, come and bring the family and I'm sure you will enjoy it. And don't forget to stay for church. The morning message is brought by the Pastor, Rev. Sandlin.

Sunday night, the C. A. class dedicated their services to our returned servicemen. Several talks were given on showing gratitude and thankfulness for our boys who were spared to return. I truly believe that the majority of our boys were sadly disappointed and let down at the welcome they received when they returned to their homes. It seems they are soon forgotten. Remember, we owe them everything, so let's try to repay them in the small way that we can; just show them that we are truly proud of them and they hold a place deep down in our hearts and that we are thankful for all the things they did for us. After all, everyone like a little praise, and our boys truly deserve it.

Sunday evening a very inspiring message was given by Rev. Deal, a returned serviceman, his topic being "The Forgotten Son of God." Everyone received a great blessing. Rev. Deal will be speaking each evening at 7:30 throughout this week and probably longer. Come out and hear this young man and we are sure you will enjoy it and get a great inspiration from his messages.

### BOOST EGG PROFITS BY REGULAR CULLING

Regular culling will help materially in conserving feed and in boosting egg profits, advises John Ivey, API extension poultryman.

"The present poultry feed situation makes it even more important than ever to cull laying flocks regularly," Mr. Ivey said. "Systematic culling eliminates the 'boarders' and low producers in the flock and makes the poultry enterprise more efficient and profitable."

Start orderly culling now and cull heavily and constantly, Ivey advises. Keep only hens and pullets which are good efficient layers.

"Sell any hens or pullets with yellow beaks and legs. Early molting birds are usually low producers and should be sold," he continues. "It's a good idea to market any hens that go broody and try to set."

"Unless the eggs are being saved for hatching, market the roosters," Mr. Ivey recommends. "Roosters eat a lot of feed and the laying flock will be much better off without them if the eggs are not produced for hatching."

### TEMPLE

If you do not attend Sunday school regularly we invite you to our Sunday school every Sunday. We need you and you need to be in Sunday School every Sunday.

We had a wonderful service Sunday. Our Pastor, Bro. Hickman, brought a message on "Water Baptism". If you missed that message you missed a blessing.

Sunday night, Sister Maloney gave a wonderful talk on India and their work there. She also showed many pictures on life in India. After seeing those pictures we were all made to realize we as Americans are blessed with food, shelter and clothing. Not only did we realize our material blessings but also our wonderful opportunity of Sunday School and church and our privilege of worshipping a true and living God.

After the pictures were shown, forty-five young people under 35 years of age consecrated their service to the work of God at home or wherever he may send them.

### Next Sunday

We are having a special service May 12th, Mother's Day. We are expecting a big crowd and also another wonderful day of worshipping God. We extend a special invitation to every Mother.

Sunday night we will have our C.A.U. at 7:00 o'clock. Bro. Hickman's class, the adults, will be studying in the book of Hosea. Sister Hickman's class, the young people, will be studying Luke's Gospel.

Sunday, May 26, will be Memorial Day at our church. We extend an invitation to one and all.

### TWO-THIRDS OF BIRTHS IN RURAL SECTIONS

Slightly more than two-thirds of all the births occurring in Alabama in 1944 occurred among the State's rural population, according to information received by the State Department of Health from the Bureau of the Census.

Of the 74,415 births reported from this State during that year, 50,216 occurred among white residents of rural communities, 6,356 among residents of places having populations of from 2,500 to 10,000 each, 3,843 among persons living in cities of from 10,000 to 25,000 population, 7,521 among residents of cities having more than 25,000 and not more than 100,000 populations, and 6,479 among residents of cities having populations in excess of 100,000 populations each.

Saving used kitchen fats remains on the must list if we are to meet our food obligations at home, and give a chance at life to starving millions abroad who are very much like us in all the fundamentals of life.

## Kathleen Norris Says:

## Stick to Your Bargain

Bell Syndicate—WNU Features

"Often my friends drift in in the late afternoon and stay for a cocktail and a cigarette."

By KATHLEEN NORRIS

SANDRA BAKER is now 20. Three years ago she married a man of 44. Harold was, and is, a great friend of her parents; he has loved Sandra since she was born.

"Harold is a doctor, who went into the service as a captain," says Sandra's tear-stained letter. "All during the war he was at home only for short intervals, and I lived with my own people. My little girl, Pamela, was born in my mother's house, and has always seemed more mother's baby than mine. I was very happy in those years, writing letters to my handsome captain, and quietly enjoying the freedom from school and the admiring comments of my old friends.

"Then Harold came home, and almost immediately I discovered that we are completely unsuited to each other. The difference is our ages—he is my father's contemporary and friend—is not the only trouble. Harold cares nothing for dancing, parties or good times. He never goes to movies. He hates the radio. He likes to play bridge or poker with his friends, neither of which I play.

"Don't think I haven't made a great effort to salvage my marriage. Harold wished us to have a home of our own, so we moved to his apartment downtown, where he lived with his first wife, who was my mother's cousin and who died some years ago. I try to keep house, cook, and manage my baby, but it is too much for me, and I leave Pamela much of the time with mother. Certainly special dishes I cook well, but to serve meals hot and on time, at the right moment, is more than I can do, especially if I have to look rested and attractive while doing it.

"Often my friends drift in in the late afternoon and stay for a cocktail and a cigarette. Harold objects to my having even one drink; I must not drink at all before I was married. But as a married woman it seems to me I have a right to make that decision myself. On several occasions he has been distinctly rude to the girls, who naturally ask me why I put up with it. Harold also accuses me of extravagance, even though he will not tell me how much money he makes or take me into his confidence as to our affairs.

"Worst of all," the letter concludes, "my father and mother are shocked beyond words at my idea of a divorce. They remind me, as indeed is true, that they begged me not to marry Harold, much as they like him, because I was so young, and that I insisted upon doing so. They treat me still as a child, and say 'don't mention such things. You're married and you're going to stay married. Do your duty and you'll be happy, and stop talking nonsense.'"

How to advise a wife like this one? Obviously, if she ever was going to get any sense into her little head, she never would have written this letter. Sandra, at 20, with a baby and a home and a husband, is still the adored spoiled child she was at 17, when she first got the intoxicating idea of marrying a handsome officer, escaping the last year of high school, and starting her girl-friends into amazement and envy.

Tied Down to Drudgery. Now the other girls are going through the normal years of danc-

"Dull housework and baby tending."

## A FORTUNATE POSITION

Three years ago it seemed so glorious to Sandra, and now it's almost unbearable! She was only 17 when she married a handsome doctor more than twice her age. For a while she enjoyed the luxuries his ample income provided, and the prestige his position lent her. He was an army officer, and was home only for short furloughs.

Then he came home to stay, and Sandra quickly found that he was unsuited to her. Her tastes were those of a young girl, his those of a middle-aged professional man. She wanted dances and parties, plenty of friends about, good times and gaiety. He was tired after his exacting duties and wanted to rest or to play a quiet game of cards with his friends.

The care of the baby and the house take most of Sandra's time. When she wants to go out for an evening's fun Harold objects. He won't take her out, and doesn't want her to go alone. He is often rude to her friends, who are all very young, and is angered if Sandra takes a drink. Now he is accusing her of being extravagant, but refuses to set up a budget for her, or tell her of his affairs.

ing, house parties, movies, love affairs, and Sandra is tied down to the dull drudgery of housework and baby tending. Her choice now is between antagonizing her parents, harming her child, breaking up her home, or going on into years that stretch before her like the years in jail.

If I could advise her at all it would be to grow up—to become a real woman. To learn to be a good cook and housewife—surely not too hard an undertaking. Thousands of women in her very city are managing on budgets, cooking delightful meals, keeping small homes comfortable and happy.

When she has accomplished this, then perhaps she might have a talk with Harold. After a few weeks of pleasantness at home he may be more amenable to reason. She might ask him to give her an evening a week, in which they will either accept some invitation that is tempting to Sandra, or go downtown just by themselves for dinner and a theatre afterward. She might persuade him to join the country club, always a good connection for a doctor to make.

But whatever she does, it should be as the middle-aged doctor's young wife: happy, busy, proud of his success, pleased with her own position. It is a pleasant and picturesque position, it will be her own fault if she does not develop its possibilities. Mothers and fathers have a way of objecting to 17-year-old marriages. There are reasons for this that little "Seventeen" can't see. Every girl in high school thrills to the idea of a sudden manliness that will leave her schoolmates gasping. But it isn't the normal order of things, and it has a way of turning out expensive and dull.

Hose Without Holes. To keep stockings and socks from wearing thin at the heels and toes, many women are reviving the old European practice of waxing them. Just rub a piece of candle wax or paraffin on the heels and toes of stockings before you wear them. Once the wax is applied, enough of it will last to make the stockings more durable for several washings and wearings. The wax doesn't show, and if you apply only a thin film, you cannot feel it.

TELEPHONES for FARMERS  
a Big Part of Our  
Expansion Activities

We're busily engaged in rural telephone service extension, which is a major objective of our current expansion activities.

Farm telephone service does more than provide the convenience of the telephone to people in rural areas. It places more and more farm residents in contact with people and businesses in town, and in turn puts these people in contact with the farm families... makes telephone service more valuable and beneficial to all.

OUR TRIP

One April morning, grand and bright,

We took a trip to see a sight.

Off to Moundville we were bound

Where ancient Mongol cults are found

First to the Monument and then inside

Then up Mound B and around for a ride.

We saw the bones of this ancient race.

As they were shown in case after case.

Next up to Tuscaloosa town.

And to the college we were bound

To see the exquisite stones That might have graced some ancient thrones.

There ores and serpents, wonders all.

Were found on display in Smith Hall.

Then happily back home we came

With all 'cept knowledge just the same.

Milk Mixture for Stomach Ulcers

A recent medical discovery now used by doctors and hospitals everywhere has proven unusually successful in the treatment of stomach ulcers caused from excess acid. It is a harmless preparation yet so effective, in many cases the pains of stomach ulcers disappear almost immediately. Also recommended for gas pains, indigestion, heartburn due to hyperacidity. Sufferers may now try this at home by obtaining a bottle of LURIN from their druggist. LURIN contains this new discovery in its purest form. Easy to take. Just mix two teaspoonfuls in a half glass of milk. Costa but. Write. Must satisfy or money refunded.

## LOAD FARM TRUCKS AND WAGONS SAFELY

Urging Alabama farmers to load their farm trucks and wagons safely, J. B. Wilson, API extension engineer, points out that overloading and improper loading of farm trucks and wagons cause injuries to farm workers and damage to the farm products that are being transported.

"A load of cattle or lumber fatally crushing the driver when the truck makes a sudden stop is a fairly common farm accident," says Mr. Wilson. "Many other injuries to farm workers and damage to farm products are caused by overloading and improper loading of farm vehicles."

The engineer recommends the use of strongly built truck bodies rather than makeshift bodies, particularly for trucks to be used in hauling farm livestock.

"Overloading is not only a danger point but it ruins the body, wears out tires and may cause the frame, a spring or axle to be bent or broken. Improper distribution of load has much the same effect."

## CONCERT AT CLANTON BAPTIST CHURCH

On Tuesday evening, April 30th, the Clanton Baptist Church was the scene of beauty and filled with an appreciative audience to hear the concert given by Mrs. Erle Ellis, Mrs. Carlisle Miller and Mrs. Milton White of Montgomery. Their performance merited the highest of praise for a musical work of art with a technique and finish acquired by long hours and years of concentrated effort — apart from the esthetic appeal of the music added to complete enjoyment.

The varied program was beautifully arranged and given as only an artist who loves and understands their music could give.

The largeness of the audience proved the fact that lists of individuals who find no cultural benefits derived from listening to fine music well performed grows smaller and smaller and there is definite cultural and entertainment need in our community.

The boys and girls who think they do not care for music are the boys and girls who should study music. Our schools and educational system have recognized that an appreciation and a little knowledge of the beautiful and tasteful in art is a vital part of a student's education, and has included music as an integral part of our educational system. After this thought is planted, the thought must depend upon public spirited groups to provide the stimulus that recitals and concerts can create.

We are all indebted to our musicians in Clanton who are ever ready to render their talent to us and our children.

The concert was sponsored by the Music Appreciation Club of which Mrs. W. H. Klinner is president. Mrs. Joe Mullins, Miss Bonnie Clyde Griffin were hostesses. Henry Grady Helin and Richard Reynolds were singers; Sue Ann Powers, Helen Hayes and Barbara Burnett gave out the programs.

Name designations of post-war Naval Reserve units have been changed, the Navy department announces. The "Ready Reserve" will henceforth be known as the "Organized Reserve," the "Standby Reserve" will be known as the "Volunteer Reserve" and the "Honorary Reserve" will be known as the "Honorary Retired List."

Organized Naval Reserve units in the Eighth Naval District will number 1,066 officers and 16,400 men.

## CHILTON MEN ENLIST IN NAVY

Officials in charge of recruiting in this area, with office at Post Office Building, Mr. C. Morgan, announced today that 6 men had been enlisted in the Navy through the Montgomery office during the month of April. Five of these are from Chilton County. Their names are: Alvin Ellison, Fred Roy Smithman, both of Route 5, Clanton; Francis G. Hicks, Route 1, Jemison; Charles Jackson Deramus, Route 1, Billingsley; and Harvey G. G. Kitchens, Navy Recruiter of this area, stated that regular trips would be made to Clanton each Monday for recruiting purposes. The office will be located in the local Draft Board from 11:30 a.m. to 2:30 p.m.

The Navy is now accepting certain ratings for re-enlistment who have been out of service more than 90 days. At the rating held at time of discharge. Mr. Kitchens also stated that the V-6 Naval Reserve inactive program is now under way and men may enlist in the V-6 Naval Reserve for inactive duty at the rating held at time of discharge regardless of time elapsed since date of discharge.

Any man interested in the U. S. Navy or the Naval Reserve (inactive), may contact the navy recruiter in Clanton any Monday for complete information, or see the navy recruiter in room 501, Post Office Building, Montgomery, any day of the week.

## MINNOW SEINES MAY BE USED IN VALLEY

The regulation governing commercial fishing in the Tennessee Valley reservoirs has been amended by Conservation Director Ben C. Morgan to permit the use of minnow seines for gathering fish bait only. The minnow seines must not exceed 10 feet in length and four feet in depth or width and may be used only to catch shad or fish taken for bait purposes. Other fish taken must be returned to the water. Minnow seines may be used in any of the waters of Guntersville, Pickwick, Wheeler and Wilson reservoirs.

Membership in the nearest "Organized" or "Volunteer" unit offers discharged navy men as well as interested civilians an opportunity to keep in touch with all of Navy's newest development.

## ALABAMA COAST FISHERMEN CITED TO MENHADEN FISHING

Certain of the non-director Ben Morgan, as specified in regulation A-34, include that portion of the Sound within the boundaries of Alabama and that part of Porterville Bay commonly known as "the lake."

Menhaden fishermen are restricted to the use of nets with a mesh size of not less than seven-eighths inch from knot to knot or one and one-half inches spread or stretch after the net has been tarred and shrunk. They may catch the menhaden only during the hours between daylight to dark. The reputation requires that all fish other than menhaden—with the exception of sharks—must be immediately returned to the water when caught. In the case of sharks being caught by the nets, the fishermen must kill them before returning these fish-killers to the water.

No time limit has been set for the catching season, the regulation providing that it shall remain open until such time as it may be prohibited in the future.

The menhaden is an "oily fish" about which little is generally known. It is reputedly a good fish for deepwater fishes but also has great commercial value in being processed for poultry feed and other purposes.

Local Veterans Administration and U. S. Employment Service Offices are available to navy veterans who may wish help with civilian problems.

Alabama farmers, through marketing assistance given them by county agents, sold nearly 10,000,000 bushels of corn for \$50,748.

Feed sacks and bags are being used by Alabama women in making many attractive clothes and household articles.

## Man Had Brick In His Stomach For 10 Years

One man recently stated that for 10 years he felt like he had a brick in his stomach. This feeling was due to the lump of undigested food he always had inside of him. He was weak, worn out, headachy, swollen with gas and terribly constipated. Recently he started taking INNER-AID and says the feeling like a brick in his stomach disappeared the second day. Bowels are regular now, gas and headaches are gone and he feels like a new man. INNER-AID contains 12 great Herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Sold by all drug stores here in Chilton County. — Ad.

## THE STUDY CLUB MET

The Study Club met on Friday, May 5th, with Mrs. N. S. Johnson as hostess. This marks the close of another year of splendid achievements.

Reading of the Club Collect opened a half hour business session, presided over by Mrs. Norman Roberts, President.

For the third consecutive year the club is proud of her 100 percent membership for cancer control.

Program directors were Mesdames T. C. McSwain and J. Watts Moore. Music and a book review furnished a delightful afternoon's entertainment. Mrs. Moore presented the guest artist.

During a social hour, Mrs. Moore presented a delightful piano selection. Monty Opus 42—Chopin; Valse Triest—Sibelius.

Miss Bonnie Clyde Griffin presented a delightful book review. She read "Gauguin" by James Street.

## All Day Singing AT WALNUT CREEK SUNDAY

The annual all-day's singing at Walnut Creek on 'Mother's Day' will be held there next Sunday. It has been announced that several good singers are expected to attend. There will be dinner spread at the noon hour. All singers, as well as everyone else, are cordially invited to attend this annual affair.

week. Miss Rabut, lawyer and welfare worker, is in the United States looking over the work of the State Department of Public Welfare and related agencies. Before coming to Alabama she had visited a number of other States, and had on several occasions looked in on sessions of juvenile courts. She expressed surprise at the stiff sentences meted out to husbands for beating their wives, and also at the manner in which the American husband pitches in and helps his wife with household chores and care of children.

In answer to a question, Miss Rabut expressed belief that fears of "Communist" are not justified. She said that the heavy vote the Communist ticket has polled

figures have not been tabulated and an accurate figure is not available. Chilton County boys and girls have done an excellent job in feeding, showing and selling their animals. No other county in the state should be able to show a greater net profit than our own Chilton County boys and girls. They have done a job that is a credit to Chilton County and to all of the club boys and girls we extend our most sincere congratulations.

Two million acres of farms in Florida produce cotton, tobacco, sugarcane, tung oil, grains, citrus fruits and vegetables valued at \$285,000,000 annually. Only 6 per cent of the land is cultivated in the state, leaving vast acreage to be developed and furnish additional national wealth. Increased post-war recreation activity will also contribute to the Nation's resources shared by investors in Savings Bonds.

### Soil Conservation Head Addresses Kiwanians

Mr. O. C. Medlock, Soil Conservationist for the State of Alabama, addressed the Clanton Kiwanis Club last Thursday at the high school after being invited here by Mr. R. L. High, Soil Conservation field representative in Chilton County.

Mr. Medlock expressed the need for better education to farmers in the preservation of soil—the basic natural resource. He cited what was being done in Alabama to prevent soil erosion and what was in the making for the future along this line.

Medlock, a formidable speaker, used maps to place emphasis to his talk. He showed maps of a South Carolina farm that was in a run down, washed away condition. Then he showed maps depicting the comparable deterioration after carrying out a soil conservation program — terracing, proper draining and proper crops and planting methods on that farm. The difference was noticeable.

The speaker was introduced by Mr. High and Mr. A. L. Harrell, Soil Conservationist for the North Central District, in which district Chilton County is in.

### TRUMAN LUKER GOES ON FURNITURE BUYING TRIP

Truman Luker of the Luker-Harrelson Furniture Company ("The Friendly Store") left this week on a furniture shopping tour. Mr. Truman is understood will cover Alabama, Georgia, Tennessee, North and South Carolina and Mississippi looking for more and better furniture for their Clanton store.

### SINGING AT JEMISON

There will be a singing at the Baptist Church here next Sunday night, beginning at 7 o'clock. We are expecting singers from all parts of the county to be with us, also some local quartets. The Henson, Stamp, Baxter and Stamp books will be used. If you enjoy singing be present. We hope to make this one of the best night singing ever held here.—C. C. Conway.

### JOHN L. CONWAY PASSES AT THORSBY RESIDENCE

John L. Conway, age 73, died at his residence on Thorby Route 1 on May 13th at 8:30 p.m. Funeral services were held Wednesday at Mulberry church at 3:30 p.m. conducted by Rev. R. W. Stuckey and Rev. Paul Oden. Interment was in the Mulberry cemetery.

He is survived by his wife, Mrs. Carrie Conway; six sons, J. D. of Maplesville Route 1, E. K. of Birmingham, Claud of Montgomery, Wilbur of Birmingham, Gordon of Thorby, and Jerome of Thorby; five daughters, Mrs. J. M. Bryant of Maplesville, Mrs. H. C. Payne of Muskogee, Okla., Mrs. J. W. Sexton of Clanton, Miss Velma Conway of Clanton, Miss Eva Conway of Clanton; three sisters Mrs. J. W. Hanna of Sylacauga, Mrs. Bill Robinson of Birmingham, Miss Cathie Conway of Thorby; 14 grandchildren.

Active pallbearers were: Robert Brant, Frances Bryant, Herman LeRoy, Malcolm LeRoy and Walter LeRoy.

Honorary pallbearers were: Arthur LeRoy, W. M. B. Williams, Thomas F. Lenoir, W. J. Cumming, Curtis LeRoy and Earnest LeRoy. Spigner Funeral Home were in charge.

William U. "Bill" Minor has been honorably discharged from the army. He served for 26 months, most of which was with the A.S.F. Regional Hospital at Ft. Benning, Ga.

## FOLSOM TO SPEAK HERE MONDAY NIGHT

### Other Speaking Dates Given For Cullman Candidate

James E. "Big Jim" Folsom, who polled 17,000 more votes than any other candidate for governor in the May 7th Primary, will speak at the courthouse in Clanton next Monday night, May 20th, at 8 o'clock. "Big Jim" will bring his string band to furnish hill-billy music.

Big Jim Folsom, candidate for Governor of Alabama, opens his campaign in his home town of Cullman, on Thursday, May 16th.

Cullman Countians say that more than 40,000 people will hear the colorful Big Jim Folsom and his Hill-Billy Band sound his opening gun for the run-off at the seventh Strawberry Festival, to be held in Cullman on May 16th.

The young country boy with his Hill-Billy Band, his corn shuck mop, went about the state promising the people to clean up the State Capitol when elected. He asked the people to furnish the suds and sand and he would use the mop on the old State House. The people listened, put the suds in the old bucket, went to the polls and gave Big Jim over 102,000 votes, a 17,000 vote lead over his nearest opponent. When contacted in Cullman on Saturday, Big Jim, who is taking a short rest said, "The people have spoken in one voice for house cleaning at Montgomery. When elected Governor, I shall stand by my thousands of friends and clean the old Capitol out from the basement to the top of the flag pole."

Big Jim does not pull any punches, and it is expected that he will make it hot for professional politicians when he takes to the road with his Hill-Billy Band on his final tour of the State. His speaking engagements for the first week are as follows:

Cullman — Thursday, May 16.  
Decatur — Friday, May 17, 10:00 a.m.  
Huntsville — Friday, May 17, 2:00 a.m.  
Athens — Friday, May 17, 4:00 p.m.  
Florence — Friday, May 17, 8:00 p.m.  
Russellville — Saturday, May 18, 10:00 a.m.  
Tuscaloosa — Saturday, May 18, 3:00 p.m.  
Clanton — Monday, May 20, 8:00 p.m.

## THEY GRAB AT A STRAW

Because "Big Jim" Folsom was the winner in last week's Democratic Primary, the token crowd of Mr. Handy Ellis are yelling their heads off about the CIO-PAC. Fully 99 percent of those making all the fuss don't know what they are talking about.

In the first place Mr. Folsom's strength did not come from the metropolitan areas where the CIO is strong. It came from the rural counties. He ran his best race in counties who knew or cared nothing about the CIO.

It is obvious that with so little to use against Mr. Folsom they will have to "grab at straws" to try to discredit him before the voters. So far the worst political writers have been able to say against him is that he has had no experience. This, in view of what education, welfare, pensions, etc., have received in the past from those with so-called experience, is a high compliment. And if for no other reason this should gain many votes for Mr. Folsom.

A common businessman instead of a seasoned professional politician should be left to the people of Alabama the chance to elect the man of their choice. We have suffered long enough under their reign. For as long as we can remember they have used education, pensions and public welfare as a political football — Gaining the office they seek by their promises and then forgetting about it.

Alabama is about to enter a new era. An era in which the common man has a voice in his State Government as well as the "Big Mules" and the political rings. June 4th is destined to be a great day in Alabama. Mr. Folsom is our only chance to return Alabama to the people.

## HAVE YOU LOST A BOND?

There would seem to be a surplus of money in the country, at least for some people.

The Treasury Department reports that \$23,000,000 in 1935 Series A Bonds have not been turned in for cash although interest on them stopped last year. The same is true about \$13,300,000 worth of Liberty Bonds bought during World War I.

You might as well check up on your holdings. Maybe —and it is maybe—you have an interest in the \$36,300,000. We hope so!

## EVERYBODY CAN GUESS

The people opposed to conscription or universal service in time of peace evidently believe that there will be no more war or that, if one comes, the nation will have a year or two in which to train fighting men.

They overlook, we think, the fact that the United States was helpless, from a military standpoint, in 1940 when the Germans were threatening to invade the British Isles. Had the Nazis taken the little islands they could have sent a couple armored divisions to this country and occupied the land of the free which would have been the grave of the brave.

The next war, according to other thinkers, will start with a bang. The bang being an atomic attack, delivered suddenly and without warning. Thereafter it will be up to the manpower left and if it isn't trained, you can imagine what will happen.

## FOLK & THINGS

### ABOUT TOWN

-By BEN

We got called on the carpet this week by the Probate Judge. Notwithstanding the fact that we had mentioned the fact dozens of times that we were going to publish the names of the Absentee Voters, the Judge didn't know that it was going to be published in the form of an "Extra" the Saturday before the election. We did try three times to let him know that an "Extra" was being printed. We did not think that it was fair or sporting to publish without giving all candidates an opportunity to get space in the edition. However, we never did get in contact with the Judge so to keep from taking unfair advantages we run a quarter page ad that had appeared in the regular edition on Thursday. The Judge didn't appreciate this and asked us to tell one and all that he had no knowledge of the edition and did not authorize the ad. We are guilty and apologize.

While we are on politics why do some people hurt themselves talking sides in politics when they need the aid of the winner whoever it might be. We are thinking mainly of education. Why does education endorse a candidate for governor when they take the chance of antagonizing the other candidates. No matter which man is elected, education needs their support. Seems to me a better course would be to court all candidates, let them know that education needs them, make each promise his full cooperation in case he is elected. In our opinion our school system has been injured much too long, and we would have a much better chance of improving it if politics were forgotten.

Politically it doesn't look like things cooled off before they started getting hot again.

A politician went from farm to farm drumming up votes. On one of the farms he found a young girl milking a cow. He began expounding the qualities that fitted him for the office he was seeking when the girl's mother stuck her head out of the kitchen door and called, "Mary, who is that fellow you are talking to?" Mary told her mother that he was a politician. "You come right into this house," commanded the mother. Then she added, "If that fellow is a politician you better bring the cow with you."

So much for politics and politicians. Let's forget them for a paragraph:

A man went to his tailor for a new sport coat. Like most persons the tailor was behind in his orders. He said, "I'll make you a new sport coat, but it won't be ready for thirty days." "Thirty days," exclaimed the customer, "Why the Lord created the entire world in six days." "That's true," said the tailor, "But have you taken a good look at it lately?"

When a man says he received a just decision he means that he won.

Well, be seeing you at the polls on June 4th.

## Milk Mixture for Stomach Ulcers

A recent medical discovery now used by doctors and hospitals everywhere has proven unusually successful in the treatment of stomach ulcers caused from excess acid. It is a harmless preparation yet so effective, in many cases the pains of stomach ulcers disappear almost immediately. Also recommended for gas, indigestion, heartburn, due to hyperacidity. Sufferers may now try this at home by obtaining a bottle of LURIN from their druggist. LURIN contains the new discovery in its formula in a half glass of milk. Costs but little. Must satisfy or money refunded.

LURIN for sale by Upchurch Drug Company.

## MORAL ECHOES

Rev. D. W. Haskew, D.D.

One beautiful Sabbath morning the pastor was on his way to his country church, and on coming to a bridge over a creek, he saw a ten year old boy sitting on the creek bank fishing. The preacher stopped his horse and said to the boy, "Sammie, I am ashamed of you. What would your daddy say if he were to see you fishing on the Sabbath?" The lad was embarrassed because of his pastor's question, but he promptly replied, "I hardly know reverent, but if you really want to know, you can find him just around the bend of the creek with his pole; you can ask him?" Often it is true that we think a boy is mighty bad, when he is only following the example of his daddy. He may be a bit bolder than his daddy, but that is no excuse for a bad example. Parents, do not forget the footsteps that will follow you.

The Bible is a lamp. A lamp is composed of a bowl, a wick, oil, a chimney and other things. You know very well that you cannot have a light from your lamp when it is torn to pieces. The lamp must be bound together and made into a whole to produce a light. You cannot produce a light from the Word of God, when you pick it to pieces. Bind that blessed Old Book together by faith and then it will become a light to your path. The reason why some people fail to find light in God's Word is because they pick it to pieces. You may not understand all there is to a lamp, but if it produces a light in the dark, that is the main thing that you need.

Some Pirates captured a vessel and rather than kill the Captain they took him to land and bowed him ashore. He carried with him the compass and when the pirate crew had gone out to sea, they found themselves on the deep without a captain and without a compass. It was dangerous travel to be on the sea without a captain, without a compass. When you decide that you can be master of your own destiny and take over your life from the Christ and then throw aside your Bible as

## ISABELLA

Bro. R. W. Stuckey preached a very inspiring sermon Sunday to a large congregation at Mulberry. We enjoyed having the nice crowd with us from Concord Sunday night.

The W.M.S. met at the church Wednesday afternoon in their general meeting. The regular business meeting was held and the program was taken from the Commission.

The play presented by the Senior III Class at Isabella was enjoyed by a large crowd last Wednesday night in the school auditorium.

Mr. Johnnie Conway remains very ill at his home. Gordon got home Tuesday from Germany. He came by plane most of the way.

Grandma Wooley is still improving. Lieut. and Mrs. Chalmers Jones of Parris Island, S. C., are here visiting their parents, Mr. and Mrs. E. S. Jones for a few days.

This community extends our sympathy to Mr. W. T. Tucker and family for the loss of his mother last week.

Mr. and Mrs. C. H. Oliver and family spent the week end here with her mother, Mrs. Emma Manning. Mrs. Oliver and Barbara will remain for a while.

Bro. R. W. Stuckey left here Monday

the compass of your way of life, you can be assured that you are facing dangerous travel. That is why some people curse, some break the Sabbath, some steal and others lie. They say that they do not need a Captain and a compass. Better beware, the time of danger is just ahead.

## OUTLOOK IMPROVED FOR HOME CANNING

Home canning will be as important this year as it was any summer during the war; and there should not be the struggle to make equipment ends meet this year, says Lavada Curtis, API extension food specialist. Here is the outlook for supplies:

Canners: Outlook is good for production of both pressure and water-bath canners.

Jars and Tops: Stocks on hand are greater than ever before.

Rubber Rings: No shortage expected. Quality should be better.

Tin: Supplies of tin for cans still scarce.

Sugar: Supplies still short. Spare ration stamp good for five pounds for home canning and can be used through October 31. Report says one additional stamp for home canning sugar will be issued this year, and the total sugar ration for home canning will not be more than 10 pounds per person.

## MEAT ANIMAL PRICES HIGHEST SINCE 1919

Advances in prices received by farmers for meat animals raised the index 6 points to 225 per cent of the 1909-14 average. The present index exceeded the high for recent years of 220 per cent recorded in March and April 1943, and was the highest since August 1919.

## ASSEMBLY OF GOD CHURCH

Our Sunday School still lacks improvement, although the Young People's Class was well attended. Remember YOU have an invitation to our Sunday School classes, young and old.

The pastor brought a beautiful Mother's Day message. Also a lovely song was given in honor of mother by Rev. and Mrs. Sandlin, Gertha Easterling and Jessie Ruthven. The message and song brought home to us just how much a mother really means to us. The world would be a terrible place in which to live if we had no praying mothers today.

Sunday night the C. A. Class dedicated their service to the mothers. Three beautiful songs were rendered "Sweetest Mother" by Rev. Sandlin, Gertha, Jo Ella and Jessie; "My Mother" by Rev. and Mrs. Sandlin; and "Faith of Our Mothers" by Rev. and Mrs. Sandlin and Jo Ella. Also a poem on Mother's Love was given by Jessie Ruthven.

The evening message was given by Rev. Deal, who is preaching at this church in a series of meetings. Rev. Deal is a young evangelist and a returned serviceman. Be sure and come out each evening at 7:30 and receive a blessing from his inspiring messages. Everyone is invited.

Remember Wednesday night is our regular singing night. A special invitation is issued to singers and listeners.

## GUERNSEY SALE AT KILBY JUNE 11

Director E. P. Russell of the Department of Corrections and Institutions announced today that annual sale of purebred Guernsey breeding stock from the State herd at Kilby Prison dairy will be held June 11 at 1 p.m. This sale attracts buyers each year from over the State, and has been an important means of boosting quality of Alabama herds, by making available purebred animals from the State's highly rated Guernsey herd. Sales are restricted to Alabama farmers. Offered for sale this year will be 24 bulls, ranging in age from 6 to 14 months; 13 heifers, age 7 to 12 months; and five bred heifers, age 18 months to 2 years. Col. Tom McCord will be auctioneer.

STATE OF ALABAMA,  
CHILTON COUNTY.

Before me, J. LEE SMITH, Judge of Probate, in and for said Chilton County, personally appeared Delene B. Wyatt, Bookkeeper of Commissioners Court of Chilton County, Alabama, and says on oath that the foregoing report is true and correct to the best of her knowledge.

DELENE B. WYATT.

Sworn to and subscribed before me this 13th day of May, 1946.

J. LEE SMITH, Judge of Probate.

"Our customers are mostly  
voices on the telephone"

To a lot of businesses, customers are better known by their voices than by their faces. They order by telephone—seldom come in person to buy.

Many merchants conduct their buying in the same way. The telephone is the funnel through which flows an endless stream of commercial transactions.

Businessmen have grown accustomed to continually rising standards of telephone performance. But with the Telephone Company—as with every business—the maintenance of that performance is directly related to the maintenance of earnings.

In 1945, telephone earnings were the lowest in more than two decades. In the current year, even lower earnings are in prospect. Wages have been increased, in keeping with the national trend, and the cost of everything else which goes into the furnishing of telephone service is steadily rising.

As every business man knows, adequate earnings are a primary requirement of American enterprise. Telephone earnings must be sufficient to provide the kind of service you expect and to attract new capital for continued expansion.

In a word, adequate earnings safeguard the full usefulness of the telephone in carrying on the affairs of the community.

## Dr. W. L. Parrish Extends Gratitude To Voters

Editor:

I take this method of extending my very profound gratitude to all my friends who so generously honored me by nominating me as your Probate Judge. Here especially I wish to pause to express my thanks to the good leader of the county and to the young voters who on this election cast their first ballot. To you as well as the older citizens I assure you a welcome to the courthouse when I am seated as your Probate Judge. I would not dare to forget to thank my Republican friends who supported me. Surely no candidate in any election had friends any more loyal than my friends have been in this election.

I have naught but the kindest of feelings toward Judge Smith and those who supported him. When I am seated as your Probate Judge I shall be the servant of all; put forth my best effort for faithful and efficient performance of the duties of the office, and I will continue to live in "the little house by the side of the road and be the friend of man."

Again, I thank you all.

Very sincerely,

W. L. PARRISH.

### CARD OF THANKS

We wish to express our appreciation to our neighbors and friends for their many deeds of kindness and thoughtfulness during the illness and death of our mother, Mrs. P. M. Moore. We greatly appreciate the expressions of love through the great floral offerings. We wish to thank Mr. Golden for his untiring patience and aid his efforts to comfort mother through her last days of home. We thank Mr. H. H. Hargers, the quartet who sang at the funeral and the preacher, Rev. Russell Oakes and Dr. S. J. Paul, who so beautifully preached the funeral. May God's riches blessingly abide with each one who in any way contributed to the comfort and memory of our mother, Mrs. Moore. Ruth and Johnny Mason, Dana and Catherine Moore, Frances and Thomas Hubert.

## J. C. Pattillo Grateful For Nomination

To the People of Chilton County:

May I take this method of expressing to you my sincere thanks for and appreciation of the handsome vote you gave me in the recent Democratic Primary Election?

It is indeed gratifying to feel that my tenure of office as Clerk of the Circuit Court, has been so overwhelmingly endorsed by the voters.

I also wish to express to my worthy opponent, Mr. Dennis, my sincere admiration of the attitude he has manifested in accepting the result of the election, the high plane upon which he conducted his campaign and his courteous congratulation to me personally as soon as the result was known.

Now that the tumult and the shouting have died and the controversial issues have been settled, I pray that we may all come together and work harmoniously for the progress and prosperity of our great County in every phase of human well being.

J. C. PATTILLO.

### TEMPLE CHURCH

You are invited to the Temple Church each Sunday and Friday night. We had a great service Sunday. Bro. Hickman brought us a message on "Mother." After the message we were made to realize what mother means to us. Mother's love and mother's prayers are two of the greatest influences in the world.

We had a nice crowd at our C. A. U. and Sunday night service. We had the opportunity of hearing the Bible taught. Why don't you take advantage of this opportunity. We also had a nice crowd on Friday night—twenty-six were present.

## VFW Launches Membership Drive

The Department of Alabama, Veterans of Foreign Wars, today launched the most intensive membership drive in the history of the Department to continue until the annual Department Encampment in Mobile June 9-11.

Department Commander Joe Denaburg said a minimum of 10,000 new members were being sought in the campaign which has been approved by the national V.F.W. organization.

All men who served this nation overseas during time of war, whether in actual combat or not, and who are still in uniform or honorably discharged are eligible for V.F.W. membership.

Special State Headquarters have been set up in Room 303 of the Redmont Hotel in Birmingham for the duration of the membership campaign and special field-men from both State and National Headquarters have been obtained to spearhead the drive, Commander Denaburg said.

In Chilton County, overseas veterans who wish to join the VFW are requested to see Mr. Rasberry at the

L. & N. Depot in Clanton, Mr. T. H. Walker or any VFW member.

## ALRED DRUG COMPANY UNDER NEW MANAGEMENT

Mr. M. A. Wright, who has recently purchased the Alred Drug Company in Clanton, and who is moving his drug business formerly operated at Thorsby to Clanton, feels that he should express his appreciation to the people of Thorsby and vicinity for their fine patronage and friendship in the past. Mr. Wright came to Thorsby November 10, 1927 and has enjoyed a good business and a wide friendship since that time, all of which he appreciates. He will be pleased to handle as much of their business in the future as they will send to him at Clanton, including the filling of prescriptions, etc.

Mr. Wright also wishes to assure the trade in Clanton and vicinity that the business here will be operated along the same lines as under the former management. The personnel will be the same with the addition of Dr. H. R. Funk, registered pharmacist; Dr. J. H. Alred will also be among the personnel. Mr. Wright will be pleased to make the acquaintance of new friends and customers at any and all times, assuring them of all the courtesy, that goes with first class drug store service.

ONLY BY HIGHWAY

... You Meet the  
Real America

There's just one way to know and enjoy the magnificent country in which you live. That's to see it close-up, within hand-clasp of its friendly, interesting people. And that way is the highway. Which is by way of saying "by Greyhound" — for Greyhound serves nearly all the famous highways and highroads of this amazing America.

Along the highways — by Greyhound — you'll see the colorful and cordial side of America... the uplands and lowlands, the massive mountain ranges and sparkling shore lines. And you'll meet the kindly, individualistic folks from every section of our nation. And so Greyhound invites you to meet the real America, where it lives and works and plays... along the Highway.

How women and girls  
may get wanted relief  
from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like aches and nervous strain of functional periodic distress. Here's how it may help:

1 Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "knee" to come.

2 Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardui. If it helps, you'll find you did.

Thanks From  
Howard Roper

My Dear Friends:  
I have tried ever since election day to find words suitable to express to you my gratitude for your friendship and support. Words do not express it right. So, permit me to say that I wish you could look into my heart and then you would understand.  
I have spent my life here among you. Most of it has been hard work. First, I worked for what education I have. Then, I wanted, more than anything else, your confidence and friendship. There was only one way to have them and that was to be worthy of them. This I have done by doing my best to live an honest, clean, sober life. May God in His wisdom, help me to always strive to be worthy of the many things you have done for me, and may His blessings always abide with you and yours.  
Yours sincerely,  
HOWARD ROOPER.

I. A. Dennis Thanks  
The Voters

To the Voters of Chilton County:  
I want to thank you who saw fit to vote for me from the depth of my heart, and no ill will towards any one who saw fit to go the other way. Thanks a lot to everybody.  
Sincerely yours,  
I. A. DENNIS.

Cooked A Fine Dinner;  
Then Threw It To Dog

One lady recently stated that she used to throw her own dinner to the dog most of the time. It made her sick just to look at anything to eat. She was swollen with gas, full of bloot, had headaches, felt worn out and was badly constipated. Finally she got INNER-AID and says she now eats everything in sight and digests it perfectly. Bowels are regular and normal. She is enjoying life once more and lerts like "some other woman" since taking this New Compound.  
INNER - AID contains 12 Great Herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Sold by all drug stores here in Chilton County.

Our dealers join us in making this frank report to  
**THE FARMERS OF AMERICA**

INTERNATIONAL Harvester is getting back into production with all possible speed. Extra shifts are being employed wherever conditions permit, to try to overcome the production losses of the recent strike. Everything is being done to get parts and machines to you.

While we and our dealers would like to tell you that this means an immediate end to the shortage of service parts and machines, it is more accurate to say that it means the beginning of the end of it. If illness or bad weather delays you seriously in the Spring, you know how much it throws you off your schedule. The strike has thrown our schedules off balance, too. These are many "chances" we must do before new machines reach you.

Material shortages

The preliminary chores of getting our plants back in to shape for full production are finished. But disturbances in other industries and resulting material shortages may affect our plans. Light gauge steel sheets, brass and copper, fractional horse power motors, and many other items are all very short. The coal situation may also prove serious—we hope not.

Refilling the well

Both our dealers and our branches have run dry on parts and new machines. So the biggest chore is to get their working stocks back to normal. It will take time to fill the pipeline to dealers—just as it takes time for you to refill a well or cistern after it has run dry.  
Stock and display rooms of our dealers represent not one, but ten thousand reservoirs which must be refilled. The most heroic pro-

duction efforts will mean that your local dealer can expect only a small number of parts and machines at a time. Since we must play fair with all our customers, there will be a sprinkle of parts and machines all over the country—not a downpour in any one section.

You will be glad to know that all repair parts production schedules are far beyond normal.

No hoarding

You may be sure that every machine will be shipped to dealers as soon as completed. We do not and will not hold machines off the market. At the start of the strike we had on hand at all our factories and branches just 837 tractors of all kinds—less than two days' production—and 405 of these were not completed. Many of those on hand had one or more important parts missing—principally radiator cores. Most of the rest represented the normal daily "float" between the end of the assembly line and the shipping platform. Naturally no tractors were made during the strike.

What dealers may have for you

We can report to you that our current production on TRACTORS is good and we are shipping at a normal rate. Even so, there will not be enough to go around. The situation on PLOWS

and DISK HARROWS is reasonably good. On COMBINES, MOWERS, HAY RAKES, CORN PICKERS and many other items, our schedules have been seriously disrupted. We must in fairness say that many of our customers are likely to be disappointed on delivery of these machines. On MILKING MACHINES, STATIONARY ENGINES, and some other small units we are hopeful of making practically normal delivery.

No cutting corners  
on quality

There is one thing you can be absolutely certain about: We will NOT cut corners on quality in order to increase production in this emergency. For years we have said: "QUALITY IS THE FOUNDATION OF OUR BUSINESS." Today we say it—and mean it—as much as ever.

We know you need new machines—and need them badly. But we believe it will pay you to wait just a little while longer if you cannot get all you want immediately. By waiting you can be sure your new equipment will have the quality so rightly associated with INTERNATIONAL HARVESTER for so many years.

LONG before the wars were drawing to an end, we reached the conclusion that there would be a big post-war demand for electric service, both from old and new customers. So that we could extend this service as promptly as possible, we requested, and were finally granted by appropriate governmental authority, permission to cut poles from our forest lands for new rural lines. We placed large orders for copper and aluminum wire, pole line hardware, transformers of all sizes, cars and trucks for construction forces, substation equipment and numerous other items necessary for the extension of electric service.

The wars ended. Then came the strikes. Some have been settled, others are still in progress, and some new ones have started. Their ill effects build up and the ground lost is never fully recovered. Consequently, deliveries of electrical line equipment and materials are a mere trickle compared to the needs. The shortage is nationwide—even world-wide in some items.

Hundreds of different items enter into the manufacture of necessary materials and equipment for electric lines, and the lack of any one essential item can delay completion of a construction project for months.

If you are an applicant for electric service—residential, industrial or commercial—we want you to know that we are just as eager to complete the facilities to serve you as you are to have the service. We are leaving no stone unturned to get this service to you as soon as possible in spite of existing shortages and delays over which we have no control.

## COUNTY PEACH ASSO. READY FOR BIG YIELD

### Modern Machinery Installed To Care For Bumper Crop

The most modern machinery that money can buy and thousands of feet of floor space has been added to make Chilton County's Peach shed ready for a huge crop expected this year.

On a trip through the shed Tuesday where feverish preparations were underway showed us that nothing had been spared to take care of the large harvest this year. The overall size of the shed now is 249 feet by 48 feet, giving a floor space of over 11,000 square feet.

John Deramus stated that more than 55 employees would be needed and 400 bushels of peaches could be graded per hour on the new grading machine. In a 12-hour day that would make a total output of 4,800 bushels or 12 carloads. The peach growing industry is fast growing into the largest in the county and Mr. Roper and Mr. Deramus have prepared to take care of the grower and get his merchandise to market in such a way as to bring the highest market prices.

### Program For CCHS Graduation

The Chilton County High School today announced the graduation program for the close of this year's work. Some delightful entertainments marking the close of the year have already been given, namely the Glee Clubs program, Senior Two play and the Band concert. Friday evening, May 24th, at eight o'clock, in the gymnasium the Senior III Class will present their class day exercises.

Sunday evening, May 26th, the baccalaureate services will be held at the Baptist Church at eight o'clock the Reverend A. T. Hickman will preach the sermon.

Wednesday evening, May 29th, at eight o'clock, the graduation exercises will take place in the gymnasium of the high school. Dr. Houston Cole, president of Jacksonville State Teachers College, will deliver the address of the evening.

Some five or six students completed the requirements for the summer school diploma in the summer school last year, and several boys who have been in the armed services of the United States have met the standards set up for graduation, along with this year's class will mean that seventy diplomas will be issued this year. This is probably the largest class ever to graduate from the local high school.

The public is cordially invited to attend all these exercises.

## VFW To Have Guest Speaker Monday Night

The next regular meeting of the Veterans of Foreign Wars will be held at the City Hall, Clanton, Ala., on Monday night, May 27th, at 7:30. This is the meeting designated as membership meeting. Every veteran in Chilton County who has had overseas service is requested to come to this meeting, bringing with him his discharge and join this post.

Horton Walker Post Commander of the Chilton County Post 3193 announces that a representative from National Headquarters will be present and explain the recent legislation that is before Congress and the possibilities of this great organization. Every member is urged to be present at this meeting rain or shine and hear what is going on in the organization. We want every man in the organization to be there. Bring an eligible veteran and have him sign up.

The Auxiliary will meet at the City Hall at the same time. If you are his wife, mother, sister or daughter over 16 years of age, you are eligible, and you are invited to come with your overseas husband and join the Auxiliary and take a part in the great work of this ladies organization in doing and "honoring the dead by helping the living." Don't forget the date and place.

### THORSBY INSTITUTE PRESENTS SR. PLAY AND CLASS NIGHT

On Friday evening, May 24th, at 7:45, the Seniors of Thorby Institute will present their play, "Sally Sallies Forth." This is one of those "talk of the town" comedies that will make any audience surrender to happy hysterics. So put on your most comfortable laughing clothes and meet charming little Sally Sallies who sets out for a big eastern city to get a job as a reporter on a newspaper.

The characters in the play are as follows: Sally Sallies—Eloise Piper; Horace Kellogg—Roland Funk; Dusty Denham—O. D. Walker; Etta Gamble—Loretta Petersen; Adelle Christy—Norma Jean Kuykendall; Karen Bellair—Sara Helen Dales; Andrew Fisher—Earl Brown; Florence Halverson—Myragnie Collins; Martin Milford—Bryan Johnson; Mrs. Frathingham—Mary Evelyn Vines.

Class Night will be held on this same evening. These exercises consist of: Class History, Mary Virginia Bice; Class Prophecy, Roland Funk; Class Poem, Dionne Rayburn; Class Will, Ann Collins; and Class Gifts, Myragnie Collins.

The admission will be 20 and 35 cents.

### "Big Jim" Folsom Addresses Large Gathering Here Monday

By CLARK HEADLEY

J. E. "Big Jim" Folsom, towering candidate for governor, spoke at the courthouse in Clanton last Monday night before the largest crowd ever assembled here to hear a governor candidate's address.

The Oulman candidate, who polled 16,000 more votes than Ellis in the May 7th Primary, is campaigning in the same manner as he did before the first election. He has not added any plans to his political platform, still uses his string band and still promises to return the state to the people, "where it belongs."

Mr. Folsom, who has no campaign headquarters nor campaign managers, has promised to sweep the state capital out with his corn-shuck broom he carries—if the people furnish the shucks, which they are doing. To do this he carries "Big Jim's" followers drop their knives, dimes and quarters to help him foot his campaign.

"Big Jim" refuses to indulge in mud-slinging with the Handy Ellis gang. Ellis, who is backed by the Dixon Sparks office-holders and political crabs in Montgomery and Birmingham, recently accused Folsom of being backed by labor. To this Folsom replies, "Sure I received a lot of votes in the territories where there are labor unions. And I appreciate every individual vote I received." He affirmed that he is not obligated to any particular group or faction anywhere. The candidate said he was obligated only to "you and you and you and you—the people of Alabama."

And when he gets into the governor's chair in Montgomery, "Big Jim" says that "Big Jim" will be the governor. His only obligations will be to "you and you and you and you—the people of Alabama."

He took time out to thank the voters of Chilton County for the splendid vote given him in the May 7th Primary—the vote he said that caused such a crash in the political rings in Montgomery. He said that before the first primary "Big Jim" was nothing more than a good country boy. Since now he is a "Big Jim" "Big Jim" was a big bad "boogie."

The hundreds who listened to Folsom Monday night thoroughly enjoyed his speech and his deliverance in an understandable manner. They showed their approval by the applause. And they showed it again by dropping their pennies, nickels and dimes into the shuck bucket. In fact, there was some resentment because the bucket didn't come close enough for them to contribute to the campaign.

An hour before the speaking the court room began filling. By 7:30 the room was filled and people spilled into the street. Automobiles parked three deep on the streets surrounding the courthouse. Loudspeakers carried the candidate's voice to those who could not get into the court room. Women carrying babies, men with walking canes, old men, the young, farmers and business men alike, they all came to hear "Big Jim" Folsom, the people's choice—the next governor of Alabama.

## FEEDER BEEF PROGRAM ENDS WITH BANQUET

### 110 Club Members, Guest Speakers Attend Event

The Feeder Program for 1945 was climaxed Friday night with a banquet in keeping with the best ever done with beef cattle in the county.

The Banquet was sponsored by the Clanton Kiwanis Club and with the splendid cooperation and assistance of the business men and merchants of Clanton. The banquet was an unprecedented affair in Chilton County Beef Club work.

Approximately 110 club members and business men who made this affair possible attended the banquet. Guests and speakers for the evening were: Mr. Luther Fuller, T.C.I. Agricultural Agent; Mr. J. L. Lawson, Assistant Director, Extension Service; Mr. W. H. Gregory, Livestock Specialist; and Mr. G. C. Passmore, Aberdeen-Angus breeder of Prattville.

Few words were wasted after everyone was seated before the banquet was well under way. Everyone looked at the place setting questionably when it was observed that no knives were included, however, things worked out very well as the meat could easily be cut with a fork.

After the meal was finished the club boys and girls were introduced by the adult guest with whom they were seated. The guest speakers were introduced by Mr. Glascock, who presided.

Mr. Fuller's talk was certainly entertaining as well as complimentary to the boys and girls of the feeder beef club. According to Mr. Fuller, who was responsible for the Birmingham Stock Show and Rodeo, Chilton County boys and girls have set the pace in feeder beef work for all of Alabama to follow.

No other county in the State has done a better job of feeding club calves than Chilton County, and no other group of boys and girls have been given more support and encouragement by the people of the county than the club boys and girls of Chilton County.

The business men and merchants made this fine banquet possible in recognition of the good work Chilton County boys and girls did with their beef projects. To express this event as being a token of recognition was inadequate.

To the Clanton Kiwanis Club and the businessmen and merchants who made the banquet possible, we of the County Agent's Office and members of the Beef Club wish to express our thanks for the nicest 4-H banquet ever attended.

## LEGION PASSES RESOLUTION TO BENEFIT GI JOE

### Post Out To Secure Lost Furlough Time For Enlisted Men

May 4, 1946.

INASMUCH AS in the past and present the law has stipulated that enlisted men and women of the Army and Navy of the United States have been entitled to thirty days leave each year, when they may be spared from their military duty, and in many cases the situation has been such that they could not be spared, and thus have not received this furlough, and

INASMUCH AS this situation has created a grave sense of injustice among the men, especially as officers in a like case receive accumulated leave at the end of their service in Terminal Leave, and

INASMUCH AS at the present time it is felt that the need of armed men for the Service is extreme if we are to preserve the peace that has been bought at so great a price, and we believe that the doing away with this injustice will assist the recruiting campaign,

THEREFORE BE IT RESOLVED that the CHILTON COUNTY POST NO. 6 OF THE AMERICAN LEGION, with 280 members, in meeting assembled do earnestly request our Senators and Representatives in Congress to use their utmost endeavors to see that some bill granting TERMINAL FURLOUGHS be passed by the present Session of Congress, and

BE IT FURTHER RESOLVED that a copy of this Resolution be sent to each of the Senators and Representatives of Alabama in Washington, and that copies be given to the Press.

W. L. SMITH, Post Comdr.  
J. HANCE ALRED, Post Adjut.

## Food Collection In Clanton

## Summer School AT CCHS To Begin June Third

Plans have been completed for a Summer School at the Chilton County High School. The school will open June 3rd, and will continue for ten weeks, closing August 10. The following subjects will be offered: English for the Senior 1, 2 and 3 years, History, first year Algebra, Plane Geometry, Junior Three Arithmetic, Social Problems and Junior Three Civics. Other subjects will be offered if there is a sufficient demand for them.

The fees are \$12.50 per subject, or unit of work and two units may be taken in the Summer School.

### TO NEWS SUBSCRIBERS IN WESTERN PART OF COUNTY:

The News has had numerous complaints about the News not getting out on the routes in Maplesville, Stanton, Plantersville, Randolph and Billingsley in the last few weeks. The News has made every effort to see that the papers get there on time. They are placed in the post office in Clanton on Wednesday afternoon. Why they should get on the routes in Maplesville on Saturdays is beyond us. But, we assure the subscribers in the affected territories that we are doing everything in our power to get the News to you on the date it is supposed to get there on Thursday. We appreciate your letting us know it was not there on time. We'll keep trying. Thanks —The Ed.

## A DIRTY SHAME

When children are reared with so little respect for the property of others or the property of the public as has been shown towards the large plane at the Chilton County High School then we can only blame the parents.

It is certainly a disgrace the way the plane has been "wrecked" since being delivered here. Not content with "stealing" (and it is stealing to take something that does not belong to you) parts from the plane, the guilty parties are tearing holes in the plane just for the fun of wrecking it.

The parents of Chilton County should make it their business to talk to their children and try and correct this misuse of public property. In later years it might lead to greater sorrow for us all.

## CONGRESSMEN OR ERRAND BOYS?

The gradually increasing power of the Federal Government has been accompanied by legislation of an ever-widening scope, so that Senators and Representatives find themselves unable to give sufficient study to many bills that are presented for consideration.

In addition to the far-reaching legislation that comes before them, Congressmen have also been called upon to act as errand-boys for the constituents. With the widening of Federal laws to include many fields not embraced in the earlier functions of Congress, the residents of electoral districts find it necessary, more and more, to appeal to their Congressmen for assistance.

The result is that Congressmen, kept busy for many months attending sessions, do not have sufficient time to keep up with the ramifications of legislation and the far-flung activities of Government. Regardless of intelligence and energy, the day of the members of Congress contains no more than twenty-four hours and it is a practical impossibility for Congressmen to closely study every piece of legislation that is submitted.

The executive department of the Government, in the person of the President, has the duty of recommending legislation to the Congress. Just as the scope of congressional duties has been broadened in the present century, so have the obligations of the Chief Executive under the Constitution. The President must recommend legislation on more and more subjects in order to serve the interests of the people of the nation.

The executive department, however, has available the services of many experts employed in the bureaus, commissions and divisions of executive authority. Consequently, when the President makes a recommendation to Congress, he has a mass of expert testimony ready for the committee hearings. This tends to permit the President to secure favorable action upon his recommendations.

The Congress of the United States was intended to be the champion of the rights of the people of the country. In attempting to represent all sections, it is necessary to have the broad viewpoint that comes from conflicting interests, but if congressional committees, engaged upon hearings on a proposed measure, are to receive a well-rounded viewpoint, there is an urgent necessity for some plan to permit the development and mobilization of facts and circumstances.

Recognizing the excessive demands that are made upon the time of Congressmen, the suggestion has been made that each member of Congress be given an executive assistant, to be paid about the same amount as the Congressman, in order to attract efficient help. The assistant, presumably, would carry out some of the "errand-boy" jobs that constituents expect Congressmen to attend to and thus free the legislator for more careful study and consideration of pending matters. There is considerable merit to the idea but Congressmen, somewhat gunshy of public reaction, hesitate to provide the assistance that they obviously need.

Another suggestion, intended to encourage independence of thought and voting, is that the members of Congress be given a pension. The idea has been advanced that every Congressman, upon his defeat, be allowed to draw full salary for life. While this might sound extravagant, at first thought, statistics reveal that the amount involved is a small item when compared to the total expenses of Government.

The third suggestion for the improvement of congressional performance is that Congress provide itself with a staff of thoroughly trained investigators, able to make independent inquiries into proposed legislation and advise Congress on the probable effect of any proposal. For one thing, such a staff would provide a balance to the similar group of experts available to the President. Moreover, it would enable Congress to keep tab on governmental machinery, check up on the performance of officials and, generally, secure enforcement of statutes along the line of congressional intent.

In connection with the establishment of a group of independent experts, it would seem to be feasible to take advantage of the experience and knowledge of members who suffer defeat at the polls. The proposed pension-for-life for Congressmen would not be an unearned income if the defeated Congressmen were assigned to specific work for the benefit of Congressmen-in-office.

Our good friend Clyde Mims left us this week. He has moved around on Sixth Street. Clyde opened his grocery the same year we came to Clanton and we have been next door neighbors ever since. There has been nothing but the best of friendship between the two of us even though you would think in that many years one or the other of us could have thought of something to fight about. Clyde's size might have had something to do with it. But anyway, we hated to see him leave, and we will assure anyone who might be in the adjoining building—Clyde is a good neighbor.

Parker Taylor is back in town. He is an old-timer and has many friends here. Rumor has it that he will probably go into business. Parker at one time had several business connections in Clanton and we are glad to see him rejoin our "family circle."

Another old-timer who is back is Bill Minor. Bill is just out of service and will probably rejoin the Yellow Front Store. If not here then in some other locality. You know he was manager of the local store when his rich uncle needed his services and called him. The Mrs. Bill and little Bill have been here all along and we hope that the big Bill can make connections here and stay among us.

Looked like somebody besides "Big Jim" turned on the steam at the courthouse Monday night. John Derramus tells us that the radiators were so hot that you couldn't get near them. We couldn't even get near the courthouse. Talking to "Big Jim" later he said that from now on he is going to start talking in the ball parks where everybody will be more comfortable—and if any steam is turned on he will do it.

We never did believe in going to publishing all the news. Of course this does not come under the head of news but if we didn't publish it the party who wrote it and was afraid to sign his (or her) name to it would think that we were also afraid to let it be read. We never get more pleasure out of printing anything as we do a throw-off on ourself. Thus we will have to pass this on to you:

TO BEN TUCKER:

"Ben why don't you go have a new picture maid to go in the news for we are tired of looking at the one you have been putting in them."

"for you had it maid when you was 17 and you are about 45 now."

"you are no good looking something anyway So what do you keep putting your picture in the paper?"

"If you want to put a good looking picture in the news I just get one of Clark Headley and put it in there you will have a movie star then."

"But don't tell him what I had to say about him for he might take the Big head."

"I'll be looking for your new picture: Soon"

A weekly subscriber, (RED).

Editor's Note: As soon as we can save enough money we will surely go down and get a picture made. Never let it be said that we would neglect our public.

A tough drill sergeant ordered every man in the squad to hold his leg straight out in front of him. By mistake, one rookie held up his right leg, which brought it out to his neighbor's leg. "Okay," shouted the harboiled sergeant, who's the wise guy holding up both legs."

## CARD OF THANKS

We wish to express our thanks and appreciation to our friends and neighbors for their many deeds and words of kindness during the illness and death of our beloved husband and father, Mr. John L. Conway. We greatly appreciate the expressions of love and sympathy through the great floral offering.

May God's richest blessings abide with each one who in any way contributed to the comfort and memory of our husband and father.—Mrs. John L. Conway and Family.

Prospects for an exceptionally high demand for farm products throughout the year were borne out by events during the first quarter of 1946. Farm income will be higher than was anticipated last fall and cash receipts will be about as high as last year, says John L. Liles, Jr., extension economist.

## Milk Mixture for Stomach Ulcers

A recent medical discovery now used by doctors and hospitals everywhere has proven unusually successful in the treatment of stomach ulcers caused from excess acid. It is a harmless preparation yet so effective, in many cases the pains of stomach ulcers disappear almost immediately. Also recommended for gas, pain, indigestion, heartburn due to hyperacidity. Sufferers may now try this at home by obtaining a bottle of LURIN from their druggist. LURIN contains this new discovery in its purest form. Easy to take. Just mix two teaspoons in a half glass of milk. Costs but little. Must satisfy or money refunded.

## LET'S HAVE A CLEAN-UP

SAYS J. H. JACKSON

Editor of The News:

Please allow me space in your paper for a few words. Well, "Big Jim" Folsom, our next Governor, has fired the political woods and I hope it destroys everything that is crooked like a serpent. Watch her burn, friend.

Yours for a clean-up,

## ELLIS NOT A LOYAL DEMOCRAT, SAYS

S. A. HARRELL

Editor Chilton County News, Clanton, Alabama.

Dear Sir:

Please give me space for a few words in your paper. I would like to call the good citizens of Chilton County and Shelby County to attention to the kind of administration we will have if Handy Ellis is elected Governor.

Such men as Mayor Jones of Calera, Ala., will fill his key job. It's reported that he, Mayor Jones, last Saturday, May 18th, ordered Mr. Folsom not to stop in town. From the excitement he caused and the crime he committed against the public the insult he handed to one of Alabama's best citizens and a loyal Democrat

above reproach, proved to me that Handy Ellis has promised protection to his gang of any crime they want to commit against public and citizen. don't think the good people of Chilton and Shelby Counties will be guilty of voting for Ellis after learning of the attitude he and his gang has towards good citizens of the State. Big Jim Folsom is a loyal Democrat. The good Book says, "What has been will be," so Big Jim will continue to be a loyal Democrat; so Handy Ellis is not a loyal Democrat. He bolted his party and never will be a loyal Democrat, so says the good Book. A loyal Democrat won't vote for him; they didn't vote for Tom Heflin and they won't vote for Handy Ellis after learning he is not a loyal Democrat.

Yours truly,

S. A. HARRELL, Jemison, Ala.

# To Applicants For ELECTRIC SERVICE

There is no shortage of electricity here but—

THERE is no shortage of electric generating capacity on Alabama Power Company system. We have ample reserves to supply every present and potential need for electric service in the territory in which we operate. But—

Equipment and materials necessary to get to you the electricity which can be generated are being delivered to us in a mere trickle, even though they were ordered in large quantities in 1945. Other orders have been placed and are being placed. Lack of just one essential item, such as a transformer or regulator, will hold up for months the completion of service facilities for a new customer or for one who is expanding his use of electric power.

We are striving to have deliveries of materials and equipment speeded up. Sufficient quantities for an orderly and speedy construction program were ordered as much as a year ago but work stoppages in the steel, electrical and automobile industries, and in copper, iron and coal mines brought production to a standstill. Some of these stoppages are still in effect. Even if all mines and factories were to resume production today, it would still be months before materials and equipment necessary to extend electric service would be received in sufficient quantities to satisfy all the requests for new and additional electric service.

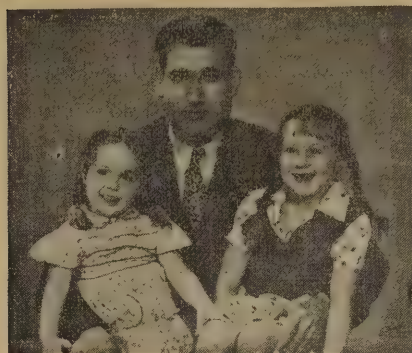

If you are an applicant for electric service—residential, industrial or commercial—we want you to know that we are just as eager to complete the facilities to serve you as you are to have the service. We are leaving no stone unturned to get this service to you as soon as possible under existing shortages and delays over which we have no control.

(Jim has been a widower since 1944)

For ten years — except when he was away during the war — Jim Folsom has worked and lived among us.

He is an honest, hard-working leader. We know the fight he has made for—

## PROGRESSIVE, HONEST GOVERNMENT

We know that he believes sincerely that the working man, the veteran, the school teacher, the small business man and the farmer—

## SHOULD BE REPRESENTED IN OUR GOVERNMENT

The false rumors and smears being put out by the professional politicians are not true.

## BIG JIM FOLSOM

Gave him 5,239 votes in the first primary!

The nearest candidate to him got 953 votes.

In the run-off Jim Folsom's vote in Cullman County will be even more overwhelming!

That will be our answer to the false rumors and the smear campaign!

## BIG JIM FOLSOM WAS RAISED IN OUR COUNTY

We citizens of Elba and Coffee County know Big Jim Folsom. He was born and raised among us. We knew him as a young boy, and later as a man.

We saw the fight he made to get an education. We have supported him in his fights for better government, and a government that would be interested in the welfare of all the people.

Our faith in Jim Folsom is shown by the fact that 3,192 men and women in this county voted for him in the first primary. The candidate who ran second got 702 votes. On June 4, Big Jim's majority is going to be even more overwhelming in Coffee County.

We think it is a shame for the opposition crowd to be putting out all the rumors and slander on Jim. We are even more determined that he will win this election, and BEAT THE PROFESSIONAL POLITICIANS WHO ARE SPENDING MONEY LIKE WATER TRYING TO BEAT JIM FOLSOM, WHO HAS CONDUCTED A FAIR AND HONEST CAMPAIGN!

We know that good people all over Alabama will join us in this campaign.

A good rule in harvesting grain with the combine is to allow it to dry sufficiently to "snap" when bitten between the front teeth. If grain is harvested too green or too wet and stored, heating and spoilage occur.

A great deal of interest seems to be going to the ball team around here lately. The "boys" met about two weeks ago and organized a ball team.

The main thing that seemed to stand in the way was equipment and balls, but luck seems to have been with us last week when we found most of the things we needed.

The next thing that stands in the way is getting games with other teams. After getting started late in the season we realize it is going to be quite a problem.

### MRS. HUGH JONES ENTERTAINS OUR LADY'S GUILD

Mrs. Hugh Jones entertained the members of Our Lady's Guild and the Catholic ladies of the county at a seated tea on Thursday. Fifteen were present.

The tea was a charming courtesy, honoring three brides from overseas. Mrs. George Burns from England, Mrs. Grady Wilson, from Ireland, and Mrs. Leo Miskelley from Canada.

As each bride and her native land was toasted and welcomed to the church and America, a rare crucifix and Madallion of the Immaculate Conception was presented.

Spring flowers in pastel shades made effective decorations throughout the home. The tea was centered with tall white spears of delphinium and white bridal daisies. White candles burned in silver holders. Tea was poured by Miss Vera Psonak and Miss Mary Courtney Jones, Lt. (Jg.) U. S. N. R., who also assisted the hostess in serving.

During the afternoon, a book review, The Green Years, by Dr. Cronin, was read. The review was one given by Rt. Rev. John Cartwright, for the Critic's forum, at The Mayflower Hotel, in Washington, and the guests and members considered it very fortunate to have the review at this time.

Circle No. 4 of the Methodist W. S. C.S. met at the home of Mrs. Barton Mullins on May 13th with seven members present. A program "Builders for Peace" which was arranged by Miss Ada Bennett was enjoyed by all. Business was attended to, following was a social hour.

### Cincinnati Man Felt Like Swollen Balloon; Full Of Stomach Gas

Recently, a Cincinnati man, stated that he used to feel like a swollen balloon after every meal. He would bloat full of gas and spit up acidulous fluids for hours after eating. Was terribly constipated. This man is one of the hundreds in this vicinity who now praise INNER-AID. He states he was amazed at the results when he took this medicine. Now he eats what he wants without gas or bloating, and bowels are regular for the first time in years. He feels like a new man. INNER-AID contains 12 Great Herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Sold by all drug stores here in Chilton County.—Adv.

### PROGRAM AT ALA. MILLS SCHOOL

## ISABELLA

Sunday school was very well attended Sunday at Mulberry.

Grandma Woolley is still improving slowly.

The Sr. I Class of Isabella High school enjoyed an outing on Coosa River last Friday evening.

This community extends its sympathy to the Conway family in the loss of their father and husband, Mr. Johnnie L. Conway on May 13th.

Mr. and Mrs. J. H. Camp and family and Mr. and Mrs. Joe James Wells of Montgomery spent Saturday night and Sunday with Mr. and Mrs. J. H. Wells.

Mr. and Mrs. Casey Cummings are the proud parents of a baby boy. They have named him David Ben. Mother and baby are doing nicely in the Central Alabama Hospital in Clanton.

Mrs. C. H. Oliver and Barbara and Mrs. D. O. Manning spent the week end in Titus, Ala with Mrs. C. T. Farmer.

Mr. and Mrs. O. F. Davenport Jr. and Linda of Montgomery spent Saturday night with his parents Mr. and Mrs. O. F. Davenport Sr.

Mrs. R. L. Yielding spent the week end in Haleyville, Ala with her father.

Plans are being developed to install complete processing and marketing facilities for poultry and poultry products in Montgomery. This will enable farmers in that area to capture a multi-million dollar business now going to other states.

### "Swing Fever" Play At Jemison High

The Senior class will present "Swing Fever" in the Jemison High School auditorium May 23 and 24th at eight o'clock.

This comedy presents a picture of American family life and what a family! The fun begins when Alexander Norris, 17, contrives secretly to attend a ball given by Penny Palmer, movie actress. He wears his father's dress suit and his little sister's Lone Ranger mask because he wants to keep his identity concealed from his older brother and sister who will be there, and creates quite a sensation at the Masked Marvel.

Royce Chandler, as Alex, brings laughs with his complicated family affairs.

Anne Crowe, as Polly Becker, shares all Alex's schemes although he remains indifferent to her obvious adoration.

Carl Glass, as Dean Jonathan Norris, finds it almost impossible to explain a long chain of circumstantial evidence naming him the Masked Marvel.

Ila Mae Gore, as Tootsie, the family brat, steals the show with her knowledge of family "secrets" and Lone Ranger impersonations.

Robert Carden, as Grandpa Fuller, adds a generous touch of humor and provides much fun for the audience.

Other characters are: Gubnell Moody, Pearl Thrash, Billy Oakes, Hanson Leach, Douglas Smith, Audrey Gothard, Betty Jean Gore, Avoline Conway and Marie Parker.

### CARD OF THANKS

We wish to express our sincere thanks and appreciation for all the kindness shown during the sickness and death of our dear wife and mother, Mrs. Victoria Staggs. Especially do we thank Dr. Golden and the Alabama Mills people. May God bless each of you in our prayer. — C. M. Staggs and Family.

Some things which may be done for greater safety around the home are: Survey home and farm for accident hazards; clean up litter and recognized hazards; light all work areas and treacherous corners with lanterns or electric lights; repair broken steps and floors; provide suitable step ladders; label all medicines and poisons and keep them out of reach of children and livestock.

Only 50 percent of the people of the United States can swim at all, and only 10 percent swim well, according to figures today from Frank McGurk, Red Cross State Relations Officer. Lack of knowledge of water technique is a big factor in the 7,000 deaths from drowning in the nation every year, he pointed out. "The American Red Cross life saving service was organized a little over a quarter of a century ago," McGurk said. "In that period, the drowning rate has been cut 50 percent. The Red Cross offers courses in swimming and life saving for all age groups. See your local chapter about enrolling."

## CCHS Band Scores Success

The Chilton County High School Band, organized and directed by J. Franklin Burton, scored a tremendous success Friday evening, May 10th, at 8 o'clock, when they presented their Fifth Annual Concert at the Methodist Church.

The band has made definite progress since Mr. Burton came to Clanton five years ago and organized the band. In this concert many different kinds of music was performed and the members of the band showed that they were capable of performing any kind. Selections from concerts and operas, beside the best numbers of many composers were performed with precise accuracy.

The band was assisted by four competent guest soloists. These soloists assisted the band in rendering some of the best instrumental and vocal music.

The program consisted of the following numbers:

The Stars and Stripes Forever—March—J. P. Sousa.

Orphus in the Underwelt—Overture—Jacques Offenbach.

Gaiety Polka—(Cornet Solo)—performed by John Hayman—Harry Hartley.

La Chiquita—Stephen Mieser. Students Concerto, Allegro Movement—Frederic Seitz, Violin Solo, performed by Mrs. Carlisle Miller with Mrs. Eric Ellis at the piano.

The Glow-Worm—Paul Lincke.

Merriment Polka—(Duet for Clarinets)—George Barnard, performed by Ann Turner and Annette Reynolds.

Parade of the Wooden Soldiers—Characteristic—Leon Jessel.

Poet and Peasant, Overture—F. von Suppe.

Lüstrum—(Trombone Solo)—Franz Lirt, performed by Lamar DeLoach with Mrs. Reed Thompson at the piano.

April Morn, Valse Joyeuse—James Fulton.

Ave Maria—(Violin and Vocal Solo)—Bach-Gounod, performed by Mrs. Carlisle Miller, Mrs. Eric Ellis and Mrs. Reed Thompson at the piano.

My Grandfather's Clock, Descriptive—Arthur Amisden.

Through the Years—(Vocal Solo)—Heyman-Youmans, performed by Mrs. Eric Ellis.

A Song of India—Rimsky-Korsakow.

Washington Post March—J. P. Sousa.

Ushers were: Edna Lane Johnson, Jessie Ruthven, Sabra Lou Owens and Betty Marcus.

PMA COMMITTEES MUST APPROVE FARM BUILDING

Under the veterans' housing program, any farm dwelling costing \$400 or more, or any other farm building costing \$1,000 or more, must be approved by the county and state PMA committees before the materials can be obtained, states W. B. Crawley, chairman of the state committee.

An application, containing all necessary data in regard to the materials needed, the total cost, and the necessity for the building, must be filed with the county PMA committee. The state committee has the final approval of all farm constructions up to \$10,000 for a single family dwelling; \$17,000 for a double family dwelling; and \$50,000 for barns or other farm construction.

Each year nearly one-third of the farm accident victims in this country are killed or injured in motor vehicle accidents. The driveway is a serious hazard on many farms and it is important to make it as safe as possible.

Chilton County FFA Visits Alabama Experiment Station

(By Thomas Mims)

Members of the Vocational Agriculture classes at the Chilton County High School went to Auburn to make a tour of the Alabama Experiment Station on Friday, May 10.

We went to Auburn by Wetumpka and Tallahassee and stopped at Natusula to see the post treating vat located at the Macon County High School.

Mr. Alsbrook, teacher of vocational agriculture at Natusula, who is in charge of the vat, explained to us the operating procedures, costs, advantages, etc., of the vat.

From Natusula we went to Auburn. Prof. Grimes, head of the Animal Husbandry Department, showed us some of the work being carried on by his department. We were shown some very interesting things about beef cattle production and how to plan a year-round pasture, which is very important in beef management. It was interesting to see how worthless land can be made very useful.

At 11:00 o'clock Prof. Ware, head of the Horticulture Department, met us. Prof. Ware had a very interesting program planned. He is doing research work with the sweetpotato and has developed several new foods, which we thought were very good. He served us several candies, breakfast cereals, and also a malted milk shake, all made from sweetpotatoes.

Dr. Sturkey, representing the Agronomy and Soils Department, met us at 1 o'clock. We were shown many experimental plots of alfalfa and told what it takes to grow alfalfa successfully in Alabama. Alfalfa is recognized as the best hay crop grown in the south.

Another interesting part of the tour was the farm fish ponds, which was explained to us by Mr. Prather of the Wildlife Conservation Service.

The Alabama Experiment Station works to help the farmers of Alabama. They raise different crops and animals to learn new and better ways of farming.

We came back to Clanton by the way of Montgomery.

The trip to Auburn was very educational. All the boys learned new and different ways of farming which we did not know before we took the trip.

CONSUMERS URGED USE CANNED GOODS ON HAND

One way that Alabama families can help now in the fight against famine is to take inventory of pantry shelves and cupboards, and bring out food supplies that may have been pushed aside or forgotten, particularly canned and preserved foods, and packaged grain products.

If families will use up foods on hand before buying new supplies, they will be helping this country respond to the desperate appeals for food overseas, points out Lavada Curtis, API extension food specialist.

"Buying less of the grain products—cereals, flour, crackers—is an obvious step toward using 40 per cent less of these foods. Home stocks of fruits and vegetables—canned, frozen or dried—can be used to avoid buying, thus helping to lighten transportation loads and leave more foods on the market."

Governor Chauncey Sparks will attend the National Governors Conference at Oklahoma City the latter part of this month.

## ANNUAL SINGING AT CORINTH GOOD

The annual singing at Corinth proved a great success, even though the morning services were delayed because of the sudden death of one Mr. White of Miami, Fla. who was present together with his wife to enjoy the singing. Mr. Leroy Martin was immediately called who took care of the body and the Chairman, Mr. Alphaeus Jones called the services to order and sang for the opening number, "Farther Along," which was very much in keeping with the sad occasion.

After singing a few songs, the pastor, Rev. M. Lockhart, brought a brief message just prior to the noon hour. It was expected that a guest speaker would be present and bring the message but for more than one reason he could not attend.

A bountiful dinner was spread which was enjoyed by a large group of people. After more than an hour of shaking hands and fine fellowship, the singing was resumed, and one of the best singings in the history of the church was enjoyed.

Directors for the day were as follows: P. C. Garrett, I. D. Huet, Ardis Jones, Raymond Jones, C. M. Billingsley, Debert Norris, Red Cannon, L. T. Grant, Porter Stalnaker, O. L. Devaughn, Marion W. Easterling, A. B. Stanley, Jack Jones, Mrs. P. C. Garrett, F. I. Popwell, S. L. Baker, Cassie Owens, Edward Jones, L. D. Hughes, Rev. M. Lockhart, Philip Headley, J. E. Easterling, A. O. Boswell and Barney Culp.

The Community Four of Prattville and Sylacauga Jr. quartets sang several numbers which was very much enjoyed.

The pianoists were: Clarence Billingsley, Miss Ruth Boswell, Lawrence Howard and Edward Jones. There must have been more than a dozen good pianoist present of which we certainly appreciate.

We wish to speak a word of gratitude to Mr. Marion W. Easterling, Mr. T. E. Wyatt, Mr. P. C. Garrett and Mr. Edward Jones for the splendid supply of books furnished.

—The Committee.

## BOLL WEEVIL NUMBERS THREATEN COTTON CROP

The boll weevil situation appears to be serious this year, say entomologists of the U. S. Department of Agriculture. If spring and early summer weather is normal, the weevil may cause serious cotton losses.

Examinations of surface trash for hibernating weevils in the vicinity of last season's cotton fields are made each winter and spring by the entomologists. Experience has proven that the number of live weevils found in surface trash examinations closely indicate the amount of weevil injury to cotton which is likely to result during the summer. The surveys, recently completed, indicate that heavy weevil populations will enter the cotton fields this spring.

The cotton farmer has one ray of hope, the entomologists say. Hot, dry weather during June may result in comparatively light weevil damage even though the initial weevil infestation is heavy. But with the present numbers of live weevils moving toward the cotton fields, unusually heavy damage may be expected if June weather is cool and wet.

## Letter To Voters From Ira S. Crowe

It is with the same profound respect to all that I make this statement, or rather pay this tribute of respect. As I tried to pay each of you when I was canvassing the county in my behalf for nomination of Sheriff in the past primary, which I did not get, however, it is honestly and sincerely my desire that each and every one of you know that I do appreciate the fact that nearly two thousand people of the county voted for me and I'm sure many good people of the county who do not vote also exerted their influence for in their conversation and from the depth of my heart I thank you.

I conducted my campaign on as clean and honorable a plan as I could and am particularly glad to note that my successful opponent could speak of me as his worthy opponent, so to him and his supporters I have the utmost respect and am anxious to say that in the face of my defeat I am still for a majority of the people ruling or nominating our County, State and National officials.

I feel confident that a great deal of good was accomplished in the recent primary and should more than four thousand voters be interested in the General Election of our County this fall as well as all future elections of our County I'm also confident that our elections in the future will be held and determined at our voting precincts in preference to a courthouse party.

I hope each of you are as interested in the June run-off or second primary for those State officers as I am myself, if so, then let's all keep voting the honest convictions of our mind and heart and I think we will reap a just reward for same.

I made the statement during my campaign that I hoped there would be no political scars left to mar the friendship of any two persons from my campaign, and am still hoping there is none. Speaking for myself, truthfully, there is not.

Again thanking all my supporters, and wishing all nominees the best of success in the future, I am,

Respectfully,  
IRA S. CROWE.

## Will A. Gullede Thanks Voters

Verbena, Ala., May 18, 1946  
To the Citizens of Chilton County:  
It is with a deep sense of appreciation that I thank you for the magnanimous way you worked for me and your votes on May 7th, and I shall try to conduct myself in such a way that you will not regret it. To those who voted for my opponent, I hold no ill will because I feel sure you voted according to the dictates of your conscience. As your Senator, I shall serve all alike regardless of one's social, business or political affiliations. I want you to feel free to call on me when you have problems, in which I as your Senator should be interested.

Gratefully yours,  
WILL A. GULLEDGE.

# Vote "NO" to CIO Rule in Alabama

CIO—the labor union that has so long fought all legislation for the benefit of farmers of America—has officially endorsed Jim Folsom for Governor of Alabama.

**Sidney Hillman, Chairman of the CIO-PAC**  
**Announced from N. Y., Monday, May 13th:**  
**"We Will Elect Folsom Governor"**

Stop and think what outside domination by the CIO would mean to Alabama and to you.

CIO is the labor union that is now seeking to revive the F.E.P.C.—the agency that has stirred up so much racial discord in the South.

CIO is the union that has openly declared its purpose to purge all Southern Senators and Congressmen opposed to its aims.

CIO is the union that made farmers pay to bring their perishable produce into New York in their own farm trucks.

CIO is the union that wants the color line abolished in our ballot boxes.

CIO is the union that is fighting all other unions for complete control of Alabama's industries and businesses and Alabama's government.

## Jemison FFA Has Balanced Program

Robert Carden, a Senior Vocational Agriculture student in Jemison High School is carrying on a very good supervised practice program. This year he has seven productive projects including one-half acre cucumbers for market, one acre tomatoes, one acre market corn, one acre sweet potatoes, one-half acre pole beans, three acres field corn and a purebred Duroc Jersey brood sow. He has already sold 10 pigs this year grossing \$110. He also has a purebred gilt he is keeping for another brood sow.

In addition to the above projects Robert has completed two improvement projects and twelve supplementary agricultural practices. He is an excellent shop student having completed 30 shop jobs since enrolling in Vocational Agriculture last Fall.

Robert is a leader in everything he participates in. He ranks near the top in all of his school work. He has served as Vice President and President of Jemison Chapter FFA, and won first place in the Chapter Speaking Contest last January.

He states that his work in Vocational Agriculture has meant much to him and if he doesn't go to college next Fall, he will stay on the farm and continue the good work he has started.

### OAK HILL

There will be an all-day singing at Oak Hill on June 9th. All books will be recognized and as much courtesy as possible shown. Dinner will be served at the noon hour. Oak Hill is located 2½ miles northeast of Jemison.—E. L. Glasscock, Chairman.

## Grammar School Students Tell Of Nice Trip To Moundville

### OUR TRIP TO MOUNDVILLE

Our class went to Moundville to see the mounds and museum. We had five cars and six or seven people rode in each car. We left school at eight o'clock and got back about five o'clock. In the museum we saw two pits. In the pits there were skeletons of Mongolian people. They buried food and water with the people when they died. The reason for this was because when a person died he would go to another land.

There are forty mounds in all. The largest is Mound B. It is 58½ feet high and covers almost two acres. There are two kinds of mounds, but only one kind is found in Moundville. The name of it is Domiciliary. It is flat on top. The other kind is called Effigy. It is not found in Moundville, but is found in other parts of the state.

We came back by Tuscaloosa. We stopped and went through Smith Hall. On the first and second floors we saw mostly rocks. On the third floor we saw mounted animal heads and stuffed snakes. There were a lot more interesting things. We also saw the home of Dr. Gorgas—Batty Comer.

### A TRIP

For Easter our class went on a trip to Moundville. Five parents took us. Our purpose in going was to see the mound and monument.

In reality the people were Mongolians, but are so called Indian mounds. State Monument is owned by the Alabama Museum of Natural History, University, Alabama. It was being developed by the Civilian Conservation Corps before the late war.

When we first got there we went to the monument. Inside were very interesting things. This monument was built over Mongolian graves. The bones have not been moved. These people lived over a thousand years ago. There are cases in which are some of the things they used such as fish hooks, beads, shell cups, pottery, pipes, ornaments and other things. There is a north pit and south pit in the wings. This is where the Mongolian skeletons are.

The Mongolians were of medium stature. Flattened heads were stylish. Head-flattening was caused by the mother strapping the young baby's head to a wooden cradle. This effect remained through life. Leather and fabrics were fashioned into clothes. In cold weather robes were made of feathers and worn over the other clothes. The people, both men and women, were fond of ornaments. They wore ear plugs, beads and pendants of bone, bands of copper, bracelets and all kinds of jewelry. Their houses were made of logs and poles.

From reeds and canes they wove the house walls. Thatched roofs were made of swamp grass. A hole was left in the center for the smoke to go out. There was a small door. Their food consisted of game, fish, maize, squash, beans and pumpkins. The Mongolians were skilled in making pottery. Games and contests were very popular. Tobacco smoking was practiced as a ceremony. Pipes were elaborately carved. The people were buried with their most prized possessions. They had pots of food and water beside them because they thought they were going to another land.

We ate lunch after we went through the Museum. There is a picnic ground near there. We climbed a mound near a small lake and we were there. Beside this lake were benches and tables. There was plenty to eat and we enjoyed it.

We came back and went to Mound B. It is 58½ feet high. The people worshipped on these mounds. There are 40 mounds on this 300-acre site. The tons and tons of clay and sand were brought to form these structures.

We came back by Tuscaloosa to see the Museum at Smith Hall. Here were rock formations, a man collection and other things.

This trip was very interesting and we all enjoyed it and hope to go on another one.—Alice Deramus.

### OUR TRIP

On Friday before Easter

Day

Our class decided to go

away.

So on that bright and

early morn

Each car let go its

welcomed horn.

Then off we trooped and

took our seats

While in our hands we had

our cats.

To Moundville we were on

our way

To view remains of an

ancient day.

In those pits there lay

the dead.

And in the case their

lives we read.

When we had read their

story rare,

We were really glad we

had been there.

And glad, too, that our State

saw fit

To carefully preserve

each pit.

Then later on we saw

Smith Hall

With all those treasures

'round the wall.

### A. A. U. W.

On Thursday afternoon, May 23, at 4:00 p.m., Mrs. Mary H. Fowler, Superintendent of the State Training School for girls, will speak to the Clanton County Branch of the American Association of University Women on the subject, "Your State Training School for Girls," in the Home Economics Building at the high school.

Mrs. Fowler is endeavoring to acquaint the people of the State with their institution for the care and treatment of juvenile delinquents. She has been Director of the Alabama State Training School for Girls for 15 years. Previously, she was Educational Director at a similar institution for girls in New Jersey where she was trained. She is past President of the National Association of Training Schools, past Chairman of the Conference of Women Superintendents, held annually in New York, and a member of the last White House Conference, called by President in 1940. She was one of the two members appointed from Alabama.

The A. A. U. W. is very pleased at the prospect of having Mrs. Fowler on Thursday afternoon.

Wash your brooms occasionally for best results, shake out water and hang with handle down.

I hope and trust some other day

We'll take another trip that way.

## 430 Veterans Unemployed In Chilton County

Four hundred and thirty veterans of Chilton County are drawing unemployment compensations in the County, according to a report from the State Department of Industrial Relations and the local unemployment office. During April these unemployed veterans received \$30,913 in compensations.

The veterans are paid from funds voted by congress under the "GI Bill of Rights." This bill provides that veterans may draw unemployment compensations of \$20.00 per week for a period of fifty-two weeks, provided they served 90 days or over in the armed forces.

The number of non-veterans receiving unemployment compensations was 291, receiving \$16,290.

In the State during April 36,190 veterans received \$2,888,000 while 27,951 non-veterans were paid \$1,497,000. According to the report, the number of veterans being aided is increasing while payments to non-veterans is decreasing.

## FOOD COLLECTION IN CLANTON TODAY

Food for relief of the starving overseas will be picked up in Clanton today, according to Mrs. N. S. Johnson, local chairman of the Emergency Food Collection committee. Mrs. Johnson advises everyone who has foods to contribute to this humanitarian cause to leave the food on their porch, where it will be picked up. Only canned foods can be contributed.

## Better Test Coosa County Bridges Before Crossing

The advise of Herman Leeroy and E. C. Williamson is: examine Coosa County bridges before crossing, especially if loaded. E. C. and Herman started to cross the Socopocoy creek near Rockford last Monday with 2,000 feet of lumber on a truck. The bridge cracked and the truck fell some twenty-five feet into the creek. Herman, who just recently returned from a hospital, received broken ribs while Williamson got his back bumped up. They are feeling their way hereafter.

## INTRODUCING YOUR NEXT GOVERNOR

J. E. (Big Jim) FOLSOM

## WHAT MR. FOLSOM SAYS HE WILL DO:

Regardless of all the charges that have been thrown at Big Jim Folsom about his promises, here are the things he says he will do for Alabama after he is elected governor.

### AIM AN OBJECT

As Governor of Alabama it will be my ambition to better the lot of every man, woman and child in this State. I will be Governor of all the people. Our State has unsurpassed resources. They need development in the interest of all. I want to be instrumental in making it possible for our people to live a happy, joyous, contented life for the four years following my inauguration.

### THE FARMER

A large majority of our population is rural. We must raise the earning power and the spending power of the Alabama farmer.

Our Extension Service, Farm and Home Demonstration Agencies, Farm Bureau and Co-Operative Associations are of affirmative, immediate and lasting benefit to our rural life.

Better living conditions for the farmer is imperative. To schools, health and roads, we must add and expand electrification and telephones. I favored rural electrification in 1936 and I advocate light and power for every rural home in Alabama.

I favor paved home-to-market roads. Our trunk highways are in good condition, but it must not be for a man to live on a trunk highway in order to live on a paved road in Alabama. Rural homes must be served by paved highways and electric power that will provide running water, lights, sanitation and the conveniences enjoyed by people who live in town. Life in the country must be made increasingly attractive and profitable.

### THE VETERAN

The veteran wants only treatment as an average citizen. That I propose to do as follows: As Governor of all the people I will need the help and cooperation of every veteran.

I favor taking full advantage of all legislation enacted by Congress respecting a Federal Housing Program. I will press for legislation that will not only show Alabama's willingness to co-operate, but will insure that we get our fair share from Washington. This is the immediate need of the new family veteran.

### LABOR

The labor laws of Alabama should be administered by a department of labor under supervision of the Governor. This department should be headed by a man respected in the ranks of labor for his sound judgment and his sympathy with the problems of the worker.

The present allowance to injured workmen under the Workman's Compensation Act is wholly inadequate. The allowance must be increased.

It will be my purpose to promote interest, understanding and co-operation between management and labor.

### EDUCATION

Education is the foundation of our civilization. I favor free school books through Grammar School. I favor increased, adequate salaries for school teachers, more and better school facilities, and a program that will make our educational system the equal of any in the country.

Alabama's greatest asset is not its forests, stream, or mines. It is her human minds. These must be trained and developed to the limit of our resources.

### REVENUE

The sales tax token should be abolished. The burden of

(continued to page 5)

## Twenty Students Graduate At Verbena High

Twenty students were graduated from the Verbena High School Wednesday night of this week. Cohen E. Stapp of Clanton delivered the graduation address. Commencement exercises were held at the high school last Sunday. Rev. J. B. Nichols of Prattville delivered the commencement address.

Those graduating were: Wilton Dennis (valedictorian), Calvin Jones, Billy Frank Spear, Kenneth Weldon, William Green, Hubert Patterson, Ruth Turner, Katie Nelson, Catherine Nelson, Lucille Boyd, Ida Mae Wilkins, Elsie Myrtle Yeargan, Myrtle Baker, Maxine Devaughn Gray, Dean Robinson, J. W. Sharp, Lula Mae Platt, Joyce Maude Owens, Doris Burdette and Calvin Wilkins.

## Receives Award At Judson

MRS. BEVERLY HESTER HAGEN

Mrs. Beverly Hester Hagen (above) — a Judson College graduate and member of the music faculty — was the recipient of the Algonquin Sydney Sullivan Award at the 108th Commencement exercises of the Institution Monday.

The presentation is made annual in recognition of outstanding service. She is from Clanton.

### IT'S A BOY

Mr. and Mrs. Henry C. Mims are the proud parents of an 8½-pound boy. They have named the youngster Tommy Ray. Mother and baby are at the Central Alabama Hospital; both are doing nicely.

## LAMAR TEEL IN GERMANY

Second Lieutenant Wilford Lamar Teel, son of Mr. and Mrs. Jesse Teel, 1610 Ann St., Montgomery, Ala., has recently been assigned as Assistant statistical officer to Headquarters, 5th Air Communications Service in Wiesbaden, Germany.

Lieut. Teel entered the Army in June, 1943, and arrived in the ETC in November, 1945. He is a graduate of the Chilton County High School.

The Sixth monthly business meeting of the WSCS will be held on Monday, June 3, at 3:00 p.m. in the Ladies' Parlor of the Methodist church. All ladies are urged to attend.

## Telephones To Be Installed In Rural Sections Of County

(By CLARK HEADLEY)

Rural telephones in Chilton County will soon be a reality rather than a post-war dream. The days of party line conversations will soon be here. The Southern Bell Telephone and Telegraph Company is progressing nicely with preliminary activities in the construction of telephone lines in Chilton County within the Clanton exchange service area.

A survey is now being conducted throughout the county by Messrs. L. G. Gentry, B. J. Leverett and Ollie Prichard. Rural Telephone Development representatives in this county. They are taking applications for telephone service and securing rights-of-way for lines to serve the many applicants.

According to C. A. Van Hone, District Manager, 250 applicants have been taken and a total of 450 is expected by the time the work is completed. When the work is completed more

## C.C.H.S. Graduates Sixty-Two Seniors

Sixty-two Seniors were graduated from the Chilton County High School last Wednesday night. Dr. Houston Cole delivered the graduation address.

Those graduating were: Merle Armstrong, Betty Baker, Doris Baker, Doris Barnes, Thamar Bean, Pearl Carter, Bette Caster, Joan Christensen, Faye Coggins, Inez Cox, Lorene Cox, Edwin Culp, Bertie Wyl Easterling, Phoebe Edwards, Loree Escobe, Betty Jo Foshee, Estelle Foshee, James Gentry, James Griffin, Marietta Hamilton, Myrtice Mims Hamilton, Melvin Headley, Curtis Hill, John Bailey Hodges, James Hoss, Alene Johnson, Edna Lane Johnson, Mae Johnson, Bette Jones, Fanny Jones, Marion Jones, Thomas Kennedy, Glennie Krox, Robert Lane, Emma Frank McRae, Sara Nell May, Emma May, Mable May, Mildred Mitchell, Myrtle Mitchell, Thomas Patterson, Vernon Patterson, James Reid, Wilton Rhodes, Lyndon Robinson, Mary Louise Robinson, June Rockett, Virginia Scott, Helen Smith, Sara Dean Smith, Melba Stoddard, Dorothy Thompson, John West, Lona Williamson, Bonnie Wilson and Erskin Wyatt.

## JOSEPH O. COBB HONORABLY DISCHARGED

Joseph O. Cobb, of Jemison, has been honorably discharged from the U. S. Army after serving for 28 months. He was overseas for 12 months in the Asiatic-Pacific Theater with the 122 Quartermaster. Prior to entry into the service he was in the hardware business in Jemison.

## Saturday To Be Poppy Day In County

Next Saturday is "Poppy Day" in Chilton County. Poppies will be on sale throughout Chilton County next Saturday sponsored by the American Legion. Mr. Hance Alred of Clanton told the news this week that poppies would be sold in Clanton, Thorby, Jemison, Verbena and Maplesville on this date. Everyone is urged to buy poppies—poppy sales help disabled veterans.

## Prince Badui To Meet Champ Saturday

Prince Badui will meet Mike Chacom, world's light heavyweight champion next Saturday night at the high school in the VFW's weekly wrestling match. This will be the main event for a 90-minute affair.

In the preliminary Prince Omar, who made his first appearance in Clanton last Saturday, will meet Sailor Watkins.

The VFW has announced that several valuable prizes will be given away Saturday night. All ladies accompanied by guests with ringside tickets will be admitted free. See adv. elsewhere in this issue.

## Telephones To Be Installed In Rural Sections Of County

than 1,000 telephones will be connected with the Clanton exchange, thus enhancing the value of the service of all Clanton subscribers.

A canvass or survey has been completed on the Higgins Ferry Road where 108 applications were secured. Work has also been going on in the northeast section of the county. The program will be continued until all of the Clanton exchange service is covered. The staking of lines and ordering of materials will follow immediately, according to Mr. Van Hone. Mr. Van Hone pointed out, however, that a construction job of this size required some time for completion, but the work will be pushed as rapidly as possible.

According to field representatives, telephone services in rural sections will cost subscribers about \$175 per month. There is a \$200 installation and subscribers fee. The telephones that are to be used are the newest and most modern on the market.

## WE ARE FOR THIS BASEBALL

You should have been a ball game last Sunday afternoon. The Independent teams play at the City Well diamond just north of town. There were hundreds there and the competition between the two teams was keen.

There is just as much, if not more, enthusiasm among followers of the sport in small towns like Clanton, as there is in the larger cities where thousands turn out to see their team play. Getting red hot over a small town baseball game is not neutral and we would not want our community without it.

## CANCER CONTROL

The Census Bureau reports that nearly twice as many U. S. citizens died of cancer during 1942-44 as were killed by enemy action in World War II. This heavy toll is reason enough that we stress April as cancer control month. The Women's Field Army of the American Society for the Control of Cancer, uses this month to push further the facts needed to control and escape this dread disease. Caught in its early stages cancer can be controlled and cured but that is only if the patient seeks treatment early. It is a stubborn fight since cancer research has moved a such a snail's pace in acquiring basic knowledge of cancer's growth. Although the scientists have had thousands of cases for study, all sorts of experience in working with the diseased cells, still ignorance does retard the control. Surgery, X-ray, radioactive substances, have been used successfully in curing many cases, but so much more must be done that any help the laymen can offer through co-operation, is a step forward where the way is long and treacherous. This is the kind of fight America should gladly enter and promote.

Time was when one-third of the nation was poorly housed—now one-third of the nation isn't housed at all.

You can't blame us, after seeing the late samples for hoping that each spring will find an improvement in feminine millinery.

A friend tells us that it would surely be nice if someone would plug for the fellow who is trying to meet 1936 taxes on a 1939 income.

Had you noticed that the pedestrain that yells loudest for his rights is most apt to get tem—but they will be spelled "rites."

## FOLKS & THINGS

### ABOUT TOWN

-By BEN

(With no apologies to Alyce Billings Walker)

The small crowd that dotted the courtroom last Monday evening to hear Lt. Gov. Handy Ellis speak was indeed refreshing. Beautiful evening gowns and fine young gentlemen in white tie and tails graced the gathering. No old people were seen anywhere. The sunbonnets and the overalls were conspicuous by their absence—it was strictly an Ellis crowd. Never before has such an "elite" crowd gathered in Clanton in such small quantities. Never has such an array of splendor been shown as was displayed by the "Ellis crowd." Contrary to a certain writer's views on the last Folsom meeting, this "Ellis crowd" really do know what they want. The trouble is that we do not believe there are enough who want him. Mr. Folsom has asked that no "mud slinging" take place in his campaign for governor and for this small amount we will probably have to apologize.

According to a friend of ours, one can be a good neighbor without minding the neighbor's business.

Willie Claude Baker has opened his store and service station in South Clanton and is ready for all comers—that is all comers for gas, oil and grocery business. Willie, with his dad, have a nice little business out there on the Montgomery Highway and you ought to go out and make them a visit.

You know what the well digger said as he threw out another shovel full of dirt, "Let's get down to business." So let's all go to the polls next Tuesday and vote. It is your privilege and your duty. Do not neglect it. That is probably old—but it is important.

The stork visited the News office this week. Well, it didn't really visit the News office but it made a "papa" out of one of our employees. The "old bird" swooped down on Roland Ellison last Thursday and left him with a fine 8-pound girl, plus a case of jitters and a worried look. We haven't received that cigar yet, but Roland hasn't recovered enough yet to think of anything. We noticed he was setting all his type right-side-up; washing the press with padding compound and referring to Jack Jones as "little boy."

Seems to us there's a scarcity of flowers around Clanton this year. Usually every yard is alive with beautiful flowers in May but the rains must have done a heavy damage to them. Maybe with better weather we will have them coming out in time for the June brides.

Mr. H. T. Pipes says that he have sure been wasting a lot of money for the past twenty-five years. According to Mr. Ellis's speech last Monday night he could run the whole Capitol by himself and had been for years. Maybe that's what's the matter down there.

### SOIL CONSERVATION NEWS

Three complete farm plans were made last week on the farms of Earnest Edwards and A. L. Bearden of Enterprise Community and Arthur Mims of Shiloh Community. Kudu and sericea will be used for a permanent vegetative cover for water disposal areas. Mr. Mims is going to practice strip cropping on one of his fields. The sod strips will be planted in oats and followed by annual lespedeza.

Mr. M. C. Durbin of Fairview Community has an excellent stand of sericea in his two-acre peach orchard. He plans to use the first cutting for hay and leave the other cuttings on the ground in the swath.

Cooperators that have not cut their sericea should do so as soon as the weather will permit. Old stands of sericea that are thin will usually thicken up if cut frequently for hay. Cooperators that are planning to use Crimson Clover and Rye Grass for Grazing this winter should begin now to make plans to start following the land. The land must be followed for a successful early planting.

A forestry camp for 4-H and FFA boys will be held July 29-August 3rd, at Camp Grist, near Selma. Each of 35 north Alabama counties will send one 4-H member and one FFA boy will come from each of the 32 south Alabama counties. Various phases of forestry will be studied.

### A LETTER TO THE DOTHAN EAGLE

In answer to an article in last week's Union-Banner, which said, "A Letter to 'Big Jim'." Now, Mr. Man, I don't know whether you were the editor of the Dothan Eagle or just the Eagle, because you said, as printed in The Dothan Eagle May 15, 1946; at the end of the article you said sincerely, The Eagle, so I will just call you The Eagle.

Mr. Eagle you asked what you thought were some mighty smart questions. Now, I want to ask you some. You said you didn't know how "Big Jim" fooled so many people to vote for him, as you called them strawberry pickers, and of course you had reference to the common people.

"Big Jim" had 605 strawberry voters over Handy Ellis in Chilton County; and that isn't water over the dam, because we are going to show you how many strawberry voters that are in the State of Alabama June 4th for "Big Jim." There is around 35,000 strawberry voters in this State, and we expect to give "Big Jim" 25,000 of this 35,000 votes or more.

Mr. Eagle, tell me why there were five men running for the nomination of Governor in the State of Alabama and hadn't another one barked but you? Tell me why the people in Cullman, Ala., "Big Jim's" home town, are supporting him when Handy Ellis's home county is not for him? I have been informed that his own nephew won't vote for him. I haven't heard of but one man for Ellis in Shelby County and that was the Mayor of Calera, Ala., who wouldn't let "Big Jim" stop there.

Now, Mr. Eagle, isn't it a fact that you are just mad because the little ole plowboy, "Big Jim," as you called him out of the campaign, had the honesty and good name from his own home, and the ability to get votes. Also Mr. Eagle, why didn't you come out and tell the people that you was right in line and a good agitation of the Dixon and Sparks, (and wanted to be) Handy Ellis's administration.

Now, Mr. Eagle, the good people of Chilton County hasn't forgotten the good promises that Mr. Sparks made to the good ministers and the leading citizens of this county while he was running for the Governor's office, that he would see to it that the hell holes and honky-tonks would be cleaned out of this county, but when he got in office he turned a cold shoulder and wouldn't do a thing about it.

Mr. Eagle if you were not just mad over these things maybe you was behind with your planning. If you are, just hunt you a jackass and I think you and him will work pretty good together, because you are so dumb neither of you could learn "Gee" from "Haw."

By the way, Mr. Eagle, I have heard hundreds of people say that you are making votes for "Big Jim" instead of for Mr. Handy.

Mr. Eagle you named something about the CIO endorsing "Big Jim." Certainly he wants everybody to endorse him. That's what made you so nervous, he just beat you to them.

When "Big Jim" goes to Montgomery the CIO won't have his hand and feet tied, and nobody else will have them tied. Say, Mr. Eagle, under the administration that you are agitating—The Dixon-Sparks and the (wanted to be Ellis), isn't it a scandal and a dirty shame that the Old Age of the past 65 years in the State of Alabama who have gone on and worked

How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:  
1 Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "lame" to come.  
2 Started 3 days before "your time," it should help relieve pain due to purely functional periodic causes.  
Try Cardui. If it helps, you'll be glad you did.

### SMITH-DOXEY FORMS ARE NOW AVAILABLE

With cotton planting practically finished, J. T. Belue, AFI extension cotton specialist, urges that applications for Smith-Doxey cotton classification be filed as soon as possible. The closing date for applying for this free service in Alabama is August 1. Classification and market services are available to one-variety growers in a cotton improvement program. County agents have received application forms and can furnish assistance to groups wanting to form one-variety organizations.

almost their days out that they have to go down to their county seat and swear that they are paupers before they can get ten poor little dollars a month.

Now, Mr. Eagle, if you are endorsing and agitating for Mr. Lieut. Handy Ellis, you are barking up the wrong tree.

LONG DISTANCE CALLS ARE STILL INCREASING

The volume of Long Distance calls keeps right on growing. Between towns and cities only a few miles apart, folks are making one-fifth more calls today than during the peak of the wartime load.

As a result of this postwar rush of short-haul calls there is likely to be some delays on calls to nearby points until the necessary materials can be obtained and additional circuits provided to relieve congestion.

In the meantime, everything possible is being done to handle all calls promptly.

## Gilbert - Clayton Vows Read

A candlelight ceremony in the home of Mrs. Kate Smith, Clanton, Ala., was the scene of the wedding of Miss Mary Jo Clayton and Charles W. Gilbert, Jr., of Tuscaloosa, Ala. The ceremony was performed May 18, 1946, at 4 o'clock by the Rev. Ernest Jones.

The altar was transformed into a scene of loveliness with clusters of wood begonia, gladioli and lilies, arranged against a white background forming an altar entrance. The lighting of the candles by Miss "Pat" Baker completed the scene at the altar. The bride was given in marriage by her father, Mr. Edgar Farris and she was a picture of regal beauty in a dress of pink jersey with brown lizard skin accessories, and an orchid corsage.

Miss Dorothy Phillips, the bride's only attendant, wore a dress of white jersey with white accessories and a corsage of sweetpeas.

Mr. Harold Gilbert served his brother as best man.

Shortly after the ceremony a reception was held in the home of the bride's aunt, Mrs. Homer Smith. The reception room was beautifully decorated with lilies, roses, larkspurs and daisies in formed bouquets and arranged in crystal bowls. On the lace spread table cloth was centered an embossed cake with spun candy, lilies and arrangements of bow knots.

After the reception the young couple left for a short honeymoon. Upon returning to Tuscaloosa they will reside at their own home, No. 1, Eastwood.

## J. H. Jackson Writes In Regard To "Ellis Gang"

Clanton, Ala., Route 1.  
Editor Chilton County News:

Will you please allow me a small space for a few words?

Well, I noticed that the Birmingham News had a lot to say about the way our people were dressed at the speaking last Monday night. It wasn't the looks that worried the Ellis Gang, but the large crowd.

I can say one thing about our people, especially our ladies. I have traveled in 37 states and I haven't seen anything to excel them in beauty.

Yes, the Ellis gang are jealous of our wise and good looking people of Chilton County. They are too wise to follow the Ellis-Sparks class any more.

Yes, we have a great State and we want great men at the head of our State Government—such as Folsom.

Mr. Ellis claims the honor of supervising the sales tax. They say he got a large sum of money for doing so. Well, if I was in his place, I would be ashamed to admit that I had anything to do with it at all. A 12 year old boy should have beat it. I could have beat it with my eyes closed. Yes, that is Ellis's experience in the State Capitol. Yes, Mr. Ellis, we know all about it.

There hasn't been such a burden put in the people of Alabama since it has been a State to collect tax—shame on your record in the State Capitol.

Now, my advice is to Mr. Ellis's class is to take the money that they have received for defending criminals and go to the potters field and buy it and retire and live on the Folsom pension, and repent and your soul shall live.

Yes, Mr. Sparks has a great record too. He promised to do away with the money with the hole in it; yes, he plugged the hole in some, but the tokens keep coming. That wasn't all he promised. He promised us old people \$30.00 per month. I am 78 and my wife 80, so far, we haven't seen one penny of his promise. It's a wonderful record for Sparks, Ellis and Company.

I haven't seen but one Ellis man lately and he said he was for him because he (Ellis) defended him in a whiskey case.

Yes, they say the ones that sponsored the anti-lynch law is for Folsom. I wonder if Mr. Ellis is in favor of lynch rule?

I don't think the good people of Alabama wants a man of that spirit for Governor—and I don't think they will have one like that.

They say the CIO is for Folsom; well, good for that. We invite all hard working people into our fold, for we are marching to victory. We know the Ellis and Company don't like the overall class, but we will show them a thing or two the 4th day of June.

Yours for a clean-up.  
Respectfully,  
J. H. JACKSON.

Alabamians succumbed to tuberculosis last year at an average rate of slightly more than three a day, the State Department of Health disclosed today.

## A Letter To Handy Ellis

Dear Handy:

Congratulations to you and the "Big Politicians." You ran a good race to have such a legislative record. We know you were in a position to help put over a real constructive program for the people of Alabama, but this you failed to do.

The people are going to vote for leadership and not for politicians.

We are the common people who have always been forgotten, other than to be gouged for more taxes and given less liberty.

We know your attitude toward the laboring man; if you have no sympathy for the laboring man in the factories and in the mines, you have none for those who labor on the farms.

We know that you went to the labor leaders of the CIO and tried to get their support, and they refused because of your legislative record.

Now, since you failed to get the laborers support, they have become a poison element and want to capture the State Government as charged by you and your group. I guess it would have been different if you could have won their support.

The farmers of Alabama know something about the labor movement and will not be swayed to believe the

false accusations against them.

The farmers know that labor is strongly organized in only about four out of sixty-seven counties in the State and that they couldn't capture the State Government if they so wished.

The farmers of Alabama know something about the membership that constitute the labor organization, because it is composed of the sons and daughters that come from Alabama farms.

The well informed farmer is no longer an enemy of labor because it is made up of his own blood and is fighting for equity and justice for the common people.

Now, Mr. Ellis, cheer up and take your defeat like a man and don't accuse labor unjustly because we, the farmers of Alabama, put Jim Folsom in the lead on May 7th and will elect him Governor June 4th.

Yours for a peoples' government,  
A FARMER.

## Clocks Tick Up In Cost

Newest models of clocks, both spring wound and electric, will cost about six per cent more at retail than in pre-war years, B. B. Burton, OPO District Price Executive said today.

## Price, Quality Up On Underwear

Consumers will pay slightly more for knit underwear and hosiery made from wool or cotton, or a combination of both, OPA said today, but they will receive better quality in these essential items—and more of them.

## Ceiling Suspended On Watermelons

The anticipated bumper crop in watermelons this year has made it possible for OPA to suspend price ceilings on them indefinitely, OPA District Director Sam J. Watkins said today. The watermelon acreage this year is far greater than last year, and with the exception of a slight rise at the start of the season, an increase above the general level of present ceilings is not expected, he added.

At the same time, OPA has removed price control from fresh apricots, sweet cherries, plums and Italian prunes, since these items represent such a tiny part of our national food bill, Watkins said.

## Definite Ceilings Set On Building Material

Specific dollar and - cent ceiling prices for certain hard building materials have been issued for 76 per cent of the entire southeastern area, Sam J. Watkins, OPA District Director said today.

Mr. Watkins declared that 40 such orders are already effective and approximately 25 more are to be issued in the near future.

The items covered include those materials essential to the nation's low cost construction program, such as concrete block, plaster and plaster board, cement, brick, metal laths, roofing, asbestos shingles and siding, sand, gravel and presswood, he said.

OPA ceiling prices on used lumber now have 100 per cent coverage in the Southeast, Mr. Watkins added. All ceiling prices were set after close consultation with the trade, taking into consideration increased cost in operation, distribution and labor, he said.

## Veterans, Check With OPA

Veterans planning to go into business for themselves, or in partnership with others, were today urged by King W. Snell, OPA Veteran's Advisor in Alabama, to secure full information on OPA regulations which might affect their business.

Any veteran entering a new business, or returning to an old one, which requires the use of sugar, must apply to the OPA District Office for his sugar allocation, Mr. Snell said. Similarly, since thousands of items still remain under price control, a veteran should check with OPA on ceiling price regulations affecting his contemplated business, he pointed out.

Mr. Snell said that veterans returning to a business they operated prior to joining the armed forces are in some instances accorded a waiver of certain OPA "base period" provisions. They should check with the pricing agency before resuming operations, he said.

On many pricing matters, the ex-GI may secure all the necessary information from his Area Price Control Board since all boards have at least one of more members trained in problems affecting veterans.

## Price Violators Pay Heavy

Price panel sanctions, administrators settlements and judgments totalling \$4,590.54 was the "take" during the past week by enforcement elements of the Office of Price Administration according to an announcement today by George B. Patterson, Jr., head of the OPA Enforcement Division.

The largest amount received in settlement came from The Abrams Department Store, Court Street, Florence. The company settled a claim for overcharges on women's wearing apparel, paying off \$16,606.48 which represented twice the amount of the overcharges. A judgment and injunction was entered against the Spencer Coal Co., Demopolis in the amount of \$840 and suit was filed for an injunction and treble damages against the Pope Motor Co., 2003 Second Ave., So., Birmingham for \$900 representing overcharges on used automobiles.

The remaining settlements were made by grocers, cafes and used car dealers who paid \$1,350.06 through local board price panel actions. Of the amount collected through panels, \$403.50 was refunded to overcharged consumers.

sales tax bookkeeping should be shifted from the retail merchant.

I have a program for conserving revenues and resources. That program does not call for any increase in the present tax rate.

## OLD AGE PENSIONS

I favor a minimum of \$50.00 per month old age pension to every person 65 years of age or over, to be raised by the State and the Federal Governments. We are paying our share of the tax for old age pensions, to the federal government. I will see that we get our share of the benefits.

## HEALTH

A paramount duty of the State is to safeguard the health of its people. An adequate and efficient Public Health Department is of vital concern to our people and will be maintained. This service is indispensable and will have my full support.

## CONSTITUTIONAL CONVENTION

Alabama needs a new Constitution. Our present Constitution is an obstacle to progress. Veterans, who have returned from a world-wide experience, and others must rewrite our Constitution from top to bottom. I favor a Constitutional Convention and will do all in my power to bring it about.

I have no platform. I have a program—a program for which I have always worked. I solicit your co-operation in working it out for Alabama. Let's have four years of happiness and contentment.

## WARREN C. BENSON

Warren C. Benson, age 25, died at the Jefferson Hospital May 22 at 10 o'clock a.m. Funeral services were held Thursday at 3:00 p.m. at Collins Chapel, conducted by Rev. Zac Appleton, assisted by Rev. G. G. Williams.

Active pallbearers were Windel Murrah, Harold Weldon, William Hicks, Raymond Cobb, Ned Dennis, Billy Woodson. Honorary pallbearers were Jack Vines, Frank Porter, Fred Honeycutt, Leonard Bosworth, Billy Childress, Cecil Cleckler, V. L. Hilyer Willie Smith, Byron Cox and Pete Willis.

He is survived by mother and father, Mr. and Mrs. W. M. (Matt) Benson of Collins Chapel; 4 brothers, Dewey Benson of Chickasaw; Miles and Clarence Benson of Clanton and James Leary of Jemison; 1 sister, Mrs. W. I. Davis.

He was attending school at Auburn. Served three years and four months in the U. S. Army and was overseas for one and a half years. J. Mell Martin and Sons were in charge.

## JOSEPH REEDIE HOLLY

Joseph Reddie Holly, age 80 died at his home Monday at 8:45 p.m. Funeral services were held Wednesday morning conducted by Rev. Roswell Owens. Nephews attended at pallbearers.

He is survived by his wife, Mrs. Mary Lou Walker Holly; two sons, J. R. Holly, Jr., Paul S. Holly of Brookham, Miss; four daughters, Miss Naomi Holly, Mrs. D. L. Whitfield and Mrs. C. C. Bookhold all of Birmingham; Mrs. E. J. Deason of Clanton; one brother, J. L. Holly, Clanton two sisters, Mrs. Sarah Hester, of Birmingham, Mrs. Bob Wilson of Ridderwood, Ala.; eight grandchildren. Martin and Sons were in charge.

## WOODROW CHILDRESS PASSES

Woodrow W. Childress, age 34 died at his home Wednesday, May 22, near Cordy Mill, 4 miles south of Clanton. Funeral services were held at Skippersville, Ala. Friday, May 24th, conducted by Rev. N. E. Cook, assisted by Rev. Lumpkin.

He is survived by his wife, Mrs. Ester Lou Moser Childress; four children; mother and father, Mr. and Mrs. Jeff Childress and two sisters.

## ISABELLA

Bro. Stuckey, our pastor, preached two very inspiring sermons at Mulberry Sunday and Sunday night. He plans to tell about his trip to S.B.C. at Miami, Fla. the next preaching day, which is the second Sunday in June.

Plans are being made for a daily vacation bible school to be held at Mulberry in the near future.

The baccalaureate exercises for the graduates of Isabella High was held in the auditorium of the school Sunday afternoon.

The Rev. C. C. Haun of Thorby preached the baccalaureate sermon with the Isabella choir singing "Who Will Our Pilot Be", with other songs by the audience. Benediction by Rev. C. C. Haun.

## Lucky Dad to Get \$100 On Father's Day, June 16

William Smart, who inspired the first Father's Day in 1910.

NATIONAL Father's Day will be observed this year on Sunday, June 16, the National Father's Day Committee announced today. On that day the Committee will make an award of a \$100 U.S. Savings Bond to the father of the largest family in the land—that is, the most sons and daughters now living. Applications for this award should be sent now to the National Father's Day Committee, 50 E. 42nd St., New York 17, N. Y. The purpose of this search, explained Alvin Austin, executive director of the Committee, is to give recognition for the rearing of large families—a vanishing American custom.

## ELLIS PROMISES NEW BRIDGES FOR CHILTON COUNTY

At a mass speaking on Monday night, a letter was presented to Handy Ellis asking the prospect of a bridge across Coosa River, connecting Chilton and Coosa counties, to take the place of the now existing ferry. To this Mr. Ellis said, "If elected Governor of Alabama, I promise to do all in my power to make this bridge a reality."

This bridge would mean much to the people of Chilton County and would tend to do as much for trade as a major industry.

Our Senator elect has fought for this bridge for over 20 years, and we all fully realize the importance of this project and it can be realized if we send Handy Ellis to the Governor's chair next Tuesday.

Mr. Ellis also promised a paved highway connecting Chilton and Shelby counties on the old dirt road to Columbiana.

Let's get behind Ellis.

(Pd. Pol. Adv. by Friends of H. Ellis)

Alabama Highway Patrolmen were responsible for 1,114 arrests during the month of April, Highway Patrol Chief Clyde C. Sellers announced today. The largest number of apprehensions, totaling 311, involved motorists who were found driving without a license. The no drivers license offense represented over 27 per cent of all arrests for the month.

## HEARD ABOUT JUNE 30TH, JOE!

Here's the story. June 30th, 1946, is the last day on which you can enlist . . . or reenlist . . . in the Regular Army and still be sure of retaining your old grade and family allowance for the duration of your enlistment.

Those are two very important points. First of all, if you have served with the Army and earned a stripe or two you can enlist within 90 days after discharge and before July 1, 1946, and be sure of keeping your grade.

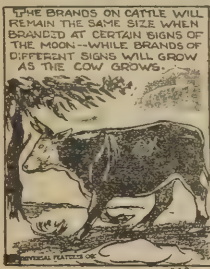

And if you have a family and dependents, you can enlist before July 1, 1946, and make sure the family allowance will be continued for 1½, 2 or 3 year enlistment period.

Those hard-earned stripes mean extra pay. Why throw them away? And your family will live comfortably if you enlist now and get the advantage of the family allowance benefit.

So think it over and act today. These two points mean opportunities for advancement and added pay as well as that all-important security for your family. Stop in at your nearest Regular Army Recruiting Station today. They'll give you all the information you want on the very important date—June 30, 1946.

Shell color makes no difference in the flavor, food value, or quality of eggs, and is no indication even of the color of the yolk inside, say poultry and nutrition specialists. Shell color is a question of breed, yolk color is fed. So you may be sure that white-shelled eggs and brown-shelled ones are equally good.

## Thorsby Institute News

The Senior play, Sally Salles Forth, which was presented Friday night, May 24th, was a great success. A large crowd attended and everyone enjoyed the Class Night exercises as well as the play. The Class History was given by Mary Virginia Bice; the Prophecy by Roland Funk; Last Will and Testament, Ann Collins; Poem by Dionne Raybon; Gifts by Myra Gene Collins.

The Senior-Alumni Party was held in the dining hall Saturday night, May 25th. Mrs. Bobby Minor, president of the Alumni, planned a very interesting party with Father Time as the theme. Various interesting games were played and delicious refreshments were served.

A very large crowd attended the Baccalaureate Service Sunday morning and the Commencement exercises Monday morning. There were 19 Seniors to receive diplomas. Joyce Petty as valedictorian of the class received a year's subscription to the Reader's Digest. Eloise Piper and Joyce Petty received scholarships to Piedmont College with Norma Jean Honeycutt and Betty Atkinson named as alternates. Other prizes won were as follows:

Sims Merit Prizes of five dollars each to Frances Headley and Billy Parker; Attendance prizes (one dollar each), Sara Helen Duke and Loreta Petersen; Sewall Prize, Mozelle Dobbs; Under-graduate scholarship, Billy Parker; History Prizes, \$250 each, Billy Parker and Kenneth Reynolds; Lande English Prize, Elizabeth Gene Collins; Merit Prize, Evelyn Weldon; Bible Prize, Mary Evelyn Hayes; Prize for best Bible Map for the Missionary Journeys of Paul, Jewell Rollins; Prize of one dollar each to the most willing workers among the boys of the boarding department to Duncan Patterson, Marvin Dawson and Roy Wood; Scholarship keys for outstanding work, Margaret Haun, Billy Parker and Richard Reynolds; Prize for the beginning music pupil to make most progress during the year to Peggy Raybon.

## Thorsby Civic Club

The Civic Club will hold its regular meeting on next Monday night at 7:30 in Town Hall. At this meeting the plans for the Fourth of July Celebration here will be made. All service and ex-service men of the town and surrounding community are invited here for the Fourth, which will be done in the "Good old Thorsby Manner."

Mrs. Clyde Sims of Montgomery was the week end guest of Mrs. Mamie Wilder.

Mr. and Mrs. Wyndol Murrah of A.P.I. were home for the week end and attended the funeral of Warren Benson.

Mrs. Alpha Brown has as her guest, her aunt, Mrs. A. V. Fair, of Bangor, Ala.

Miss Elaine Wilson left Thorsby for her home in Chicago after two weeks visit with the Sam F. Mims family.

Mr. and Mrs. Bill Parrish and daughter, Wilma, left last week for their home in Jackson City, Tenn., after two weeks visit here with the David Vines family and other relatives.

Mr. C. W. Walker of Deatsville was a Sunday guest of Mr. and Mrs. H. L. Walker.

H. L. Collins of Birmingham was here Monday to attend graduating exercises at Thorsby Institute.

Dr. A. E. Wvatt is readying the corner building, formerly occupied by Wright Drug Store, for his new drug store to be opened in the near future. Ground is being prepared near the Greyhound Bus Station for a new modern filling station for the Standard Oil Company. The property belongs to Mr. and Mrs. Claud Dawson.

Mr. and Mrs. Horace Lowery and sons of Birmingham spent last week with Mr. and Mrs. L. H. Lowery.

Farmers in 10 Alabama counties—Blount, Cullman, DeKalb, Jackson, Lawrence, Limestone, Madison, Marshall and Morgan—have sold a total of 24,000 bushels of corn to the U. S. Department of Agriculture to be used in the famine relief program.

## Milk Mixture for Stomach Ulcers

A recent medical discovery now used by doctors and hospitals everywhere has proven unusually successful in the treatment of stomach ulcers caused from excess acid. It is a harmless preparation yet so effective, in many cases the pains of stomach ulcers disappear almost immediately. Also recommended for gas, indigestion, heartburn due to hyperacidity. Sufferers may now try this at home by obtaining a bottle of LURIN from their druggist. LURIN contains this new discovery in its purest form. Easy to take. Just mix two teaspoonsful in a half glass of milk. Costs but little. Most satisfactory or money refunded.

## MORAL ECHOES

Rev. D. W. Haskew, D.D.

I love to go to church because it is a going institution. Somehow it succeeds in spite of all opposition. It has small crowds, but it is never deserted. It is always poor, but it does not starve. In 1929 Chicago had one thousand and six hundred churches and 233 banks. Then the depression came down like a wet blanket over all of the city. When the depression had done its worst, Chicago still had 1,600 churches and only 54 banks. The Gibraltar of finance did not prove quite as strong as the Rock of Ages. Perhaps it is just a little church, poorly attended, but it is dynamic with power and the gates of hell cannot prevail against it.

A young man sat beside me in church, and on the seat in front of us sat a young woman with one of the largest hats I ever saw on a human head. I pride myself for having the ability to measure without a rule, and the hat in front measured 18 inches from one side to the other. It sat on the back of the ladies' head, and from where we were sitting, it hid the preacher and most all of the front part of the church. When the sermon was about half over the young man whispered to me, "Doctor, it should be against the law for any woman to wear a hat to church like that." For one time I whispered in church as I replied, "Right you are, my brother." Ladies, when you go to buy a hat, do not think of yourself alone. Think of that poor guy who sits behind you. Truly a good sermon has been lost because of a big hat obstructing its way to a sinner. Beware of big hats.

While riding along in my car over to the right I saw one of the best farms that it was ever my privilege to see. Everything about it indicated that farming to perfection was carried on there. Just then I saw a sign that read, "The Texas State Farm." It was a farm to demonstrate to Texas farmers how to really farm. That demonstration farm showed to all how to farm in that great State. I have often thought that God has placed a good man or a good woman, in every community, who is really good, that He may show to the rest of us, how good it is possible for us to be. There are demonstration Christians who show to us the possibility for us to reach a perfect standard. I tell you a really good Christian, one who demonstrates a true standard of life, is worth his weight in gold any time, any where.

## ASSEMBLY OF GOD

There were several vacant seats at Sunday School Sunday morning. We miss each of you when you are absent, so come out and take your place for it can't be filled by any one but you.

Preceding the sermon three special song arrangements were given which everyone enjoyed very much. The sermon was brought by Rev. Sandlin.

There were no services here Sunday night, we attended the service at the Baptist Church. But come out next Sunday night to C. A. Class and preaching. Remember each Wednesday night is our regular singing night. Everyone has a special invitation—singers and lovers of music.

## NO WHOOPING COUGHS REPORTED IN COUNTY

The 60 whooping cough cases reported in March from the entire State included none occurring in Chilton County, the State Department of Health disclosed today.

## SCREW WORM OUTBREAK IS EXPECTED EARLY

A serious outbreak of screw worms is expected in the southeastern part of Alabama June 1, and outbreaks will occur in all parts of the state one month earlier than usual this year.

Entomologists report that large numbers of these insects lived through the winter in Florida and outbreaks were occurring within 50 miles of De Kalb on May 10. Normally they spread at the rate of 20 miles per week but may spread much faster if infested cattle are moved into an uninfested area.

To avoid outbreaks and retard the spread of this pest, W. A. Ruffin, extension entomologist, A.P.I., urges farmers to (1) thoroughly inspect all cattle brought in from other areas, especially from Florida and south Georgia, (2) check herds every week for screw worm damage, and (3) have a supply of Smear 62 on hand to treat any wounds that may be found.

## Bowel Cleaning Power Of Inner-Aid Medicine

One man recently took INNER-AID three days and said afterward that he never would have believed his body contained so much filthy substance. He says his stomach, intestines, bowels and whole system were so thoroughly cleansed that his constant headaches came to an end, several pimply skin eruptions on his face dried up overnight, and even the rheumatic pains in his knee disappeared. At present he is an altogether different man, feeling fine in every way.

INNER-AID contains 12 Great Herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Sold by all drug stores here in Chilton County.

# FELLOW VETERANS!

## Is "Juke Box" Jim Folsom A War Veteran As He Claims?

Records show that six-foot, eight-inch James E. Folsom was inducted in July, 1943, AS AN OFFICER CANDIDATE (Vol. 1, Sold. Dschg. Rec. pg. 394, Cullman County Court-house).

Spent much time or furlough at home until his basic training began in September, 1943.

Completed his military service 2 December 1943 by OBTAINING A DISCHARGE under then existing Army Regulations AT HIS OWN REQUEST.

Do you consider a few months military training as WAR SERVICE meriting the support of veterans who have made actual sacrifices for their country?

Folsom said in July, 1943 (month of enlistment):

"I had a hard time gettin' in and I'm gonna stay in the army JUST LONG ENOUGH TO JOIN THE AMERICAN LEGION, then I'm gonna get out. The Legion will POLL A LOTTA VOTES for me when I run for Governor three years from now."

(This statement was made to Floyd Dotson, Folsom's bunkmate, now principal of Damascus High School, Escambia County, Ala.)

In the 70 years preceding World War II the productivity of the American farmer is estimated to have increased at an average rate of 2.1 per cent annually.

Loud was the praise given Cullman County strawberries by Washington lawmakers when 236 quarts were served recently in the House of Representatives Restaurant. Estelle Vines, Cullman County home demonstration agent, brought the berries by air express. One crate went to the President as a birthday present.

# Fraud or Ignorance WHICH, Mr. Folsom?

During your campaign, Mr. Folsom, you have made many promises. If these promises were *not* made in a spirit of sincerity, but only to get votes, then you stand discredited. No honest citizen will knowingly vote for a dishonest candidate.

If your promises were made in good faith, they show as nothing else can your amazing ignorance of government and business affairs.

## Here Mr. Folsom, Is What Your Wild Promises Would Cost Alabama Taxpayers

You have promised you would pave every road in Alabama during the next four years. This would cost \$1,060,000,000.00. This is more than TEN TIMES the entire yearly income of the State of Alabama. To carry out your road building program would take a tax of 72¢ a gallon on all gasoline sold.

You have promised everybody over 65 years of age, \$50 a month as old age pension whether they need it or not. This would cost \$78,607,259.45 a year, or over three-fourths of the State's whole income for a year.

You have promised to raise every teacher's salary to not less than \$150 a month. This would cost an additional \$4,623,420.00 a year.

You have promised to exempt all homesteads up to \$5,000 from both State and County taxes. This would cost \$7,500,000 a year.

## Here, Mr. Folsom, Are The Taxes It Would Take to Put Your "Program" Through

To carry out your promises to those over 65 years old, to our teachers and to owners of homes would take a SALES TAX of more than 12½¢ on the dollar. ---or additional PROPERTY TAX of \$9.07 per \$100 of assessed valuation.

## Are You trying to Deceive the Voters, Mr. Folsom? Or Are You Just Plain Ignorant?

Either way, you don't deserve the vote of honest citizens who want good government in Alabama for the next four years.

TO ALL CIO AFFILIATES  
IN ALABAMA

Greetings:

Our CIO-PAC slate fared very well in the May 7th primary elections. The majority of our candidates were elected. However, the highly important offices of Governor and Lt. Governor are subject to a run-off June 4th.

To date, the Alabama CIO-PAC has not spent any money, but we are going to be compelled to help our various candidates between now and June 4th. Realizing that many of our Jefferson and Etowah County local unions contributed generously in the primary election, we are now requesting contributions from those who have not.

Local unions should give according to their financial ability in amounts up to \$500.00. Make checks and money orders payable to Alabama CIO-PAC and forward to Eugene M. Wells, Secretary-Treasurer, 209 Ramsay - McCormack Building, Ensley, Birmingham 8, Alabama.

Sincerely and fraternally,

Carey E. Haigler

Chairman.

Eugene M. Wells

Secretary-Treasurer.

P. S. Above money will be used in State campaign except where it is necessary to assist the County committees.

**ANDERSON OUTLINES DAIRY IMPROVEMENTS**

The drive for greater efficiency in dairy production is not something to be carried on only during the present emergency, but is a long-run endeavor, states Secretary of Agriculture Anderson.

What can be done toward reaching the ultimate limits of efficiency has been demonstrated by the Dairy Herd Improvement Associations. In 1944 the average cow in herds in these associations turned out nearly twice as much milk and butterfat as the average cow in the United States.

Furthermore, if we breed even 25 per cent of our cows to proved sires, we can increase production per cow more in the next 10 years than in the past century, the secretary says.

### CLANTON F.H.A. HELD LAST MEETING FOR THIS SCHOOL YEAR

On May 24th the F.H.A. held its last regular meeting of this school year. The old officers, Marietta Hamilton, President; Mary Jo Logan, Secretary; Phoebe Edwards, Treasurer; and Elia Mae Johnson, Reporter, have made splendid officers for the past year. The newly elected officers for next year are as follows: Betty Houtt, President; Tommie Littlejohn, Vice-President; Carol Castor, Secretary; Evelyn Lowe, Treasurer; and Frances Collins, Reporter.

We hope our F.H.A. can keep up its splendid work for the coming year. This year all State F.H.A. Chapters became National Chapters upon payment of national dues.

Our Clanton Chapter, with Mrs. Edna G. Kinney as advisor, is expecting to be enrolled as a "Gold Star Chapter" for the year, 1945-46. This will be an honor to our organization.

The State Convention will be held at Montevallo College the latter part of August. All the officers, as well as other members, will attend. Seven of our members are eligible for State membership this year. They are looking forward to the annual initiation while the convention is in progress. This will be the first time Clanton F.H.A. has had State members.—Frances Collins, Reporter.

### GAY TEENS RECITAL AT JEMISON

The public is cordially invited to the rhythm and song recital of the Gay Teens on Friday, May 31st, at eight o'clock, in the Clanton High School Auditorium. An admission fee of 25c and 35c will be collected to defray expenses of the recital and to buy a record player for the use of the Club and other community groups. The Gay Teens has a membership of 18 girls who will be assisted by talented members of the community in presenting a program in four parts: Rhythm of the Allies. Color Harmonies. Novelties. Romance in Waltz Time.

### RIGID CULLING FOR FLOCKS IS ADVISED

Rigid culling of poultry flocks is urged by P. O. Davis, API extension service director. Reasons are: (1) Sharp culling is needed immediately to conserve grain for feed. (2) Increase in grain prices will increase cost of maintaining poultry flocks. (3) so producers will find it more profitable now than ever to cull out unprofitable birds. (4) Feed saved will leave that much more feed available for good layers and for raising the young flocks.

### GRAIN SORGHUM URGED AS SUPPLEMENT TO CORN

Grain sorghum grown as a supplement to corn and oats will help greatly toward solving the feed problem in Alabama. It can be combined for grain; the plants can be cut and stacked in the field or stored in the barn; or the crop can be grazed off by cattle and hogs.

J. C. Lowery, extension agronomist, Alabama Polytechnic Institute, says that the best time to plant grain sorghum is around June 15. It is a good to plant after a winter grazing crop or after vetch, clover or lupines harvested for seed.

Early Hegari, Martin's Combine, Caprock, Plainsman and Early Kalo are good varieties to combine for grain. For cutting and feeding use Hegari and Sagrain. For harvesting by hand use Hegari, Early Hegari and Caprock.

Growing one to three plants per hill, 8 to 16 inches apart in 3 to 4 foot rows will give highest yields, Lowery says. He recommends the use of 200 to 300 pounds of 4-10-7 before planting and side dressing with 200 pounds nitrate of soda or equivalent nitrogen when plants are cultivated.

Farm families with a seasonal surplus of fresh butter would do well to conserve a home supply by placing the butter in a freezer locker. It can be frozen and kept in good condition for months. The butter must be wrapped in regular freezer locker paper just as meat is wrapped to exclude moisture, vapor and air, and then frozen in the quick freeze like other frozen foods before it is stored in the freezer locker box.

## Folsom Is Leading Ellis By 60,000 Votes In Governor's Race

### Tomato Crop In County Ruined By Disease

What would have been a \$300,000 tomato crop in Chilton County has been heavily damaged by a late blight. M. R. "Red" Glasscock, county agent, said that the disease was multiplied by heavy rains in the past few weeks, thereby causing the farmers to lose out on their anticipated large and profitable tomato crop. Mr. Glasscock said he believed that at least forty percent of the crop was lost at present but said at the same time the percentage could be increased almost overnight.

Chilton County farmers this year set out some 1,500 acres in tomatoes. At present tomatoes are bringing sixteen cents a pound. This loss is by no means local. It is reported that farmers in south Alabama suffered an equal loss.

Mr. Glasscock added that this year's peach crop looked very promising. There is an estimated 3,000 acres of peaches in the county. Peaches at present are bringing on an average of about \$1.50 a basket.

### McDOWELL AND STROUD ENLIST IN ARMY

### Durwood Williamson Day To Be Observed Here

Durwood Williamson Day, in memoriam of a great athlete of Clanton who lost his life in World War II, will be held in Clanton on July Fourth. This day is being sponsored by the Clanton ball club.

Durwood Williamson, son of Mr. and Mrs. Bud Williamson at present of Selma, but formerly of Cane Creek Community, is remembered as an outstanding athlete in Clanton. He played football with the local high school and later received a scholarship at Howard College where he played with the Howard Varsity team. He was also an outstanding baseball player having played with the high school, Clanton, Independent teams and Howard College.

More information and further particulars will be given about Durwood Williamson Day next week.

### ASSEMBLY OF GOD

There were several absent from Sunday School Sunday, but we expect you and others back soon. Rev. Sandlin brought the morning message, his topic being "Science and Our Day." Sunday night the C. A. Class chose sides, having a Captain for each side, and answered Bible questions. Next Sunday the class will be asked questions on the 5th chapter of Matthew—so come out and enjoy the service with us.

Sunday night Rev. Sandlin brought an inspiring message on, "Fire Escape." Everyone enjoyed it very much.

Remember each Wednesday night is our regular singing night.

### Clanton Makes New Music Plans

A representative group of Clanton's citizens met at the home of the V. H. Kinnlers last Friday evening and laid the ground work for civic concerts in our city. We have made spectacular music progress in the last several years, and this meeting was the outgrowth of public demand for good musical entertainment. The group considered and accepted the organized audience plan that has been so successful in other cities. September 23 will be the date for opening the membership campaign, which will last only one week.

Robert (Bob) Oglesby was elected president of the organization. Serving with him on the executive committee will be Mrs. W. H. Kinnler, Vice-President; Mrs. Omar Reynolds, Secretary; Mrs. Erle Ellis, Assistant-Secretary; Grady Hedlin, Treasurer.

I. S. Levine is general chairman of the campaign committee. His Co-Chairman are: Luther E. Little, Joe S. Campbell, Judge Victor Heard, Delos P. Culp, Mrs. Reid Mullins, Mrs. J. E. Gowan, Mrs. L. S. Levine and Mrs. Carlisle Miller. Chairman of the dinner which initiates membership week are: Afterson Hicks and Reddie Taylor. Horton Walker and Mrs. J. E. Gowan are in charge of appointments. Mrs. Raymond P. Mims is publicity chairman. The organization will be making plans all summer, and will keep the public informed of developments in this new and timely enterprise.

At least 57 persons are dead as results of a fire in a Chicago hotel Wednesday of this week. The origin of the fire is not yet known.

### HAVE YOU EVER BEEN HUNGRY?

Pampered by our land of plenty, we have never known what it means to be without bread and plenty of it. That must be why it is such a tax upon our well-fed imaginations to understand what starvation actually means.

It means the gnawing fangs of death through the insides of your being. It means the belly, ironically swollen of its emptiness, becomes twice, instead of half, its size. Imagine the legs of your children becoming pipe-stems, as their stomachs become balloons, their eyes dark caves, their faces maps of misery.

That is part of what starvation means, along with the death of hope, the flight of joy, the dark emptiness of body, mind and soul.

On this next Saturday, June 8, the people of Clanton will have the opportunity to help save the lives of the world's starving people. Someone will be in the grocery stores to receive your gifts. Thus far the response to the Emergency Food Collection has definitely not been up to what might be expected of Clanton. Let us give and give generously.

### Body Of Dick Kemp Rests In France

Mrs. Richard (Dick) Kemp of Clanton last week received information from the War Department that the body of her husband, Richard, had been transferred from Germany to France for burial. He is now buried in St. Arnold, France, 25 miles east of Metz, France. He now rests in Plot ZZZ, Row 8, Grave 94 of that cemetery.

Pvt. Kemp entered the service in March, 1944 and was sent overseas in September of that year. His outfit was rushed through France, Belgium and on into Germany. He was reported killed in October of that year—one month after going overseas.

Dick was a graduate of the Chilton County High School. He married the former Ophelia Monroe of Sylacauga. He has two small boys and one girl. The mother and children reside in Clanton.

### FLOYD L. MARTIN

Floyd Lee Martin, age 6, son of Porter and Lizzie Bell Hyde Martin, of Jemison Route 1, died at his home Sunday at 5:00 p.m. Funeral services were held Monday afternoon at 2:00 o'clock at Posey Graveyard, conducted by Rev. Rabie Crumpton.

He is survived by his mother and father; four brothers—Lloyd, Roy, Grady and Clifton; five sisters—Lucille, Agnes, Christine, Louise and China Delene.

Martin & Sons were in charge.

### BASEBALL TEAM TO PLAY McCORD LUMBER CO. HERE SUNDAY

The Clanton Independent baseball team will play McCord Lumber Company of Birmingham here next Sunday afternoon at 3:30 p.m. McCord Lumber Company were Birmingham champions last year.

There will be no game here next Wednesday afternoon.

### CIRCLE NO. 4 MET

An interesting program has been planned for Circle No. 4 of the W.S. C.S. at the home of Mrs. L. H. Reynolds Monday afternoon at 3 o'clock.

### CEMETERY CLEANING AT COLLINS CHAPEL FRIDAY

Oscar Smith—Possession of still—to await action of Grand Jury.

Melvin Love—Violating prohibition law, pleaded guilty; fined \$50 and costs.

James E. Edmarie—Vagrancy, to await action of Grand Jury.

### Terminal Leave Bill, Sponsored By VFW, Passage Expected

The Veterans of Foreign Wars sponsored bill in Congress to provide terminal leave pay for enlisted men on the same basis as that given officers is expected to be approved soon, Joe Denaburg, Alabama Department V.F.W. Commander, said recently after long distance conferences with V.F.W. national leaders.

A number of congressmen are pressing for passage of the bill which has already been given approval of the House Military Affairs Committee, according to Denaburg.

Under terms of the bill now pending in Congress, cash payment would be given all enlisted men of World War II for all farlough time to which they were entitled but did not receive with a limit of 120 days. Payments would be made to discharged veterans upon application.

The terminal leave pay bill is one of several bills being sponsored in Congress by the Veterans of Foreign Wars on behalf of veterans of World War II, according to State Commander Denaburg.

Free flying lessons are being given veterans at Gragg Field. For information call Mr. Bradley at the airport.

### High School Cannery To Begin Operation

Beginning Monday, June 17th, the Chilton County High School Cannery located at the High School in Clanton will be in operation on Monday Wednesday and Friday throughout the canning season for the use of the people of Chilton County. The hours will be from 8:00 a.m. until 3:00 p.m.

The plant was constructed by the county board of Education and is under the supervision of the teachers of Vocational Home Economics and Vocational Agriculture at the Chilton County High School. Everyone is invited to use the plant.

The following is some information regarding the plant:

1. All work is to be done by the patron.

2. Each family will provide two or more workers, including one man.

3. Vegetable produce should be in the plant not later than 12:00. The steam will be cut off promptly at 3:00.

4. Any number of families can be accommodated at one time.

5. Young children and pets should be excluded from the plant because of danger.

6. Patrons of the plant will find all utensils needed at the plant; however, they may be brought from home.

7. Patrons will bring soap and dish clothes.

8. All types and sizes of cans will be available at the plant at wholesale prices.

9. The total cost per can will be as follows:

For No. 2 cans (pint size):  
Service fee (to cover expenses)—Vegetables, 2 cents; Meats 4 cents.  
Cost of can (bought at plant)—Vegetables 3 cents; Meats 3 cents.  
Total vegetables—5 cents; Total Meats, 7 cents.

10. Patrons will leave the plant clean and in order.

11. No tobacco of any kind can be used in the plant.

For any additional information see your local teacher of Vocational Agriculture or Home Economics.

### Johnnie Cleckler Passes Monday

Mr. John H. Cleckler, age 78, died at his home Monday at 7:20 a.m. Funeral services were held Tuesday at 2:00 p.m., at New Hope. Burial was in adjoining cemetery.

All fox hunters of the county are urged to attend. Others invited.

### Chilton County Registers 3 to 1 For Folsom

Never in the history of the State of Alabama has a gubernatorial candidate been defeated so decisively as was Lt. Gov. Handy Ellis Tuesday in the race for governor. "Big Jim" Folsom, of Cullman, and leader by 16,000 votes in the May 7th Primary, carried on a whirlwind campaign that netted him more than 60,000 votes majority over the veteran Ellis.

In the Chilton County race the County was approximately three to one for the Cullman giant, the total with one box out was: Folsom 2,425 and Ellis 783.

The Governor-elect, James E. Folsom, is 37 years old and one of the youngest men to ever hold that office in the State. He was born at Elba, Ala., in Coffee County. He moved to Cullman some 10 years ago and entered the Insurance business there. His wife, daughter of Judge and Mrs. Carney of Coffee County, died four years ago. He has two daughters, Malissa and Rachael.

He attended the University of Alabama and Howard College. He served a short time in the army in World War II and was honorably discharged after which he joined the Merchant Marines. He is a member of the Baptist church, a Mason, a Shriner, an Elk and a member of the Woodmen of the World.

It was clearly shown in the race held Tuesday that Mr. Folsom did not control the CIO vote that his opponent accused him of. In every county where the CIO is strong the county was carried by his opponent, Mr. Ellis.

Below is the incomplete returns of the state as given late Tuesday night. This tabulation shows the returns of 2,001 boxes out of 2,353 over the state.

| County     | By     | County | Tabulation |

## LAW ENFORCEMENT PROBLEM

The Jefferson county grand jury has refused to indict a city police officer who was charged with murder in the fatal shooting of a young war veteran several weeks ago at a Birmingham night spot.

According to reports on the tragedy, the officer drew his pistol after suffering a broken nose when the slain man used his fists in resisting arrest, but a great deal of public resentment was aroused by the incident and there was some belief that punitive action would be taken. In fact there is still a chance such a course, as the county solicitor has announced his intentions to place the charges before a new panel to be organized in July.

This incident serves to emphasize one of the most difficult problems with which supervisory law enforcement officials have to deal. The question of when an officer is entitled to use a weapon in self defense varies with almost every case to arise and the most satisfactory solution lies in the employment of the best officers possible and backing them to the limit when there is substantial justification. Unless this course is followed, it soon would be difficult to employ officers of adequate calibre and our guess is that the Jefferson solicitor will merely submit the case in point to the next grand jury on its merits without actually seeking to influence the judgment of the panel number. — Selma Times-Journal.

War year always bring new stress on national anthems. They are played or sung at public gatherings and the practice generally continues for several years after a war, if not through all the years. Every citizen is proud to hear his national anthem on such occasions and there are times when the words and melody stir thrills from head to toe. This is as it should be, but does not the world now need an anthem or song that would be a prayer for peace—something that would be sung somewhere daily in one nation or another as a perpetual reminder that humanity can get along without wars?

Walking is getting to be a lost American habit although it has been recommended through the years as healthy recreation. There were times when whole families went out for an evening stroll, but now most of the walking is done by women who take to the practice in their efforts to reduce. How many persons can you find in your community who walk a mile a day for recreation?

### CHILTON COUNTY ABSTRACT CO.

M. D. FOSHEE, Manager

It is not safe to buy land or to lend money and accept land as security without first investigating the Title of the land. Often there are unpaid mortgages and judgments or other liens, affecting the Title, which an Abstract would set out. Therefore, when buying land or lending money thereon, it is important that an Abstract of Title be furnished. A few dollars spent for an Abstract is cheaper than going ahead and having a law suit a little later on.

### ABOUT TOWN

-By BEN

Thank goodness that's over. No more election for a while. It's a good thing we have a breathing spell between these things or we never would live over it.

We believe (and we are ashamed to admit it) that everybody wanted "Big Jim" but the daily and weekly press. The Chilton County News and the Pickens County Herald were the only newspapers in the state that could see the good in electing Folsom and the evil in electing Ellis.

We couldn't be the only two newspapers in Alabama that want to see honesty in politics—there must be another reason.

The answer probably is that the old-line politician has pulled the wool over the eyes of Mr. and Mrs. Voter so long that it had become a habit—but we corrected that, didn't we?

Now all we have to do is go to work and have four full years of getting things done for Alabama. We mean education, roads, welfare, old-age pensions, labor and dozens of other things that has been neglected by the professional politicians for so many years.

Sparks went in with a bang after the death of Bibb Graves, but he soon lost his spark—his battery never was charged. He probably did less for Alabama than any governor in its history.

What the people want is action and accomplishment. We do not want our tax monies hoarded on Capitol Hill. We want the state taken from the ranks of one of the lowest in the nation and raised to its place among the leaders of our nation.

Mary had a little lamb

It's fleece was white as snow,

But everywhere that Mary went

'Twas her calves that stole the show.

Saw Claude Craig and the family leaving Saturday night for a week end on the river at his camp. Understand that Claude was telling a friend about his catch Monday and the conversation went something like this: "It was a bass of enormous size," said Claude. "I tell you I never saw such a fish." The friend returned, "I believe you, Claude."

And, by-the-way, mothers and fathers, now that school is out for the summer months, let's not let our children wreck the school buildings over the county. This thing of breaking windows and destroying public property by careless children during summer vacation is needless. Remember, we are the ones who pay the bills too. Encourage your youngsters to protect and not neglect our public buildings. It will pay you dividends in the future.

A woman went into a meat market and ordered 25 pounds of hamburger, 14 pounds of steak, a heavy rib roast and some stew meat.

"Send it all to my house," she added.

"I'm sorry," the butcher said, "but we have no delivery service."

"Don't be silly," the woman scoffed.

"That's your delivery wagon out front."

"Yes," the butcher explained, "but you just bought the horse."

Received this week a letter from Louis Cook, and writes that he is catcher on the baseball team and is batting .345. Louis also states that he has knocked 15 home runs this year. We believe he said that his team was in third place in their League. As you remember Louis is an army veteran of five years and helped kick the Japs on four of the South Pacific Islands. He is getting along fine and promises to come to see us some time in July.

Another letter we received this week is from Jesse A. Culp. Jesse is sta-

tioned at the University of Pennsylvania, at Philadelphia and seems to be poking a little fun at the anonymous writer of a few weeks ago. Anyway, here is the letter:

Mr. Ben Tucker, Editor,  
Chilton County News.

Too Ben Tucker:

Bin I seen that letter in you're kolumn that somebody rote & I won't to protest.

I thank it's a good picture & i bett it weren't maid when you was 17. Coarse i know Clark Headley is good looking but you kud put his picture on another page in the News & keep you're own hit are, cause you wudden git no fun from bein' the editor iffen you kudden put you're picture in the paper.

A steady reader,

### MORAL ECHOES

Rev. D. W. Haskew, D.D.

In Tuskegee, Ala., there stood an old oak tree that was near a century old. During this period of time worms, insects and beetles had looked upon it, but they kept their distance for the tree was alive. It was useless for them to tackle it when sap flowed and green leaves grew. It was too much alive for an enemy to destroy. But one day in August a dark cloud came up and a strip of lightning flashed down the trunk of that tree and it died. In a very short time worms, beetles and bugs gathered for a festival in its trunk, beneath its bark and among its many roots. Be sure that you are safe from all enemies of your soul life as long as you are pulsating with the life of the Spirit, but the very moment that your soul dies, then cometh in the evil spirits and your last state will be worse than your first. It is soul life that frightens off soul enemies.

The water that is beneath the ships where the fleet of the nations float can be traced back to the streams among the hills where the lads wade and play. In like manner when the toper lies dead over his cups, there is an invisible line that runs back to time when he took his first dram. When a triumphant saint is forever still in his last sleep, there is a shining silver thread that reaches back to that day when a Christian mother sang a sweet lullaby and breathed a prayer for him in infancy. ### PILOTS ENJOY PICNIC

Eighteen members of the Clanton Pilot Club enjoyed a picnic last Tuesday evening at the home of Mr. and

from the past. It follows us to the end of the way.

Not long since a fourteen year old boy fell from an elevation and his arm suffered a bad break. After the physicians had done their best in giving aid, they had no hopes for the arm. Gangrene set in and amputation became necessary. Neither the boy nor his parents would consent to the operation and the doctors had to secure an order from the court in Chicago in order to amputate the arm and save the boy's life. Sometimes it is legitimate to do a man good against his will. Under certain conditions some people are not able to see what is best for them. Often men have had to be held back by force from entering a burning building. Later on they were able to see the folly of their intended action. When people are not rational, some one should act for them.

Mrs. "Chick" Fiquette. On the well lighted lawn were tables, chairs and cold drinks to welcome the guests.

All the good eats that go with a picnic were immediately placed on the tables. Some business was attended to. Members voted to sponsor the Girl Scouts in Clanton. Molly McGinnis and Miriam Gerald were in charge of the initiation of several members.

Laura Little gave them the history of Pilots and the Code of Ethics.

Time for leaving such charming hosts and hostesses came all too soon. The next meeting will be on the fourth Tuesday in June at the home of Mollie Belle Smith. Pilots, please remember the time—6:30.

## We're Fighting For ALABAMA'S Share

THERE'S a mad scramble going on.

We're in it, fighting for our share of electrical equipment and materials necessary to extend electric services to both old customers who want to expand their use of electric service, and to new applicants.

We're getting some of the things we need—as a result of our placing large orders last year, just as soon as government regulations permitted. Others have been placed since, but what we're getting is just a trickle compared to the need.

The demand for additional electric service is nation-wide. Electric utilities, industry and housing in every state are in the mad scramble to get needed electrical equipment and materials.

There is no shortage in electric generating capacity. We have ample reserves to supply every present and potential need for electric service. The problem is to get enough materials and equipment to build lines and substations.

We're doing, and will continue to do, everything possible to bring electric service to those who have applied for it at the earliest possible date.

PETE JARMAN ELECTED PRESIDENT OF DEMOCRATIC CLUB

At the fifteenth annual stockholders' meeting of the Jefferson Islands Club Congressman Pete Jarman was elected President to succeed former Senator Harry B. Hawes.

Mr. Jarman is the fifth President of this Democratic Club which was formed for the purpose of supporting, defending and advancing the fundamental principles of government enunciated by Thomas Jefferson. Each of the Club's former presidents were members of the United States Senate. On its membership roster are such names as Barkley, Truman, Byrnes, Davies, Farley, Hull, Tamm, Rayburn, Roosevelt and many other leaders of democracy in government and industry.

It was but natural for Pete Jarman to have risen to this position of leadership in the Jefferson Islands Club on the Board of Governors of which he has long served. The main object of this club is to discuss and promote Jeffersonian philosophies, to the end that they may become controlling in Federal and State governments. The Club is looking forward to a most progressive period under Mr. Jarman's able direction.

REUNION

A family reunion was held at the home of Mr. and Mrs. S. B. Smith at Stanton, Ala., May 26.

Those present were: Mr. and Mrs. Jessie Smith and children, Wilodean, Dorothy, Joan and Johnnie of Stanton; Mr. and Mrs. Ezell Calfee and children, Clencie Mae Culp and DeLores of Birmingham; Mr. and Mrs. C. V. Smith and children, Cecil, Shirley and O'Neal of Stanton; Mr. and Mrs. Calvin Smith and daughter, Betty Jean, of the U. S. Navy; Mr. and Mrs. Bartie Smith and children, Junior and Elaine, from Virginia, now reside at Stanton; Mr. and Mrs. Oscar Mims and children, Zannia Mae, Betty Lou, Lula Mae, Aderine and Francis of Clanton Route 3; Mr. T. K. Smith of Stanton, Ala.

Other guests were Mrs. Mina Mims of Clanton Route 3, and Miss Venice Chism of Stanton, Ala.

All enjoyed the day—a picture-taking and talking. At noon a bountiful dinner was served. This was the first time the family has been together in about 12 years.

CITIZENS URGED TO SUPPORT NEW EDUCATION BILL

The Women's Society of Christian Service of the Clanton Methodist Church at their sixth monthly business session voted unanimously to endorse the compromise Federal Aid for Education Bill which was recently introduced in the Senate by Senators Hill, Taft and Thomas. A letter has been written to be sent to our Congressmen from the Society urging passage of the bill. The new bill (S-181 Amended), every State, no matter where he lives, no matter what his color, or race or creed. The money will go to the states. The State Department will apportion it. The Society expresses the hope that all citizens will write congressmen and urge passage of this bill.

TEMPLE CHURCH

We had a nice crowd at Sunday school and church Sunday. Several visitors were present. We are glad to have them and invite them back.

Bro. Hickman brought us a wonderful message on "The Works of the Holy Spirit." After the morning message we had a Communion service.

Bro. Stuckey brought us a very inspiring message Sunday afternoon on "The Road to Zion." We invite Bro. Stuckey and Concord members to visit us again.

Bro. Hickman will speak at Concord church Sunday afternoon, June 16, at 3:00 o'clock.

WILD LIFE CONSERVATION CLUB MEETING

Everyone is urged to attend the Wild Life Conservation Club meeting which will be at the courthouse Friday night, June 7th. There will be a very interesting and educational program. A picture will be shown on some phase of wild life and the conservation of our wild life here in Clifton County.

Everyone is urged to attend even though they are not members. This is an organization for the people of Clifton County and not an organization for its members alone. Young boys and girls are especially invited to attend. The picture will be interesting to them.

All members are requested to be there. — Raymond P. Mims.

BOLL WEEVIL THREAT, CONFRONTS FARMERS

It looks as if the dreaded boll weevil—robber of every seventh bale of cotton grown over the South—is getting set to pull his old trick.

Weather conditions have been ideal for boll weevil to live through the winter and spring in areas near last year's crop, and indications are that the insect will enter cotton fields in heavy numbers.

W. A. Ruffin, API extension entomologist, says that hot, dry weather during June may result in comparatively light weevil damage even though the initial weevil infestation is heavy. But farmers cannot afford to count on the weather taking care of the boll weevil problem. Now is the right time to buy calcium arsenate—which is rather hard to get—and be ready for the pest, Ruffin advises.

Through the magic of home freezing, garden freshness and flavor can grace the table all year round. Modern methods make it possible to freeze most fruits and vegetables successfully, says Lavada Curtis, extension food preservation specialist, Alabama Polytechnic Institute.

Purchasers of aerosol insecticides containing DDT should read labels on the containers before purchasing. Labels indicating that the aerosol was manufactured under a license issued by the Department of Agriculture are a guarantee of safety.

JACKSON CHAPEL

We are really having good services here at this place every week-end. Our Sunday school is still growing every Sunday. The house was full again Sunday night. Bro. Thrash brought a good message for us Sunday and Bro. Celco Cofer preached for us on Sunday night. There is Sunday school at this place every Sunday at 10:00 o'clock. There will be a baptizing down at Yellow Leaf creek Sunday evening at 2:00 o'clock. Rev. J. L. Minor will preach for us Sunday night. Everybody come out and worship with us.

We are planning on having a home-coming here Sunday June 9th. We invite everybody that knows the Lord to come and be with us all day.

Bring a lunch and spend the day in worshipping the Lord. Bro. R. Z. Byler is the pastor. Everybody come praying.

O-TWO-TANS TO HELP MEET FEED SHORTAGE

To help meet the feed shortage, O-two-tan soybeans are being planted by Alabama farmers.

Based on years of experience farmers have decided that this is one of the best varieties of soybeans, and J. C. Lowery, API extension agronomist, advises that O-two-tans be planted immediately as the crop is usually not very satisfactory if seeded late.

Land should be prepared about as for corn. Plant 30 pounds of seed per acre in rows wide enough to permit one or two cultivations. Use 300 to 400 pounds of 0-14-10 or 200 to 300 pounds of superphosphate and 50 to 70 pounds muriate of potash, or 400 to 500 pounds of basic slag and 50 to 70 pounds muriate of potash. Put the fertilizer in the rows.

MANY MISSIONARIES ATTENDING WASHINGTON ADVENTIST CONFERENCE

Among the delegates attending the General Conference of Seventh-Day Adventists in Washington, D. C., June 5-15 will be many missionaries on furlough and others waiting to be returned to foreign service. Many missionaries present suffered hardships in Japanese and German prison camps. One medical missionary comes from an isolated mountain area in the French Cameroons, West Africa, 600 miles from a railroad. Representatives from India conversant with the seething political condition and in touch with Gandhi and other religious leaders are among the delegates. National church leaders from the Celebes, Iraq, India, Siberia, the Philippines, China and other countries will give color to the world conference.

Probably the heaviest demands for men and women ever made upon the church in the homeland will result as missionary leadership is provided in foreign lands.

With the present feed outlook, J. C. Lowery, API extension agronomist, urges that farmers make a special effort to harvest every possible bushel

FIRE PROTECTION GIVEN TO FORESTS IN LAMAR, MARION

Through the cooperation of the county commissioners in appropriating funds for such purpose, county-wide forest fire prevention and suppression programs will be placed in effect in Lamar and Marion Counties, it was announced by State Forester J. M. Stauffer of the Alabama Department of Conservation. The programs will be initiated July 1 when the new Federal fiscal year starts and matching funds from that source become available.

Lamar County will be extended forest protection for the first time, Mr. Stauffer said. Of the county's 387,200 acres, some 236,000—or 61 per cent—are classified as forest lands. The county commission, which made the cooperative funds available, is composed of Judge S. G. Johnson, J. W. Price, C. F. Burnett, R. C. Paul and J. G. Cook.

A small corner of Marion County lying adjacent to the Walker County forest district has been under protection through the efforts of cooperating landowners. Under the program all of the county's 475,528 acres—of which 622 per cent, or 296,200 acres, are forested—will be protected. Marion's county commission is composed of Judge Angus Berryhill, G. S. Davis, H. E. Lindsey, V. C. Burleson and E. C. Hollis.

The pan and its handle should be well balanced so that the pan stands steady even when empty. Too heavy a handle makes a tipsy pan that is awkward and may cause dangerous spills of hot water or food.

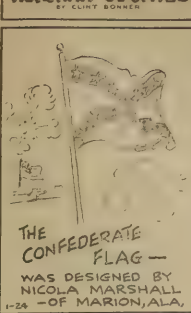

In one phase of producing for the war effort Alabama farmers raised 468,000 acres of peanuts last year as compared with 192,000 acres in 1928. The yield per acre was increased from 550 to 725 pounds during this period.

Milk Mixture for Stomach Ulcers

A recent medical discovery now used by doctors and hospitals everywhere has proven unusually successful in the treatment of stomach ulcers caused from excess acid. It is a harmless preparation yet so effective, in many cases the pains of stomach ulcers disappear almost immediately. Also recommended for gas, pain, indigestion, heartburn due to hyperacidity. Sufferers may now try this at home by obtaining a bottle of LURIN from their druggist. LURIN contains this new discovery in its purest form. Easy to take. Just mix two teaspoons in a half glass of milk. Costs but little. Most satisfactory or money refunded.

If you do not happen to have a single-edge razor blade for ripping out stitches, take a strip of adhesive tape and fold over one edge of a double-edge blade.

### CARD OF THANKS

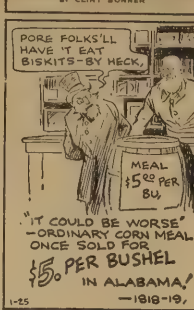

Editor Chilton County News:

Will you please allow us space to speak a few words of gratitude to our neighbors, friends and loved ones for their untiring services rendered during the extended illness and death of our dear husband and father? We feel that none has ever had more to be thankful for, even though our hearts have been saddened, but had it not been for the enduring patience of our friends, our load would have been next to unbearable.

Especially do we wish to extend our sincere appreciation to Dr. J. P. Hayes the family physician and long time friend of our departed loved one; and for the unusual floral presentations of close and far away friends. Then to the Martin's for the unexcelled way of burial preparation and every act of courtesy by them.

Last, but not least, our whole heart of gratitude is poured out to Rev. M. Lockhart and others who came into the home and read so many comforting passages that brought comfort and consolation in hours of pain and agony. Also for the consoling words of Rev. Lockhart and Rev. N. E. Cook, who officiated at the funeral services.

## ISABELLA

Sunday School at Mulberry was very well attended Sunday and B.T.U. Sunday night.

We are expecting a large crowd to be at Mulberry Sunday, as it is our preaching day. Bro. Stuckey is to tell of his trip to S.B.C. at Miami, Fla. The graduation exercise for Isabella High School was enjoyed by a large audience Wednesday, May 29th.

Mrs. Julia Fox had a reunion at her home Sunday, June 2nd. All her eight children were present including the children, grandchildren, great-grandchildren, in-laws and friends.

Mr. and Mrs. George Wright and family of Birmingham visited his sister, Mrs. Jessie Summers, here last week.

Arnold Bryant, who has been attending the University, is here for a few days with his parents, Mr. and Mrs. J. L. Bryant.

Mr. and Mrs. Ernest Davis, Ray and Susie Nell, and Mrs. E. P. Carter and children attended the singing at Friendship Sunday.

Mr. and Mrs. C. T. Little and Martha Sue of Winchester, Tenn., Mrs. R. E. Tucker of Birmingham and Mrs. Little of Birmingham spent the week end with Mrs. Emma Manning.

Miss Mildred Gaydon of Atlanta, Ga., visited her sister, Mrs. Lucile Veasey, here last week.

Mr. and Mrs. Milton Stevens of Alex City visited in our community last week. Annie Lee returned home with them after spending some time with her grandmother, Mrs. Ethel Cummings.

Miss Alma Tucker is now working in Memphis, Tenn.

Mrs. C. T. Farmer, Sue and Ann, from Titus, spent Sunday and Sunday night with her mother, Mrs. Emma Manning.

Miss Gallie Fay Clemen entertained a group of our young people at her home last Thursday night with a Weiner roast. Games were enjoyed by all.

Mr. and Mrs. R. L. Yielding, Katrene and K. Lemone, spent the week end in Hackleburg with relatives and friends.

Ernest Grooms, who works in Mobile, is here spending a few days with his family.

Mr. and Mrs. Johnnie Fox, daughter, husband and child, from Detroit, Mich., are visiting his mother, Mrs. Julia Fox, here.

Hudson Calfee of the U. S. Army is spending his furlough here with his parents, Mr. and Mrs. O. O. Calfee.

Rev. and Mrs. R. W. Stuckey have their daughters, Lois and Grace, visiting them.

## BOWLES

Mr. Charlie Bowles of Jemison spent last week with his brother, Mr. J. T. Bowles.

Mr. and Mrs. Elbert Bowles of Eastview and Mr. and Mrs. J. M. Bowles and family of Verbena visited Mr. and Mrs. J. T. Bowles last Sunday.

Clyde Ruth and Myra Chandler visited Mrs. John Friday a while Monday morning.

Alabama county agents report that there were almost 500,000 acres of winter grazing crops in the state last year—a new high. Indications are that this acreage will be increased this year.

Present plans for the Navy's post-war Organized Reserve calls for 25,000 officers and 175,000 enlisted men. Maintained in a constant state of readiness, they will be prepared to man Navy ships and shore billets on ten days notice in the event of an emergency call to active duty.

The U. S. Navy Office of Research and Inventions expects altitudes up to 500,000 feet will be reached by rocket vehicles to be provided by contracts now being negotiated by the Navy.

## Kathleen Norris Says:

### American Women Are Different

Bill Syndicate—WNU Features.

She never thinks of a family as a great all-embracing institution, where an older woman and a very much older man of right belong.

#### By KATHLEEN NORRIS

WHAT is there in the American make-up that causes us to demand perfection, and be dissatisfied with anything short of it?

I don't mean just the domestic perfection of fine sheets and clean rooms, matching curtains and well-cooked meals. I mean something deep inside that destroys the peace of mind of 9 of our women out of every 10. Perhaps 99 women out of every 100.

Why is it that American women enjoy real happiness only in brief snatches that are interspersed with long stretches of discontent and restlessness, frustration and sometimes despair?

French women, Italian women, women of the Scandinavian countries know no such misery. Each one of these accepts her destiny, lives in it and with it contentedly, mixes her good salads, simmers her good soups, mends and washes and airs the same old linens year after year, wears for years her substantial dress and warm shawl, chats with her neighbors in the market place, savors to the full all the simple joys of living.

#### Humbly Content.

So much for the European women. As for the Orientals, they live on so different a scale that there simply is no comparison. I knew one Chinese woman who carried with her wherever she went a fur rug and a three-legged iron pot.

"With these Chen Ling at home anywhere, Missy," she said, "I put 'em down, I no see 'em again."

How old the fur rug was I do not know. The cooking pot was more than 100 years old.

Families in Europe live in the houses their ancestors established, often with as many of those ancestors as are living. Chairs and tables and tea-pots last for generations. A deep inner content in family life makes these things sacred. The domestic group shifts, enlarges, changes; it is all good living to the busy, beloved, important woman of the house, whether she is hanging out snowy linens, gathering windfall apples, welcoming the new baby, robing herself in sepulchral black to follow the coffin of the dead. It is her life, and she likes it, and lives it to the full.

Even the English are much less demanding of circumstances and fate than we are.

"I've had my husband's mother with me since I was married," said an English woman whose children are almost grown. "Bob had three boys when I married him," said another, "so although I was only 18 I've never been to a real dance."

"Because my mother and father were invalids Joe and I waited 11 years before we could marry," a third said cheerfully. Incidentally, this patient woman has now a very high position, and she and Joe are an example of happy married life. But she had to wait for it!

Contrasted with all these women are some in this country who write me letters about conditions that are not only perfectly normal, but temporary. Our women seem unable to endure any burdens or inconveniences at all!

She doesn't want to be a matriarch.

#### COUNT YOUR BLESSINGS

This is the richest country in the world. There is more of everything here than anywhere else. Even people considered poor by American standards live on a scale that is the envy of most Europeans, and of all Orientals. Every American knows all this. Yet American women are the most discontented in the world. Those who are most favored often seem the most unhappy.

In Europe women have become accustomed to acceptance of their lot. Hardships, poverty, illness, crowded conditions, governmental oppression—all this they accept as part of life. They try to make the best of it, and are thankful for any good fortune. They bear up under difficulties that would send an American woman to the insane asylum. Oriental women have almost unbelievable endurance. They are poor beyond our conception, and must struggle hard for mere survival. Yet they are generally cheerful and uncomplaining.

#### Seeking the Unattainable.

Many a woman cheats herself out of happiness, dignity, success as a human being by an impatient sense that she must always be struggling for something unattainable. She must get rid of this piece of furniture and have those others recovered. She must tear down the curtains and send the dessert plates to the rummage sale. Her dining room is actually repulsive to her because of the old-fashioned light fixtures.

She never thinks of a family as a great all-embracing institution, where an older woman and a very much older man of right belong; where two small motherless sisters may find refuge, and visiting cousins be cared for in a general joyous scramble of made-up coats and extended dinner-table. To be offered the part of a matriarch, in the movies, would seem to her delightful, but to play that part in real life offers her no attractions.

So each family splits into separated units; each newly married couple entertains only its own few selected friends; each bride feels that every hour her husband's mother spends in her house is a distinct concession on her part. She fights her fight alone, cooks the company dinner single-handed, scrambles the children to bed, rushes upstairs to change her gown; the old gracious hospitality, shared by old and young, with grandfather in his own chair, and the children coming downstairs for dessert, is a thing of the past.

Less stress on material things, more cultivation of the spiritual values in human relationships, would make for us all a deeper, fuller sort of living, a surer safeguard in home ties, less danger—far less danger, of those constant cure-all trips to Reno, which are the gateway to a more intense unhappiness.

#### Comfort While Ironing

Home management specialists at Cornell U. say there's no rule-of-thumb method you can use to select a comfortable ironing board height. That's just something you have to work out for yourself. But their study shows you'll be less tired if you do adjust your ironing board to a height that's comfortable for you. And if several members of the family are using the ironing board... you need one that can be adjusted to different heights. Adjustable boards are now being made.

### MARY MARZELLE FOSHEE

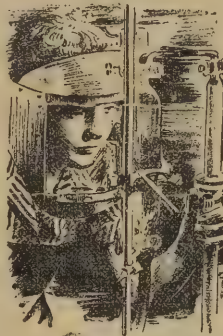

Mary Marzelle (Molly) Foshee, age 89, wife of the late W. Hugh Foshee, died at the home of her daughter, Mrs. J. R. Mullins, Thursday, May 30.

Funeral services were held at the home on May 31, at 3:30 p.m., conducted by Rev. Roswell Owens. Burial was in the Foshee family lot in Clanton Cemetery.

She is survived by one daughter—Mrs. J. R. Mullins; three grandchildren and five great-grandchildren. Pallbearers were: Louie Smith, Frank Callan, Erle Ellis, Hugh Jones, Dick Hayes and James Wade.

Mrs. Foshee has been a life long resident of Clanton. Her husband, W. H. Foshee, who died some 10 years ago, was very active in Chilton County's early political history, having at one time been Circuit Clerk. Mrs. Foshee was a life long member of the Baptist Church. Since her husband's death she has made her home with her daughter, Mrs. J. R. Mullins. Martin & Sons were in charge.

### INDUSTRIAL EMPIRE

To its great General Electric plants, Eastman Kodak factory and other world famous giant producers of vital supplies, New York adds 6,500 shops whose average employment is less than 40 persons. With future requirements of road, aviation and surface transportation greater than ever, these thriving industries will add millions to Government resources guaranteeing Savings Bonds.

"I don't intend to tell my age now after keeping it secret for 43 years!" — Congresswoman Clare Luce, Conn.

"That's a real crime!" — Senator Tobey, New Hampshire, after somebody stole 1 lb. of butter from his office refrigerator.

"This proves that people can be good." — Police Judge Fryer, Schenectady, N. Y., disposing of court business in 10 seconds on recent day.

"The OPA is the parent of all black markets." — Robert R. Watson, pres., National Association of Manufacturers.

"Control inflation by controlling government—that should be our slogan!" — Rep. L. H. Smith, Wisconsin.

"A friend who doesn't like John L. Lewis has suggested he be made President of the U. S., so he could take the responsibility for the actions of labor leaders." — Elmer Davis, commentator.

## KEEP SAVING!

## State Begins New Emphasis To Encourage Saving Habit

Chairman McMillan Calls On Citizens To Put Extra Dollars Away For Rainy Days To Come

Keep saving. This is the message of State Savings Bond Chairman, Ed Leigh McMillan, to Alabama war bond buyers. "The Treasury Department has answered the national request for a continuation of the war bond program," Mr. McMillan said "by issuing United States Savings Bonds. "The Savings Bond is a war bond out of uniform. It is designed to do the same job for the bond buyer that war bonds did for the men who went overseas to fight.

"We were asked to buy war bonds to 'Back the Attack', now we are asked to buy savings bonds to 'Back Our Own Future'.

"Every dollar put away now means a cash reserve when dark days come in the future.

"We must spread the national debt. Stop inflation. Have money for new homes, new cars, new appliances, new farm equipment, additional farm lands, vacations and education for our children. Buying U. S. Savings Bonds now is the way.

"There will be a great national

### VFW Backs Savings

The Veterans of Foreign Wars in Alabama will put their posts, 138 in the state's 67 counties, behind the emphasis in the purchase of United States Savings Bonds from June 6 through July 4, State Commander Joe Denaburg announced this week.

VFW units were urged by Commander Denaburg to hold meetings, contact citizens and do everything possible during the emphasis period to tell Alabamians "You Backed the Attack" when we were overseas, now "Back Your Own Future. Keep Saving."

emphasis to encourage further saving from June 6, the second peace-time anniversary of D-Day in France through July 4, Independence Day. The radio, press, advertising industry, the magazines and the retailers will back the emphasis with messages telling us why and how to save.

"Alabama's great war bond record still stands. I know that we will keep saving when we understand that our dollars are needed not just for the use of our government but because we now have the opportunity to do something for ourselves."

A speed record for sub-sinking was credited to the destroyer escort USS ENGLAND. In eleven days the sleek Navy harrier knocked out five Jap

subs and participated in the kill of a sixth.

## Durwood Williamson Day To Be Observed Here July 4th

Durwood Williamson Day, in memory of one of Clanton's all-round athletes who lost his life in World War II, will be observed in Clanton on July 4th. The memorial program in memory and honor of Durwood is being sponsored by the Clanton baseball team.

Complete arrangements have not been made as yet. The program for the day will be announced later. It is hoped that a guest speaker, maybe one of "Duck" coaches, can be brought to Clanton to deliver the memorial address. Durwood's parents, who now reside in Selma, will be here for the event. Further particulars will be announced later.

## All-Day Singing At Pleasant Grove Sunday

There will be an all-day singing at Pleasant Grove, four miles west of Jewison, on the fifth Sunday in June or June 30th. Everyone is invited to attend. Several guest singers are expected to attend.

## "Pig" Headley Back Into Grocery Business

Lewis "Pig" Headley, who has been away from Clanton in the Marine Corps for three years, wants all his friends to know that he is now back home and in business again. Lewis has opened a grocery store in West End across from Broadheads. Lewis says that if you want groceries just let him know. That's his business—groceries, groceries and more groceries. In fact, "Pig's" Place is the grocery headquarters in West End.

## Softball Thursday Night At 7:30

The American Legion is sponsoring a league of softball to be played under the lights at the High School on Tuesday and Thursday nights at 7:30. The first game of the season will be Thursday night, June 13th, and there will be games every Tuesday and Thursday nights throughout the Summer.

The American Legion has organized this league with the sole thought in mind of furnishing recreation for those people that are not able to participate in baseball or other day time sports. Also, with the thought in mind of furnishing entertainment for the young boys and girls of Clanton and Chilton County, as well for older people.

All people taking part in these games will be only people from Clanton and Chilton County.

In order that the expenses of furnishing the playing equipment and paying the light bill, there will be a small admission of 10c and 20c. The American Legion does not have the thought in mind of making money out of these games, it is purely for recreation and entertainment.

We solicit the entire support of Clanton and Chilton County in this new endeavor.

Those persons interested in playing are asked to get in touch with Raymond P. Mims or Reese G. Mullins at the post office immediately.

## "Big Jim" Thanks County Voters

To the People of Alabama:

I am deeply moved by the expression of confidence that the people have shown me. Humbly and with heartfelt gratitude I say to the good people of Alabama: Thank you! In this hour my thoughts turn to the people of this great State whom I am going to represent with every ounce of energy of my being during the next four years. I call on every man and woman in Alabama to help me in working for the great destiny that rightfully belongs to our State. God bless you all. Sincerely,

JIM FOLSOM.

## Roy Grady Wilson Passes At Home

Mr. Roy Grady Wilson passed at his home on the Selma road in Clanton last Thursday, June 6th, at 6:30 p.m. He was 55.

Short services were held at the home on Friday afternoon at 3 o'clock. The body was taken to Montgomery where funeral services were held at the Seventh-Day Adventist Church Sunday at 3:00 p.m., conducted by the pastor of that church.

Surviving besides the wife are two sons, Rowell G. of the U. S. Army in Japan and Melvin D. (Shorty) of Montgomery; three sisters—Mrs. Minnie Jenkins of Montgomery, Mrs. B. L. Raulston of Montgomery and Mrs. E. A. Crider of Tuscaloosa; four brothers—J. L. of Union Springs, E. J. of Columbus, Ga., F. T. and W. L. Wilson of Montgomery.

Mr. Wilson was formerly a representative of the Liqueur Life Insurance Company in Clanton. At the time of his death he was employed at Maxwell Field, Ala.

Martin & Sons were in charge.

## School Library To Be Open During Summer

The library of Chilton County High School is being made available to all high school students and to the adults of Clanton during the Summer months from 3:00 to 6:00 p.m. on Wednesdays and Fridays through the supervision of the members of the local branch of the American Association of University Women. On Friday afternoons at four o'clock a story hour will be held for all children from six through ten years of age.

At their latest meeting on May 23, the local branch of A.A.U.W. set aside a small sum of money as an initial step toward a county library. Other clubs of the city are also giving their influence to this project.

The following officers for 1946-47 were installed at the May meeting of the branch: President, Miss Elsie Schurter; Vice-President, Mrs. B. J. Hays; Secretary, Miss Myrtle Wesson; and Treasurer, Mrs. B. R. Wall, with the acceptance of Miss Mattie Jo Barber as associate member, the branch has reached its full quota, until more rational members can be enlisted. Miss Carlotta P. Mitchell, leader of the program, presented Mrs. Mary H. Fowler, Superintendent of the Girls' Industrial School at Birmingham, who talked about her work with the girls and gave to the branch good suggestions which they can add to their program of work.

## MR. N. B. POSEY PASSES AT AGE OF 73

## LETTER OF THANKS FOR FOOD COMES TO MRS. D. P. CULP

A letter comes this week to Mrs. D. P. Culp from far off Czechoslovakia thanking the people of Chilton and Chilton County for their aid in feeding the starving people of the world.

Contents of the letter is printed below:

Dear Madam:  
Today we get from our U.S.A. friends in our factory the shipment of clothing and at diviging we found your letter from January.

We thank you for your kindness and be divided between the most wanting, because during of this terrible war was nothing to have.

Thanks of shipments from UNRRA is no want, only your meals are rather unusual. There is little cigars and especially in the high price are American ones. The trilling multi- from UNRRA are no more and remained only memory after good American citizens.

Your shipment was very welcomed, if our employers are women with children and they have great want.

We thank you at ones for your kindness and also your family and awaiting your answer, we remain,

Yours truly,

VICLAN KARVON,  
121 Sveahelstret, Pilsen,  
Czechoslovakia.

## Marbury To Play Here Sunday

The Clanton Independent baseball team will play Marbury here next Sunday afternoon. The game will start at 3:00 p.m., instead of the usual 3:30. On next Wednesday afternoon Clanton will take on Draper Prison here. Draper is supposed to have one of the fastest teams in the Montgomery district. Draper is managed by George Grant.

Last Wednesday Buck Creek's Hook Lowery handed Clanton's "Bull" Watkins a 7 to 3 defeat. Lowery allowed Clanton seven hits and three runs while "Bull" Watkins allowed Buck Creek six hits and seven runs.

The batting average of the Clanton this season is as follows:

| Player      | Ab. | Hit | Pctg |
|-------------|-----|-----|------|
| Smith       | 2   | 1   | 500  |

## CHILTON AND UNITY ASSOS. TO OBSERVE SCHOOL CF MISSIONS

The Missionary Baptist church of Unity and Chilton associations will participate in the annual School of Missions to be held at the First Baptist Church of Clanton June 25-26.

The morning sessions will open promptly at 9:30 o'clock each day and continue until 3:30 p.m.

In order to conserve food and extra labor, and as a patriotic gesture at a time when millions of the world are starving, everyone is requested to bring his own individual picnic lunch. There will be tables and chairs arranged in the church basement to accommodate the crowd.

We wish to express in this announcement the warmest and most urgent invitation to every Baptist congregation in Chilton and Unity Associations to attend both days.

"The Lord of the Harvest is counting on us, His followers, to assemble ourselves together at this annual occasion, to think His thoughts regarding world missions and to receive His Great Commission again for our day. He bids us, 'Come, for all things are now ready. Let none say, 'Lord, I will follow Thee, but let me first go bid them farewell which are at home at my house,' or 'I have bought a piece of ground and I must need go and see it; I pray Thee have me excused,' or 'I have bought five yolk of oxen, and I go to prove them,' or 'I have married a wife and therefore I cannot come.'"

It is so easy in this materialistic, money-mad age for even Christian people to be tempted to neglect the things of the spirit, to put "furnus and merchandise" ahead of the work of God's Kingdom, to be governed by convenience rather than sacrifice.

Plans for this School of Missions have been in the making for many months. Our opening devotional services will be led by Miss Rachel Colvin, Art Editor of our Southwest Missionary Periodicals. She will give a series of "Chalk Talks," reaching our hearts through illustrated messages. This will be a rich and rare privilege, and immensely interesting to both young and old.

Those who have labored in God's harvest fields will bring reports of Gospel triumphs, and will re-awaken our hearts to the challenge of the hour by their messages. Gifted teachers are coming from all over the State to lead each age group in Mission Study classes. Text books will be available for all.

We are looking to the pastors and to the leaders of the various church organizations to get this information before all the people. Please pass the word around in your churches and communities. Do not leave your neighbors behind, but share your cars and trucks. Bring all the family—both parents and children, for all are welcome. Let nothing interfere, "For them that honor Me, I will honor," saith the Lord.

## Native Of Chilton Dies In Nevada

Mrs. J. M. Robinson, who has scores of relatives and friends in Chilton County died Tuesday in Reno, Nev. She was the daughter of Mr. and Mrs. S. J. Hammell of Verbena. She leaves two daughters, Mrs. Rebba Easterling of Clanton, Mildred of San Diego, Calif.; one son, Clyde Robinson, of Nevada. Burial will be held Saturday there. Mrs. Easterling left Tuesday to attend the services.

## WHAT TO DO IF POLIO STRIKES

Infantile paralysis, the dreaded killer—is on the loose again. In northern Alabama a number of cases have been reported. Cases have been reported in Jefferson and Calhoun counties.

The National Association of Infantile Paralysis has issued a list of precautions to go by. Some are:

Avoid new contacts. Watch for headaches, unexplained fever, colds and even upset stomachs. If these symptoms appear call a doctor and get medical attention at once. Don't take chances. Carry on normal activities. June through September is the danger period. Follow these simple rules: Don't get overtired, avoid chills, keep clean, help keep your community clean, avoid win in polluted waters, avoid contact of toes prior to or during polio epidemic season.

## Fox Hunters

### Asso. Reorganized

The Chilton County Fox Hunters Association met at the courthouse last Saturday and reorganized. Buddie Ellison was elected President and R. B. Johnson of Jewison, Secretary and Treasurer. It was decided that the annual hunt be held some time in July, the exact date to be announced later. New life seems to prevail in the organization.

Mr. Ellison urges the boys to get their dogs ready for the annual hunt, which promises to be the most interesting ever. Several hunters will attend from outside the county—Montevallo, Birmingham, etc. There will be a good supper and everyone will have a good time. The new officers covet all co-operation of everybody interested.

Miss Owen has represented the College in several district meetings of the State and is doing good work on the campus.

She will attend the B.S.U. Convention at Ridgecrest, N. C. June 5-13.

## Folsom's Vote Biggest Ever Received For Gov. Candidate

Montgomery, Ala. — James E. Folsom's vote on June 4 was the biggest ever received by a candidate for Governor in the history of Alabama. Although the exact official vote will not be known until the State committee meets and canvasses the returns, it is not expected to vary appreciably from the tabulation as this is written, showing 201,688 votes for Folsom to 142,928 for Lt. Gov. Handy Ellis. The previous record was established by W. V. Brandon in 1922, when he polled 163,217 votes to 44,151 for Bibb Graves. Although the total vote in succeeding elections has been much greater than in 1922, the Brandon-Graves race was so one-sided that up to now no candidate had ever received as many votes for Governor as Brandon did. He carried 66 of the 67 counties, and still holds the record in that respect and also in size of his majority over his opponent.

Folsom's election upheld two well-established traditions. First, the practice of electing a man who has been beaten once and tries again. Second, that in Alabama the office of lieutenant-governor, instead of being a stepping stone to the governorship, is actually a back to the governor's office.

For the first time in the history of Alabama, a man has been elected governor for the first time. The election started in 1922, when Folsom, defeated in 1918 by Thomas I. Kilby, ran a second time and won. Graves, defeated by Brandon, was elected on his second attempt in 1926. B. M. Miller was elected in 1930 in his first race for Governor, though he had been defeated for a place on the Supreme Court four years before. Graves was elected a second time in 1934, defeated Frank Dixon, who came back to win in 1938. Chaucer Banks, runner-up to Dixon in 1938, won in 1942 and won, with 148,000 votes, in the race.

Mr. Folsom, the lieutenant governor to whom the voters gave the last 20 years, and the third to be defeated. The other two were Charles S. McDowell in 1926 and W. C. Davis in 1930.

In all three races the lieutenant-governor looked like a winner at the start, but weakened in the home stretch.

That Alabama voters like a good loser was indicated in the recent race for lieutenant-governor as well as for Governor. J. C. Inzer, nominated for lieutenant-governor in a close race with Reuben L. Newton, was running his second time for the office, having been defeated in his first race in 1942.

## OFFICIAL COUNT OF ELECTION GIVES FOLSOM 61,042 VOTES

The official count of the June 4th election gives Gov.-elect Folsom 205,168 votes and Lt.-Gov. Handy Ellis 144,126 votes.

The total vote was 349,294, the largest vote ever polled in a run-off primary and the second highest ever cast in the state in any election.

## PARKER SMITH HONORABLY DISCHARGED

Parker Bristow Smith, seaman 3-C, was recently discharged from the U. S. Navy after serving for 23 months. Parker spent 17 months of that time at sea in the Atlantic and Pacific. He is the son of Mr. and Mrs. Wilbur Smith of 106 3rd Ave. South Clanton.

1870 - 1942

Charlie Dobbins, Editor of the Montgomery Advertiser, dropped in to see us Tuesday on his way from Montevallo back to Montgomery. When we asked Charlie to come on in and tell us something, he countered with, "I have already talked too much. Looks like you will have to do the talking for a while."

Editor Dobbins is a good friend. He was a good friend of our father, the late Mark Tucker. But we can't help gloating just a little when we see him and saying, "We told you so," when we think of the heated campaign they waged for Mr. Ellis.

Incidentally he admits that the "gang" at Montgomery hasn't fully recovered yet.

### MUSIC COMES TO CLANTON

Members of the new organization that have set their goal to bring civic concerts to Clanton are to be congratulated.

Bob Oglesby has been elected president of the group and we are sure that the music lovers of Chilton County will fall in line and make a big success of this fine venture.

As stated by Mrs. Raymond Mims this week, "We have made spectacular music progress in the past several years and this meeting was the outgrowth of public demand for good musical entertainment."

The new organization will be making plans for civic concerts all summer and promise to keep the public informed as to developments which we are sure will be encouraging.

### IT'S OUR MISTAKE

Three horsemen of death spin along the highways around Chilton County, with their devastating result to motorists and pedestrians. At the rate we are going, there will be more people killed outright on highways during 1946 than there were lives lost in either World War I or II. Death by auto is on the upward sweep. There are 40 thousand men, women and children slated for it this year, through such auto accidents, unless we mend our ways.

The three horsemen of the highway are: Speed, liquor and faulty vision, according to the vital statistics. All three can be harnessed and made to ride the roadways in peace and comfort. We can keep the car in perfect running-order mechanically, but with the driver not correcting his shortcomings, the car is no good. Talk of contracting for super highways to lessen traffic accidents means nothing if the man who sits behind the wheel is driving while intoxicated. The victim who lies beside the road, dead or with a fractured jaw, concussion, broken leg, crushed pelvis, can't do much about the fellow who caused the accident due to poor vision. Don't bet on your own care but remember that the other driver may be the fault. All we can do is keep our own record clean.

### ARMY SAVING

Give credit where credit is due, especially when the Army, criticised for waste, strives to save. In Fort Benning, Ga., they saved 30,000 pounds of bread in April over March. Householders everywhere might take notice. They managed to reduce waste by reducing the weight of a loaf from 20 to 18 ounces, controlling the cutting and serving of bread at messes with no waste, cutting slices thinner, cutting each slice in two which is a natural saver, using bread left-overs into puddings and such. This is a determined effort and an interesting experiment. Congratulations, Ft. Benning.

### A SERIOUS SITUATION

We growl when the black market in meat cuts local menus, but when the same practice affects the nation's health due to lack of certain medicines prepared from meat animals, the growl turns to a groan. Insulin is needed to control diabetes. Liver extract is necessary to treat pernicious anemia. Pancreatin, thyroid and pituitary are gland extracts affected. The slaughterer who butchers under cover, throws away the by-products of the animal while getting his cut in the black market. That there is a shortage in soap, fertilizer, leather, is due, in part, to law-breaking individuals discarding the bones, hides and fat of the animal. This has been felt in all towns like Clanton.

### ABOUT TOWN

-By BEN

The fellow that used to drive to the country to see the beauty of nature now drives out there because he found a place he could buy butter.

A friend tells us that there really used to be a person known as Mother Hubbard. Well, we have the dog and bare cupboard.

Jimmy Bell says anybody can make a mistake. "For instance calling that thing a woman wears on her head a hat."

In the Spring a young man's fancy turns—well ours has definitely turned away from the river for a while. Last week we decided we would journey forth to the river to rid ourselves of worldly cares and woes. We did. But we have been spending 99 per cent of our time since, trying to rid ourselves of red bugs. They are the most persistent little cusses—and such places!

Understand the city has a new truck for the Street Department. That's good. What with the demand for better street maintenance, since more traffic is crowding our streets and our little city is growing fast into a larger city, it is well that our Mayor and Councilmen keep abreast of the times.

John Ponder Lawrence doesn't like our new masthead on the front page. We spent a lot of money on art work getting that new masthead and we sort of had an idea that we wanted to get some of the background of Chilton County into it. We succeeded in doing that but the lettering didn't turn out like we thought it would. Anyway, we are going to keep fooling around with it until we get it looking just like we want it to, and hope you readers will like it when we give you the finished product.

Virgil and Roy Mims have got set up next door where Clyde Mims Grocery used to be. They are open now and ready to serve you. We don't know yet whether we are going to have much fun with Virgil as we did with Clyde, but we are sure he will be a good neighbor. The only thing is that Clyde and the News force could always think of something to fuss about. And by-the-way, we did a pretty good job of it for eight years.

Many years ago Robert Burdette, editor of the Birmingham (Iowa) Hawkeye, wrote a column on "My Imaginary Talks to Boys" in which he said:

"My son, if you grow up to be a man no matter what high position you may attain, do not get the idea that you are so important in the world that the world cannot get along without you. If you want to know how important you are, fill a bucket with water and run your fingers down into the water. Then pull it out and look at the hole that is left."

"Are the hot irons ready?"  
"Yes, master, red hot!"  
"Is the oil boiling?"  
"Yes, master, searing!"  
"Is the victim tied securely in the massive chair?"  
"Yes, master, she cannot move."  
"Has the shroud been placed over her lithe figure?"  
"Yes, master!"  
"O. K., then . . . give her the \$25.00 permanent."

How in the world does a person go throughout their school years without being tardy or missing a single day? Being of a lazy disposition we cannot understand this. Well, this is exactly what Miss Loretta Peterson did. She attended Thorsby Institute for four years with a perfect attendance record. Our hat is off to the young lady or anyone who can make a record like this.

### CARD OF THANKS

We wish to express our thanks and appreciation to every one for their kindness and help during my wife's stay in the Central Alabama Hospital. Especially do we thank Dr. Golden, Miss Gardner and nurses; Dr. Lawrence. Also the following neighbors: Mrs. Miller, Bill Wilson and son, Renzo Heavely, E. G. Gore, Lloyd Patterson and sons, Lawton Wilson and children, John Wilson, Arnold Glenn, Ben J. Glaback.

Again let us say, thanks, and may God bless each and every one in our prayer. — Mr. and Mrs. J. R. Mitchell.

### MORAL ECHOES

Rev. D. W. Haskew, D.D.

One day an unreasonable man walked into Mr. Lincoln's office and said, "Mr. President, I appeal to you for your own sake, remove Grant from his position. The loyal people of this nation are demanding it." Lincoln said not a word in reply. After the accuser had completed his charges, he sat waiting for an answer. Mr. Lincoln sat in silence for several minutes and then shuffling himself to his feet he said, "I cannot spare that man, he fights." That was all that he said as he bowed the man to the door. Have you not heard of ministers, to say nothing of members, who would take it on themselves to accuse their fellowman. I wonder sometimes if God does not listen to accusers often and then say to Himself, "I know that person, and he is a defender of the truth. I cannot spare him."

I know a man who was accused of a wrong of which he was not guilty. A host of the baser sort made a bee line for the leaders of his church and made much of the charges that they had. The church leaders listened to the accusations and then joined in with the accusers and made much trouble in the church. Verily I say unto you, "To be accused is not the proof of guilt. No man was ever accused more than was Jesus, but He was without guilt. I sometimes wonder who so called good people can be so easily swept off their feet by accusations. Blessed is that man who can weigh evidence so that he can know the truth. False information can play havoc in the church of God. To be accused if no proof of guilt, and a Christian will surely wait in patience before he

barks and bites.

Every community, town and city, has its garbage gatherer, and if you linger much with those character mungers, you will get an ear full on ministers, deacons and stewards, and all other people, in and out of the church. After listening to these character vultures, we often wonder if there are any good people in the world. MacArthur had to mop up the Philippine Islands after he had conquered the Japanese army, in order to make it safe for the civilization of today. I tell you my friends it is time that the church should go out on a "mopping up" mission against those false accusers who do nothing but bark and bite.

### A Message from the President

DURING the trying war years we of the management of the Alabama Mills, Inc., have noted with great pride and deep satisfaction the fine and loyal service of our employees, who by their record of achievement have enabled this company to contribute toward the final victory.

With equal pride and appreciation we now see them continuing faithfully at their posts, carrying on with us the important job of production for peace and continued prosperity.

Among our more than 2300 workers in the mills of this and six other Alabama cities are some who have been with us for many years—

and whose faithfulness has been an inspiration to us and a help to others who worked beside them.

Therefore we are taking this opportunity and means of recognizing their long service—of presenting to their fellow citizens the pictures of those who have been with us for 15 years or longer, and the names of those who have worked for ten and five years, respectively.

To these employees, themselves, appropriate certificates in recognition of their loyal and faithful service during their association with us, as well as appropriate pins will be awarded—and

others will receive similar recognition when their periods of service have reached an equal number of years. With these simple symbols go mine and the entire company's sincere salute.

In honoring them we wish also to acknowledge the fine spirit of friendliness and hearty cooperation which has attended the successful Alabama Mills, Inc., operations in each of these towns, and to voice the anticipation of many more years of pleasant association.

Sincerely,

*W. H. Bannister*  
PRESIDENT

## CIRCLE NO. 1 MET

Baptist Circle No. 1 met at the home of Mrs. A. D. Martin Monday. The program was given by Mrs. Crit Jones and Mrs. Horsley White.

The Co-Chairman, Mrs. J. E. Gowen, presided over the business meeting. Mrs. Martin served a delightful refreshment during the social hour.

THE MARSHALL ISLANDS showing Bikini Atoll, and the near islands of the group. Here at Bikini, the "Crossroads" Commanders will direct this first "test" of the Atom-bomb against unmanned ships and shore installations. Approximately 97 ships of all types will be anchored within a two-mile radius of Bikini lagoon, with the battleship Nevada in the very center painted a bright orange to aid the atom-bombardier.

## CIRCLE TWO CLANTON METHODIST CHURCH

On Monday, June 10th, Circle Two held its regular business meeting at the home of Mrs. G. T. Evans.

Messrs. Mark Tucker, chairman, called the meeting to order, after which the Lord's Prayer was said in unison by those present.

The minutes of the previous meeting were read and approved.

The Treasurer's report was read and ordered filed.

After the business of the afternoon was disposed of, the meeting was adjourned.

The program chairman, Mrs. Omar Reynolds, then presented "Peace, Perfect Peace Through Personal Evangelism," assisted by Mrs. G. L. Wilkinson.

Miss Helen Parrish, granddaughter of the hostess, and recent graduate in speech and dramatics from Alabama College, read a delightful story that held the listeners enthralled.

The hostess served iced refreshments to the following members: Messlames Braddy, Ness, Reynolds, Tucker, Wilbanks, Wilkinson and two guests, Mrs. Carlisle Miller, Mrs. Duge, Mrs. J. T. Evans and Miss Helen Parrish.

## CIRCLE NO. 4 MET

She is survived by two sons, G. W. and L. H. of Clanton Route 4; two daughters, Mrs. Paralee Parrish of Clanton Route 4, and Mrs. Etta Louis of Gadsden; 16 grandchildren and 15 great grandchildren.

Palbearers were: R. E. Bradvery, Paulie Parrish, Dick Parrish, James Parrish, Jimmie Jones and George Waites.

Spigener Funeral Home in charge.

## Another Atomic Bomb To Be Exploded July 1

Another atomic bomb is to be exploded. This time not on the enemy but on the heretofore peaceful island of Bikini in the Marshall Islands in the South Pacific. "Operations Crossroads" as it is known, will occur on July 1st.

All natives from the Island have been removed by the Army and Navy.

The bomb, supposedly a better and more powerful bomb than the ones that raked the Japs on Hiroshima and Nagasaki, is being exploded for experimental purposes. Anchored within a two-mile radius of the explosive point will be some 97 ships of the U. S. Navy, ranging all the way from Coast Guard cutters to aircraft carriers and battleships. Aboard the ships and stationed at strategic points on the Island will be instruments and paraphenels of various types and designs to record the happenings on peaceful Bikini when the bomb explodes. Animals of all kinds from rats to horses and birds are being placed on ships to determine how the bomb reacts upon animals and fowls. (The hair has been shaven off some goats).

Some 37,000 members of the Army and Navy will take part in the operation led by Vice Admiral William H. P. Blandy. The bomb will be released from a B-29 bomber.

See the Softball games Tuesday and Thursday nights at 7:30 — under the lights.

## CIRCLE NO. 3 OF THE W.S.C.S. MET

Circle Three of the W.S.C.S. met Monday, June 10, 1946, in the home of Mrs. George Tucker. The meeting was opened with a prayer used by Miss Eva Parks, Secretary of Spiritual Life, Central Jurisdiction, at the Second Assembly of the Woman's Society of Christian Service, which was held in Columbus, Ohio.

Mrs. Joe Campbell, Circle Chairman, presided over the business session. Following the business session Mrs. Stanley Nevins led the group in their worship service on "Peace".

Following the worship service Mrs. George Tucker served delicious refreshments to the following members: Mrs. Hollis Jackson, Mrs. Stanley Nevins, Mrs. Luther Bean and Mrs. Joe Campbell.

Mr. and Mrs. Charles Messer of Mobile, Ala., are spending a few days here with their parents, Mr. and Mrs. C. D. Messer.

# Kathleen Norris Says:

## The Woman Who Won't Forgive

Bell Syndicate.—WNU Features.

The goodness—just old-fashioned goodness—that is patient with a sometimes dis-appointing husband, with exacting children, is what America so desperately needs now.

By KATHLEEN NORRIS

MARGERY CURRY writes me from Plainfield, New Jersey, that she wishes she could forgive a person who once has injured her. She says she is so made that she cannot, and that her married life is being destroyed in consequence.

This is the purest nonsense. To assume that you "cannot forgive" an injury or injustice in this life is to proclaim yourself a person of limited intelligence, incapable of growth.

Margery's story is that her husband was deceiving her about money for many years. For 14 years Bob sent \$50 a month to an old woman who worked for his mother as housekeeper, seamstress, nurse. When the old woman died Bob's office secretary commented to Margery upon Bob's generosity, and Margery hasn't "forgiven" Bob yet. She keeps a cool civility going before the children, but she has moved out of the room she and Bob have shared for 15 years, and as Bob says that unless this sort of foolishness stops he'll get out for good, matters have reached a serious point, and Margery, in floods of tears, has written for my advice.

### Trust Is Gone.

"To think that while I was saving and economizing and doing without things," she writes, "Bob all the time was supporting an old woman who had no claim on him at all, and never saying a word to me of that extra \$600 a year! He has been a good husband, and we have prospered; I thought of myself, a few months ago, the happiest woman in the world. But now I feel that I never can trust Bob again, and what is love without trust? Unfortunately, I'm so made that I can't forgive. I'll bear anything while people treat me fairly. But once I'm angered—good night!"

What a strange thing is the smugness of these wives who boast of their moral and mental limitations, who gloat over the jealousy or extravagance or hot temper or the hardness of heart that "can't forgive!" This is a form of childishness that makes it hard for me to answer Margery Curry patiently.

But I can tell you one thing, Margery, that unless we keep changing, growing, improving, we humans settle into fixed forms, and a part of us dies. When you say that you are "made that way" and that it's a characteristic of your family never to change or never to learn to forgive, or never to gain control of the hot temper of which you are all so secretly proud, or never to develop character enough to live within your income and pay your bills honestly—you are announcing that you are among the folk who are incapable of becoming civilized.

Real women do forgive. Real women are ashamed of any such boast as that their tempers are uncontrollable or their jealousy too deep-rooted to be cured. Real women grow up.

### Civilization in Peril.

A good many thinking persons now are anxious about this tired old war-worn world, and with good

"We must learn to forgive..."

### ACT MATURELY

Mrs. Curry can't forgive her husband for deceiving her. The deception was this: Bob, who is a successful and dutiful husband, has been sending \$50 a month to an old woman who was his mother's nurse. He has been keeping this donation a secret for 14 years.

What makes Margery so mad is to think that while she was skimping and saving, Bob was passing out this dolo to a woman who had no real claim to it. But worst of all, the fact that she was kept in the dark on an important family matter for so long has shattered her faith in her husband. The old bond of faith seems to be ripped apart, and Margery cannot bring herself to face the situation. In all other ways Bob has been nearly perfect. The sudden discovery of this secret has ended Margery's happiness.

Miss Norris replies that we must all forgive and forget. In this case it should not be so hard, seeing that Bob was acting from what he considered the highest motives—gratitude to his mother's nurse. That he could not afford this generosity is another matter. The real issue is whether Margery can act like a mature woman, and overlook a matter that, after all, is not very serious.

reason. Unless we women learn to forgive and forgive and forgive, things will grow worse. Unless we learn to deal honestly with our lives, there is no hope for us. Unless we face our problems—each woman her own and acknowledge them, and study them, and master them, with the good of our men and our children, our community and our God in mind, civilization will suffer a setback from which it won't easily recover.

It is no longer a question of an individual woman saying that she can't do this and can't do that. The demand is for actual heroism—the heroism that sweeps aside selfish and injustices with the magnificence of a strong character. The courage that endures dull days, monotonous duties, tiring responsibilities because it is out of that quiet fidelity that a great nation is built. The goodness—just sheer old-fashioned goodness that is patient with a sometimes disappointing husband, with exacting children, is what America so desperately needs now.

What she needs now, as she needed servicemen a few years ago, is an army of wives and mothers, each one capable of solving her own problem, and willing and eager to solve it, and by so much lifting the staggering load of the nation's anxieties and burdens. If instead of these courageous women she gets the Margery Curry sort, the whining crowd that "can't" forgive, can't live honestly, can't stand marital disappointments, can't put up with the everyday difficulties and disappointments of life, we are in a bad way, indeed.

### Stopping Runs in Rayons

That old trick of moistening a break to stop a run in silk hose does not work in rayon, because moistening weakens and stretches the rayon and only encourages the run. The "run stop" preparations are better than sewing. If the run is in a place where it doesn't show, they seal the threads so that the run doesn't get any bigger, and they have the advantage of not interfering with the elasticity of the stocking. Careful washing and drying will prolong stocking life.

### ALABAMA HAS BIG ROLE IN AAF PLAN

Three Alabama airfields will play an important part in a huge educational program designed to reach every officer in the postwar and future Army Air Forces, Maj. Gen. Muir S. Fairchild, commanding general of the Air University, revealed at a press conference here this week.

Faced with the need for a larger, stronger and much improved air arm in an age featuring such advancements in military science as the atomic bomb, biological weapons, guided missiles, radar and aerial transportation on a global scale, the AAF in 1944 began a study which has culminated in an educational program unparalleled in military history.

Headquarters of the Air University will be at Maxwell Field, as will the Air War College, for top air commanders, and the Air Command and Staff School, which will educate officers for responsible positions in groups and wings. The AAF Special Staff School soon will be established at Craig Field, Selma, Ala., with a communications course of this school located at Gunter Field, Montgomery. Other schools of the Air University include the Air Tactical School, Tyndall Field, Panama City, Fla., and the School of Aviation Medicine, Randolph Field, Tex.

The Air War College, Air Command and Staff School, the Air Tactical School, and the Special Staff School already are taking shape, Gen. Fairchild said, and are scheduled to open September 3rd.

Primary purpose of the Air University, Gen. Fairchild declared, is to insure the highest type of commanders and staff officers for the future AAF and to insure that Army Air Force thinking and planning for the future are kept abreast of the rapid advances of science and technology.

### RESERVE OFFICERS TRAINING CORPS PROGRAM

The revitalization of the Reserve Officers Training Corps program as a vital and essential part of the postwar military establishment in accordance with Washington directives was announced at Headquarters Fourth Service Command today. This organization, which furnished a great portion of the officers and non-commissioned officers for the wartime army, will function under a greatly modified and improved program.

The new ROTC program includes several innovations which will make it more attractive to the student and establishes requirements which will produce even better and more effective leaders for the armed forces, it was said.

The ROTC program will be enlarged to include Junior Colleges, and provisions have been completed whereby students who satisfactorily complete the Junior ROTC course will be entitled to credit for the first year of Senior ROTC program.

Other features of the new program include monetary allowances to students of the elementary ROTC course, and allowances of approximately \$1.91 per day for students of the Advanced course.

It was further stated that the new program will be put into effect with the start of the fall term in 1946 insofar as existing law and appropriations will then permit.

When you are tempted to pour some used fat down the drain, just stop and think, "If I save these few drops of fat, I may be helping to save a life." Remember, too, that fat wasted postpones the time when you can get all the soap, nylons, and many other important things every woman wants.

Best time to cut alfalfa hay is when one-tenth to one-fourth in bloom or when new shoots start at the base of the plants, suggests J. C. Lowery, API extension agronomist.

Vegetables grow faster in rainy weather and use more fertilizer. So guard against plant food being short in periods following rains, its a good idea to add more fertilizer or manure for later crops.

It now appears that hay bale ties will be short of the countries estimated need of 110,000 tons this year. J. B. Wilson, API agricultural engineer, advises farmers to get their ties as early as possible.

Heavy foreign demand is expected for the next three years for these American products: Bread grain, cereals, seed, and oil, meat, sugar, fertilizer, cotton, wool, coal and oils.

## Fire Prevention Program To Be Inaugurated In County

### AUBURN FOOTBALL SCHEDULE

Orders for tickets to Auburn's 1946 football games are now being received by Athletic Department Business Manager Jeff Beard and early indications are that record crowds will witness the Tigers nine battles this Fall.

Coach Carl Voyles' Tigers will play five games within the state—three in Montgomery, one in Auburn and one in Birmingham—and make one appearance in Columbus, Atlanta, New Orleans and Gainesville, Fla.

Auburn's 1946 complete football schedule:  
Sept. 27 — Mississippi Southern at Montgomery (Friday night).  
Oct. 5 — Furman at Auburn (Homecoming).  
Oct. 19 — Tulane at New Orleans.

Oct. 26 — Georgia Tech at Atlanta.  
Nov. 2 — Vanderbilt at Montgomery.  
Nov. 9 — Mississippi State at Birmingham.  
Nov. 16 — Georgia at Columbus.  
Nov. 23 — Clemson at Montgomery.  
Nov. 30 — Florida at Gainesville.

### GATHER EGGS OFTEN FOR BETTER QUALITY

The quality of eggs will be improved during hot weather if they are gathered often and put in a cool place.

John E. Ivey, API extension poultryman, advises that eggs be gathered at least twice—or better, three or four—times a day during the summer. This practice keeps hens that use the nests later from warming the eggs over a long period of time.

When eggs are gathered they should be put on wire trays or in wire baskets. Have a cool place for eggs to be kept, says Mr. Ivey.

### KEEP WEEDS, GRASS OUT OF NEW KUDZU

Cultivation of kudzu set out in the spring is necessary for the survival and growth of this crop, Sam Doughty, API extension soil conservationist, advises Alabama farmers.

Unless kudzu is kept clean, weeds and grass growing along the rows will take most of the moisture needed by the crop. The rows should be hoed—the middles plowed and vines dragged back to a narrow strip along each row.

Doughty also suggested that where kudzu was not fertilized at planting, 200 pounds of superphosphate or 0-14-10 per acre should be put on the crop now.

Hogs can be kept free of lice and mange by using crank case oil or crude oil, says W. H. Gregory, API extension livestock marketing specialist.

Too close a trim of head vegetables such as cabbage, lettuce, broccoli, cauliflower and celery means a loss of the part that is generally richest in vitamins and minerals. It means a little extra work to make the outside parts appetizing, but the results are worth the trouble. Outside leaves must be carefully washed, and because they are not quite so tender as the inside parts, should be cut into small pieces and put into the pot a little ahead of the rest of the vegetables.

The earliest recorded sale of a truck in the United States was made in 1896 to Shepard's, a Providence, Rhode Island, department store.

### A BIG DATE FOR ARMY MEN!

If you have been discharged from the Army—if you held a grade and wish to retain it—if you have dependents—then act now. . . . June 30, 1946, is the last day on which you can enlist in the Regular Army and still take advantage of two important benefits . . . retention of your old grade and family allowances.

ENLIST NOW AT YOUR NEAREST U. S. ARMY RECRUITING STATION

519 POST OFFICE BLDG., Montgomery, Alabama

Family allowances for your dependents will be continued throughout your enlistment only if you enter the Regular Army before July 1, 1946. If you have been discharged from the Army and wish to re-enlist at your old grade, you must enlist within 90 days after your discharge. And before July 1, 1946. Think it over. Act now.

### MRS. MATTIE V. GARDNER

Mrs. Mattie V. Gardner, age 63, died in Clanton Hospital Sunday at 6:00 p.m. Funeral services were held Monday at 2:00 p.m. from Verbena Methodist Church, conducted by Rev. C. E. Avenger and Rev. Jones; interment was in Verbena Cemetery.

She is survived by one daughter, Mrs. C. J. Messer of Verbena; five brothers—Tallie Blackmon of Florida, Allen of Produce, Fla., Lamar of Wilcoxville, Ala., Lucern of Tallahassee, Ala., Reese of Prattville; four sisters—Mrs. Genie Dawson, Mrs. Pearl Scott, Verbena, Mrs. Ida Gardner of Montgomery, Mrs. Reesie Malone of Clanton; three grandchildren.

Palbearers were: Lonnie Messer, Erby Deramus, Henry Williams, Leonard Jenkins, Will Gulledd, George Collier. Flower girls were: Millicent Deramus, Mary Andrews, Carolyn Deramus, Katherine Rutland, Virginia Davis and Virginia Cathey.

816 American motor carriers report a combined net loss of \$539,192, after taxes in 1945. For every hundred dollars of revenue, the motor carrier paid out a hundred dollars and thirty cents in taxes and expenses.

### FEED, GRAZING CROPS AID MEAT SHORTAGE

The Washington estimates that the country's meat supply may be a billion pounds shorter next year is a challenge to every Alabama farmer to raise more feed and grazing crops for livestock.

So states P. O. Davis, API extension service director, in urging farmers of the state to redouble their efforts in producing more crops to be marketed through livestock.

"June is the month for planting grain sorghums and there is still time to set sweet potatoes,"

Another suggestion is that farmers plan at once for a great increase in fall, winter and spring grazing. A favorite combination is crimson clover and ryegrass planted in August on land properly prepared. Oats and other small grains are good.

J. C. Lowery, API extension agronomist, also suggests that farmers plant Sudan grass, O-to-to-tan soybeans and cowpeas, side-dress corn with nitrate and save all sericea, Johnson grass and other kinds of hay possible.

### How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

- 1 Taken like a tonic, it should stimulate appetite, aid digestion, and help build resistance for the "time" to come.
- 2 Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardui. If it helps, you'll be glad you did.

### MOW PASTURE WEEDS FOR BETTER GRAZING

Keeping down weeds and bushes in the pasture pays off in more and better grazing for livestock.

With the increased amounts of fertilizers used on pastures, harmful plants grow faster, using more of the moisture and food needed by the grasses and clovers. The quality of grazing is lowered by weeds and bushes.

Mowing should be done often enough to control weeds and stop their reseeding, says J. C. Lowery, API extension agronomist. Once the seed supply of annual weeds is destroyed, volunteer crops become smaller and easier to control.

Total gasoline tax collections in California in 1946 will exceed \$75,000,000, according to an estimate made by a member of the State Board of Equalization. This figure would top by \$12,000,000, the previous record established in 1941.

# Thorsby News

(BY MARY VIRGINIA BICE — Correspondent)

## Thorsby Institute News

The office will be open through June from 8 to 12 and from 1 o'clock to 4. Those who expect to attend Thorsby Institute should register as soon as possible so we may know for what subjects to provide.

Quite a number of this year's graduating class have already begun work or attend school. Betty Jo and Dionne Raybon are attending a business school in Birmingham. Mary Virginia Bice is employed as a secretary in the office of Reynolds and Reynolds in Clanton. Roland Funk will leave for the Army on July first. A few are planning to go into nurse training at once or in the Fall and several will enter college. Loretta Peterson and Eloise Piper are doing student summer service work under the direction of Miss Davison.

The Civic Club met in Room Two Monday night, June 3, and will meet here the first Monday in July and August also. One of the things discussed was the cleaning of the park by the railroad, including the fixing of the fence. Thorsby Institute would be willing to cooperate fully in this matter.

At Piedmont College, Demorest, Ga., there is a Woman's Secret Honor Society called the Torch Club. They give a book each year to the outstanding freshman girl. Charlene Williams, who was graduated from Thorsby Institute in 1945, was given a book

this year. In order to receive it a student must have an average of B or above and she must have high ideals—in fact, be an all-around student. We feel proud that Charlene was chosen to receive this honor. After a pupil has been at Piedmont three years he or she may be chosen to become a member of the club.

## Ladies Aid

The Ladies Aid will meet in the dining hall Thursday night, June 13, at 7:00 p.m. Everyone is invited, including the men. Moving pictures, entitled, "In His Name and for Their Sake," will be shown.

## Congregational News

The resignation of Rev. C. C. Haun was accepted at the business meeting following the church supper Wednesday night, June 5th. The resignation will take effect the first of September.

## Thorsby Civic Club Sponsors Fourth Of July Picnic

Thorsby will have a Fourth of July picnic, honoring the returned veterans or any service man who may be home on leave. It will be held on the Institute grounds.

There will be music, contests, ball games and other amusements. A good speaker will be with us also. There will be tables and benches on the grounds and all are asked to bring a basket of food to give these guests of honor a good old-fashioned Fourth of July feed. Coffee and ice water will be furnished by the Civic Club. Come and let us show the veterans our appreciation of what they did for our Country.

The exercises will start at 10:00 a.m.

## Baptist Notes

Our Daily Vacation Bible School will begin on Monday morning, June 17th, at 8:30 a.m. to 11:30 a.m. Parents are asked to please cooperate with us in the attendance. All children are invited irrespective of denomination.

Our revival will begin the third Sunday in August with Rev. J. I. Edwards as visiting preacher. Let us pray for a real revival.

Mr. and Mrs. C. S. Howard and Mr. and Mrs. Lloyd Howard and children are visiting in Denver, Colo., with Mr. and Mrs. Owen Carter. They will then go to visit with relatives in Iowa and Wisconsin.

The J. G. Heidars are vacationing in Tennessee for a week.

Home from college are the following Thorsby young people: Miss Ruth Cox, Mr. and Mrs. Wendol Murgah and William Hicks of A.P.I., Jack Vines from the Dental College in Atlanta and Miss Charlene Williams of Piedmont College in Demorest, Ga. Mr. and Mrs. A. N. Laurell are spending a few days in Birmingham with relatives.

## STANTON

Jean Taccone of Selma, Ala., and Willard Huff were married Friday, June 7, 1946, in Selma, Ala. Jean is an employee of Southern Bell Telephone Company at Selma. Willard is an employee of a Construction Company in Selma.

A marriage license was issued on June 8th to Miss Mary Golson and Ollie S. Patterson. Marriage took place Monday, June 10th, in Selma, Ala.

Miss Nettie Lawrence of Stanton, Ala., and Hershel Shanks of Maplesville, Ala., were married Wednesday afternoon at Rev. Paul Oden's.

Mr. and Mrs. Gay Watts of Miami, Fla., and Donald H. Latham, GM 2-C, U. S. Navy, stationed at Green Cove Springs, Fla., are visiting Mrs. Mary Hicks.

Miss Vera McKinney of Selma, Ala., Mrs. Sherman Motley and two children of Maplesville, Ala., Mr. and Mrs. Clarence Smith of Clanton, visited Mr. and Mrs. John McKinney over the week end.

Miss Allan McKinney has accepted a position at Kress and Company, Selma, Ala.

Rites for Dr. William Wilks Burns of Selma, Ala., were held Friday afternoon from Breslin Service Funeral Home. Dr. Burns collapsed in his office on Thursday and died the following Wednesday afternoon. Dr. Burns was widely known and beloved as a physician and as a man.

Mr. and Mrs. Eddie Lindsley have returned to Tuscaloosa, Ala., after a week's vacation with Mr. and Mrs. Edward Parnell and Garland.

Mr. and Mrs. Morris Reedy of Selma, Ala., spent Sunday with their parents, Mr. and Mrs. John O'Neal and family.

Mrs. Bill Grammer and daughter, Charlotte, and Frank Maness of Tuscaloosa, Ala., spent a week with their grandparents, Mr. and Mrs. Frank Reynolds.

Mr. and Mrs. Clifford Gay and son, Leonard, of Mississippi visited Mr. and Mrs. Jim Gay over the week end.

Mr. and Mrs. Buck Burnett are improving their home recently purchased. Miss Frances Chism has completed her course in a Birmingham Business School and is at home with her mother who is ill. We wish for Mrs. Chism a speedy recovery.

Bob Davis has been discharged from the Navy and is at home with his parents.

More than 300,000 Massachusetts motorists failed to buy the Federal \$5 automobile use tax stamp in the last three years, according to the Bureau of Internal Revenue in Boston. The widely criticized tax, which terminates June 30, will have produced some \$12,000,000, in the Commonwealth, officials estimate. Tax evasion cost the Federal government \$1,500,000. Nevertheless, not one motorist was haled into court.

## Clanton Lady Spit Up Acid Liquids For Hours After Eating

For hours after every meal, a Clanton lady used to spit up a strong, acidulous liquid mixed with pieces of half-digested food. She says it was awful. At times she would nearly strangle. She had stomach bloated, daily headaches and constant irregular bowel action. Today, this lady eats her meals and enjoys them. And she says the change is due to taking INNER-AID. Her food agrees with her.

No gas, bloated or spitting up after eating. She is also free of headaches now, and bowels are regular, thanks to this Remarkable New Compound. INNER-AID contains 12 Great Herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Sold by all drug stores here in Chilton County. — Adv.

Fox and family, Francis and Harry, Jr., of Selma, Ala.

Also present were aunt Martha Large and son, John R. She has been an invalid for over a year and her first visit in 15 months. Other guests were: Mr. and Mrs. Denson Conway and two children; Mr. and Mrs. J. D. Price of Thorsby.

All enjoyed the day, taking pictures and talking. A table was prepared by the family and dinner was served under a large tree in the back to all.

## 4-H'ERS PLAN FOR

### NEXT BEEF PROJECT

Alabama 4-H Club boys and girls, who have ended their most successful year in beef production, have already begun working on their next beef cattle project.

Youngsters are planning to produce 35 bushels of corn, or about 40 bushels of grain sorghum, plus 500 pounds of good legume hay for each calf they will feed. Three hundred pounds of cottonseed meal, or equivalent protein feed, will be provided.

W. H. Gregory, API extension beef marketing specialist, is telling 4-H members that they should buy seven-eighths, or better, beef breed calves in late summer or fall. Beginners should get calves weighing 500 pounds when purchased for best results.

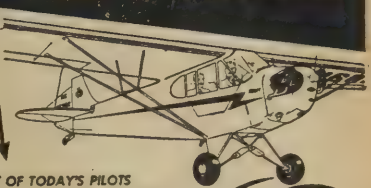

All calves should be insured as soon as they are bought, Gregory says.

American tourists will take to the highways in record-breaking numbers this season, reports the American Automobile Association. Despite shortages of tires, batteries and new cars, U. S. motorists are readying their elderly cars for a long-delayed look at America's numberless scenic attractions. The Association says travel

volume this year will surpass the most extravagant predictions of postwar auto touring.

If your blankets are beginning to show the strain of yanking and pulling because they were too short to begin with, now is a good time to lengthen them. Use a strip of some suitable cloth across the bottom of the blankets. Supplies of wool are still tight, and it may be a long time before new blankets are plentiful.

575,000 round trips to the moon—that's the equivalent of the mileage piled up by U. S. passenger cars in 1941 when they were driven 276 billion miles. Taxes on gasoline consumed would make a pile of pennies 170,000 miles high.

er, a decree pro confesso may be taken against him.

### SOIL CONSERVATION NEWS

Seven farmers entered into an agreement with the North Central Soil Conservation District this month by making complete farm plans of their farms. These plans include complete water disposal systems, crop rotations, grazing systems which include temporary summer and winter grazing and permanent pasture, sodding or establishing critical slopes to permanent vegetation, care of woodland and wildlife areas. The names of the new co-operators are: Arthur Mims, G. C. Donovan, A. L. Bearden, H. J. Littlejohn, L. L. Traywick, Earnest Edwards and T. S. Davis.

Neil Harrell has reported that his Kobe Lespedeza following oats is better than any he has ever grown. Mr. Harrell is strip cropping on his farm with Kobe Lespedeza.

As soon as possible a complete report will be made on the yield of Blue Lupine seed grown and harvested by C. R. Childers of Pleasant Grove Community and C. L. Wilkins of Enterprise Community. Both plots made a yield of 1,200 pounds of seed per acre or better. In making a comment on the yield of seed from his plot, Mr. Wilkins said, "I just don't see how so many seed could come from one little plot of ground."

### WILLIAM PORTER RUSH HONORABLY DISCHARGED

### MILK PRICES INCREASED BY AUTHORITY OF OPA

Giving the high prices of feed and labor as the basis for an increase in the price of fluid milk, dairy producers and suppliers throughout the state of Alabama have been allowed a general increase of one cent per quart effective June 7, it has been announced by the O. P. A.

The increase applies to all levels of sale of fluid milk, fluid cream and fluid milk products including buttermilk, chocolate and other flavored milk drinks, although it is lower for such specialties as flavored milk drinks and buttermilk, the increase on these products being one-half cent per quart.

The increase is based on the prevailing price of milk in the locality in which it is sold, there being a considerable variance in different sections of the state.

On this basis Chilton County consumers will now pay 16 cents per quart for fluid milk instead of the 15 cents which has been the prevailing price up to the passage of the present amendment to the milk regulation. Buttermilk will now bring 11 cents instead of 10 cents and for fluid cream containing a minimum of 16 percent butterfat, 1 cent more per half pint container.

### 15 TURKEYS KILLED ON BANKHEAD HUNTS

Fifteen turkey gobblers were bagged by participants in the 1946 spring hunt in the Black Warrior wildlife management area of the William B. Bankhead National Forest, Game, Fish and Seafoods Chief Graham Hixon of the Department of Conservation has been advised by district game warden Amos Spiller. Five hundred permits were issued for the 10-day hunting period.

Farmers are now getting more actual cash from a family market basket of farm food products than they did back in 1920, at the peak of the post World War I inflation. Farmers' share of consumers' food dollar in February, 1946, was 55 cents, contrasted with 43 cents in 1920 and 53 cents a year ago.

## CULP RESIGNS AS COUNTY SUPERINTENDE'T

### Boockholdt Selected To Fill Unexpired Term

At the meeting of the Chilton County Board of Education last week Mr. D. P. Culp, Superintendent of Education, resigned to accept a position as Transportation Supervisor with the State Department of Education; his headquarters to be in Montgomery.

The Board appointed Mr. Howard Boockholdt to fill the unexpired term of Mr. Culp which will run until July 1, 1947. Mr. Boockholdt is a native Chilton County and has spent many years in educational work. He finished high school at Verbena, after which he attended Jacksonville State Teachers College for two years. He graduated at Alabama Polytechnic Institute with a B. S. degree in Secondary Education and has spent the past 13 years teaching in the public schools of Chilton, Perry and Butler counties.

He is the son of Mr. Lee Boockholdt of Enterprise Community.

### Mr. Culp Writes Citizens of County

To the People of Chilton County: I have resigned as Superintendent of Chilton County Schools to go to the State Department of Education as Transportation Supervisor. My resignation will become effective June 20, 1946.

I have enjoyed my work as superintendent of schools and leave only because a much better job is available. I have worked hard and have given you the very best service I could give. You have been unusually kind and co-operative. We have worked together through the most difficult period in the history of our schools. Things are better now, though far from normal, and our schools will grow steadily better.

Mr. James H. Boockholdt has been appointed to serve my unexpired term and you will find him capable, efficient and friendly. He will be glad to talk to you about any school problem at any time.

In closing, I want to thank you sincerely for the friendly help you have given me during the past four years.

Sincerely yours,  
D. P. CULP.

## New Freight And Produce Company Organized Here

The M. & T. Freight and Produce Company has been organized in Chilton to serve Central Alabama.

Weekly schedules will be maintained between Clanton and Birmingham, Clanton and Montgomery and Clanton and Selma. The new organization will handle any kind of local and long distance hauling and also operate an up-to-date produce business.

Organizers of this new concern are P. A. Taylor, well known produce man in Central Alabama, and Bill Minor, just returned from service in the armed forces and also prominent in the grocery and produce business here for the past ten years.

The new firm started operations the first of this week.

Reports come to us that Mrs. J. I. Wade is very ill in the St. Joseph hospital in San Francisco. We miss her very much in Clanton and we hope she will soon be well again and back.

## One More Wrestling Match In Clanton

Wrestling matches in Clanton will be suspended until a later date with next Saturday night's match, according to an announcement from the Veterans of Foreign Wars.

With this last match, the VFW extends an invitation to the colored people of the county to attend. A special section has been set aside for the colored.

In next Saturday night's grunt and groaner, Promoter Joe Gunther is sending to Clanton Garro Lozano to fight with Charlie Keene in the main event. In the preliminary Jack Wintworth will meet Jack Bloomfield.

While suspending wrestling matches in Clanton, the membership of the VFW wishes to thank the merchants who have been so generous and co-operative in helping put this program over since March of this year.

## VFW And Auxiliary To Meet Monday

The next regular meeting of the Chilton County Post No. 3193, Veterans of Foreign Wars, will be held on Monday night, June 24th, at the City Hall at 7:45. Every member is urged to be present as some subjects of vital importance to you and the Club will come up for action. We hope that every member will make a special effort to attend this meeting. Report on State Encampment will be made by Clifton T. Stephens, Post Adjutant.

Any veteran who has had overseas service under the American Flag in any war is eligible and is invited to join. It will be necessary for those who want to join to come early so as to file application before meeting time.

## 30 Tons Pole Beans Sold In Clanton

During Monday and Tuesday of this week, thirty tons of pole beans were sold in Clanton in the bulk, and 750 bushels were packed in hampers. To those who had no idea of the bean acreage in the county, this should give some idea as to the quantity of beans being produced in Chilton County. By moving beans out of the state, it has kept many farmers from hauling beans to flooded local markets that could not handle them.

Green tomatoes will be handled in Clanton even though it was doubtful at one time to whether there would be enough tomatoes to pack because of the blight. Arrangements have been made to bring a grader into Clanton and plans are being made to start operations at the peach shed Thursday afternoon, June 20th (today).

Farmers who plan to bring green tomatoes in should call by the peach shed before bringing the tomatoes in, to give the operator some idea of the quantity of tomatoes to be expected.

The new peach grading machinery is in operation and according to Mr. Roy Roper, it is turning out 100 half bushel baskets every ten minutes when there is no brakes in lots of peaches. One could well imagine what would happen to the price of peaches if it were not for the fact that peaches are being graded and moved on to distant markets.

## Softball Tuesdays And Thursdays

A Softball League has been organized in Clanton, sponsored by the local post of the American Legion. Games are played every Tuesday and Thursday nights at the high school ball park under the lights at 7:30 p. m.

Six teams comprise the league. The teams are: Alabama Mills, managed by Mr. Faulkner; American Legion, managed by Reese G. Mullins; Verbena, managed by Red Rutland; Clanton Motors, managed by Dyer Shackelford; Clanton Post Office, managed by James Minor; and Bell Hardware, managed by Ervin Kennedy, Jr.

A double-header game is played every Tuesday and Thursday nights. Last Thursday night the American Legion team defeated Alabama Mills to the tune of 11 to 6; Verbena triumphed on Clanton Motors 7 to 3.

Next Tuesday night, June 25th, Clanton Motors team will play Bell Hardware while the American Legion team tangles with the Post Office team. The following Thursday night, Alabama Mills will play Clanton Motors and Verbena will play Bell Hardware.

In Tuesday night's game Verbena defeated Alabama Mills 3 to 1 while Bell Hardware noised out the Postoffice team 9 to 7.

## Cox Writes Folsom Offering Support

Democratic nominee, C. B. Cox who will be in the General Election in November as a candidate for the State Legislature from Chilton County, has written Governor-elect J. E. (Big Jim) Folsom offering his support in giving to Alabama the things, he advocated in his recent campaign.

A copy of Mr. Cox's letter is printed below:

Clanton, Ala., June 15, 1946.

Hon. Jim Folsom, Cullman, Ala.

Dear Sir:

I take this opportunity to congratulate you on your wonderful success in your Governor's race. I want to tell you that I am at your service to assist you in any way I can to make your administration a success. And you may call on me at any time that you think that I can be of any service to you.

I would like to see you and talk to you some time in the near future when it is convenient. I want to talk over some of the major problems you will have to solve when you take office.

Yours truly,

CHARLIE COX.

Mr. and Mrs. George Sansom are in Mineral Springs and are both reported ill. We sincerely hope they will recover soon.

## Negro Killed; Lady Injured In Auto Accidents

One person was killed and another injured in auto accidents in the county over the week end.

Willie James Dickerson, colored, of Enley, was killed instantly in South Clanton Sunday night when he fell from a motorcycle into the path of a car driven by Sgt. Gordon Smith of Thorby, who is at present stationed at Maxwell Field. Martin & Sons were called to the scene. According to the Coroner's office, Dickerson was riding a motorcycle towed by another from the Montgomery races last Sunday.

Miss Anne Werness, age 60, of Thorby, was struck by an automobile last Friday afternoon about 4:30 by a car driven by John Ed Sackett of Clanton. Miss Werness received severe injuries which included two broken legs and other serious body bruises. She was rushed to a Birmingham hospital by Martin & Sons of Clanton where her condition was reported as serious.

## Bible Forum Put Up In Clanton

EVANGELIST E. L. MARLEY

The Bible Forum Group extends a hearty welcome to all of their friends in the City of Clanton.

The huge tent used by the Bible Forum Group is located on Second Ave., No., between the Rockett and Ted homes.

Evangelist E. L. Marley will open a series of lectures on Sunday, June 23, at 7:30 p.m. His subject will be entitled, "The Riddle of Russia." Associated with Evangelist E. L. Marley will be Evangelist W. B. Findley. A free souvenir will be given those attending these lectures.

Special features are planned for each meeting. Beautiful, natural colored pictures will be shown on the screen illustrating songs and the lectures. Gospel Singer, Otis Graves, will have charge of the inspiration of your favorite songs. A children's hour is planned with Bible stories, choruses and chalk talks.

Evangelist Marley announced the subjects for the week as follows:

Sunday - The Riddle of Russia.

Monday - Did God Create the Devil?

Tuesday - How to Disprove the Bible.

Wednesday - Who Are The Angels?

Thursday - Is Civilization Doomed?

Friday - The Greatest Purchase of All Time. "The Story from Eden to Eden."

Saturday - Sound Motion Pictures in Color.

## No Shirt Tail, So What Can The Boys Tear Up?

Out at the air port it is customary to tear a fellow's shirt tail off when he makes his first solo flight. Now they are faced with a problem. They have a lady student pilot. She is Mrs. Cosma Parsons and she hasn't made her solo flight yet. . . and she has no shirt tail to tear when she does. . .

William Robert Burnette, Gunner's Mate, 3-C, was recently discharged from the U. S. Navy. Burnette lives on Route 1, Clanton, and was separated through the U. S. Naval Separation Center in New Orleans, La.

## Series of Robberies In Clanton

A series of robberies hit Clanton over the week end and the first of this week.

Last Saturday night the Dixie Cafe was broken into and a large sum of money is missing. John Morgan Foshie, down at the Dixie, said the intruder broke in at the back door and lifted the money from the cash register and beneath the register. Chief of Police Anderson said Wednesday morning the burglar had not been apprehended.

On Tuesday night the Williams Caf. just across the railroad behind the Old Wadesonian Theatre was broken into and Charles Knight, age 18, was arrested in the cafe. Nothing was taken to be missing as City Police-men down caught Knight about the time he entered through the back door. The cafe was closed and the cafe was placed in the county jail about 10:30 p.m.

A couple of other places in Clanton have been broken into and goods missing. A. Patterson refrained from going into further details until more is learned.

## BAPTIST MEETING TO BE HELD FRIDAY NIGHT

Next Friday night, at 7:30 o'clock, we are having Brothers E. A. Herron and Joe E. Jones from the Baptist State Board, Montgomery, to meet with our Sunday School Officers and Teachers in our church. Also, we are inviting Sunday School Officers and Teachers from sister churches to come be with us, so as to make the meeting as helpful and wide in its scope as possible.

There will be an evening lunch served in the early part of the meeting and those wishing to attend this will please bring a couple of sandwiches and enjoy the meal with us. After the meal, which will last about thirty or forty minutes, we will listen to these men about Sunday School and associational work. Also, they will give some suggestions to the Thorby people about how best to use the basement space.

All pastors are invited, their wives too. — G. W. Williams.

## American Legion Baseball Schedule

Next Friday at 3 o'clock, June 21st, at the City Well diamond, the Clanton American Legion team meets the Columbiana Ball Club. Clanton has won two games, lost one; Columbiana has won two games, lost two.

Clanton and Columbiana split in two exhibition games: Columbiana taking the first game 8 to 7 and Clanton the second 10 to 4.

This should be a good game.

## Baseball Team To Play Acipio Here Next Wednesday

The Clanton Independent baseball team will play Acipio Coal, Iron and Steel Works out of Birmingham here next Wednesday afternoon. On this Thursday afternoon they will play Brent here.

Last Sunday the Clanton team welcomed a weaker Maribury team to the tune of 21 to 1.

Friends of Mrs. J. P. Hayes will be very sorry to learn that she is still very ill.

## NAT. GUARD UNIT URGED FOR CLANTON

### Kiwanis Club Hears General Cleere At Meeting

Last Thursday evening, June 13th Brig. Gen. George L. Cleere, Adjutant General of Alabama, spoke to the Clanton Kiwanis Club on the subject of a National Guard Unit and Army Building in Clanton and Chilton Counties. In his talk General Cleere stated that a unit will be organized here and an armory building will be constructed as soon as Federal funds are made available for that purpose. He stated the government and its army, navy, air force and coast guard will be able to take care of the State Militia, Department of Defense.

In order to get the building constructed here, the City and Chilton County Government will be asked to deed to the Army Commission a suitable site of approximately one acre or more situated reasonably close in town. The building will then be constructed with Federal funds. General Cleere stated that included in the building will be an auditorium with a seating capacity for one thousand persons, and this auditorium, together with other facilities at the Armory, will be available for the use of the community insofar as this use does not interfere with military activities.

The unit tentatively assigned to Clanton and Chilton County is Company "B," First Battalion, 167th Infantry Regiment, to be composed of seven officers and 188 enlisted men between the ages of 18 and 35. The last census shows that 2,800 male white citizens in this age group reside in Clanton and within a 15-mile radius.

The 167th Infantry Regiment is one of the most famous regiments in the U. S. Army, and has a colorful history. It first went into action at Bull Run in 1861 as part of the army commanded by Lt. Gen. P. G. T. Beauregard, CSA. The regiment was then known as the 4th Alabama Infantry, and though all of its officers were lost on that day, the 4th Alabama held its line and succeeded in turning the tide of victory for the Confederates. During the First World War, the 167th Infantry served in France as part of the 42nd (Rainbow) Division, under the command of then Brig. Gen. Douglas MacArthur. During the recent World War, the regiment served as (continued to back page)

## AMERICAN LEGION AND SOFT BALL

The American Legion is sponsoring softball games at the Chilton County High School Athletic Field every Tuesday and Thursday nights. The organizing of these teams serve many purpose but especially are they valuable to our city in that they furnish recreation for the younger set.

The cry has been for years of "Somewhere to go," well, these games under the lights at the High School will give the young and the old "somewhere to go."

Raymond Mims and Reese G. Mullins seem to be the guiding lights in this endeavor and the American Legion and Messrs. Mims and Mullins are certainly to be congratulated for this worthwhile venture.

## THE ALABAMA EDITORS VACATION

The Annual Summer get-together of Alabama Editors will be held this Summer at Panama City.

This affair enables all who attend to forget their worries at home and have four days of fun and foolishness. Deep Sea Fishing, dancing, golfing, swimming and too, many other forms of relaxation to mention.

The date this year is July 18-21, and after the political ruckus that most editors have been through the past few months, we believe the turnout will be the largest in the Associations history.

## WHAT ABOUT FUTURE FLOCKS?

The feed situation has reached an alarming situation in Chilton County as in many of our southern states. Especially is this true of poultry feeds.

Within the past several weeks many of our poultry raisers have sold or otherwise disposed of their flocks because they could not get feed to care for them.

Our local hatcheries have had to suspend operation because they could not take care of the chicks when there is no baby chick feed.

The question is, what are the starving in Europe that we have so much of, doing to do if we cannot produce eggs and chicks? It seems not too difficult to answer, the government sends all of our grain to Europe and places us in a position where we cannot get a single bushel of our flocks that soon something will have to be done to relieve the situation here. Then the European countries will surely feel the pangs of hunger.

The feed situation will have to be taken care of at once. It is not a question of time but of just production records, and the government will have to take action.

## SENATOR BANKHEAD

The southern farmer lost his best friend and staunchest ally when he lost the body of Senator John H. Bankhead. He was a man who lived in the Bethesda Naval Hospital at Bethesda, Md.

Bankhead lived many years of his life to public service and was a friend to his fellow townsman, Carter. He was a man who lived in the Bethesda Naval Hospital at Bethesda, Md. He was a man who lived in the Bethesda Naval Hospital at Bethesda, Md. He was a man who lived in the Bethesda Naval Hospital at Bethesda, Md.

Herman Lecroy opens the new Firestone Store a couple of doors down the street this Saturday. The whole force has been busy as bees for the past two weeks getting things in readiness. The new store will operate under the name of Firestone Clanton Home and Auto Supply. Make the boys a visit. They will welcome your inspection of their new store.

Our deepest sympathy to J. L. (Johnny) Moon in the loss of his devoted wife, Ruth, last week. Seems that trouble has come in bunches for the family in recent months, but who can say whether it be bad or good. For the one who has no trouble it is easy to say the Lord knows best and easy for us to sympathize. For the one who has carried the grief, the tears and the heartache, it isn't so easy to believe. However, it is God's will. That is the only consolation that we can offer "Johnnie."

How many of you attended the new American Legion softball game under the lights last Thursday night at the High School athletic field? Well, there are others every Tuesday and Thursday. Make your plans to support these games. The charge is only 10c and 20c and won't hurt anybody much. Wouldn't hurt you much if you carried the whole family—unless its as big as ours.

The United Airlines reports that 69 percent of its passengers want cocktails before their meals aboard planes. Seems to us, riding in one of those big passenger planes at several thousand feet in the air, one would already be higher than a kite.

Don't say we didn't tell you. Check the News this week for the advertisements. You will find Western Auto Associates Store; Firestone Clanton Home and Auto Supply; and Good Printing Shop, all with specials and a little time reading the ad, you too but those three taking so much space thought, we would call our attention to them. — And, oh yes, there's some interesting reading in the paper too. This is just two.

Death will make the headlines. Last week end, a man was killed in an accident south of Clanton. The negro was on a motorcycle being towed by a white man when he fell on his back into the path of an automobile, according to reports. The man was killed. The white man was injured. The motorcycle was destroyed. The white man was taken to the hospital. The motorcycle was taken to the repair shop. The white man was taken to the hospital. The motorcycle was taken to the repair shop.

History does repeat itself. Eight years ago when we came to Clanton, Parker Taylor and Bill Minor were running a produce company. Much water has passed under the bridge, over the dam, etcetera, since then, but today we find Parker and Bill back together again. They have organized and produce brook trout and other fish. They have organized and produce brook trout and other fish. They have organized and produce brook trout and other fish.

## HARVIE WILKINS IN JAPAN

Private First Class Harvie Wilkins of Clanton, a member of the 21st Infantry Regiment of the 24th Infantry Division, has recently been moved to Kawanabe on the island of Kyushu, Japan.

The 25 year old infantryman entered the army in February of 1945, and has been performing his occupation duties on Okayama on the island of Honshu. Wilkins, a farmer in civilian life, is a holder of the Asiatic-Pacific campaign ribbon, the World War II Victory Medal, and the Japanese Occupation Medal.

His wife, Mrs. Evelyn Wilkins, is a resident of Clanton.

## LETTERS to the EDITOR

Editor Chilton County News:

After the death of our much beloved President, Franklin Delano Roosevelt, my interest in politics lagged. And not until the run off between Ellis and Folsom, did that interest return with exuberance. I never lived through anything quite like it.

For the first time in the history of Alabama the people were talked to and consulted. While the Ellis supporters were passing around printed petitions, asking for donations, Folsom was out contacting the people. I have been told that he did not ask for donations of any kind. That passing the suds bucket was only a means of giving the voters of Alabama the privilege of helping to defray his expenses. When Mr. Folsom spoke in Clanton, I went out hoping to get a glimpse of our next Governor, (I was that sure), but I only heard him. I had a nice seat outside the courthouse and quite a crowd around me.

So I heard "Big Jim", as well as others, speak, and being a woman, I got in a few words myself. I have already picked Alabama's next Governor. And he can get quite a few lessons from our recent election. I not only read, but I heard Mr. Folsom speak, and not one word of accusation, false or otherwise. Not the first bit of mud did he fling at his opponent. I am sure the other side tried to get something detrimental to lay at his door to stop him and failed. For their only accusation was big feet, ate turnip greens, lived in the country and did not know how to be a Governor. I am sure the feet of our newly elected Governor are in perfect accord with his size. His appetite for turnip

Workshop participants are studying Alabama's resources. They will attempt to work out methods of teaching resource-use in the schools which they represent.

greens met with the approval of everybody; and he is much indebted to God for being able to live in the country.

His ability to govern Alabama may fool his opponents; even more than did his election returns. And if he has a doubt as to where that first bucket of suds should be thrown, there are folks close by who will be more than glad to tell him. We elected Mr. Folsom for our Governor and we must not let him down, but help in every way we can to make the biggest Governor that Alabama has ever had—A Voter.

## Farmers Union To Meet In Clanton Saturday

All members of the Farmers Union are urged to attend a meeting to be held in Clanton next Saturday, June 22nd at 2:00 p.m.

A Union Hall is being arranged in the basement of the Cooperative Store. The purpose of the meeting is to adopt a Legislative Department and the purposes for which the Union stands.

The program as approved by the committee for adoption at this meeting is as follows:

### Legislative Program

For the purpose of promoting efficiency in Government and the establishment of a legislative department, the following shall become a part of the Farmers Union program.

This department shall be known as the Farmers Union Legislative Action Committee.

Its purposes shall be:

First: To inform the people about pending legislation and how it will affect them.

Second: To inaugurate and help enact such legislation, local, state and national, as will give justice to all the people.

Third: To keep in touch with public officials and advise with them as to the wishes of the people.

Fourth: To examine the records of all candidates in all political parties and inform the people of such records.

Fifth: To seek, endorse and support each candidate on the basis of his record and his stand on public issues.

Sixth: To be a non-partisan as to party in our discussion and action.

Seventh: To strive for the nomination and election of just and honest men from the beat committeeman to the National President.

Eighth: To educate the people of the responsibility of citizenship in forcing the will of the majority of the people for the good of all the people.

Ninth: To work for the registration of all non-voters that they may qualify themselves for the responsibility of citizenship and encourage them to vote at each election.

Tenth: To strive for honest elections by enforcing the law against the buying and selling of votes.

The above is a portion of the program to be offered for adoption at the meeting next Saturday.

Are you interested in the above program? If so come and give it your support.

Plans for putting this program into operation has also been approved and will be offered for adoption at the meeting—G. I. Smith, County Secretary.

## UNITY - CHILTON SCHOOL OF MISSIONS

MISS RACHEL COLVIN

Miss Rachel Colvin, gifted and consecrated Art Director of the Woman's Missionary Union of the South, will present a series of "Chalk Talks" devotionals at the Unity-Chilton Associational School of Missions to be held at the First Baptist Church of Clanton, June 25-26. The programs will start promptly at 9:30 o'clock both mornings, and close at 3:30 p.m.

Rev. Erhardt Swenson, Missionary to Argentina since 1924, will speak to the general assembly both days. Former Chaplain J. E. Berkstresser will bring a message from his rich experiences as a Chaplain among the armed forces of our country, and Mrs. R. S. Marshall will speak on her recent visit to Cuba.

Mrs. James G. Harris, wife of the pastor of Calvary Baptist Church of Birmingham, will lead the adult group in a study of "They Found the Church There," by Henry P. Van Dusen, which is a thrilling account of the effectiveness of Christian Missions as discovered by our armed forces in the Islands of the Pacific. This book ought to have an especially deep and personal appeal to all our people whose sons and husbands served out in the Eastern Theatre of war, and it definitely has a timely and convincing message for us all.

The Intermediate girls will study the life of the great missionary heroine, Mary Slessor "White Queen of Calabar," under the leadership of Mrs. E. C. Bassett, educational director of the First Baptist Church at Troy. Dr. Malcolm Fuller will teach the Intermediate boys in their study of the biography of William Carey, the first modern missionary.

Other teachers will be Rev. J. W. Lester of Rockford, Miss Annie Boyd Parker, student secretary at Alabama College, and Miss Martha Lou Logan, Judson College graduate. Junior boys and girls and the Sunbeams, will

Beautifully illustrated with screen pictures of unusual beauty! The "Bible Forum" is just one unit among thousands in a great world-wide campaign to effect a spiritual awakening for Christ in such a time as this. Hundreds of thousands of Christians attend and support this great world-wide program to help keep the peace.

Over 50 churches and companies in Alabama and Mississippi alone are federated together. The Seventh-day Adventist Church in Clanton is happy to co-operate in bringing you the "BIBLE FORUM."

Mr. And Mrs. Lum Scott  
See Three Sons Return

Mr. and Mrs. Columbus (Lum) W. Scott of Mars Hill Community are the proud parents of three sons who have all recently returned from overseas with a combined total of nine years and four months in the armed services.

Vester was recently discharged from the Army after four years and six months, most of which he spent in Trinidad. Martis was discharged from the Army after two years and eight months which he progressed from New Guinea to Japan. Melvin was discharged after twenty-six months service with the Marines, during which time he saw serious combat service on Iwo Jima, Guam, and other islands.

The Scott sons are all great collectors, and their combined collections would stock a small museum. They have guns, swords, flags, jewelry, pictures, and trinkets of many kinds. One item of particular interest is a walking cane gun, which appears totally harmless, but which is a deadly weapon at close range.

Sometimes "doubles" in the kitchen make for efficiency. Two measuring cups, one for dry and one for liquid ingredients, are needed for rapid work. Twin sets of salt and pepper shakers — one at the stove and one at the mixing center — save steps.

### HILL REVIEWS RURAL ELECTRIFICATION PROGRAM IN ALABAMA

Senator Lister Hill of Alabama today expressed gratification over the progress of Rural Electrification in Alabama and the great benefits which electricity and electric power are bringing to our farmers and all our rural population.

Senator Hill stated, "When we established the Rural Electrification Administration in 1935, only 11,000 Alabama farms, or 4 percent, were receiving power line electric service. On July 1, 1945, an estimated 66,400 farms, or 28.7 percent of all farms in the State, were electrified. Of this total, about half were on rural electric lines financed with REA loan funds. REA has made loans in Alabama to 24 locally-controlled member-owned rural electric cooperatives and two municipalities operating rural power lines. As of May 1, 1946, REA's Alabama borrowers were operating 11,252 miles of lines serving 47,147 rural consumers. Approximately 75 percent of these consumers are farms. The rest are non-farm rural homes, schools, churches, stores and other rural establishments. REA - financed lines now extend into 58 of the State's 67 counties.

"The first allocation of REA loan funds for rural electrification in Alabama was made in February 1936 and the first REA-financed rural electric line went into operation in the State in September 1936. As of June 1, 1946, REA had allocated a total of \$23,968,649 as loans to its Alabama borrowers. These allocations will enable the borrowers to finance an estimated 18,462 miles of lines to serve 73,465 rural consumers. The allocation estimates include lines now in operation and those approved for construction.

"REA's latest financial summary, covering all transactions to April 1st, 1946, showed that Alabama borrowers had paid \$1,750,594 in principal and interest due on their Government loans. The borrowers also had paid \$331,057 on principal in advance of the time it was due. Less than \$6,000 was overdue on REA loans in the State.

"REA's latest unelectrified farm estimates indicated the extent of the rural electrification job remaining to be done in Alabama. These estimates showed that 165,346 Alabama farms, or 71.3 percent, still were without rural power line service on July 1, 1946. Many other rural establishments also lacked electric service."

Senator Hill stated, "We must continue our efforts with renewed determination to make electricity available to every farm home in Alabama."

### MRS. MARTHA DAVENPORT

Mrs. Martha Davenport, age 66, died June 12th. Funeral services were held June 14th, from Pleasant Grove Church at 11:00 a.m.; interment in adjoining cemetery.

She is survived by five sons—W. J. of Jemison, Johnson of Thorby, Frank of Jemison, Vastin of Gadsden, R. B. of Thorby; two daughters, Mrs. Sallie Peoples of Bessemer, Mrs. Ollis Smith of Thorby; two brothers, Harvey and Walter Collins of Thorby; two sisters, Mrs. Mae Barrett of Clanton, Mrs. Margaret Waller of Thorby.

Survivors: Junior Peoples, Roy Patterson, Ralph Smith, Amos Smith, Hollis Peoples and Robert Davenport. Flower girls: Mary and Jeannette Peoples, Lorene Morgan, Myra Gene Collins, Francis Davenport and Emily Patterson.

### LOWER COSTS SOUND IN PRODUCING MEAT

Regardless of what the livestock supply, demand and prices may be in the future, it's always sound business for Alabama farmers to produce meat at low costs.

Big aids are rigid culling of animals and using more pastures, says W. H. Gregory, API extension livestock marketing specialist.

Prevent all avoidable losses, from death, sickness, parasites, lack of minerals or vitamins, or from poor management, he further suggests.

Use performance records to identify breeding animals whose off-springs make the greatest gains in the least time on the least feed.

### THE OLD RED ROOSTER HARD ON SCARE FEED

If you kill the old red rooster, it would be a fine idea for he has no place in the flock unless hatching eggs are being produced.

John E. Ivey, API extension poultryman, reminds Alabama farmers that roosters eat large quantities of scarce and valuable feed besides lowering the quality of eggs for market or home use.

"It is estimated that Alabama farmers lose over \$500,000 each year by keeping males with their flocks and selling fertile eggs which become rotten before reaching the consumer," says Mr. Ivey.

Surplus rooster, too, would go far towards easing the meat shortage, or if canned would be another source of meat this winter.

State Budget Officer Raymond D. Fowler has resigned to accept the position of business manager and treasurer of Alabama College, at Montevallo. Mr. Fowler will enter upon his new duties June 20, filling vacancy created by death of Edward H. Wills. The new State Budget Officer will be James V. Jordan, who for some time has been serving as Fowler's assistant.

### FEEDING TIPS GIVEN TO HELP POULTRYMEN

John Ivey, API extension poultryman, passes on to Alabama farmers tips that they may find useful in managing their own flocks during the critical feed shortage.

He says: If unable to buy starting, broiler, or growing mash for young chickens, feed laying, breeder, turkey or any kind of mash you can find.

If unable to buy mash, it may be necessary to feed home-grown grains, without mash, until mash is available.

Give the chickens all the green feed they will eat. Cut it for them, or let them out to graze. This is especially important where chickens are on a limited ration.

Feeding of grain alone, without mash, to young chickens in confinement, will slow down growth and make them more susceptible to coccidiosis. If continued longer than two to three weeks, nutritional diseases may develop.

Continue to feed mash to layers, if possible. If mash is discontinued, hens will stop laying and may start molting.

Cull closely in June, removing every hen that quits laying and every hen that goes broody. This will save feed and make for more profits.

Market any hen that starts molting in June. Early molters are poor layers and the best layers will wait until next October or November to molt.

### Voters Will Go To Polls Again Soon

Voters of Alabama will go to the polls again soon, to choose a United States Senator to fill vacancy created by death of Senator John H. Bankhead, and a State Superintendent of Education. Meanwhile, Gov. Sparks has appointed Highway Director G. R. Swift to the Senate, under a temporary appointment to hold until a new Senator is elected, and Dr. A. R. Meadows, director of the education department's division of administration and finance, as Superintendent of Education for the unexpired term of Dr. E. B. Norton.

### Thanks To Voters From C. C. Jack' Owen

To the Citizens of Chilton County and the State of Alabama:

I wish to take this opportunity of expressing my sincere appreciation to the citizens of Chilton County and the State of Alabama for the splendid vote given me on June 4th in my race for Associate Member of the Alabama Public Service Commission, Place No. 2.

The total state vote was as follows: C. C. (Jack) Owen — 196,392. Clint Harrison — 100,757.

I urge all of our citizens of the State of Alabama to call on me at any time I can be of some service to them.

C. C. (Jack) OWEN.

To keep carrots fresh, cut-off the tops before you store them. The same rule holds good for other root vegetables—beets, turnips, parsnips, radishes. The leaves draw moisture and food from the root.

### WENDELL ROGER HENLEY

Wendell Roger Henley, infant son of Mr. and Mrs. J. Q. Henley, of Clanton Route, died Sunday morning. Funeral services were held at Pleasant Grove Church at 10:00 a.m. Monday, conducted by Rev. Joe Gibson; interment in Pleasant Grove Cemetery.

He is survived by his parents; two sisters, Thelma Jean and Barbara Ann; grandparents, Mr. and Mrs. Jodie Culp and Mrs. Sina Henley of Clanton.

Spigener Funeral Home in charge.

### PILOT CLUB MET

The Clanton Pilot Club met at the home of Mrs. Melbie O. Smith on Tuesday night, June 11. Prior to the business meeting nineteen members enjoyed a refreshing picnic lunch on the lawn.

A report from the collection of canned food for overseas relief revealed that a generous donation of food had been made. The Pilot Club is indebted to the Girl Scouts for the work that they did in assisting with the collecting of this food in the stores on the previous Saturday. Plans were discussed for the Annual Horse Show to be held in August which the Pilot Club assists in sponsoring.

The next meeting will be held on Tuesday, June 25th, at the home of Mae Vinson. All members will want to be present because a special treat is in store for the program.

### BAPTIST W.M.U. MET

The Baptist W.M.U. held its regular mission program last Monday at the church with a large attendance.

The program was presented by members of Circle Six, and the topic for the program was, "Living Up To Our Moral Standards." The program opened with group singing, hymn, "Jesus Calls Us." Those taking part on the program were: Mrs. W. C. Golden, Mrs. A. L. Robinson, Mrs. Clarence Cox and Mrs. R. M. Tucker.

Following the program, Mrs. Little, the W.M.U. President, presented two of the G. A. girls, Betty Houtt and Betty McCas, who gave reports from the House Party at Judson College. The meeting was dismissed with prayer.

### MOW BITTERWEEDS FOR BETTER MILK

Alabama farmers are busy fighting a dreaded pasture pest—bitterweed. This plant that ruins milk whenever eaten by cows can be controlled by mowing, says J. C. Lowery, API extension agronomist.

Make the first cutting with the mower set high. Lower a little at each mowing. Cut often enough to keep the plants from blooming. Pull up all bitterweeds growing stumps, ditch banks and fence corners, where cutting can't be done.

After two or three years mowing, bitterweeds should be practically eradicated except for occasional plants. Go over pastures frequently to pull and burn these scattered plants.

Cotton insect control does just about everything; it raises income, increases yield, improves grade, releases land for food crops, and reduces cost, says J. C. Lowery, API extension agronomist.

### FEED SHORTAGE TIPS GIVEN FOR DAIRYMEN

With the feed situation remaining critical, C. E. Teague, API extension dairyman, this week gives Alabama farmers pointers that will help them meet the shortage.

Save as much hay and other feeds as possible, he suggests. Cut and cure hay to maintain high quality.

Utilize all available grazing—permanent or temporary—to conserve other feeds.

Cull out boarder cows and uneconomical producers.

Plant fall and winter grazing crops as never before.

### DAIRY CATTLE SALE AT KILBY PRISON

The recent 1946 sale of young breeding stock from the State Guernsey herd at Kilby Prison dairy attracted buyers from over Alabama, with prices averaging about \$50 per head above the 1945 sale. Top price was \$450, paid by Three Brothers Dairy, Prattville, for leaders Daisy Zell, a 23-months old heifer, while the top price for a bull was \$360, paid by J. D. Baggett, Montgomery county, for Kilby's Inheritance, a 10-months old youngster. A total of 44 animals were sold for \$11,335, an average of \$257.60 each. Sales were restricted to citizens of Alabama, in line with the policy of helping build up the dairy herds of the State.

### INCREASE IN SEIZURES OF ILLEGAL WHISKEY

An increase of 40 percent in seizures of illegal whiskey throughout Alabama was reported by the Enforcement Division of the State Department of Public Safety during May. Van B. Gilbert, director of the department, announced today. In May, whiskey seizures rose to 1,038 gallons from the 739 gallons seized by officers in the previous month of April.

Cook vegetables in little water and do not throw that water down the sink. Put it in the soup pot, national farm nutritionists say.

### MRS. NANCY JANE NATION

Mrs. Nancy Jane Taylor Nation, age 63, passed away at her residence near Providence, Beat 16, Sunday at 12:10 p.m. Funeral services were held at Providence Church Monday at 2:00 p.m., conducted by Rev. W. W. Robinson, Rev. Hughes and Rev. Cost; interment was made in Providence Cemetery.

She is survived by her husband, S. J. Nation; one cousin, Mrs. Ella Huett of Verbena Route 1, and a host of friends.

Flower ladies were members of the Providence Church and Sunday School.

Pallbearers: R. M. Robinson, E. L. Wyatt, S. I. Mims, Frank Lumpkin, A. C. Bates and G. C. Powell.

Spigener Funeral Home in charge.

### IF YOU WANT TO BE ELECTED DON'T BE IN OFFICE

If you would like to get elected Governor of Alabama, it is a good idea not to be caught in the act of holding an office at the Capitol when you make the race. This lesson of Alabama politics has been demonstrated not only in the recent primary, but for many years past.

In the last 20 years, from 1926 to 1946, a total of 10 men have run for Governor while holding a State office. The list includes three lieutenant-governors, two commissioners of agriculture, two highway directors, two presidents of the public service commission, and one attorney-general. Not a single one of them was elected.

Here is the 20-year roster of State officials who have made the race for Governor, all of them failing to make the grade. In 1926, Charles S. McDowell, lieutenant-governor, and A. G. Patterson, president of the Public Service Commission. In 1930, Lt. Gov. W. C. Davis, Highway Director Woolsey Fennell and Attorney-General Charlie McCall. In 1934 there was no State official in the race. In 1938, Commissioner of Agriculture Bob Fosse. In 1942, Highway Director Chris Sherlock. In 1946, Lieut. Gov. Handy Ellis, Commissioner of Agriculture Joe Poole, Public Service Commission President Gordon Persons.

## Thorsby Institute News

The following announcement was sent to Thorsby Institute by President A. R. VanCleave from Piedmont College, Demorest, Ga.:

"Piedmont College makes an award of a Tuition Scholarship to the student in each of the college classes with the highest scholastic average for the year. Miss Charlene Williams made the highest average of the freshman; also, the highest average of any student."

## Mary Goodgame Weds Arden Folk

The marriage of Miss Mary Goodgame of Thorsby and Arden Folk of Burwick, Penn., was solemnized June 12th, at 6 o'clock in the parsonage of Dr. J. H. Webb, pastor of the Cloverdale Baptist Church in Montgomery.

The bride wore a grey suit with Navy-blue accessories and corsage of white rosebuds. The ceremony was attended by two sisters of the bride, Mrs. H. V. Robinson and Mrs. James Nelson, of Thorsby, and a cousin, Mrs. Robert Johnson, of Montgomery.

The bride is the daughter of Mr. and Mrs. R. H. Goodgame of Thorsby. She is a graduate of Thorsby Institute and for the past year has been employed by the Alabama Educational Association in Montgomery. The groom is the son of Mrs. Min-

nie Folk of 214 Summer Hill Ave., Burwick, Penn. He was recently discharged from the U. S. Marine Corps, after three years service, 18 months of that time was served in the South Pacific.

After visiting the bride's parents in Thorsby and her brother in Columbus, Ga., the couple will make their home in Mobile, Ala.

## BOTH FOLSOM AND ELLIS POLLED LARGEST VOTE

The official count showed that the vote for Governor in the June 4th runoff set a new record both for the winner and the loser. The vote was 206,168 for James E. Folsom to 144,126 for Lt. Gov. Handy Ellis. Not only was Folsom's vote the biggest on record, as previously announced, but Mr. Ellis polled the largest vote ever received by a defeated candidate. The previous record for a loser was established by Frank Dixon in the 1934 runoff, when he received 135,309 votes, losing to Bibb Graves by a 22,000 vote margin.

The race for lieutenant-governor was close, with J. C. Inzer winning over Reuben L. Newton by 162,379 votes to 153,572. In the only other state-wide runoff, for associate member of the Alabama Public Service Commissioner, C. C. Owen, a newcomer to State politics, won by a landslide over veteran Commissioner Clint Harrison, the vote being 196,992 for Owen and 100,757 for Harrison.

Homemakers will find it pays to set aside 15 minutes each day to organize work plans for the day—the meals, the cleaning activities, some time to guide the children's play, a period of relaxation.

## NOTICE TO NON-RESIDENT

The State of Alabama, Chilton Coun-  
ty—Circuit Court in Equity, June  
1946.  
Lucile McAllister, Complainant, vs. J.  
Roy McAllister, Defendant.  
In this cause it is made to appear to  
the Register by the affidavit of A. B.  
Foshee, Attorney, that the Defendant  
is a non-resident, and that his place  
of residence and post office address  
is unknown, and that such address can-  
not be ascertained after reasonable ef-  
fort; and, further, that, in the belief  
of said affiant, the Defendant is of the  
age of twenty-one years.

It is therefore ordered by the Reg-  
ister that publication be made in the  
Chilton County News, a newspaper  
published in the County of Chilton,  
once a week for four consecutive  
weeks, requiring him, the said J. Roy  
McAllister, to plead, answer, or demur  
to the bill of complaint in this cause  
by the 12th day of July, 1946, or after  
the expiration of thirty days thereaf-  
ter, a decree pro confesso may be taken  
against him.

Done at office in Clanton this 10th  
day of June, 1946.  
M. D. FOSHEE,  
Register.

## JOE MULLINS, JR., WINS FIRST PLACE IN PIANO COMPETITION

Joe Mullins, Jr., one of Clanton's  
most promising young musicians, has  
this week achieved new honors. He  
won first place in an all-state piano  
competition at the University Music  
Camp, Tuscaloosa, Ala. This entitled  
him to a scholarship under a Univer-  
sity teacher for the camp period.

Besides a brilliant technique, Joe  
has an unusual repertoire for a high  
school student. His memorized re-  
pertoire includes representative works  
of Mozart, Beethoven, Chopin, Liszt  
and Schubert. Joe is also an excellent  
accompanist, having given generously  
of his talent on many school, church  
and civic occasions. His broad mu-  
sicianship is further evidenced by his  
work as one of the section leaders in  
the C.C.H.S. Boys' Glee Club.

Joe is the pupil of Mrs. Raymond  
P. Mims, and the former pupil of Mrs.  
Henry Jones.

## SINGING AT CENTER HILL

We will have our annual all-day  
singing here the fourth Sunday, June  
22.—The Henson, Frank Stamps  
and Stamps-Baxter books will be used.  
If you enjoy good singing, come out  
and spend the day with us. This  
church is located two miles west of  
Jemison. We hope to make this one  
of the best singings ever held here.—  
Lonnie L. Cobb.

## ASSEMBLY OF GOD

There were several absent Sunday  
because of sickness. We wish for  
Mrs. Gertha Easterling a speedy re-  
covery and return home. She is in  
the Selma Baptist Hospital where she  
underwent an operation.

Rev. Sandlin brought the morning  
message, his subject was, "Our Great  
God." Sunday night his subject was,  
"It Is Not Vain To Serve God."

Next Sunday morning his topic will  
be, "An Incurable Wound" and Sun-  
day night, "Enemies Of The Cross."  
Don't forget our C. A. service at 7:30  
each Sunday evening.

## MUSIC CAMP NEWS

Chilton County's 18 music campers  
work and play at Northington Cam-  
pus, University, Alabama. Johnnie  
Hayman of Jemison is making a name  
for himself in band, and the rest, all  
of Clanton, are specializing in chorus  
where it is reported "They predomi-  
nate in quality and quantity." Joe Mul-  
lins Jr. won a piano scholarship, and  
though second places were not an-  
nounced, Mary Clyde Mims made an  
unusual showing in piano, and Sallie  
Gowan in voice. Mary Clyde, Joe  
Rosaland Owens and Audrey Popwell  
are, in addition to chorus, taking a  
course in accompanying. Cooper Speaks  
has as his second music activity a class  
in choral directing. Milton Mims  
volunteered to be "The pupil" in a  
piano pedagogy class taught by The-  
odore Miller of the University staff.  
(According to Mrs. Raymond Mims  
this deserves a special salute). Sev-  
eral of the advanced piano students  
are studying theory and a few are  
taking intensive lessons in piano. Be-  
sides the above mentioned young peo-  
ple, the Clanton camp list includes:  
Warrena Willis, Dorothy Mims, Caro-  
lyn Kliner, Annette Blair, Carolyn  
Reeves, Frances Collins, Morris Moats  
Henry Grady Heflin, Jr., James Heif-  
lin Taylor and Thomas Patterson.  
Mrs. Joe Mullins is the chaperone for  
the girls. The camp closes with a  
big program by the band, orchestra  
and chorus Friday night of this week.  
A Number of Clanton citizens are mot-  
oring over for the event.

Three candidates had announced  
their intentions to qualify for the seat  
in the United States Senate left va-  
cant by the death of John H. Bank-  
head at press time Wednesday.  
Rep. John Sparkman of Huntsville,  
Rep. Frank Boykin of Mobile, and  
State Senator James Simpson of Bir-  
mingham. Mr. Simpson was defeated  
two years ago by Lister Hill.  
Gessner McCorvey, Chairman of  
the State Democratic Executive Com-  
mittee, has suggested the dates of  
August 20th and September 17th as the  
dates for the special election and the  
run-off if one be necessary. The dead-  
line for the qualifying of candidates  
has been set at July 2nd.  
The other candidates who are ex-  
pected to qualify but have not as yet  
declared themselves are: State Sen-  
ator Reuben L. Newton of Jasper;  
Joe Starnes, Guntersville; Probate  
Judge Elbert Booser, Anniston; Jim  
Gibson, Birmingham; Walter Ran-  
dolph, Montgomery; and Cooper  
Green of Birmingham.

## Meals Turned To Gas Lady's Stomach Was Like A Gas Factory;

One lady said recently that her  
stomach used to be like a "gas fac-  
tory!" That is, when she ate a meal  
it seemed to turn right into gas. She  
was always bloated, had awful stomach  
gas pains, daily headaches and con-  
stant irregular bowel action. Now,  
however, this lady says she is FREE  
OF STOMACH GAS and she says the  
change is due to taking INNER-AID.  
Her meals agree with her. No gas  
or bloating after eating. Headaches and  
constipation are gone. "Oh! what re-  
lief!" states this lady. "Why don't  
other gas and constipation sufferers  
get INNER-AID."  
INNER-AID contains 12 Great  
Herbs; they cleanse bowels, clear gas  
from stomach, act on sluggish liver  
and kidneys. Miserable people soon  
feel different all over. So don't go  
on suffering! Sold by all drug stores  
here in Chilton County. — Adv.

## NATIONAL GUARD UNIT

(continued from front page)

part of the 31st (Dixie) Division un-  
der Maj. Gen. John C. Persons against  
the Japanese at Morotai and the  
Philippines.

The Chilton County unit will be  
completely uniformed and equipped  
and will meet once a week for approx-  
imately one hour of training in the  
evening. Members of the unit receive  
one day's pay in their grade for at-  
tending each training period.

In addition to providing for the Na-  
tional Defense, National Guard units  
render aid to the community in time  
of disaster such as storms or floods,  
and may be called upon to disperse  
riots or to quell any violence that  
threatens the security of the commu-  
nity.

Service in the National Guard offers  
to young men excellent training in  
technical military skills, which often  
proves useful in civilian occupations,  
and requires only a small amount of  
time for one night each week. Na-  
tional Guardsmen who attend these  
training periods regularly receive four  
or five full days pay each month and  
this is considered a welcome financial  
assistance.

National Guard troops cannot be  
called to active duty in the Federal  
service except in time of war or na-  
tional emergency proclaimed by the  
President, and if ever called, all service  
in the Guard counts for longevity pay,  
and troops are mustered in with the  
benefit of all promotions received  
while in an inactive status.

Initial officers for the new Ala-  
bama National Guard will be pro-  
cured from those officers who served in  
World War II. However, these will  
be retired as soon as they have reach-  
ed the maximum age in grade. This  
system will provide a rapid turn-over  
in vacancies, and all personnel who  
can qualify will have the opportunity  
to progress steadily through all the  
non-commissioned and commissioned  
grades.

## JAMES W. SMITH

James W. Smith, age 76, died at  
Randolph, Ala. on Saturday, June 15

## DECEASED SERVICEMEN TO BE HONORED

### Two Ball Games, Speakers And Memorial Ceremony

July 4th—Independence Day. July Fourth was originally scheduled to be Durwood Williamson Day in Clanton, honoring a great all-round athlete who lost his life in the services of his country. Everyone loved Durwood; they loved his athletic skills, his personality and his modesty. But, there were numbers and numbers of others in the county who also lost their lives in World War II.

July Fourth in Clanton is going to be a day in which the Clanton ball clubs will honor the servicemen of the county who gave their all for their country.

John Hollis, Superintendent at Lay Dam, will be the speaker for the day. He will address the attendees at the Clanton ball games at 2:00 o'clock. Following this prayer will be offered by Rev. Carlisle Miller, an ex-serviceman and pastor of the Clanton Methodist church. A miniature grave is going to be erected. Following prayer by Rev. Miller a wreath and a U. S. flag will be placed on the grave. Taps will then be sounded. The ensuing game will be dedicated to Durwood Williamson.

On July Fourth, the Clanton Independent Ball team will play the strong C. I. O. team of Fairfield in Birmingham in the morning at 10:00 o'clock. They will play a second game with the same team that afternoon following the ceremonies.

On next Wednesday afternoon, July 3rd, Clanton will play Royal Cleaners of Bessemer here.

There will be no game in Clanton next Sunday, June 30th, as the Clanton team will jump to Tarrant City to play Johnny Martin's famous McCord team. It is hoped that large following will accompany the team to Tarrant City.

**Congressman Jarman Writes**  
Editor, Chilton County News,  
Clanton, Alabama.

Dear Ben:  
I have just observed that July 4th has been very appropriately set aside for observance of Durwood Williamson Day under the sponsorship of the Clanton Ball clubs.

I am impressed that this is such an excellent idea that I cannot refrain from immediately congratulating all concerned. May I add an expression of my best wishes that the occasion may be successful beyond the fondest hope of anyone connected with it.

With kind personal regards to you and yours, I am,  
Yours sincerely,  
PETE JARMAN.

### RETURNED SERVICEMEN TO BE HONORED AT THORSBY

The Fourth of July at Thorsby this year will honor returned servicemen of World War II. An all-day affair with speakers, a program, etc., will be held at the Thorsby Institute. Dinner will be spread. Everyone is requested to come and bring a well-filled basket. All servicemen of the Thorsby District have a special invitation. The program is sponsored by the Thorsby Civic Club and it is hoped this will be the most joyous Independence Day ever.

### FORMER CLANTON MAN KILLED IN GEORGIA

O. D. Grooms, age 52, a former resident of Chilton County, was recently killed in Georgia by a negro, Robert Lee Ruddick, 22. Grooms was robbed of \$16,000, part of which has been recovered by Georgia police officers. It is reported that Grooms was beaten with a heavy piece of iron and then the negro slashed Grooms' throat. Grooms was reared in Chilton County out near Isabella. His brothers, Ernest and Curt Grooms are residents of the county. Grooms was a farmer here, but it is reported that after leaving Chilton County he went to Valdosta, Ga., and entered the wholesale produce business, where he was doing quite well financially.

### RECORD OF SERVICEMEN TO BE PRINTED

A book listing the names of every serviceman in Chilton County who served in World War II is about to be printed. The names of every person in Chilton County serving in the war is desired. Therefore, it is urgently requested that each man in the county who served in the recent war fill out a postcard giving his complete name, address, where he served and for how long, be filled out. Mail this card to T. H. Walker, Clanton, Ala. And, your name will be in the list. This is the only means by which this information can be obtained accurately. Do this today.

### ALL-NIGHT SINGING NEXT SUNDAY NIGHT

### Smith Brothers Buried On Succeeding Days

J. MONROE SMITH

CLARENCE N. SMITH

In less than twenty-four, two brothers were laid to rest in the Liberty Hill cemetery last week. They were Clarence N. Smith, 50, and J. Monroe Smith, 69. Funeral services for Clarence were held last Thursday afternoon at 4:00 o'clock. Services for his brother, Monroe, were held on Friday at 3:00 o'clock. Clarence and Monroe Smith were the sons of the late Mr. and Mrs. (continued to back page)

### Walter Traywick Dies As Results of Auto Accident

Walter R. Traywick, 47, died in a Birmingham hospital at 11:30 p.m. Tuesday night, June 25th, from wounds received in a truck accident last Saturday night.

Traywick fell out of a truck driven by John Williams last Saturday night out on the Maplesville Highway near Baker schoolhouse. It is reported that his body fell under the right rear wheels of the truck. He was rushed to a Birmingham hospital where he died Tuesday night.

Funeral services are to be held on Thursday at Macedonia (Beat 11). He is survived by the wife; six brothers, J. W., Alvin and Archie Traywick of Clanton, Wilbur of Mobile and Harvey of Birmingham; four sisters, Mrs. Mollie Cox of Clanton R. 3, Mrs. Walter Smith of Route 5, Clanton, Mrs. Fred Grimes of Mobile and Mrs. Charlie Jones of Jemison.

Spigener Funeral Home of Clanton in charge.

### Brawl Claims Two Lives In Montevallo

A 44-year-old farmer, father of 12 children, was slashed to death in a fight on a Montevallo street and his brother-in-law was fatally wounded by a police officer who sought to halt the altercation, Sheriff L. T. Bozeman, of Shelby County, said today.

The two men, Gene Killingsworth, who operated a farm in Dry Valley, near Montevallo, and Bernice Horton, 36, Boston coal miner, died at South Highlands Infirmary. Killingsworth died about 7:00 p.m. Saturday and Horton died last Sunday night.

Sheriff Bozeman said A. C. Adams, Montevallo night policeman, shot Horton as the miner advanced on him with a knife. Adams had been called to stop the fight, he said, cause of which was not determined.

The sheriff said when Horton advanced on Adams with the knife the officer shot him twice in the head.

No arrests have been made, Sheriff Bozeman declared, but further investigation was being conducted by his office, he asserted.

Killingsworth suffered fatal wounds after having been stabbed by Horton prior to his advance on the police officer, the sheriff reported.

Killingsworth is survived by the widow, Mrs. Mollie Killingsworth; the parents, Mr. and Mrs. R. F. Killingsworth, Jemison; eight sons, four daughters, three brothers and three sisters.

Funeral services for Mr. Killingsworth were to be held at 3:00 p.m. at Providence Church near Jemison, with burial in an adjoining cemetery.

### HEALTH DEPARTMENT URGES TYPHOID SHOTS

Typhoid shots are available at the Chilton County Health Department office each Thursday afternoon and Saturday morning to all residents of the county who are interested in taking them.

If as many as fifteen residents of one community group together and ask for the shots the department will send one of their personnel to any part of the county to administer the shots. There is no charge to the public for this service.

Here is the schedule for July 2nd, 9th and 16th:

Bernie Killingsworth's home, Route 1, Montevallo at 10 a.m.  
Herdon's Store, Old Montevallo Road at 11 a.m.

Masonic Temple at Jemison at 1:00 p.m.  
Collins Chapel church at 2:30 p.m.

### FIFTH SUNDAY SINGING TO BE HELD IN MONTGOMERY

There will be a fifth Sunday singing held June 30th, 1946, at the Montgomery County Courthouse, Montgomery, Ala. All lovers of sacred music are invited to attend. There will be singers from three states present. Singing begins at 9:00 a.m. Bring your books and a lunch.

This will be the big singing of the year. Let's make it the best. The Sacred Harp will be used.

### CLANTON STORES TO CLOSE FOR 4TH

A majority of the business houses of Clanton will close for the first peace-time Fourth of July in several years. Names of the merchants in Clanton who will close their businesses from Wednesday noon until Friday morning, in observance of Independence Day, will be found in a large ad. elsewhere in this issue of the News.

### UNCLE JOHN BAKER, JR.

Mr. John Baker, Jr., age 85, of Clanton Route 1, died Tuesday at 1:00 p.m. Funeral services were held at 4:30 p.m. Wednesday from Walnut Creek Church, conducted by the Rev. A. T. Hickman, T. R. Greenwood and Rev. H. M. Sandlin; interment in church cemetery.

He is survived by two sons, Jessie Baker, Clanton Route 1, and Reese Baker of Clanton Route 5; four daughters — Mrs. Adeline Johnson, Mrs. Sallie Johnson, Mrs. Abertine Coggin of Clanton, and Mrs. Gracie Wilson of Montevallo; 16 grandchildren. Spigener Funeral Home in charge.

### CHILD VILLAGE CHANGES HANDS RECENTLY

The Child Village, formerly owned and operated by Mrs. Wilson, is now located at 407 10th Street, and is now operated by Mrs. Clifford Manning. The hours are from 8:00 a.m. to 5:00 p.m. The rate for a five-day week is \$4.00.

Where the child is cared for only one or two days a week the charge is \$1.00 for each day's service. For a six-day week the charge is \$5.00.

When in need of the service of the Child Village, call Mrs. Manning at 337-J.

### HENRY N. F. MIMS

Mims, all of Clanton; two daughters, Mrs. Effie Mae Driver and Mrs. Ethel Bell Vines of Clanton; one brother, Jodie Mims of Clanton; three sisters—Mrs. Delilah Baker and Mrs. Eliza Baker and Mrs. Virginia Wyatt of Clanton; 14 grandchildren and two great-grandchildren.

Martin & Sons in charge.

Lieut.-Col. Samuel E. Upchurch who has been visiting his father and mother here in Clanton has returned to his new assignment at Valley Forge.

### Collins Chapel Farmers Show What Cooperation Can Do

Community cooperation is essential in getting jobs done that are beneficial directly or indirectly to the individuals or community as a whole. In the case of a group of farmers of the Collins Chapel Community in Chilton County, the net results of group cooperation resulted in a drainage ditch that opened up between eighty to one hundred acres of good pasture and crop land that had formerly been a total loss as far as pasture and crop production were concerned. A small stream and low land caused all the trouble. The stream refused to follow any definite course, spreading out over a large area to drown out pasture plants and breed mosquitoes.

Four land owners and farmers of the Collins Chapel Community, George Burnett, Floyd Patterson, Edwin Gilbert and John Jackson, along with their neighbors, joined forces in clearing a right-of-way through the swampy growth for a ditch to be blown. With the help of the County Agent, M. R. Glascock, a ditch eight feet wide and three feet deep was blown with dynamite. Two days after loading started the water was moving off the land into Yellow Leaf Creek. Approximately 5,200 feet of ditch was blown at a total cost of \$422.00. This figure when broken down to a cost per foot basis would amount to \$8.00 per 100 feet.

Under the present A.A.A. program \$5.00 per 100 feet will be earned on this drainage program reducing the cost to the landowners considerably. Six men spent two days loading and shooting this ditch and according to the farmers owning the land their time could not have been spent in a more profitable way.

This project was made possible only because several farmers were far-sighted enough to realize that by joining forces the project could be successfully carried out and be made profitable to all. Had one farmer refused to cooperate in the undertaking it would have been a complete failure. The project had to be completed or not undertaken at all. In this case it was carried all the way. It would be safe to say that white ditch clover will soon take the place of muck of the water grass that did grow on this flooded land.—M. R. Glascock, County Agent.

### REVIVAL AT SECOND BAPTIST CHURCH — CLANTON

Next Sunday, June 30th, we will begin a revival at the Mill Church. Everyone is urged to attend these services. Rev. J. R. Cost will be doing the preaching. Morning services at 10:30 o'clock and evening services at 7:30 o'clock. — Ernest Jones, Pastor.

### CARD OF THANKS

We wish to express our thanks to our many friends and neighbors for the kindness shown us since our home was destroyed by fire.

May the Lord bless each and every one is our prayer. — Mr. and Mrs. James E. Pierce.

## CO. FARMERS MAKE TOUR TO AUBURN

### Farmers See Experiments On Hillside, Culture Of Fruits

Twenty-one farmers and representatives of the various agricultural agencies in the county made a tour of the Auburn Experiment Station Tuesday. This tour was sponsored by the Clanton Kiwanis Club.

The main purpose of the trip was to visit the experiments on hillside culture of fruit, particularly peaches. Many hillside orchards in Chilton County are being badly eroded and with clean cultivation good soil is being constantly lost as the results of erosion.

The popular belief that sericean orchards would injure trees and reduce yields has been discredited by experiments. According to the demonstrations visited on the tour, sericea in the orchard increases tree growth and yield after the third year, and a tree is only slightly retarded in growth while it is young. This difference is so slight that it is negligible.

By planting sericea in orchards it was found that erosion was completely controlled and much of the work in orchard cultivation was eliminated. By cutting one crop of hay from the orchard and letting the other two cuttings remain on the ground moisture was conserved and a great deal of the badly needed organic matter was added to the soil.

This one practice in orchard management can mean a lot to Chilton County peach producers in that it is proving possible to check erosion on land that will grow peaches but would wash away when clean cultivation practices are carried on.

Other experiments visited and discussed were year round grazing demonstration of sericea, manganese burr clover and grain sorghum. Sericea and manganese clover shows great possibilities as a grazing crop when grown in combination with each other. Sericea is a perennial that comes back each year and manganese clover reseed itself and comes back each fall for winter grazing.

Another demonstration plot that everyone was greatly interested in was the production of alfalfa. The plot observed had already been cut twice and was ready for the third cutting. Each cutting was giving about (continued to back page)

## NEW LIGHT

Signal lights have been installed at the crossing on Second Avenue. This is a decided improvement over the old system and one which we are sure all the population will appreciate.

Traffic accidents have been so much on the incline for the past few weeks that a call has come from the Mayor that all motorists should be doubly careful in their driving—take every precaution to prevent further casualties.

One violation of the law that is common is the habit of turning around on the tracks on Second Avenue. The City law enforcement department is especially watching these offenders and the Mayor urges all drivers to comply with this law before they have to be arrested and called before the Mayor's Court for its violation.

Let's keep our City's accident record low. It is just a matter of using common sense and reason.

It would be a horrible thing to say, "I killed a human being."

## THE FOURTH OF JULY

The declaration of Independence was the most important political document ever conceived for man's preservation. To secure freedom the colonists fought for six long years, christening a new nation in blood.

The American temper was for any struggle to accomplish independence. There were some men in 1770 who opposed the Declaration. Appeasement is not a recent development in man's argument with himself over peace and war.

There will always exist prejudice, weakness, disinterest, even to save a people from slavery.

Deprived of certain inalienable rights, loving freedom for themselves and wanting to secure it for their young, the thirteen colonies fought to preserve certain plain truths.

It is not old-fashioned of we Chilton Countians to still believe in the sacred promise of life, liberty and happiness. It is not only past history where man must fight to achieve the opportunity to live as he chooses.

Centuries will not erase a nation's greatness nor history books blot her page of greatness.

The symbol of our valiant endeavor is the American flag. On July Fourth, oratory and firecrackers. The Stars and Stripes remain intact in their glory.

The oratory is not as profuse as it used to be before the automobile took man on holidays away from the rotunda and platform. Many states have outlawed the firecracker as a menace, a firebrand in the hands of children.

Oratory and firecrackers are not vital for a celebration since love of liberty comes from within each soul. We are rudely reminded, by looking upon helpless and hopeless peoples of this world, of what comes when too many men lose that respect and honor of liberty.

The masses suffer.

The upholding of government, the interest of its procedure, requires the attention of every man governed by it.

When this cultivation is ignored, is left unwatred by men, the plant dies.

So, as they priced their glorious gift in 1776, let us continue to guard it, nurture it, love it, as long as we have a United States of America.

All of these new fangled gadgets they are showing for the saving of labor aren't worth a darn if you can't find a house in which to use them.

## FOLKS & THINGS

### ABOUT TOWN

-By BEN

Use your money while you're living. Do not hoard it to be proud; You can never take it with you—There's no pocket in a shroud. Gold can help you on no farther Than the graveyard where you lie, And though you are rich while living You're a pauper when you die. Use it then some lives to brighten, As through life the weary plod; Place your bank account in heaven And grow richer towards your God. Use it wisely, use it freely, Do not hoard it to be proud; You can never take it with you—There's no pocket in a shroud.

—BAPTIST MESSENGER.

The other night Rip Burnett and others decided to go down to the ball games that are held at the high school athletic field each Tuesday and Thursday nights. Well, Rip also decided to play ball—and at his age. Anyway the next day we were talking to him over at the Ford place and Rip said, "Look, if you want to talk to me, come around here in front. I'm too sore to turn around."

Wonder if it is true what they say about Leo Thompson and Henry Adair after their trip to New York. Of course Henry lived up there and we do not believe that he suffered from his trip. But Leo, we don't know so much about that. The story comes to us that the roof of his mouth is terribly sunburned from looking up at those tall buildings. We talked to him Sunday morning and we didn't notice it—but you know about these Clanton rumors.

We're taking a vacation this week—the wife is in Florida. Probably end up in a soup-and-fish, but anyway, we are on our own. Fact is, we didn't know that there was as little to do here in the way of entertainment as there is. We started off to set the woods afire, but we wind up every evening reading another book. Wish Saturday would come on.

Believe it or not we saw in a newspaper somewhere that things were getting so high that the \$64 question had been raised to \$68.

Ed Edwards gets so much publicity we are prone to leave this out, but is just too good to keep. The other day while doing some work for a friend Ed was arguing with a fellow who was giving him some good digs. Says Ed, "Don't you all pay any attention to that fellow, we were old college chums."

Our good friend, Mrs. Mary Gwathney, came by to see us today. The first business she was interested in was that fact that a son of her's, William (Billy) Gwathney, attended school for five years without ever being absent or tardy a single day. That is a record of some sort. Another thing was that she thought that picture at the head of the column is plenty good. She says that there is no sense of spending hard earned money getting another picture when we couldn't get a better picture. And confidentially she says that she doesn't care whether we are forty-five or not—it still is a good likeness. We haven't decided yet whether that is a compliment or an insult. But sure enough, we aren't forty-five. We were run over by a truck when we were small. That's what makes us look like that.

We knew that Herman Lecroy was going to have a beautiful new store, but we were really surprised Saturday morning when we entered for the first time since it was completed. The whole store is attractive in every way. Make a stop there one of your musts the next time you are in that neighborhood. Mrs. Lecroy is acting as cashier and of course that only adds more beauty to the new store.

### JACKSONVILLE STATE TEACHERS COLLEGE

Announcement is made this week at the Jacksonville State Teachers College that beginning with the Fall Quarter, September 9th, 1946, facilities will be made available at nearby Fort McJannet for housing 1,000 men students in addition to those located on the campus. Fort McClellan is six miles away and is easily accessible by bus.

If you have ruffled curtains which are still good though the ruffles may be worn out, they may be remade by substituting ball fringe for the ruffles.

### RECKLESS DRIVING ACCOUNT FOR DEATHS ON OUR HIGHWAYS

Reckless driving on Alabama roadways accounted for 250 arrests made by Alabama Highway Patrolmen during May, an increase of five percent over the number reported in the previous month of April, Patrol Chief Clyde C. Sellers announced today. Arrests for that offense were part of the 1,104 total apprehensions reported in May by the Highway Patrol.

"The deadly rising toll of traffic accidents in Alabama can be minimized if motorists will realize the danger involved in reckless driving," Chief Sellers emphasized. "Motorists who disregard traffic regulations, speed limits and are inattentive in their driving, risk the lives of their passengers and other motorists."

Operating a motor vehicle without a drivers license, highest among violations in May, accounted for 290 arrests. However, this figure reflected a decrease from the 311 apprehensions reported in April for this offense. Driving after their license was revoked was the violation listed in the arrest of nine motorists. Only four apprehensions were reported for this offense during April.

Driving while intoxicated figured in 257 arrests in May. Violation of Alabama carrier laws listed 37 arrests, an increase of over 27 per cent from April figures. Speeding trucks accounted for 39 apprehensions.

Among other offenses, improper brakes were responsible for 35 arrests, improper lights for 77 and passing a loading or unloading school bus accounted for 13 apprehensions.

### CHILTON VETS RECEIVE \$35,846 IN "ROCKING CHAIR" MONEY

During May, unemployment compensation in the amount of \$50,912 was paid to residents of Chilton County, compared with \$47,203 in April.

Unemployed veterans received \$35,486 in federal readjustment allowances while non-veterans were paid \$15,066 in regular state unemployment compensation.

Claims of both types are passed upon and checks issued by the state department of industrial relations. The veterans are paid from funds voted by congress under the "G. I. Bill of Rights" while non-veterans get their money from the trust fund built up by the payroll tax on employers and employees in establishments having eight or more workers.

Frank R. Broadway, state director of industrial relations, points out that, in the state as a whole, payments to veterans are increasing; to non-veterans, decreasing.

He said 39,430 veterans received \$2,973,136 during May, compared with 36,190 and \$2,588,094 in April, while 24,510 non-veterans obtained \$1,347,655 in May, compared with 27,951 and \$1,497,044 in April.

The veterans self-employed program continues to grow. This type of "G. I. Bill" aid went to 19,457 Alabamians in May, compared with 11,118 the previous month. Expenditures were \$1,949,805, against \$1,112,322.

Former service men in the self-employed program are paid any differences in their net earnings and \$100 per month. A large proportion are engaged in farming but many other types of businesses and professions are represented.

A tall glass of lemonade with a sprig of fresh mint is really a "lifter" on hot, tiresome days.

## MORAL ECHOES

Rev. D. W. Haske, D.D.

During the Civil War the colonel of a volunteer regiment camping in Virginia, came upon a private sitting under a persimmon tree, painfully munching on something. His face was wry and his lips moved only with the greatest effort. "What are you eating?" demanded the colonel. "Persimmons, Sir," replied the Private. "Good heavens man," shouted the officer, "Haven't you got any better sense than to eat persimmons at this time of the year. They will pucker the very stomach out of you." That is why I am eating the darn things," replied the Private. "I am trying to pucker my stomach to fit my supply of rations." There is nothing like having a reason for doing the things we do.

Why did that skunk live under the doorstep for six months and never let himself be known? He knew how to adapt himself to his surroundings. At any moment he could have proclaimed abroad that he was there, but he had sense enough to adapt himself to his surroundings so that he might have a home and an easy access to an abundant food supply. That O'possum that lived for months in the hollow tree that was just ten feet from our doorstep, and was discovered by accident, knew how to adapt himself to his surroundings. He did this because the hen roost was near. If we want contentment, along with supplies, it behooves us to learn the great art of adaptability. In the office, in the store, on the job, things may not be just as we would have them, but we must adapt ourselves to our surroundings and hold a steady hand. Happiness and food supplies may be at stake.

I heard a great preacher make this statement: "If I could have my way, I would not let a child have access to the Old Testament scriptures until he was at least eight years of age. To read and study them without mental maturity, the child gets distorted views of God." This minister was saying that certain scriptures are adapted to certain age and mental stages, and not alike at all times. The Bible says, "As new born babes desire the sincere milk of the word." To be sure there is a starting place. There are times when milk, not meat, should be used. Spiritual food should be served as it is adapted to spiritual growth.

Keep summer curtains clean by wiping screens often with a damp cloth.

## SPARKS OFFERS STATE FACILITIES TO FOLSOM

Gov. Sparks has offered to place facilities of State government at the service of James E. Folsom in the period between now and his inauguration January 20. "Please permit me to congratulate you upon your successful campaign," Gov. Sparks wrote the man who will be his successor. "The departments of the State's government will be open to you from now until your inauguration for such information, data or statistics as you may desire. If I can be of any assistance in any way, it will be my pleasure."

## ARMY GOODS TO BE SOLD

By July 1 more than \$1,750,000 worth of war surpluses are scheduled for sale at 161 sales sites at disposal centers throughout the nation, it was announced today by McClellan Ratchford, Regional Director for WAA in Alabama.

The Alabama Regional Office will open sales at seven disposal centers in Alabama with capital and consumer goods to be offered aggregating \$163,688,000. This represents approximately 10% of the total amount to be sold in America for the period and places Alabama third among WAA Regional Offices in the Nation in value of goods to be offered during the sales campaign, Mr. Ratchford said.

Locations of Alabama sales and amount of goods to be offered are as follows: Anniston Ordnance Depot \$7,802,000; Mobile ATSC \$12,000,000; Montgomery Engineering Redistribution Center \$1,200,000; Montgomery A.S.F. Depot \$65,000,000; Huntsville Arsenal \$7,800,000; Redstone Arsenal \$1,300,000; and Gulf C.W.S. Depot \$68,586,000.

Put off no longer buying planting seed of small grain, winter legumes, pasture grasses and clovers, urges J. C. Lowery, API extension agronomist.

### MISS DORIS DELOACH WEDS WILLIAM WESLEY HARTIN IN CHURCH CEREMONY

The Methodist Church was the scene at 5:00 p.m., June 14th, of the wedding of Miss Doris DeLoach, daughter of Mr. and Mrs. O. D. DeLoach, and William Wesley Hartin of Opp, Ala.

Evergreens were used as a background for standards of white gladioli, daisies and snapdragons, which alternated with white tapers in branched candelabra. The candles were lighted by Miss Nell Sessions and Miss Maria Wilson.

The Rev. Carlisle Miller officiated at the ceremony. A program of nuptial music was presented by Mrs. Percy Pitts, organist; Miss Eleanor Talley, violinist; and Mrs. Carlisle Miller, violinist.

The bride and groom entered together. The bride wore a sky-blue dress with navy accessories. Her corsage was a white orchid.

The ushers were Rex Wright of Slocumb and Pat Gallagher of Clanton.

The couple left immediately following the ceremony for a wedding trip to Florida.

The bride is a graduate of Troy Teachers College and taught the past year in the Florida School System.

The groom was recently discharged from the U. S. Navy and will enter A.P.I. in the Fall.

Out-of-town guests for the wedding were:

Mr. and Mrs. Hartin of Opp, parents of the groom; Mrs. Williams, Athens; Mr. and Mrs. Stavley, of Andalusia; Mrs. Nan Alford, Lanett; Mrs. C. C. Smith, Lanett; Rex Wright, Slocumb, Miss; Maria Wilson, Troy, and Miss Eleanor Talley, Montgomery.

### JACKSON CHAPEL

Our Sunday School attendance was small this past Sunday. We had Bro. J. L. Minor with us Sunday night. He preached a good sermon. We invite him back at any time he can come. Bro. West Partridge will preach for us this coming Saturday night. Everybody come out to hear him. He is a real man of God.

Let's not forget that our revival starts the first Sunday in July. We will have an all-day meeting on that day.

The Adult Class presented their teacher, Mrs. Annie Parker, a nice dress last Sunday, which she really appreciated.

Don't forget this coming Sunday is time to get new literature and re-elect teachers and officers. We will have different literature from now on. Everybody come and study God's Word with us. — Reporter.

See the Softball games Tuesday and Thursday nights at 7:30 — under the lights.

## STANTON

Mr. and Mrs. Walter C. Hand of Washington, D. C. are visiting relatives here.

Miss Aileen McKinney and Ezra Lee Lawley of Selma, Ala., spent Sunday with Mr. and Mrs. John McKinney and family.

Mr. and Mrs. Ollie Patterson, nee Mary Gholson, have returned from their honeymoon and are at home in Selma, Ala.

Mr. and Mrs. Fluker Lane completed their new home and have moved in. Their home was destroyed by fire a short time ago.

Several from this section attended the Southeastern Gypsy Tour and Rally in Montgomery, Ala., Saturday and Sunday. This Tour was sponsored by the Montgomery Motorcycle Club and attracted riders from several states. Norris Lege, Houston, Texas, riding an Indian Motorcycle, won Saturday's race, while Buck Brigrance, riding a Harley-Davidson Motorcycle, won the race Sunday afternoon.

Quite a few from our community attended the home-coming at the Tabernacle Methodist Church, Lawley, Ala., Sunday.

Miss Ruth Chism has completed her course in a Business College in Birmingham, Ala., and is at home for a few days before starting to work.

Mrs. Xyr Wilcox and daughter, Jean, of Mobile, Ala., visited Mr. and Mrs. Frank Reynolds last week.

Mr. and Mrs. Larcod Parnell of Selma, Ala., spent last week with their parents, Mr. and Mrs. Edward Parnell and Mr. and Mrs. Ford, of Plantersville, Ala.

Miss Aileen McKinney and Mrs. Norman Motley have returned from a few days visit with relatives in Birmingham, Ala.

Miss Vara McKinney, Miss Ruth Hicks and Mr. Millard Reynolds spent last Friday in Montgomery, Ala.

Mr. and Mrs. John O'Neal entertained a number of their friends and relatives at a barbecue Wednesday night. This occasion honoring Billie's birthday.

Mr. and Mrs. Howard Chism announce the birth of a daughter at the Maplesville Clinic last week.

## ISABELLA

Our pastor, Rev. R. W. Stuckey, preached two very inspiring sermons at Mulberry Sunday and Sunday night to good congregations.

Our Vacation Bible School will begin at Mulberry Monday, July 8th. The same teachers that taught last year will teach again this year. We hope to have a large crowd of boys and girls to attend.

We all welcomed Mrs. Araleen Pate back into our church at Mulberry. She put her letter in Sunday. Mr. and Mrs. Andy Henson visited her parents here, Rev. and Mrs. R. W. Stuckey, for the week end.

Our community extends its sympathy to Curt and Ernest Grooms and families in the loss of their brother, Odie Grooms. He was murdered and robbed near his home in Valdosta, Ga., last week.

Mrs. Fred Oden returned home in Robertsdale last Wednesday, leaving Annie Laura to help with her sister, Mrs. Joe James Wells, and baby, at the home of Mr. and Mrs. J. H. Wells. We all miss the family of Mr. and Mrs. Clement Gandy as they have gone to Selma to live.

Miss Sally Lou Robinson of Tallapoosa County is visiting Rev. and Mrs. R. W. Stuckey this week.

Mrs. Onie Bell and children of Birmingham visited her parents, Mr. and Mrs. T. L. Lecroy, here Sunday.

### MR. EUGENE KILLINGSWORTH

Mr. Eugene Killingsworth, age 43, died in a Birmingham hospital June 22. Funeral services were held Monday at 3:00 p.m. from Providence Church, Beat 13, conducted by Rev. Fred Lowery; interment was in the church cemetery.

## BASEBALL HERE

FRIDAY AND SUNDAY, 28 & 30

The American Legion Baseball Club plays the league leading Club from Siluria on Friday. Siluria has lost only one game and that was to Clanton.

On Sunday afternoon at 3:00 p.m., here at the City Well, the Clanton Club meets Montevallo.

Last week the Clanton American Legion Club lost one 7 to 0 and won one 3 to 1 from Columbiana. In the first game Dorough, pitching for Columbiana, did not allow a hit to Clanton and no walk. Bull Watkins, pitching for Clanton, gave up five hits, walked nine men, and had poor support from his team-mates.

In the second game things were reversed, Walker pitching for Clanton, allowed only one hit and one walk and struck out nine men. In this game Clanton got four hits, one each by Gentry, McCain, Jr., Giles and Roberts.

| League     | Won | Lost | Standing |
|------------|-----|------|----------|
| Siluria    | 5   | 1    | .834     |
| Clanton    | 3   | 2    | .600     |

### UNITED CONGREGATIONAL CHURCH — THORSBY

In the church school which meets at 9:45, the discussion groups are still active in spite of the hot weather. The younger people are also having a good time. The Truth Seekers Class will have a social this Saturday night in Studio Cottage. In the worship service at eleven o'clock Mr. Messer will sing, accompanied by Mr. Laurell. The evening worship services at 7:30 in the sanctuary are followed by pictures and discussions in the fellowship room. An increasing number of people are becoming interested in this varied program. Last Sunday night, "In His Name and For His Sake," was given, which was a series of color pictures of devastated peoples described by a voice played through the loud speaker from records. Hymns and a sound motion picture were also run. Slides and sound, color pictures have been booked for this next Sunday night.

### SCHOOL CENSUS TO BE TAKEN IN JULY

The school census for Chilton county will be taken this year during the month of July. Sometime during the month a worker will go to each house in the county to get the correct birthdates of all children between the ages of 6 and 21. The Board of Education has been fortunate in getting people who are interested and capable of getting an accurate census. These records are filed in the office of the Superintendent of Education and become permanent records of the county. These become the official school records of the county. These records are being used constantly and for that reason people are urged to give to the workers correct information. It will be well to have the Bible record or birth certificate or any other permanent record located in the home so that the correct information can be quickly and easily given to the workers.

## Thorsby Institute News

Miss Beatrice A. Dayton, a graduate of the University of Connecticut, has been secured as teacher of English and History for the coming year. She will probably have charge of the Girls' Physical Education.

We hope that everyone understands that he or she is welcome to draw books from the Institute library during the Summer on Tuesdays and Fridays from 9:00 to 12:00 a.m. and 2:30 to 4:30 p.m. There are books in the library for all ages and sizes. When Mrs. Harding, who is librarian, is away, her assistant, Miss Addie Primm, will be in charge.

A recent visitor to the school was Herman Higgins who is stationed at Camp Atterbury, near Indianapolis, Ind. Herman graduated in 1945.

## Thorsby Civic Club

The Thorsby Civic Club will meet in Helen Jenkins Hall on Monday night, July 1st. All members are urged to be present.

## Ladies Guild

The Ladies Guild will meet on Thursday afternoon, July 27th, with Mrs. A. E. Reagan. Everybody is invited.

## Rubbish Clean-up

The home owners of Thorsby are urged to clean up their weed patches and vacant lots in special clean-up period before the big Fourth celebration here. Cliff Campbell will pick up tin cans, etc., next week if placed where he can get them.

H. L. Collins of Birmingham was home Monday and Tuesday.

Gresham Lowery of Memphis, Tenn., was home last week. He stated he was moving his quartet to Indianapolis, Ind., and may be heard daily over that station in the near future.

Pvt. Herman Higgins of Camp Atterbury, Ind., was home for the week end.

Latest reports of Miss Anna Werness are good. She is fast improving and we're hoping she will soon be able to come home.

Friends of Pfc. L. C. Lowery will regret to learn he is ill in a hospital

## CONCORD BAPTIST CHURCH

We will have a worship service at Concord next Sunday, the fifth Sunday in June. We did not have a worship service the third Sunday in May due to the meeting of the Southern Baptist Convention. The pastor so appreciated the opportunity of getting to go to the Convention that he desires to make up that loss. Concord was so considerate of the pastor that they would not let him go to the expense of a supply for that day, so we feel that we want to repay them. We invite you to come and worship with us. — R. ## CRIMSON CLOVER AND RYE GRASS

Even though most farmers are still in the process of marketing and laying by summer crops it is getting time to start getting ready for winter grazing crops of crimson clover and rye grass.

Although Chilton County has never planted much crimson clover, several farmers in the county did a fine job with it last year. Crimson clover definitely has a place in Chilton County and can be successfully grown.

No one expects to do a good job with pole beans, peaches, corn, or any other crop when little thought is given to land preparation, planting and fertilizing. Crimson clover is no exception. General field or truck crops are not expected to give good yields on poor land—neither is crimson clover. The facts remain the same. Give crimson clover favorable conditions and good treatment and it will respond well and pay good returns for the time spent in planting it.

Good land should be selected for crimson clover. Land in pole or butter beans, tomatoes, oats, early corn, or any other early maturing crop should be used for crimson clover. Land should be continued to keep weeds or grass down as often as needed. Sallowing land in this manner serves two purposes: First, it conserves moisture; second, it cuts the soil in good condition for planting and keeps weeds and grass from competing with the young clover plants.

Another very important factor in establishing crimson clover on land that has been grown in cotton is the application of manure to the land sometimes during the period between the first and second planting time. This treatment will aid in getting good inoculation.

Crimson clover and rye grass should be planted in August if weather conditions will permit. Land that has been properly fallowed should have enough moisture for seed to germinate and survive.

Fertilizer treatment is also very important. Both phosphate and potash is needed on the sandy soils of Chilton County. Eight hundred to 1,000 pounds of basic slag and 75 pounds to 100 pounds of muriate of potash should be applied to each acre. If it is desired, 500 pounds to 700 pounds of superphosphate may be used in place of slag. Seventy-five to 100 pounds of potash should be used regardless of whether slag or phosphate is used.

Seed should be sowed at the rate of twenty pounds of crimson clover and twenty to thirty pounds of rye grass. Crimson clover should have double inoculation. Keep in mind that the inoculant is a culture with living bac-

**FUTURE AIRMEN** — Above is shown the group of veterans who are undergoing a course of instruction at Gragg Field. They are: **LEFT TO RIGHT, BACK ROW** — Norman Watson (Instructor), Ernest (Jack) Jones, Maurice Wyatt, Herbert Poole, Preston Little, Donald Collins, John Herrod (a non-veteran), Harry Curb and Edward Davis. **LEFT TO RIGHT, FRONT ROW** — John Mullins, Ousey Nelson, Julius C. Baggett, Melvin Duke, Mrs. Cosma Parsons (Ex-WAC), Clark Headley, Rheubin Scott A. G. Cargile. Student pilots not shown are Erle Ellis, G. G. Jones and A. H. Collins.

Too much alfalfa hay is being lost in fields, reports J. B. Wilson, API extension agricultural engineer. Better basing equipment, including hay bales, is necessary if this crop is to measure up to possibilities. Side delivery hay loaders, or push rakes and hay forks will help get this hay into the barn.

Alfalfa can be destroyed when improperly handled.

Seed should be planted on firm land that has been slightly harrowed or scratched. **DO NOT PLANT SEED ON A FLUFFY SEED BED.** Many farmers lose their crimson clover in this one operation. As soon as seed have been planted, cover light with a section harrow with teeth turned back or a very light drag. The size of the seed will tell you that they cannot survive deep covering.

As soon as the plants are up, top dress with 150 to 200 pounds of nitrate of soda. This will make the plants make rapid growth during the warm days of late summer and early fall which adds up to early grazing.

To summarize the essentials of successful crimson clover production would be as follows:

1. Do not attempt more than you can do a good job with.
2. Break early.
3. Fallow.
4. Fertilize well with manure and commercial fertilizer.
5. Double inoculate.
6. Plant early.

## NEW HIGH EXPECTED IN WINTER GRAZING

The green magic — winter grazing crops — that paints all Alabama land one color will cover more acres this year than ever before.

Because these crops made good during the four years they have been grown extensively, farmers are dead sure that they have a great future on all farms in the state. No other crop furnishes as much cheap feed, requires as little labor to handle, and returns as much milk and meat.

J. C. Lowery, API extension agronomist, points out that oats and other small grain grown alone or in mixtures accounted for 300,000 acres winter grazing crops in Alabama last year. Crimson clover alone (25,000 acres), crimson clover in mixtures with rye-grass or small grain (41,000 acres), and Caley peas (84,000 acres) were among other leaders.

Lowery predicts last year's acreage will be topped considerably this fall. Last winter farmers in the Black Belt averaged 110 days grazing from winter grazing crops, in the Coosa Valley 121 days, Lower Coastal Plain 58 days, Upper Coastal Plain 91 days, and in the Piedmont counties 105 days. Most of the grazing was done from November through March.

The average value per acre of the winter grazing was \$19.63 per acre, not including labor saved. Already farmers over the state are preparing land for seeding in late summer and fall, and are getting seed and fertilizers ready.

## WEEVIL FIELD DAY IN S. E. ALABAMA

The greatest horde of boll weevils since '39 has invaded Southeast Alabama cottonfields and is ruining the already late and unthrifty crops.

Field checks made last week in nine "Wiregrass" counties by W. A. Ruffin, API extension entomologist, showed boll weevil had punctured half of all squares formed. If not stopped at once, the insect will wipe out crops now in the early stages of setting squares, Ruffin believes.

All farmers south of Montgomery are warned to dust immediately all cotton that is fruiting freely. Using 7 to 10 pounds of calcium arsenate per acre for each application, three dustings, five days between each, should be made. Any application washed off by rains within 24 hours needs to be repeated.

Do not use DDT on cotton. Ruffin says it will not kill any insects that hurt cotton, but will destroy only those that eat the harmful red spider and aphid.

## TRADE MAGAZINE HONORS JENKINS FAMILY OF VERBENA

In the June edition of the L. & N. Trade Magazine, the Jenkins family of Verbena was honored with pictures of the family and a long story about the Jenkins war record. There were seven sons in the service. To sum up the accomplishments of the Jenkins family, read what a radio announcer said to the world about this family on the Army Hour back in 1942:

"No, there are no weaklings among the Jenkinses. . . Not among the seven sons nor the parents. These are strong American people—the people who will win this war. And they go their ways proudly, knowing they have taken up the burden and borne it nobly. . ."

Mr. Jenkins died on February 22, 1943, as results of a stroke.

\* Sweetpotato vine cutting crops set in June usually profit greatly by an application of about 125 pounds of nitrate of soda a month after planting

## OUTLOOK FOR CROPS IS DIMMED BY RAINS

Alabama's crop outlook isn't so bright as it was earlier in the year. Too much rain during most of May resulted in a reduction in crop prospects as of June 1, says an Alabama Cooperative Crop Reporting Service release.

Some damage was done to small grains, potato harvest was delayed, and cultivation of row crops was generally behind schedule. In northern counties, many farmers were unable to complete planting of cotton, corn and annual legume hays by the end of May.

Weather since June 1 has been favorable and farm work is now making rapid progress.

## POTATOES FATTENING? "NO," IT SAYS HERE

Somebody done the potato wrong—somebody said there was lots of fat in them there spuds.

That's wrong. There're no more calories in medium size Irish potato than in a big, red, juicy apple—about 100.

But if you go heavy with the gravy or butter on potatoes, then there's where the calories start piling up. Mary Hulsey, API extension nutritionist, says to be easy on these two—and don't worry about spuds being fattening.

And there're plenty of potatoes this year. They pinch-hit well for bread, are a cheap energy food, and more should be eaten, says Miss Hulsey.

If the milk is heated before it is beaten into smashed potatoes, the potatoes will be fluffy and light.

## HOUSEWIVES TO GET MORE CANNING SUGAR

Spare Stamp No. 49 — good for 5 pounds of sugar, May 1, 1946 — expires August.

Spare Stamp No. 9 — good for 5 pounds of sugar for CANNING — expires October 31, 1946.

Spare Stamp No. 10 — good for 5 pounds of sugar for CANNING — beginning July 1.

Housewives will get more canning sugar July 1 when spare stamp 10 becomes valid for five pounds, Sam J. Watkins, OPA District Director, said today.

Mr. Watkins explained that this is the final stamp of the year for canning sugar, as no easing of the sugar situation is expected before 1947.

Although it is expected that 750,000 tons of sugar will be available this year for home canning sugar, compared with 500,000 tons during 1945, Mr. Watkins asked housewives not to use spare stamp 10 unless the sugar is actually NEEDED for home canning.

## Veterans Training As Pilots Under GI Bill Of Rights In Clanton

Some twenty veterans including one lady are undergoing a course of training at Gragg Field now to be pilots. The training of these ex-GIs is being done by Central Airways, Inc., with Roy Bradley acting as airport manager. The instructor is Norman Watson, a former Cub pilot with the field artillery in Europe.

The present class was begun in April of this year with Erle Ellis being the first student pilot. Erle made his solo flight on May 8th, being Watson's first student to solo.

The training is being done in Piper Cubs with 65-horsepower Continental engines. Mr. Bradley has recently bought a Fairchild trainer and has more Cubs on order.

The course of training is for 16 weeks, giving the student 50 hours of flying time, a private license and 30 hours of ground school instruction. The course is paid for completely by the government.

Mr. Bradley says that when all these students get their license Gragg Field is going to be the airways center of Alabama and a continuous buzz will drone over Clanton.

## CARD OF THANKS

I wish to thank everyone for their kindness and sympathy shown me during my recent bereavement in the loss of my husband, Clarence Smith.

Especially do I thank everyone for the beautiful floral offerings and food that was brought to my house. Also, I wish to thank the Liberty Hill Quartet and Bro. Homer Carroll for his comforting words; Mr. and Mrs. Bob White for their kindness shown.

May God's richest blessings rest upon each of you is my prayer.—Mrs. Clarence Smith.

To make hogs grow faster, W. H. Gregory, A.P.I. extension livestock marketing specialist, says he sure to keep them free of lice and other parasites, furnish shade, use self-feeders and supply plenty of water.

Alabama poultry raisers have a wide-open meat and egg market right in their own state.

This fact was repeatedly emphasized in the poultry short course completed at Auburn recently. One of the chief aims of the training of the short course was to stimulate poultry farmers to producing the necessary 74,000,000 dozen eggs that inhabitants of the state should eat.

M. J. Fanchess, director of the Agricultural Experiment Station at Auburn, encouraged all poultrymen to increase their production above the 40,000,000 dozen eggs laid by Alabama hens last year.

In a speech to the assembled hatcherymen and poultry raisers, he stressed the necessity of Alabama poultrymen raising their own feed. People who buy feed for their chickens, he said, are specializing in a manufacturing program, not a farm program. It was his firm belief that the poultry program should be incorporated into the farm program.

According to John E. Ivey, Alabama extension poultryman, the field is ripe for Alabama poultry raisers. In 1945, 5,000 carloads of eggs were brought into the state from outside. These eggs could easily have been produced by Alabama farmers.

In view of the shortage of poultry feed now and in the coming year, Dr. C. L. Morgan, head of the poultry department of Clemson College, brought out the necessity of poultrymen raising their own feed from crops well suited to the climate and soil of the state. Peanuts and cottonseed meal, which may soon be free of all hulls and oil in a new process being developed, are excellent protein feed that can be produced as well as the various unmilled grains, corn, oats and barley. Home-grown grain and protein feeds, such as the above, coupled with the ease of growing leafy green feed, would make Alabama independent of other states for poultry food. Food costs can be reduced now by culling the flock, exterminating rats and providing waste-proof hoppers.

D. F. King, head of poultry department, A.P.I., stated that he wanted Alabama poultrymen to out-produce out-of-state competition in the chick raising business and develop the broiler industry to greater capacities. In 1943, he said, 84 per cent of the chickens raised in the United States came from hatcheries.

As an incentive to broiler production, Edmond Hoffman, of the University of Georgia, informed Alabama poultrymen that the best market for North Georgia's 30,000,000 to 40,000,000 broilers raised annually is Alabama. Notwithstanding the risks and trials of the broiler industry, he admitted the tremendous possibilities offered Alabama poultry raisers in this field. Mass production of broilers in Georgia started in 1932. Poultry raisers discovered that they could achieve mass production and market their broilers ahead of schedule by using cod-liver oil, riboflavin and cross-breeding.

R. Baker Jones, Junior Poultry coordinator for the USDA, discussed the national poultry improvement plan. He pointed out that hatcherymen and poultry raisers must test their own chicks if they expect to make progress. The overburdened state poultry inspector cannot do all the testing himself.

Mr. Jones expressed this pleasure at the growing tendency of the Alabama poultrymen to keep pullorum one of the deadliest of all chick diseases, down, and stated that Alabama is one of the four states that has over one-third of her hens mated by R.O.P. males.

G. J. Cottier, of A.P.I., treated in full detail the control of pectorum disease. J. K. MacNamee, of the A.P.I. veterinary school of medicine, familiarized the poultrymen with the newly-discovered Newcastle disease of poultry. This disease, first reported by Doyle in 1936, sometimes affects flocks with 100 per cent mortality rate.

The opening of the Speedoex school for instructing poultrymen how to determine sex of chicks on July 1st in Birmingham was announced at the poultry short course. After completing 275 hours of training at the school, operated by Young Quann, Cecil Yandura and R. V. Follis, a person can become an expert sexer of the tissue method, guaranteeing 99 1/2% accuracy in sex determination. Graduates of the school will be prepared to obtain a rating higher than the highest International Baby Chick Association rating.

The field agency of the school plans to provide placement of sexors in hatcheries throughout the country, and a mobile unit to provide sexing service to accommodate all small hatcheries in Alabama that cannot employ full-time check sexing specialist.

### Smith Brothers

(continued from front page)  
Tom Smith of near Liberty Hill who passed years before. Clarence was the youngest son and Monroe the oldest. Clarence was seriously injured on Wednesday morning, June 19th at Draper Prison, Speigner, Ala., where he was employed as a guard. It is reported that he was ascending the steps of the guard tower when he accidentally slipped and fell. He died in the Wetumpka hospital five hours later at 11:00 o'clock a.m.

Monroe Smith was probably a little more widely known throughout the county than Clarence. Monroe was instrumental in organizing the old Thorby Fruit and Truck Growers Association. He was manager and treasurer of that organization for many years. He served two terms as Mayor of the town of Thorby. He was also always very active in civic activities.

Monroe Smith is survived by the wife, Mrs. Margaret Smith of Thorby; five daughters, Mrs. Gertrude Williams of Savannah, Ga., Mrs. Lilly Mastin and Mrs. Claudie Mims of Thorby, Mrs. Neacie Mims of Clanton, and Mrs. Gladys Chambers of Birmingham; three sons, G. I. N. G. and E. C. Smith all of Thorby; one brother, E. E. Smith of Birmingham; two sisters, Mrs. Bulah Collins of Alex City and Mrs. Dovie Wilson of Clanton; 20 grandchildren and two great-grandchildren. Martin & Sons in charge.

Clarence is survived by his wife; 2 brothers, E. E. Smith of Birmingham, and J. M. Smith of Thorby; two sisters, Mrs. Dovie Wilson of Clanton, and Mrs. Beulah Callens of Alex City. Pallbearers were: M. F. McGraw, L. C. Lecroy, F. G. Lankford, O. F. Wells, J. M. McGraw and Frank Hull. Spigener Funeral Home in charge.

James Milton Taylor, Jr., infant son of James Milton Taylor and Gerthine Easterling Taylor, died Monday a.m. Funeral services were held Monday at 4:30 p.m. at Concord Church, conducted by Rev. A. T. Hickman.

He is survived by his parents and grandparents.

Martin & Sons in charge.

### Farmers Tour

(continued from front page)  
one-ton of high quality hay. The annual yield of alfalfa was between four and five tons per acre. Prof. Grimes, who directed the tour cautioned farmers who planned to plant alfalfa that unless the land was properly prepared, fertilized and seeded the results would be far from successful. According to Prof. Grimes, there is either complete failure or success, depending on the treatment. It seems there can be no compromise between poor preparation and good preparation as far as the results are concerned.

Other plots visited were irrigation demonstration with fish ponds supplying the water for various crops such as early corn, tomatoes, etc. It might be said that even the experiment station had tomato blight along with other tomato growing areas.

Everyone who made the tour felt that the time was very well spent and it seems that any proposal to make more frequent trips would meet with unanimous approval. The following is a list of the farm leaders who made the tour of the Auburn Experiment Station:

Lon C. Keen, O. H. Lawrence, N. H. Harrell, C. C. Cofer, J. D. Culp, Fonza Williams, W. A. Williams, Watson Jones, Smolen Thornton, Alvin Davis, Charlie Wilkins, L. Z. Giles, Cary Mullins and Vernon Jones.

## J. C. White Is Candidate For Superintendent

To the Voters of Chilton County:

In announcing myself candidate for County Superintendent of Education subject of the Democratic Primary being held July 30th, I wish to express my desire to see as many of you as possible before the election, but due to the short time it will be impossible to see you all. So, I take this means of presenting myself for your consideration. I am asking for this position largely upon the encouragement and solicitation of my friends. I have never been in politics before and I have no political debts to pay and if I am elected I will owe each child and each citizen throughout Chilton County as much as I do the other. My only desire is to serve all the people of Chilton County to the fullest degree of my ability.

The people whom I have worked closely with know me to believe strongly in a school system of the people, by the people and for the people. Having dedicated my life to the cause of education in Chilton County and working under every kind of condition in the county I trust, that I fully understand the school problems that need solving or adjusting in our county. We should feel proud of the progress made in the past and look forward to greater progress in the future. Our school system is far superior to most county systems and there is no reason why we shouldn't have the best rural school system in Alabama.

I hope to be named your next Superintendent of Education through my past record of service and upon my own merits. I earnestly urge you to investigate my past record as a teacher and principal in your county for 16 years. I served as teacher and principal at Freeman School, Macedonia, Jackson Chapel, Union Grove, Thomas Junior, Enterprise, and am at present principal of Billingsley High School. My experiences ranges all the way from principal of a one-teacher school through principal of a 13-teacher Senior High School. Please investigate my record and see if it measures up to your expectations as to honesty, loyalty to the schools, loyalty to my teachers, ethical character, executive ability, professional training and business experience. I hope to see and meet as many of you people as possible in my campaign and please feel free to ask anything about me that you would like to know.

I would like to say that, if I am elected that I will represent the self-made type that was reared under poor conditions paying for my education the hard way and my qualifications being based largely upon practical experience and professional training. I was born near Enterprise School and received my grammar and high school education in the Thorsby and Jemison Schools. My college training was done at Jacksonville State Teachers College, Alabama College, Howard College and special work at George Peabody College.

J. C. WHITE.

## Bookholdt Writes Voters Regarding His Campaign

To the Voters of Chilton County.

Dear Friends:

I am a candidate for the office of Superintendent of Education of Chilton County, subject to the action of the special primary to be held on July 30th.

Practically all of my 34 years have been spent in Chilton County. I was born, reared and largely educated in this county, finishing Enterprise Junior High and Verberna High Schools. My father is Lee Bookholdt, a life-long resident of Enterprise Community. My college preparation was done at Jacksonville State Teachers College and Auburn, where I received a B. S. degree in 1940.

At the age of 20, I entered the teaching profession and have held a variety of jobs in the profession since. This entire time, with the exception of two years, has been in the Chilton County system. During the past year I served as supervisor of your school bus system. The seven years preceding this I served as principal. This varied experience in our system, I feel, gives me a pretty good insight into the school problems over which our Superintendent has charge. School transportation is the biggest single job under the superintendent's direct charge, and I feel that the past year has pretty well trained me in the problems of this field.

As has been announced, I am now serving as superintendent. The County Board of Education appointed me to finish the unexpired term of Mr. Culp who resigned to accept a position with the State Department of Education. This appointment extends until July 1, 1947. I feel that by this time I will be pretty well acquainted with the duties of the office. If you voters see fit to extend this time four years, I promise to execute the duties to the best of my abilities. There my promises end, for I am making absolutely no personal promises, either to individual or community, above that.

Due to the fact that I am a new man on a new job, (one of the biggest jobs in the county), I will be very busy during July. Therefore I will not be able to contact as many of you as I would like to. The work at the office is going to occupy most of my time. I am asking my friends who know me to please speak a good word to those who don't know me.

My opponent, Mr. White, is one of my best friends. He and I have worked together for a number of years, and I can say without reservation that he is a good school man and gentleman of the first order. We plan for our campaign to be absolutely clean as far as we can keep it so, and ask our friends and supporters to help us in keeping it clean.

Your friend,  
HOWARD BOOKHOLDT.

## Bossinger - Nelson

Mrs. Estelle Bossinger of Clanton, announces the engagement of her daughter, Dorothy Mae, to Frank Eugene Nelson, also of Clanton. The wedding will take place in July.

## Bible Forum Enters Second Week

"Will Men Alive Today Live To See Jesus Return," was the title of the lecture given by Evangelist Everette L. Marley at the Bible Forum tent on Sunday night, June 30. This lecture launched the second week of the campaign to create a deeper interest in Bible study in Clanton.

Mr. Marley brought out clearly that we are living just before the end of time. The Bible shows that no man knows the day nor hour of Christ's coming, but the children of God will know when the time is near.

The darkening of the sun and the falling of the stars which was to take place under the sixth seal has occurred. This is the last to be opened before Jesus comes.

On Tuesday night Mr. Marley brought out many more things that have come to pass and are omens of the coming of Christ.

Mr. Marley predicts a very interesting subject for Sunday night, July 7, which will be entitled "365,000 Days of Peace." This will be a marvelous revelation of the future. It will be a time when Satan takes his vacation, stated Mr. Marley.

A large electric chart in combination with pictures on the screen will illustrate this lecture.

## Cemetery Cleaning

There will be a cemetery cleaning at Pleasant Grove Cemetery on Thursday and Friday, July 11 and 12. Everyone who has friends and relatives buried there, please come and help.—Mrs. J. C. Garner.

## Revival At Second Baptist

Everyone is invited to the revival this week at the mill church. Rev. J. R. Cost is doing the preaching. We know your time will be well spent and enjoyed. Let's enjoy the Fourth and also give some time to God in thankfulness that this is a peaceful one.

Morning services at 10:30; evening services at 7:30.—Ernest Jones, Pastor.

## R. C. McKee Faces Murder Charge After Death Of Wife

### Harmony Singing At Liberty Hill

On account of such a rainy day, there wasn't very many singers out to sing, although the people of the church were very nice to come out.

Opening song was sung by Mr. J. E. Cobb and prayer by Mr. S. J. M. Webb. Directors for the day were: Mr. Jack Langston, Mr. S. J. M. Webb, Mr. Sam Henley, Mr. J. E. Cobb and Mrs. Ruth Henley.

A real nice dinner was spread, of which every one enjoyed.

They sang a while in the afternoon and closed with prayer by Mr. Sam Henley.

We thank the people of Liberty Hill Church for their kindness shown us during the day, but very sorry there wasn't any more singers out.

### Notice To World War II Veterans

The Chilton County Post 3193, Veterans of Foreign Wars is having published General Marshall's report to the President and we are desirous of entering in this book a list of World War II men and women from Chilton County. We don't want to leave out a single man or woman who served in World War II.

If you have an honorable discharge and served between September, 1940, and now, please send your name in. We want men, women and colored. It doesn't matter how short your stay was in service, we want this list complete as possible. Just put your name on a post card. If you were a resident of Chilton County when you entered service mail your name in.

This list should be complete within two weeks. Please tell your buddy to send this in at once. Mail to Horton Walker, Clanton, Ala.

## County Fox Hunt And Barbecue Next Wednesday

Fox hunters and fox hunting enthusiasts will gather next Wednesday afternoon, July 4th, at the McKee Grocery on Yellow Leaf Creek, northeast of Clanton, for their annual hunt, dog show and a big barbecue, according to Mr. Jim Parrish.

"Uncle Jim" says this year's hunt and barbecue is going to out-measure any hunt ever held in Central Alabama with Chilton's finest fox hunters with their finest hounds present. What about the women folks? Ladies have a special invitation.

The site of this year's hunt is the McKee Grocery on Yellow Leaf Creek out Lay Dam Road. This site was chosen for the convenience of many hunters in Clanton and that section of the county. Then, too, according to Mr. Parrish, this is a rather flat hunting ground where the dogs may be heard throughout the chase. And, the surrounding countryside is not too rough on the dogs. There is also less danger in losing dogs and if dogs are lost they are easily rounded up.

The program will get under way at 4:30 p.m. At this time the dog show will be held. Dogs this year will be awarded by their appearance on the bench only.

Following the dog show will be the barbecue. One of Alabama's foremost barbecue artists, Mr. John Parrish, of Billingsley, will prepare the barbecue. Mr. Parrish says he will be the plate examiner to be sure everyone gets plenty of barbecue.

Dogs will be cast for the chase at first darkness.

Mr. Parrish says this hunt is called by order of the Board of Directors of the Chilton County Fox Hunters Association.

Be there . . . for the show, the barbecue and the hunt. July 10th is the date.

A sports writer from The Birmingham News has been invited to attend this hunt to take pictures, prepare a story for the daily, etc.

### First Degree Murder Charge Placed Against Lumber Mill Checker

R. C. McKee, 30, a lumber mill checker of Thorsby, is being held in the Chilton County jail charged with first degree murder in connection with the death of his wife, Irene, 30, according to Sheriff J. A. Nivens. According to reports from the Sheriff, the County Coroner and the County Solicitor, Irene McKee died of mysterious circumstances on Wednesday, June 19th, at 8 o'clock p.m. at the McKee home in Thorsby.

Mrs. McKee was the mother of five sons. Mrs. McKee was buried in the Providence Cemetery on Friday, June 21, by Spigner Funeral Home of Clanton.

Sheriff J. A. Nivens stated that after the burial of Mrs. McKee neighbors of the McKees came to him and Police Chief Livingston of Thorsby declaring that they believed Mrs. McKee died under suspicious circumstances.

Neighbors of the McKees, Sheriff Nivens said, stated that they heard Mrs. McKee screaming for help a few hours before her death was reported. Chief Livingston and Chilton County's law enforcement officers decided early last week to take action.

The Chilton County Solicitor, A. B. Foshee, ordered the body disinterred from the grave on Wednesday, June 26th.

A graveside autopsy was performed in the Providence Cemetery by doctors from the State Toxicology Department. Sheriff Nivens said a part of the body of Mrs. McKee was taken to Montgomery for examination. The autopsy revealed, it is reported by the Sheriff's office, that Mrs. McKee died of internal bleeding and other internal hemorrhages.

She was an expectant mother. After the autopsy, Sheriff Nivens swore out a warrant, charging McKee with murder. McKee was arrested and remains in the Chilton County jail.

Sheriff Nivens related that a table was brought into the cemetery and the doctors performed the autopsy at the graveside. The body, the Sheriff said, was buried again in the same grave.

Spigner Funeral Home and Coroner Leroy Martin stated that the death certificate had not been signed at the time of the burial. Spigner Funeral Home stated that the certificate was in the office of Dr. Franklin awaiting his signature. It is reported that the death certificate has to be signed within five days following burial.

Spigner Funeral Home reported this week that when the body of Mrs. McKee was being prepared for burial, no noticeable injuries or bruises were detected.

The body of Mrs. McKee was delivered to Spigner Funeral Home by Coroner Leroy Martin.

### AMERICAN LEGION BASEBALL LEAGUE

Next Friday, July 5th, 3:00 p.m., at the City Well Diamond, Clanton American Legion plays Montevallo.

Last week the Clanton Club lost two games to Siluria, and Columbiana trimmed Montevallo twice.

The Siluria Club by leading the league on this date won the right to represent the league in the Fifth District American Legion play-off.

| LEAGUE STANDING |     |
|-----------------|-----|
| Team            | W-L |
| Siluria         | 7-1 |
| Columbiana      | 5-3 |
| Clanton         | 3-4 |
| Montevallo      | 0-7 |

### NEW MANGER AT GOODYEAR STORE

Mr. J. W. Longier, formerly of the Selma Goodyear Store, recently assumed management of the Clanton Store, relieving George Moseley, who has gone to Selma to assume management of that store. Mr. Longier invites everyone to drop by and get acquainted.

## Servicemen To Be Remembered Here On July Fourth

### List Of County's War Dead Given

Tomorrow, Thursday, is July 4th and Independence Day—Chilton County's first peace-time Fourth since 1941. Who's going to be remembered this Fourth? The veterans and especially the heroic men of Chilton County who gave their lives for the cause to make another Independence Day possible.

At Thorsby, on the Institute lawn, an all-day meeting and get-together with dinner, games, speeches and all will be Thorsby's offering. Veterans are especially invited.

In Clanton, a miniature grave will be erected at the ball grounds near the city well. Just before the afternoon game Rev. Carlisle Miller will offer prayer. Bob Oglesby will make a speech. Taps will be blown. Then the final ball game dedicated to Durwood Williamson, a Clanton athlete who lost his life in the service, will be played.

In helping to remember the men

who made this Fourth possible, the News is publishing below a list of Chilton County men who lost their lives in World War II. This list is furnished by the War Department, Washington, D.C. There are some names missing, but is as near complete as we can give:

## WHAT PRICE MURDER IN CHILTON COUNTY?

Evidence shows that a murder was committed in Chilton County recently.

Who committed the murder we do not know. We do know that evidence points heavily toward the husband and he has been arrested and is being held in the county jail.

It is not who committed the murder, that we are interested in. It is whether or not the murderer will be brought to justice.

Too many times in the past history of our county has murder been committed and the accused gone free with a short sentence in the State Penitentiary. Of this short sentence he only serves, as a rule, a small portion.

This recent victim was the mother of five small children. The oldest only ten years of age. She was only 30.

She would have given birth to her sixth within a few months.

A more heinous crime we cannot imagine—and surely one could not imagine a crime in which the guilty would be more deserving of punishment to the extent of the law.

The evidence points to the fact that there was a murder committed. If the slayer is not brought to trial and dealt with according to the laws of our State, then we may as well lock our courts and say we are incapable of JUSTICE.

## KEEP YOUR HEAD—

Now that the OPA is a thing of the past and there are no limits to what you can be charged for the things you need as well as the things you do not need, it is the duty of each and everyone of us to only buy the things that are necessary to our well being. To buy everything we see, just because we can buy it again, will only add to inflation and the things that we have been fighting and hoping against ever since before Pearl Harbor.

It is our duty as loyal American citizens to "keep our feet on the ground" and buy only where we know the dealer is making a fair profit on his goods and not contribute in anyway to black market prices.

We, Mr. and Mrs. Average Buyer, can lick this thing if we refuse to be cheated by those who through personal contacts with the "powers that be" get special privileges and capitalize on them at the expense of the people.

Clanton needs a drug store that will remain open on Sunday. We do not believe in working anyone overtime without the proper pay, but seems to us the hours could be staggered where service could be rendered seven days per week.

The past Sunday we were in bad need of a commodity sold by the local druggist and although there was a clerk in the store we could not make our purchase.

Drug stores are as much a necessity seven days a week as are cafes, and in a city the size of Clanton surely arrangements could be made whereby a full week service could be given.

The fellow who thought meat would come easier after rationing was wrong.

He isn't wallowing in beef roasts, baked hams, steaks, as he thought he would be. Neither is he getting plenty of fish; if he gets chicken he stands in line or knows someone who has a supply.

The peace-time dinner table has become the vegetarian's delight in most places and the prospects for increasing our national meat supply is none too good.

Our butcher shops are sold out before they get their supply. We haven't heard of anyone losing their health because of the condition however, and probably won't.

Most of we Chilton County folks look pretty healthy.

We have passed from the season of spring birds to the season of spring boards.

We notice that there are a lot more nylon stockings appearing than automobiles. Maybe we just notice the nylons.

Can you remember way back when a quarter's worth of steak used to feed the whole family?

We are going to start calling Paul Williamson "Surry." Had you noticed, he has a little fringe on top.

The missus and her favorite boy friend have been invited out this week for the Fourth of July. Think it's a house-warming or something. Anyway we are reminded of the party who said the time of folks holding open-house is over. Now, what with the house shortage, if you were to hold open-house, some of the guests wouldn't leave. They can't find a home to go to.

Glad to learn that C. C. Gay, Jr., of over around Stanton has been appointed to the permanent position of Forest Ranger, State Department of Conservation of Chilton County. Mr. Gay is already stationed here and has made many friends in the past few months. Here's wishing the young fellow the best of luck and offering our every cooperation in his work.

If you want to know how hospitable a friend is just notice the size of the bowl of sugar they put on the table before you. If it's a big bowl of sugar; they are a dear, dear, friend.

From the grapevine comes word that we are to have another auto service store in Clanton — the Goodrich. Pretty soon we will have more auto service stores than grocery stores—and still we can't get an automobile. If something doesn't happen pretty soon we won't have anything to buy parts for.

We turn again this week to more politics. On another page of the News you will find the announcements of Mr. Howard Bookholdt and Mr. J. C. White for the office of County Superintendent of Education. This office was made vacant on the first of July by the resignation of Mr. D. P. Culp, who accepted a position with the State Department of Education.

Also warning up this week is the race for the place in the United States Senate left vacant by the death of Hon. John H. Bankhead. To date, and the deadline for qualifying is past, there are six candidates: John Sparkman of Huntsville; Jim Simpson, of Birmingham; Thomas H. Maxwell of Tuscaloosa; Ted Allen of Union Springs; Frank Boykin of Mobile; and Thomas L. Holly, of Mobile. With that many men after the same office and with only four weeks to stump the State, don't be surprised if you get run over in the rush of candidates rushing here and there trying to be at the right place at the right time where there are the most voters.

Five of our Clanton "lovelies" left for the Navy Monday afternoon. They were Thomas Patterson, Vernon Payne, Teddy Jones, Erskin Wyatt and Lelyn West. Ordinarily we would call them the "Unholy Three." But there being too many of them we will have to add Bobby Lane's name. That makes six, so we can label them "The Unholy Three—Twice."

Sgt. C. N. Kicker, who is executive secretary, Commissioner of Public Safety, Birmingham, was back home this week visiting for his old friend, Jim Simpson. "Kick" has a world of friends in Chilton County where he was raised and enjoys a popularity known by few old-timers who have been away as long as he has. He left Tuesday to resume his duties in Birmingham. And by-the-way, we believe he stated that "the Boss," meaning Mrs. Kicker, accompanied him on the trip.

## MORAL ECHOES

Rev. D. W. Haskew, D.D.

Tourists tell us that the fish served along the shores of the Mediterranean are insipid and tasteless. This is easily accounted for because they were caught in the clam waters of protected bays. The fish swam around lazily and basked indolently in the quiet waters. This is not true of the fish taken from the turbulent waters around the Shetland and the Hebrides. The fish taken from the waters that are rough are always delicious. It takes adversity to put spice into life. That person who lives lazily and quietly lolls around, will certainly lose that flavor that makes life worth living. Adversity does not mean the ruin of your life. When it comes it is doing something for you.

I heard a lady say this about her experience in the water, "When I become excited in the water and fear takes possession of me, I just stop my battling with the waves, draw my lungs full of air and then resign myself to the waves and float." That is good advice for one who is afraid in the water, and it is good advice for one who is filled with fear in the stream of life. To be sure adversities are going to come, and if we battle in fear, we are going to lose the fight. When adversity comes, just draw your soul full of faith, trust and reliance and give yourself over to the powers that be and you will ride the waves to deliverance. We can endure a lot when we are sustained by faith and trust.

Adversity brings to us an experience that is without value in drawing us close to the heart of the world. A

## YOUNGEST ENLISTEE IN AIR FORCES

Marcell Jackson, son of Mr. George Winslow Jackson, Route 1, Clanton, Ala., has the distinction of being the youngest enlistee yet to be sworn in by the Maxwell Field, Ala., Air Forces Enlistment Office. Marcell is only four years old. That is, he has had only four birthdays, having been born on February 29th, 1928.

Marcell attended school before enlisting, and intends to complete his High School education through the United States Armed Forces Institute, during the course of his three-year enlistment. After completing his enlistment, he plans to attend college, as provided in the G.I. Bill of Rights.

Young Jackson likes hunting and is a good shot. He has always

beautiful young lady was being tested out as a singer. She had a wonderful voice, but those who heard her said that she lacked something and that something was everything. Later this woman had her heart crushed by a tyrant whom she married, and then her voice became the best in Europe. All during the night hours I heard the sweet notes of a mocking bird near my window, and I thought it the best singing I had ever heard coming from the throat of a bird. Next morning I discovered that the bird was suffering from a broken wing. The sweetest notes of life come from the heart of those who have suffered. Experience produces a feeling of kinship with all mankind.

### WEEK'S BEST RECIPE

**Gem Nut Salad:** 3 c canned Hawaiian pineapple gems, one-third c mayonnaise dressing, 1/4 c finely chopped nuts (walnuts, peanuts, pecans), 6 canned or stemmed dried figs (stuffed with cream cheese), chichory or romaine, 2 c orange sections. Drain pineapple gems and dry on absorbent paper. Dip in mayonnaise and finely chopped nuts. For each serving arrange 1 stuffed fig on crisp chichory or romaine, surround with gems and garnish with orange sections. Pass more mayonnaise if desired. Yield: 6 servings.

### CARE OF ACETATE RAYON

Hand laundering is better for garments listed as acetate rayon than machine washing. If the latter, remove in three minutes. To remove stubborn spots, dip article into water then spread on flat surface and rub extra soap into spots. Continue laundering. Such material should not be twisted or wrung when removed from rinse. Roll in towel for absorbing water or hang clothes dripping. If sheer material keep it in folds during entire process and to dry, lay it flat and carefully press into shape with fingers, or hung double on line without pins. Iron wet and afterwards hang up until thoroughly dry. Iron on wrong side and use pressing cloth on right side.

### SAVE PEEPIINGS

A subscriber says she saves all lemon, grapefruit and orange peelings. Puts them in a paper sack and keeps near the stove. When thoroughly dry, she grinds or chops them and so has some fine flavorings to be used as chopped peel in cookies, ordinary cakes, fruit cakes, candies and salads. You can even boil the peelings and use the juice extracted to flavor sugar and water syrup.

### INSPIRATIONAL

## TEMPLE CHURCH

Vacation Bible School opens Monday, July 8th, at the Temple Church. Classes will open at 9 o'clock each morning and close at 11 o'clock. All children from 5 to 15 years of age are invited to attend. Mrs. A. T. Hickman will be in charge of the Intermediate class; Mrs. Thelma Jones and Mrs. Mildred Bridges in charge of the Junior class; Mrs. Verna Friday and Mrs. Bernice Mims in charge of the Primary class; Misses Betty Baker and Frances Driver in charge of the Beginners class.

You are also invited to attend our Sunday School and Church each Sunday. Sunday School at 10 o'clock; Church worship at 11 o'clock.

### NOTICE

Bro. M. Lockhart will preach Friday night, July 5th, at the Temple Church. We are sure he will bring us an inspiring message from God's Word, so come out and hear him.

Remember our revival will begin at this church the third Sunday in July. Rev. C. L. Duck of Greenville, S. C., will be the visiting minister. Everyone make plans to attend these services.

### MAKE HAYING SEASON FREE OF ACCIDENTS

Folks may not argue about making hay while the sun shines. But J. B. Wilson, API extension agricultural engineer, will argue that it should be made safely.

Figures show the haying season marks the beginning of a period when farm accidents run high. Wilson says the importance of putting up all the hay possible should not overshadow the need for making the operation a safe one.

He urges Alabama farmers to:

Check equipment carefully before haying starts. Watch out for defective hitches, ropes, pulleys, lifts, hay racks and ladders. Always stop machinery before oiling, adjusting or unclogging. Replace safety guards, which might be removed during these operations, before resuming machine operation. Avoid wearing clothing which might catch in moving machinery.

Watch out for falls from hay racks, hay stacks and hay mows. Make starts and stops carefully while loading, especially on rough ground. Don't take chances with pitchforks—never throw a pitchfork. Be sure that hay is stored in such a way that it will not start a fire.

**CANNING IN PROCESS**—There are many phases in canning the right way. Above is shown Durwood Tyler, Ag. teacher at the high school and the group employed. You may see the many processes, vegetables and fruits go through before completion.

## Chilton County Canning Plant Now In Full Operation Here

The Chilton County Cannery, located at the Chilton County High School, is now in full operation under the direction of Durwood Tyler, agriculture teacher at the school.

The plant began operation on Monday, June 17th, and will operate three days—on Mondays, Wednesdays and Fridays through the canning season for the benefit and use of the people of Chilton County. The hours are from 8:00 o'clock a.m. to 8:00 o'clock p.m.

During Mr. Tyler's absence the plant is under the direction of J. Reed Thompson, a Chilton man who taught agriculture last year at Frisco, Ala. The plant was constructed by the County Board of Education and is under the supervision of the teachers of vocational agriculture and home economics at the school. Everyone is invited to use the plant.

The following is some information regarding the plant:

1. All work is to be done by the patrons.
2. Each family will include two or more workers, including one man.
3. Vegetable produce should be in the plant not later than 12:00 o'clock noon.
4. Any number of families can be accommodated at one time.
5. Young children and pets should be excluded from the plant because of danger.
6. Patrons of the plant will find all utensils needed at the plant; however, they may be brought from home.
7. Patrons will bring soap and dish clothes.
8. All sizes and types of cans will be available at the plant at wholesale prices.
9. The total cost per can will be as follows: For No. 2 cans (pint size) service fee (to cover expenses) vegetables 2c, meats 4c; cost of can if bought at plant (vegetables 3c, meats 5c).

- 3c. Total, vegetables 5c; meats 7c.
- For No. 3 cans (quart size) add 2c per can.

10. Patrons will leave the plant clean and in order.
11. No tobacco of any kind can be used in the plant.

For any additional information see your local teacher of Vocational Agriculture or Home Economics.

### CARD OF THANKS

We wish to thank everyone for their kindness and sympathy shown us during the sickness and death of our wife and mother, Mrs. Sadie Smith Waggoner. We especially thank everyone for the beautiful floral offering and for the food brought to our home. Also we thank the nurses and Dr. Moore; Bro. A. T. Hickman and Bro. Walker and the quartet; also Mr. and Mrs. White.

May God's blessings richly abide with each of you as you pray.—Ed Waggoner, Carmel Crew, Mary Elliott and Harold Smith.

### DELTA KAPPA GAMMA HELD MEETING

The Delta Kappa Gamma held its annual workshop and original meeting at the University of Alabama June 21 and 22. Speakers from University of N. C., the George Peabody College and University of Alabama gave to the workshop a most instructive session. Chilton County's Alpha Beta Chapter was represented by the president, Miss Edna Kinney and Mary Clements.

With hot days here, it is more important to spray livestock, barns and poultry houses to control flies and mosquitoes. W. A. Ruffin, API extension entomologist, says to use a wettable powder that contains 50 per cent DDT. The proper mixture is two pounds in five gallons of water.

## Floyd Williams Joins Father As Partner In Grocery Business

### Spent Eight Years In Navy; Discharged Recently

Spurgeon Floyd Williams, son of Mr. and Mrs. S. L. Williams, is home from the Navy after eight years.

Floyd was educated in the public schools of Clanton, but has only been home 12 days in his entire service in the armed forces. His old friends have grown up just as he has and he is trying to adjust himself again to civilian life and renew old acquaintances.

In the future he will be associated with his father in the grocery business in South Clanton and will welcome old friends coming around to see and visit with him.

The two Mr. Williams are planning on extensive improvements in the Williams Grocery & Service Station in South Clanton and further details as to their progress will appear in the Chilton County News.—Adv.

### CONGRESSMAN JOHN

### SPARKMAN OPENED HIS CAMPAIGN MONDAY

Congressman John Sparkman opened his campaign for the United States Senate Monday before a Trade Day crowd in Scottsboro, following up that night with a speech broadcast over the Alabama network, emanating from Station WHBP in Huntsville.

Congressman Sparkman arrived home last week end, having been detained in Washington by the last minute pressure of vital legislation in the House, where he holds the position of Democratic whip.

Promising a vigorous and active campaign, Sparkman said, Monday, he would cover the State thoroughly, in his fight for the Senate post left vacant by the late Senator John H. Bankhead.

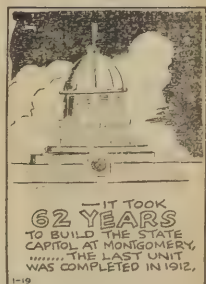

He referred to his record in the house, to which he was elected in 1936 and where he rose rapidly in importance to gain membership on key committees and the crowning honor as Democratic whip.

Pledging to see that Alabama received her just share of federal assistance and federal money for old-age pensions, farm-to-market roads, classroom school teachers, veterans and air facilities, he declared that his record pointed to an unswerving allegiance to the common man—the people of Alabama and that he would continue his fight in their behalf.

Congressman Sparkman has set up State Headquarters in Huntsville. Announcement of his speaking itinerary is expected this week.

It is not safe to buy land or to lend money and accept land as security without first investigating the Title of the land. Often there are unpaid mortgages and judgments or other liens, affecting the Title, which an Abstract would set out. Therefore, when buying land or lending money thereon, it is important that an Abstract of Title be furnished. A few dollars spent for an Abstract is cheaper than going ahead and having a law suit a little later on.

## Woman's World

Recipe for a New Spring Suit:  
First, Take a Dated Formal—

By Etta Haley

THERE is no such thing as the young teen-ager who has all the clothes she wants. When some new gadget, trinket or fad takes the school by storm, girls frequently feel out of the swing of things if they can't have them. On the other hand, clothes budgets for the high school girl are frequently limited, and it's impossible to buy everything.

In cases like this, the girls who can sew, or whose mothers are hand with the needle are truly born under a lucky star. There are always dresses in the wardrobe that are dated, rather than worn, but with skillful recutting and sewing they can be transformed into new and lovely things.

One of the items in a young girl's wardrobe which easily acquires a dated look, but does not lose its value as a good piece of material, is a formal. Formals are worn a few times, and then they lose their usefulness as such. But what a wealth of good material for sewing!

Not only one but several articles can be made from dated formals. The bodice can be recut and sewed as the top of a suit, and the skirt especially if it is full, offers ample material for the skirt of a suit, and even an extra blouse or skirt.

Becomes a bolero and skirt.

terial. The bodice of the formal, in this case would not offer enough material for the skirt, but the purchase of extra, matching material would be a worthwhile investment if a complete suit is the result.

If you do not want to use the remainder of the striped skirt material in another skirt or blouse, it will make beautiful accessories such as a hat or gloves. The accessories will then pick up their cue from the costume itself and add smart, finishing touch to the outfit.

Should you be making a bolero as topping for the skirt, then try the rounded shoulder effect. Pads can be purchased or made from muslin in a large enough size to give the desired rounded effect. They should be fitted carefully to the wearer.

For making the pads, you will find that featherbone in two or three ply makes an ideal support for these pads. They are easy to stitch to position with a long machine stitch.

Making a Circular Skirt  
For the Suit

The main thing to remember in making a circular skirt is to let the garment hang on a garment hanger overnight. This is done to let the fabric sag—if it will—and let you make adjustments before you really turn the hem and stitch it. This may be done after the garment is on its way toward finishing. When you are ready to sew the hem, take the garment off the hanger and try it on with the shoes you plan to wear.

The hem is then marked with a skirt-marker just as you would for any other type of skirt. Now the dress is removed. Lay the skirt on the table, folded at center-front and center-back lines and measure evenly all the way across the skirt. Mark with chalk for length. Trim a little off at the sides because of the sagging bias seams and then measure the depth you want them finished in. A circular skirt requires a narrower hem than does a lengthwise skirt. Turn the raw edge under a generous one-half inch and clean-stitch it. Use a long stitch to draw up the fullness of the hem with a bobbin thread. When the hem is basted and the lower edge pressed, try the skirt on again for fit. Then slip-stitch the hem into position, doing this with the skirt spread out on a table so the hem will lie perfectly in position. Long slip stitches are best—and be careful so that they do not show through.

## Sewing for Youngsters

You'll find these tips worthwhile when sewing for youngsters just past the bib and tucker stage:

1. Choosing materials for children should center on the following points: washability, wearability, ease of making, warmth or protection, and attractiveness.
2. The length of skirts, trousers and sleeves are important. Children's clothing should look smart if you want them to be happy and win appreciation from their playmates.
3. Good buttons and fasteners, good binding of trimming materials such as ric rail are essential if the child is to get in and out of his clothing easily, and make the clothing easy to launder.
4. Little folds like good fitting clothes. Making up a muslin pattern takes little time and saves ripping and tedious pinning that make youngsters fidgety.
5. Make sewing easy for yourself by doing all the cutting at one time. Then the sewing can all be done at a sitting. You can concentrate better when your work is well organized.

PROVIDING . . .  
Rural Telephones  
Is A BIG JOB

It's a big one . . . the job of providing telephone service to rural people scattered over hundreds of thousands of square miles in nine states!

But it's a job that we're pleased to be doing. Southern Bell trucks and men are becoming a more and more familiar sight along the rural roads of the South-east.

Of course a job of this size can't be completed overnight—particularly since more central office equipment must be installed at many telephone exchanges before additional phones can be connected.

You can be sure of this: We're doing the job, using the best equipment and technique Bell System experience and research can develop, and we'll keep on extending telephone service into more and more rural areas.

## PUREBRED HEIFERS TO BE BROUGHT INTO COUNTY

Another group of purebred Jersey Heifers will be brought into the county to be placed with 4-H Club boys and girls who are interested in starting a dairy project. These animals should arrive in Clanton late latter part of this month or the first of next.

All animals will be 6 to 12 months old and will be registered. These animals will carry a lot of quality and breeding and should prove to be the type of animal that any club member would be proud to own.

Boys and girls who get these animals with the intentions of doing a good job can soon build a small herd of purebred Jersey cows. Through good breeding and management a club boy or girl can develop a lasting project which will be profitable as well as educational.

As club boys or girls start dairy projects, winter grazing and pasture improvement will be encouraged and club members will be given all possible assistance with this work.

Too often it is thought that purebred animals should only be used where milk is produced on a commercial scale. Since most of the farms in the county carry three or four cows it would be practical for a club boy to get a purebred heifer to use as foundation stock. Through good management and breeding it would be possible to replace the poorer type grade animals with purebreds in a few years.

It is not enough for a club member to simply CLAIM an animal as a project. For a club member to take a great deal of interest in work at this nature the club must own an animal that has enough quality to justify more than average interest of concern. Very few "beginner" girls ever do a poor job with any kind of livestock project when they feel that their animal is better than the common run.

About half of the heifers that are brought into the county have been placed. Club members who are interested in getting a dairy heifer and have not placed an order may write or call on the county agent's office for full details.

## TIME PUT IN GARDEN ALWAYS WELL SPENT

Though field crops are demanding most of Alabama farmer's time, the sage advice "grow what you eat" still goes.

So W. A. Ruffin, API extension gardener, suggests that the garden not be overlooked, but that even more effort be put on this area. "Having plenty of vegetables to eat fresh and for canning should always be a main aim on every farm. No other area of equal size means as much to a good living," he says.

There's plenty to plant in July: Tomatoes, rutabagas, pole, snap and lima beans, eggplant, okra, and field peas in all parts of the state. Plant fall Irish potatoes in north Alabama.

See the Softball games Tuesday and Thursday nights at 7:30 — under the lights.

## SOIL CONSERVATION NEWS

Several cooperators of the North Central Soil Conservation District are planning to use Crimson Clover and Rye Grass for winter grazing. One cooperator has already started off right by following the land to conserve moisture in order to get an early planting.

A few cooperators, because of other farm work, have allowed their sericea to grow too large for good quality hay, however, if the sericea is cut now, some good quality hay can be obtained from another cutting.

A very good demonstration of the soil improving ability of sericea can be seen on the farm of C. R. Childress of Pleasant Grove Community. After the sericea had been used for hay for four years, it was plowed up and planted to corn. The corn following sericea is about twelve inches high and the corn not following sericea is about eight inches in height.

Eli Borden of Sawyer's Cove has a very good seed patch of White Clover. He intends to use the seed to establish White Clover in all of his permanent pasture. He also has a seed patch of Kobe Lespedeza. The Kobe Lespedeza will be used in a rotation of small grain and Lespedeza.

## FSA BORROWERS SPRAYING WITH DDT.

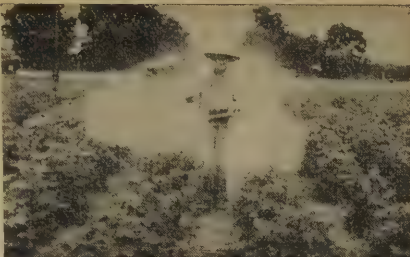

Farm Security Borrowers of Chilton County have declared war on household pests by spraying their homes and outbuildings with DDT spray. A series of demonstrations on the use of this spray are scheduled to be held throughout the county. These demonstrations, conducted by the Farm Security Supervisors, namely: Edmund N. Ivey, FSA Supervisor; Edith F. Wooley, Associate FSA Supervisor (HM); and Edward M. Davis, Assistant FM Supervisor, will teach the correct preparation and application of the spray.

The demonstrations will begin Friday, June 28th, and continue until each community in the county where FSA borrowers live has been reached. FSA borrowers will meet in a group and learn to use the DDT by actually spraying one house. This will enable individual families to purchase material and do their own spraying now and throughout the coming months as the need arises.

The type spray used for dwellings and buildings is a "water miscible" concentrate of DDT. The concentrate contains 25 per cent DDT and when one gallon is mixed with four gallons of water, a 5 per cent solution is obtained.

The Alabama State Health Department for two years has been spraying homes in areas that have a high percentage of malaria. The work being done with DDT by the FSA in Chilton County and throughout Alabama will be done in accordance with the specifications as set up by the Health Department.

Last year Alabama was the largest shipper of queen bees and second in package bees. There were 193,200 queens and 235,000 pounds of package bees shipped.

Above is shown W. C. Gray, of Cooper, spraying his cotton against boll weevil with a hand-cranked spraying device. Mr. Gray's farm is on the highway, near Cooper, Ala. Nobody has said so, but it is supposed that Mr. Gray is spraying with calcium arsenate at the rate of about 10 pounds per acre.

## ADVISES SELLING GRASS CATTLE NOW

The time is ripe for Alabama farmers to sell grass cattle.

Ample pastures have put good gains on animals, consumer demands are 40 per cent above supply, and beef will be the principal source of "red meat" for quite some time. These are the reasons given by W. H. Gregory, API extension livestock marketing specialist, as to why he is urging farmers to market their grass-fed cattle now. "It is usually better to sell when there is such an outlet as at present than on a forced market later," he says. "Never has there been a better opportunity for farmers to cull cattle of nondescript breeding, shy breeders, calves, and heifers of inferior breeding."

## COPPER DUST CUTS LATE BLIGHT TOLL

The fight is on to save the remainder of Alabama's tomatoes from late blight which cut the early crop about 75 per cent in the lower part of the state.

In north Alabama growers are using copper dust to keep the disease from making headway in their early plantings. In the lower half of the state second plantings are receiving the same treatment.

John Bagby, API extension vegetable marketing specialist, says that the only satisfactory control is a five per cent copper dust applied weekly from plant-setting to harvesting.

## SPOT POOR LAYERS; REMOVE FROM FLOCK

It's a lucky break for some hens that their owners haven't culled flocks carefully enough—for they would have been off to market long ago.

John Ivey, API extension poultryman, urges poultry raisers to learn to spot these non-layers by sight.

Shrivelled combs, yellow beaks and signs of neck molt are sure signs hens aren't earning their keep. Don't wait for a complete molt to start, or for yellow pigment to come back into the shanks, Ivey advises. When a hen goes out of production and starts a general molt she begins to lose her best market condition. To, July molters rest four to six months, while an October or November molter usually only two months.

Earle Williams, API extension labor specialist, recommends July as being a good month for neighborhood meetings to plan for work and machinery swapping, and to organize custom work programs.

Air, water and heat are the thieves that rob cabbage of its vitamin C. So the less you cut, cook or have to store cabbage the more vitamin value you receive for your money. Young green cabbage fresh from the garden, washed and eaten raw is the ideal way to get the most flavor and food value that cabbage can give, advises Mary Hulsey, extension nutritionist.

Home canning is as important this year, when famine stalks overseas, as it was any summer during the war. Every jar of good home-canned food that a family puts up for itself will do its bit toward making the world's food supply go around. Luckily, this year no serious shortages in canning equipment are expected.

## Milk Mixture for Stomach Ulcers

A recent medical discovery now used by doctors and hospitals everywhere has proven unusually successful in the treatment of stomach ulcers caused from excess acid. It is a harmless preparation yet so effective, in many cases the pain of stomach ulcers disappear almost immediately. Also recommended for gas, acidity, indigestion, heartburn due to hyperacidity. Sufferers may now try this at home by obtaining a bottle of LURIN from their druggist. LURIN contains this new discovery in its purest form. Easy to take. Just mix two teaspoons in a half glass of milk. Cuts but builds. Most satisfy or money refunded.

## Chilton County Fox Hunt And Barbecue July 10th

On next Wednesday, July 10th, the Chilton County Fox Hunters Association will hold their annual barbecue and fox hunt at the Frank Calloway Landing, 10 miles east of Clanton. In leaving Clanton travel east, pass the high school and follow signs that will be placed at intervals to aid you in reaching the hunt. Come rain or shine, as you will have good smooth all-weather roads.

No effort is being spared to make this hunt one of the most complete and the finest yet held in the annals of Chilton County fox hunting. It will be under the supervision of your newly elected President, Buddie Ellison, who needs no introduction to the fox hunting clan. To him must go the credit of organizing the fox hunters of Chilton County back in the early thirties. Buddie is at his finest when he is surrounded by a host of his fox hunting friends on an occasion of this nature. He has traveled over the state and the adjoining states covering and making an exhaustive study of their hunts and associations.

Our nation is just coming out of the throes of a bloody and terrifying war which has tended to divert our interest from those things of the sporting field. Fox hunting is no exception; the lapse of interest among the Chilton County Hunters is attributed in no little part to the war and its devastating effects.

Now we are free of assemblage once

more on some remote knoll, catch a deep breath of cool, clear and crisp night air, and settle back to listen to the clear staccato ring of 'Ole Blue and the high pitch tenor of little 'Bugle Ann' as they drive the sly 'Ole Red across the mountainside on into yonder dale.

The public at large is cordially invited to attend this meeting. They may be assured that their presence will not be subjected to certain forms of rowdiness as has been the case on several of the past gatherings. Proper authorities will be present to handle this part of the program.

The barbecue will be served at 5:30 p.m., followed by the dog show (conducted by out-of-county judges), then the horn-blowing contest, etc. — then the race.

Four prizes will be awarded in the dog show. Entry fee is 50c.

Well over 150 members have already joined with many friends and hunters from other counties sending in word that they will be present. Membership fee is \$1.00. You may purchase your card from either Buddie Ellison, Clanton, Ala.; R. B. Johnson, Jemison, Ala.; or Raymond Oden of Lawley, Ala. Plans will be drafted for a field trial exhibition for next year — 1947. The time element prohibited conducting one this year. Remember the date and place and we hope to see you on this sporting occasion — Robert B. Johnson, Secretary-Treasurer.

#### CARD OF THANKS

We wish to express our many thanks and our appreciation to the numerous friends and neighbors during the illness and death of our husband and father, Mr. J. M. Smith.  
We especially thank Bro. Carroll for his consoling words; the Liberty Hill Quartet for their singing; all the people who brought in food; those who remain with us at night, and those who so willingly used their cars.  
We also want to express our deep appreciation and gratitude for the beautiful floral offering—Mrs. J. M. Smith and Children.

#### PILOT CLUB HOLDS PROGRAM MEETING RECENTLY

At the home of Mae Vinson one of the most outstanding and enjoyable meeting of the Pilot Club took place last Tuesday night.  
Sophia Jones, chairman of the program committee, presented one of Clanton's very talented young ladies, Miss Helen Parrish, who gave two interesting readings. First one of intense drama, and later a very humorous one of present day life.  
A delicious salad plate was served to 18 members and two guests, Mrs. Evans and Mrs. Ransom. Ruth Waters will be hostess for the business meeting on July 9th.

#### JACKSON CHAPEL

Last Saturday night Rev. Partridge from Piper brought a wonderful message which was enjoyed by all in spite of the rain. We had a nice crowd out for Sunday School.

Remember next Saturday night our revival begins.  
Sunday we will have an all-day service. The Connell Family will be with us at 2 o'clock p.m.  
Everybody bring lunch and spend the day.

## LETTERS to the EDITOR

Mt. Creek, July 27, 1946.

Dear Editor:

Will you allow me space in your paper on Positive Profit?

Men have puzzled their minds trying to find an answer to the Master's question: "What is a man profited, if he shall gain the whole world and lose his own soul?" But they would do well, also, to consider how much a man is profited if he saves his soul, even if he loses the world.

There is a big sense in which a man loses the world if he loses his soul. Paul said: "Godliness is profitable unto all things, having promise of the life that now is and of that which is to come—Timothy 4:8. No one can gain the world in the sense of obtaining a permanent title to it, and that man gains the world in the fullest possible sense who makes of the world opportunity for salvation and for service. Such a man owns the world now and will inherit it for eternity.

There is no occasion for us to deny the passing good found by the pleasure seekers, the honor-grabber or the money gatherer. But none of these actually gain the world. Not only do they not gain the world in its entirety, they do not gain a worthy share of it.

The man who saves his soul, gains the world in a far better sense than these or any others we might name.

It has been observed that increase of income does not necessarily minister, too, happiness, and that promotion does not satisfy ambition. The observation is that wants out-travel money increases and that new worlds appear faster than anyone can conquer them. But men do not always confess that it is in the man and not in the things in which he seeks his satisfaction.

The reason such men cannot save the world is that they have not saved their own souls; and the proof that this is true is found in the fact that they who have truly saved their own souls have also found in whatever state I am. Therewith be contented. The portion may be little or much; the position may be an invalid's crutch or a ruler's throne, but in any case, the lot is a pleasant one. It is the Christian's firm faith and hope that he who gains Heaven, gains all. There is no view of rewards for the future that can befo the faith that the merest babe who gets to Heaven will be infinitely full and happy for evermore. — Cliff Sewell, Mt. Creek, Ala.

#### How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

1 Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.

2 Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardui. If it helps, you'll be glad you did.

### RELIEF FOR A STARVING WORLD

Recently I had a letter from Dr. A. H. Reid, Secretary of Alabama Baptist Association, asking that Chilton County raise \$470.00 for relief of the suffering and starving people of the world. At our recent Southern Baptist Convention in Miami, Fla., the Executive Committee of the convention recommended to the Convention that Southern Baptists raise \$3,500,000.00 during the summer months. It was unanimously carried and \$16,000 given on the spot. Alabama's quota \$185,500.00. These suggested goals are about 40 per cent of the Co-operative Program gifts for the last association and conventional year.

A careful survey of the needs and conditions of the people of Europe and other countries was made by our Foreign Mission Board, to see for ourselves just the exact conditions. Dr. Sadler was chosen to do this work, and at the Southern Baptist Convention, made his report. It was an alarming and a pathetic story. He said, in effect, he could not eat a meal and enjoy it for thinking about the starving children with their shrunken bodies, the skin gnawing the bones, their stomachs gnawing and even some eating bark.

It seems to me now is the time to show our love for our Lord and if ever there was any hatred in our hearts, it should be put aside. "As ye did it unto the least of one of these, ye did it unto me." And as ye did it unto the least of one of these, ye did it unto me." should be the main Scripture in our minds and hearts. Some of us are too much inclined to believe that we are going to starve here at home, but God will see to that, if we will do our loving duty toward the starving people of this world.

Conditions are not as they should be with us here in America as yet, but just think how we have been blessed; the curtains of war have been

lifted, and though, some of our sons are still overseas, we do not have to worry about them being killed by shot and shell. Now as never before, America has the opportunity to be the Good Samaritan.

Following is a list of the suggested goals for the Chilton Association by churches:

Bethsalem \$2000, Cane Creek \$1000, Center Hill \$500, Chestnut Creek \$5400, Clanton Second \$500, Collins Chapel \$1000, Corinth \$2500, Friendship \$1000, Highland \$1300, Jackson Chapel \$500, Jemison \$5200, Liberty Hill \$1200, Macedonia No. 1 \$1200, Maple Springs \$1000, Mars Hill \$500, Mineral Springs \$500, but they have already paid \$125.00; Mt. Carmel \$500, Mt. Zion \$500, Mulberry \$5000, New Cedron \$100, New Harmony \$500, New Salem \$1000, Oak Grove \$500, Pates Chapel \$500, Pilgrim Rest \$800, Pleasant Grove No. 1 \$500, Pleasant Grove No. 2 \$500, Poplar Springs \$500, Providence \$500, Refuge \$1000, Sardis \$1000, Rock Springs \$100, Shiloh \$1000, Thorby \$12000, already paid \$125.00; Union Grove \$500, Union Springs \$500.

Please send all offerings to: Baptist State Executive Board, P. O. Box 370, Montgomery, Ala.

Not one penny of this money is to be deducted for salaries of workers or even postage. Please mark or designate all money and checks—Relief.

## Dr. Parrish Gives Dog Vaccination Schedule

Our record have slipped a little in the last year. You will recall we have not had a mad dog in the county in six or seven years until recently. But for the last few months we have had four positive cases, we know. The only thing that can account for that is that the dogs were not vaccinated and the owner is responsible. So we are hoping that everybody will now see the need and bring your dog out. The County and State Health Departments are putting it up to us, so we are earnestly soliciting your cooperation.

Following is a list of places and dates. The price will be 75c—cash.

## McKee Released On \$1,500 Bail

Dewey Arcile McKee, who was being retained in the Chilton County jail charged with first-degree murder in connection with the death of his wife, Irene, was released on a \$1,500 bail this week.

A preliminary hearing in the McKee case was held in the Inferior Law Court last Monday before Judge V. J. Heard. Judge Heard's ruling was as follows:

"On hearing, it is the judgment of the court that the defendant (Dewey Arcile McKee) be held to await the action of the Grand Jury, and that his bond be placed at \$1,500."

Suspicion in the death of Mrs. McKee was aroused just after her burial in the Providence Cemetery. The body was ordered disinterred from the grave and an autopsy was performed at the graveside by State Toxicologists. It is reported that the Toxicologists reported at the trial that Mrs. McKee died as a result of an injured spleen. The case awaits the action of the Grand Jury.

## AGED COUNTY RESIDENT DIES LAST WEEK

E. F. Culver, age 73, died at the home of a daughter, Mrs. Sam Eiland, of Dothan, Ala., last week.

Mr. Culver spent practically all of his life in Chilton County and leaves a host of friends and relatives to mourn his passing.

He is survived by two daughters, Mrs. Sam Eiland and Mrs. Sandy Rhee, both of Dothan, and two sons, Mr. Richard Culver of Ashland, Ky., and Mr. Batson Culver of Mobile, Ala. Three grandchildren also survive.

He was a true Christian and a staunch believer in mankind. His friends and acquaintances will miss him.

## TOWNES - MERCHANT

Mr. and Mrs. J. Donald Merchant announce the marriage of their daughter, Julian Annette, to Jack Daniel Townes, of New Orleans, La., and Raleigh, N. C.

## PASTORS WILL MEET SATURDAY

The pastors of the two adjoining associations will meet in their regular session here Saturday afternoon at the First Baptist Church at 2 o'clock. Mr. Lyons, District Superintendent of the Alabama Baptist Executive Board, will be present and speak to the pastors on an important subject. We urge every pastor to attend if it is possible to do so.—M. Lockhart, Sec.

## NOTICE TO OUR ADVERTISERS

Due to the high cost of paper, stock and the necessary materials required in printing and publishing a newspaper, the Chilton County News is forced to increase the advertising rate beginning the 15th of July. We have held our rates on advertising and commercial printing to pre-war levels until now, but conditions have forced us to take this step.

We appreciate the cooperation of our merchants and customers in the past and assure them of every consideration in the future in making their advertising pay dividends. When the News can be of service to you—let us know.—E. Editor.

## CLANTON YOUNG MAN HAS ENTERED A. & I. COLLEGE IN TEXAS

Lewis Benton Eubanks, Clanton, has enrolled at Texas A. & I. College for the summer session.

Eubanks, a freshman, is majoring in natural gas engineering. A. & I., southernmost senior college in Texas, is situated in an important gas and oil area. Agricultural facilities are good, too, as the college lies on the border of the King Ranch and is only a hundred miles from the Lower Rio Grande Valley.

Eubanks entered A. & I. in January after three and a half years service in the naval air corps. A 1941 graduate of Chilton County High School, he is the son of Mr. and Mrs. D. H. Eubanks, Clanton.

## GENERAL MARSHALL'S REPORT TO THE PRESIDENT LISTED AS ONE OF YEAR'S BEST BOOKS

In June 11th issue of "Look" the American Library Association has named General Marshall's report as one of the fifty best books of the year.

This report has been condensed in "The Readers Digest" in "OmniBook," which is proof of its value. The Chilton County Post, Veterans of Foreign Wars is having this book reproduced and will include in it the names of every man or woman who has served in World War II. If you served in this war, please send in your name on a post card to Horton Walker, so that the list will be complete. This must be done by midnight, July 13th, 1946.

## S-SGT ORVILLE L. POWELL HAS RE-ENLISTED IN AIR CORP

S-Sgt. Orville L. Powell, Route 2, Clanton, recently re-enlisted in the Army Air Corp at the Maxwell Field Enlistment Office and will be assigned to duty at Craig Field, Selma, Ala. S-Sgt. Powell previously served over three years and had had duty assignments in the Middle East and Pacific. He served as a machinist with the 26th A.D. Gp. Egypt, for 18 months, and also as a machinist in India for 13 months. Besides the different theatre ribbons he is also entitled to wear the Good Conduct Medal.

## Bakery To Open Here August 1st

According to latest reports there will be a modern bakery open at the location formerly occupied by the Western Auto Associate Store, August 1st.

The operator will be Mr. Burkhalter, who is an experienced baker and now operates bakeries in Prattville and Montgomery. Equipment has already been secured and remodeling of the building will start within a few days.

## MISS HATTIE SUE LENOIR

Miss Hattie Sue Lenoir, age 17, of Thorby Route 1, died in the Clanton Hospital Saturday night about 11:00 p.m. after an automobile accident on Maplesville Highway. Funeral services were held at 4:00 p.m. Monday from Isabella Church, conducted by Rev. Homer Carroll and Rev. R. W. Stuckey; interment in Isabella Cemetery.

She is survived by her mother, Mrs. Hattie Lenoir; two brothers, F. P. of Thorby and C. B. of Wetumpka; two sisters, Miss Willie Mae Lenoir of Thorby, Mrs. Jewell Smith of Enley, Ala.; grandmother, Mrs. W. F. Littlejohn, of Thorby.

Members of the F.F.A. served as active and honorary pallbearers. The F.H.A. girls served as flower girls. Spigener Funeral Home in charge.

## CIRCLE ONE MET

Mrs. Horsley White was hostess to Circle 1 of the Baptist W.M.S. Monday at her home on Tenth Street. The program chairman, Mrs. C. H. Jones, presented an interesting program. Mrs. Gowan directed the business session.

Refreshments were served to the following members: Mrs. T. R. Burdette, Mrs. C. H. Jones, Mrs. Arthur Taylor, Mrs. Frank Scott, Mrs. A. N. Minor, Mrs. J. E. Gowan, Mrs. Spurgeon Caloway and Mrs. White.

The August meeting will be in the home of Mrs. Arthur Taylor.

## FIELD ARMY AMERICAN CANCER SOCIETY MEETS OVER ALL QUOTA

Mrs. Horsley White, treasurer of Chilton County Field Army, American Cancer Society, reports that the County has reached its over all quota. I wish to take this opportunity in thanking all the schools of the county, white and colored, employees of Alabama Mills, Veterans of Foreign Wars, and all civic clubs. Also all individuals who contributed to this cause. These who did such splendid work were Mrs. Luthie Bean, Mrs. Dick Bean, Mrs. Sandlin, Mrs. J. W. McGinnis, all of Clanton; Miss Lizzie McGinnis of Jemison; Mrs. Anna Phallin, of Thorby; and Lella Wood of Clanton.

Both of our newspapers gave their full cooperation.—Mrs. L. E. Diendorf, County Commander, Field Army, American Cancer Society.

## MISS ANNIE LEE MIZZELL

Funeral services for Miss Annie Lee Mizell, age 16, of Maplesville Route 1, who died shortly in Clanton Hospital after an automobile accident on Maplesville Highway Saturday night, were held at Mulberry Church Monday at 2:00 p.m., conducted by Rev. R. W. Stuckey; interment in adjoining Cemetery.

She is survived by her parents, Mr. and Mrs. A. C. Mizell, of Maplesville Route 1; three brothers—Roy, Robert and J. B., all of Maplesville Route 1; three sisters—Ozonia Green, Maplesville, Mrs. G. W. Fulmer of Clanton, Mrs. Frank Clesser of Chelsay, Ala.

Members of the F.F.A. served as active and honorary pallbearers. F.H.A. girls served as flower girls. Spigener Funeral Home in charge.

## CIRCLE NO. FOUR

Circle No. 4 of the Methodist W.S. C.S. met at the home of Mrs. W. A. Marcus with eight present. The program was given by Mrs. Donia DeLoach, assisted by Mrs. Joe Mullins. The topics were "Women Trustees of the Future" and "Women of Yesterday." The afternoon was enjoyed by all.

## Cemetery Cleaning At Chestnut Creek

There will be a public working at Chestnut Creek Cemetery, Cooper, Ala., July 17th, and will appreciate it if all who are interested will meet with us on that day to help clean our cemetery off.

If you cannot come to help, then we will appreciate it if you will help us pay the cost of having it mowed. Anyone willing to help in this way can send their contribution to the Cemetery Committee.—J. T. Sorrell, H. J. Taylor or S. M. Yates.

## Harris Reunion

## TWO YOUNG GIRLS KILLED IN ACCIDENT

## Sailor And Soldier Seriously Injured In Auto Wreck

Two young girls of Isabella Community are dead and a sailor and a soldier are seriously injured as a result of an accident on the Maplesville highway last Saturday night between an automobile and a Greyhound Bus.

The dead are: Miss Hattie Sue Lenoir, age 17, daughter of Mrs. Hattie Lenoir of Thorby and Miss Annie Sue Mizell, 16, daughter of Mr. and Mrs. A. C. Mizell of Maplesville Route 1.

The injured were: Sam Neighbors, a sailor, stationed at the U. S. Naval Hospital in Nashville, Tenn., who was on leave here, and James Kelley, a soldier from Maxwell Field. All were residents of Chilton County.

Two other persons in the automobile who received minor cuts and bruises were O. Y. Simms, Jr., and Miss Gloria Jones.

The accident occurred last Saturday night at 8:55 o'clock about five miles west of Clanton on the Maplesville Highway just beyond the Baker schoolhouse near Misses Store.

According to Highway Patrolman Luther Kendrick who investigated the accident, the accident occurred something like this:

The party of six named above were travelling east when, according to James Kelly, driver of the car, he became blinded by the lights from the Greyhound Bus. He ran off his path onto the left side of the road. Upon seeing the car on his side of the road, the bus driver swerved left. At the same time Kelly began to pull back on his side of the road. The car collided with the right front end of the bus.

The injured were rushed to the Central Alabama Hospital where the girls died shortly afterwards. Neighbors and Kelly were transferred to Maxwell Field where they remain in the hospital there.

Funeral notices of the girls are given elsewhere in the News.

## "Bull" Watkins Hurls Winner For Clanton

The Clanton baseball club won their third straight game in a row last Thursday afternoon over Oncocta to the tune of 8 to 2.

Wallace "Bull" Watkins, 48, pitched a 9 strike-out game. Watkins has been pitching for 30-odd years and proved last Sunday that he still has the steam to bring down the younger fellows. Watkins has probably played with more baseball teams in Chilton County than any other man in his time.

At the first of the season the Clanton team seemed to lack only pitchers. Now it seems the pitchers need backing with Watkins, Esterling and Smith all in top-notch form.

On July 4th Harry Smith defeated a strong Maxwell Field team 6 to 3 and L. D. Easterling came back to defeat the same team 10 to 2 in the second game.

On next Sunday afternoon Clanton plays Fire Electric of Birmingham here. Price has a stronger team with added players. They recently defeated McCord who was considered one of Birmingham's strongest. On Wednesday, July 17th, Clanton plays Columbiana here.

## RAMBLING ROSES AND FLYING BRICKS

We always enjoy reading testimonials about patent medicines, but somehow we never have felt that the patients went quite far enough in describing their various maladies. So, we have decided to write a testimonial to end all testimonials. Here it is: "I was extremely nervous. A cat walking across the floor made me jump. I had sinking spells, spots before my eyes and a general let-down feeling. I had terrible headaches and was unable to sleep at night. I had indigestion and heart-burn so badly that I was unable to do the washing and ironing. My appetite was so poor I had to force myself to eat, and the only thing that would stay on my stomach was my navel. I had leprosy, epileptic fits and Bright's disease. In addition, I was suffering from tuberculosis, cancer of the stomach and cirrhosis of the liver. I also had spinal meningitis and Brill's fever. There were many other diseases I had I cannot mention. In fact, I had everything except rigor mortis and was about to have that when a friend told me about the remarkable new discovery, Dr. Blurb's Famous Stump Juice. I went to the drug store and bought three bottles of this wonderful medicine and drank all three bottles right on the spot. Now, I am happy to say, I am completely cured except for the dizzy spells and I think writing this testimonial caused them."—Thomasville Times.

## VETERANS AS FARM HANDS

It is probably the same in most pursuits where youth makes a start. Of the many thousands of war veterans who wanted to engage in agricultural work, are interested but not enough to start out as farm hands. They want to begin as a farm owner or manager, an operator with grading above that of farm hand. This is natural but in agriculture as in other business, experience through study under competent hands before venturing into the key position, makes the better farmer. One can't just walk in and take over without a pretty fair foundation of knowledge of the complexities of rural living. In the Middle West where they have offered \$100 and \$125 a month, with board, room, laundry service, the veterans aren't too interested. They say they think they will look around awhile. This perhaps sounds somewhat familiar to farmers around Clanton.

## —AND CHARITY

"—faith, hope and charity, and the greatest of these is charity."

We saw a cartoon in a newspaper the other night that made us stop and think. We thought about it for quite awhile that night and when we came down to the office the next morning, it was still on our minds.

The cartoon depicted a young lady and a small boy sitting on suitcases on the sidewalk in front of a house. In the window of the house was a sign, "Vacancy — No Children." Standing on the steps was a young man, talking to a rather overstuffed lady standing in the doorway of the house. The young man said, "I know you won't rent to me, but I'm curious—I just stopped to ask if you were one of the people I was fighting for in Germany?"

That man had faith—faith in his country and what he was fighting for. He had hope—hope that he was fighting for a better world in which to raise his boy. But that overstuffed woman with, "vacancy — no children," she didn't have charity — charity in her heart, in her soul — if she had one. That overstuffed landlady is not alone, not an exceptional example, there are millions like her in this country.

A cartoon is supposed to be funny. This one wasn't funny. Is this the heritage that faces our children—"For theirs is the kingdom of Heaven." — Cleburne News.

### ABOUT TOWN

—By BEN

When sunset falls upon your day  
And fades from out the west.  
When business cares are put away  
And you lie down to rest,  
The measure of the day's success  
Or failure may be told  
In terms of human happiness  
And not in terms of gold.

Is there beside some hearth tonight  
More joy because you wrought?  
Does some one face the bitter fight  
With courage you have taught?  
Is something added to the store  
Of human happiness.  
If so, the day that that is o'er  
Has been a real success.

THE COST OF OUR FLAG: Ask a Merchant—he will tell you a flag costs anywhere from fifty cents to fifty dollars. Ask a Banker—he will tell you, a flag costs the nation 279 million dollars a day. Ask a Soldier—he will point to an empty sleeve or limp trouser leg. Ask a Mother—she will give you no answer, but turn away to hide her tears. We can't measure the true cost or the true worth of our flag.

Our good friend the Mayor, Mr. Leo Thompson, is forever throwing up to us that we tell everything we know—if that were true, half the population would have to leave.

Of course our percentage was overdrawn there, but we always get one off on the Mayor whenever possible. One reason is that he can take kidding without getting sore, and the other is that being a public figure it is more fun.

Claudia Pipes was in to see us the Fourth. He is still in Huntsville and doing nicely, thank you. He just got to spend the day and we believe used it up going the rounds renewing old acquaintances.

One of the most enjoyable Fourth's we have spent in many a day, (and we have spent thousands of them), was spent at the river camp of Mr. and Mrs. A. B. Foshee last Thursday. Forty-four guests were there, and we know all had a delightful outing. On this occasion we found that we had been dared to print some fun about a crowd going to the Gulf week before last. We didn't print the story, but had we known that there was a dare, we assure you that ALL would have been published. When it comes to printing readable stories, the best way to get it printed is to dare us to do it.

Lady Club Speaker says: "And ladies, don't ever turn a tram seeking food away from your door. It is the only time they will be able to feed a man without hearing him complain about the cooking."

Remember? When we were kids it wasn't nice for a girl to hold a boy's hand—now a nice girl has to.

Something needs to be done about the traffic lights in Clanton. On rush afternoons like last Saturday the lights change too quick and a car hardly has time to cross the intersection before it changes again. Were the lights slowed down to where at least five cars could move off it would eliminate the traffic jams and be much easier on the driver's religion.

Hon. Jim Simpson advertises that "A new face is needed in Washington." Whew, we got a new face, so far as Washington is concerned, but it sho' has been pushed around in this vicinity.

We learned an interesting bit of facts this week from Mrs. E. E. Upchurch. Until the drug stores started closing recently on Sunday the Upchurch Drug Store had not been closed a day for anything for more than forty years. That is really a record and it is no wonder the Dr. and Mrs. Upchurch are ready to take a rest on the Sabbath. They have certainly earned it.

Last year in Alabama death claimed 65,000 head of cattle, or five per cent of the total number on farms. API extension livestock specialists say that more careful management and better feeding will reduce this figure greatly.

## MORAL ECHOES

Rev. D. W. Haskew, D.D.

There are many firm believers in the theory that most people are crazy at times. A wise man will bump his head twice on the same thing. A great philosopher will hunt the room over for his glasses and all the time he has them on his nose; a hunter will go to the woods without his gun, he will even shoot his dog in place of the game. A working girl fed a great clothing knife for ten years, but one morning she placed her own hand under the blade. The rest of life she only had one hand. Mail carriers often find keys, knives, etc., in the mail boxes. Some call that absent-mindedness, but it is plain lunacy. A crazy person is one whose mind fails to function in reason, and that means that the most of us are crazy at times.

A farmer and his wife went to town together in their car. Each one had certain things to do, and when the husband had finished all of his duties he returned to the car cranked up and started home. He felt sure that he was leaving something that he should get and carry home with him. He stopped his car, searched his pockets for information, but not finding it, he drove on. He did his best to think of what he was expected to bring back with him but all in vain. On stopping his car at his garage door, his daughter ran out with the anxious inquiry, "Dad, where is mama?" Then he knew what he had left in town. The most of us deny the charge of being crazy, but we act that way nevertheless.

The great artist stood high on his scaffold as he painted the border lines of the dome of an ancient cathedral.

Holding his brush in his hand he stepped back from his work that he might view it from a distance. His pupil was watching him and knowing his tendency to be absent-minded, he observed his master with special care. He saw that he was not satisfied with his view and was planning to step backward again. Knowing that if he shouted to his master, he would surely fall to his death, he threw a ball of mud and splashed it over the painting. On seeing this the artist leaped forward and not backward. He had ruined the picture, but he had saved the life of the painter. Being absent-minded or crazy, we do some strange things. Train yourself to think, and keep your thoughts with you.

During the month of April a large city investigated the death of 140 people who died within her limits. This investigation revealed that 72 were total abstainers, 64 were moderate drinkers and four were sot drunkards. In tabulating the figures it was found that the drinkers had cut five years off of each life; or in other words, whiskey had robbed them of 340 years of life. Sin, nature and God, have a way of ridding the world of men and women who fail to appreciate the value of sobriety and life. When all the evils of whiskey are enumerated, please tell me why men and women will drink? If you want to hasten your death and darken your life, just be a moderate drinker; or a heavy drinker. This will do the trick.

Think on this Philosophy of Ham-bone and be wise. "My friends ax me why I does not stop drinking, and I tol 'em dat as long as I kin quit, dat I is in no danger, and dat I was sho to swear off when I find dat I kin not quit." It is true that there

are any number of men and women today who affirm that they can quit now they get ready. If that be true now is the time that they should quit. Should they keep on being a moderate drinker, most likely the time is coming when the thirst for drink will grip them like a Jelly Fish, and then it will be too late. Listen to me drinker, the time is coming when you would give your right arm to be able to quit, but you have lost the power. I hear the foolish say, "Preacher, hush your mouth."

Twenty-five years ago there were four young men in Boston who ranked as successful business men. They were all rich and dependable. One of the number decided to consult Dun's rating on these young men and after his investigation he found them very promising indeed, and after his summary of their standing in the business world this is what he wrote as a joke on prohibition, "And yet all four are moderate drinkers." Shortly after ten years the story of these four young men had changed. One of them had died drunk, one was a sot drunkard, and the other two had lost all they had and now roved the streets in poverty, patronizing jooks and roadhouses. The note at the end of the young man's investigation the source of their undoing. "At last it stings like an adder."

### "Millions Appropriated for Extension of Electric Service"

FOR the extension and improvement of electric service in 1946, we appropriated eight million dollars and placed orders for the necessary equipment and materials to do the job. We have the money to do the job. We have the desire to do it. We are doing it—but, although many new services were connected during the first five months of this year, we're behind schedule. Not because we want to be. Shortages of materials, electrical and transportation equipment and a continuing shortage of men with the special skills required in the extension of electric service are still preventing us from extending electric service promptly to all who want it.

If you could spend a day in our executive, purchasing, engineering and construction departments, you'd see that everything possible is being done to speed up delivery of materials and equipment.

We want to write "customer" after your name instead of "applicant for service." We're just as eager to have your business as you are to have electric service.

There is no shortage of electricity. We have power plants to supply all the power needed by present and prospective customers, and there'll still be ample reserve capacity.

### WEEK'S BEST RECIPE

Jellied Salmon: 2 c salmon, 2 T granulated gelatin, 1/2 c boiling water, 1/2 t salt, 2 T vinegar or lemon juice, 1/4 t pepper, 2 T tomato catsup, 1 c mayonnaise, 2 hard-boiled eggs, 12 chopped stuffed olives. Soften gelatin in cold water then dissolve in hot water. Flake salmon and add salt, pepper, vinegar and catsup, then the dissolved gelatin and mayonnaise. Decorate a 4x6 mold with a few slices of hard-boiled eggs and part of the stuffed olives. Chop remainder of olives and add to the fish mixture. As soon as this begins to set, turn it into decorated mold. Chill, unmold and serve with mayonnaise. Yield: Six.

### LAUNDRY LOGIC

Dampen badly soiled collars and cuffs and then brush with a soap jelly before placing garments in the washing machine. . . If starching garments which are dry, use a thinner starch to get the same degree of stiffness. . . Remove unwashable stains before placing garments in washing machine, for they may 'set' and then can't be removed. . . Tea may be added to starch for brown or ecru materials and commercial tints for other colors to prevent the ironed material from having a whitish cast.

### FOOD FANCIES

Soak sliced onions in milk before frying. Use batter or dip in flour. . . When you haven't enough white sugar for the baked custard, use brown in its place. . . Mix cottage cheese with an equal amount of grated carrot and serve with sliced tomato or a pineapple salad. . . To cook green peas and keep the natural color, start in just enough briskly boiling water to cover. Salt may be added at the start or end of cooking.

### LABOR UNIONS IN ALABAMA HAVE 90,757 MEMBERS

Alabama labor unions reporting to the State Department of Labor have a combined membership of 90,757, according to figures given out by Director W. Emmett Brooks. This total does not include local unions with fewer than 25 members, or those that come under provisions of the railway labor act. Also not included are 15 or 20 unions which have not yet registered with the State Department of Labor as provided in the Bradford Act.

## LETTERS to the EDITOR

Mt. Creek, Ala., July 5, 1946.

My Dear Editor:

Will you please allow me space in your paper on the imminency of Christ's Second Coming?

No man may say Christ will surely come today, but all who believe in the Holy Scriptures are able to say he may come today. There is a wide difference between the two statements.

A thing that is imminent is impending, but hangs suspended and it may continue to be suspended for an indefinite length of time. It is just thus with the time of Christ's Second Coming; it is of itself, sure—sure as the promise of God, but the time of its occurrence is uncertain.

It won't be long, it may be soon, this without doubt, is the meaning of the Master's words: "In such an hour as ye think not the Son of Man cometh," but while we do not know the exact time of Christ's Second Coming, the Lord has given us signs of the time, which if we properly observe, we shall be watching so that the day shall not come upon us as a thief in the night governmentally. The time of the end is to be a time of men's heart failing them for fear and looking after those things which are whittish on earth.

Ecclesiastically, it is to be a time when men shall enlarge measure, have a form of Godliness, but denying the power thereof. Demantically, it is to be a time when the home shall go to pieces and people shall be marked as without natural affection. Spiritually, it is a time when because iniquity shall abound; the love of money shall

wax cold. Judicially, the times will be marked by the fact that men are true breakers, and yet, over all this evil things.

The times of the end are to be marked for the progress made in preaching of the Gospel among all nations, and there will be a remnant of true and holy people who will keep faith on earth. Any one who know and think, will, I think, agree with the statement that all the conditions involved are with us now. This being true Jesus may come today. Those who inject certain factors as being necessary yet before Jesus comes.

Men are making gratuitous guesses and doing the Cause of God, and the souls of men a disservice. For they are practically saying, my Lord delayeth His coming; and their false announcements, now as in the past, serves to make God's people careless and give up the instance watch for the lighting up of the Heavens with the Glory of His blessed advent.

Every dependable voice declares His coming draweth nigh, and all his loyal people say, amen. Even so, come, Lord Jesus. May this day be that glad day when He shall appear.—Cliff Sewell, Mt. Creek, Ala.

## STATE IN BEST FINANCIAL CONDITION EVER

Dur largely to war-time revenues, the State of Alabama is in the best financial condition in many decades, according to a report recently issued in the form of a message from the Governor to the people of the State, giving details of financial condition and other data. "State debt in proportion to income is low, and large appropriations are possible," the report stated. It pointed out that "if a break in the high yield of funds should come, the budget law would protect the State against deficits, though the effects upon State services would be severely felt."

The report showed that for the current year, 1945-46, education is receiving about 36 per cent of all State funds, with educational appropriations for the year standing at \$32,559,895. The highest figure for any preceding administration was \$20,323,658 for the year 1942-43. It was noted that education for negroes has been substantially advanced by special appropriations for higher education as well as by the general advance in regular funds.

## TOO MANY FISH DIE OF OLD AGE

"Most fish die of old age," reports Allen M. Pearson, API extension wildlife specialist.

"Catch 'em whenever they're biting—before they die," he says, "and summertime is a good time for fishing in farm ponds."

It appears that in most cases fishing accounts for less than half of the total deaths among fish in our lakes and streams. Fish may die from a variety of causes, but "old age" seems to be most important. Most bass and bream do not live more than five years. This partly explains why there are so few of "those big 'uns." Since fish do not have many years to live, ponds should be managed so that the fish will grow as rapidly as possible, he says. Some simple pond management recommendations offered by Pearson are as follows:

1. Stock a new pond with only the best kinds of fish—obtain them from a State hatchery.
2. Fertilize regularly—use 100 Lbs. 6-8-4 plus 10 Lbs. nitrate of soda for each treatment to one acre. Start fertilizing in March and continue until

October. Whenever the water is clear one foot down, apply fertilizer.

3. Keep out weeds, such as water lilies and cattails.

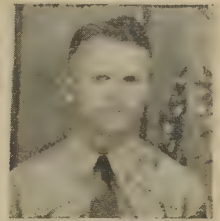

4. Fish regularly—catch 'em when they're biting best.

**DOWN THROUGH THE YEARS**

**GREYHOUND has given CLANTON increasingly better transportation**

Sometimes it's good to glance back — in order to look ahead more confidently!

A parade of the buses used by Greyhound in serving this city and state for nearly two decades clearly reveals one thing: progress has been amazingly rapid — coaches have become progressively more comfortable, service faster and more frequent, station facilities continuously improved.

The war halted this advance only temporarily. Now progress picks up where the war stopped it, and you can be sure it will move more rapidly than ever before, as fine new equipment is engineered, more convenient service is planned, modern highway travel facilities are designed and built.

Through these eventful years Greyhound has become an important part of community life here. The people who keep Greyhound rolling are your neighbors — they work and play and spend their money here. As good neighbors, they are interested in you . . . determined to give you better highway transportation than you have ever known.

## STANTON

Mrs. A. C. Maness of Tuscaloosa, Ala., spent the week end with her parents, Mr. and Mrs. Frank Reynolds. Miss Peggy Ann Ruddick has just returned from a two weeks vacation in Florida.

Miss Mattie Mae Rush and John William O'Neal (Billy) were married on June 28th, 1946, in Selma, Ala., and are at home to their friends in Plantersville, Ala. They have an apartment at the residence of Miss M. E. Hardy.

Mrs. W. E. Ivey (Elsie Osburn) underwent a minor operation in a Selma hospital (Baptist) last week. We wish for her a speedy recovery.

Mr. and Mrs. Ira Johnson of Birmingham, Ala., visited relatives and friends here the past week.

Of interest is the approaching marriage of Miss Claudine Gay on July 12th.

Mr. and Mrs. Howard Gay purchased the home and store formerly owned and run by Mr. J. B. Davis.

Mr. and Mrs. R. A. Harris were hosts for a family reunion held on July Fourth at their home, the affair honoring their three sons—Lester, Ernest and Arliss, who recently returned from overseas.

## OHIO CORNFIELDS GET THAT SOUTHERN TOUCH

Ohio cornfields will soon be resounding with a Southern drawl. Alabama 4-H Club boys, plus a few adult farmers, are being recruited in every county to detassel corn in hybrid seed cornfields in that state. Room and board will be furnished by farmers for whom they work, and wages will be 45 cents an hour.

Last summer the 147 Four-H boys who did similar work in Ohio were highly praised by employers. This year 350 are wanted.

County agents are handling the recruitment of youths sixteen years old or older.

Webworms on pecan trees are beginning to appear. W. A. Ruffin, A. P. I. extension entomologist, advises watching them on the lower limbs and destroying by burning or cutting out. A spray consisting of one pound of calcium arsenate mixed with 50 gallons of Bordeaux Mixture will control the pest.

A short course for Alabama 4-H Club members will be held in Auburn, August 26th-30th. P. O. Davis, A. P. I. extension director, announced this week.

Reserve District No. 6 — State No. 61-195.

## ISABELLA

Services at Mulberry were very well attended Sunday.

The V.B.S. was postponed this week on account of field work and canning, but will begin next Monday, July 15. All teachers, helpers and children, are expected to come to the church on Saturday, July 13th, at 9:00 a.m. for preparation day for V.B.S.

The revival will begin at Mulberry the fourth Sunday in July. The revival is being held at Isabella Methodist Church this week, with the pastor doing the preaching.

Our community extends its sympathy to the families, loved ones and friends of Miss Hattie Sue Lenoir and Miss Annie Lee Mizell of their recent death, which was a great tragedy and shock to us all.

Mrs. Louise Lecroy and little daughter have gone to Washington State to live with her husband, Odie, who is stationed there in the army. Mr. and Mrs. Tony Evans have returned to Tennessee after visiting her parents here, Mr. and Mrs. Walter Roper.

Mr. and Mrs. Jim Lecroy of Pensacola, Fla., are spending their vacation here and in Maplesville with their parents.

We are sorry to learn of Mrs. Lecroy's accident while on her way here. Mrs. C. A. Little and children returned to their home in Winchester, Tenn., this week. Her mother, Mrs. Emma Manning, returned with them to visit for a while.

Mrs. Josie Morrison of Tuscaloosa, Ala., spent several days here last week with her mother, Mrs. Julia Fox, and other relatives.

This community wishes a speedy recovery for Sam Nabors, and James Kelly who are in the Veterans' Hospital in Montgomery, after their serious accident.

Mr. and Mrs. Joe James Wells and baby have returned to their home in Montgomery after spending several weeks here with his parents, Mr. and Mrs. J. H. Wells. Annie Laura Oden went with them.

We all are happy to have Gordon Conway, Hudson Calfee, Jack Mizell and Hanzel Grooms at home with a discharge from the U. S. A.

—Ralph Hendershot, financial editor.

"We cannot bring up our youth by remote control."  
—Capt. Eddie Eickenbacker, urging parents cure juvenile delinquency.

## Dr. Parrish Gives Dog Vaccination Schedule

Our record have slipped a little in the last year. You will recall we have not had a mad dog in the county in six or seven years until recently. But for the last few months we have had four positive cases, we know. The only thing that can account for that is that the dogs were not vaccinated and the owner is responsible. So we are hoping that everybody will now see the need and bring your dog out. The County and State Health Departments are putting it up to us, so we are earnestly soliciting your cooperation.

Following is a list of places and dates. The price will be 75c—cash.

## JOHN SPARKMAN'S PLATFORM SPEAKS for The People

It is natural that people in all walks of life should turn to John Sparkman to take up the work of the late Senator Bankhead. Thousands of men and women all over Alabama have voluntarily started working for the promotion of Congressman Sparkman to the U. S. Senate.

Highlights of John Sparkman's campaign platform include the following planks:

- Continue OPA until shortage of goods is over
- Fair increase in farm product prices
- More farm-to-market country roads.
- Federal aid for education
- Veterans aid and welfare
- Housing for veterans and civilians
- Aid private enterprise and small businesses
- Develop Alabama industry
- Fair freight rates for Alabama products
- Increase pensions for old people
- Federal aid for program of Governor-Elect Jim Folsom
- Social security, high standard of living & labor welfare
- TVA and cheap electricity
- REA & electricity on every farm
- Develop rivers, harbors and airports
- Foreign policy to maintain peace and develop foreign markets
- Close cooperation in Alabama's congressional delegation.

You can help, too, by telling your friends and neighbors about John Sparkman's platform, his record and his background. People judge a candidate by his record of achievements and performances. With your help, an Alabama tenant-farm boy — young, progressive and honest — will become your junior senator in Washington.

# RESERVE AND NATIONAL GUARD OFFICERS CAN NOW RETURN TO ACTIVE DUTY

Two thousand Reserve and National Guard Officers now on terminal leave or inactive status have an opportunity to return to active duty in Company Grade with units of the Army Ground Forces according to General Jacob L. Devers, Commanding General Army Ground Forces. General Devers also stated a limited number of vacancies exist for Field Grade Officers in scarce categories.

Officers commissioned in the Army of the United States can become eligible for this duty, if otherwise qualified, by applying for and accepting a Commission in either the Organized Reserve Corps or the National Guard of the United States. General Devers stated that officers who volunteer for extended active duty at this time may indicate a preference for the overseas theatre in which they desire assignment. Consideration for this preference will be given in all assignments.

Volunteer officers accepted for this duty must be under thirty-seven years of age, meet the physical standards for general service and have obtained

an efficiency rating of thirty-five or higher. Officers ordered to active duty in Company Grade will be temporarily commissioned in the Army of the United States in a grade not higher than the one in which the officer served immediately prior to processing for relief from active duty. Active duty in a temporary Army of the United States status will not affect an officer's permanent commission in the Organized Reserve or National Guard of the United States.

Special forms for use in applying for active duty are available at Military District Headquarters. Each Military District has an officer in charge of Reserve activities who will be glad to assist Reserve and National Guard Officers in preparation of their active duty applications. Military District Headquarters for Alabama is located at 240 Graymont Ave., Birmingham, Alabama, with Office of ORC Activities at 315 Frank Nelson Building, Birmingham, Ala.

Train your mind to mind the train, advises the National Safety Council in reporting that grade crossing accidents killed 2074 people last year.

CARL DURWOOD WILLIAMSON

Pictured above is Carl Durwood Williamson for whom memorial ceremonies were held at the Clanton ball park on July 4th. Durwood was an all-round athlete in Clanton, played football and baseball at Howard College in Birmingham. He lost his life in the service, and is the son of Mr. and Mrs. A. W. If your furniture is upholstered in wool, don't dress it up for the summer in slipcovers and forget to care for it. Frequent brushing and cleaning of the wool upholstered will keep moths away. If your furniture is covered, it's wise to take a look on the under side occasionally and clean and brush away dust and spots which might provide nests for insects waiting to hatch out.

## MAYBE HER FUTURE IS IN CHICKEN PIE

Hens would hold a farewell party if they knew just what's ahead for those that don't do much in the egg-laying line.

For Lavada Curtis, API extension food preservation specialist, is telling Alabama farm women just how much better chicken pie is than a hen that doesn't lay. Or that hen could end up in a freezer-locker or in the oven. Then there's creamed chicken and chicken salad.

Canning is the answer to lots of cases. Miss Curtis says the easiest and most practical way is to cut the hen into pieces, cover with boiling water, and simmer for 18 minutes. Fill into jars, adding one teaspoon of salt and cover with precooking liquid. Process at 10 pounds pressure—pint jars 65 minutes, quart jars 5 minutes.

Drive carefully — you may meet a fool!

## STATE TAX COLLECTIONS AMOUNT TO \$5,336,484 FOR JUNE

Tax collections by the State Department of Revenue for June amounted to \$5,336,484, a gain of nearly a million dollars over June 1945, when collections were \$4,343,007. Income tax was the only major item that failed to show an increase. Tobacco tax collections were up 42 percent, and sales tax, 21 percent, over June, 1945, while gasoline collections showed a gain of 32 percent.

## CLANTON RECAPPING Announces a Distinguished NEW TIRE!

**THE NEW HOOD-400**

★ All records prove that the new Hood "400" is the safest, longest-wearing tire in Hood's history. GRS-10, a vastly superior new kind of rubber, combined with more cords in a new type of body construction, makes these tires run cooler and longer, even at high speeds. You get more for your money than ever before.

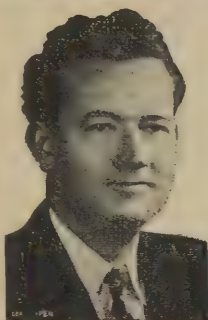

**25% Longer Wear...35% Stronger Construction**

**WIDER FLATTER TREAD** means more rubber in contact with the road to share the load...longer and more even wear...less scuffing...maximum traction...peak skid resistance.

**NEW INNER CONSTRUCTION** features new Hi-Density Cord of greater tensile strength, 22% more cords, and an extra-heavy double breaker strip. This means that the new Hood "400" resists brakes better, cushions and distributes road shocks, gives you extra protection against blow-outs.

## SPARKMAN FOR SENATE

JOHN J. SPARKMAN

It has been a long, long time since Huntsville has had one of its citizens sit in the United States Senate. No list of former senators being available at the moment, we cannot say with certainty how long it has been. Perhaps Clement C. Clay, more than a century ago, was the last.

But we now have the opportunity to furnish another in the person of John Sparkman, who has ably represented this city and this congressional district in the House the past ten years.

Election would be a merited promotion. He has won his spurs rapidly, and in the course of a decade has risen not only to become party whip for the Democratic majority in the House, but to be regarded as one of the half dozen ablest, most alert and influential men among the 225 or more Democrats in the House. That is a remarkable record in so short a time.

This record has been compiled purely by his own efforts, and because of his own ability.

He has had no pull, no special favors thrown his way.

Hard and persistent work has been the basis of his success.

Not yet 47 years old, he is in the prime of life. His vigor, his activity, his intellectual capacity are at their peak. Election to the Senate would put him in a position to give 25 or 30 years more of service of the highest order to this State, and to the nation.

Ten years in the House have enabled him to garner a vast amount of invaluable experience for service across the Capitol in the Senate Chamber.

Fortunately, the outlook for his nomination appears excellent. The field is dwindling. His geographical location is right.

To begin with, he will have the solid support of the populous Tennessee Valley, which he has represented for a decade, without a semblance of a contest since his first nomination.

South Alabama has the other senator, Lister Hill, and therefore it is North Alabama's turn for the second member, as John H. Bankhead was for 16 years. He has the confidence and close friendship of Senator Hill.

Every member of the House delegation is attached to him.

He has been an indefatigable worker on veterans legislation, and will have tremendous support from those who fought in both World War I and II.

Born on a farm himself, he knows intimately the problem of the tenant farmer and share cropper, the big as well as the small farmer.

The teacher, the small business man, labor, industry and capitol, all have received his sympathetic help and assistance.

John Sparkman, without tint or tinge, in any way of being a demagogue, is literally a man of the people. He was born of them, and he has never lost the common touch, or the viewpoint of the common man.

In every way, he will make an admirable, and a winning, candidate.

This city, this county, this section, can offer him to the State with pride and enthusiasm for the seat of the late Senator Bankhead.

## Milk Mixture for Stomach Ulcers

A recent medical discovery now used by doctors and hospitals everywhere has proven unusually successful in the treatment of stomach ulcers caused from excess acid. It is a harmless preparation yet so effective, in many cases the pain of stomach ulcers disappears almost immediately. Also recommended for gas, indigestion, heartburn due to hyperacidity. Sufferers may see why this is true by obtaining a bottle of LURIN from their drug store. LURIN contains the new discovery in its purest form. Easy to take. Just mix two teaspoons in a half glass of milk. Cures but little. Must satisfy or money refunded. LURIN for sale by Upchurch Drug Company.

### ALL DENOMINATIONS WELCOME TO CHURCH OF GOD NATIONAL ASSEMBLY

Red Bay, Ala., July 8th, 1946—Ministers of many denominations will be united in the U.S.A. Annual Assembly of the Church of God in session here for four days, July 25-28, at Mills Chapel and Camp Ground. Bishop Oliver Mills, pastor of the Church here and National Secretary, took special pains to point out that "The Church of God is the gathering place for all people who hold to Christ as the Head of the church," and added that invitations had been extended to ministers of all churches, and heads of churches throughout the nation to "Come and speak on the program.

The complete program just made public provides for a full day, Saturday, July 27th, for the voluntary participation of ministers of all churches. Pastor Mills stated that such fellowship meetings in the past two years throughout the United States had done much to break down prejudices between church groups long divided.

### The Official Invitation To All Churches

General Overseer Homer A. Tomlinson, of New York, and who will preside at the four-day Assembly here, issued an invitation to peoples and ministers of all denominations, which says in part:

"While we have word of a concourse of ministry planning to attend, and to appear in the program of ministry, we extend this invitation to all ministers of whatever faith to come among us, make yourself known, and you shall be welcomed to speak on the program.

"Especially would I like to see a great gathering together of the holiness and pentecostal preachers, and demonstrating that this great power of the Holy Ghost brings us together in one accord in one place, as on the day of Pentecost.

"...What an honor it would be to this Red Bay Assembly to have ministers of all churches, of every faith, to come and be our guests. Let us demonstrate before the world that though our labors be distinctive our love through Christ makes us one." B. M. Juiller, Secretary.

### BETTER MANAGEMENT IMPROVES GRAZING

More and better grazing from permanent pastures depends upon proper management.

Pastures can furnish grazing over longer periods for a greater number of livestock if weeds are controlled, fertilizer is used, and the right amount of grazing is done, says J. C. Lowery, API extension agronomist. Feed value of the grazing will also be improved.

Mowing the pasture two or three times during the growing season will help to control weeds and bushes which crowd out better pasture plants. Graze pastures close enough to keep the plants in active growing condition and to keep down objectionable growth. Grazing too close, especially during dry periods, will weaken the better pasture plants. Provide temporary grazing crops for livestock to prevent overgrazing of permanent pastures.

"Fertilizing pastures increases the growth of more desirable pasture plants. This helps to increase the yield and protein content of the grazing produced," Mr. Lowery explained. Use 400 to 500 pounds of 0-14-10 or 300 to 400 pounds of superphosphate and 75 pounds of muriate of potash each year. Basic slag may be substituted for superphosphate.

Where bread is baked at home, bring back the old-time custom of slicing bread at the table, so slices can be halved to fit slender appetites.

Little Betty Jo Friday spent Sunday morning with little Gordon, Myra and Sara Ann Chandler.

### ALABAMA FARM MORTGAGES ARE BEING PAID RAPIDLY

During the past four years of high farm income, Alabama farmers have been paying off their farm mortgage debt at a rapid rate, according to G. B. Auburtin, secretary-treasurer of the Bibb-Chilton National Farm Loan Association. Mr. Auburtin gives these figures:

Alabama's farm mortgage debt on January 1, 1946, was \$69,776,000. This compared with \$90,278,000 on January 1, 1942, and represented a reduction of \$20,502,000 in four years.

The Bureau of Agricultural Economics has estimated the United States farm mortgage debt at \$5,081,000,000, the lowest since 1915 and less than one-half of the peak of \$10,788,000,000 reached in 1923.

The BAE warned that "debt developments during 1945 suggest strongly that the long cycle of decreasing mortgage indebtedness which has been under way since 1923 is now approaching its end. During 1945 the net reduction in the mortgage debt was less than one-half of the reduction during the two preceding years.

### SOIL CONSERVATION NEWS

Last month seven farmers entered into an agreement with the North Central Soil Conservation District for the purpose of conserving and improving the soil on their farms. These agreements are farm plans that were made by the farmer and soil conservation technician for the purpose of, as much as possible, putting every acre to its best use and treating every acre according to its need. The names of the farmers are: E. A. Gray and Albert Broadhead of Bethaleem Community, E. B. Spivey and C. R. Childress of Pleasant Grove Community, Earnest C. Littleton of Cane Creek Community, L. L. Cosby of Minooka and Leonard Lockhart of Shiloh Community.

Mr. Lockhart, Mr. Spivey and Mr. Childress have planned to use Man-grove Bur Clover in their year-round grazing system. The Bur Clover will be planted on Sericea and be used for winter grazing. Frosted Kudzu will be used in the fall until the Bur Clover is large to graze. Mr. Littleton has a seven-acre field that he is going to strip-crop with sericea and row-crops. Sericea and row-crops will be grown in the field in alternate strips or terraces of equal widths. Sericea will occupy the strips for four or five years, and the strips will be put into row-crop strip will then be established to sericea. This cropping system is soil conserving and soil improving, and the sericea will also furnish hay.

Cash income from cattle and calf sold in the state totaled \$22,724,000 last year, \$3,154,000 over 1944's figure. But hog sales amounting to \$19,911,000 decreased \$3,627,000 from 1944.

Glazed pots are usually better than clay pots for growing house plants because glazed pots hold moisture better than the porous clay.

## WHAT ALABAMA NEEDS! . . .

—is a man in the Senate who'll

late, beloved John H. Bankhead!

# Frank W. Boykin is the man!

This Alabama Farm Boy who has made good, is a Methodist, a 32nd Degree Mason, a Shriner, an Elk, a Moose and a member of the Woodmen of the World and Order of the Eastern Star.

Veterans Legislation—without a single exception—has had the support and vote of Congressman Boykin. He advocates the removal of entangling red tape from the handling of Veteran's affairs.

The Tennessee-Tombigbee Project and the Alabama-Coosa Project have both had Frank Boykin's untiring efforts behind them! The first named project is virtually assured while operations have already begun on the second.

Federal Aid for Education in Alabama has had the ardent support of Frank Boykin in Congress. However, he insists on state control of such funds to insure ADEQUATE SALARIES for ALABAMA SCHOOL TEACHERS!

Farm to Market Roads and legislation beneficial to the farmers have had Frank Boykin's unswerving devotion. Every piece of Farm Legislation favored or sponsored by John H. Bankhead in the Senate has been pushed by Boykin in the House.

Government Financing for Farm Homes is strongly advocated by Frank Boykin. He believes in giving the Farmer the same low-cost financing for home construction enjoyed by city dwellers.

Federal Old Age Assistance has had the ardent support of Frank Boykin from the beginning. In the Senate he will have an improved opportunity to push it through.

The FEPC discriminates against the South. Frank Boykin opposes this measure UNLESS and UNTIL features damaging to our Southern economy are removed.

Feed Alabama and America FIRST is Frank Boykin's policy. After our essential needs are met, then we can feed the rest of the world.

## Y.W.A. MET TUESDAY

The Y.W.A. of the First Baptist Church, Clanton, met Tuesday, July 9th, at the home of Essie White. Myrtice Baker gave the devotional and directed a most interesting program. She brought representatives of the Young Peoples Organization, Doreen Owens of the Sunbeams sang, "Till Be A Sunbeam," and the Sunbeam Anniversary song, commemorating the 60th anniversary of the Sunbeam Organization. Doreen was accompanied at the piano by Mrs. Earl Gray. Donna Klinger gave the Y.A. watchword.

Bobbie Owens represented the R. A.'s and played their hymn, "The King's Business," on his cornet. Alene Johnson gave an inspiring talk.

Mrs. Louise Smith, Counselor, presided over the business session. Refreshments were served. Members present were: Sara Dean Smith, Helen Stroud, Myrtice Baker, Alene Johnson, Mrs. Louise Smith, Mrs. Earl Gray and Essie White. Guests were Donna Klinger, Doreen and Bobbie Owens.

## A CORRECTION

Last week in listing the survivors of Mrs. Bob Jones, the name of one son, Vernon Jones, was omitted. The surviving sons are: S. A. R. J. and Vernon Jones.

## Old-Age Meeting To Be Held 27th

The Chilton County unit of the Old Age Pension Association will hold its regular monthly meeting at the courthouse Saturday morning, July 27th, beginning at 10 o'clock. Some good speakers are on the program, and all old people as well those interested in the question of pensions, are invited to attend. Some important business matters will be attended to—Howard Roper, Chairman; T. E. Wyatt, Secretary.

## Masonic Conference On July 31st

The 34th annual session of the Chilton County Masonic Conference meets with Clanton Masonic Lodge on Wednesday, July 31st, and Thursday, August 1st. All Masonic lodges are urged to send representatives to this meeting, and all Masons are invited to attend.

An interesting and instructive session is expected. Plenty of work and a good time. Don't fail to come.—H. A. Harris, Secretary.

## SHOULTS NEWS

Our revival starts at Pleasant Grove No. 2 July 21. Rev. Paul Oden is pastor of the Church. We invite everyone who possibly can to attend the meeting. We ask all the praying people to pray that we will have an old-time revival.

## Traywick Sisters Get Picture In News

Gulma and Margie Nell Traywick, of Clanton Route 2, saw their pictures in The Birmingham News last week. The Traywick sisters were posed in the middle of a tomato patch. Says the caption under the picture:

"This is a busy time indeed for Gulma and Margie Nell, but they take a minute off to pose in their half-acre tomato patch. These Traywick sisters of Route 2, Clanton, have other crops nearby—almost an acre of lima beans and a full acre of hybrid corn. As 4-H projects the Chilton County girls cleared \$415 on two beef calves sold earlier in the year."

## BASEBALL TEAM LOSE TWO STRAIGHT

The Clanton baseball team lost two straight last week. On Wednesday afternoon Apicipo handed the Clanton nine a 11 to 0 defeat. Price Electric, also of Birmingham, defeated Clanton 6 to 2. The game with Prattville last Saturday afternoon was rained out.

Next Sunday afternoon Clanton plays Prattville here, the game being called at 3 o'clock.

## Gypsies Lift \$180 From Verbena Negro

It is reported by Highway Patrolman Luther Kendrick that an aged negro of Verbena, the mother of John Varner, was recently lifted of \$180 by a group of passing gypsies. Kendrick reported that the negro's purse was cut open while the gypsies were attempting to tell her fortune or something of the kind.

The gypsies are reported to have pulled several other similar jobs about over the State, using knives, pistols, etc. They were arrested this week in Phenix City, Ala., and are being held in Grove Hill, Ala.

## BIRTHDAY DINNER

On Wednesday, July 24th, there will be a birthday dinner honoring Messrs G. W. Sansom and J. T. Minor at the farm home of Mr. G. W. Sansom, located about 10 miles from Clanton, three-quarter miles North of Vermont Jr. High School, and south of Sardis church on Maplesville Rt. 2. They invite all their friends, neighbors, relatives to come and bring a basket and enjoy the day with us. Remember the date—July 24. Place: G. W. Sansom's farm home.

## "Bunk" Clark Killed In California Friday

B. M. "Bunk" Clark, formerly of Clanton, was killed instantly last Friday, July 12th, in Oakland, Calif., when a gas tank on which he was welding exploded.

Clark was an electric welder for the City Bus Lines in Oakland, having been there for a short time. Last Saturday night the body of Clark was shipped to Opelika. En route, the baggage car in which the body was riding, caught fire and burned. The remains of Clark's body will be buried in Opelika.

His widow, Gladys Wood Clark, was in Clanton this week.

Luckie, derby dog owned by James Easterling, of Clanton, went up as best hound on the bench at the Chilton County Fox Hunters Association Hound Show, barbecue and field trials at Calloway's Camp on Lake Mitchell last Wednesday, July 10th. J. W. (Bill) Hamilton, Birmingham Fox Hound Judge, did the placing.

In regard to Luckie, Bill stated, "This is a real hound, possessing the qualities that go to make the best of fox hounds." Luckie is known by Chilton County hunters as being the leader when it comes to chasing sly fox.

## BOSSINGER - NELSON VOWS READ

On July 3rd at 8 o'clock p.m., the marriage of Dorothy Mae Bossinger to Frank Eugene Nelson took place at the home of Rev. Homer Carroll in Jemison. Oswald Nelson, brother of the groom, served as best man, and Doris Bossinger, sister of the bride, served as bridesmaid. The others who attended were: Mrs. Estelle Bossinger, mother of the bride, Miss Nell Nelson, Dot Wesson, Virginia Murphree and Earl Ward.

The bride was dressed in aqua two-piece suit with black patent accessories, her corsage being white carnations. The bridesmaid was dressed in blue with white accessories, her corsage being white and pink carnations.

A reception followed the wedding, at the home of Mrs. Estelle Bossinger for all those present.

The couple are now at home on the Selma Road, and Mrs. Nelson is employed at the Modern Beauty Shop.

Fred Thompson and Norvell Simpson are spending this week at Junior Camp, Clarke State Park, Miss.

## Bobby Hampton Injured In Cycle Accident

Bobby Hampton, son of Mr. and Mrs. Bill Hampton of Maplesville, was seriously injured last Sunday morning near Stanton when he was thrown from a motorcycle. The accident occurred about 10:00 o'clock a.m.

It is reported that Hampton along with three others on cycles were going toward Selma when he lost control of his cycle and was thrown. Bobby received severe head injuries. He was rushed to a Selma hospital where he regained consciousness Monday afternoon.

## Revival To Begin At Temple Church

The revival meeting begins next Sunday, July 21st, at the Temple Church. The Reverend C. L. Duck of Greenville, S. C., will be the Evangelist. Mr. Duck is a well known preacher throughout the southeast. He is a veteran of World War I and more than thirty years in the ministry. Make your plans to hear him each night at 7:45 throughout the revival meeting. Pastor and Mrs. A. T. Hickman will have charge of the singing and music. The Temple church invites all "old-times" to return home for this Spiritual feast. The Temple church conducts a full-time program the year around, and a great spiritual awakening is expected in this revival. Everybody welcome.

## Home-Coming At Mt. Nebo July 21st

Sunday, July 21st, is home-coming day at Mt. Nebo Church. There will be preaching in the morning and we expect some real good singing in the afternoon. There will be dinner for all. Please, everyone come and make this day the best one yet.

We extend a very special invitation to those who have been away in service for our country.

## Bookholdt Appeals To County Voters

Dear Voter:

As I go farther into my work as your superintendent, I realize better than ever that it will be impossible for me to visit many homes in the present campaign for that office. When I took over that office on the first of July I promised to fulfill the duties to the best of my ability. Since I am just a beginner, this takes most of my time. It is my duty and you have a right to expect it of me. Therefore, please do not feel that I do not value your vote and influence if I do not get to see you personally. Every vote counts one, and I am just as anxious to get one as another.

The only promise I make is that I will execute the duties of the office to the best of my ability. I feel that the past year in school bus service and the year for which I have been appointed as superintendent will be of great assistance to me.

Again I wish to thank every voter for any consideration he sees fit to give me.

Your friend,  
HOWARD BOOKHOLDT.

## SIX STUDENT PILOTS TO RECEIVE PRIVATE LICENSE THIS WEEK

Central Airways, Inc., at Griggs Field said this week that six of their twenty-odd students were to take their check ride this week with the CAA Inspector to receive their Private Pilot's License. They are: A. G. Gargile, Rheubin Scott, Jr., Julius C. Baggett, Maurice "Haywood" Wyatt, Herbert Poole and Ousley Nelson.

## USED CLOTHING STORE OPENED HERE

Mr. E. B. Allison recently opened the Clanton Clothing Exchange, a store handling used clothing. It is located across the street from the News Office. Besides used clothing, which includes ladies' dresses as well as men's apparel, Mr. Allison is handling a batch of army goods.

Mayor Leo Thompson made a business trip to Mississippi this week.

## Farmers Union Endorses John Sparkman

Congressman John Sparkman was given the endorsement of the Chilton County Farmers Union in his race for the United States Senate. At a meeting on July 13th attended by representatives of the various locals a resolution was adopted urging members of the Farmers Union to give their active support to secure the nomination of Mr. Sparkman in the forth-coming primary of July 30th, because in Mr. Sparkman they have a candidate who has always been a champion of the common people.—G. I. Smith, Secretary.

## Sparkman To Speak Here July 23rd

John Sparkman, leading candidate for the United States Senate to fill the place left vacant by the death of John Bankhead, will come to Chilton County to make four speeches on Tuesday, July 23rd, according to information received from Montgomery headquarters this week.

He will speak at Maplesville at 2:30, Clanton at 3:00, Thorsby at 3:30 and Jemison at 4:00.

This is Mr. Sparkman's first visit to Chilton County since the campaign began and his visit is looked forward to with great interest by his many admirers.

## Have You A Fish Story? Then Win \$10.00 In Cash

Fishermen can probably tell the biggest lies of all sportsmen when it comes to fish stories. Hundreds of wild and woolly fish stories have been told around Clanton. To find out the biggest one, the Chilton County News is offering a \$10.00 prize to the person telling the biggest fish story. Your story will be published. A second prize of \$5.00 for the second best story and a free subscription to the News for the third best. The contest will close on midnight, September 30th. The winners of the contest will be announced in the first issue of the News in October. The only rule to this is: The fish story must be a true Chilton County fish yarn that actually happened in Chilton County. Start thinking and send in your fish story today. Judges will be three of Clanton's popular fishermen.

## J. A. Headley Writes News

Dear Editor:

Would like to say a few words through your paper in behalf of our good old U.S.A.

We have the leading prosperous nation on the globe, and have been for the past 14 years. Everybody ought to be mighty thankful to God that everything is as good as it is, after going through with what we have in recent years. We ought to pull together to better every cause; to live in peace and have prosperity and love and respect for our fellowman; to each one can have his share of the income of the nation.

We who can remember back in '28 to '32 know what we had to go through with by the wrong crowd slipping in with their false propaganda and taking over our government; locked our treasury doors and threw everybody out of a job; bankrupted the world and starving half the people practically to death.

No, we are not going to vote a Republican in, we are going to vote for our good old Democrat liberalism; party of all the people. We remember how our farm collapsed and how they smashed our economic system. No we are not going to vote for a Republican. We farmers remember giving all our cottonseed 25c to the cotton ginners, then sold the lint for 5 and 6 cents. No we will not vote for a Republican. No, no laboring class have not forgot stepping up to the soup table and taking a sip after a hard ride out on a freight train looking for work and failed to find it. No, the people of this good old U.S.A. are not going to vote for a Republican.

All we people need at present is just a little adjustment in some things, plus price control on everything.—J. A. Headley.

## New Ordinance On Dairy Products

Clanton and Chilton County took another step forward this week when the City Council and the Mayor of Clanton adopted a new ordinance governing the production, handling and sale of milk.

The ordinance provides that the County Health Officer will be requested to enforce this regulation. It also provides that all grades of milk shall be printed on the bottle or the stopper. Any milk coming from untested cows will have to be pasteurized.

The new ordinance will become effective next January 15th.

## American Legion Softball League Creating Interest

The American Legion Softball League in Clanton is in full swing and much interest is being shown in these Tuesday and Thursday night games. Hundreds of people from all over the county crowd into the high school ball park for these night games and there are about 16 more league games to be played.

Verbena is leading the league with six wins and one defeat with the P. O. team trailing with five wins and two defeats.

Last Thursday night, July 11, the long awaited game between the Post Office team and Verbena was played. The mail carriers took an early lead and held it until the seventh inning when Verbena took advantage of several errors and won 5 to 4 to place them on top. The same night Alabama Mills defeated the American Legion team 5 to 2 to give Alabama Mills three wins and three defeats for the season.

Last Tuesday night, July 16, the Ford Place won their first game of the season when they defeated Bell Hardware 10 to 9. The same night the Postoffice team romped on the American Legion 10 to 7.

## SCRAP BOOK

**WEEK'S BEST RECIPE**  
 Cherry Tart: 1½ lbs. sweet cherries, ¾ c. sugar, 1 T. cornstarch, 6 pastry tart shells. Stem and pit cherries. Drain juice and add enough water to make three-quarters of a cup. Mix sugar with cornstarch in a small sauce pan. Add the liquids and cook over a low fire, stirring constantly until smooth and thick. Let boil two minutes and cool slightly. Fill tart shells with cherries. Pour sauce over them and chill in refrigerator. Garnish with whipped cream just before serving, if desired. Berries of any kind can replace the cherries.

**SUMMER SOWING**  
 Sow now for those vegetables that do best in the fall and for the short season varieties that will be welcome when fall comes. Use early varieties of seeds of radishes, lettuce, beets, carrots, cauliflower, endive, beans, since they mature quickly and our growing time is lessened each week. All the vegetables but beans will stand light frost. Though they grow slowly later, they do not go to seed. Chinese cabbage is easier to grow in fall than spring as well as brussels sprouts. The latter take about 90 days to mature.

**SAVE FLOUR WITH EGGS**  
 One way to save flour is using more eggs in cooking. From eggs we get minerals and proteins necessary for good health. They make an attractive dish, as well. Thicken gravies and sauces with egg instead of flour. To prevent eggs from curdling, when used as a thickening, it is necessary to cook sauces and gravies over low heat. A small amount of hot mixture should be poured into beaten eggs before they are added to rest of the hot liquid.

**INSPIRATIONAL**  
 No great characters are formed in this world without suffering and self-denial.—Matthew Henry.

### RILEY YIELDING COMPLETES COURSE AT AUBURN

Mr. Riley L. Yielding, Vocational Agriculture teacher at Isabella High School, has completed six weeks participation in API's Resource-Use Education Workshop.

Mr. Yielding's major project in the workshop was a study entitled, "Developing Better Forest Practices in Isabella High School Area."

The Alabama teachers taking part in the workshop have been studying the use of resources in the State. Mr. Yielding's project is one of thirty-nine studies made by workshop members.

The general resource problems studied by the workshop members include forestry, soil use, health, nutrition, sanitation and community improvement.

Groups and individuals have studied methods and developed techniques of tying in these resource-use topics with the teaching of social studies, science, mathematics, vocational agriculture and elementary and secondary courses.

Auburn's workshop has been based on intensive study of resource-use subject matter. Participants have attempted to develop an understanding of how man has disturbed the balance of nature through waste. They have learned how man can and must restore balance between nature's recreative power and man's rate of resource-use.

The participants have made plans for community organizations, to combine human, social, and natural resources toward better living. These plans call for schools to work with other agencies to help people understand the scientific facts of resource-use.

The workshop group has had the cooperation of consultants from the extension Service, the Soil Conservation Service, the State Department of Education, Public Health and Conservation, T.V.A. and the faculties of various state colleges. These specialists have given the workshop members first-hand information on their problems and practices. The members have observed these problems at their source, on field trips.

**How women and girls may get wanted relief from functional periodic pain**

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

- 1 Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.
- 2 Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardui. If it helps, you'll be glad you did.

ALABAMA

## SPEECH OF HON. JOHN J. SPARKMAN FROM WASHINGTON

My Friends in Alabama:

I am speaking to you from Washington. When I originally scheduled this talk, it was my hope and my intention to be in Alabama among you and to talk to you from my home in Huntsville. As a matter of fact, I reached Alabama only to be called back to Washington because of the serious legislative situation dealing with price control. I returned to the Capitol today and have been fighting to preserve some kind of effective price control in order that we may avoid that same type of ruinous inflation that destroyed financially so many of our small businessmen, farmers, wage earners, and white collar workers following the last World War.

Recently, the matter of extending price control was before the House of Representatives. At that time, I voted against every crippling amendment offered to the bill because I was convinced that the total effect of the amendments was to destroy completely price control.

In my fight today and in recent weeks for price control, I have been thinking of our veterans who are in school on \$65.00 a month, and our veterans and their wives in those same schools trying to live on \$900.00 a month. I have been thinking of the salaried workers, veteran and non-veteran; I have been thinking of school teachers; people with limited fixed incomes; and people whose wages are fixed. I know what will happen to these people if inflation comes.

I regret not being able to be in Alabama at this time but I feel that my duty to the people is paramount.

Alabama recently sustained a tremendous loss in the death of the beloved Senator John H. Bankhead. He had served Alabama and the Nation faithfully and with great distinction. We shall long miss him. His death created a vacancy in the Office of United States Senator from Alabama. I am a candidate in the Democratic Primary that has been called to fill that vacancy.

It is my purpose to campaign vigorously for this office but to do so upon my own record. For ten years now I have represented the people of the Eighth Congressional District in the House of Representatives. I believe

that I have done a good job. The people of my District have returned me five times without opposition.

During the time that I have been in Congress, I have had the privilege of supporting many measures that have meant much to our people. You may be assured that if I am elected your Senator, I will continue to support such legislation in the future.

In the brief time that I have, I can only touch some of the high spots but I do want you to know the things I stand for in order that you may judge whether or not I can properly represent you in the Senate of the United States.

I have strongly supported TVA and REA. During the ten years that I have been a member of the House, I have introduced every measure for the development of TVA. TVA operates through my whole District; I have seen its benefits. Likewise I have seen what rural electrification could mean to our farm people.

Well can I remember conditions prevailing on the farm when I grew up. We used to fill a long can with milk and let it down into the well. This was the only kind of refrigeration we knew. I want farm people today to have the advantage of electric refrigerators. My mother did her ironing with an iron heated on the wood burning stove even in the hot summertime. She never enjoyed the benefits of an electric iron. Week after week she did the back breaking job of the family wash over a tub and washboard. I want farm mothers today to have electric washing machines, electric stoves to cook on, and running water in their homes. Rural electrification makes this possible. Is there any wonder that I have been an ardent supporter. I assure you that I will continue to be.

When I first ran for Congress ten years ago, I promised that I would work for Federal aid for education without Federal control. This I have done. I am now a member of the steering committee to help push through legislation to make this possible. Victory is certain and I believe in the near future. When we get this legislation it will be possible for Alabama for the first time to pay decent salaries to her teachers and to give suitable facilities to the pupils. My

own elementary schooling was had in a one - room, one-teacher country school. We were lucky to get three or four months a year. I want the average boy and girl in Alabama to have a better chance than that and I promise to continue to work for Federal aid without Federal control.

When I first came to Congress I saw the inequity of our old age pension system and other social security benefits. I introduced then a bill seeking variable grants, that is, to pay on the basis of need rather than the requirement of matching. I have worked steadily for this accomplishment. Just last week the Ways and Means Committee of the House reported a bill allowing for the first time variable grants and making it possible for Federal monies now to be spent on the basis of need.

As a member of the Military Affairs Committee, I have supported and worked for all measures looking toward our national defense and the welfare of our service people and their dependents. I was the author of the Soldiers' and Sailors' Civil Relief Act, to insure to our service men and their dependents protection of their insurance policies, their property and civil rights during the period of their service. I also sponsored the pay increase that went to our enlisted men, and, also, the Dependency Allotment Act. I supported the Soldier Vote Bill, the G.I. Bill of Rights, and argued strongly for the educational benefits of that law.

Believing that our returning veterans had a right to expect a place to live, I supported the Emergency Housing measure with all of its provisions. I propose to continue in the future as in the past to support an adequate housing program. My stand on this issue is not an over-night conversion designed to get voters in the excitement of an election. My record speaks for itself.

My interest has been at all times with the farmers and their problems. I am one of them. I grew up as a farmer and I am a farm owner today. I know these problems from first hand experience and not from hearsay. During the time that I have been in Congress, I have supported appropriations and legislation for the benefit of the Extension Service, Soil Conservation Service, Farm Security Administration, Forestry and all other farm activities. Senator Bankhead was recognized throughout the country as the great farm leader. During

the ten years it was my pleasure to serve in Congress under his leadership, I voted with him consistently on all farm legislation. If elected your Senator you can depend on me to continue my support of an adequate program to bring to the farmers of this country their just share of the national income.

One of the great farm problems is that of fertilizers to protect our soils. Along with Senator Bankhead and Senator Hill, I have worked for the fertilizer program advocated by the American Farm Bureau. Within the last few days I have helped obtain funds for the erection of a great phosphate plant at Mobile as a part of this program.

One of the great needs of farmers is an adequate road system, particularly farm to market roads. I have worked consistently to obtain a better road program for the building of farm to market roads. Under legislation recently enacted such a program is now possible. I will work to the end that every farm home may be accessible to markets and highways through good roads.

I have supported legislation to provide airport developments, school lunches for our children, Federal aid in building hospitals, health centers and clinics to fit in with Alabama's own state-wide medical plan.

I have believed in the development of our rivers. From my own District I have seen what it has meant to have the Tennessee River developed. Accordingly I have strongly supported legislation to improve the Alabama-Coosa, the Chattahoochee, the Apalachicola, and the Tennessee-Tombigbee. I appeared before legislative committees in both the House and Senate urging this legislation and supported it vigorously on the Floor of the House.

On issues affecting labor, I invite a full study of my record. I have tried to face every issue affecting labor's welfare honestly and fairly. I can assure both labor and management that their representatives will continue to be given a considerate and friendly hearing on any issue affecting their interest. It will always be my purpose to support measures that will be fair and just to labor, management and the American people.

One word of interest especially to my District and in fact to all of the State of Alabama, I have just recently obtained approval of appropriations to

start the removal of the TVA Headquarters to its rightful place at Muscle Shoals.

### FOREIGN POLICY

American men and women have recently been in the forefront on a global war which resulted in victory over Nazi-Fascist-Jap aggression.

The price which was paid for this victory is well known to the mothers, wives and children of those who gave their lives. It is also well known to those who suffered disability, or hardship, or long years of absence from home. All of these believed in their hearts that World War II would make possible a better and a peaceful world. They believed in the Four Freedoms of Franklin D. Roosevelt.

Today there are those who would turn their backs on the spirit which led to the United Nations; those who would forget the principles for which we fought and would risk the loss of all the sacrifices we have made. They risk also an Atomic War, a final disaster of showers of bombs over the whole world.

I believe we serve America best—only by working constantly and patiently to establish a foundation for economic and political peace among nations.

We must restore the peace of the world. Without economic peace and international trade, we cannot hope

for our cotton and tobacco and the products of our factories. Unless the nations of the world each can repair its economy at home, political unrest may follow and the peace of the world will suffer.

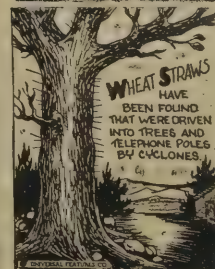

Men and women all over Alabama have set out to win this fight, and the cause which it is my good fortune to represent. My appreciation will be shown in the years ahead as I work to give to the people of Alabama the fullest measure of honest and progressive public service of which I am capable.

To help relieve the famine situation, use oatmeal to replace part of the wheat flour in making bread, biscuits, muffins, pancakes and cookies. An average serving of oatmeal without sugar and cream equals approximately two slices of bread in food value.

Accumulation of useless papers and magazines causes housewives much worry. Don't let used magazines lie around to catch dust and take up space. Pass them on regularly to hospitals, recreation centers and other places needing reading material.

### CHILTON STUDENTS ATTENDING JACKSONVILLE

Several Chilton County students received honors at Jacksonville State Teachers College recently.  
Ernest Coppock, Marvorne Henley, Clanton, and Helen McGee, Maplesville, were on the dean's list for the Spring Quarter. Twenty-six per cent of the women, twenty-six per cent of the men, and twenty-eight per cent of the veterans, were on the dean's list. To be eligible for his honor, students must have a minimum average of "B."  
Marvorne Henley was elected representative to the Social Committee from the Sophomore Class. Evelyn Owen, Clanton, is president of the Baptist Student Union, and represented the college at the student's conference at Ridgecrest.

### Milk Mixture for Stomach Ulcers

A recent medical discovery has been made and hospital authorities have pronounced it successful in the treatment of stomach ulcers caused from excess acid. It is a harmless preparation yet so effective, in many cases the pain of stomach ulcers disappears almost immediately. Also recommended for gas pains, indigestion, heartburn due to hyperacidity. Refill orders may now be filled by obtaining a bottle of LURIN from their druggists. LURIN contains the one discovery in the past few years. Easy to take, just mix two teaspoons in a half glass of milk. Come last night, most acidity or money refunded.  
LURIN for sale by Upchurch Drug Company.

### CHURCH OF GOD AT RED BAY, ALA.

The constituency of the Church of God in all forty-eight states will be represented in the U. S. Assembly of this organization to be in session here at Mills Chapel, Red Bay, Ala., and Camp Ground, from Thursday to Sunday, July 25-28th. Many thousands are expected to be in attendance the occasion taking the form in large measure of a revival and camp meeting in characteristic Southern style.

The occasion, officials say, introduces for the first time, a U. S. Assembly of the church, and is for the purpose of the advancement of the church in the U. S., and like Assemblies are to be established in each nation of the world. The 41st Annual World General Assembly of the Church of God will be held in New York, September 18th to 25th, and side by side with the general Assembly of the United Nations.

Bishop Oliver Mills, Pastor of the church at Red Bay, Overseer for Alabama, and serving as National Secretary for the organization, takes the lead in this U. S. Assembly, assisted by the State Overseer of Mississippi, Bishop James F. Ray, of Springfield, Miss., and Bishop J. H. McClure, of Collinswood, Tenn., state overseer for that state. Leading ministers of the church from all sections of the United States, are scheduled on the program. Lay members taking equal part with ministers in these gatherings, has contributed, it is said, to making Church of God gatherings among the most largely attended church events in most states and in the nation for many years.

### MRS. WATERS HOSTESS TO PILOT CLUB

On last Tuesday night the regular business meeting of the Pilot Club was held at the home of Mrs. Ruth S. Waters. Mrs. Eschler Johnson, president, presiding, Mrs. Laura Little, Secretary, called the roll and good percentage of the members were there. Mrs. Molly Megginson, Corresponding Secretary, read the local and international business which was voted on by the Club members who attended a meeting of the Selma Club honoring the new International president, Miss Harriett McSwain, who is a charter member of that Club, and a very understanding young lady of Selma. Miss Margaret Young of Anniston, newly elected governor of this district, was also present. Miss Young was installed at the Pilot International Convention in New York City in June.

She is a gifted young lady, graduate of Calhoun High School and of Leila Jones School of Dramatic Art, attended State Teachers College at Jacksonville, Ala. She is active in all church work, being a member of Parker Memorial Baptist Church. The 16 clubs of this district with combined membership of more than 400 are indeed fortunate in having her for governor. She will conduct a school for the officers of all clubs in Montgomery and will then assist the Clanton Pilot Club.

### THE HOME-GOING OF MRS. JUETTE HICKMAN

The funeral services for Mrs. Juetta Hickman was held last Sunday afternoon at the Assembly of God Church, Kinston, Ala. The burial was in the Kinston Cemetery. The Rev. J. C. Thames, pastor of the Assembly of God Church, Opp, Ala., was the officiating minister, assisted by the Rev. M. O. Bruce, pastor of the Assembly of God Church, Kinston, Ala., and the Rev. Earnest Summalls, pastor of the Stone Church, Chicago, Ill. Music by the church choir of Kinston.

Mrs. Juetta Hickman was born November 15th, 1878, and went to be with the Lord on the morning of July 12, 1946. She is survived by her two sons, the Rev. O. C. Hickman, Millport, Ala., and the Rev. A. T. Hickman, Clanton, Ala.; three grandchildren—Andrew James Hickman, Clanton, Ala., Mrs. Garlon Rhodes, Kinston, Ala., and Miss Gertrude Hickman, Millport, Ala.; three great-grandchildren, Ralph, Ray and Shirah Faye Rhodes of Kinston, Ala.; two sisters, Mrs. Clara Garrett of Bonifay, Fla., and Miss Susie Johnson of Elba, Ala.; two brothers-in-law, Osburn Hickman of Opp, and Ashbury Hickman of Dothan; one sister-in-law, Mrs. Roy Robinett of Dothan, and a host of nephews and nieces.

Mrs. Hickman was born and reared in Coffee County, Ala., and spent most of her life in the county in which she was born. She accepted Jesus Christ as her Lord and Saviour many years ago, was baptized and a member of the Assembly of God Church. Her consecration to God was manifest by her unselfish life, and the willingness to all ways serve others. Her personal service to thousands down her pathway of life will not be soon forgotten. She contributed much to the Church, and to the world, but her greatest contribution lies in her two sons who are both ministers of the Gospel of Christ, who for more than a quarter of a century have preached the Gospel of Jesus Christ across this South land, and to the borders beyond. It can easily be said of her, "Blessed are the dead which die in the Lord from henceforth; yea, saith the Spirit, that they may rest from their labors, and their works do follow them." She fought a good fight, she kept the faith, therefore, her death was precious in the sight of her God, for she is now forever with the Lord. The pallbearers were: Robert Garrett, Bonifay, Fla.; Lloyd Hickman, Ewell Hickman, Gary Hickman of Dothan, Ala.; Carlton Free and Clarence Hickman, both of Opp, Ala. All these were nephews to the deceased. The flower girls were made up of the large group of nieces.

### 300 ALABAMA TEACHERS EXPECTED TO ATTEND SCHOOL AT AUBURN

Approximately 200 teachers of vocational agriculture in Alabama are expected to attend the three-weeks instructional summer school at Alabama Polytechnic Institute July 15-August 3.

This special session was called by J. C. Cannon, State Supervisor of Vocational Agriculture. It is the first school of instruction to be held since 1942.

Among problems to be discussed are those of instruction, adult education organization of vocational agriculture, food production and conservation community recreation and farm power and equipment.

New officers of teachers of vocational agriculture are: P. H. Alsbrook, Natusgala, president; B. P. Dilworth, Sidney Lanier, vice president; M. Thornton, Lexington, secretary-treasurer.

C. C. Scarbrough, subject matter specialist in the Agricultural Education School of AFI, is in charge of local arrangements.

Now that the peach season is here, if you simply do not have enough sugar to can peaches as you would like to, it is wise to can them without sugar for use next winter in salads, or to sweeten when they are opened if sugar is more plentiful then.

### NATIONAL FARM SAFETY WEEK

The President has issued a proclamation calling upon the Nation to observe the week of July 21-27 as National Farm Safety Week. Mr. B. N. Ivey, County FSA Supervisor, stated that a recent release from the U. S. Department to the local office of the Farm Security Administration calls upon every farm family to check their farmsteads for possible accidents hazards, and do something to correct these hazards.

The campaign to stop accidents and fires on the farm is extremely important for several reasons. First, farming has one of the highest accident rates of all occupations. Every farmer performs a wide variety of tasks, most of which involves serious accident hazards. The National Safety Council estimates that more than 16,000 farm people were killed and 1,500,000 injured by accidents in 1945. Second, farmers generally are not covered by workmen's compensation laws, as are most workers in industry. A serious accident may cause untold hardship to a farm family. Third, accidents can be prevented. We know that a well-directed and vigorous safety campaign accomplishes results. Time and again accident rates have been cut in half or more by safety programs which taught people to remove or guard against hazards before an accident happens. The present unnecessarily high accident rate on farms can, over a period of time, be very substantially reduced. These are some suggestions for safety:

Drive safely on all roads.  
Keep your ladders in good repair.  
Repair front and back steps and porches.  
Every sharp edge tool is a potential accident hazard. Keep them put away.  
Vaccinate your dog against rabies.  
Starting fires with oil may burn down the house—guard against this.  
Smoking around the barn may cause fire to destroy valuable feeds.  
Flies and rats may bring disease and death to your home.  
Teach children to swim.  
Clean up days are needed around the farm. Why not now?  
Keep poisons out of reach of children.

This year the shortage of food in other countries makes it necessary for us to produce all we possibly can. Accidents and fires, by interfering with production or destroying what has al-

Here's Why People Are Saying  
**ALABAMA NEEDS A NEW FACE IN WASHINGTON**  
Fresh from the People!  
**JIM SIMPSON for the U. S. SENATE**

Needs and aims of folks back home can best be presented in the Congress by a representative who has stayed close to and comes fresh from the people of Alabama.

Many think Congress needs a good blood transfusion—fresh new blood from the veins of the people—to energize it into action. They know Jim Simpson has vigor, energy, sincerity and a truly amazing record for getting things done. He will fight for, not talk about what Alabama needs.

(Ed. Pol. Adv. by Committee of Friends of Jim Simpson, Ely Fraser, Chairman.)

# Attention! Voters Of Alabama And Friends Of The Old Folks!

If you want old age pensions and the Folsom program put over, be careful who you vote for, for Alabama Senator, or you will get your program blocked.

You get no Federal matching funds for old age pensions if Jim Simpson is elected. He is a life-long corporation lawyer of Birmingham that has made a specialty of obtaining favor for the big mules of Alabama. If he or his running mate, Maxwell, or Boykin, is elected, the old age pension will be blocked. They want to keep the old age assistant—so Jim Simpson said.

I quote, Birmingham News July 7th: "The old age pension system in Montgomery cannot be changed." What is Jim Simpson saying? He is telling the Ellis, Sparks, Boykin and Maxwell corrupt political machine that if he is elected he'll see that there is no pension funds coming from Washington, D. C., for old age pensions, unless the present system is maintained.

So, if you vote for any of the three candidates mentioned above, you will block the Folsom program; blocked for as far federal money is concerned.

We have one good man for Senator—John J. Sparkman, of Huntsville. He will make Alabama a top-rating state. He will help put the Folsom program over in Alabama.

If you want Boykin for Senator inquire around his home at the Boulevard and Landscape; and inquire as to who paid the bill. You wouldn't vote for him then. I lived there 11 years.

Simpson, Boykin and Maxwell seem think these little ice cream clubs in Birmingham, Montgomery and Mobile and the heads of the American Legion, are electing of candidates. They are forgetting that politics have changed in Alabama. The common man, the working men and the old folks have woken up to the fact that they just have consideration—nothing less than an old age pension of at least \$100 a month.

Good roads, school teachers paid, the veterans should get a fair deal. Please pass tract on to voters—Chilton County Old Age Pension Committee and Assistant Organizer—S. A. HARRELL.

Old pol. adv. by Friends of the Old Folks).

# Fox Hunt Was Great Success Last Wednesday Evening

The Chilton County Fox Hunters Association staged one of its best shows, barbecues and last Wednesday, July 10th, at Calloway's Landing since its origin back in 1932.

Over 400 persons were present, many of them representing distant points over the state. Among the prominent visitors from other counties were: Mr. Bill Hamilton, popular Tax Collector of Jefferson County and a staunch fox hound enthusiast. Mr. Hamilton served as Judge of the dog show. Messrs. Livingston and Parsons from Montgomery; McDaniel from Irondale; Blackmon and Farley from Birmingham; Roland Taylor from Sylacauga; B. C. Oxford from Childersburg, and others whose names the writer failed to get. Messrs. Farley, Blackmon and Oxford all entered their packs. Coosa, Tallapoosa, Bibb, Shelby, Elmore and Autauga were counties well represented.

Among visitors was Mr. Jerry Bryan, news reporter from The Birmingham News. He served as Master of Hounds in the dog show.

The crowd began gathering in around 5:00 p.m. At 5:45 p.m., under the direction of Mrs. Buddy Ellison, ably assisted by a group of young ladies, a most wholesome and appetizing plate of fried chicken and fish, potato salad, barbecued goat, camp stew, bread, coffee and tea were served.

Then came the preliminary announcements by your President, Buddy Ellison, who outlined the program for the evening. Following this Mr. Hamilton made a few remarks appropriate to the occasion, then came the most fascinating dog show yet held in this county.

The winners of the hound show were as follows:

Best Derby Dog—Luckie, owned by James Easterling, Clanton; 2nd best Derby Dog, Black Boy, owned by Clifton Jones, Clanton.

Best Derby Bitch—Ruby, owned by Buddy Ellison, Clanton; 2nd best Derby Bitch, Mary, owned by Clifton Jones, Clanton.

Best Puppy Dog—Buzzards Bullet, owned by J. A. McDaniel, Irondale.

Best Puppy Bitch—Lilly Belle Crowe, owned by J. A. McDaniel, Irondale.

Best all age dog—Dock, owned by Arthur Giles, Clanton; 2nd best all age dog, Bill, owned by Clifton Jones, Clanton; 3rd best all age dog, Big Boy, owned by Arthur Giles, Clanton; 4th best all age dog, Wallace, owned by John Pierce, Clanton.

Best all age Bitch—Sue, owned by B. C. Oxford, Childersburg; 2nd all age bitch, Belle, owned by B. C. Oxford, Childersburg.

Prizes were awarded for the four top winners as follows:

First prize—James Easterling—\$5.00 cash award.

Second prize—Arthur Giles—Subscription to two Sports Magazines.

Third prize—Clifton Jones—Set of labelled dog collars.

Fourth prize—B. C. Oxford—Set of dog collars.

Following the dog show came the horn-blowing contest in which 15 contestants pitted their horn-blowing skill against each. The judges experienced quite a bit of difficulty in determining the winner. They called a run off between Harlem Martin and Alpheus Edwards from Clanton; James McDaniel of Birmingham and Robert McAlfee from Maplesville, with Alpheus Edwards edging out as winner of a nice \$5.00 horn.

The judges for the horn-blowing contest were: Messrs. Livingston, State Department of Agriculture Montgomery, Ala.; Robinson and Thompson of Sylacauga, Ala.

By this time darkness had crept up and it was time to unleash the restless hounds. An unofficial count showed 77 hounds entered, and what a show it was to see these old veterans fox hounds with a fine mixture of youngsters, eager to learn the business of driving 'Ole Reynard, leading

## FARMERS UNION CO-OP. ANNOUNCEMENT

The Board of Directors wish to announce that there will be additional personnel and services at the Farmers Union Co-Operative in the near future.

Mr. Marvin Martin, who is now operating a shoe shop in Jemison, has been hired into the services of the Union Co-Op.

The shoe shop will also be installed in the Cooperative. The service of the shoe shop will continue in around Jemison as Mr. Martin will arrange to pick up and return the needed work in that vicinity.

Those in the service of the Cooperative will be: Mr. P. M. Clevelley, purchasing agent; Mr. Marvin Martin, general manager; Mr. Baker, Clerk; and Mr. Heifner on the rolling store.

The board feels that this is a fine group of men and it is their desire to give honest and efficient service.

The board solicits your cooperation in building a larger and better cooperative service. O. V. Cost, Secretary. —Adv.

out up the road and across the hills in quest of a good running fox.

Soon the melodious cries of old Blue, Belle, Patsy, Troop, Rowdy and Little Betsy and all the others began lilting across the stillness of the moonlit night telling the world that a real fox chase was in progress. In about 30 minutes the plaintiff echoes began dying away in the distant hills. Another fox, and another began crisscrossing, and soon different segments of the pack began pulling away, and instead of one race, several races were shaping up. On towards the midnight hour, after several young fox had been driven in, the main pack re-assembled giving chase to an 'Ole Timer, and for about 2½ hours a steady flow of hound music reverberated up and down those forested hills and hollows; music that appeals only to those who love the ringing voice of a faithful hound.

The writer wishes to express in behalf of the officials who promoted this hunt and barbecue their appreciation to all who participated for their fine behavior. The conduct was noticeably absent from any taint of rowdiness. This, friends, is the way to make this annual affair one of real and lasting enjoyment.

In concluding this write-up, it is the desire of your reporter to call attention to the following: At the present there is apparently a bit of confusion on our organization. This is of course a most regrettable circumstance. But for the New Year 1947, you will select a new group of officials, whom I feel will spare no effort to weld all the hunters of Chilton County together as a forceful unit.

We need this organization. The fun, the freedom and the fine fellowship that it brings cannot be valued in dollars and cents. Whoever you select as your new leaders, let me suggest and appeal to your fine sense of reasoning that you fall in line and give them your unstinted support. They will be in there pitching, working and fighting for your interests in the sport of fox hunting. This Association of Chilton County Fox Hunters is made up of too fine a group of people to allow simple differences of opinion to undermine it.

This is written in the spirit of good will. Let it not be said by anyone that our fine organization shall perish because of our unwillingness to compromise our differences. The war has taken its dreadful toll, and has left us all somewhat dispirited, but with peace now in order may we look forward with a more generous attitude and a finer spirit of cooperation in the field of sports. Chilton County and all our neighboring counties have the potential assets to make this area one of the finest fox hunting sections in this our beloved deep South.

Your President and Secretary-Treasurer are happy to announce that a nice little balance of funds will be left to carry over into the next year. A complete financial statement will be published in your county papers as soon as all outstanding bills can be paid and a complete report can be assembled and made up. — Robert B. Johnson, Secretary-Treasurer.

## ALABAMA LEADS IN 4-H MEMBERSHIP

Alabama, with 115,751 4-H Club members, leads other states by a wide margin in enrollment in this farm youth organization.

T. A. Sims, state 4-H leader, released the membership figures this week and said boys and girls of the 2,957 local clubs outnumbered Texas 4-H members by about 15,000. The state was No. 1 also in projects completed—81.07 per cent.

Food-conscious 4-H'ers grew 30,556 gardens which headed the list of projects finished last year. To save this food, 26,500 girls did food preservation work. Over 18,500 finished projects were reported in food selection and preparation.

Briefly summing up a part of what Alabama youngsters did, Mr. Sims says they grew 19,000 acres of corn, 8,700 acres of home gardens, 6,100 acres of cotton, and 5,209 acres of peanuts. They raised 614,000 chickens, 25,500 swine, 12,130 dairy cattle and 5,000 beef cattle.

The girls stocked the pantry shelves with 1,675,280 quarts of food, served 295,814 meals, and planned 260,378 more. They made 66,800 articles of clothing and remodeled 16,723 more.

Soap is still scarce and likely to remain so for quite a while. To conserve the valuable item, scraps of soap may be put into a jar, with water added, and the resulting soap jelly will be useful.

Home accidents took the greatest farm toll last year with 6,500 deaths as compared to 6,000 in 1944, reports the National Safety Council.

## GARDEN INSECTS CUT FOOD FOR STARVING

Fewer bugs in your garden means more vegetables on your plate.

Not only that, but insect control in the smallest to largest vegetable patch will give more food for starving Europeans, for each mouthful produced at home releases an equal amount of food for shipment abroad.

Killing insects at this time does two things, says W. A. Ruffin, API extension gardener: (1) It saves the current crop, and (2) it reduces pests that otherwise would attack fall crops.

So there's no better time to get out the dust or spray gun, fill it with the right poison for the insect to be killed, and let 'em have it.

A pail of water in a room freshly painted will help remove the paint odor.

## BOYKIN Advocates - - -

*Federal Financing for Rural Homes!*

Up to now the benefits of the Federal Housing Administration (FHA) have been reserved for those who live in the city or near city water mains. Frank Boykin advocates—and will fight for—extension of these benefits to cover those who live, or would build homes, in the rural sections of Alabama. This would mean—

- Low down payments for farm housing
- Easy monthly payments (payments spread up to 25 years)
- 4½% interest on Federally-Insured Mortgages

## BOYKIN Advocates - - -

*Wider Federal Benefits for Alabama Education!*

Alabama must have Federal aid for education. Frank Boykin advocates—and will fight for—Federal benefits for Alabama's school system on a practical, fair basis. Boykin will fight to see that this aid is rendered on a plan where Alabama will retain control of its education. Alabama will decide what our children are taught and how they are taught.

## BOYKIN Advocates - - -

- Removal of red tape in handling veteran's affairs!
- All Farm Legislation designed to improve the farmer's position!
- Fair distribution of Federal Old Age assistance!
- All projects which will bring economical gain to Alabama!

### NOTICE

Be it ordained by the City Council of the City of Clanton, meeting in regular session:

Section 1. That the State Board of Health Regulations Governing the Production, Handling and Sale of Milk and Certain Milk Products, adopted June 16, 1939, and amended August 1, 1939, and April 20, 1942, a certified copy of which shall be on file in the office of the City Clerk, is hereby adopted as an ordinance of the City of Clanton. Provided that in Section 7, Item 1, of the said Regulations, the abortion-testing requirement shall be effective within six months after the adoption of this ordinance.

Section 2. That any milk ordinance on the minutes of the City of Clanton is hereby repealed; said repeal to be effective on the date on which the said Milk Regulations are formally validated in Chilton County by the State Health Officer.

Section 3. That the Health Officer of Chilton County be, and is hereby requested to enforce in the City of Clanton, and its jurisdiction, the said regulations.

Section 4. That this Ordinance be recorded in the minutes of the City of Clanton, and a copy be transmitted to the Chilton County Health Officer. Adopted this 17th day of July, 1946. F. LEO THOMPSON, Mayor.

### CARD OF THANKS

We wish to thank everyone for their kindness and sympathy shown us at the death of our wife and mother, Mrs. Eliza Ann Jones. We are deeply grateful for the beautiful floral offerings and the abundance of food brought to our home by neighbors and friends. We especially thank Bro. Miller, the quartet, Dr. Golden and Mr. and Mrs. White.

We pray God's blessings will abide with each of you as our prayer.—R. J. Jones and Family.

### Dr. Parrish Gives Dog Vaccination Schedule

Our record have slipped a little in the last year. You will recall we have not had a mad dog in the county in six or seven years until recently. But for the last few months we have had four positive cases, we know. The only thing that can account for that is that the dogs were not vaccinated and the owner is responsible. So we are hoping that everybody will now see the need and bring your dog out. The County and State Health Departments are putting it up to us, so we are earnestly soliciting your cooperation.

Following is a list of places and dates. The price will be 75c—cash.

### LETTERS to the EDITOR

Dear Editor:

Please allow me space in your paper on "The Price Of A Soul."

Jesus represented the value of a soul as beyond comparison. Yet, souls can be bought; not bought on the market like grain or cotton, but bought with prayer, heart burden and well directed service. How much will you bid for a soul?

A little company of friends were taking a meeting in which the speaker had said, "If we raise and spend a million dollars for this project and as the result just one boy is saved, the investment is justified."

One of the company asked, "Do you believe one boy is worth a million dollars as the speaker said tonight?"

A thoughtful parent in the group replied, "Yes, he was my boy."

That father's reply suggests the key. It is when the boy is our boy that we bid up the price we are willing to pay for his salvation.

And when does he become my boy? He becomes my boy when I take him on my heart, bear him up before God in prayer, and when I come to feel that I am responsible for him.

Until then he may have been a stranger or he may have been a member of an alien race, but when I take him on my heart in sincere prayer and responsibility he becomes the most real and sacred sense, my boy.

A busy and successful doctor left his practice and in company with his family started on a cruise around the world. In order that he might not be called upon for professional service, he covered the fact that he was a doctor.

While the ship stood in a tropical port, the sailors fished some one from the water who had fallen overboard and did all they could to restore life. The travelling doctor looked on from a distance, but by and by drew nearer. More out of human curiosity than anything else, but when he saw that the body over which the sailors worked was that of his own four year old son, he threw aside his assumed modesty and took charge of the case himself.

He sent others scurrying on orders and worked for two straight hours before he was rewarded with the first indication of returning life.

True concern has its basis acknowledge relationship. The most difficult of all is no man care for my soul, but if we could but realize it the next in degree of meanness is or should be, I am different about the souls of others.

It has been said in lighter vein, love finds its way, but when the application here also; if you truly

love souls, do not be to much affected Southern states are producing the second largest peach crop in history, placing it in the category of abundance, says A. W. Jones, State PH director. He urges that this fruit given an important place in the summer diet to keep any waste from occurring in marketing the crop.

## FOURTH COUNTY HORSE SHOW AUGUST 14

### Plans Being Made For Biggest Show Ever In County

Clanton's Fourth Annual Horse Show is to be another outstanding event that will be of interest to all lovers of fine livestock and clean interesting entertainment. It's becoming a habit with Chilton County citizens to do things well and our horse show is no exception. Outstanding judges, owners and showmen have openly stated that the Clanton Show of the past three years were the outstanding shows of the entire circuit. This is quite a compliment considering the fact that Clanton and Chilton County is new in the business.

Sponsors, the Clanton Kiwanis Club and Clanton Pilot Club, are now in the process of completing the details for this show and this year's event promises to be bigger and better than previous shows.

Brief information handed down by C. C. Fiquette, a strong supporter of this show and an enthusiastic horseman himself, indicates that Clanton will have horsemen with the best animals in their stables from all sections of Alabama and out-of-state entries from Georgia, Florida, Tennessee and Mississippi.

Also reported by this informant was the fact that Winston Wiser of Shelbyville, Tenn., will attend the Clanton Horse Show this year and will enter his outstanding stallion "Merry Go Boy." He is only a three-year-old and already has over 150 blue ribbons to his credit. Winston Wiser developed and trained "Black Angel" a World's Champion mount and has recently refused \$50,000.00 for "Merry Go Boy."

Attendees at this show will have an opportunity to again see a class of fine harness teams compete for the Clanton ribbons and prizes. In previous shows the attendees seemed to more thoroughly enjoy this colorful display of fine animals and excellent training than they did any class in the entire show.

Again local children and pleasure horse enthusiasts will have an opportunity to display their animals and riding skills. Classes and prizes for this type of horse lover will again be included in the Clanton Horse Show program of events.

The entire program sums up to the fact that another outstanding evening of entertainment is being planned in such interesting detail that no lover of fine animals and wholesome recreation can afford to miss it. Make your plans now to attend Clanton's Fourth Annual Horse Show at the High School Ball Park on the night of August 14th.

## Singing School At Macedonia To Begin On July 29th

A singing school will begin at Macedonia Church five miles west of Thorsby, July 29th, at 9 o'clock. Mr. Vickery will teach the school.

If there be a boy or girl who feel like they are not able to pay the tuition, don't let that keep you from attending. It will be cared for—W. G. Rasberry.

## Revival To Begin At Corinth And Shiloh

The revival will begin at Corinth next Sunday, July 28th, and will run through the following week. The Rev. E. L. Creel of Birmingham will do the preaching.

The revival will begin at Shiloh on August 4th. The Rev. Clark E. Burkhalter will do the preaching there. The public is cordially invited.

Corinth is located near Mitchell Dam on the Log Cabin Beach Road, about 12 miles southeast of Clanton, near Old Kinchen.

Services will be held both day and night, and it is hoped that every member who can possibly do so will attend as well as everyone else.

If you just can't attend, may we ask that you pray especially for the revivals—M. Lockhart, pastor.

## Levine Family Has Reunion

The Levine family held a reunion at the home of Mr. and Mrs. I. S. "Doc" Levine in Clanton last Sunday, July 21st. The Levines report a very enjoyable day with guests from Birmingham, Montgomery and as far off as Chicago. And, too, they all had a most delightful day together.

Those present were: Mr. and Mrs. J. Levine, Mrs. M. J. Levine, Bernard Levine, Arthur Levine, Mrs. Nat Grey, Miss Joyce Grey, Mrs. and Mrs. Harry Kiser, Mr. J. D. Kiser, Mr. and Mrs. Manuel Levine, Master Allen David Levine, Mrs. M. Weintraub, Mr. Buddy Weintraub and Mr. Joe Weintraub, all of Birmingham; Mr. and Mrs. Sol Levine, Percy Levine, Mickey Levine and Peter Levine, all of Montgomery; Mrs. Bill Rose and Mr. Howard Rose of Chicago.

## Big Singing At Mt. Carmel Sunday

Next Sunday is our annual all-day singing day. Many good singers and leaders are expected. Pianists are especially invited. Bring baskets well-filled and let's have a grand singing and serve the Lord in song. Several quartets are invited and expected.

Coffee will be served as a special at the lunch hour. Come one, come all. Mt. Carmel is five miles southwest of Thorsby, Ala., just up the hill from old George Mims's place. — M. W. Mims, Chairman.

#### MR. J. O. JOHNSON

Mr. J. O. Johnson, age 76, of Thorsby Route 1, died at his residence Saturday at 4:00 p.m. Funeral services were held Monday at 11:00 a.m. from New Salem Church, conducted by Rev. Homer Carroll; interment in adjoining cemetery.

He is survived by his wife; three sons—C. O. of Clanton Route 4, J. R. of Plenty of Clanton Route 4, J. R. of Thorsby Route 1; three daughters—Mrs. Andrew Deason of Thorsby, Mrs. Katie Scott of Thorsby, Mrs. Godies Thornton of Thorsby; three brothers—J. L. of Pine Hill, G. W. of Maplesville, P. G. of Jacksonville, Ala.; one sister, Mrs. E. C. Atchison of Thorsby; 26 grandchildren, four great grandchildren.

Funeral services: Ousley Nelson, J. W. Johnson, Osmond Johnson, Eugene Nelson, Volley Moates and Earleton Nelson.

Flower girls: Rubye Johnson, Nell Johnson, Lois Johnson, Audrey Moats, Nell Nelson and Dorothy Dean.

Spigener Funeral Home in charge.

## SOFTBALL FANS WITNESS MANY GOOD GAMES

### Alabama Mills Defeat First Place, Verbena Team Tuesday

The American Legion Softball League had a very interesting week that would have delighted softball fans with two one-to-nothing thrillers. They saw Verbena go down before the spirited and slugging Alabama Mills team last Tuesday night; and they saw a strong team from Wetumpka and another from Birmingham perform against their local stars.

In Tuesday night's thriller, Alabama Mills handed the league-leading Verbena team a 7 to 4 defeat with a rally in the second inning. In the second game the American Legion defeated the Ford Place 12 to 7 with no trouble. With this win the American Legion team moved into third place and moved Alabama Mills to fourth place in the League's standings.

On Wednesday night, July 17, the Alabama Mills team from Wetumpka played the local Alabama Mills with the local team winning a very interesting game 1 to 0. This game was proclaimed by fans as the best of the season—up to that date. On the following night, July 18th, Bell Hardware, who was then holding fourth place, came through to defeat Alabama Mills to the tune of 12 to 5. On the same night, the League-leading Verbena team handed the Ford Place a 19 to 5 shelling.

Two other interesting games were seen last Saturday night when Vernon "Lefty" Robinson came down from Birmingham with the Burney Point Baptist team. In the first game Burney Point defeated Alabama Mills 7 to 4. In the final game, the second-place Post Office team backed up Bill Eiland who pitched a whale of a game, allowing Burney Point to win 1 to 0. The team standings in the League have changed considerably since last week. Verbena still holds first place with the Post Office team second. Alabama Mills who held third place has been replaced by the American Legion. Alabama Mills now holds fourth place. Bell Hardware, who hasn't played but six games, has dropped from fourth place down to fifth. The Ford Place holds their sixth place yet.

#### LEAGUE STANDING

|                 | Won | Lost |
|-----------------|-----|------|
| Verbena         | 7   | 2    |
| Post Office     | 5   | 2    |
| American Legion | 5   | 2    |
| Alabama Mills   | 5   | 3    |
| Bell Hardware   | 3   | 3    |
| Ford Place      | 1   | 1    |

For the coming week's thrillers look at the following schedule:

July 25 - Verbena vs. American Legion; Bell Hardware vs. P. O. team.

July 30 - Alabama Mills vs. P. O. team; Bell Hardware vs. Ford Place.

August 1 - Alabama Mills vs. American Legion; P. O. team vs. Verbena.

August 6 - Alabama Mills vs. Ford Place; Bell Hardware vs. American Legion.

August 8 - Ford Place vs. American Legion; Bell Hardware vs. P. O. team.

August 13 - Verbena vs. Bell Hardware; American Legion vs. P. O. team.

August 15 - Bell Hardware vs. Alabama Mills; P. O. team vs. Ford Place.

## Sara Ann Chandler Has Birthday Party

Little Miss Sarah Ann Chandler of Billingsley Route 1 celebrated her 4th birthday Sunday.

Refreshments served were cookies cake, candy and cool-ade. All of her little friends enjoyed themselves heartily.

For her entertainment a play was presented by some of the group. The play was, "Little Red Riding Hood." Even the grown-ups enjoyed this bit of merriment. Other little games played were "Blind Man's Bluff" and "Thimble."

Among those present were: Misses Frances, Clyde and Nancy Chandler, Miss Betty Jo Friday, Master Gordon Chandler, Misses Flora Ann and Edith Williams, Miss Lorette Brackin, Misses Elsie Jean and Elizabeth Williams and little Chester Lee Williams.

We can truly say she had a happy birthday and here's hoping for her many more happy returns.

## Sparkman Appears Winner In Next Tuesday's Election

### CLANTON BASEBALL TEAM RACKS UP TWO WINNERS

Since the last issue of the News, the Clanton Baseball Club has won two games. On last Wednesday they defeated a weak Columbiana team 15 to 0 and last Sunday they defeated Prattville 4 to 3 in a close game. Watkins and Easterling pitched the game Sunday.

Next Sunday at 3 o'clock, Clanton will play Sterritt of Shelby County here. On the following Wednesday they will play Buck Creek here at 3:30.

The Clanton team wishes to take this opportunity to thank John Higgins for the lumber donated to build bleachers and also thanks Dick Arnold and Alabama Mills for the cloth contributed to make uniforms for this year's team.

## H. L. SMITH'S FISH STILL THE LARGEST

Back in 1930, Wm. H. L. Smith, local druggist entered the Baldwin County Fishing Rodeo and wound up with a 31½-pound Crayfish. Smith's fish is still the biggest of that kind ever landed there and he's still champion. This month's "Alabama Conservation" Magazine boosted this. Smith told the News Wednesday that he was going fishing down there again when someone catches one bigger than his. H. S. Shaw and H. C. Smith were also down there in 1930 and caught some whoppers but not a prize-winner.

## DOUBLE-HEADER FRIDAY, JULY 26th

Next Friday, July 26th, Clanton American Legion team meets West End of Birmingham American Legion team in Clanton. Immediately following this game the Avon-Forrest W. M.C.A. of Birmingham's 14 years of age boys play Clanton's 14 years of age boys.

## Notice To Wild Life Club Issued

The Chilton County Wild Life Conservation Club will not meet on its regular meeting night during August. The first Friday night, August 2, being the time for a regular meeting.

The Club will meet on Wednesday night, August 7th, at the courthouse.

At that time we will have Mr. Allen M. Pearson with us. He is a specialist in fish and wild life, and works out of Auburn in connection with the program there. He will be in the county all day, and at this meeting Wednesday night he will tell us what has been done and what can be done in Chilton County to preserve our fish supply.

## MISS PAT BAKER NOW WITH ALABAMA POWER COMPANY IN CLANTON OFFICE

Miss Pat Baker is the new contact clerk in the Alabama Power Company office in Clanton. Miss Baker comes from the Northington Hospital to her new job here. She is replacing Mrs. U. L. Headley who resigned some time ago. Miss Baker's picture was in the July issue of Powergrams. Welcome to Miss Baker.

## Mrs. Curlee Passes

Mrs. Ida Alice Curlee, age 78, died in Birmingham on Saturday afternoon, July 13th, at 1641 Woodlawn Ave.

Funeral services were held at 3:00 p.m. from the Clanton First Baptist Church on the following Sunday, with the Rev. Roswell Owens officiating; interment was in the Cooper Cemetery.

She is survived by five sons—W. H. Curlee of Richmond, Va., L. C. G. D. T. B. and Burt Curlee, all of Birmingham; one daughter, Mrs. R. S. Gilbert, of Birmingham.

## Supt. of Edu. To Be Nominated Next Tuesday

Taking all things into consideration it looks like John Sparkman, of Huntsville, Alabama, will be the man who takes the seat of the late John Bankhead in the United States Senate.

Tuesday of next week is the day that you are to go to the polls and express your wish for one to succeed Mr. Bankhead. Also it is the day that you will choose your nominee for the place of Superintendent of Education for Chilton County for the November election.

In the county race is Howard Bookholdt, recently appointed to succeed Mr. Delos Culp, for his unexpired term, and J. C. White a long time resident of the county. More than usual interest has been shown in this race for the office of Superintendent of Education.

In the Senate race we have five candidates. Three are especially popular and are, it seems, taking the lead. They are John Sparkman, of Huntsville, now Congressman from the Eighth District; Frank Boykin, of Mobile, congressman from the First District; Jim Simpson, State Senator from Birmingham, Ala. The other candidates are Thomas Maxwell of Tuscaloosa and Ted Allen of Union Springs.

Because of the policies of Mr. Sparkman being so closely associated with those of the Governor-elect J. E. (Big Jim) Folsom, general opinion is that the rank and file of the voters of Alabama believe that more can be accomplished in the State in the next four years if Mr. Sparkman is named as the man to carry on the work of the late Mr. Bankhead.

The main idea is to go the polls next Tuesday and vote. Study each candidate's record of past service and vote for the man who will aid our next Governor in doing the things for Alabama that he has promised them he would try to do.

## AMERICAN LEGION BASEBALL

Last week the Clanton American Legion team lost one and won one from Siluria. First game Siluria 5, Clanton 2; the next game Clanton 9, Siluria 8.

## SPARKMAN IS THE MAN

Beyond the shadow of a doubt John Sparkman is the man who will do more for Alabama in the United States Senate than any candidate in the race.

When he was 17 years old John Sparkman put in a cotton crop of his own. He had worked with his father on the farm and had made crops before. But there was something special about the crop he put in during the Spring of 1917. That was the crop on which he borrowed \$75.00 in September and set out for the University.

John Sparkman was born on a small farm in Morgan County, Alabama, about four miles east of Hartselle. His father was a tenant farmer. John grew up on that tenant farm, working day in and day out as a farm boy—getting up before daylight and working until dark. His family was large and poor. In those days the usual tenant farmer had to borrow money at high rates of interest with which to make each crop or had to arrange with some supply merchant to furnish whatever was needed in making the crop. John's father had to do this, and year after year he had to pay the high charges customary for the usual farmer. As a result, work as hard as they might, the family was always struggling to pay up each year's accounts. More than once as a boy John Sparkman saw at the end of the year his father's stock, plow tools, cotton, corn, everything—even including the family cow—taken away to be applied on the year's debt.

As a boy John Sparkman knew what hard work on the farm meant. He knew all of the struggles and hardships of the average small farmer.

Despite all the work John had to do to earn his way, he continued his high scholarship during the time he was in the University. His name appeared on the honor roll every time. It was only natural that he should be selected to membership in Phi Beta Kappa, the society of scholars. One of John's treasured possessions today is the series of report cards given to him over the years he was at the University with the comments of his various professors on his unusually high grades.

In 1936 John made his first political campaign, running for Representative in Congress. He was successful and five terms since then he has been returned to Congress without opposition, becoming one of the most popular men to be elected from any Alabama District.

His political life is well known and space does not allow us to give in detail his many accomplishments since going to Washington. We have just given you an insight into his boyhood and background. He will be the farmer's best friend.

## A GREAT MEDICAL VICTORY

Another great medical advance has been achieved at the Spies Nutrition Clinic at Hillman Hospital, which already had won world-wide recognition for its highly successful work in the treatment and cure of pellagra.

This new discovery offers definite and heartening promise in the long battle against anemia—specifically, macrocytic anemia, which occurs in the "pernicious" form and also with liver disease, pregnancy, sprue and pellagra.

Dr. Tom D. Spies, director of the clinic, which is operated in conjunction with the University of Cincinnati, and his associates, have established that synthetic folic acid, when given to patients suffering from macrocytic anemia, will produce "a definite upsurge of well-being three or four days after the first injection."

The *Southern Medical Journal*, in commenting on the discovery, declares that there have been many attempts in the last decade to find a single synthetic substance which would produce "an increase in the total red blood cell counts and the hemoglobin content of the peripheral blood." For 15 years Dr. Spies has been working on this problem. While he does not, of course, suggest that a final and complete cure for anemia has been found, it is evident from the *Southern Medical Journal* paper written by the clinic director and his associates that they are convinced that an enormously significant forward step has been made.

The fact has been established that patients have shown a great improvement. It is not yet clear how long the folic acid will have to be taken to maintain the improvement. It is possible that other substances will be found to be even effective. But a way ahead has been opened up in combating this kind of anemia and Dr. Spies and his fellow workers evidently are strongly hopeful both as to results already demonstrated and as to the possibility of future progress.

Anemia, of course, frequently, while professional people will be cautious as to generalizing and predictions, it would seem apparent that this newest Spies discovery holds very heartening possibilities in dealing with anemic decline in old age.

In any case, these research workers, who already had accomplished so much and won such widespread attention on the Spies Clinic in Birmingham. They have made a successful demonstration that should be of intense interest to all people. The problems of maintaining health and strength in old age deeply concern us all.—Reprint From The Birmingham News.

## FOLKS & THINGS

### ABOUT TOWN

-By BEN

### MORAL ECHOES

Rev. D. W. Haskew, D.D.

The other night the wife and Co. were in front of the New Wadesonian waiting for the last show to start. Little Larry Culpepper and his dad, Luther, were waiting for someone and Larry was eating popcorn. Jim Parrish who runs the popcorn machine at the entrance was kidding little Larry about eating so much. Larry told him, "I'm coming down here next Saturday morning when you start cooking popcorn and eat it up faster than you can make it."

Paul Williamson, the man with the "Fringe On Top" told us to tell you that he was headquarters for fine cigars. He has just about every known brand and says come in and look over his stock. Paul says there are several good five-cent cigars on the market—but they sell for higher prices. The best way in the world to cure yourself of the cigarette habit is to start smoking cigars.

The other day we were passing the colored barber shop when an old darky entering the place was heard to remark, "Well, while I'm in town I might as well get a shave, 'cause tomorrow's Saturday or Friday one."

We have at last found someone more absent-minded than ourself. It's Bro. Sandlin. The other day while he was cutting the lawn at his home Mrs. Sandlin came out and asked him to take the cow to the pasture. He put down the handle of the mowing machine and made preparations to do his wife's bidding. Upon reaching the pasture he opened the gate, turned around to drive the cow into the pasture and found he had no cow—he had forgotten to bring the cow with him. She was in the lot at home.

Always remember this: The greater the obstacle you have to overcome the greater is the glory in overcoming it.

We have an apology to make about last week. Mr. Grover Harris was elected as president of the Rural Letter Carrier's Association of Alabama. We failed to make note of it although we saw the story and his picture in the daily papers. It was purely an oversight and we apologize. It is a distinct honor for him to be elected to this office and Chilton County should be proud of him.

Another oversight that we deeply regret was in not mentioning the death of Mrs. Curlee. As a rule these death notices come through the undertakers, but Mrs. Curlee dying in Birmingham, was handled through a Birmingham undertaker, and the report was not turned in, therefore, we overlooked the story. Mrs. Curlee was our friend and we mourn with countless others in Chilton County and over the State, her passing.

We received a letter this week asking us if we ever reached the seventh grade. The fact is that they had to burn the schoolhouse down to get us out of the sixth grade. But this we know—we are much too smart to write a letter and send it through the mails like the one that we received.

For want of a better thing to do, we believe, the wife's kid brother and his wife left Birmingham Monday morning for Clanton on bicycles. There's just lots of ways we can imagine to spend a vacation but peddling a bicycle isn't one of them. "Course we are lazy but we bet one thing—a fellow could buy a bicycle mighty cheap if he happened to be here when they arrived.

They were sitting in the swing in the moonlight. For three minutes there had been silence.

"Suppose you had money," she said, "what would you do?"

He threw out his chest. "Why, I'd travel."

He felt her warm, young hand slide into his. When he looked up she was gone. . . . In his hand was a nickel.

Alabama's cash income from the sale of milk and milk products last year totaled \$19,095,000, an increase of \$102,000 over 1944.

### SNAKE BUFFALOES SQUIRREL HUNTER

Here's a case of where a snake buffaloed a squirrel hunter. Supervisor Ted Cottrell of the Department of Conservation's Game, Fish and Seafoods Division says this happened last hunting season:

"The following story was told me by J. E. Montgomery, who vouches for the truth of it. It seems that a party of Irondale folks, Dr. Odom Rip Bass, Preacher-fisherman Hurt and Policeman W. C. Nations were squirrel hunting last Fall in the swamps near Eutaw, where they have a camp. Nations shot a squirrel and it fell in some tall grass near the foot of a tree.

"As he searched for it, Nations heard the sinister sound of a rattlesnake, which he located and killed. Opening the snake, Nations found his just-killed squirrel and another which was partially digested.

"From then on, for the rest of the week, it was reported that Nations

his pride, his position as the president's son, his right to money and a fast life, and he donned himself in a pair of overalls and started to work at the bottom in a carpet factory. He worked hard and soon his ability was recognized, and the Hartford Carpet Company sent him out west to be the head man in one of their western firms. What he, did others can do. It is no disgrace for any one to start at the bottom and learn as he climbs. That is a sacrifice that any young man can afford to make. Real value is recognized and rewarded.

## Dear Voters:

I ask you to consider the value of two years of good experience in qualifying me as your next Superintendent. These consist of:

- (1) One year as School Bus Supervisor for the County.
- (2) One year that I am now serving as Superintendent in finishing Mr. Culp's unexpired term.

Mr. and Mrs. Sherman Molley and children, Mabel and Harold, moved to Birmingham, Ala., last Wednesday. They recently purchased a home in Ensley Highlands.

Several have visited Bobbie Hampton, Vaughn Memorial Hospital, Selma, Ala. We are glad to state "Bobbie" is recovering from a serious motorcycle accident suffered July 14th between Maplesville and Stanton. "Bobbie" is the son of Mr. and Mrs. W. L. (Bill) Hampton, Maplesville, Ala.

Mr. and Mrs. Clarence Smith of Clanton, Ala., visited Mr. and Mrs. John McKinney Sunday.

The Reverend A. S. Bentley from Grove Hill, Ala., will help in a revival beginning Sunday, July 28th, at the Baptist Church, Plantersville, Ala.

Visitors during the week end to Mr. and Mrs. Frank Reynolds Mr. and Mrs. J. E. Daniels, "Nancy" and "Joe Frank" of Maplesville, Ala., and Mr. Howard Woolley, Camden, Ala.

G. M. Donald H. Latham Green, Cove Springs, Fla., spent the week end with his grandmother, Mrs. Mary Hicks.

## E. J. Kliner Shows Champ In County Fat Stock Show

E. J. Kliner's 16-month-old, 930-pound Hereford calf, Mac, won the grand champion award in the Chilton County Calf Show which entitles E. J. to the free prize blooded calf offered by The Birmingham News-Age-Herald and Radio Station WSGN to the winner of home county shows.

Only contest rule that governed the prize calf was that at least 10 FFA or 4-H Club Entries be exhibited in the county show, that the county show be held prior to the Birmingham Stock Show, and that the winner of the county exhibit enter the Birmingham contest.

Shown above with E. J. is his sister, Pauline, who helped him raise the champion. E. J. paid \$175 for his blue ribbon winner which includes the purchase price and the cost in feed the calf consumed in rounding out to the championship form that won top honors over 73 FFA and 4-H Club entries in the Chilton County Show.

The son of Mr. and Mrs. E. F. Kliner, Maplesville Route 2, E. J. has been a 4-H Club member for six years and a FFA member for the past three years during which time he has raised poses. Winning prizes with his fat seven calves for show and beef purchases is getting to be almost a habit with E. J. Last year he won both the grand champion and reserve champion awards, then repeated with the

grand champion award this year.

If this past record is any indication of his ability to feed out a winner, other club members who intend to compete in the 1947 Chilton County exhibit and in the big Birmingham Stock Show and sale to be held next year, had better consider E. J. as serious competition because he plans to show again in both these contests.

## This Man SPARKMAN WHO IS HE?

John Sparkman (a jovial, six-foot-two, blue eyed 46-year-old congressman) is one of Alabama's most dramatic examples of a "self-made man." He was born on a Morgan County tenant-farm and reared by poor but reverent and noble parents. As a FARM BOY HE WORKED FROM SUN-UP TO SUN-DOWN.

DOWN. Between farm chores he went to a one-room, one-teacher country school.

John was studious and eager to get an education in spite of being poor. He was a star-pupil in grade school. He then walked daily to High School at Hartselle, 4 miles away—missing only 4 days in 4 years! HE STUDIED AT HOME BY AN OIL LAMP and graduated from High School with a 4-year average of 98.6 per cent!

John had a burning (but he thought hopeless) desire to go to college. He entered the University of Alabama with \$75 HIS FATHER BORROWED ON JOHN'S COTTON CROP. John worked his way through college by firing the heating boilers at \$4.20 a week, and doing other odd jobs. He became editor of the college paper, president of the student body, an honor student every year and as a senior was named by President Denny the STUDENT WHO MEANT MOST TO THE UNIVERSITY.

Through college, John became a Y. M. C. A. secretary, then a school teacher, then a lawyer in Huntsville. His wife (formerly Ivo Hall, of Albertville) taught school to help the STRUGGLING YOUNG LAWYER GET STARTED. He was a private in World War I, returned home to become adjutant, post commander and service officer American Legion. He became a steward in the Methodist Church, taught (and still teaches) a men's Bible class.

In 1936 John made his first political campaign, running for Representative in Congress from the 8th District of Alabama. He was successful and five terms since then he has been returned to Congress without opposition, becoming one of the most popular men to be elected from any Alabama District. His ABILITY and HIS LOYALTY WERE RECOGNIZED IN CONGRESS last December when he was selected to serve as Majority Whip, a leadership position in the House ranking only behind the Speaker and the Majority Leader.

## 'JOHN SPARKMAN HELPS' Make Alabama A BETTER PLACE TO LIVE!

John Sparkman has a burning ambition to MAKE ALABAMA A BETTER PLACE TO LIVE—as his political record shows. By experience he knows the hardships of farmers, teachers and all working people. He has fought and will continue to fight in Congress to improve the conditions and right the wrongs OF THE PLAIN PEOPLE OF ALABAMA. That's why John fights for and will continue to fight for OPA, TVA, REA, federal aid for education without federal control; federal aid for unemployed, the aged, the blind and unfortunate; social security, fair prices for farm products, farm-to-market roads, veterans' aid, housing, and many other forward movements for human rights.

### White Makes Final Appeal To Voters

To the Voters of Chilton County:

I wish to express my sincere thanks and appreciation to you for the large scale encouragement and solicitation being given me in my present campaign for Superintendent. The support has been most gratifying and so much greater than my former conception until it has made me feel unworthy on one hand and much closer to the people of Chilton County on the other. It has made my desire to serve the people of Chilton County much stronger and the sincerity of serving all the people to the fullest degree of my ability my only aim.

I would like to re-emphasize my former statement of being free from any entangling promises and political debts and I hope to represent the voice of the people. Furthermore I would like to express my happiness in knowing that you people are going to be able to pick your superintendent yourselves and in so doing, keep the American principles of which we so dearly love; a government of the people, by the people and for the people in operation.

If I have not been able to see you, please bear in mind that it was impossible for me to see everyone in the short time I had. Now I would like to again urge you to vote on next Tuesday and help place me on your ticket in order that we all may keep and add to the many good features of Chilton County's school system. My final appeal is to continue working for me until we have complete victory in the good old American way of doing things. Last, I would like to thank Mr. Bookholdt and his supporters for the nice clean manner in which his campaign is being conducted for it has been my sincere aim that both our campaigns be of that nature.

### Old-Age Pension Board To Meet

At Gadsden, Ala., the office of origin and operations of the Alabama State Old-Age Pension Organization, "The Old-Age Pension Association, Inc., the Board of Directors In-Fact will meet Saturday, August 3, 1946, at 10 o'clock a.m. in the office 206 Leak Hotel. According to the terms of the Constitution of the incorporation, organization and association of the above said all active and duly constituted members of the Board of Directors and officials have been notified of this meeting.

Honestly and sincerely yours, Alabama State Old-Age Pension Organization, "The Old-Age Pension Association, Inc." Mrs. J. J. Brown, Secretary Board of Directors; John W. Mahan, General Secretary; Mrs. Elizabeth Beasley, Treasurer, the State Organization; George W. Beasley, Chairman the Board of Directors, President the State Organization, Alabama State Chairman, The National Pension Committee.

### FUNDS ALLOTTED FOR LIVESTOCK COLISEUM

A recent meeting allotted \$500,000 for a livestock coliseum, to be established as a center for exhibition of livestock and other farm products. Preliminary plans call for an arena-type building, with seating capacity for 5,000 people and stalls for 400 head of cattle. It is planned to make this new undertaking a State-wide center for varied agricultural activities. The site will be chosen at a later meeting.

The commission also allotted \$300,000 for a dental college, as part of the University of Alabama Medical College at Birmingham.

Mr. and Mrs. O. P. Klinner and Joe Phillip, have returned from a trip out in Texas and Mexico. On their trip they visited their son, Ensign Chas. Klinner, at Kingsville, Texas.

### TOO MUCH RAIN SAYS COMMISSIONER AGRICULTURE

Montgomery, Ala. — The year 1946 so far has been too wet even for pastures, to say nothing of field crops, and Alabama badly needs three weeks of reasonably sunny weather, Commissioner of Agriculture declared recently. There has been too much rain in every section the Commissioner said, adding that the cotton crop is the latest in his recollection, and that there has been more overflowing of creeks this year than in any other year he could remember. He cited figures showing that for the first six months of 1946, January through June, the rainfall for the State as a whole was 10.68 inches in excess of normal. Greenville, in his home county of Butler, showed an excess of 14.72 inches for the same period. Mr. Poole did not have at hand

figures showing a breakdown by sections for the six-months period, but did have such figures for the five months, ending with May. They showed an excess of 10.02 inches for north Alabama, 6.63 for middle Alabama, and 11.1 inches for south Alabama, for the five months period.

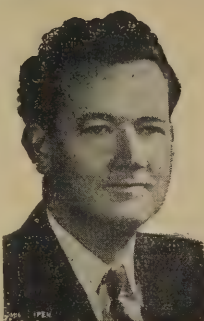

The abundance of fresh fruits now available and the short sugar supply place the responsibility on housewives of finding substitutes to save this fruit. Honey may be used to replace as much as half the sugar called for in canning. Corn syrup can replace one third the usual sugar requirement. These proportions are approved by USDA's Bureau of Human Nutrition and Home Economics. At the same

time the Bureau gives some "don't's." They advise against using strongly flavored syrups, brown sugar or unrefined syrups. These may cause food to spoil. Don't use saccharin either, as it may give your canned food a bitter flavor.

Home canners are reminded that for best results fruits and vegetables should be canned as quickly as possible after their removal from the trees and gardens.

Pigs turned on good legume pastures at an early age will develop into stronger, more profitable hogs than those which do not have ample grazing, say extension service livestock specialists.

## JOHN SPARKMAN'S

### PLATFORM SPEAKS

### FOR THE PEOPLE

It is natural that people in all walks of life should turn to John Sparkman to take up the work of the late Senator Bandhead. Thousands of men and women all over Alabama have voluntarily started working for the promotion of Congressman Sparkman to the U. S. Senate. Highlights of John Sparkman's campaign platform include the following planks:

- Continue OPA until shortage of goods is over.
- Fair increase in farm product prices.
- More farm-to-market country roads.
- Federal aid for education.
- Veterans aid and welfare.
- Housing for veterans and civilians.
- Aid private enterprise and small businesses.
- Develop Alabama industry.
- Fair freight rates for Alabama products.
- Increase pensions for old people.
- Federal aid for program of Governor-elect Jim Folsom.
- Social Security, high standard of living and labor welfare.
- TVA and cheap electricity.
- REA and electricity on every farm.
- Develop rivers, harbors and airports.
- Foreign policy to maintain peace and develop foreign markets.
- Close cooperation in Alabama's congressional delegation.

You can help, too, by telling your friends and neighbors about John Sparkman's platform, his record and his background. People judge a candidate by his record of achievements and performances. With your help, an Alabama tenant-farm boy—young, progressive and honest—will become your junior senator in Washington.

### LETTER TO THE EDITOR

Mt. Creek, Ala., July 22, 1946.

Dear Editor:

Will you please allow space in your paper on the subject of Sanctification? What it means, how obtained, who can be sanctified.

1. The primary meaning of the word, sanctification, is to separate or set apart for God; to be made holy, to consecrate (Bible dictionary).  
2. It is for believers. Only the saved are eligible. Those who have experienced the first work of grace (the New Birth).

3. Sanctification is a second work of grace; is something we must seek earnestly if we attain it, while it is God's work we must do our part.

4. Sanctification is a second definite work of grace wrought in the heart of a believer by God; to cleanse, purify and fill the heart with the Holy Spirit and keep us free from sin.

5. Sanctification is to make holy, to consecrate, to make sacred, to set apart for religious use. (Webster's dictionary).

There are many more definitions given by men. But let us see what the Word of God says in Eph. 5:17-18; Paul says, "Wherefore be ye not unwise but understanding what the will of the Lord is, and be not drunk with wine where in excess, but be filled with the Spirit."

We know it is His will to save us for we read in II Peter 3:9 that God is not willing that any should perish, but that all should come to repentance, and we know when a person truly repents, God will give them for Jesus' sake. For He, Jesus, has paid the price for our redemption on Calvary.

Now, we know it is God's will to save us, let us seek also to find if He wills to sanctify us. The Word of God should be our guide, for Timothy 3:16 tells us that all Scripture is given by inspiration of God and is profitable for doctrine, for reproof, for correction, for instruction in righteousness; that the man of God may be perfect throughly furnished unto all good works. Jesus commanded the disciples in Acts 1:3-4-5, also in Luke 24:49, to tarry in the city of Jerusalem until they were endued with power from on high, which was the promise of the Father, the promise of the baptism of the Holy Spirit.

A person who is unsaved cannot receive the Holy Spirit. For Jesus said in John 14:16-17, "I will pray the Father and He shall give you another comforter that He may abide with you forever, even the Spirit of Truth, whom the world cannot receive because it seeth him not neither knoweth him, but ye know him for he dwelleth with you and shall be in you."

Jesus was talking to His disciples at this time and had told them previously to this in Luke 10:20 to rejoice because their names were written in heaven. We conclude now that they are ready for the Holy Spirit to come and to cleanse and purify their hearts, taking out all desire to sin and giving them holy boldness.

In other words, crucifying the old man—Rom. 6:6. Knowing this that our old man is crucified with him, that the body of sin might be destroyed; that henceforth we should not serve sin. The old man is, that is that thing born in us that causes us to want to sin. Caused is inherited from our forefathers, that bent to sin which has come down threw the ages from Adam. The inbred sin, caused by Adam's disobedience to God.

When Adam disobeyed God and sinned he plunged the whole human race into sin. David speaks in the 51st Psalm, second verse, "Wash me thoroughly from mine iniquity and cleanse me from my sin." The fifth verse says, "Behold I was shapen in sin, did my mother conceive me, wherefore as by one man (Adam) sin entered into the world, and death by sin, and so death passed upon all men, for that all have sinned." Then the 17th verse tells us, "For if by one man's offense, death reigned by one." Meaning Adam much more than they which receive abundance of grace and of the gift of righteousness shall reign in life, not when we are ready to die, by one, Jesus Christ.

There is a difference between inbred sin and the sins we have committed. The committed sins are those done through yielding to the temptation to commit them. We lie because we choose to lie, but this inbred sin or sinful nature is there because of no fault of ours. As Paul said in Rom. 7:24, "O wretched man that I am, who shall deliver me from the body of this death." And he answered it himself in the next verse (25th), "I thank God through Jesus Christ, our Lord."

Thank God we can be delivered from that sinful nature through the blood of Jesus. Now when we are justified by faith, we have peace with God through our Lord Jesus Christ—Rom. 5:1. And we can do as Paul exhorts in Heb. 6:1, therefore leaving the principles of the doctrine of Christ,

let us go on unto perfection not laying again the foundation of repentance from dead works and of faith toward God. I beseech you brethren by the mercies of God, that you present your bodies a living sacrifice holy acceptable unto God, which is your reasonable service—Rom. 12:1.

We are saved and sanctified to fit us for service to God. Then let Him use our lives to bless others. You are to commit yourselves to God and He will make you perfect in every good work to do His will; working in you that which is well pleasing in His sight, through Jesus Christ to Whom be glory forever and ever—Heb. 13:21. We cannot sit down and fold our hands. Our real work is just beginning, and we are being prepared for it. He tells us in Rom. 12:2, "And be not conformed to this world, but be ye transformed by the renewing of your mind, that ye may prove what is that good and acceptable and perfect will of God. Read Acts 1:8. We should be His faithful witness everywhere we go. Sanctification or being sanctified, takes the last and least remains of sin out of our hearts and all the desire for the things of this world and gives us a clean, pure heart that God is pleased to dwell in and use for His glory.

We find further that Paul tells us in Thess. 4:3-4, "For this is the will of God even your sanctification." And in the fourth verse, "That every one of you should know how to possess His vessel sanctification and honor."

In Thess. 4:7 we find that God has not called us to uncleanness, but unto holiness. Paul in the epistle to the Hebrews has told us (Heb. 12:14) to follow peace with all men and holiness, without which no man shall see

the Lord. This is very plain, don't you think so?

On the day of Pentecost the disciples and others with them, one hundred and twenty in number, were assembled in the upper room, according to Acts 2:4, and they were filled with the Holy Ghost. Acts 15:9 says, "Put no difference between us and them, purifying their hearts by faith." Paul also tells us in Heb. 13:12, therefore Jesus also that He might sanctify the people with His own blood; suffered without the gate.

Sanctification is for the church, for believers, people who know they are saved from their sins; those that have the Spirit itself, bearing witness with their spirits that they are the children of God (Rom. 8:16) that they are born again.

We read in Eph. 5:25-26-27, husbands love your wives, even as Christ also loved the church and gave himself for it that He might sanctify and cleanse it with the washing of water by the word. Why? That He may present it to himself a glorious church not having spot or wrinkle, or any such thing but that it should be holy and without blemish. We also find in I Thess. 5:23, and the very God of peace sanctify you wholly—Cliff Sewell, Mt. Creek, Ala.

Alabama's spring pig crop is estimated at 702,000 head. This number is 11 per cent above last year's and 3 per cent larger than the 1935-44 average.

Highest quality hay is pasture with the water taken out so that it can be stored until needed. C. E. Teague, API extension dairyman, says this means that hay should be harvested at as near the best stage for grazing as possible.

BANKHEAD and BOYKIN fought together for Alabama and the Nation!

## BOYKIN Will Carry On

Throughout the years they struggled side by side in Washington, Senator John Bankhead and Congressman Frank Boykin were never content to merely cast their ballots on important legislation. Bankhead in the Senate and Boykin in the House constantly fought for legislation affecting Alabama in particular, and farmers and labor generally. These outspoken colleagues were close friends, planned their strategy together, and worked vigorously for the legislation that has meant so much to our State and Nation.

Frank Boykin will carry on the fight that he and Senator Bankhead waged together. He offers to the Senate position Experience in Washington legislative matters, plus important Influence built up through years of hard, constructive labor.

FRANK BOYKIN Advocates and will continue to fight for - - -

- Federal Financing for Rural Home Construction!
- Removal of red tape from handling of Veteran's Affairs!
- Federal Aid for education in Alabama under state control!
- Farm Legislation designed to improve the farmer's position!
- Equable distribution of Federal Old Age assistance!
- All projects which will bring economic gain to Alabama!

Frank Boykin does not have to introduce himself in Washington! Frank Boykin is already well known in the Capitol—well known as an energetic, aggressive legislator—a man to be reckoned with on all important matters.

If you've experienced a delay recently on a call to a nearby town, you may have wondered why, since most of your calls to more distant places are going through promptly. Here's the answer:

Between nearby towns and cities, folks are calling more than ever . . . one-fifth more calls today than during even the peak of the wartime load. The resulting occasional congestion will be relieved as rapidly as materials can be secured and additional circuits provided.

## ATTENTION! VETERANS!

It has been brought to my attention that certain life insurance agents in and around Clanton have been advising veterans to drop, or discontinue, their G.I. insurance, and take policies with their companies. Any veteran who has been so advised by a life insurance agent, or any other person, should come to my office and discuss this matter with me. This is a matter of vital importance to the veterans—Raymond F. Mims, County Service Commissioner.

## CLAIM NUMBER IMPORTANT TO VETERANS

If you were ever in the armed forces of the United States, you will probably agree that the one thing you remembered if you forgot everything else was your military service serial number. And, if you ever carried the same pistol, carbine, M-1 rifle, sub-machine gun or Browning Automatic Rifle for any length of time, you probably remembered its serial number, too.

However, C. C. Horton, Director, State of Alabama Department of Veterans' Affairs, reminds veterans there is one other number which is extremely important and that is his or her Claim number. If you have had any contact with or are receiving any benefits from the Veterans' Administration, you have a "C" or Claim Number. Mr. Horton explains, and a knowledge of this number frequently eliminates unnecessary delay in applying for future benefits. This number is carried on all correspondence from the Veterans' Administration, including checks of various kinds. And it is important that this Claim Number be kept available at all times along with your Social Security Number, Service Serial Number, National Service Life Insurance Policy Number and other credentials relating to military service.

The Department of Veterans' Affairs maintains an office in Clanton County, which is located upstairs over Upchurch Drug Company, in Clanton, and is in charge of Raymond Mims, who is himself a veteran. The office offers a number of valuable services to veterans without charge.

Next of kin of men buried overseas who have changed their addresses since being notified of deaths are again urged by Mr. Horton to write the various service branches immediately giving their correct addresses. Current addresses of next of kin should be mailed to Quartermaster General, Memorial Division, Washington, D. D., for the Army; Bureau of Medicine and Surgery (EDC), Navy Department, Washington, D. C., for the Navy; Commandant, U. S. Marine Corps, Casualty Section, Washington, D. C., for the Marines; and Commandant, U. S. Coast Guard, Casualty Section, Washington, D. C., for the Coast Guard.

Mr. Shevnan will be glad to demonstrate without charge.

There will be a home-coming at this place August 4th. We expect to have some interesting talks and sermon in the morning and singing in the afternoon. We invite everyone to come with us. We especially invite all good singers and let's make this day one of the best yet.

Our revival begins the second Sunday in August. We urge everybody to come worship with us.

Remember Sunday School each Sunday. Come and bring some one else.

## ISABELLA

Both services at Mulberry were very well attended Sunday and Sunday night. We need more to be present every Sunday.

The revival at Mulberry will begin on the fourth Sunday—July 28th, with Bro. W. H. Lester of Rockford, Ala., doing the preaching.

The W.M.S. women of Mulberry, G. A. and Sunbeams, will meet at the church Friday afternoon at 1:30 p.m., July 26th, to study mission books. We will have a field worker with us.

The D.V.B.S. at Mulberry was a success this last week. There was an average attendance for the week of 70.

The Commencement was held Friday night, with each pupil taking part in the exercises. The program consisted of songs, Bible verses, stories of different characters and Scripture that the children had learned during the week. The Primary children were dressed to represent children from all over the world.

The exhibit of the handwork of the pupils were on display in the church for every one to see.

Bro. R. W. Stuckey was principal of the school. Mr. Arthur Lecroy helped the Intermediate and Junior boys with their handwork.

Those teaching were: Intermediate, Mrs. Molly Smith and Mrs. Annie Lecroy; Junior, Miss Evelyn Owens, Mrs. Mary Grooms and Mrs. Lloyd Lecroy; Primaries, Mrs. Florence Wells and Miss Katrena Yielding; Beginners, Mrs. Fannie Cummings, Mrs. Araceli Pate and Mrs. Dixie Calfee, with Mrs. Eleanor Webster helping with the music.

The W.M.S. women served refreshments every day.

Our pastor, Bro. R. W. Stuckey, is helping in a revival in south Alabama, near Florida line this week.

K. Lemone Yielding spent last week in Auburn, Ala., with his father, R. L. Yielding, who is attending college there this summer.

Mrs. Amy Lecroy went to Auburn, Ala., last Friday to see her grandson who is sick with measles.

This community welcomes Mr. and Mrs. Brown from Clanton into our community. They have moved into Clifford Manning's home, where Mr. and Mrs. Wallace Evans recently moved from.

Mrs. R. W. Stuckey is visiting her son, Rev. Mack Harper, and other relatives in Birmingham this week.

Mr. G. E. Manning of Birmingham visited his sister, Miss Lana Manning, and other relatives here Sunday.

Mr. and Mrs. Emmett Conway and children of Birmingham spent their vacation here last week with relatives.

Miss Lorine Lecroy and friend, Miss Sara Egley, of Gadsden, spent the week end here with her parents, Mr. and Mrs. T. L. Lecroy.

Mrs. Emma Manning returned home Friday after spending some time with her daughter, Mrs. C. T. Little, in Winchester, Tenn.

Judson Cummings, son of Mrs. Ethel Cummings, is at home now with his discharge from the army.

Mr. and Mrs. Lloyd Cummings and daughter, Margaret, from Rockdale, Ala., visited his mother, Mrs. Ethel Cummings, here Sunday.

Melvin White of Birmingham visited his parents here, Mr. and Mrs. W. T. White, Sunday.

## DEEP SEA RODEO ENTRY LIST HAS PASSED 700 MARK

Anglers From Far And Wide Will Gather August 5, 6, 7 For Revival Of Annual Fishing Classic

More than a mile and a half—if laid end to end, that is—of deep sea fishing rods and over half a million feet of heavy test line will see action in the 14th annual Alabama Deep Sea Fishing Rodeo, the postwar revival of which is set for August 5, 6 and 7 at Fort Gaines on history-shrouded Dauphin Island at the entrance to Mobile Bay.

That's the prediction of rodeo oldsters, who, in the light of an advance registration of more than 700, foresee an entry of better than 1,000. That figure of 1,000 registrants isn't based on optimism alone—President Martin W. (Son) Thoss has the cash in hand for the 700 entries to date. There's no telling how many states will be represented; 16 states were in the 14th extravaganza. The thrill-hungry horde of deep sea anglers, barred by wartime restrictions and service in the armed forces, are "ready, willing and anxious" to get off land and try their skill against the 14 kinds of fish—tarpon, king mackerel, redfish, ling crevalle, black fish, dolphin, bonito, Spanish mackerel, bluefish, shark, speckled trout, flounder and tuna—for which prizes are offered.

In addition to the individual prizes there are the City of Mobile Challenge Cup for the city with the most registered entrants now held by Gulfport, Miss., the W. M. Brownlee Alabama Deep Sea Rodeo Interstate Challenge Trophy for the city scoring the greatest number of points held by Atlanta, Ga., and the King Fisherman prize for the individual scoring the greatest amount of points.

Replacing the battered old wharf on which many a rodeo tarpon was displayed to admiring throngs, a new pier has been built by the Alabama Department of Conservation. It has been completed and will be used by the 1946 rodeo. At the pier will be stationed an ice boat on which the tagged fish will be stored for the contestants.

## TELL DEALERS NOW ABOUT FERTILIZER NEEDS

Get your fertilizer for fall crops? If you haven't, you'd better tell your fertilizer dealer about it.

These are three things farmers should tell dealers, says D. R. Harbor, API extension assistant agronomist: (1) Kinds of fertilizers needed. (2) How much needed. (3) When they will be needed.

If dealers know these things, they will be better able to fill the farmers' requirements. It will avoid a last-minute rush for fertilizers to plant small grains, winter legumes and winter grazing crops.

Harbor suggests that it would be a good idea to figure 1947 fertilizer requirements now, and let dealers begin planning amounts and kinds they must secure.

## VEGETABLES APLENTY IN FARMERS' MARKETS

Vegetables pouring into 70 farmers' retail markets are giving Alabama housewives a chance to can their food blues away.

"Those women who have no gar-

dens or those who want more vegetables and fruits to can should visit these markets. Vegetables in season are plentiful and none should be wasted, in view of the short food supply which may develop in this country," says J. A. Beaty, API extension marketing specialist.

These markets, many of which are cooperatively owned and operated by farmers, have mushroomed during the past three years and are now found in about 45 counties. Acres of vegetables have increased in many areas and buyers will find the markets well supplied, added Beaty.

Keep Our Congressmen in Congress—

Send **JIM SIMPSON** to the Senate fresh from the people of Alabama

Two of the candidates now running for the Senate have already served TEN YEARS in Congress.

During these ten years, Congress has NOT acted on much of the vital Legislation which the people of our State have so long sought.

Both were re-elected to Congress only this past May for two year terms. They are now seeking a two year term in the Senate.

Neither has resigned to make the Senate race. If defeated for the Senate, they will keep their job in Congress.

Election to the Senate of either of these Congressmen would not add any NEW abilities to Congress. It would bring no NEW assurance of getting things done.

It would mean only that a new and UNTRIED Congressman would have to be chosen to replace the winner.

The simple and logical answer is to elect JIM SIMPSON—A NEW FACE FRESH FROM THE FOLKS BACK HOME.

Jim Simpson is a man of ACTION. He has a PROVEN record for GETTING THINGS DONE.

We tried the OLD—now let's try the NEW!

## Dr. Parrish Gives Dog Vaccination Schedule

Our record have slipped a little in the last year. You will recall we have not had a mad dog in the county in six or seven years until recently. But for the last few months we have had four positive cases, we know. The only thing that can account for that is that the dogs were not vaccinated and the owner is responsible. So we are hoping that everybody will now see the need and bring your dog out. The County and State Health Departments are putting it up to us, so we are earnestly soliciting your cooperation.

## FOURTH COUNTY HORSE SHOW AUGUST 14TH

### Plans Being Made For Biggest Show Ever In County

Plans are being completed for the biggest horse show ever in Chilton County on August 14th. The show will be held in the high school ball park.

Several committees are now busy making final arrangements to make this the best show ever. C. C. Fiquette has announced that Col. Jimmy Sea Shole, nationally-known announcer from Atlanta, Ga., will be master of ceremonies to do the announcements of events and happenings.

Two entries have already been received. There is one entry from Arab, Ala., and one from Shelbyville, Tenn. Joe Campbell, chairman of the entry committee, has mailed out entry blanks and entries are expected to start pouring in before the show.

The Foods Committee is going to meet this week to put final touches on arrangements. Members of the Kiwanis and Pilot clubs are urged to meet at the City Hall on Friday night at 7:30 to join in making further arrangements for the show.

Complete details will be available by next week.

### GRAND JURY IN SESSION AUGUST 27

According to J. C. Pattillo, Circuit Clerk, the Grand Jury will meet on August 27th. The Criminal Jury Court will be on September 16; Civil Jury Court on October 7th.

Inferior Law Court Criminal will be held next Monday, August 5th.

### SCHOOL CENSUS COMPLETED IN COUNTY

The school census in Chilton County has been completed. The Board of Education and people who took the census are very anxious that this census include all the children in the county. In some cases it has been impossible for a worker to contact families in his beat. The Superintendent of Education would like for the head of any family who has not been enumerated to come to the office to have his children listed. This should be done the first few days in August.

The infant son of Mr. and Mrs. Daniel W. Jones died Thursday a.m. Funeral services were held at 5 o'clock at Samaria.

He is survived by his parents; one sister, Annette; grandparents, Mr. and Mrs. C. H. Hand and Mr. and Mrs. L. W. Jones.

### IS YOUR COMMUNITY REPRESENTED IN THE NEWS WEEKLY?

This week's News carries a wide coverage of news from our correspondents throughout the county. There is news from Bowles, Isabella, Stanton, Highland, Sardia, Floyd, Temple, Mr. Nebo and Alabama Mills communities. Is your community represented? The News has a very attractive offer for reporters from the various communities. We would especially like a reporter from Verbena, Maplesville, Cooper, Lay Dam, Mitchell Dam, Collins Chapel, Union Grove and other communities. If you are interested or know of someone who you think would fill the job, please notify the News.

### TEMPLE CHURCH REVIVAL

The revival services at the Temple Church will continue through Friday night of this week. Baptismal service will be held Sunday afternoon at the church pool. The Rev. C. L. Duck of Greenville, S. C., is doing the preaching each evening. Morning services will be held this week at 10 o'clock.

So far in the revival 25 people have confessed Christ as their Saviour and 23 have united with the Church. The Rev. A. T. Hickman, pastor of Temple, invites the public to attend these revival services.

## Verbena Widens Lead In Softball League

### Alabama Mills Defeats P. O. Team To Tie For Second Place; Ford Place Winners

The League-leading Verbena Soft team widened their margin in their first place position last Thursday night when they defeated the American Legion team 14 to 2. With this win Verbena almost assured themselves to be league champions unless the Post Office team comes through to defeat them this Thursday night. After the Post Office and Verbena game, Verbena will play one more game while the Post Office team will play three more games, and the remainder of the Post Office games seems easy going for them. Alabama Mills also has three more games that could easily put them on top.

On Thursday night, July 25, the Post Office team defeated Bell Hardware 15 to 6 with no trouble.

### CLANTON BASEBALL TEAM TO PLAY CENTER POINT SUNDAY

The Clanton baseball team will play Center Point from Birmingham here next Sunday afternoon at 3:00 p.m. Center Point is leading the City League in Birmingham and has a top-notch team. On next Wednesday, August 7th, Clanton will play Montevallo here.

Over the past week Clanton won one and lost one. They defeated Irondale in Birmingham 9 to 4 last week with "Bull" Watkins doing the pitching. Clanton was defeated by Sterrett 3 to 1 last Sunday here; Smith pitching.

### REVIVAL TO BEGIN IN STANTON

A revival will begin at the Stanton Baptist Church next Sunday, August 4th. Everyone has a cordial invitation to attend these services.

### REVIVAL TO BEGIN AT MULBERRY NEXT SUNDAY

Revival services will begin at Mulberry Church next Sunday, August 4. Bro. J. W. Lester, of Rockford, will be conducting.

### Mrs. Nannie Moore Foshee Passes

Mrs. Nannie Moore Foshee, wife of Mr. Frank Foshee, died at a Selma hospital Saturday at 11:40 p.m. Funeral services were held at the Baptist Church Monday at 2:00 p.m., conducted by Rev. Russell Owens; interment in Clanton Cemetery.

She is survived by her husband; one daughter, Mrs. Mary Hardy of Clanton; one son, P. F. Foshee of Oakridge, Tenn.; one brother, Edd Moore of Plantersville; one half-brother, Dave Moore of Clanton; one half-sister, Mrs. Thomas Hubert of Chattanooga, Tenn.

There were four grandchildren. Active pallbearers: Ed Littlejohn, Marvin Lowery, Grady Taylor, Grady Hefflin, Frank Stoner, Luther Culpeper.

Honorary pallbearers: Eugene Erwin, Will Kemp, Tom Kemp, Tom Littlejohn, Dr. Earl Gowan, J. B. Atkinson, Hance Alfred, M. L. White and H. S. Shaw.

Flower ladies: Mrs. Bob White and Mrs. Agnes Taylor and Baptist Sunday School had charge of flowers. Spigener Funeral Home in charge.

### ASSEMBLY OF GOD NEWS

The attendance for Sunday School and preaching was very small Sunday. Let's come out next Sunday and bring some one with you. The grown ups as well as all children should be in Sunday School every Sunday.

The C. A. Class gave a very inspiring lesson Sunday night, the topic being, "Hope." The class is growing, so won't you come out and have a part in making it the biggest and best class we have ever had here. We meet each Sunday night at 7:30 o'clock and remember that you, you and you, have a special invitation regardless of age.

Mrs. G. E. Brown is visiting her son and daughter, John E. Brown and Mrs. H. R. Hayes, in Mobile this week.

### Kiwanians To Visit Maplesville Thursday

The Clanton Kiwanis Club will hold their regular Thursday night meeting in Maplesville this week. The meeting will be in the high school lunchroom.

This trip to Maplesville is the work of the Agriculture Committee. M. R. Glasscock, chairman, says the P-T. A. in Maplesville is preparing a supper of barbecued chicken.

There will be about 25 farmers from around Maplesville present and Mr. Glasscock stated that K. G. Baker, Director of Black Belt Sub-Station, would be the speaker of the evening.

Members of the Clanton Kiwanis Club are requested to meet in front of the City Hall at 6:45 p.m. Thursday evening. This is to assure everyone a ride to Maplesville and the party will go over in a group.

### HOME-COMING AT SARDIS NEXT SUNDAY

Next Sunday will be the annual home-coming day at Sardis. There will be talks and a sermon in the morning and singing in the afternoon. Come and bring your friends.

### CEMETERY CLEANING AT FLOYD NEXT SATURDAY

There will be a cemetery cleaning at Floyd Church next Saturday, August 3rd. Everybody interested in the cemetery are urged to come and bring the necessary tools.

## Boockholdt And Sparkman Winners In Tuesday's Election

HOWARD BOOCKHOLDT

Howard Boockholdt, who is the Democratic Nominee for the office of Superintendent of Education of Chilton County, Boockholdt received 747 votes to his opponent, J. C. White's 499.

JOHN J. SPARKMAN

Rep. John Sparkman, Huntsville, who held a lead in early returns over the State in the Alabama Senatorial race and who most likely will receive a majority to win the Senate seat.

### All-Day Singing At Cooper

We are going to have the all-day singing again this year the same date as last year—the first Sunday in September. All singers and lovers of good Gospel music are invited to attend W. M. Devaughn, Floy Devaughn and family and Ralph Grant and other singers from Montgomery and Prattville have promised to be there. Bring latest song books and dinner and enjoy the day with us. — Lee J. Grant.

### STATE-WIDE FIDDLERS CONVENTION IN BIRMINGHAM SEPTEMBER 8th

Alabama's first state-wide fiddlers convention is to be staged at the Municipal Auditorium, in Birmingham, all day Sunday, September 8th, under the auspices of War Two Veterans International, it was announced today by Tommy Gilbert, general chairman of the event.

Those wishing to compete in any of the events are requested to mail entries to Publicity Chairman, 216 City Hall, Birmingham, at an early date so that programs may be arranged.

### CEMETERY WORKING

Thursday, August 15th, is the date set to clean off the McCord Cemetery 2 1/2 miles north of Billingsley. Every one bring tools to work with and come early.

### IT'S A BOY

Mr. and Mrs. Joseph Guy Arral of Mitchell Dam announce the arrival of a son, Carl Stanley, who was born July 20th, at St. Vincent Hospital in Birmingham.

He was named for Carl Foss, one of the parents very close friends. Carl will always be remembered as one of Chilton County's fine young men of sterling character and brilliant mind who gave his life in the service of his country.

### Small Vote Cast In County And Throughout State

With only about one-fourth of Chilton County's qualified voters going to the polls last Tuesday, Howard Boockholdt was nominated as the Democratic choice for the office of Superintendent of Education.

In the senatorial race to fill the seat left vacant by the death of Senator John H. Bankhead, John J. Sparkman led all candidates with Simpson running second and Boykin third.

In the race for County Superintendent of Education, Boockholdt received 747 votes to J. C. White's 499.

For State Senator in Chilton County, Sparkman received 668; Simpson 417; Boykin 196; Maxwell 8, and Allen 5.

On Wednesday morning Rep. John Sparkman of Huntsville, curly-haired son of a tenant farmer, held a majority over all opponents over the State. Sparkman had 67,588; Simpson 38,326; Boykin 28,435; Maxwell 417, and Allen 754.

This was the count with 1,524 boxes out of 2,350 over the State, or about two-thirds of the boxes in. Sparkman is expected to gain when the rest of the State's boxes are opened, and it looks like he is headed for a clean majority over all other candidates. If there is no majority, a run-off will be held on August 27th.

The 46-year-old veteran congressman polled a commanding lead in north Alabama's rural counties and held a 2,000 majority in Jefferson County.

The vote was very tight throughout the State. Although it was tight, there was steady voting throughout the State.

Reasons for the tight vote Tuesday are being sought today by Alabama's political leaders.

### NEWS FISH STORY CONTEST GETS UNDERWAY— AND HOW?

#### J. A. Headley Comes Across With What He Thinks Will Be A Winner

As the News's Fish Story opened with this first issue, J. A. Headley of Route 2, Clanton, comes in telling his "whopper" and files his bid for the \$10 in cash to be given away. Here is his story that must have left his goosie with a guilty feeling:

Mr. Headley has a pond down on his place. For years he kept fishermen out of the pond while his stock trout and brim multiplied by leaps and bounds. The pond is surrounded by mar and soft mud. Mr. Headley had some horses with huge ant smashers and when they stepped in the mud they left a hole about 12 or 18 inches deep. One of his horses left such a hole near the edge of the pond. One day an innocent little minnow was swimming near the bank, when a trout made a lunge for the minnow. The trout jumped clear out of the pond and landed with his nose down in one of the holes left by the horse's hoof. Mr. Headley found the trout there swerving round and round, caught him and had a two pound trout for the table.

## ADD SOCIETY COLUMN

The Times-Standard's society editor is going off on her vacation which means that her chore will be delegated to us. Quick, Herman, bring a pretty bouquet of flowers for our desk—we're getting in the mood.

**ADD SOCIETY COLUMN** — The Wednesday Bridge Club will hold its regular Tuesday meeting Friday instead of Monday as previously announced.

The Ladies' Whist and Marching Society met Tuesday afternoon at the home of Miss Abigail Snide, 67, debutante daughter of the J. Twitchley Snides whom she survives.

All of the members present answered roll call with the name of a rare petunia—all, that is, except Mrs. Mortimer Van Heeze, who answered with a sly burp.

After several exciting hands of whist, the ladies knocked off for the club's traditional "Culture Hour" during which the hostess reviewed one of the current best-sellers, "Idle Days in Patagonia."

Refreshments consisted of a delectable salad, topped with baby blue Russian dressing, iced tea to match, and a bountiful helping of congealed goo which, for want of a better name, we shall call Chicken a la Morgue.

A good time was had by one and all. — Marion-Times Standard.

## FRIEND JEEP

Advertising during war stated how the jeep could be averted to peacetime pursuits. The military car was a probable boon for farmers to use it for hauling produce to market, moving fodder and wood with trailer, attaching plowing and harrowing devices and so on. They did not expect to see the jeep as a passenger auto on city streets. Youngsters today take to them like those of another generation who took to jitneys painted all over with slogans, signs, initials. The civilian jeep has a tent-like top that reminds us of the covered wagon and probably the outfit rides about as comfortably. But at this time, when the family car needs a substitute for its run-down self, the jeep provides transportation with a jolt. What! A jeep in every garage?

## PICTURESQUE

Visitors into wayside spots inform us that there are many country towns restoring the old-fashioned watering troughs into a new life. Whether wooden, granite or metal, they decorate the landscape and recall days when over-heated horses plunged their heads to drink. Many a man of Chilton County remembers a boyish prank of placing frogs or turtles in them. Minnows seemed to thrive there too. Aged and moss covered, that trough was a midsummer pleasure from the heat of day. Work or driving horses lapped the clear, cold water and snorted with deep satisfaction. In early years the trough was of heavy wooden planks which were later replaced by metal ones, often decorated by scrolls and figures. There is something kindly in the idea that man of today leans to the simplicity of the old-time watering trough.

## HAY FEVER

Those not afflicted accept the word of hay fever victims that it is one of the most irritating of non-fatal diseases. The misery it brings has kept laboratories busily engaged in offering relief. Wind seems to determine the amount of pollen distributed and many places keep sufferers informed of the pollen count daily. The streaming eyes, difficult breathing, give proof that hay fever is no joke. Thousands of people can afford to seek a helpful climate or install air conditioning in homes for relief, but the majority of victims sniffle during August and September and pray for frost to bring a relief from aggravating pollens. Ragweed, not hay, is the chief offender and, wisely, many districts spend time and money doing away with the weeds. Some cities have advocated a law that would compel farmers to cut ragweed. Property owners of vacant lots often ignore the growth. Negligence and lack of human sympathy adds to the malady. The fact that our mucous membrane and respiratory systems can throw off those billions of spikey pollens, should make us more appreciative of the discomfort and agony of the people who can't. Allergy specialists can do much in science, but anybody can cut ragweed. It seems that humans must interfere with this particular program of nature.

A Clanton man says if the majority knock a man often enough, they will wind up making him famous.

Maybe some states elect politicians to Congress in order to keep them out of the State.

If only 2 per cent of the people in the U. S. are morons, then they surely do a lot of traveling.

According to a Chilton County News reader, health may be wealth, but not if your profession happens to be medicine.

## FOLKS & THINGS

### ABOUT TOWN

-By BEN

by CLARK HEADLEY

(Pinch-hitting for Ben)

The boss, Ben, has trusted us to pinch-hit for him this week in writing his "Folks 'n Things." We will not try to equal his style and quality. As we have heard him say dozens of times, "There isn't anything to write about this week." But, for years he has come through without a miss. He usually starts off with a poem. We'll start the same.

My hilltop isn't half as high  
As once it seemed to be!  
Nor are the views as lovely  
As the ones I used to see;  
And sometimes all the sky comes down  
Until I think I'll smother;  
Perhaps I've lingered here too long—  
I'll climb up another.

—Taken from the Clanton Methodist Church Bulletin.

While mentioning the Methodist Church, we might add that the Vacation Bible School begins there on Monday, August 5th. Let all members, parents and Church School workers do everything possible to make this year's Vacation Bible School a whooping success.

Speaking of successes, the Fourth Annual Chilton County Horse Show is scheduled for August 14th and according to Kiwanians and Pilot Club members it is going to be the best ever.

Another election is over. A senator and a superintendent of education were nominated. Now is the time to start thinking about the next election in November.

Interest in the Chilton County News' fish story contest seems to be mounting. On the front page this week appears J. A. Headley's whooper. Try and top this one, will you?

At long last the News has succeeded in getting a section of news from Alabama Mills. We welcome the village news and look forward to seeing it grow weekly. At the same time let us add a cheer for our other correspondents about over the county who are doing such a splendid job in helping us make the News a newer paper each week.

"Folks 'n Things" wouldn't be complete without telling one on our Mayor, Leo. Recently Leo went up to the National Kiwanis Convention in Atlantic City, N. J. While there he mixed business with his "hob-nobbing" and went on up to Connecticut and bought a new, modern laundry truck. While driving it back our Mayor said he just had to show our Northern friends he was going to uphold the traditions of the good old South. He just pulled his shoes off and drove barefooted. . . in comfort he says.

There are no prizes offered for the beautiful homes in Clanton. If there were we wouldn't want to be a judge; but we believe Horace Vinson out on the Lay Dam Road has one of the best kept and most beautiful lawns we have seen. And, Horace will tell you in a minute that keeping a beautiful lawn like that is a full-time job.

It shouldn't be long now before Clanton and the rural sections of the county are connected by telephone. We understand the telephone company is busy at present cutting rights-of-way, etc., and will soon be installing telephones in farm homes.

Congratulations to "Red" Glasscock and his Agriculture Committee of the Kiwanis Club for carrying the club to various parts of the county for their weekly meetings. In our opinion it wouldn't hurt any of us to know more about the best county in the state.

### THANKS FROM THE JOHNSON FAMILY

We wish to express our sincere appreciation to every one who aided us in any way during the extended illness and death of our dear husband and father, J. O. Johnson. We thank Drs. Lawrence and Franklin; Mr. White for his efficient service, the Liberty Hill W. M. U. and quartet, Bro. Carroll and the two ministers from Jacksonville, Ala.

We are grateful, also, for the beautiful floral offering. — The Johnson Family.

## MORAL ECHOES

Rev. D. W. Haskew, D.D.

I was out in front of my newly purchased home when the man living next door came out of his building and was entering his car. I stepped up to him and in a cordial way said, "Haskew is my name. I would like to know your name." Quick as a flash the man replied, "What do you want to know that for?" I tried to tell him that I was his new neighbor, and would like to have the honor of knowing him but he was gone. Did you know that some folks are not worth knowing but we never know who they are until we try them out. So I am going right ahead with my policy to try and know my neighbors. After all of the rebuffs of life, yet it pays to be courteous.

One day I was riding the train, and I observed a country lady across the aisle with many bundles, and four small children. The whistle blew for her station, and she started to gather her bundles and round up her children to leave the train. She seemed so excited and confused. A young minister stepped over to her, took all of her bundles, and leading one child, he helped her to leave the train. When all were safe on the ground, this young man tipped his hat and returned to his seat, and the train travelled on. No one took notice of that act but the young minister felt mighty good on the inside. He had been kind and courteous to one who needed help, and after all, that is what counts in life. An animal can be discourteous but it takes a real gentleman to be courteous all the time. God give us more thoughtful courtesy in our lives.

### CARD OF THANKS

We want to thank all of our loved ones, friends and neighbors for their service rendered during the sickness and death of our wife, mother, daughter and sister.

We also extend our appreciation to the doctors and nurses; for the floral offerings of all.

We are also thankful for Bro. Paul Oden, who conducted the funeral, and for all the preachers who came into her home and prayed with her.—The Family.

ing today.

An office boy saw his boss one day stand and greet his wife who entered his office with great courtesy, and the lad sniggered. He nudged his pal whispering to him, "Folks would think that these two were strangers, and not man and wife." It is sad to relate nevertheless it is true, the most of us lose our courtesy, the closer we become to those with whom we live. If wives would be more thoughtful and courteous to their husbands, and husbands would be more thoughtful and courteous to their wives, we would not have so many family rows, and so many divorce suits. It does seem that love should beget courtesy, rather than to destroy it. Courtesy begets love, while discourtesy destroys it. Beware of losing your courteous spirit.

WEEK'S BEST RECIPE

**Cherry Chiffon Pie:** Crust—14 graham crackers, ¼ c margarine, 2 T sugar. Crush crackers fine, mix well with butter and sugar. Press mixture firmly on bottom and sides of buttered 9-in. pie tin. Bake 10 min. in hot oven and cool. Filling—2 C sour cherries (cooked or canned), ¼ C cherry juice, 1 c sugar, 2 eggs (separated), ¼ t salt, 1 T plain gelatin, ¼ C cold water, 1 t vanilla. Remove pits of cherries, cut in small pieces. Place in top of double boiler with cherry and lemon juice. Combine ¼ C sugar, egg yolks, salt, add to cherries and cook until eggs are set, stirring constantly. Remove from heat, add gelatin softened in ¼ c cold water, stir until dissolved. Cool until mixture begins to stiffen. Add ¼ C sugar to stiffly beaten egg whites, fold into cherry mix. Add vanilla. Fill graham cracker shell. Chill. Garnish with sweetened whip cream.

MATCHING COLORS

270 manufacturers of major household furnishings have adopted nine basic colors for products, enabling shopper to get exact shade in varied furnishings by merely calling the name shade. Rugs, fabrics, upholstery leather, unholstered furniture, hard-surface floor coverings, paint, wallpaper, trimmings, bedspreads, lamps, lampshades are a few to have a standard color choice. Color names will be on labels on goods. Each of nine basic colors has a range of eight shades from light to dark. You can then be sure your chosen colors will match exactly in whatever furnishings selected.

FALL FASHION TIPS

Skirts will be only an inch or a half-inch longer. Clothes accent a slim waist. Wide shoulders help here. Tunks are good with bias lines and also the bustle back. Bias folds are especially popular in black dresses. Wide armholes remain and pushup sleeves, leg-of-mutton styles continue. Taffeta and wool are popular combinations. Sleeves of different shades halves of blouses or empire dresses of two colors or tones are found attractive. Fullness in skirts goes to the back rather than the front. Last year's styles are not too different from this

HILL SEES TRUMAN SIGN  
HARBORS BILL

President Truman, in signing the Rivers and Harbors Bill containing the Tennessee-Tombigbee Project and the Chattahoochee-Apalachicola Project, presented Senator Lister Hill with one of the pens with which he signed the bill. Senator Hill stated that the signing of the bill by the President meant that every waterway in Alabama capable of being navigable either had been made navigable by the Federal Government or was now authorized to be made navigable by the Federal Government. He said that the Tennessee-Tombigbee Project would cost \$116,000,000, and the Chattahoochee-Apalachicola Project would cost \$73,000,000.

Hill pointed out that the Tennessee River, the Tombigbee River, the Coosa-Alabama Rivers, the Warrior River, the Mobile River, the Chattahoochee-Apalachicola Rivers will all constitute a magnificent system of waterways in Alabama, tied together and connected through the Tennessee-Tombigbee Project with the vast Mississippi Inland Waterway System covering 33 states, and with all these many waterways reaching from Minnesota and Iowa in the Northwest and Pennsylvania and Ohio in the Northeast tied into Alabama's great port at Mobile. Hill said this meant that Mobile will be a port city for great cities such as Pittsburgh, Cincinnati, Louisville, Kansas City, St. Louis, Chicago, St. Paul and Minneapolis, and that the entire State of Alabama would be interlaced with navigable waterways.

"These developments," Senator Hill stated, "will bring cheaper freight rates and bring about industrial development in Alabama, a better balance between agriculture and industry in Alabama, greater prosperity for Alabama farmers and for all the people of Alabama."

He said that the development of Alabama waterways constituted the realization of a dream which the people of Alabama had had and for which they had worked for over a hundred years.

Sparks Urges Government  
Changes In Montgomery

Streaming of the State Government's executive department, with more authority and a larger salary for the chief executive, is proposed by retiring Governor Chancery Sparks.

In addition, the governor favors removal of the constitutional bar to a state executive succeeding himself. The governorship, Sparks said recently, "should be the one office the people look to and fill intelligently. They should make the governor accountable to them and if they don't like his stewardship over their affairs, they should knock him down."

To effect this, he added, provision should be made for recall of public officials whose programs do not coincide with the voters' wishes.

Governor Sparks, who has announced he plans to retire from politics on expiration of his term in January, said also that the head of the state government should have more power to perform necessary functions of his office when the legislature is not in session. The governor, as head of the executive branch of the state government, should control all matters not delegated to the legislative and judiciary branches, he continued.

Instead, he said, the executive department is now composed of nine elective offices—the governor, lieutenant governor, attorney general, superintendent of state, state auditor, treasurer, superintendent of education, agriculture commissioner, and the sheriff of each county.

He opined that the office of attorney general, secretary of state, auditor and treasurer could be abolished

but if they are continued, they, along with the school superintendent "should be made accountable to the chief executive."

The governor also advocated abolishment of many of the more than 100 state boards and bureaus, with their work to be handled by administrative officials appointed by the head of the state.

"As it is," he said, "I have no control over the heads of many of the state department."

As for the \$6,000 annual salary paid the chief executive, Sparks said it should be increased to a figure commensurate with that paid the head of a private business of a size comparable with the State's \$100,000,000 business.

WEEVIL SITUATION CALLED  
DESPERATE

The boll weevil situation this week was called "desperate" by W. A. Ruffin, API extension agronomist, who urged farmers to step up the use of calcium arsenate in fighting this pest. Reports from all sections of the State indicate high infestation. Rainy weather has been ideal for rapid weevil increase, and Ruffin said only poisoning could now reduce infestations. "Hot, dry days won't control weevil because cotton has made enough growth to shade them," he explained.

Fields with 25 per cent infestation should be dusted immediately with seven to ten pounds of calcium arsenate per acre. The dusting should be repeated three more times, at five-day intervals.

DEER HUNTERS GET 18-DAY  
SEASON IN BANKHEAD  
FOREST

Deer hunters will get 18 days of shooting in the Black Warrior Wildlife Management Area of the William B. Bankhead National Forest and will pursue their sport under condition entirely different from those prevailing in past years, it was jointly announced by Conservation Director Ben C. Morgan and Paul Swarthout, U. S. Forest Service supervisor of national forests for Alabama.

The nimrods will have a season that extends from December 2 through December 21 with the exception of Sundays.

Hunters will be bound by State hunting regulations and must possess Alabama hunting licenses. The use of rifles will not be permitted.

A pair of kitchen scissors will save time. They can be used to cut celery, parsley, pimiento and string beans, and are equally as useful for dicing chicken, dates, marshmallows. For sticky foods, use wet scissors.

Hats Off to this Fellow...

HE fed us, our soldiers, our allies, and a lot of other people while we won a war. Now he's asked to keep the world from starving.

He's the American farmer.

He deserves the thanks and appreciation of everybody. He deserves it more than most folks realize because he increased his production by 30 per cent in five years without enough new tools to replace the labor he lost.

But, American farmers are disappointed—and they have a right to be. They expected that the end of the war would bring them an opportunity to replace their patched, repaired, weary and over-worked farm implements.

Of all of our shortages, that in farm tools and implements is the most serious.

Strikes have caused the shortages in farm implements—strikes in steel, strikes in coal, and strikes in the farm implement industry itself.

In the steel industry alone, the production of steel in the ten months following VJ day was 19 million tons short of expectations, enough to supply farm needs for at least five years. Most of the decline was due to strikes:

That is why the steel industry has not been able to catch up with the demand for new roofing, wire, fencing, tools and all the things of steel needed on the farm.

That is why the farmer is being penalized through no fault of his own. This nation cannot move ahead under the threat of ever-recurring labor strife.

Steel mills need all the scrap iron and steel they can get. Farmers can help increase steel output by sending worn-out machinery, etc., on its way to the furnaces. AMERICAN IRON AND STEEL INSTITUTE, 350 Fifth Avenue, New York 1, N. Y.

## SOIL CONSERVATION NEWS

Nell Harrell of Billingsley Community is now mowing his bottom land pasture to rid it of undesirable weeds and get a young succulent growth of grass. Mr. Harrell has added lime and phosphate to his pasture by the use of basic slag. He states that his pasture is showing signs of a deficiency of potash. He plans to apply potash to correct this deficiency.

J. N. Dennis has turned the Bermuda grass sod in front of his home and will harrow down smooth to plant Crimson Clover in with Southern Bur Clover and Caley Peas for winter grazing. Mr. Dennis is telling of the value of Crimson Clover as a cover crop said, "It only costs about ten dollars per acre to put in counting fertilizer and seed. It will do your land that much good if you don't graze it at all."

Application for district soil conservation plans were received from the following last week: C. A. Gilmore, W. M. Headley, Perry Smith, Lee Bookholdt and Houston Leigh.

District farm plans have been prepared this week on the farms of J. R. Oglesby and E. L. Calfee. Mr. Oglesby is interested primarily in a grazing system. He intends to use sericea in his grazing system.

## COUNTY FSA BORROWERS WITHOUT FLIES—DDT

Farm Security borrowers of Chilton County are virtually exempt from flies, thanks to DDT spraying, which resulted from a series of 20 demonstrations last summer in the county by FSA Supervisors during July.

These borrowers of Chilton County are virtually exempt from flies, thanks to DDT spraying, which resulted from a series of 20 demonstrations last summer in the county by FSA Supervisors during July. The value of DDT as a spray is its lasting effect. When the mixture is applied to walls and ceilings with a pressure type sprayer, it leaves a deposit of small crystals. When flies and other insects walk over to rest on this deposit they die within a few hours. The test of DDT's effectiveness is the absence of live insects, not the presence of dead ones.

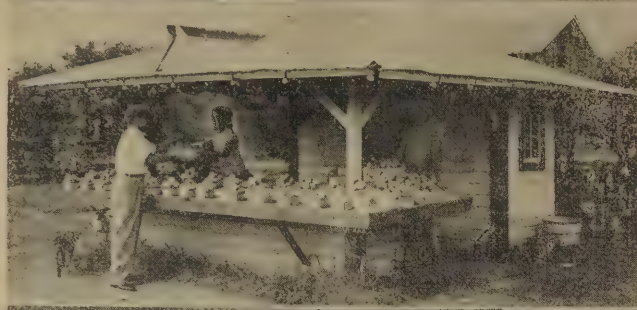

As an outgrowth of the work already done, many families other than FSA borrowers have learned how to use the spray at the demonstrations held, and are using the pressure sprays for spraying their houses.

Merchants throughout the county are stocking 25% DDT concentrate which may be used by anyone who is interested in spraying their houses and outbuildings.

Every user has become a salesman for its value, and each family who has sprayed their homes and outbuildings feels it is well worth their efforts to be relieved of flies for comfort alone, to say nothing from the standpoint of sanitation and health.

## CARD OF THANKS

To the many relatives and friends of our devoted wife and mother, we take this means of expressing our sincere thanks and deep appreciation for the many kind words spoken and friendly deeds done during her illness and death.

To the doctors and nurses, friends and neighbors, who gave so untrudgingly of their time and efforts; to those who brought and sent refreshments, to the Liberty Hill Quartet; to the minister, who spoke such comforting words; and to Mr. and Mrs. White and their attendants of the Spigner Funeral Home—we are most grateful.

To all who furnished cars and for the beautiful floral offerings, we sincerely thank you.

May the blessings of our Heavenly Father be with each and every one in our prayer. — W. C. Roper and Family.

## AMERICAN LEGION BASEBALL

The Clanton American Legion team appeared to have experienced a stage fright in their game with the American Legion team of West End, Birmingham, last Friday, July 26th.

Harold Walker, pitching for Clanton, allowed only four hits, struck out three, walked four in six innings. Bill Watkins allowed three hits, walked two and struck out one in one inning, but eight errors, coupled with the above hits and walks gave the game to the visitors by the tune of 11 to 0. Clanton got five hits. Geo. McCain Jr., got two out of three times up. Bill Gentry one for three and Frank Parrish two for two.

Immediately after this game the Clanton 14 year old boys tied up in a baseball game with the 14 year old boys from the Avon-Forest Y.M.C.A. of Birmingham and lost 8 to 1.

Considering that our boys have had no coaching and their first real baseball game, against the fact that the visitors have been playing under a coach since they were 10 years old we are proud of the showing they made. We believe they will do much better next game.

Next Friday, August 2nd, at the City Well diamond, the Clanton American Legion team play's Columbiana team in a schedule of games to play-off between the teams of Clanton, Columbiana and Siluria to see which of the three teams plays the champions of the second half play-off from Birmingham.

Immediately after this game we expect another 14 year old team from Birmingham to play our 14 years of age boys.

The first game will be called at 2:30 and the second about 4:15.

Potatoes are plentiful and wheat flour is scarce. Extension nutritionists suggest using cooked, mashed potatoes to supplement flour. The usual proportion is one cup of mashed potato to five or six cups of wheat flour. The potato may be added to quick breads or used in yeast breads. In making yeast breads, soften the mashed potato with potato water and mix in the yeast before adding the flour to make a dough or sponge.

For drying glasses, the towel should be long enough to wipe both the inside and outside at the same time and to cover the hands so that no finger prints are left on the glass. A towel 28 inches long usually meets these requirements.

Everybody seemed to enjoy the day very much and went home, hoping to meet again some time.

### Birdseye and Honor Brand Frozen Foods for sale—CHILCO QUICK FREEZE.

Alabama hatcheries produced 260,000 chicks during the month of June, according to figures released by the Alabama Cooperative Crop Reporting Service. This is the smallest June hatch on record, comparing with 1,283,000 for June of last year. Uncertainty as to the feed situation was a factor in the reduction. For the first six months of this year, January through June, the production was ahead of last year, amounting to 8,990,000 chicks compared with 8,494,000 for the same period in 1945.

## MT NEBO

After a much needed spiritual re-awakening in the church and community, the annual revival services came to a close last Friday night. All of the preaching for the week of services was done by the pastor, the Rev. H. F. Wesley. Eight new members were brought into Mt. Nebo church—two by letter and six by profession of faith. Uniting on profession of faith were Martha McKee, Judeen Culp Willodean Collins, Laura Ratliff, Chas. Mims and Seth Gilliland. Uniting with Mt. Nebo by change of letter were Mrs. Ella Collins and Lillian Collins.

The service scroll which still hangs in the front of the church is now largely a reminder of past service for the people of this community, for all but one of the 24 young men and women whose names are on it have come home. The one exception is Delmer Williams, son of Mr. and Mrs. J. E. Williams, who is now with the United States Marines in Trinidad.

Two others from Mt. Nebo Community whose names were not placed on the church service scroll are yet in the armed forces. They are Irma Durbin, who is in the Waves at Pensacola, Fla., and Hershell Patterson with the Army in Italy.

The Mt. Nebo chapter of the Christian Endeavor has recently been re-organized, and all young people are invited and urged to join. The programs will be held each Sunday evening, beginning at 7:30 o'clock. It is hoped by the leaders that enough young people will join this group to make it the best C.E. yet in organization, interest and spirit. The new officers who were recently elected are as follows:

President, Imogene Williams; Vice-President, Fannie Lee Mims; Secretary-Treasurer, Lillian Collins; Group Captain, Jesse Culp.

We regret that Mrs. M. L. Williams has been seriously ill.

Miss June Settle, of Parkersburg, W. Va., is visiting the John M. Culp this week.

Mr. and Mrs. R. G. Culp had as their guests last Friday Mr. and Mrs. Hollis Williams and Mrs. Clyde Foshee and children.

You are invited to preaching services at Mt. Nebo this Sunday evening beginning at eight o'clock—Jesse A. Culp.

### NOW IS THE TIME TO PLANT YOUR FALL GARDEN

Now is the time to prepare and plant a fall garden. This garden will be of great value to your family whether you live on the farm or in town.

Several vegetables that can be planted and will mature before frost are: Pole beans, lima beans, bush beans, carrots, cabbage (plants), collards, sweet corn, mustard, okra, onions, peas, Irish potatoes, rape, radish, rutabagas and turnips.

A low place such as a branch bottom will usually have plenty of moisture at this time of year to make seed germinate and plants grow, but water will be needed on upland soil unless the rains continue.

Many housewives have canned large quantities of food for winter use. By using fresh vegetables from the fall garden these canned foods will be held until such time that fresh ones cannot be had.

### IT MAY PAY TO CAN BOUGHT VEGETABLES

Is it a good idea to buy fresh vegetables and fruits to can when I cannot grow my own?

This question is being asked by thousands of Alabama housewives and Lavada Curtis, API extension food preservation specialist, answers:

"It depends largely on probable availability of canned foods and on relative prices of fresh and canned foods. When the price of fresh vegetables or fruits suitable for canning reaches the point where you can buy the fresh products comparable to the same quantity of canned products, it is a sound practice to buy up the surplus and fill your jars.

"You will be assured of food at little or no greater cost. Under present food conditions, canning or otherwise preserving a home food supply is the best insurance against hunger."

### GOVERNMENT TO SELL AUSTRIAN PEA STOCK

So that farmers in Alabama and over the South may plant more acres to winter cover crops, the Government's entire stock pile of seed, amounting to 38,000,000 pounds of Austrian winter peas, is being offered for sale to seed distributors.

O. W. Jones, state PMA director, said shipments from the Government stock pile can be made immediately, and all of it is being offered for sale.

### INDIVIDUAL FEEDING PAYS IN DAIRY HERD

Individual feeding of dairy cows is important in making the best use of available concentrate feeds and in producing milk efficiently.

In making this statement, C. E. Teague, API extension dairyman, says the amount of feed needed by a cow depends upon her size and the actual amount of milk and butterfat she is producing.

Mr. Teague advises dairy farmers to weigh the milk from each cow and to feed her according to the amount of milk she produces. Weighing the milk only one day each month will give a very accurate record on which to base grain feeding. This requires very little time.

"Give cows plenty of good pasture and roughage, then add grain according to the cow's ability to pay for it," he recommended.

### BEAT DRY SEASON BY PLANTING NOW

Weather-wise Alabama farmers are making more plantings in their gardens now to beat the month of dry weather that usually begins around the middle of August.

Going into the ground are turnips, squash, beets, carrots, English peas and rutabagas. Collard, cabbage and broccoli seed should be planted, says W. A. Ruffin, API extension gardener. Throughout the state, fall Irish potatoes must be planted before August 10 to be successful.

"If farmers wait longer than August 15 to plant their fall gardens, they are likely to fall because of the dry period which begins then and lasts until late September. Now is the time to plant, and indications are that farmers are going to make gardening a year-round job," Ruffin said.

### CAREFUL HANDLING OF COTTON TO PAY

With cotton picking not far off, Alabama farmers are remembering that a little care in handling cotton pays big returns.

Lawrence Ennis, API extension gin specialist, points out that "cotton picked green or wet and taken directly to the gin may be reduced in value from \$5 to \$35 per bale. Rough preparation at the gin is costly to both the farmer and the ginner—they both lose money."

Farmers who take their cotton to the gin in good, dry, clean condition and who have their ginning done at a well-equipped, efficiently-operated gin will get the most money per pound. Wet and dirty cotton usually means a poor quality product that brings lower prices, Ennis added.

## 100% Farm Electrification Is Still Our Goal

**ELECTRICITY** for every farm in our service area is still our goal. And we're making gains toward the goal, but progress is slow—not nearly as fast as we had planned. We were ready to go ahead under full steam within a few months after the end of the war—just as soon as enough men were released from military service to build up our construction crews.

Then a lot of unexpected things began to happen which either closed mines and factories, or greatly reduced their production. As a consequence, many orders we placed last year for material and equipment have not yet been filled. Several millions of dollars worth of materials and equipment ordered, and to be ordered this year, won't be delivered until 1947—the manufacturers can't make them before then.

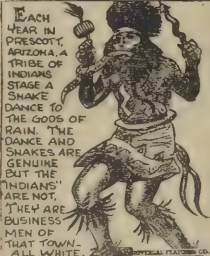

We are getting some materials and equipment—but in dribbles. The condition is not confined to Alabama or Alabama Power Company. It is nation-wide and affects all utilities—including rural electric cooperatives.

There is no shortage of electricity in Alabama. Our generating plants can turn out enough electricity to supply not only present customers, but also those who will take service when the lines are built.

We're going to build those lines—  
 as quickly as we can, as soon as we can get materials to build them with.  
 We're as eager to have your business as you are to have electric service.

Mr. and Mrs. Lawrence Williams have moved from Prattville to this community. Welcome, Mr. and Mrs. Williams!

Many Alabama farmers would benefit by the addition of sheep to their farm program, says W. H. Gregory, API extension livestock marketing specialist. Sheep bring in cash during the spring, when it is most needed for financing crops.

## ISABELLA

The revival began at Mulberry Sunday. Bro. J. W. Lester of Rockford, Ala., is bringing us some very inspiring messages this week.

The Mission Study Book, taught by Mrs. Jeffers, at Mulberry last Friday, was enjoyed by a few women. We are sorry more were not there to take it and enjoy it with us.

Miss Truman Stuckey is home after studying at the University for some time this Summer.

Miss Sara Cox and Mr. Ralph Friday of Jones were among the visitors at Mulberry Sunday.

Mr. and Mrs. Frank Chelser, Jr., of Chelsea, Ala., visited her parents here, Mr. and Mrs. Chester Mizell, for the week end.

Mr. and Mrs. O. O. Manning and two children of Memphis, Tenn., are visiting his mother, Mrs. Emma Manning, this week. Oliver has just received his discharge from the U.S.A.

Mr. and Mrs. T. J. Tuford, who have been staying with her parents Mr. and Mrs. B. Mizell, has accepted a position with Eastern Airlines at Miami, Fla., as a mechanic. They have gone there to make it their home.

Mr. Barney Mizell's parents of Vinson, Ala., spent the week with him.

Mrs. P. R. Griffin has been visiting her son, Charles and wife, in Auburn. Mrs. Mitchell of Anniston, Ala., is visiting her daughter, Mrs. B. B. Mizell, here for a while.

## HIGHLAND

Sunday and Sunday night were our regular preaching dates. Bro. Deason brought two wonderful messages.

We wish to announce that our revival will begin the third Sunday in August. Bro. Homer Carroll will be bringing the messages. We wish to invite everyone to attend all the services that you can. We are expecting a wonderful revival.

Come and bring some one with you.

## SARDIS

There will be a home-coming at this place Sunday, August 4th. We expect to have talks and sermons in the mornings and singing in the afternoon. We invite everyone to come be with us and let us make this day one of the best yet.

Our revival begins the second Sunday in August. Rev. G. G. Williams will be bringing the messages, and we invite everybody out to the services.

Eggs should be gathered two or three times a day and cooled quickly during the hot summer season.

**How women and girls may get wanted relief from functional periodic pain**

Cardul is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

1 Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "blow" to come.

2 Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes. Try Cardul. If it helps, you'll be glad you did.

## STANTON

Revival starts at the Baptist Church August 4th.

Mrs. Joe Cox is ill at her home. Singing School last week was a great success. Carlos Barrentine of Bessemer, Ala., was in charge of the school.

Visitors to Mr. and Mrs. Frank Reynolds over the week, Mr. and Mrs. Bill Grammer and Charlotte, Mrs. A. C. Maness and Frank of Tuscaloosa, Ala.; Mrs. J. E. Daniels, Nancy and Joe Frank of Maplesville, Ala.

Phil H. Hand of Washington, D. C., flew down last Friday to spend a few days with his grandmother, Mrs. Mary Hicks.

Mr. and Mrs. Fed Hunter and children, Charlotte and Dwight, of Mobile, were the week end guests of Mr. and Mrs. Jesse Harris and children of Stanton.

Mr. and Mrs. Virgil Eiland of Selma, Ala., spent the week end with Mr. and Mrs. Jim Gay.

Mrs. Mary Gregory Walker of Selma, Ala., visited relatives and friends here last week.

Mrs. Ora Davis and Mrs. Inez Cook of Louisiana are visiting their mother, Mrs. Emma Morris.

Mrs. Mavis Brand and children, Charles, Sybil and J. D. of Montevallo, were the week end guests of Mr. and Mrs. Jesse Harris and family.

## FLOYD NEWS

Every one who can is asked to meet at Floyd next Saturday, August 3rd to clean off the church yard and cemetery.

Our revival starts Saturday night. We want everybody who will to come and worship with us. Bro. Homer Carroll will be bringing the messages.

Through the use of Alabama's three-way Highway Patrol radio system, 68 stolen cars were recovered in the state during June.

## COME! COME!

Dear Editor:

Please permit me space to announce our revival now in progress at Oak Grove Church of God between Clanton and Cooper. Rev. Eugene Leigh of Minnesota is our Evangelist and is doing some good preaching. We are having large crowds too.

Our first night, Sunday, a very good message was delivered, using for a subject, "The Fire." The fact was stressed that the Church or Christians need the fire and power of God in our lives to be able to convince the world that there is a joy in serving God.

There were 14 who came with a confession after crying and praying to God to save their souls from an ever burning hell. Friends this scene looked and sounded like an "old-time" camp meeting, or a revival like we use to have. Some five or six were definitely saved from sin.

Last Monday night the Connel Family was with us and rendered some very inspiring singing and music, after which we had another good message; then an old-fashion altar service. Several were saved and two received the Baptism — experience of the Holy Ghost.

Sinner friend, careless formal church member, you are living in perilous times, deceiving and being deceived, lying and devouring one another with their tongue.

Come to our revival and live for God. Help us pray conviction down on people so they can forsake sin and the devil. Sin. All sin is of the devil. —Chas. H. Shaw, Pastor.

The crop of sweet potatoes set from plants should be dug and disposed of in midsummer, advises Lyle Brown, API extension horticulturist. They usually bring a good price then and, if left in the ground until fall, they will be too big and rough. No potatoes from this crop should be stored.

## BIRTHDAY CELEBRATION

On Wednesday, July 24th, at an early hour friends and relatives gathered at the home of Mr. and Mrs. J. P. Smith to celebrate the birthdays of Mr. G. W. Sansom and Mr. J. T. Minor.

At the noon hour a bountiful lunch was spread in the oak grove, which was enjoyed by all.

Those enjoying the occasion were the following:

Mr. T. J. Deason, Mrs. W. M. Henry and children, Mr. and Mrs. Bolden Robinson, Adolph Ratliff, Mr. and Mrs. C. J. Ratliff and children, Mr. and Mrs. Lonnie Williams and daughter, Mrs. Dewey Deason, Mr. and Mrs. Monroe Short, Mr. and Mrs. Raymond Kendrick and children, Ruth Edna Grooms, Mr. Jim Parrish, Mrs. M. P. Bone and son, Rev. and Mrs. C. A. Taylor, Mr. and Mrs. J. D. Minor and children, Mr. and Mrs. K. G. Minor and children, Mr. and Mrs. Toy Mullins, Mr. Coy Rucker, Mr. Thornton, Mrs. Pearl Harless.

Mr. and Mrs. E. T. Scott and Bessie, Mrs. J. P. Adams, Mrs. J. R. Short, Mrs. O. F. Patrick and Annie Ruth, Mr. and Mrs. Paul Blackmon, Mr. and Mrs. Raymon Sansom and son, Mr. and Mrs. D. E. Sansom and children, Mr. Bud Waldrop, Mr. and Mrs. J. T. Minor, Mr. and Mrs. Sol Sansom, Mr. and Mrs. J. P. Smith and children, Mr. and Mrs. W. H. Trammel and children, Mr. and Mrs. G. E. Sansom and children, Mr. and Mrs. Sam Headley and daughter, Mr. and Mrs. Charlie Sansom and children, Mrs. Dan Little and children, Mr. and Mrs. Harvie Sansom and son, Mr. and Mrs. W. M. Smith and children, Mr. and Mrs. G. W. Sansom, Melba and Vernon.

Those visiting in the afternoon were Mrs. Davis, Mrs. Daisy Crane and Dewey Deason.

At a late hour all left for their homes, wishing Mr. Sansom and Mr. Minor many more happy birthdays.

## TEMPLE CHURCH

We have had some wonderful services during our revival. Bro. Duck has brought us some very inspiring and timely messages. We feel that our church has grown spiritually during the meeting.

Thus far nine young men and women have given their hearts and lives to Christ. We are expecting God to continue to pour out His blessings during this revival.

Come to Sunday School and Church Sunday, C. U. Sunday night at 7:00 o'clock; preaching service at 8:00 o'clock.

## Milk Mixture for Stomach Ulcers

A recent medical discovery now used by doctors and hospitals everywhere has proven unusually successful in the treatment of stomach ulcers caused from excess acid. It is a harmless preparation yet so effective, in many cases the pains of stomach ulcers disappear almost immediately. Also recommended for gas, indigestion, heartburns due to hyperacidity. Sufferers may now try this at home by obtaining a bottle of LURIN from their druggist. LURIN contains this new discovery in its purest form. Easy to take. Just mix two teaspoonsful in a half glass of milk. Costs but little. Most satisfactory or money refunded.

Judge of Probate.

## Dr. Parrish Gives Dog Vaccination Schedule

Our records have slipped a little in the last year. You will recall we have not had a mad dog in the county in six or seven years until recently. But for the last few months we have had four positive cases, we know. The only thing that can account for that is that the dogs were not vaccinated and the owner is responsible. So we are hoping that everybody will now see the need and bring your dog out. The County and State Health Departments are putting it up to us, so we are earnestly soliciting your cooperation.

Following is a list of places and dates. The price will be 75c--cash. Will Shaw's Store -- Monday, August 5 -- 8:30 to 9:00.

Concord (Dry Valley) -- Monday, August 5 -- 9:30 to 10:15.  
Burl Martin's home -- Monday, August 5 -- 10:45 to 11:15.  
Tobe Posey's home -- Monday, August 5 -- 12:00 to 1:30.

Mars Hill -- Monday, August 5 -- 2 to 3.  
Fleetwood Raspberry -- Monday, August 5 -- 3:20 to 4:20.  
Pleasant Grove (Monroe Ward's) -- Monday, August 5 -- 4:45 to 5:15.  
Frank Murray's home -- Tuesday, August 6 -- 9:30 to 10:00.

If we have missed any place, see us and we will be glad to arrange a date. Will be back in Jemison, Maplesville and Clanton on a second visit. Dates announced later.

Simpson Announces  
No Run-off In  
Senate Race

State Senator James Simpson of Birmingham announced Monday that there would be no run-off for the office of United States Senator. Mr. Simpson was second in a one-sided race that gave Congressman John Sparkman of Huntsville, practically as many votes as all other candidates combined. Under the law Mr. Simpson could force a run-off should Sparkman fail to get a clear majority on all candidates. "There were five men in the race."

Mr. Simpson gave as his reason for declining to force the winner Sparkman into another race, the fact that the people of the state were tired of elections this year and it was doubtful if within two weeks enough interest could be mustered into the race to get the voters to go to the polls on August 27th and vote.

Mr. Simpson was elected to fulfill the term of Hon. John Bankhead who died several weeks ago and the term will expire in 1948.

EDITOR'S NOTE: An announcement from Mobile headquarters of Gessner McCorvey Tuesday night reported official count showed Sparkman with 229 votes over the combined total of his four opponents, thus eliminating any possibility of a run-off.

ANNUAL ALL-DAY SINGING

CCHS Gives 1946  
Football Schedule

In less than a month now the Chilton County High School football candidates will begin working out in preparation for this season. Coach Waters has lined up a schedule of games that will give the local team plenty of competition before the season is over. Little is known of this year's team as yet. Most of the players will be selected from those carried over from last year's squad.

The following boys should be found working for a place on the team: Blacklock, Burnett, Chancellor, Cox, Dennis, Higgins, W. B. McCain, Geo. McCain, Parrish, Hugo Smith, Thomason, Wade, Arnold and Gladden. Lowery, a transfer from Sylacauga, should be quite useful in the line.

Charles Smith, a transfer from Dadeville, played on that team last year and should help out some. Hoovs Armstrong, who was out for spring training the first time, looks as if he might develop into a dependable player. Other boys who will be out to try for the squad are: Avery, Buckner, Jimmy Giles, Mullins, Thompson, Luker, Billy Gentry, K. Smith, Jimmy Stroud and others who were out for spring training. Milton Mims should take over a regular place in the back field this year. Robert E. Martin, an ex-sailor, has served notice that he is putting in a bid for a place.

The schedule is as follows:  
Sept. 20 — Hurt School — Clanton.  
Sept. 27 — Centerville — there.  
Oct. 4 — Holt High School — there.  
Oct. 11 — Columbiana — here.  
Oct. 18 — Lanier — Montgomery.  
Oct. 25 — Siluria — here.  
Nov. 1 — Helenville — here.  
Nov. 8 — Montevallo — here.  
Nov. 15 — Wetumpka — here.

CHILTON COUNTY  
CANNING PLANT

The community canning plant has been used extensively this season. Many families have preserved vast quantities of food grown here in the county. Two school lunch rooms of the county have canned much food for this winter. The lunch room of the high school here, under the supervision of Mrs. Alpha McRae, has preserved over four hundred gallons of beans, tomatoes, peaches and apples. Other fruits and vegetables are to be canned during the month of August for this school lunch room.

The following ladies have given much time gratis to the work of canning for the school lunch room, and Mrs. McRae and Mrs. Kinney wishes to express their deepest appreciation for this much needed service: Mesdames Clara Mullins, Joe Mullins, Maggie Wilson, H. M. Sandlin, R. E. Connell, Posey Marcus, J. S. Hardy, Arthur Johnson, Burns Goodgame, R. E. Seale, Myrtle Smith, Obdey Smith, G. C. Burk, Joe Marcus, L. O. Zimmerman, Faye Coggins and Misses Emma Frank McRae, Rennie Harris and Joyce Hardy.

Death Takes Heavy  
Toll Of Family

When Mrs. Frank Foshee was buried here last Monday five members of an immediate family had died since last March. They were daughters and second wife of Pinkney Moore, former county commissioner and sheriff of Chilton County, from 1892 to 1900. Mr. Moore died May 28, 1911.

The dates this year of the deaths of the five members of the family follow:

Mrs. Lou Letcher, Plantersville, March 9.  
Mrs. Bama Cox, Clanton, April 29.  
Mrs. Bertha S. Moore, May 10.  
Mrs. Ruth Moon, June 11.  
Mrs. Nannie (Frank) Foshee, July 27.

CLANTON BASEBALL TEAM  
TO PLAY BRIGHTON SUNDAY

The Clanton Baseball team will play Brighton, strong team in the Bessemer League, here next Sunday afternoon on the 3 o'clock.

On the following Wednesday, August 14th, they will play Maxwell Field here. It will be remembered that Clanton played Maxwell Field a double header here on July 4th.

CHILTON COUNTY POST NO. 6  
TO HOLD REGULAR MEETING

The Chilton County Post No. 6 will hold its regular meeting next Monday night, August 12th, at the courthouse in Clanton. The session will start promptly at 7:30, and the meeting will be limited to one hour.

The program committee is lining up a good program and all members are urged to be present to help formulate plans for the coming membership drive. There are several other new matters to bring up that concern every member of this Post.

We expect to have complete information on the Terminal Leave Bill, which was sponsored by the American Legion and recently passed by Congress.

Mr. and Mrs. R. M. Tucker and children, June, Bobby and Carolyn; Mr. and Mrs. Buck Tucker and daughter, Mary Kate, spent last week vacationing on the Gulf.

Man Drowned In  
River Last Sunday

Ernest John Robinson, age 61, was drowned last Sunday while boating and swimming on the Coosa River about one-half mile above the Log Cabin Beach Ferry.

According to reports, Mr. Robinson was in the habit of jumping from his motor boat and swimming to shore whenever the notion struck him. On this Sunday he got within about eight feet of the bank and was only in three feet of water when his companion noticed that something was wrong and rushed to him. He was dead when they got to him.

He is survived by 2 daughters, Mrs. Robert L. Wiggins and Mrs. Thelma Hunt; 1 son, Ernest J. Robinson, Jr.; 4 sisters, Mrs. L. M. Matthews, Mrs. Elinor Batchelor, Miss A. L. Robinson, Mrs. C. V. Srossley; two brothers, L. P. and Grady Robinson.

Funeral services were held Tuesday at 2 p.m. from Angwin-Service Chapel in Birmingham with Rev. Gann officiating, interment was in Forest Hill cemetery, Angwin-Service directing.

Martin and Sons of Clanton went to Log Cabin Beach, got the body and prepared it for burial.

REVIVAL AT JEMISON

Sunday, August 11th, the revival will begin at the Jemison Baptist Church. Bro. S. J. Ezelle will do the preaching, assisted by Bro. Isley. Services will be held each morning at 10:30 o'clock and each evening at 7:30 o'clock. Everyone has a cordial invitation to attend these services.

GRAND JURY IN  
SESSION AUGUST 27

According to J. C. Pattillo, Circuit Clerk, the Grand Jury will meet on August 27th. The Criminal Jury Court will be on September 16; Civil Jury Court on October 7th.

CEMETERY CLEANING  
AT MACEDONIA

There will be a cemetery cleaning at Macedonia, Beat 11, on August 15. All interested are asked to be present and bring the necessary tools to work with.

DR. J. E. EDGAR ON VACATION

Dr. Joe Edgar, local dentist, will be on vacation from August 19th through August 25th. During this period, his office will be closed.

PASTORS TO MEET HERE  
AUGUST 16th

The pastors of the Unity-Chilton associations will meet jointly in the regular pastors' conference next Saturday afternoon at 2 o'clock at the First Baptist Church.

Some very important things will come before the body that will certainly demand the attention of all our pastors and other church leaders.

The Rev. Fred Lowery will be present to show some special pictures on the screen. You cannot afford to miss this service. We urge that all pastors and deacons avail themselves of this important service.

FOURTH COUNTY  
HORSE SHOW  
AUGUST 14TH

Plans Being Made  
For Biggest Show  
Ever In County

Next Wednesday, August 14th, is the day for the big horse show in Clanton. The show will be staged at the high school ball park in Clanton sponsored jointly by the Clanton Kiwanis Club and the Clanton Pilot Club.

Festivities are to get under way at 7:30, and according to all the publicity handed out by the various committees, everything will be in readiness for one of the biggest shows of this type ever staged in Central Alabama.

Entries are still coming in. A dozen or more entries have already been received with more to come in later and there will be numbers who will enter their horses the night of the show. According to one horse enthusiast, he expects 75 or 80 horses to be entered in the show.

Complete details for entertainment have not been completed. But everyone can be assured that an interesting program will be in the offering.

Col. Jimmy Seashole, nationally-known announcer from Atlanta, Ga., has been engaged to announce the many events and happenings at the show.

The Food Committee says bring the family out for dinner that night. They will have prepared a supper of fresh river fish.

Bumper guard signs advertising the horse show are now on display. Signs are being placed along the roads.

Just follow the signs to the Clanton Horse Show — Clanton High School Ball Park on August 14th. 7:30 p.m.

CEMETERY CLEANING

There will be a cemetery cleaning at Mt. Pisgah on Wednesday, August 14th. All interested please come and bring tools to work with, also bring your lunch.

Kiwanis Club To  
Attend Church In  
Body Thursday

There is a change in the meeting time of the Clanton Kiwanis Club this Thursday night. J. C. Pattillo, Chairman of the church committee, has announced that the Club will meet early this week for the purpose of attending the service at the Baptist Church. The Club will meet at the high school at 6:30 instead of 7:30 for the evening meal. Immediately after the meal the Club will go to the Baptist Church in a group for the service. If by any reason members cannot make the meeting by 6:30, meet the Club at the church at 7:30 and get credit for the meeting.

The Baptist Church has invited and will welcome the Club at the service Thursday night.

NOTICE TO KIWANIS MEMBERS: Coats are an evil Thursday night, the pastor says. Please leave same at home.

Whatta Whopper! Is There  
Any Limit To Fish Stories?

As the News enters the second week of its fish story contest, it seems more and more enthusiasm is gained. This week a Birmingham man comes through with a tall tale. But, local fishermen have some tall tales they are about ready to let loose.

The local fish story of the week comes from Jack Manasson, of Birmingham, who fishes a great deal in these parts.

Seems he was down here on a fishing expedition when one of his companions was telling of an experience he had the season before. As the story goes he had just pulled a big-mouth bass, weighing eighty-five pounds out of the water. An old fisherman who was listening to the tale said that was nothing. He had been fishing there in that same spot one day when he hung what he thought was a big fish. It turned out to be a Spanish Gallion, that had probably been sunk for a hundred and fifty years. And to top it all the old fish-

man told the light in the cabin was still burning. The fellow who had told about the fish weighing eighty-five pounds thought awhile and said: "Tell you what I'll do, you blow out the light on that ship and I'll knock eighty pounds off my fish."

(The above story will not be entered in the contest. It is fictitious—not a true story).

Have you a fish story to tell? Tell it to the News and win \$100.00 in cash—if it is selected the best by three local judges. If it is second you win five dollars in cash (silver or paper) or, if it's third the News will give a year's subscription to the Chilton County News and not ask any questions or send any bills. Have you a fish story? The News is trying to get the biggest fish story ever conceived in Chilton County. Send your entry in today; join the fun; see who can tell the biggest one. There is one rule: It is supposed to have happened in Chilton County—and must be a true one.

Three Teams Could Win Softball Pennant

Last Tuesday night's softball games were rained out.

Verbena, who has been on top of the American Legion Softball League's standing for several weeks, remains in first place. But, there are several games yet to be played.

On Thursday night, August 1st, the Post Office team, who has been in second place for weeks, proved themselves strong contenders for the first place spot when they defeated the strong Verbena team 4 to 3. The Post Officers, who have three more games to play to Verbena's one, still have a chance to come through and tie with Verbena with nine wins against three losses for the pennant. On the same night, Alabama Mills defeated the American Legion 10 to 6. Since Tuesday night's games were rained out, there are eight more games to play.

It looks like a cinch for the Post

Office team to win their three remaining games unless the American Legion team, who has always been unpredictable, comes through with unexpected power on August 13th. Verbena and the Post Office will be tied for first place on that night unless Bell Hardware comes through with some unexpected power.

According to Raymond Mims, the American Legion Softball Coach, there may be a Little World's Softball Series played between Verbena, Post Office and Alabama Mills to determine the League winners. More about this will be shown after Raymond contacts all the team managers. The teams playing in the series will receive players from the two or three teams not playing in the series. I. e., the Ford Place or Bell Hardware.

After the News published the League Standings for the past two or three weeks, there was some dissent as to

the number of games Alabama Mills had lost. From the record kept by Raymond Mims, the following standing is correct to date:

LEAGUE STANDING

|                 | Won | Lost |
|-----------------|-----|------|
| Verbena         | 8   | 3    |
| Post Office     | 6   | 3    |
| Alabama Mills   | 6   | 4    |
| American Legion | 4   | 5    |
| Bell Hardware   | 3   | 5    |
| Ford Place      | 2   | 7    |

August 8 — Ford Place vs. American Legion; Bell Hardware vs. P. O. team.

August 13 — Verbena vs. Bell Hardware; American Legion vs. P. O. team.

August 15 — Bell Hardware vs. Alabama Mills; P. O. team vs. Ford Place.

August 6 — Alabama Mills vs. Ford Place; Bell Hardware vs. American Legion.

## BEWARE! BEFORE IT'S TOO LATE

The cotton market is going wild. As we write this, it has passed the 35-cent mark. A good deal of speculation may be involved. Perhaps the prospect of a very short crop and the lowest carry-over in many years a year from now, may be leading to abnormal buying. Some of the climb is undoubtedly due to the general rise in wage and price levels. At any rate, the keynote of a popular song keeps coming back to us, and a parody upon it:

When cotton goes up a full ten cents,  
Makes you dream of more twelve months hence,  
Beware!

When cotton prices make you drop the hens and cows,  
Beware! You're slipping—and sliding!  
When prices bring memories of "the good old days,"  
You'd better recall, 'It's papa who pays.'

Beware!

If you didn't live through 1920, ask one of your older neighbors to tell you about it. Many a man made a killing in 1919 and then lost it all, and more, in 1920. The 1920 crop was planted and spent for on the basis of 40-cent cotton; it sold for 30 cents on down to 12 and 10 and 6 cents! Now's the time to speed your drive to sound balanced farming (not to abandon it), to pay off your debts, to lay up for the future while prices are high.

Don't become a cotton gambler as you eye 1946 returns and begin to plan for 1947. Beware! — The Progressive Farmer.

## LOWER AIR MAIL

A proposal to drop a price instead of raising it, becomes news. It certainly attracts attention in Clanton. Before the Senate, having passed the House, is a bill to lower the postage rate of air mail from eight cents to five cents an ounce. The fact that since the war there has been a drop in the use of air mail is due to the difference in extra cost between this and the three-cent letter. Distance covered in a short time by air is important, but generally that three-cent stamp will carry the letter to its destination in enough time. What might be considered is the number of miles to be covered by air, making a proper rate to cover varied miles. Shorter distances not costing as much. Yet there should be due consideration given the interests of rail and telegraph, for all of us are believers in fair competition.

## A CHICKEN'S LIFE

Not only children expect modern conveniences, but it has spread to the hen house as well. Time was when chickens weren't cared for as though they were temperamental opera stars or movie queens, but simply as future fryers or roasters, with pullets to lay eggs without any fanfare. Chickens had a certain amount of freedom in the old days, clucking with their kind all over the barn yard. Time marches on, and the chicken comes in for a share of electric lighting, air-conditioning, running water and vitamins. Brag about the chickens whose feet never touch the ground, and then ponder over the life of confinement of such an existence. Our forebears thought their chickens plump and tasty, yet didn't watch their intake of required proteins and carbohydrates. Such a life of balance probably causes hens to long for the day when farming and agriculture in general, was simple. A chicken never knows today what new fate lies in store, except for the axe. Man fosters chickens with streamlined homes but reserves for himself the right to end it all with one brief stroke. Scatter the grain and listen to the cackle which probably is a voice against water-cooled roofs, grading machines. The incubator was enough for them to accept, with their limited intelligence. It was almost too much for them to comprehend then. What a life a chicken leads!

## RELIGIOUS EDUCATION

Habit makes us stress the need of education to save the human race. It is the popular belief that an educated man would keep the world in better order, that if all men were educated we would not destroy ourselves. Too often we fail to emphasize the need of religious education for man's salvation, the saving of humanity from its errors. There is no better way of curing world ills than in practicing the tenets of Christian faith, since it embodies the teaching of love for neighbor. A national problem, that of child delinquency, would be helped by teaching religious precepts to our young. Too many of them grow up without the necessary training needed for honorable living. Humanity does need education, but it needs religious education the most.

How would we have Fourth of July parades if our fighting force consisted only of the atomic bomb.

Prohibiting women in shorts from being admitted to the Senate gallery sounds like good sense to us. The law makers can't keep their minds on their business as it is.

## FOLKS & THINGS

### ABOUT TOWN

-By BEN

Here we are folks back at the same old stand. We had to come home to take a rest after our vacation. However, we did have a wonderful time and we saw just about as many Clanton folks down there on the Coast as we did anybody else. The Gerald's, the Klanners, the Popwells, the Roberts, etc., etc. We saw the Golden's too, but it was on the run. We passed them coming back—that is they were coming back. We were going down. Yep, we saw some wonderful sights too—in bathing suits.

Guess you knew that Parker Taylor and Bill Minor had opened a grocery store on the Selma Highway. Went out the other day and looked the stock over and they have really got a good line. In fact we found some things out there that you can't even find in the down town stores.

Talking of groceries reminds me of an incident that happened the other day. We found a store that had old fashioned flat sardines. Boy, we lit on them like a duck on a Junie bug. After petting and rubbing the can for a few minutes we asked what the selling price was. Well, after they poured the water on us and we came to we realized just what he had said—then we fainted again. Just try to imagine—sardines, and all they wanted was forty cents a can.

Want to congratulate these two candidates for the office of Superintendent of Education for running one of the cleanest races for a public office ever conducted in Chilton County. First we congratulate Howard Bookholdt as winner. But too, we must congratulate J. C. White for running a clean race and being a one-hundred percent sport. No candidate could have cleaner opposition than the two candidates for the Office of Superintendent of Education of Chilton County in the past election. Would that we could have more candidates like these, two fine gentlemen.

Here comes that guy again with the "fringe on top." That's Paul Williamson down at the Shell Station. The other night we came into town late and the "force" had us locked out and there was no way to get into our "inner sanctum." After considerable thought we strolled down to the corner and asked Paul if he had a skeleton key. Paul says, "Ben, I always have what the public needs, you tell them that in next week's 'Folks & Things.'"

Read in the Sunday paper where our own Miss Kathryn Bryan was entered in the "Miss Birmingham" beauty contest. We are wishing her the best of luck and pulling for her. She is the talented daughter of Mrs. Beatrice Bryan.

Read where the boy told the girl he was going to kiss her until the cows came home. "No," she told him, "You mustn't do that. My brothers are cops and they will be home after a while." "O.K.," said the young lover, "Then I will kiss you until the bulls come home."

### LOCAL BOY ATTENDED BOYS CAMP AT VALLEY CREEK

The Department of Conservation, The Division of Forestry, in conjunction with The Southern Pulpwood Association, has just completed a very successful week of camp for boys interested in the conservation and utilization of farm woodland in the state of Alabama. Ranger Gay stated this week.

The State Division of Forestry, the Extension Service, and the Southern Pulpwood Association cooperated in outlining a practical and not too technical woodland training program for boys from nearly every county in the state during their week at Camp Grist (Valley Creek State Park) twelve miles north of Selma. Mr. and Mrs. Paul Grist, Selma Y.M.C.A. and Mr. Dan C. Royal, District 5 Forester, were in charge of feeding, housing and recreation.

Upon departing Saturday morning a group of wide awake young Americans expressed their appreciation to directors and instructors alike, for a most interesting and enjoyable week. Chilton County was represented by Alton Moore, F.F.A. member, from Bettsdam Community.

## Bookholdt Thanks Voters

To the Voters of Chilton County:

Dear Friend:

I wish to extend my hearty thanks to all voters who participated in last Tuesday's election. To those who voted for me, I appreciate your voice of confidence. To the others, I appreciate the sincere interest you showed in our school system. To Mr. White, I appreciate an absolutely honorable campaign. To everyone, I promise, if elected in November, to do my best for the Chilton County school system. I feel that the schools should be absolutely free of political malice, and I pledge myself toward that end.

Your friend,

HOWARD BOOKHOLDT.

brought that poor boy to this, by failing him when he needed a mother." Mothers, make your boy to be what you would have him to be.

While P. A. Collins was Mayor of Boston, some politicians sought to locate a saloon too close to a boy's school. The Mayor was wise enough to call in six boys from the school to help him decide the matter. Each boy gave some reason why he thought the saloon should not do business there, but the last boy consulted won the case. Said he to the Mayor, "Mr. Collins, my school gives to me the chance to be Mayor of Boston some day, and that saloon is there to deny me that privilege. I want to be Mayor when I am a man, and sir, help me by removing that joint." Needless to say, the saloon went.

## Jap Photos Just Released Show Horrors of Nagasaki 20 Hours After A-Bomb Hit

Atomic ruin is shown in these photos made by a Nagasakiian weeks before our observers got in. Above, body lies in cart wreckage on concrete highway split by bomb; right, municipal officer checks casualties.

This was Nagasaki's main street 20 hours after blast. First official U. S. damage report, made public last month, concluded that most of our cities could not stand up to atomic bomb much better than Nagasaki.

Devaughn, Floy Devaughn and family and Ralph Grant and other singers from Montgomery and Prattville have promised to be there. Bring latest song books and dinner and enjoy the day with us. — Lee J. Grant.

### REVIVAL IN PROGRESS AT OAK GROVE

Dear Editor and readers:

We, the Church of God at Oak Grove are in the second week of our revival which has been very good. Several have been saved and sanctified

and filled with the Holy Ghost with the evidence of speaking in other tongues according to Acts 2:4. We are having good attendance and order.

The "Old Time Holy Ghost Power" came on the scene Sunday night and we didn't have any preaching at all and the altar was filled with seekers. Truly, this has been a wonderful revival and has meant much to the community and those who have attended.

On Friday night of this week we are expecting to have services especially for those who are sick and suffering, so if you are in that number come and come praying and believing with faith in God for your healing—don't come doubting. Thy faith shall make thee whole. — The Pastor.

BASEBALL

The Clanton American Legion Baseball club made a clean sweep last week winning two games from Columbiana.

In the first game played at Columbiana, neither side scored for the first two innings. In the last half of the third, Columbiana hit across two runs, on two walks, 2 hits and one error.

In the first half of the fourth, Clanton broke loose. Wade, the first up, made first on an error; Parrish walked, Luker reached first on an error filling the bases; Watkins singled, scoring Wade; Seals hit a grounder to the pitcher, Parrish going out at home and Seals safe at first; Giles singled, scoring Luker; Thompson grounded to pitcher, Watkins going out at home; Thompson safe on first; Jean Williams singled scoring Seals; Smith, hit by a pitched ball, scoring Giles; Wade, up for his second time, singled, scoring Thompson; Parrish cleaned the bases with a two-bagger to deep left center field; Luker made the third out pitcher to first base, Clanton scoring 8 runs.

In their half of the sixth, Clanton scored 2 more; Thompson first up singled; Williams was out on grounder to first, Thompson going to second; Smith, hit by pitcher; Wade grounded out, second to first, Thompson and Smith advancing on the play; Parrish singled sharply to right field scoring Thompson and Smith; Luker singled, Parrish going to third; Watkins retied the side third to first.

Columbiana scored two runs in the fifth, on three hits and one error. Final score: Clanton 10, Columbiana 4.

Thompson, pitching for Clanton, allowed nine hits, walked 6, struck out 8, and his team-mates made 4 errors. Cole, pitching for Columbiana, allowed 10 hits, walked 4, struck out 6 and his team-mates made 2 errors.

In the second game played at Clanton, Clanton won by a score of 4 to 0.

In the second inning Luker, first up for Clanton, walked, Giles forced Luker out at second, Giles going safe at first on the attempted double play; W. B. McCain popped out to pitcher, Wade was safe at first on error by pitcher, Giles landing safe at second. Smith singled sharply to center field scoring Giles, Dill in left field, for Columbiana made a good catch of Geo. McCain's drive for the third out.

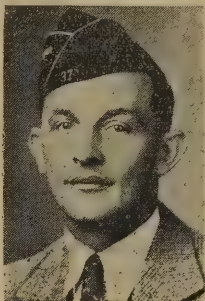

In Clanton's half of the third inning, Gentry, first up, was safe at first on an error; Parrish singled, Walker flied out to center field, Luker hit a line drive over the first baseman's head and before the ball could be recovered, Luker and the two before him scored. That ended the scoring for both sides.

Walker pitching for Clanton allowed 2 hits, walked one, hit two, struck out 6. Only one Columbiana man reached third base and only 2 reached

Legion Plans To  
Back Ala. Industries

OTTIS COOPER

JIMMIE LANE

The promotion of Alabama, her industries, livestock and agricultural products across the country to San Francisco and return is the immediate task of newly-installed Alabama Department Commander Otis Cooper, Red Level, and Vice Commander Jimmie Lane, Huntsville, of the American Legion, who will head a special train carrying the state's delegation of Legionnaires to the West Coast City for the national convention opening September 30.

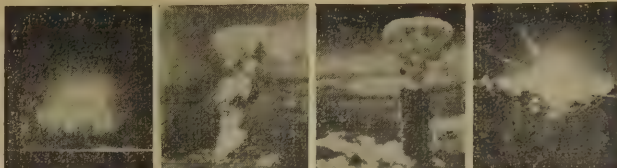

Adopting the theme of "Alabama on Parade," the American Legion plans to stage the most elaborate exhibition of Alabama's wealth of industry, livestock and agriculture ever assembled. Many floats depicting various phases of the state's potentialities will be a part of the gigantic parade of states which Alabama will lead in San Francisco, according to Commander Cooper.

Austin also pitched a good game for Columbiana. He walked one, struck out one, allowed only four hits, but the hits were bunched and timely. Clanton plays Stilluria, the league leader here next Friday, August 9th.

Pictures Show Highlights of Atomic Year One

The atomic age opened July 16, 1945, with the New Mexico test of the bomb (1). A few hundred picked observers saw it. At Nagasaki (2), the first war bomb left 160,000 dead and injured. At Nagasaki (3) a few days later casualties were 80,000. Only other atomic explosions have been in two Bikini tests (photo 4 shows first one), observed by atomic scientists as long on showmanship, short on science. Along with others, scientists are observing Hiroshima anniversary with pleas for controls to end all use of bomb.

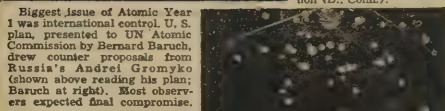

All through the year scientists emerged from their laboratories to speak up on political aspects of atomic energy. Photo (from August, March of Time) shows Albert Einstein with Harold Urey (left) and Leo Szilard, all active in fight to control the bomb.

The most lethal way to deliver an A-bomb is by rocket. Army trials of German V-2 type (above) brought assurances by the end of Atomic Year 1 that the day of long range atomic rockets is almost here. Scientists know of no defense.

After directing Los Alamos bomb laboratory, Dr. J. R. Oppenheimer helped draft State Dept.'s proposals.

Biggest issue of Atomic Year 1 was international control. U. S. plan, presented to UN Atomic Commission by Bernard Baruch, drew counter proposals from Russia's Andrei Gromyko (shown above reading his plan; Baruch at right). Most observers expected final compromise.

The great American public spent Atomic Year 1 coping with new words, new fears and new hopes. Scientists predicted blessings from the atom, but not it was strikes. Photo shows exhibit at New York Museum of Science.

## ISABELLA

Sunday School and B.T.U. were very well attended Sunday at Mulberry, but we should have had more present at both services. There was a discussion on building a goal at Mulberry Sunday morning. We hope to get it done soon.

Our revival closed Friday night after a week of good services both day and night. Bro. J. W. Lester brought us some great messages. We received in the church during the week by letter Mr. and Mrs. R. C. Veasey, Mr. and Mrs. William B. Williams and Mrs. C. B. Lenoir; for baptism Mr. and Mrs. R. D. Nabors, Dale Nabors, Robert Calfee, Claud Mooney, Elton Kelly and Miss Jean Williams. We extend our welcome to each one of them. They will be baptized next Sunday afternoon, August 11th, at 3:30 p.m., near the Jim Spite Place.

Our pastor, Rev. R. W. Stuckey, is in a revival at his other church, Concord, this week.

Bro. Wesley, pastor of Isabella, preached an inspiring sermon to a small crowd Sunday afternoon at Isabella.

Mr. Norman Smitherman's father is very ill at his home now.

Miss Katrina Yielding is spending this week in Birmingham with her friend, Clara Nell.

Miss Betty Jean Oden, of Mobile, visited relatives and friends here last week.

## "SWARMING" WEEVILS NEED TWO POISONINGS

Alabama farmers are keeping a sharp lookout for "swarming" boll weevils in their cotton fields.

When present, these old weevils are found in blooms at the top of stalks and on the end of limbs after the cotton has bloomed out, says W. A. Ruffin, API extension entomologist. That is when they should be poisoned.

"Swarming" weevil, since the cotton has passed the squaring stage, will puncture the young bolls and reduce yields. They usually appear about the middle of August.

"Many demonstrations over the State during the past several years have shown that two dustings of 10 to 12 pounds calcium arsenate a week apart will control these weevils and raise seed cotton yields 200 to 300 pounds per acre," Ruffin added.

## COW CAN FURNISH FIFTH OF LIVING

The dairy cow does her part towards making the family's living—the supplies about one-fifth of the food needed.

At the same time, says C. E. Teague, extension dairyman, plenty of milk lowers the cost of living. So this valuable family "member" should have plenty of grazing ground for her this fall. "A good year-round grazing program plus correct management should be the aim of every cow owner in Alabama," believes Teague.

For a constant supply of milk and butter two cows are recommended for each family. These should not freshen at the same time.

## TRACTOR FARMING REQUIRES CHANGES

Farm leaders are advising Alabama farmers who are figuring on trading Old Dobbin for a tractor to plan to change their farming program.

Before buying a tractor, farmers who have cotton as their only big money maker should think about the possibilities of more sources of income, better distribution of labor and power throughout the year, and of using the greatest number of their acres possible in commercial agriculture, they advise.

## BOWLES

Mr. J. T. Bowles remains in a Prattville hospital.

Mr. G. C. Hathcock is improving. Friends of Mr. Henry Thacker will regret to learn he was carried to a Prattville hospital Friday seriously ill, and was removed to the Veterans Hospital Saturday.

Mr. and Mrs. W. B. Chandler and Mrs. Cora Chandler visited Mr. and Mrs. Clyde Chandler and Mr. and Mrs. G. C. Hathcock Sunday.

Miss Elsie Jean Williams of Billingsley visited Miss Sue Rawlinson of Big Springs Sunday afternoon.

Misses Frances Hathcock and Frances Chandler are spending a few days in Montgomery with Mr. and Mrs. W. B. Chandler.

Mrs. A. A. Colburn and children have returned to their home in Birmingham after spending a few days with Mr. and Mrs. W. D. Williams. Miss Flora Ann Williams has returned home with them.

Miss Vera Williams of Birmingham spent the week end with Mr. and Mrs. W. D. Williams.

Mrs. G. A. Camp, Mrs. W. D. Williams, Mrs. Clyde Chandler, Mrs. Lula Moore, Willie Clyde, Jo Earl and Dean Moore, Edith and Morris Williams, Willie Pearl, Clyde Ruth, Myra Fay, Sara Ann and Gordon Ray Chandler were the Sunday guests of Mr. and Mrs. R. R. Rawlinson of Big Springs.

Mr. W. D. Williams and Mrs. Clyde Chandler made a business trip to Clanton Saturday.

Willie Pearl Chandler spent Saturday night with Mrs. W. J. Gafford.

Mrs. Lula Moore and children spent Sunday night with Mrs. W. J. Gafford.

Miss Willie Pearl Chandler spent Friday night with Miss Vera Williams.

## EXTRA HOG OR BEEF WILL ASSURE MEAT

With meat due to be scarce and high next year, the Alabama farm family that provides now for an extra meat hog, beef, or lamb will not only save money, but assure an added supply of scarce food. One hundred and sixty pounds of meat are recommended for each family member.

Facing a feed shortage, farm families will have to plan carefully if they are to have variety and the amount of meat needed for home use, says W. H. Gregory, API extension livestock marketing specialist. Beef, lamb, and goat may be profitably produced for the home, he said, pointing out that meat animals for the family food supply should be selected early and well cared for.

This year, in particular, families will need to make good use of pastures and other home-produced feed. Special attention should be given animals to keep them in good health in order to obtain maximum growth and gains.

## 50,000 FAMILIES RECEIVE PUBLIC ASSISTANCE

The total number of needy families assisted by the welfare department during June was 50,792, with an average State-wide payment of \$19.34, according to figures from the office of Miss Loula Dunn, Commissioner of Public Welfare. This compared with 50,419 families receiving an average of \$18.61 in May. Aged persons comprised more than three-fourths of the total receiving assistance. Miss Dunn pointed out that while monthly payments show an increase, no group is suffering more from current price rises than those who must look to the Department of Public Welfare for aid. She referred to a survey completed by her department during June, which showed that food costs had increased 21.43 percent, clothing costs 9.55 percent, and cost of household supplies 7.26 percent, since August, 1945.

## Mims - Frith Wedding Solemnized

Miss Josephine Mims, daughter of Mr. and Mrs. C. D. Mims of Clanton, became the bride of William Ralph Frith of Selma, at a home ceremony beautiful in its simplicity, solemnized on Sunday, July 21. The wedding took place at 5 o'clock in the afternoon at the home of the Rev. and Mrs. M. C. Henley, uncle and aunt of the bride, at Clanton, the Rev. Henley, who is a Methodist minister, officiating. A large assemblage of relatives and friends were present.

The program of nuptial music was given by J. A. Groom, violinist. Prior to the ceremony he played, "I Love You Truly," by Bond, and the traditional processional by Wagner was used for the entrance of the bridal party.

The altar of smiles, ivy and palms improvised at one end of the living room was flanked by floor baskets which were filled with white gladioli, snapdragons and dahlias. The central decoration featured white blossoms interspersed with seven-branched candelabra which held white tapers.

The candles were lighted by Miss Doris Ruth Hughes of Selma, a niece of the groom, who served as junior bridesmaid. She wore yellow lace with black and white accessories and a corsage of white carnations.

The bride's other attendants also wore afternoon gowns fashioned of silk faille.

The matron of honor, Mrs. Jimmy Mims, sister of the bride, was in fuchsia with black and white accessories. Miss Edna Henley, cousin of the bride, was the bridesmaid, and wore orchid and white accessories. Shoulders of white carnations and white gloves completed their costumes.

Huey H. Capps, of Selma, was the groom's best man and only attendant. The bride was given in marriage by her father. She wore a dressmaker suit of coco brown silk gabardine with lime green blouse and alligator accessories. Her hat was of brown and her flowers were a shoulder corsage of yellow roses.

Mrs. Mims, mother of the bride, wore rose silk with black accessories and white carnation corsage.

The ceremony was followed by an informal reception, Mrs. Warren Kinne presiding at the register.

Decorations in the dining room carried out the traditional bridal colors of green and white. The lace-covered table was centered with a three-tiered cake surmounted by miniature bride and groom. White dahlias and ferns added to the beauty of the decorative centerpiece, at each side of which were placed silver candelabra holding lighted white tapers. Mrs. Kinne presided at the punch bowl and Mrs. J. A. Groom and Mrs. Bessie Fiquette served the wedding confections.

Among out-of-town guests attending were the groom's father, Mr. E. Q. Frith, and two sisters, Mrs. Ruth Veach and Mrs. Lella Mae Hughes, and Miss Doris Ruth Hughes and Mr. and Mrs. H. H. Capps of Selma.

Mr. and Mrs. Frith left during the early evening by motor for Panama City, Fla., where they spent a week before returning to Selma. They are residing at 609 Lauderdale Street.

## MORE BLUE LUPINE SAVED BY ALABAMA FARMERS

Evidence of the growing importance of blue lupine as a soil-building crop is indicated by figures from the U.S. Bureau of Agricultural Economics showing that growers in Alabama, Georgia and Florida saved two and three-fourths times as much seed this year as last. The indicated clean seed production for 1946 is 37,300,000 pounds, compared with 13,600,000 for 1945. This places blue lupine third in volume of seed production among all winter cover crop legumes in the United States for 1946.

The Federal bureau declares that growers have been pleased with results from this crop in past years both from the standpoint of seed production and as a green manure crop. The comparative ease of obtaining seed, and use of blue lupine in production with peanuts, are other factors. Of the indicated seed production for 1946, Georgia came first with 20,900,000 pounds, Alabama second with 10,800,000, and Florida third, 5,600,000.

## POPLAR SPRINGS

The revival was held here this past week. We had a wonderful revival. Bro. Morris and Bro. Cook delivered some wonderful messages, which every one seemed to enjoy very much. We had some visitors from other churches which we were glad to have and invite them back at any time. We received three members, one by letter and two for baptism. The baptizing will be at Flakto Sunday, August 11th, at 9 o'clock. Everyone is invited.

The Hand reunion will have the church for that day, but we will have services Sunday night.

The fourth Sunday in August is the day we have set for calling our pastor and election of officers and teachers for the coming year, so let us be much in prayer that the Lord may lead. Don't forget to come to Sunday School each Sunday and bring some one with you.

Each second and fourth Sundays are our preaching days. Let's all come and keep our revival going. Everyone has a welcome at Poplar Springs. — Reporter.

Children as well as housewives are among the chief sufferers from kitchen scalds and burns. Safety advisors agree that the kitchen is not a safe place for young children to play unless a far corner away from the stove is fenced off for them.

Our home-coming was a success, even though we had a rainy day. There was a large crowd and plenty of dinner. Everyone seemed to enjoy the day.

We had some good testimonies and at the eleven o'clock hour Bro. Weaver brought a wonderful message. In the afternoon we had some good singing.

There were visitors from adjoining communities and were indeed glad to have them.

We wish to thank each and every one who had part on the program or helped in any way to make the day a success.

Our revival begins, Sunday, August 11th. Rev. G. G. Williams will be the helper. We invite everybody out to these services and worship with us.

His subject for Sunday morning will be, "The Life Looks," and for Sunday evening, "My Spirit will not always Strive with Man." Everyone has a cordial invitation to hear Rev. Durbin.

According to Major Charles R. Phillips, Commanding Officer of the Montgomery Recruiting Station, "priority will go to those women who have not served overseas because, although urgent, there is a need for only a limited number in each category. We are attempting to be fair to the many WACS who were denied the chance to go overseas but who served long and creditably in this country during the war."

In recognition of the need for Women's Army Corps in the peacetime military establishment, the War Department will seek early legislation establishing a small permanent Women's Army Corps in the Regular Army. General of the Army, Dwight D. Eisenhower, Chief of Staff, has approved the policy. Pending action on the peacetime Corps, present enlistment in the WAC is limited to former members of the Women's Army Corps.

A good suggestion for flouring pieces of meat or poultry is to use a paper bag. Mix the right amount of flour with salt and pepper, put it in the bag, drop in the pieces of meat and shake.

A minimum of corn and other starchy foods are needed during hot weather, but pasturage and plenty of good roughage are advised.

During the long, hot days, work-stock need plenty of water both internally and externally, and rest periods from time to time. When the animal is harnessed, give a bath with a sprinkling pot and a good rub-down.

In the event that the animal does suffer a heatstroke, immediately carry him to the shade, bathe with cool water, and call the veterinarian.

Mulching is must for fall gardens

Mulch is a "must" for more and better fall vegetables.

During the next three months of low rainfall and high temperatures mulching will save moisture and cool the soil, both necessary for good fall vegetable production. Grain or pine straw, last year's leaves, corn stalks, or other similar material will do the trick, advises W. A. Ruffin, API extension gardener.

Mulching should be done after the vegetables are up, stands thinned, and first cultivation finished. Irish potatoes, however, may be mulched when planted.

Two inches of mulch over the entire garden is best. But if material is limited, be sure to use on tomatoes and Irish potatoes, suggests Ruffin.

## Parker Reunion

On Sunday, August 4th, the children and relatives of Mr. and Mrs. S. T. Parker of Marbury gathered at their home for a reunion. At the noon hour a bountiful dinner was spread and enjoyed by all. The afternoon was spent making pictures and eating water-melons. All five of the children were present for the first time in 10 years.

They were as follows:

Mrs. W. H. Parker and children, Donald, Wilmer and Lawrence, of Ensley; Mr. and Mrs. George Hall and son, George, Jr., of Woodside, N. Y.; Mr. and Mrs. W. B. Smith and son, Parker, of Clanton; Mr. and Mrs. E. V. Smith and children, Hubert, Charles Gene and Shirley; Mr. and Mrs. H. V. Smith and children, Douglas, Willodean and Audrey Nell of Weogulika, Ala.; Mr. Lewis Parker and children, Ellis and Annette of Selma.

Other relatives were uncles, aunts and cousins; Mr. and Mrs. O. L. Logan and family of Montevallo; Mr. and Mrs. J. H. Parker of Clanton; Mr. and Mrs. Vernie Parker and son, Robert Lee, of Montgomery.

## ARMY NEEDS WACS

An intensive drive is now under way in the Third Army Area to re-enlist over 300 former members of the Women's Army Corps in certain special categories for immediate assignment in the European Theatre.

The need for WACS overseas has become so great that in addition to those who have remained in active service, honorably discharged women are now urged to re-enlist for this duty.

In order to meet this need on time, a deadline date for applications has been set for August 7, 1946.

Critical skills needed for immediate assignment includes stenographers, clerk-typists, general clerks, statistical clerks, teletype-writer operators, supply clerks, telephone switchboard operators, administrative non-commissioned personnel and cryptographer technicians.

Women who re-enter the service will be given the same grade held at the time of their discharge and they must re-enlist for the duration plus six months. In the event the termination of their military status occurs before the expiration of their one year's foreign service, they must agree to remain in a civilian status after discharge for the unexpired portion of that year if their services are required in that theater.

According to Major Charles R. Phillips, Commanding Officer of the Montgomery Recruiting Station, "priority will go to those women who have not served overseas because, although urgent, there is a need for only a limited number in each category. We are attempting to be fair to the many WACS who were denied the chance to go overseas but who served long and creditably in this country during the war."

## SOIL CONSERVATION NEWS

Eli Borden of Sawyer Cove, cooperator, of the North Central Soil Conservation District, has a nice stand of sericea lespedeza that was planted the last of June. This is another time to plant sericea if the other farm operations are so pushed up in the spring that it cannot be planted.

Dr. Nix of Maplesville, a cooperator of the North Central Soil Conservation District, has harrowed up a nice seed bed and is now spreading manure over this area to plant Crimson Clover and rye grass this fall. Dr. Nix, also, has calve grass volunteering now which will afford an abundance of grazing this fall and winter.

Willard Hicks of Maplesville Community, a cooperator of the North Central Soil Conservation District, states, "I want to plant about ten acres of calve peas this fall on some of my kudzu."

Farmers who have delayed the cutting of their kudzu for various reasons should not cut now, but instead wait until a week or so before frost. By waiting until late fall it will insure a more vigorous growth next year.

W. B. Bailey was very badly disappointed with his first year of sericea lespedeza because it did not grow off as well as older sericea, but was pleased to learn that first year sericea establishes a root system for growth for years ahead, and could not be expected to get tall enough for hay until after the first year.

Due to the rainy weather several cooperators have not been able to harvest their sericea for hay. For this reason, the sericea may now be unfit for hay. Litt Cox in Bethelsalem Community and Leonard McCraw of Isabella Community are planning to save seed from their sericea that is now too large for cutting hay.

DDT can be used to add pounds to the growth of Alabama beef cattle by freeing them from infestations of horn flies, lice, mosquitoes and most ticks, advise API extension livestock specialists. Use wettable DDT, not oil solutions of DDT.

## Baseball Club Plays 16 Innings To Win 2-1

"It was the best baseball game I ever saw." That was the pass word in Clanton the first of this week after the Clanton Baseball team played sixteen fast innings here last Sunday afternoon to defeat Brighton 2 to 1.

"Bull" Watkins, Clanton's old stand-by pitcher, went the full route of 16 innings without relief to chalk up another win. Brighton used about three pitchers.

At the end of the 15th inning neither team had been able to score. In the first half of the 16th with Brighton at bat, a single between third and short scored them one run. In the last half of the inning, Clanton went to bat. Henry Smith pinch-hit for "Bull" Watkins and got a hit over short. Henderson bunted down the third base line. "Doc" Baker followed with another beautiful bunt rolling slowly toward third. This loaded the bases with three on. Frank Cox came to bat and got a clean hit between first and second to win the ball game 2 to 1 in Clanton's favor.

Although they got off to a slow start, the Clanton baseball team has quite a record for this year. Out of 21 games played they have won 10. Since July 4th, Clanton has won eight games and lost four. Those four losses were to Acipico, Price Electric, Royal Cleaners of Bessemer and Sterrett—all top notch teams.

A double-header is slated for Clanton baseball fans next Sunday. Beginning at 1:30, Vick Heard's American Legion boys will play the runner-up to the State Champs, Post No. 2, of Montgomery, in the first game. Immediately following, Clanton will play Sterrett. It will be remembered that Sterrett defeated Clanton here a few weeks ago 3 to 1. Sterrett has a red hot pitcher in Lefty Wilson who is expected to perform here Sunday.

On next Wednesday afternoon, August 21st, Clanton will play their first game with a south Alabama team when they take on Greenville here. The game is being called at 3:30 due to the distance the players will have to travel.

### AMERICAN LEGION LAUNCHES MEMBERSHIP DRIVE

A membership drive has been launched by Post No. 6 of the American Legion. Two groups have been organized into membership solicitation teams. An outing is planned at Martin's Camp on the river at the completion of the drive. Memberships now accepted for the calendar year 1947.

The Committeemen on Group No. 2 are C. R. Morrison, Raymond Mims, Clyde Cleecker, Newt Popwell, Bert Allison and Hance Alfred. Any veteran who is not a member of the American Legion is invited to contact any of the above men for membership now.

### NOTICE TO YOUNG MEN BECOMING 18 YEARS OF AGE

Although men eighteen years of age are not now liable for military training under the Selective Service Law, except as volunteers, it is still mandatory that every male citizen of the United States register on the day he becomes 18, unless such birthday falls on Sunday or any other day when Selective local boards are closed, then he will report to the nearest local board for registration on the following Monday or the first day following the closing of the local board offices. —Zora Guy Smith, Clerk, Local Board No. 2, Chilton County.

### ALVIN REED MIMS WINS STATE FARMER DEGREE

Alvin Reed Mims was made State Farmer by the State F.F.A. Executive Committee.

To win this honor Alvin had to be an active member of the F.F.A. for a minimum of 36 months; must have completed all the Vocational Agriculture offered in the school he attended; must have earned from his own efforts from farming and other agricultural work and have deposited in a bank or otherwise productively invested at least \$500.00. Two-thirds of this must be from his supervised farming program.

Some of the supervised practices carried by Alvin were three acres of corn from which he made a net profit of \$143.96. Two hundred laying hens on which he cleared \$144.70 during 1945.

In addition to the above practices Alvin did many other farm jobs which he learned in Vocational Agriculture. Some of these jobs were pruning shrubbery around his home, building a cement porch, constructing a new fence and sowing clover and oats for winter grazing.

## 4-H Club Members Tour Auburn Experiment Station

Ninety-seven 4-H Club members and adults from Chilton County made a tour of the Alabama Experiment Station at Auburn, August 8th.

By eight o'clock the bus and cars were ready to leave Mitchell Dam for Auburn. Transportation was furnished by a group of interested farmers and businessmen who realize the importance of promoting more worthwhile rural youth programs and activities. The club boys and girls appreciate the time and expense that these men gave to make the tour possible.

Arriving at the Experiment Station about 10:00 the party assembled at Duncan Hall where State 4-H Leaders, Mr. T. A. Sims and Miss Mary Dell McCain, welcomed the group to Auburn. Before lunch everyone went through the ice cream and milk plant where various types of equipment used in making ice cream and pasteurizing of milk were discussed. At twelve lunch was served at the amphitheatre. After the long ride everyone was hungry; however, Miss Barber had expected this and had prepared food with this thought in mind. There was enough food left to know that it was not left for manners sake.

The next project to be visited after lunch were grazing projects where many club members for their first time saw alfalfa growing. Probably the most impressive part of the project was the verica plots where cows and hogs could be grazed through the

### REVIVAL AT MAPLESVILLE

Beginning Sunday, August 18, and continuing through the following week a revival will be held at the Maplesville Baptist Church.

The Rev. J. O. Colley of Birmingham will bring the messages, beginning with the evening service Sunday. We will be glad to have visitors from other communities to worship with us. —J. D. Hopper, Pastor.

### Free Show At City Hall Friday

A free moving picture of the 1945 World Series will be shown at the City Hall Friday night, August 16th, at 8 o'clock.

This picture is brought to Clanton through the efforts of M. C. (Jack) Hayes, who secured it through the courtesy of the American League. Mr. Hayes hopes to make this picture showing of the World Series an annual affair if the citizens of Chilton County, and especially the citizens between the ages of 8 and 18, show that they appreciate it and want it. "Everybody is invited but especially are the kiddies invited," said Mr. Hayes.

Mr. Hayes spent a week recently visiting his old friends, the Chicago White Sox. The manager, Mr. Ted Lyons, is a personal friend of his, and while there had the opportunity to talk with members of four of the Major League teams with whom he had played ball several years ago.

The only company Mr. Hayes had on his trip was "Abano," his seeing-eye dog. He says the dog took to flying without any trouble and they both had a most enjoyable trip.

### Clanton Firm Changes Name

When Troy Maddox and Amon Jones decided to organize a new furniture company their intention was that the store nearing completion across from the Baptist Church on Sixth Street would be their only store. Since that time they have enlarged their operations and have opened a large beautiful store in Thorshy. This instead of calling their new organization the Clanton Home Furnishing, they have changed the name to "Chilton Home Furnishing." Therefore, as soon as the Clanton store is completed there will be two stores to serve you.

In this issue you will read an advertisement inviting you to their Thorshy Store opening, which will be held Saturday, August 17th.

### WHAT'S YOUR STATUS WITH THE DRAFT BOARD

Maj. Gen. Willard S. Paul said last Tuesday that Selective Service expected to draft 185,000 men during the next seven months, unless enlistments increased. He didn't say from what category these men would be "selected."

### Football Practice To Begin September 2

Coach Eddie Waters of the Chilton County High School announced this week that football practice will begin at the school on September 2nd. At the same time he urged all candidates for the 1946 edition to report if at all possible for practice on that date. The first game is set for September 20th, in Clanton, against Hurt School.

Several lettermen are expected each year. They are Charles Cox, Geo. McCain, Walter McCain, "Milton" Mims, Buddie Wade, Jimmie Giles, Bobby Chancellor, Bill Burnett, Frank Parrish, Hugo Smith, Simms Higgins, Herbert Dennis, Clyde Blalock, David Arnold and Matthew Thomason.

The team will feel the loss of the following players from last year's squad: Thomas Kennedy, John Bailey Hodges, Lyndon Robinson, Bobby Lane, Alton Seales, Curtis Hilyer, Lelyn West and Vernon Payne.

Many new-comers are expected to be out trying to make the team this year. Just who and how many cannot be determined but Coach Waters says he expects to see Bobby Vinson, Mack Littlejohn, Charles Smith, Ben Popwell, Billy Lawrence, Byron Lowery, John Luker and Hoover Armstrong out this year.

### Jack Mims Grocery Opens On Sixth Street

Beginning this morning, Thursday, August 15th, Mr. Jack (Wm. J.) Mims has his new grocery store in operation in one of the new Rockett buildings on North Sixth Street. The Jack Mims Grocery is occupying the second building from the corner on Third Ave. North and is carrying a general line of staple groceries.

Besides Mr. Mims, with several years experience to his credit, he will be assisted in the store by his son, Charles Mims, just returned from the service. Miss Betty Baker, daughter of Mr. and Mrs. Jesse Baker, recently graduated from high school here, will serve as cashier. Mr. Baker and his son, John, will assist in the store at odd times when their services are needed—Saturdays and such like. Mr. Mims says he is going to have delivery service on a "cash when delivered" basis.

### REVIVAL TO BEGIN AT JEMISON NEXT SUNDAY

Rev. Carlisle Miller, pastor, announces that the revival services at the Jemison Methodist church will begin this next Sunday, August 18 at the regular 5 p.m. service. Services will be conducted Monday through Friday at 7:30 p.m. Our friends are cordially invited to attend.

### Bill Simpson And Ed Propst Tell Their Fish Story

As the News's fish story contest got along, Bill Simpson and Ed Propst (told by Bill) tell their whopper this week. Here it is:

A few weeks ago Bill Simpson and Ed Propst went on a fishing trip down to Dick Hayes's camp. It rained all afternoon and Ed and Bill couldn't even get close to the water. Along about sunset things cleared up a little and they started fishing. According to their story, they caught 16 fish in 16 minutes. The fish weighed 32 pounds. They cut into 32 pieces and cooked. The party, which consisted of five, ate the 32 pieces of fish.

Have you a fish story? The News will give a \$10.00 cash prize for the biggest one; \$5.00 cash for second and a year's subscription for the third. The contest closes September 30th. Send in your biggest fish story now!

### Dennis Reunion To Be Held In Coosa

The Dennis Reunion will be held Sunday, August 18th at Old Union in Coosa county. Everybody is invited to be there. It is hoped that a large crowd will attend.

### NURSING CLASSES BEING HELD IN COUNTY

Red Cross Home Nursing classes are now being held in Chilton County. Mrs. Minerva O'Rear, County Health Nurse, has just completed a twenty-hour course at Verbena. Ten ladies were enrolled in this class and Mrs. O'Rear was well pleased with their work. Mrs. O'Rear appreciated the way the entire community responded in getting the necessary items to conduct the course.

Any community wishing to take advantage of this course, may contact Mrs. O'Rear at the County Health Department, and she will advise you as to the necessary requirements.

### Dixie Cafe Makes Alterations And Buys New Equipment

Wednesday of this week the Dixie Cafe was closed all day as is their custom. However, in order to better serve their customers and to cause them as little inconvenience as possible the Dixie management utilized this day in making their annual improvements and placing new equipment in the cafe.

Each summer in the past the Dixie has closed for redecorating. This year Mr. Luther Foshee had his crew start early Wednesday morning and work late Wednesday night in order that the Dixie might be open Thursday morning for business as usual and still have the new equipment and the new decorations for the convenience of the customers.

Mr. Foshee invites you to come in and dine at the Dixie when you are in Clanton.

### ANNUAL ALL-DAY SINGING AT BETHSALEM

The annual all-day singing will be held at Bethsalem Church the fourth Sunday, August 25th. Everybody has an invitation and all singers has a special invitation. — Dewey D. Hill, Chairman.

### Children Must Have Birth Certificate To Enter School

A reminder comes from Howard Bookholdt, County Superintendent of Education, that all children who expect to enroll in the first grade in school for the coming term must have their birth certificates. Mr. Bookholdt urges all mothers to attend to this at once and not to wait until the last minute which always causes delay in getting the child started in its studies.

He also stated that a child must be six years of age on or before October 1st, of the current year, before he or she can be enrolled. There are no exceptions to this law and Mr. Bookholdt stated there would be no exceptions made in carrying it out.

All county schools will open on September 10th.

### Funeral Held For Mrs. Mattie Mims

Funeral services were held Sunday afternoon at Refuge for Mrs. Mattie Mims who passed in a Birmingham hospital early Saturday morning. Services were conducted by Rev. M. Lockhart, assisted by Revs. T. R. Greenwood and M. R. Morris.

She is survived by her husband, Dawson (Bill) Mims; three sons—Charles Curtis, Thomas Carlotta and Billy Wayne; one daughter, Mattie Erlene; her mother and father, Mr. and Mrs. John Minor of Sylacauga; three brothers—Thomas M., John Paul and Mitchell Odell Minor, all of Sylacauga; one sister, Miss Turnbull Minor, also of Sylacauga.

Funeral services were held Sunday afternoon at Refuge for Mrs. Mattie Mims who passed in a Birmingham hospital early Saturday morning. Services were conducted by Rev. M. Lockhart, assisted by Revs. T. R. Greenwood and M. R. Morris.

Flower girls were: Willojean, Ira Mae, Margie Ree and Flossie Mae Mims, Lois Easterling, Vesta Shaw, Dorothy and Jeanie Lockhart, Delene Minor and Margie Reenie Easterling. Martin & Sons were in charge.

Mr. and Mrs. H. H. Glenn and boys were visitors to Lanett Sunday.

### Citizens Determined To Have Their Roads Worked

Citizens of Jackson County last week got so peeved at two of their county road commissioners for not keeping their roads up until they decided to take matters into their own hands. Last Saturday night about 150 men, 65 per cent of whom were veterans, marched on the homes of the commissioners and took 11 pieces of road machinery. Tuesday they were in their second day of repairing their roads. They appointed a temporary road supervisor and were to hold a meeting to "map plans to improve" the two commissioners if they did not hand in their resignations as requested.

## FAIR TIME

It is time for County Fairs all over the country, but we in Chilton County have no County Fair.

This is one of the badly needed institutions in our country. We say institutions because when a county fair is looked forward to by the citizens year after year it becomes an institution and the population from one year old to one-hundred years old looks forward to the yearly County Fair.

As summer wanes and we see advertisements of the state and county fairs not any of us need be sold on this American entertainment. It is one institution that hasn't changed so much but that our great-grandfathers might feel at home there should they return.

The manufacturing industry may have modern machinery to amaze grandpa but those prize pumpkins, pigs, preserves and fine quilts wouldn't startle him. The automobile displays might be a treat for us, but he would be more interested in the trotting horses.

The first fair in our history was held in 1810 in Pittsfield, Mass., with the city subscribing \$50 for premiums and the citizens the same. Today prizes run into thousands of dollars and the youngsters of the 4-H Clubs walk off with a goodly share of it.

The county fairs send many who attend back in memory to days when sheep, poultry and apples meant more than symphonic music on electric recordings, airplanes jet-propelled and stock market graphs.

The grand stands may be concrete and the side shows streamlined-lined, but salt water taffy and popcorn still taste the same.

## A WRONG GUESS

The fear that the divorce rate would increase because of hasty war marriages seems to have been a useless worry. Those who study trends in divorce and social maladjustment, gave us to understand that servicemen would return to find family life practically impossible, that women working during war wouldn't want to become housewives, that soldiers would come home full of psychosis entailing careful handling. Evidently adjustments have been undergone in a normal way and that flood of divorce has not developed. Statistics point that very few divorces are being sought with the war as a basis of the trouble. We don't know of the personal problems and reasons attached to all cases brought into court, but the Veterans' Bureaus and county courts advise that the number of servicemen and women who have applied for divorce is so small that it is practically impossible to even gather statistics on the subject. It is believed that many such cases would have come to court regardless of war.

## MORE ABOUT BUTTER

Butter is appearing in larger quantities in many sections. The housewife refuses to pay the high price and so butter remains on the shelf. A boycott works against the grocery store and butcher shop and in order to unload before the product becomes rancid, the price drops. They have had to sell at below cost, in some cases, and the effect is a song of woe. The merchant who sells butter and meat carries the weight of blame of the consumer. Now he is standing the loss as well as the censure for high costs. When the ceiling price went off of butter there were still people who would buy it, at any figure. But about nine-tenths can't afford to pay the price. The middle-man stocked up and the majority of his customers turned thumbs down. The grocery store and meat market get the blow of the boycott directly, but the producer and the manufacturer should also come in for the housewife's wrath. This is happening in meat, also.

Inflation is something we all expected, and deflation is something that most of us around here remember from 1929. We are now embroiled in the same type of thing in 1946, not having learned our lesson by heart.

## FOLKS & THINGS

### ABOUT TOWN

-By BEN

This week's fish story is furnished by Bill Simpson. If you could get Bill to sit still long enough to tell you all the good fish stories that he knows, it would fill a big book. We suppose Bill knows more fishermen and has guided more fishermen to the better places to fish in Chilton County than any other man here. There's only one thing that Bill likes better than fishing—that that's more fishing.

"Mitch" Williams was telling us that he and Pat had just returned from a trip through Florida and had a wonderful time. It was their first trip and "Mitch" couldn't appreciate the desolate miles of swamp and wire grass. He says that if he had a thousand acres of that land all he would want for it would be a ticket back to Clanton.

Had you noticed too that when a woman agrees with you she always says, "Yes, I heartily agree with you,—but,"

T. R. Greenwood came in to see us the other day. It was the first time we had had the pleasure of shaking his hand. However, he complimented us on our paper and our column and assured us that the picture at the top looked plenty old and it was his opinion that it should be left "as is." That's the fifth person that has come in and told us that that picture looked as old as we do. Maybe we had better have another one struck.

Hell hath no fury like a woman scorned — nor asked for the second time what time dinner is going to be ready.

The Vacation Bible School ended Friday at the First Methodist Church with a picnic for the kiddies. Those in charge are to be highly complimented on their so successful School this year. The very lovable Rev. and Mrs. Carlisle Miller praised the teachers, the W.S.C.S., and the kiddies on the wonderful cooperation of all. We understand that plans will be started much earlier next year and a much larger Vacation Bible School held.

J. M. Williams of the Floyd Community has more pride in his home community than any man we have ever known. In conversation with Mr. Williams Saturday afternoon he was "bubbling over" with enthusiasm in the recent revival held there. He is our good friend and if Floyd Community has many other residents who are as ambitious for their community as is Mr. Williams, they can't help but build a bigger and better place in which to live. More power to them.

We were asked the other day how long a fellow should wait for a girl who was supposed to meet him at a given time. That question would be hard to answer unless we could see the girl.

## BOWLES

Mr. J. T. Bowles is improving. Mr. G. C. Hathcock is also better. Mrs. Charles C. Jackson arrived from Columbus, Ga. Friday where she has been making her home for the past few months. Her husband, Pfc. Charles C. Jackson, left for North Carolina where he will receive his discharge.

Misses Frances Hathcock and Frances Chandler returned home Sunday from Montgomery where they spent part of last week with Mr. and Mrs. W. B. Chandler and Mrs. Cora Chandler.

Mr. and Mrs. Arthur Chandler of Montgomery visited Mr. and Mrs. Clyde Chandler Sunday, afternoon.

Mr. and Mrs. W. B. Chandler and Wayne of Montgomery, visited Mr. and Mrs. G. C. Hathcock and family Sunday. Mrs. Chandler and Wayne remained for a week's visit with relatives and friends.

Misses Willie Pearl and Fay Chandler spent Wednesday night with Mrs. G. C. Hathcock.

Proper care of aluminum pans is important. Dark stains on aluminum can be removed with vinegar water if they have not been allowed to stand too long. The pan should be filled with equal parts of vinegar and water, and brought to a boil. Soap and soda are not satisfactory for removing such stains, and may deepen them.

## MORAL ECHOES

Rev. D. W. Haskew, D.D.

The story is told of a little Chinese girl who was carrying her brother on her back. As she staggered along with her load, she was asked, "Aren't you carrying a load too heavy for you?" "No, no," replied the little girl, "He is my brother." When one is carrying his brother, he feels but little weight. Love has a wonderful way in making light the loads of life. When we are carrying our weaker brother, we feel but little weight. Here is a thought for you when you go out to do social work. It is not a hard task for us when we know that we are rendering a service of help to those whom we love, and then you can help to carry the load of your fellowman, and your loads in life will seem very light.

Recently a Negro veteran of World War II stood before a gathering of discharged soldiers and churchmen and made this statement, "I have marched and fought side by side with the soldiers of all nations, and we know no difference over there, but on my return to my native land, I am shoved to the rear. I see less democracy in the United States, than I saw in the lands beyond the seas. My race is not clamoring for the blood mingling of other races, but under the Stars and Stripes, we feel that we have the right to expect equal rights, equal justice and equal opportunity with all races making up this great Republic." Can a true Christian fail to be touched by the honesty and the appeal of that one who fought for us? Democracy is founded on equal rights to all, and special favors to none. If you are a true Democrat, say nothing about being a true Christian, you must list your influence in seeing that your brother in black has justice.

In the Pyramids in Egypt there is one stone that is estimated to weigh 880 tons. All these stones fit together so closely that a penknife may be run over the surface without discovering the crack between the rocks. It is supposed that these stones were rubbed together until the fit was perfect. No mortar was used in fitting these stones together. These Egyptian builders were better builders than the masters of today. The pyramids are our example of Christian brotherhood. Races should fit into each other until there is no evidence of a division among us.

ALL out of the same basket

Telephone materials for catching up on thousands of applications for telephones, extending farm telephone service, and providing more long distance facilities all come from the same basket. It's a big basket, but war communication demands emptied it and left us way behind in switchboards, buildings, cables and everything telephone service requires.

In spite of hampering shortages of raw materials — lead, copper, steel and the like — we're making progress. And we won't let up until there's plenty of service, local and long distance, for town and farm.

### WEEK'S BEST RECIPE

**Jellied Beet Salad:** One package lemon-flavored gelatin, 1 2-3 cups boiling water, 1 tablespoon orange juice, 1/4 cups diced cooked beets, 1 tablespoon vinegar, 1/4 teaspoon cinnamon, 1/2 cup diced celery. Dissolve gelatin in water. Cool. Add rest of ingredients and pour into mold. Place on lettuce and serve with mayonnaise.

### USING MEAT DRIPPINGS

You do not need all of the meat drippings in the pan for gravy. Save some for baking and sauces. You can get two cups of rich gravy with only 4 tablespoons of drippings. Use drippings for a white sauce by substituting same amount of drippings for the base you usually use. Tomato, creole and spaghetti sauce are delicious from such drippings. Mix drippings with crumbs for the topping on a casserole dish or for dressings on vegetables by merely pouring it over them. Bones of meat make soups and stock. Scraps trimmed from cuts can be used for seasoning all kinds of dishes. Fat can be used for shortening, frying and seasoning when it is melted down. All of this by simply saving instead of wasting.

### FOR HEALTH'S SAKE

Gelatin contains a protein which is a very important nutrient for our bodies. Summer is a good time to serve it, in salads or as a dessert. Fresh fruit gelatin is good, with cookies, as a hot weather dessert. It is easily fixed and can stand without impairing its flavor. Combine vegetables as shredded carrots, cabbage, radishes, sliced cucumbers and diced celery, to make a gelatin molded salad.

### INSPIRATIONAL

If all the year were playing holidays, To sport would be as tedious as to work.—Shakespeare.

## PROVIDENCE

There will be a singing at our church Saturday night, August 17, beginning at 7:30.

It is the closing of our singing school which was conducted by O. B. Martin and a wonderful success. We invite everybody to come and help us sing.

And, beginning next Sunday, August 18th, our revival begins and will run all next week conducted by Rev. Darling helping Rev. Nix.

## AMERICAN LEGION BASEBALL

Saturday afternoon, August 17th, at 3 o'clock, our Legion team plays Calera's first team here. On the next day, Sunday, August 18th, the Legion team ties up with Montgomery Post No. 2 of the American Legion, the runner-up team to State of Alabama Champion team. This game will be called promptly at 1:30 p.m. so that it will be over by 3:30 when Clanton's first team meets Sterrick of Birmingham in a revenge battle, for the 3 to 1 loss Sterrick plastered on our team about two weeks ago.

Last week the Legion team lost one game to Siluria, 1 to 0, and won one, 5 to 4. The first team was a pitcher's battle between "Bozo" Johnson for Siluria and Hubert Thompson for Clanton. Johnson allowed two hits, walked four and struck out thirteen; Seals and Thompson getting the hits for Clanton; Thompson allowed four hits, walked one, and struck out four. Not an error was made by either team.

In the other game errors gave all of the scores to Siluria. The first man up for Siluria, first inning, was hit by Walker pitching for Clanton; next two men up filled the bases on errors; next man up hit to short stop, was safe at first on error, first man up scoring; on a throw to third base, with nobody covering, two more scored, with the fourth batter up going out at third; the next two batters were out on a fly to right and a strike out. Clanton, in their half of the first got two of the "runs back." Smith, first up, singled; McCain was hit by pitcher; Gentry walked; Parrish singled, scoring Smith and McCain; Walker flew out to center; Giles made first on an error; Luker struck out and, on a grounder by Wade, Giles was out at second for the third out. Clanton tied the score, three all, in their half of the second. Thompson, first up, reached first on an error; Smith struck out; McCain reached first on error, Thompson going to second; Gentry walked, filling the bases; Parrish hit an in-field fly and was automatically out, but the short stop muffed the fly and tried to throw Thompson out at home, Siluria catcher stepped on home plate, did not attempt to touch Thompson, who scored unmolested when the catcher threw to first; McCain tried for third and was out, retiring the side.

Siluria forged to the lead again in their half of the fifth; the first two men up were out, second to first, and pitcher to first. C. Davenport, next up, singled, Siluria's first and only hit, stole second and third; Shelton, next up, walked and stole second on an error by short stop; Davenport scored; next man up popped out to third. This was the last score for Siluria.

Clanton tied the score in their half of the fifth. McCain, first up, doubled to center field, and stole third; Gentry reached first on error on a throw by catcher to get Gentry stealing second; McCain scored and Gentry safe. A minute later he was picked off of second, pitcher to center fielder who had slipped up to second base; Parrish and Walker retired the side on third to first and a fly to center.

In Clanton's half of the sixth they pushed over the last and winning score of the game. Giles doubled to left of center; Luker went out, pitcher to first, Giles holding second; Wade singled to right of center, scoring Giles, making Clanton 5, Siluria 4.

## 4-H Club Boys and Girls Hold Outing On Coosa River

(By R. H. KIRKPATRICK, Assistant County Agent)

With the coming of late summer months, vacations, camps and picnics are discussed and planned with a great deal of enthusiasm. 4-H Club members are no different from any other individuals and as the result of a great deal of planning and preparation, the first 4-H Annual Summer Camp since the beginning of the war was held.

Ninety Club boys and girls representing every 4-H Club in the county left Clanton last week for an outing at Mitchell Dam.

Monday, the first day of Camp, was spent in getting the camp in order. For the evening meal, Miss Barber, with the assistance of several club girls, made hot dogs while the boys vigorously turned ice cream freezer handles without having to be encouraged. This may have been due to excess energy after a hard day's work or perhaps it could have been the thought of eating ice cream promised more reward than it had been a corn sheller that was being turned.

After a picture show Monday night, Club members turned in. Some of the Club members finding too much to talk about, found it difficult to sleep; however, with dogged persistence the sand man stayed at his job until the boys and girls drifted off to sleep, and the noise of frogs and crickets took over the conversation and laughter of the evening.

As the first shafts of sunlight escaped the hills in the east, Club members started the day with sleep and uncertainty filling their eyes, not quite recognizing their whereabouts upon awakening. The pleasant aroma of frying sausage soon had everyone busy cleaning up and preparing to eat breakfast.

After finishing breakfast the camp was cleaned and the boys and girls were divided into two groups to start the activities of the day. An electrical demonstration had been planned to be concluded by a tour of Mitchell Dam itself. Mr. Hurst Mauldin, Rural Service Engineer for the Alabama Power Company, conducted the demonstration and for most of the boys this proved to be very interesting.

Equipment was on hand to show in a visual way many of the principles of electricity that would have been difficult to follow had they just been discussed. The importance of wire sizes, switches and outlets in wiring the farm home was shown and discussed with club members. After the demonstration some of the boys found that it was more fun to tinker with the demonstration material than to play horse shoes.

After the demonstration club members were taken through the Dam on a tour. For this Mr. John Hollis can be thanked. He and other men employed at the Dam gave their time and a great deal of patience in answering questions and explaining how electricity was generated and carried into homes in the county. Many of the boys and girls realized for the first time that the Dam was more than just a concrete structure holding back the river.

The afternoon's swim was cut short by a heavy rain that lasted until dark. With all the rain and lightning club boys and girls were not long in finding something to take the place of outside games. Checkers, fiddlesticks, and dominoes were brought out and the time passed quickly. Before supper games were put away and everyone gathered in the assembly room. Although evening watch could not be conducted in the traditional manner, Rev. Carlisle Miller talked to a very attentive group of club boys and girls. Of all the demonstrations and talks while on club camp it would be safe to say that Rev. Miller had the most attentive audience of the week. An interesting speaker, a timely and appropriate subject and an alert group of boys and girls made up an ideal program.

Mr. T. A. Sims, State 4-H Club leader, ate supper and was a guest for

the night. A barbecue chicken supper had been planned for the evening meal but the weather would not permit use of the outdoor barbecue pit. Miss Barber had little trouble changing the menu and a good supper was soon served.

The second night found fewer boys and girls that were hesitant about sleeping and by 10:30 the quiet river was keeping its vigil over a restful camp.

Wednesday morning breakfast was served, camp was cleaned and the pool was filled to capacity with boys and girls. After an hour's swim, Mr. Dan Royal, District Forester, and Mr. C. C. Ay, Forest Ranger, took over the boys program for the morning. Fire fighting equipment was explained and demonstrated along with a discussion of the importance of preventing woods fires. Mr. Royal then took the boys into the woods and showed them how to use a scaling stick in determining the amount of timber that could be cut out of a tree. Several boys placed orders for seeding cedar to be planted for 4-H projects after discussing the project with Mr. Gay and Mr. Royal.

Swimming and horse shoe playing took up the greater part of Wednesday afternoon; however, time out was taken when Dr. A. M. Pearson, Fish and Wildlife Specialist, from Auburn, visited camp to show some colored slides on fish pond construction, stocking, and fertilizing. Because of Dr. Pearson's pictures and discussions the club boys and girls were able to understand just how the use of fertilizer could increase the size and number of fish.

Wednesday's supper can be easily remembered because Miss Barber barbecued chickens all evening and by supper time everyone felt that regardless of the quantity of food, it would not be enough. This proved to be wrong for when everyone had finished the meal there was chicken left. Some few got up enough courage to make another unsuccessful try, but left over chicken remained.

Wednesday night was a bustle of activity as club members packed clothes and belongings in getting ready to go to Auburn the next morning.

Quietness stole over the camp much sooner Wednesday night than the two previous nights and no one complained of an early bed time.

Six o'clock Thursday morning found club members eating breakfast in preparation for an early start. By eight

o'clock the bus and cars had arrived and club members were loading for the trip to Auburn.

The trip, needless to say, proved interesting but tiresome and after a busy day club members arrived in Clanton about six o'clock and were met by their parents. We don't know, but from all indications few club members should have had trouble sleeping that night.

We think a worthwhile and interesting camp was held and unless there are a lot of changes club members can look forward to another camp next year. Who knows? Some day club boys and girls of Chilton County may have their own 4-H Club camp where more boys and girls may take part in the recreational activities that our rural boys and girls so rightly deserve.

County agents will be glad to answer any question you have on planting winter grazing and soil improving crops. Get your seed and fertilizers now to be among the many thousands of farmers who are planting record acreages to these crops.

### CARD OF THANKS

We wish to think every one for their kindness and sympathy shown during the death of our infant daughter, Little Helen Ruth Smithman. We are grateful for the beautiful flowers. We especially thank Bro. J. I. Bice, Dr. Moore, nurses of the Central Alabama Hospital, and Mr. and Mrs. White.

May God's richest blessings be with each and every one of you.—Mr. and Mrs. Edgar Smithman.

Farmers who intend to store sweet potatoes this fall should provide storage space and obtain crates, says Lyle Brown, API extension horticulturist. Old storage houses and used crates should be thoroughly disinfected before being used again.

Every month is a good month to cull out poor layers. API extension poultrymen point out that this saves scarce feed and maintains maximum production, thus increasing the net income.

Business was directed by the chairman after which a social hour was enjoyed by all. The meeting adjourned with Mizpah.

## Softball League To Have A Little World Series

Because of the horse show on Wednesday night, August 14th, and the necessity of preparing the park on Tuesday for the show, the softball games that were scheduled for Tuesday night, will be played on Friday night, August 16th. The games scheduled for Thursday night, August 15th, will be played on that date. The games that were rained out on Tuesday night, August 6th, will be played on Saturday night, August 17th, which will end the season.

Beginning Monday night, August 19th, a little World Series will be played by the four top teams in the league. These games will be played on Monday, Wednesday and Friday nights of each week until completed. The teams will play two out of three, eliminating two teams and the remaining two teams will play two out of three for champions for this season. The four top teams at the present are Verbena, P. O. team, Alabama Mills and Bell Hardware. The P. O. team and Alabama Mills are tied for second place.

The remaining games of the season and the date they are played are as follows:

August 15th — Alabama Mills vs. Bell Hardware; P. O. team vs. Ford Place.

August 16th — Verbena vs. Bell Hardware; American Legion vs. P. O. team.

August 17th — Alabama Mills vs. Ford Place; Bell Hardware vs. American Legion.

League standings are as follows:

| Team            | Won | Lost |
|-----------------|-----|------|
| Verbena         | 8   | 3    |
| P. O. Team      | 6   | 4    |
| Alabama Mills   | 6   | 4    |
| Bell Hardware   | 4   | 5    |
| American Legion | 4   | 6    |
| Ford Place      | 3   | 7    |

August 8th games scores: Ford Place 16, American Legion 1; Bell Hardware 4, P. O. team 3.

## Dobbs Reunion

The annual Dobbs Reunion was held Sunday, August 11th, at the home of Mr. and Mrs. Dan Williams, the old home place of Uncle Nattie Dobbs.

There were 101 present, many who were not present last year. We were very glad to have them with us this year. We were especially happy to welcome back our relatives who have been in service. We sincerely wish those luck who are still in service and hope they will soon be coming home, so they can be with us next year.

At 12:00 o'clock a bountiful dinner was spread under the spreading pecan trees in the yard. Everyone had plenty to eat and there was a great deal left. We were very thankful for the beautiful weather.

We are very sorry that Aunt Sally Wyatt, the oldest member of the Dobbs family, who is 93 years old, was ill and unable to come. At noon a box was fixed and taken to her. In the afternoon some from the reunion visited her. We all hope she will soon be up and around.

Those present were as follows: Mr. and Mrs. Robert Hill and children, Mr. and Mrs. George Moore and children from Birmingham; Mr. and Mrs. Alpha Dobbs and children, Mr. and Mrs. Joe Dennis, Mr. and Mrs. Virgil Dennis and baby, Mr. and Mrs. J. R. Dobbs, Mr. and Mrs. Fate Driver and son, Mr. and Mrs. Red Fulmer and son, Mr. and Mrs. Josie Fulmer and daughter, Mrs. Estelle Kemp and baby, Mr. and Mrs. Arthur Mims, Mrs. Lela Murr and children, Mr. and Mrs. Leonard Lockhart and children, Mr. Willie Dobbs, Mr. and Mrs. Jack Baker and children, Mr. and Mrs. Oliver Enfinger and daughter.

Mr. and Mrs. Reedie Dobbs and children, Mr. and Mrs. Harvie Dobbs and children, Mr. and Mrs. Oscar Price, Mrs. Willie Hamilton and children, Mr. and Mrs. McKinley Johnson and children, Mr. and Mrs. Neel Mullins, Mr. and Mrs. Arden Johnson and baby, Aunt Emma Culp and Uncle Bud Dobbs, all from Clanton; Mr. and Mrs. Riley Calhoun and children from Echelle; Mr. and Mrs. Tommie Dobbs and daughter from Svanover; Mr. and Mrs. Roy Dobbs and Mr. and Mrs. Leroy Dobbs, from " " " "

Visitors were: Mr. and Mrs. E. G. Mullins and children, Mrs. Ida Powell, Mrs. Ida Williams, from Clanton. The two oldest present were Aunt Emma Culp and Uncle Bud Dobbs. They are the sister and brother of Aunt Sally Wyatt.

We all had a wonderful time and hope to see each other again next year.

Pic Charles Glenn of Lowry Field, Celso, is visiting his parents Mr. and Mrs. H. H. Glenn.

## Interest Gaining In Community Concert

Interest in Clanton's Community Concerts for the 1946-47 season mounts daily, and music patrons over the county are already requesting tickets. "Doc" Levine and Bob Oglesby want to assure everyone that plans are going ahead, and civic concerts is a reality. However, "Doc" would like to explain the organized audience plan that has proved effective in cities and towns all over North America and which Clanton is adopting.

Hitherto, towns the size of Clanton have incurred financial deficits by continuous ticket selling and by relying on the sale of single admissions at the box office. These losses have been made up by the wealthy few, and sooner or later the concerts have fallen through. Indicative of the transition of the support of cultural institutions from the wealthy minority to the general public is the membership plan.

September 23-28, there will be an intensive, non-profit membership campaign directed by Henry Deygner, New York impresario. Six dollars purchases an adult membership, and assures the member of not less than three concerts. Three dollars is the fee for students. The sale of individual admissions is completely done away with—only members can attend concerts. At the end of membership week, artists are engaged within the limits of the budget already available, and no more memberships will be sold until the next season. When Clanton has a city auditorium, and hence, greater seating capacity, members will have more (not better) attractions for their money. If we are limited to three concerts this first season, it is only because of the size of the available auditorium. The quality of concerts will be as good as those presented in New Orleans which also employs this plan.

Those desiring admission to concerts this year should have their membership dues ready when contacted September 23-28, for, as already explained, there will be a limit to the number of memberships available—Mrs. Raymond P. Mims, Chairman of Publicity.

## CIRCLE NO. FOUR

An inspiring and enjoyable evening was spent in the home of Mrs. B. N. Studdard last Monday evening by Mrs. Carlisle Miller and the following members of W.S.C.S. Circle No. 4. Mrs. A. B. Windham, Mrs. W. C. Davidson, Mrs. L. H. Reynolds, Mrs. W. A. Marcus, Mrs. J. W. McGinnis, Mrs. Joe Mulhns, Mrs. John Niblett, Mrs. Tol Kunkel and Mrs. Otto Jones.

Much business including the children's Tuesday programs and their refreshments; the forthcoming study class to be conducted by our preacher; tanning for the Foreign Food Relief; flowers for the church this month and reports from the treasurer and all committees were attended to.

A beautiful reading on the History of the Symbol of the Cross was most graciously given by Miss Melba Studdard.

## CEMETERY CLEANING

There will be a cemetery cleaning at Macedonia, Beat 14, August 23. Everyone interested, come and bring tools to work with.

## Vets Warned Of Fee Racket

Veterans are "throwing their money away" if they pay anyone a fee for processing an application for terminal leave pay, the State Department of Veterans' Affairs state today, because the service is available to them without cost.

"We have County Service Commissioners in every county who are ready and willing to help the veteran make out his application without charge," said C. C. Horton, Department Head, "and veterans' organizations will do the same thing."

Horton said, "It has come to our attention that efforts are already being made by individuals to collect from ex-servicemen and women for such services."

Each of the thirty-seven county officers of the State Department of Veterans' Affairs has already been alerted in preparation to handle the tremendous load of applications which is anticipated.

## Chilton Packing Co. Ships Peaches To Top Markets

One of Chilton County's thriving industries that annually operates during the peach season is the Chilton Packing Company, an enterprise that has been hanging up top records in its industry since it was started five years ago.

The packing firm has been serving peach growers in that section, furnishing them top markets for their crops and shipping Alabama peaches to all parts of the United States. This firm operating on the principle that only the best is good enough to be sold under their label, the Chilton brand, has consistently been shipping U. S. No. one grade pack. With this policy, John B. Derramus, one of the firm's partners, says that the famous Georgia peach has been running second in competition with his product, with the Chilton peaches topping the market wherever they are sold, and consistently bringing at least 25 cents per bushel more than the Georgia product.

Figures released by Mr. Derramus and his partner, Roy M. Roper, indicate that the annual shipment of Alabama peaches from his packing plant runs to approximately 100 cars annually. The heavy rains this year, however, reduced their shipments to only 60 cars. As an added run of their packing plant, the Chilton Company this year also shipped several cars of tomatoes earlier in the season. Most of these shipments go to the northern markets where early season produce brings the best prices.

This year for the first time, the company installed a complete mechanized system for defuzzing, dusting and grading the peaches before they are packed. As the processed and graded peaches emerge on the conveyor belts,

## FORMS NOT YET AVAILABLE

The actual forms for the preparation of applications for terminal leave pay have not yet been printed and some thirty days or more may elapse before any are available. Information coming out of Washington indicates that the application forms may be secured at any post office and in addition it is expected that the county officers of the State Department of Veterans' Affairs will also have adequate supplies. The War Department requests that former service personnel entitled to benefit under the bill "Take it easy" for a while. They will not be adversely affected as the maturity date of the bonds will be determined as of the date of the discharge.

Veterans are reminded that photo-static copies of discharge or certified copies of discharge or any official certificates in Lieu of Lost or Destroyed Discharge will be accepted as evidence of eligibility for payment.

Veterans who have lost or misplaced their original discharge certificates are urged to go immediately to the office of the County Service Commissioner and file an application for a certificate in Lieu. All county offices of the State Department of Veterans' Affairs have appropriate forms for making this type of application.

## NOTICE

All interested in helping keep up the old Pleasant Hill cemetery near little Bill Caton's please be there early Wednesday morning, August 21 with all kinds of tools to work with. Planning on cleaning all between the three roads or the little triangle between the roads, need hoes, axes rakes wheelbarrows and two mules with a couple of harrows for dragging out trash from under trees around the edge to save time. Please come and let us show that our community is interested in honoring the dead. Small children can help. Everybody come and help if rained out on Wednesday come on Thursday, August 22—Callie Dawson.

they are passed along to the packing stalls where individual operators pack the bushel hampers with Alabama's finest of its peach crop.

## THORSBY BAPTIST CHURCH

Our revival begins next Sunday morning with the Reverend J. Ivey Edwards doing the preaching. Brother Edwards was with us last summer and did some good work, so much so, we wanted him back with us. His preaching is of the highest type and it reaches all age groups. His five-minute messages to children just before the regular message, are really good. They grip children and adults alike. It is the real Gospel preaching he gives, and that is what the world needs.

We give all in reach a cordial invitation to attend these services.

It is hoped that we shall have a singer to be with us and help in music and gospel singing.—G. G. Williams.

## SHILOH

We have just closed our revival at this place with eight additions to the church by baptism and one by letter. Wonderful messages were delivered by Rev. J. L. Hand and Rev. Clarke Burkhalter. The church seems to be greatly revived. We urge all members to be present next Sunday, August 18, since it is the business of the church to call a pastor for the coming year.

## ISABELLA CEMETERY

## ARMED FORCES LEAVE ACT

The Armed Services have asked us to make the following announcement: Veterans who will benefit from the Armed Forces Leave Act of 1946 are requested NOT to write to the Armed Services in regard to claims. Settlements will be made in non-negotiable bonds, maturing in five years and bearing two and one-half percent interest. These bonds will be dated from the time of your discharge. It will, therefore, make little difference whether you receive your bond within a month or six months. In any event,

numerous letters of inquiry addressed to the Armed Services will only delay the orderly procedure of payment. Do not visit any of the paying offices in person. Claims will be handled by mail only. Claim forms and instructions will be available at all post offices throughout the country within 45 days. If you have any questions, after filling out these forms consult your local Community Advisory or Information Center or your State or County Veterans' Service Officer.

## V-J DAY 1 . . . V-J DAY 2—PEACE IN OUR DAY

On August 14, 1946, the world will look back on a year of freedom from global war. It has been a critical and dramatic year, in many senses more critical and dramatic than the horrendous years that preceded it. The United States, together with other nations, has spent the past twelve months struggling to set its feet back on the highway to peace and security. It cannot engage in this struggle without the deeply-etched reminiscences of the dark and bloody times that were encompassed by Pearl Harbor and Okinawa.

FIRE on the black beaches of Iwo Jima (left), his face on the white sand. This August, 1945, the islands of the Pacific are

silent monuments to American valor and sacrifice. On the white beaches of the United States the sailor, soldier, or veteran can peer into the glow of his outdoor hearth (right), remembering, but alive and at home again.

## SOIL CONSERVATION NEWS

Theodore Barnett of New Salem Community is using crotalaria on his cropland for soil conserving and soil improving. His brother, George W. Burnett, made this comment about what crotalaria had done for the field. "Before crotalaria was planted here, this land was hard and formed clods, when plowed. Now it is easy to work, and just look what good corn is growing here." In addition to adding nitrogen to the soil. As all legumes do, crotalaria will mellow top hard and cloddy land and make it easy to work.

Walt Lenoir, Jemison, Ala., Route 1, Pleasant Grove Community, is doing one of the best jobs that the writer knows of anywhere in the state with crotalaria as a cover crop. You can hardly see the ground anywhere and the corn or cotton following shows that they have benefitted from the same.

Charley Childress is preparing to cut Kobe lespedeza hay from lespedeza seeded in May. Charley states, "I will drill oats in the lespedeza as soon as I think enough seed have matured to insure me a good crop next year. I intend to keep this field in lespedeza and oats for two or three years before I put it in row-crops."

Mrs. A. A. Jones Sunday.

Mrs. Marzell Parker has returned to her home in Detroit, Mich., after spending her vacation with her sister, Mrs. Gussie Smith.

Mr. and Mrs. Raymond Sansom visited Mr. and Mrs. D. E. Sansom last week end.

Mrs. Era Coggins is confined to her home this week due to illness.

Mrs. Grady McClendon and children visited her parents, Mr. and Mrs. E. C. Traywick, over the week end.

Mrs. J. A. Clackler spent Saturday night with her daughter, Mrs. M. L. Traywick.

Pfc. William Clackler, Jr., from Washington visited friends and relatives here last week.

Mr. and Mrs. Jimmie Mashburn of Mobile were week end guests of Mr. and Mrs. M. L. Traywick.

## FLOYD NEWS

The health of this community is good at present except some bad colds.

Our revival has just closed. We had a wonderful revival. Bro. Homer Carroll did the preaching and he really poured out his heart to God. We had 10 added to the church—three by letter and seven by baptism. We are just praying that God will see fit to send Bro. Carroll our way again. We all learned to love him what few days he was with us. Our offering to Bro. Carroll was \$122.00. We thank every one that had a part in this offering.

We are starting our Sunday School off anew and want every one who will to come out for Sunday School every Sunday morning at 10 o'clock. Bro. Grady Hudman is our Sunday School Superintendent. Let's all stand by him for he can't run a Sunday School by himself.

We have called Bro. R. E. Wilkins for half time for another year. The Unity Association will meet at Floyd this time the 8th and 9th of October. —L. M. Williams, Reporter.

## LEGION TO ADVERTISE ALABAMA IN CALIFORNIA

The response to the Legion's plans to advertise Alabama at the National Convention of the American Legion opening September 30 in San Francisco has been wholehearted. Patriotic Alabamians, newspapers, radio stations, business men, industrialists, farm organizations, livestock raisers, state, county and municipal officials, Chambers of Commerce, civic and luncheon clubs, labor organizations and many other groups and individuals are lending their support to this timely program.

The Alabama Department of the American Legion has no selfish motive in the campaign to publicize Alabama, her industries, agricultural products, livestock raising and the many other things which have generously contributed to her progress and development. This program is in keeping with the aims and purposes of the American Legion to do its share toward making Alabama great.

## MANY FARMERS PLAN TO COMBINE SERICEA

Many Alabama farmers who have sericea lespedeza that has made too much growth for hay will save seed from the crop this fall.

An unusual amount of rain in some sections has caused farmers to miss hay cuttings or has made sericea in pastures grow faster than livestock could eat it. In these cases, Sam Doughty, API extension soil conservationist, recommends that the seed be combined.

"Wait until the seed are fully mature, usually right after the first killing frost, to combine. If small combines have difficulty in handling the woody stems, cut less than a full swath," Doughty said.

Sericea seed prices should continue to be good because the crop is proving successful in providing hay and grazing, he added.

When making the fall garden, be sure that seed are planted in firm, well-settled soil. Don't plant too deep, advises W. A. Ruffin, API extension gardener. Walk on the seed to bring them in close contact with the soil and moisture.

## FARMERS TO GROW MORE FALL CROPS

Alabama farmers have begun planting what promises to be a record acreage of winter grazing and soil improving crops. Last year's 1,500,000 acres planted to small grains and legumes will be topped this fall, believe State agricultural leaders.

Cheap livestock feed and better crop yields next year are the aims of farmers, who last year added about \$35,000,000 to their crop, meat and milk incomes by planting these crops. Plantings will be limited only by seed and fertilizer supplies, which at this time are not certain. However, J. C. Lowery, API extension agronomist, forecasts that there will be enough in most sections to plant more than last year's acreages. He urges farmers to get seed and fertilizers now to avoid missing out on them later.

Already Sand Mountain farmers have begun planting ryegrass and crimson clover and other sections will finish planting this combination in August.

Plantings of oats and other small grains, which account for about one-third of the State's winter grazing crops, will begin September 1. Many farmers will grow ryegrass and Austrian winter peas in combination with oats.

In the Black Belt, Caley peas are used extensively for late winter and early spring grazing. Black medic and lapappa clover are also good there.

For soil improvement, vetches, Austrian winter peas, and blue lupine are the leaders. In some areas farmers will grow crimson clover for this purpose.

A very light application of nitrate of soda should be made to fall vegetables as soon as they are up to a good stand. Apply the soda when the plants are dry, advise API extension gardeners. Plants should be thinned when a good stand is established.

The surface fire sweeping through the woods does more damage than you may think. A wild fire too small to destroy mature trees, still will kill off seedling growth, the forest of tomorrow.

## Good News For Folks Who Suffer From

✓ STOMACH GAS  
✓ SOUR FOOD TASTE  
✓ ACID INDIGESTION

Do you feel bloated and uncomfortable after every meal, have sour, bitter food? If so, here is how you may get blessed relief from this nervous distress.

Everytime food enters the stomach a vital gastric juice must flow normally to break-up certain food particles; else the food may ferment. Sour food, acid indigestion and gas frequently cause a morbid, lousy, fretful, peevish, nervous condition, loss of appetite, underweight, restless sleep, weakness.

To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that 888 Tonic is analogous in increasing this flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the 888 Tonic formula, which contains special and potent activating ingredients.

Also, 888 Tonic helps build-up non-organic, weak, watery blood in nutritional anemia—so with a good flow of this gastric digestive juice, plus rich red-blood you should eat better, sleep better, feel better, work better, play better. Avoid punishing yourself with over-doses of soda and other alkalis to counteract gas and bloating when what you so dearly need is 888 Tonic to help you digest food, build body strength and repair. Don't wait! Join the host of happy people 888 Tonic has helped. Mims of bottles of acid. Get a bottle of 888 Tonic from your drug store today. 888 Tonic helps build sturdy health.

### CLEANING GARDENS

#### MID - SUMMER CHORE

Cleaning out the old plants, grass and weeds is one of the most important mid-summer garden jobs. Do not turn this little under, but remove from the garden area for use later as mulching material, says W. A. Ruffin, API extension gardener.

If available, apply a heavy application of well-decayed manure, then break the soil to a depth of 6 to 8 inches and harrow until in perfect condition for planting. Commercial fertilizer, he states, should be applied at the rate of 10 pounds per 100 feet of row. Beets, carrots, rutabagas and turnip need in addition 10 pounds of basic slag or lime and 2 tablespoonsful of borax.

A rise in arrests for reckless driving reported by Alabama Highway Patrolmen was partly responsible for the 28 per cent increase in apprehensions to 1471 during July, Clyde C. Sellers, Chief of the Highway Patrol, announced recently.

ing and Power of Prayer." The program ended with a prayer for freedom from fear.

Mrs. L. E. Diefenderfer presided over the short business session which followed.

After the meeting was adjourned the hostess, assisted by Barbara Davidson, Fay Bannister and Eleanor Warr, served ices to the following members: Mesdames Diefenderfer, Edgar, Evans, Reynolds and Wilson. Mrs. Searcy was a guest.

### Shoe Production To Be Speeded

OPA has joined with other Federal Agencies to insure continued production of shoes, OPA said today.

The Civilian Production Administration will make a widespread check of hide inventories in the hands of slaughterers and collectors, and of hides and processed leather held by tanners, he explained.

### Cotton Appared Upped In Price

Rising prices of raw cotton have caused increases in retail prices of cotton apparel, household linens, and piece goods, OPA District Director, Watkins said today.

OPA estimates, that mill-price increases in basic cotton textiles will result in a six to eight per cent rise in prices of cotton apparel, and approximately 17 per cent in the cost of household linens.

In addition to recognizing higher raw cotton prices, the agency included an increased profit factor, as required under the extended Price Control Act.

### ALABAMA'S COTTON CROP

31,900 BALES LESS THAN LAST YEAR

Montgomery, Ala. — Alabama's cotton crop for 1945 is forecast at 900,000 bales of 500 pounds, according to report released by the Alabama Cooperative Crop Reporting Service, based on information as of August 1. This is 31,900 bales less than the 1945 crop and 116,000 bales less than the ten-year average. The indicated yield per acre of 288 pounds is 31 pounds below that of 1945, but 40 pounds above the ten-year average. The crop generally is late, with considerable complaint of excessive July rain, and also of boll weevil damage, especially in central and southern areas. "Per acre yields are expected to be below those of last year in all districts" the report stated.

### FAMILY COW NEEDS

#### PLENTY OF GRAZING

What about a "break" for Bossy?

Winter grazing crops are as important for the family cow as for commercial herds, says C. E. Teague, API extension dairymaid. "Two acres of these crops for each cow will assure plenty of heap feed and high quality milk this winter," he added.

Mixtures of oats and vetch or ryegrass and crimson clover were suggested as excellent combinations. Caley peas as well as laplacea clover and black medic in the Black Belt will furnish plenty of grazing.

"These crops for fall, winter and spring grazing worked into a system with other temporary and permanent grazing and hay crops will make the family cow do her best," said Teague.

More than 4,000 acres will be seeded to alfalfa on 1,200 Alabama farms this year, bringing the total acreage in the State to 12,500.

## ISABELLA

Bro. Stuckey preached a very inspiring sermon to a large congregation Sunday morning at Mulberry. He is helping Bro. Rice in a revival at Pleasant Valley this week. So he did not preach Sunday night. But there was a nice crowd out for B.T.U.

We will begin this Wednesday night a weekly singing at Mulberry. Everyone is invited to be with us each Wednesday night. O. F. Davenport and R. C. Veazey leading. Come.

The W.M.S. will meet at the church Wednesday, August 21st, at 2:00 p.m.—very important.

The Baptism was held Sunday afternoon and it was a beautiful service at the creek near Jim Suite's place.

There was a crowd of our people from this community attended the revival at Rock Springs in Clay County last Thursday and Thursday night, where Bro. Lester was helping in a revival.

Mr. and Mrs. Jim Bryant visited his brother, John Bryant, here last week. Mrs. R. L. Yielding has her father, Mrs. Deese, of Haysville, Ala., visiting her this week.

Mrs. C. T. Farmer, Clifford Truett and Ann, are visiting her mother, Mrs. Emma Manning, this week.

Mr. and Mrs. Milton Stevens and Annie Lee of Alexander City visited her mother, Mrs. Ethel Cummings, Sunday.

Marianne Wells spent last week in Birmingham with her sister, Mrs. Andrew Jones. Gleneue and Ronny Jones, came home with her to stay a while.

Miss Edna Earl Tucker from Texas is visiting her parents, Mr. and Mrs. W. T. Tucker, here this week.

### MAKE YOUR CAREER

#### AN "ARMY CAREER"

Today, the army can provide the answer to the question uppermost in the minds of most young men of this community. "What can I do to assure myself of a place in the world—obtain more education — and guarantee my future?"

Under the new pay scale, \$75 per month for a private soldier, an army job provides an income that compares more than favorably, with the average civilian income today. In the army, clothing, food and lodging are furnished the soldier without cost. There is no Federal Income Tax to pay. Recreational and most exchange facilities are provided at low cost.

We say, "Make the Army Your Career." Army pay is good pay and will provide sufficient income for your needs. Under the Army retirement plan you are assured of a secure future. You may elect to retire after twenty years service at half pay or after thirty years service at three fourths pay. In either case, you are guaranteed a monthly income for life. A civilian worker, in order to obtain these benefits, would have to put aside at least \$1,000.00 per year in an annuity fund. In a soldier's case—no deduction is made from his pay at any time—his retirement pay is provided entirely without cost to him.

If you decide after a three-year enlistment to leave the service—providing you enlist on or before 5 October 1946, you will be entitled under the G.I. Bill of Rights, to a full college education with all tuition costs paid—plus a liberal monthly allowance for living expenses.

Come into the Recruiting Station at Clanton, and let us give you further details about an Army Career.

### TEXTILE INDUSTRY EMPLOYED 1,163,000 PEOPLE IN 1939

The importance of the textile industry to the general economy of the nation is shown in the fact that in 1939, date of the last biennial census of manufacturers, textile mill products and other fiber manufacturers provided more jobs than any other manufacturing industry group in the nation.

The employment facts are brought out by Jules Backman and Martin R. Gainsburgh in a study of the economics of the cotton textile industry made for the National Industrial Conference Board and released here for publication by Walter S. Montgomery, chairman of the board of the American Cotton Manufacturers Association.

In that year, the textile industry provided slightly more jobs than either the food or iron and steel industries. During the war years, however, employment in textiles was exceeded by several other industries such as iron and steel, machinery and transportation (shipbuilding and aircraft).

The figures reported in the study were obtained from the United States Bureau of the Census and the United States Bureau of Labor Statistics. They show that in 1939 the production of textile-mill products and other fiber manufactures employed 1,163,000 persons. Food and kindred products employed 1,133,000; iron and steel and products, except machinery, employed 1,127,000; apparel and other finished products, 849,000; machinery, except electrical, 680,000; printing and publishing and allied industries, 553,000; automobiles and auto equipment, 460,000; chemicals and allied products, 404,000; nonferrous metals and their products, 282,000; and petroleum and coal products, 140,000.

### RULES GIVEN FOR ALFALFA SUCCESS

Prospective alfalfa growers were cautioned this week that they must "follow the rules" for success with this crop.

J. C. Lowery, API extension agronomist, told farmers that few other crops require such exacting management as alfalfa. "Farmers should work closely with their county agents in growing the crop," he said.

These were the "rules" given by Lowery:

- (1) Plant on fertile, well-drained soils.
- (2) Plant on land where a winter cover crop was turned in the spring before seed matured. The land must have been fallowed through the summer. Do not try to begin preparing an area now for planting — chances are the seed, fertilizer and labor would be lost.
- (3) Lime, superphosphate, muriate of potash plus some borax are the fertilizers needed. County agents will give exact requirements for various sections.
- (4) Plant 25 pounds of double inoculated seed per acre August 15 to September 1 in north Alabama and September 1 to 15 in the southern half of the State.

## STANTON

Revival at the Baptist Church is still in progress.

Miss Vara McKinney of Selma, Ala., spent Sunday at home.

The many friends and relatives of Mrs. "Mattie Cole" Barnes, Texarkana, Texas, were shocked to learn of her death in a hospital there last week. Funeral and interment in Texarkana. Her brother, D. T. Cole, and his son, Earnest Cole, attended the funeral. Mrs. Joe Cox, a sister, was unable to attend on account of her illness. Our sympathy is extended to this family.

Mrs. J. D. Gay (nee Mable Nickols) underwent a serious operation in Vaughn Memorial Hospital, Selma, Ala., Saturday. We wish for her a speedy recovery.

Friends of Bobbie Hampton, Maplesville, Ala., will be glad to know he is able to be up and around since his motorcycle accident.

Theron Watson of Maplesville, Ala., is improving from spinal meningitis. He is in Vaughn Memorial Hospital, Selma, Ala., and will be able to come home the first of this week.

Mr. and Mrs. Glenn Woolley, Chas. and Judy, spent a few days last week with their mother, Mrs. Mattie Woolley.

Mr. Robert Gay had the misfortune of getting his arm broken one day last week.

Miss Esther Hicks continues to improve.

Mr. and Mrs. Virgil Lawley (Tommy Milling) of West Blocton, Ala., have announced the arrival of a daughter, named "Sheryl Lynn" on July 24, 1946.

Miss Frances Chism has accepted a position in Plantersville, Ala. Friends of Mr. H. H. Biscoe of Plantersville, Ala., will regret to learn he is critically ill at this home.

To speed up sewing and make it easier, make a pin cushion wrillet.

It is very simply done. Make a round cushion about two inches thick and three inches wide, and fill it with hair or sawdust. Fasten this to an elastic band that will slip over the hand and wear it in the position of a wrist watch. When pins are not in use, they keep better in a tight box.

### FSA Borrowers To Visit Prattville

Seeing is believing. Next Wednesday, August 20, a large per cent of the Farm Security Administration borrowers from Chilton County are planning to visit the Experiment Station near Prattville to see the experiments being carried on there in good field and farm management.

Tour's of farms which are being operated in accord with the recommendations of the Extension Service and the Soil Conservation Service, are frequently visited by groups of FSA Supervisors to see better farm practices in actual operation. Next week, these men who are interested in doing a better job of managing their crop acres for greater production, better crop rotation and better feed crops, are going to see how it is done at the Experiment Field at Prattville.

The Experiment Field at Prattville is under the direct supervision of the Alabama Experiment Station, located at Auburn. Federal and State Funds finance the experiments carried on by these fields in various crops and their treatment. The Experiment Field at Prattville is one of eight such fields located throughout the State. These Experiment Fields are so located as to major soil type areas so that results will be comparable to what can be accomplished by farmers in the area.

The FSA borrowers from Chilton County will be joined by others from the adjoining counties of Autauga, Elmore and Coosa. The program for the day will be under the direction of Extension workers from the Experiment Station, and from the Extension Service in Auburn. FSA borrowers from the counties and from Auburn will also be present.

A tour for the Negro FSA borrowers from these counties to the Experiment Station was conducted August 6. Sixteen of the nineteen Negro borrowers in Chilton County made the tour with B. N. Ivey and Edward M. Davis, FSA Supervisors.

## POSTMASTER HELD UP BY 2 GUNMEN

### They Came To Take Over The Government

Early last Tuesday morning Mr. George Culver, Postmaster at Mt. Creek, was held up by two gunmen who approached Mr. Culver and ordered that they were taking over. Nothing was taken.

Highway Patrolman Champion reported the story this way:

Early Tuesday morning Mr. Culver was rolling the mail out on a wheelbarrow as usual. Two men approached him, ordering that he turn the post office over to them. The two men were armed with a Cal. 45 pistol and a shotgun. They declared they were "taking over" the government. According to Mr. Culver, the men declared they were leaders of a veterans organization.

Someone noticed the incident and went up to summons Mr. J. R. Peck, who is Sheriff Niven's deputy in Mt. Creek. Mr. Peck was not told what was taking place and went to the scene without a gun. The two men then held Peck.

It is reported that the men tried to force Peck to return to the house and turn his gun over to them. This he refused to do. Soon someone got a call through to Clanton.

The two men left and were caught at the home of a fellow Price just across the line in Autauga County, where they were staying.

The men were Isaac Lunford Lackey, Sr., 42, of Nashville, Tenn., and Homer Garland Odum, age 20, of Birmingham. They were placed in the county jail charged with unlawful possession and presentation of firearms.

Odum, who at first claimed to be a World War Veteran, later told officers he was an ex-convict and had served time for stealing an automobile in Jefferson County. Prison records show that a 17-year-old boy listed as Garland Odum served from December 1943 until July 1945, when he was discharged from Draper Prison.

Lackey, officers say, is mentally unbalanced. Lackey's brother, who lives in Tennessee, said he would send someone to get Lackey and take him home.

Lackey is reported to have been seen around Cooper, Verbena and Mt. Creek for several weeks and has claimed to be in the lumber business.

Law enforcement officers said they didn't think these men had any connection with the series of burglaries that had been going on in the county for the past two weeks.

## Revival at Church Of Christ Continues

The revival at the Church of Christ at Clanton will continue through Friday evening of this week. The subject for Thursday evening at 7:45 o'clock will be, "Is The Sabbath Binding On The Christians?" The public is most cordially invited to hear Evangelist Howard Allen fully explain what the Bible teaches on the subject of keeping Saturday holy. We can assure you that you will enjoy and appreciate this much confused subject. The subject for Friday evening will be "The Jerusalem Church." You will enjoy hearing these discussions.

## PARTY LINES DRAWN; NAME CANDIDATES

The Republican Committee met the past week at the Chilton County Courthouse and named their Standard bearers for the November 5th election. Two Democratic nominees were left without opposition when the committee failed to name a candidate for the office of Judge of Probate and County Solicitor.

The Republican candidates named were: For Circuit Clerk, Aaron Dennis; Sheriff, Ed Littlejohn; Member of the State Legislature, W. L. Sanders; Commissioner,

Entered in the Post Office at Clanton, Alabama, as second-class matter under the Act of Congress of March, 1897.

### UNFAIR TO GI'S

We seriously doubt that the GI's have so very much to do with all the rioting and the taking of law into their own hands that is going on over the country in their name.

It is certain that with several million veterans in the United States it would be hard to get any kind of a crowd together without the veterans being represented. However, it seems if one veteran is present the daily press and radio come out with large headlines stating that the veterans did this and that—honestly the idea was probably that of a hood-lum or crank.

There are ways and means to do all things but mob violence is not one of them. It is true that in a great number of cases something must be done but it should be done in an orderly manner and not in the manner that would have been taken by a Hitler or a Mussolini. That is what the veterans fought to rid the world of.

We do not believe the veterans are guilty. True you will find some who are irresponsible enough to cry, "We shouldn't let them kick the GIs around," as one did in Athens the other day, but we are not so sure that the author of that line was a GI.

There are enough veterans to carry their aims for better government to the polls and win. They do not have to resort to unAmerican tactics. It cannot be accomplished in a day—but neither was their other mission accomplished in a day. They know how to accomplish their end in an orderly way and in due time this they will do.

We are betting on the veterans.

### A JOB WELL DONE

High praise goes to the officials of the Clanton Horse Show Association and the Kiwanis Club and the Pilot Club. The three-way combination gave to Chilton County and Central Alabama one of the best Horse Shows of the season.

The Clanton Horse Show is a distinct asset to our county and was a big success in every way. We congratulate these public-spirited citizens who worked so untiringly to make it the success that it was.

### WE QUOTE

In BUSINESS WEEK they tell of a visitor from England who was asked, "What is the principal impression of the U. S. you are carrying back to England with you?" This visitor, after a four-months trip into almost all parts here, replied:

"It remains the only place on earth where everything can be completely screwy and almost everyone can still get along quite well. You have buyers' strikes and new sales records marching along hand in hand; you break production records while workers are breaking records for striking; greater supplies of almost everything and greater shortages of everything tag right along together; politically, you put in most of your time complaining that that fellow in the White House doesn't do anything while the last time I was here you were as unanimously complaining that that fellow in the White House would not stop doing things; almost everyone says the government is terrible, but almost no one seriously suggests doing much of anything about it except complaining; and along you roll irrationally, irrelevantly, and yet vastly more prosperously and cheerfully than any other people on earth. When chaos reaches such proportions, it acquires a majestic beauty which almost make it a symphony."

### LABOR DAY

Labor Day is a challenge each worker should meet, the dedication to promotion of industry with a creative part and profitable gain from it, with reason and honesty. Taking advantage of good working conditions, improving those not up to standard, co-operating with employers, seeking just wages and hours, with service in return for pay, attaining the respect of co-workers, are a few of the laws for labor. The Knight's of Labor who originated this idea, back in 1882, meant the day as a symbol of man's earnest and honorable toil. The radical elements that have since come to shock and anger many Chilton County people, that cause dissatisfaction among the laborers themselves, is harmful to the true meaning of our national Labor Day.

### SCHOOL BOOKS AGAIN

The free pursuit of learning gets under way again as millions of boys and girls return to the classrooms. Before this year closes many of them will have met with accidents due to traffic carelessness. We have let down in caution through the summer vacation, but now motorists must protect the lives of these school children wherever we find them. School buses, school house neighborhoods, cross-streets, bicycle riders, ball-players, all call for attention of the man behind the wheel. We are trustees of the safety of hundreds of school children of Chilton County. Let us serve on this board in honor.

Now that we don't have to fill fountain pens for so long, we can write more protest letters to our congressmen.

## FOLKS & THINGS

### ABOUT TOWN

-By BEN

If anyone owns a day-stretcher I wish he would loan it to me. For instead of just 24 hours a day I could use a hundred and three. Twenty-four for the work I am needed to do,

A dozen or so just to play, A few for the books I've wanted to read,

And then with the rest of my day I could go all the places and see all the things

I have for so long wanted to see, So if anyone owns a day stretcher, I wish he would loan it to me—G.L.

Forgive us for mentioning our young offerings but this is too good to pass up. The other night we were reading the Bible and the youngest daughter was memorizing the Psalms. We were on the "23rd" Psalm where the quotation goes, "Surely, goodness and mercy will follow me," etc. The young lady recited it, "Surely to goodness, mercy will follow me."

Have you been to Thorsby to inspect the new furniture store there. It is owned by Troy Maddox and Amon Jones and is really an up-to-date store. It will be well worth your time to make this new store a visit. And, oh yeah, they are opening a bigger store in Clanton within the near future. Watch for the opening announcement.

A reporter had been sent to cover a mine disaster. He was so impressed by what he saw that he tried to indicate all the emotion and heroism around him in that vast panorama of death. In a telegram which he sent his editor, he began, "God sits tonight on a little hill overlooking the scene of disaster." His editor wired back: "Never mind disaster. Interview God. Get picture if possible."

Minnie and Charles Wade have a new off-spring. We congratulate them heartily. What the young man's name is we do not know but we do know that mother and son are doing nicely.

Spent several hours with Governor-elect Jim Folsom this week and enjoyed them very much. Mr. Folsom is very excited over his trip to Washington and with his several visits with the President. According to "Big Jim" the old folks can look for their \$40.00 per month pension to start soon after he enters office because he has already made arrangements—and when our new Governor makes arrangements, you can depend on things happening. He told us to tell you that you could depend on the pension to start next year and before his term expired you could depend on it being raised to \$50.00.

Appreciation of the mothers of Clanton should go to Mr. Cohen Stapp for his interest in the young folks of the city. Last week he entertained members of the M.Y.F. of the Methodist Church with a watermelon cutting at his farm and dairy west of the city. All had a wonderful time and expressed their appreciation of Mr. Stapp's hospitality.

We are very glad to see Mr. H. A. Harris back at his old job at Piggly Wiggly. He was ill for several weeks and his friends were worried about him. It is with much satisfaction that we report his improved condition.

"I love you—ouch."  
"I love you—ouch."  
And there you have the story of two porcupines necking.

### MORAL ECHOES

Rev. D. W. Haskew, D.D.

A certain man's wife lost her sight, and his work was such that he had to leave her at home all day alone. To enable her to get around the house in safety a special arrangement had been developed. A clothes line was tied to her bed post, and from there the line led to all points in the house. She would put her hand on the rope and answer the door bell, go to the kitchen, to the library, out into the yard, or anywhere about the house. That rope gave her discipline and confidence. She trusted the hand that had stretched it, and she never lost her way. God has stretched a line for us in this darkened world, and by faith we can take hold of His way of faith, and we can walk in safety and trust. Our faith in Christ may be strong, but we are helped when we put our minds upon the rope of love and walk by that faith. Safe is the Hand that stretched the rope.

I went out to the Airport to see a friend of mine off on a trip. The Air Liner sat there before us and I watched this friend of mine as they took charge, preparing him for the journey. They weighed him, weighed his baggage, checked everything, to be sure that he did not carry excessive weight on that plane. There is a strict rule for air passengers concerning excessive baggage. "There is a strict rule for Christians also at this point. For us to travel successfully in the vast realm of God's Kingdom we must not only free ourselves of the aggressive sins of hate, violence and impurity, but we must get rid of the excessive baggage, such as arrogance, self-indulgence, petty jealousies and vulgarity. In Christian travel the new life in Christ requires a check-up in regard to excessive baggage. It is

### DON'T QUIT YOUR JOB TO DRAW UNEMPLOYMENT BENEFITS!

Montgomery, Ala. — Many people still have the idea they may receive unemployment benefits by simply quitting a job and refusing to accept employment, Frank R. Broadway, state director of industrial relations, said today.

Declaring the idea erroneous, he pointed out that 26,547 persons were held ineligible for unemployment benefits by the Alabama industrial relations department during the first half of this year.

"An individual is disqualified if he refuses to accept suitable work, quits work voluntarily without good cause connected with his work, is fired for time to take off.

As my friend was leaving on the Air Liner, I had the privilege of meeting the pilot. It was a joy to meet such a personality. He was spotlessly uniformed, his countenance was clear, and his bearing indicated knowledge, dependability and faith. As my friend climbed the steps into the plane he remarked, "Look that pilot over. Don't you think that I can trust him? What a joy it is to travel with Jesus Christ as the Pilot of our lives. He is groomed with spotless living, with Divine intelligence, with knowledge and dependability. Yes, we can trust our Pilot. Time to take off with Him."

### YOU CAN'T BUILD LINES WITH PROMISES

## Ed Littlejohn Writes Voters Of County

I wish to express to the "Clanton County Republican Convention my sincere thanks and appreciation for the confidence you have placed in me by nominating me for the office of Sheriff of Clanton County.

The encouragement and solicitations from many of my friends has been most gratifying and has made me feel more deeply the desire to serve the people to the fullest degree of my ability should I be elected to the office.

I need not go through any preliminaries about myself, as I was born and reared in Clanton County and have resided here all my life, therefore it is needless to say, I believe in the people of Clanton County.

I have had the pleasure of being closely associated with a large number of you while working with and for you during the last few years, and I cherish the many friendships that have grown up between us.

I shall see as many of you personally as I possibly can before the election, but just at the present time, let this be my personal appeal to you for your support.

I feel that my previous experience in this line of work will be of much help to me in understanding and executing the duties of the office.

If I should be your choice to fill the office, I would feel very keenly my solemn duty and obligations to you and to the county as a whole to try to make you a good officer and merit the confidence placed in me, and at all times enforce the laws with equal rights to all and special favors to none. I wish to further state that I am free from any promises or obligations to anyone, except to the people of Clanton County, as a whole.

Cordially yours,

E. P. LITTLEJOHN.

## NOTICE OLD-AGE PENSION MEETING

The Local Unit of ALABAMA OLD-AGE PENSION ASSOCIATION for Clanton County meet in the court house at Clanton every 4th Sunday at 10 o'clock.

HOWARD ROPER, Pres.

GENE WYATT, Sec'y.

The State Officers of the Association are: J. H. Kelly, President, Haleyville; Joel T. Curtis, Secretary and Treasurer, Haleyville; Judge T. W. Bryan, Vice resident, Clanton.

State Association Board Members in addition to the above officers are: Von L. Thompson, Chairman, Birmingham; Rev. John A. Somine, Nauvoo; W. P. Smith, Tuscaloosa; Frank Holcombe, Oneonta; Daniel J. Baker, Troy; J. N. Hughes, Blountsville; S. A. Harrell, Jemison; J. A. Kelly, Delmar; Rev. Geo. C. Barron, Alabama City; J. M. Ayers, Alabama City; S. S. Scott, Bessemer; W. T. Womble, Rev. C. A. Taylor, Clanton; Rev. Rufus Woodward, Albany Station, Decatur; Rev. J. M. Engle, Decatur. All the officers and Board of Directors of the ALABAMA OLD-AGE PENSION ASSOCIATION, which is a corporation, resulting from a consolidation of the two older corporations.

J. W. Beasley and J. H. Kelly were nominated for the office of President of the Old-age Pension Association, Inc., October 14, 1945. Beasley received eight votes and Kelly received 10 votes, so Kelly was declared elected. Beasley was nominated for one of the Board of Directors, and then and there when he was nominated, refused to serve.

So Mr. George W. Beasley was not connected with the Old-Age Pension Association, Inc. He was never elected on the Board or for any office in the Alabama Pension Association, Inc., and the two Associations were merged and consolidated under the name of ALABAMA OLD-AGE PENSION ASSOCIATION, with a Board of Directors consisting of 18 members and Mr. Beasley was not one of them, therefore Mr. Beasley is not connected with the ASSOCIATION, as merged and consolidated into one Association, and has no right to collect money or take names in the name of the ASSOCIATION and there is little or no hope of Beasley representing the ASSOCIATION at the next meeting of the Legislature of Alabama when the new Governor takes charge. We have the "Green Light" on the pension bill to be added to the new law bill of 1947.

It's regrettable that Beasley after being defeated as President of the Association started out to sell the old folks to whatever candidate for Governor that would buy them. It seems like he was left out on a limb. Guess he tried all five of the candidates. Big Jim did not want to buy the old people. He considered they belonged to

him already, as he had been advocating them all along—old age pensions for ten years. It seems he offered the old folks cheap, all in one bundle for \$1,200.00 and a \$500.00 job as head Distributing Agent. It seems Big Jim would not deal, so he did not endorse him for Governor. So he tries his sale on Mr. Boozer. So he seems to have traded with Mr. Boozer as he endorsed him — rumored on an installment plan, paying him \$200 down and one thousand when he delivered the old folks in the election. Did all he could to defeat Big Jim, apparently helping him in the run off but it is reported vote for Ellis.

You will remember Ellis talked about Pensions like he might have bought some of the old folks from Beasley. Guess he did some trading with Mr. Boykin as he endorsed him.

Mr. George W. Beasley will not have much influence with the next Administration as he defeated Big Jim as best he could. He tried to defeat Sparkman for Senator. So we have the "Green Light" on the Pension Bill and will look after it. We are expecting to organize a club in every county, and all clubs will send delegates to the Pension Committee to Montgomery next Spring. So don't let Mr. Beasley fool you. He is not representing the ALABAMA OLD-AGE PENSION ASSOCIATION.

Yours truly,

## FLOYD NEWS

Health of our community is good at present.

We had a nice crowd out for Sunday School Sunday, but there are more that could come. Folks, come on out to Sunday School for we need you. Let's all meet together and study God's Word. A few moments together each Sunday I believe it would make you feel better on Monday in which to start your week's work.

Well, it seems like it is hay making time around Floyd. Everybody is rushing with their hay. It will soon be cotton-picking time (and oh, my back).

There are several from here attending the singing school at Enterprise. They sure have a good school there. Mr. Floyd Devaughn is the teacher.

Some from Floyd attended revival services at Bethelam Sunday night and reported a nice time.

Mrs. E. E. Williams of Birmingham visited Mr. and Mrs. J. M. Williams a few days last week.

## HILL SPONSORED BILL GETS PRESIDENTIAL SIGNATURE

President Truman has signed the Vocational Education Bill sponsored by Senator Lister Hill, increasing the federal funds for vocational training in Alabama to approximately \$900,000 per year, more than doubling the federal funds which Alabama now receives for vocational training.

"This additional money," Senator Hill stated, "will mean the extension of vocational education and job training into many Alabama communities not now receiving such benefits, and the expansion of existing vocational training facilities throughout Alabama."

The funds made available by this Act are required to be matched by state funds. The money will be used for extending Alabama's present program in vocational training in Agriculture, Home Economics, Trades and Industry, Vocational Guidance and in Distributive Occupations. The bill preserves the present method of administering vocational education by state and local authorities as provided in the original George-Deen Act.

Vocational training in peacetime and in wartime has proved its worth in equipping our people for gainful and useful employment. The additional funds now made available will make a still greater contribution to the Nation's peacetime economy.

Expanded vocational training in the field of Home Economics will meet a great need in Alabama for training in home making and participation in vocational agriculture training by our young farm boys and girls will result

in a greater measure of security and prosperity for our farm families of Alabama.

## VERBENA WOMAN'S SOCIETY OF CHRISTIAN SERVICE

The Verbena Woman's Society of Christian Service had its regular program meeting July 23rd, with Mrs. Jimmie Forte. The program was presented in a very interesting and impressive way by Mrs. H. E. Watlington of East Lake (mother of Mrs. Barnette DeRamus).

During the social hour the hostess served a delicious ice course.

The society met August 15th for a mission study spend-the-day with Mrs. Joseph Shepherd. The six chapters in the book, "One World, One Family" were given by Mesdames P. F. Mitchell, W. S. Baldwin, Jimmie Forte, Barnette DeRamus, Charles Foshee and Mrs. Joseph Shepherd.

At the noon hour our hostess served a lovely lunch to the following members: Mesdames P. F. Mitchell, Barnette DeRamus, Charles Foshee, W. S. Baldwin, John Howard, C. S. Strock and Miss Mary Williamson. Visitors: Mesdames Lonnie DeRamus and Miss Annie Lamar.

This day, spent in this lovely home, will be one that in after years when we are thinking of happy days of bygone times will shine out brightly and be amidst the ones we find.

## ARNOLD - PASSERO

In a very impressive double ring and candlelight ceremony, Miss Mary Frances Arnold, daughter of Mr. and Mrs. G. A. Arnold, Clanton, Ala., and Mr. Rudolph J. Passero, of Rochester, N. Y., were united in marriage at 7:00 o'clock on the evening of August 14, 1946, at the home of the bride, with Rev. Carlisle Miller officiating.

Preceding the ceremony, Mrs. Carlisle Miller, violinist, played "Because" and "O Promise Me." During the ceremony "Clair de Lune" was played.

An altar was improvised with ferns and other green plants making background for standard baskets filled with white gladioli and on either side were wide spreading candelabra in which burned waxen tapers and these were tied with white satin ribbons caught in large bows.

Mrs. Dale M. Price, sister of the bride, lighted the candles before the ceremony. She was dressed in a light blue street dress with a corsage of carnations adorning her hair.

Miss Clara Crew was maid of honor and the bride's only attendant. Her suit was blue garbadine with black and fuchsia accessories. She wore white carnations.

The bride was given in marriage by her father. For the occasion she wore a light tan suit with brown accessories. Her corsage was a beautiful white, yellow throatied orchid.

Mr. Dale M. Price of Birmingham was the groom's best man.

The bride's mother was dressed in gray crepe and wore a corsage of white carnations.

Following the ceremony a reception was held in the dining room. The bride's table was covered with a lace cloth. The centerpiece was a three tiered wedding cake embossed with lilies and roses, and centered with a miniature bride and groom. The cake was surrounded by ivy, sprinkled with snow on the mountain. White candles in crystal holders completed the table decoration. In the center of the buffet was a bowl of beautiful white flowers. Candles were on either side.

Those serving were Miss Dorothy Arnold and Mrs. Dale M. Price, sisters of the bride, and Mrs. W. A. Arnold.

Mr. and Mrs. Passero left for a wedding trip to Tennessee, Kentucky, Ohio, Niagara Falls and Canada. They will be at home at 360 Driving Park Ave., Rochester, N. Y.

**ALABAMA FAIRGROUND SITE OFFERED FOR LIVESTOCK COLISEUM**—Here is the \$800,000 Alabama State Fairgrounds, No. 1 site offered by the Birmingham City Commission for the proposed \$500,000 State Livestock Coliseum. The ground is valued at \$230,000 with \$570,000 worth of improvements already in. The site is only a few blocks from the center of Birmingham's 500,000 metropolitan population and accessible to exhibitors from all sections of Alabama by 15 arterial highways without passing through the congested business section. This site is within a 105 mile radius of 83% of the total population of the state; 73% of Alabama's farm population; 70% of members of all 4-H and FFA Clubs; 70% of the livestock; 78% of livestock value and 89% of the state's area. Hearings have been held in Montgomery and Birmingham before the Agricultural Center Board appointed by Governor Sparks to select a site. Members of this board are considering evidence submitted by both cities. It is composed of State Senator W. W. Garrett, Uriah, Chairman, Evin Jackson, Birmingham; Maynard Layman, Decatur; Agriculture Commissioner Joe N. Poole and Col. Thomas McCord, Montgomery.

## U.S.O. To Serve For Another Year

With over 1,500,000 men—including many Alabamians—still in the nation's service overseas and in hospitals, the United Service Organizations has acceded to a request from the president and will continue to serve another year, it was announced today by Judge Whit Windham, of Birmingham, chairman of the USO committee for Alabama.

The USO will depend — as in the past — upon contributions and Alabama's quota, scheduled to be raised in a campaign beginning in October, is \$188,100, the chairman added.

He also announced the appointments of Alabama Supreme Court Justice Robert T. Simpson, chairman of the funds campaign; Justice Thomas S. Lawson, also of the Supreme Court, co-chairman; and Fred A. Duran, vice president of the Union Bank and Trust Company of Montgomery, treasurer.

In accepting the chairmanship, Judge Simpson stressed "the importance of USO to those continuing to serve in the Armed Forces" and cited the following message from President Truman to the secretary of war:

"The unfinished task of the USO is part of the unfinished task of winning the war."

In discussing the campaign, co-chairman Judge Lawson declared that "we are planning an organization that will give every citizen of Alabama an opportunity to give to the 'see it through' program of the USO."

National quota is \$19,000,000, a reduction from the quota of \$60,000,000 set in the war's peak year, according to Lindsey F. Kimball, president of the national USO.

Earle C. Lackey, formerly executive director of the Alabama War Chest, will serve as director for the Alabama campaign committee. Campaign headquarters is: Room 228, Judicial Building, Dexter Avenue, Montgomery; telephone, 3-6351.

## Chilco Quick Freeze Plant Gets State Wide Publicity

The Chilco Quick Freeze Company with its plant located at Clanton is in its second year of operation serving Chilton County and surrounding territory with facilities that are proving a boon to farmers and others in that area.

The relatively new plant has locker facilities providing zero storage for perishables in a 550 locker cold room. The Chilco Company also operates a complete packing and curing service and can handle the slaughtering, processing, cutting and storage of beef, pork and poultry.

The annual figures for this company indicated that in a year's operation, they processed and stored 700,000 pounds of beef and pork, 60,000 chickens, and a sizeable quantity of fruits and vegetables. The plant employs 14 persons and is under the management of Hollis Jackson, who operates the business. Since the beginning of operations in November, 1944, the investment in the Chilco Plant has totaled \$65,000, with all new equipment in the modern brick and concrete insulated building.

This plant is one of seventy such plants throughout the State, with others already in the process of being built. The State Chamber has been active in this field, trying to help establish such quick freeze and locker plants over the state where they could serve to the best advantage, and trying to help in the fields of providing markets and other outlets to handle the foods processed by the plants.

Already the quick freeze and locker plants over the state represent an outlay of over \$3,500,000, with primary development in this field having come about in the last five years. The importance of these plants is largely represented in the fact that they serve over 35,000 families directly with locker and storage facilities. They annually save the people of Alabama many millions of dollars in the food that can be processed and stored for later use. It is an invaluable industry that is daily making itself more important to the health and nutrition in daily lives of Alabamians. — Alabama Today & Tomorrow.

## LITTLE CAROLYN TUCKER ENTERTAINS

Little Carolyn Tucker, attractive daughter of Mr. and Mrs. R. M. Tucker, entertained a group of her friends at a birthday party recently. Those present to enjoy the fun were: Margaret Foshee, Rebecca Jean Wannan, Linda and Cathy Wade, Miriam and Louise Golden, Martha Bell, Glenda Cobb, Peggy Carroll, Marjorie McCaa, Joan and Billy Dodson, Dwight Studdard, Larry Culpepper, Tommy Walker, Johnell Lawrence, Mary Kate Tucker, Ann and Jane Jester, James Studdard, Emily Kline, Minnie Wade.

Mrs. Tucker was assisted in entertaining and serving these little folks by an older daughter, Jupe Tucker, and Evelyn West.

Other guests were Mrs. Golden, Mrs. Foshee, Miss Wannan, Mrs. George Tucker and Bobby Tucker.

## LISTS USE OF DDT TO CONTROL PESTS

Alabama farmers, who are using DDT as recommended by the State Extension Service are having excellent results with this insecticide.

W. A. Ruffin, API Extension entomologist, says that for general farm use a wettable powder containing 50 per cent DDT should be used. Two pounds of this powder mixed in 5 gallons of water can be used for spraying all livestock, but not for cats and young dogs. One gallon of the mixture is enough to spray six or eight cows.

Other pointers given by Ruffin on the use of DDT include:

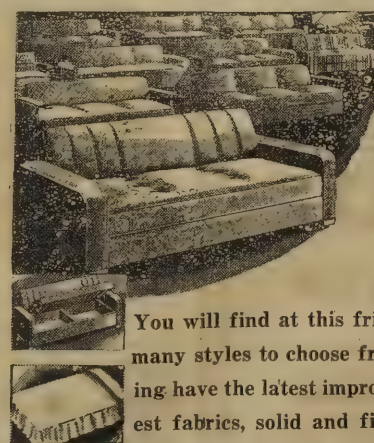

(1) Some people have been afraid of DDT. But when handled according to Extension recommendations, the material may be safely used.

(2) DDT is not recommended for use on any plant to be used for food or feed.

(3) Two pounds of wettable powder containing 50 per cent DDT mixed with 5 gallons of water can also be used for spraying outbuildings to control flies, mosquitoes and fleas. It is not effective against mites.

(4) By regular treatment of animals and outbuildings with this mixture, it is possible to practically eliminate many pests from the farm premises.

(5) An oil emulsion that contains 25 per cent DDT is recommended for spraying homes. One part of this material should be diluted with four parts of water. No other liquid form of DDT should be used.

### WEEK'S BEST RECIPE

**Braised Ox Joints:** 1 oxtail, 2 T butter, 1 c canned tomatoes, 1 t salt, ½ t pepper, 1 t celery salt, 4 whole cloves, 1 bay leaf, 3 c diced carrots, 2 small chopped onions, ¼ clove garlic, ¼ c diced turnips, ¼ c lemon juice. Cut oxtail in short lengths, roll in flour and brown slowly in 1 T butter for 15 minutes. Add 1 c water, tomatoes, seasonings and simmer about 2 hours or until tender. Brown carrots, onions, garlic and turnips in 1 T butter 3-4 minutes; add to meat and cook ½ hour longer. Add lemon juice the last 10 minutes of cooking. Yield: four servings.

### IN MAKE UP

Find a becoming shade of rouge and blend it subtly. Know that varied shape faces call for different rouge spotting. If oval, keep rouge above earline, high under the eyes. If square, blend far back on cheeks and forward and down to soften the jawline. If thin and long-faced, use rouge lightly and at top of cheek. If triangular, rouge wide and high on cheek and taper it back where face narrows. Round faces need rouge in a triangular shape with wide side of angle far back on cheeks and rest blended forward.

### SEEDING LAWNS

Early September is ideal for seeding the lawn. It has the cool weather in its favor and by next summer can withstand intense heat. In dry soil, after this summer's heat, the seeds will germinate spotty unless moistened artificially. Rains of middle September will help the seeds grow. Watch the grading before seeding and in spreading top soil add a commercial fertilizer at the rate of 25 pounds per 1000 square feet.

### INSPIRATIONAL

The accent of a man's native country dwells in his mind and in his heart as well as in his speech.—La Rochefoucauld.

## Dog Vaccination Dates

Thursday, August 22 — Maplesville — 3 to 5.  
Friday, August 23 — Clanton (Veterinary Hospital) — 2 to 6.  
Monday, August 26 — The Cotton Mill (at Grove) — 1 to 3.  
Horace Headley's (old home) — 3:10 to 4:00.  
Jesse Little's Place (in West End) — 4:30 to 5:30.  
The above are the final dates. After them the check up man will be free and the price will be up 50c, or it will cost you \$1.25. Let me appeal to you again to help in keeping out rabies by vaccinating puppies as well as older dogs. — Dr. Parrish.

## CLEAN CRIBS NOW TO REDUCE WEEVIL

Thorough cleaning of the corn crib now will reduce the number of weevils migrating to corn fields. W. A. Ruffin, API extension entomologist, told Alabama farmers this week.

### APPLE HARVEST TIME IN ELMORE COUNTY

A notable example of Alabama's varied opportunities is furnished by the Elmore County apple orchard of Ben Fitzpatrick. Located in the Appalachian foothills within 15 miles of Montgomery, the Fitzpatrick orchard is believed to be the southernmost commercial orchard of delicious apples anywhere in the eastern United States. Coming in six weeks ahead of the North Carolina and Virginia crop, with harvest this year beginning in early August, the output is snapped up at top prices by apple-hungry public, with leading stores in Montgomery buying all they can get and asking for more. Mr. Fitzpatrick declared that he could easily sell five times his current crop on nearby markets. Sales run around \$2,000 a year, with large increase due when orchard reaches full bearing. The orchard has 300 bearing trees and 200 young trees. About half the total are Delicious, besides Winesap, York Imperial and others.

Mr. Fitzpatrick gave much credit for his success with apples to careful grading and packing, a feature too often neglected by growers. Of course he gives orchard proper attention, including spraying.

Above, top, left, Mr. Fitzpatrick lends a hand in the harvest; right, young visitor registers satisfaction over juicy apples fresh from tree. Lower, left, part of day's harvest; right, a properly packed hamper of fancy Delicious. (State Newsphoto).

### SUPPORT PROGRAM FOR '46 PEANUTS

The government's 1946 peanut price support and loan program announced recently guarantees prices for Alabama farmers' stock peanuts at 90 per cent of parity as of July 15. The support is on this year's crop and is effective at the beginning of the marketing year, A. W. Jones, State FMA director, said this week.

The base grade prices per ton for peanuts containing less than three per cent damage and less than six per cent foreign material will be \$174 for Spanish and \$157 for runners.

To bring these prices, the sound mature kernel content must be 70 per cent for Spanish and 65 per cent for runners. For each one per cent variation in kernel content, the prices per ton will go up or down \$2.50 in the case of Spanish and \$2.40 in the case of runners.

When vegetables are gathered from the garden or bought from the grocer, they should either be cooked immediately, or cleaned, covered and placed in the refrigerator. Vitamins are not lost unless they are kept in the refrigerator too long. Vitamins are lost if vegetables are cut in small pieces. They should not be cut until they are ready to serve raw in a salad, or just before cooking.

If you have something to sell or want to buy or trade, you can't beat News Want Ads for results.

### DAIRYMEN'S RETURNS FORESEEN AS HIGHER

Price returns to Alabama dairymen for the rest of this year are practically certain to average higher than for the last half of 1945, according to John Liles, API extension economist.

Even if price controls are re-established, the groundwork for higher returns was laid during June when ceiling prices were increased for fluid milk and several dairy products, he pointed out.

Without price controls, dairy product prices will advance enough to more than make up for the loss of dairy production subsidies, believes Liles. These subsidies in the last half of 1945 accounted for about 18 per cent of the price received for milk and 30 per cent of the price for butterfat.

RED CROSS READY TO HELP VETERANS

Montgomery, Ala. — As the Armed Forces Leave Act of 1946 goes into law, the 79 Red Cross chapters in Alabama are ready to help veterans fill out claims for terminal leave pay and to have them properly notarized.

Frank McGurk, Red Cross State Relations Officer, announced today that when claim forms for settlement of unused leave become available at all post-offices the latter part of September, the veterans may take one to his nearest Red Cross chapter, where a trained worker will assist him. McGurk pointed out that the veteran's discharge certificate, or a certified or photostatic copy, would have to be submitted with the claim.

G. C. Courtney, The bride was gown in a sheer dress of blue with white accessories. Her flowers were white roses in corsage bouquet. At the wedding were Mr. Andrew Walker, Mrs. Verga Walker, Mr. Aaron Walker, Mr. David Byler, Miss Louise Byler and Miss Mary Ruth Byler.

After a wedding trip to Pennsylvania, the couple will be at home in Clanton where both are employed.

Mr. and Mrs. Dalton Mims spent Sunday with Mr. and Mrs. A. A. Jones.

Mr. and Mrs. C. G. Jones and son spent the week end with Mr. and Mrs. Lewis McGee.

Mr. and Mrs. Lee Popwell spent Wednesday with Mrs. A. A. Jones.

Mr. and Mrs. Thomas Carroll had as their guest Sunday Mr. and Mrs. Willie Grey and children Coleman and Martha Lewis.

Mr. and Mrs. I. D. Armstrong and Mr. and Mrs. Otis Royal and little Buddy and Joann Royal motored to Wetumpka and Montgomery Sunday.

Mr. and Mrs. E. G. Jones and family and Mrs. Charity Deason visited Mr. Dillard Thompson of West Blocton Sunday where they attended a reunion of the McMillan, Thompson and Jones family. Those present numbered 150. Everyone enjoyed the day very much.

## STANTON

Revival at the Baptist Church closed Wednesday night — two for Baptism, one by letter.

Ensign W. C. (Bill) Ruddick, Mare Island, Calif., is spending a few days leave with his parents. The Ruddicks enjoyed a family reunion at the Ruddick home Sunday.

Miss Doris Houston of Selma, Ala., and Thos. Hilliard Gay of Fairfield, Ala., were married August 7th, 1946. Their honeymoon was spent with their relatives here. They are now at home in Fairfield, Ala.

Mrs. Mae Wheeler, Waycross, Ga., has been visiting her mother, Mrs. Joe Cox, who is ill.

Mr. and Mrs. Virgil Eiland of Selma, Ala., visited their parents, Mr. and Mrs. Jim Gay, over the week end.

We understand Miss Peggy Ann Ruddick has just returned from a nice vacation on a cattle ranch. Peggy had the thrill of a life-time being round up the herd before breakfast each morning.

Mr. and Mrs. Howard Chism and two daughters, Ruby Ann and Geraldine, and Mrs. Jessie Smith (Julia Chism) are on a month's vacation in Oklahoma and Colorado.

Mrs. Howard Chism was originally from Oklahoma.

Mrs. Susie Green of Lawley, Ala., spent several days last week with her sister, Miss Esther Hicks, and Mrs. Annie O. Chism. "Miss Esther" continues to improve.

Miss Allene McKinney and Ezra Lee Lawley, Lawley, Ala., were married Saturday afternoon. Allene is the attractive daughter of Mr. and Mrs. John McKinney.

Lared Pamel came up Sunday for a short visit with his parents and brother, Mr. and Mrs. Edward Parnell and Garland.

Mr. and Mrs. Earnest Cole and two children, Alton and Dorothy Nell, spent the week end with relatives in Bessemer, Ala.

Mrs. Maurice Reedy, Jr., of Selma, Ala., visited her parents, Mr. and Mrs. John O'Neal, over the week end.

Mrs. J. D. Gay (nee Mable Nichols) continues to improve at Vaughn Memorial Hospital, Selma, Ala. If nothing prevents she will return to her home in Brent, Ala., this week.

Mr. John O'Neal has been under a specialist in Birmingham, Ala., and has been quite ill. We are glad to state he is improving and able to be out looking after his saw mill, store, and farming.

## ANGUS CATTLEMEN HOLD ONE-DAY TOUR

More than 200 Angus cattlemen, agricultural leaders, and others interested in this breed toured Montgomery and Autauga counties today to see the progress being made in cattle production.

Sponsored by the Aberdeen-Angus Association and the Extension Service, the tour attracted producers from more than 30 counties scattered over the State.

Results of good breeding, management and feeding programs were studied on several farms. Demonstrations on types of Angus and on spraying, as well as judging contests, were included on the program.

Those making the tour saw how cattlemen following the Extension Service's recommendations and using Production and Marketing Administration (formerly AAA) services and materials to improve their land are building excellent Angus herds.

At the close of the day's meeting, Extension Director P. O. Davis, spoke to the group on a program of beef cattle production in Alabama. State officers of the Aberdeen-Angus Association

Next Sunday, August 25th, we will choose our pastor and officers for the church and Sunday School. Every member be present; also baptizing at Flakto at 9 o'clock.

## W. L. Sanders Writes County Voters

To the Voters of Clanton County:  
 In the Clanton County Republican Convention of August 15th, the delegates saw fit to nominate me as the candidate for representative in the Legislature of Alabama. I wish to thank the delegates for this nomination as it will give me a chance to do something for the people of Clanton County and the State of Alabama.

I fully appreciate the responsibility of this important position for which I have been selected to fill. I do not think it will be my purpose to make known to the voters of Clanton the things I shall advocate and support if elected to this office.

Of the three functions of the state government, we find that the Legislative department precedes that of the Executive and Judicial departments. The Legislature writes the law of the state, the other departments put them into action and carries them out. The Legislature is the power of the state in that it determines what the law shall be, and how it shall be carried out.

The Legislature establishes and maintains the various departments of the state, they declare the importance of each department by the appropriations they make to each department. They declare the amount of taxes needed to carry out the functions of the state and who and on what basis the taxes shall be paid. The many powers and functions of the state government and its relationship to the welfare of its people are of vital importance to every citizen, therefore, the people cannot over-estimate the importance of electing men to the law-making bodies that will enact such laws as will give justice to all the people.

The people of Alabama have many problems to solve in the future. We have vast resources to be developed and utilized for the benefit of our people. This is where I stand on some of our important problems:

**HEALTH**—Our health program and facilities are far inadequate to meet the needs of our people. The state with Federal Aid should build such hospitals, clinics and other facilities as will safe-guard and build up the health of our people.

**OLD-AGE PENSIONS**—The old people of this state have spent their youthful years in the service of our people. From the hands of their labor a steady stream of revenue has poured into the state treasure, and with this money they have built the highways, bridges, county roads, the school buildings, state and county public buildings, and all that has helped make this a great state.

Those people deserve an old-age pension that will give them a decent standard of living in their declining years and it is the state's duty to see that they get it on an honorable basis.

**EDUCATION**—Educational opportunities are much better than they were thirty years ago, but there is still room for much progress. Hundreds of our best teachers have left the teaching profession because other fields of service offer better opportunities. This condition can and must be corrected by: (a) paying the teachers such salaries as will equal that of other professions of equal importance, (b) pay all teachers on a twelve-month basis with a two weeks vacation, (c) utilizing the teachers time in and out of school months in adult education, and such community activities as will raise our standard of living and citizenship.

Space at this time will not permit a detailed discussion of the above issues or the many other issues that will confront the next Legislature, but I will discuss them, together with other issues not mentioned here, more thoroughly between now and the November election.

My appeal to you for your support in the coming election will be based on the issues and their merits for the things for which I stand. It shall be my purpose to wage a clean and honest campaign. I shall sell no votes if elected.

Your vote and influence will be appreciated.—W. L. SANDERS  
 (Pd. pol. adv. by W. L. Sanders)

## Maplesville News

Circle No. 1 and 2 met at the Baptist church Monday afternoon at 3:00 o'clock. Mrs. Garland Smith had charge of the program. Mrs. J. O. Mize gave the "Sermon on the Mount" and gave comment on it.

Prayer meeting at the Baptist church Wednesday night and also at the Methodist church Friday night were very well attended. We have a fine spirit of cooperation between the two churches.

Bro. Hopper filled his regular appointment at the 11:00 o'clock hour Sunday morning.

The revival begins at the Baptist church Sunday night, Rev. J. O. Colley from Birmingham doing the preaching. We had several visitors from other communities. We hope that everyone who can will come and worship with us that much good will be accomplished with this fine work for our Lord.

Misses Inez Middlebrooks, Betty Joe and Dorothy McGee spent last Monday and Tuesday in Randolph visiting relatives.

Mr. and Mrs. Pelham Davis from Tuscaloosa spent last week with his parents.

Mrs. Agnes Billingsley's brother is visiting her from Nashville, Tenn. Miss Helen McGee is home for a three weeks vacation before returning to school at Jacksonville College.

Mrs. Stanley Hayes and Mrs. Newt Aldridge gave a miscellaneous shower last Wednesday afternoon, honoring Mrs. Robert Carl Graham. She received many nice and useful gifts.

Misses Marilyn and Lucile Bearden have just returned from a visit with their aunt in San Antonio, Texas.

Mr. and Mrs. Retha Davis of Marion, Ala., visited Mr. and Mrs. Quinton Mitchell Sunday.

Mr. and Mrs. J. C. Hayes visited his parents Sunday night and made a business trip to Montgomery Monday.

The supply of fats and oils remains entirely too low. Housewives are still urged to save every ounce of used fats and oils from their kitchens to meet the urgent need for these items.

### How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

- 1 Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "lame" to come.
- 2 Started 3 days before "your time" it should help relieve pain due to purely functional periodic causes.

Try Cardui. If it helps, you'll be glad you did.

The revival closed here Friday night. We had a good revival and Bro. Williams brought some wonderful messages. We were glad to have Miss Lucy Walker with us also. We were glad to have visitors from other communities and invite them back. We want to invite everyone out to Sunday School next Sunday at 10:30. Let's see which class will have the largest number on roll. Let us get our Sunday School and B.Y.P.U. going in full force now.

Remember the first and third Sundays are our regular preaching days. Come and worship with us. — Reporter.

Fruit stains should be treated immediately since they are very difficult to remove after they dry. Boiling water is a simple and good remedy if it does not harm the cloth. Warm water may remove some fruit stains. Never use soap. The alkali in it may set the stain and make removal more difficult.

## Burglaries

(continued from front page)  
watch and some cartridges are reported missing.

The following Thursday night, August 15th, Mrs. Bob Griffin was sitting in her home with some other ladies and children when she saw some one's head through a window. The party loaded in a pick-up truck and left. Highway Patrolmen Kendrick and Champion, who were down in that section that night, were notified. Bloodhounds were called out and carried to the scene, but could not trail anyone any further than the road. Four boxes of 12-gauge gun shells were reported missing.

On Tuesday night, August 13th, it is reported that Coburn's Store in Maplesville was broken into. \$25.00 in cash and some cigarettes were reported missing.

Law enforcement officers state that they are working day and night trying to catch the burglar. They also reported that they didn't think the men who held up the Postmaster in Mt. Creek Tuesday were the ones who had been causing the disturbances in

## NOTICE TO YOUNG MEN BECOMING 18 YEARS OF AGE

Although men eighteen years of age are not now liable for military training under the Selective Service Law, except as volunteers, it is still mandatory that every male citizen of the United States register on the day he becomes 18, unless such birthday falls on Sunday or any other day when Selective local boards are closed, then he will report to the nearest local board for registration on the following Monday or the first day following the closing of the local board offices.

Verbena, Cooper and Maplesville.

On Monday night, August 12th, the home of Jessie Moatts in Cooper was entered. Moatts reports a 22 rifle missing.

Paul Williamson, who operates the Shell Service Station in Clanton, last Friday night saw someone at the window of his residence in the Reynolds Addition in Clanton. Paul ran and got his gun and fired nine times at the peeper as he ran through a field.

## NOTICE TO CONTRIBUTORS AND READERS

It has always been the rule for newspapers to print only news or correspondence that is signed by the writer. Once in a great while one slips by the Editor and this is what happened last week when an unknown writer sent in what turned out to be a false story on the wedding of Earl Erwin.

In a letter received from Mr. Erwin this week by the writer he had this to say:

"Dear Mr. Tucker:  
"Someone was evidently playing a joke last week when I received so much publicity in the Clanton papers.

"Please print a correction this week. It has been very embarrassing to all concerned and hardly funny at all."

Sincerely,

EARL ERWIN.

We are glad to make this correction. — THE EDITOR.

## SACRED HARP CONVENTION TO MEET AT NEW HARMONY

The Fall Session of the Chilton County Sacred Harp Singing Convention will be held at New Harmony Church, Lomax, Ala., the third Sunday in September. All singers and lovers of sacred music have a special invitation to attend this singing.

Bring your sacred harp song books and spend the day singing these good old gospel songs. — Myrtle Jackson, Secretary.

## CLANTON YOUNG PEOPLE AT GRANDVIEW

The following young people from the Intermediate Class of the Clanton Methodist Church are this week attending Camp Grandview in Autauga County, while there they will receive leadership training. They are: June Bean, Norma Jeanne Gray and John Richard Kemp.

## NOTICE TO HIGH SCHOOL STUDENTS

The principal will be in the office at the high school each day this week and next to advise students as to schedules and courses of study. It is important that any student moving to Clanton from outside the county during the summer should come to the high school before the opening date and arrange his schedule.

The high school book list will be ready for distribution Monday, September 2nd.

## CAN YOU ANSWER THESE?

1. Who is Foreman of the Grand Jury this week?
2. What prominent farmer brought the first bale of cotton to be ginned?

## Fats vs. Leans To Be Quackiest Softball Game Yet

On Friday night, September 6th, the show of the season will be staged at the high school park when the 'fat' men of Clanton take on the lean men. The proceeds of the game will go to the Boy and Girls Scouts of Chilton County, the admission being a donation by each person admitted.

Some fifty fat men make up the team on the fat side with fifty leans opposing. Each player will have an active part in the game and each inning will be played under burlesque rules of softball, such as one inning will be played with each player using a bucket to catch the ball instead of regular gloves, etc.

This program has been worked out to furnish laughs and fun you've never experienced before. Watch next week's News for further particulars.

Below is the roster of the teams. (Just look at the All-American material):

### FATS

Red Wagoner, Tom Johnston, Henry Mackey, Sie Foshie, Arthur Bazzell, Irvin Kennedy, Marvin Marcus, Alonza Atkins, Ben Studdard, Critz Jones, Grady Popwell, Gene Wyatt, Adolphus Moats, Hollis Jackson, Jimmie Bell, Spud Calloway, Chick Fiquette, Jelly Bean, Raymond Mims, Ben Tucker, Cecil Ramsey, Ed Mullins, Jim Wade,

## BURGLARIES CONTINUE IN COUNTY

Sheriff Nivens reported this week that the series of burglaries in the county was still underway and going into the third week.

The Sheriff said he was almost daily receiving complaints, but none of them thus far had been very serious. He did say that on last Sunday night Mitchell Devaughn of Cooper saw four men in a car around his home. Mr. Devaughn is reported to have fired two shots.

Out in Pinedale Community it is reported that someone took some meat and lard from Mr. and Mrs. Earl Thompson one night last week. About the same time someone is reported to have entered the home of Mr. Jim Baker, but nothing was reported missing.

The Sheriff assures everyone that he and his deputies are doing everything possible to catch the culprits. On one instance, the Sheriff reported, there were twenty-two deputies or deputized persons guarding roads but nothing was seen of any burglars.

### Escaped Convicts Nabbed

Sheriff Nivens with deputies Thornton and Chapman were called out on last Tuesday night when some convicts escaped from Spiegner. The Sheriff reported that they picked up two of the men near Spiegner and returned them to prison.

## Chilton Boys Attending State F.F.A. Convention

Six Chilton County boys and their Vocational Agriculture teachers attended the 17th annual F.F.A. Convention at Auburn August 26-27th.

The Convention was opened by registration and assignment of rooms. The Alabama Polytechnic Institute provided rooms and meals.

Some highlights of the Convention were election of State farmer and confederating delegates, election of State Star Farmer, awarding of Forestry Victory Bond and adoption of the State FFA activity program.

The purpose of these conventions are to develop rural farm leadership. Anyone present at this convention could not help but feel proud of our farm boys.

Chilton County boys attending this Convention and winning the State Farmer Degree were: K. Lamone Yielding, Billy Hayes, Isabella Chapter; Robert Carden Jemison Chapter and Alvin Reed Mims, Clanton Chapter.

Others attending were Douglas Glass and Tonic Connell.

## CLANTON SPLITS PAIR WITH GREENVILLE

The Clanton baseball team last week lost one and then came back to win a game from a strong Greenville team.

On Wednesday afternoon, August 21, Clanton lost to Greenville 12 to 4. Last Sunday they played Greenville here, with Easterling pitched, and defeated the visitors 8 to 4.

Draper prison last Saturday afternoon defeated Clanton 8 to 4.

Next Sunday afternoon Clanton will play Prattville here. Prattville defeated Clanton some time back 4 to 3 in an 11-inning affair. There is no game scheduled for next Wednesday afternoon so far.

## STATE CHIROPRACTORS HOLD WEEK MEETING AT BESSEMER

Dr. J. L. Bennett, local chiropractor, attended a meeting of the State organization at Bessemer last week, which lasted for five days and was spent in lectures and demonstrations by some of the country's best known Chiropractors.

Dr. K. C. Robinson, of Connecticut, was principal speaker and his lecture dealt with the Dr. Willard Carver Principles and Adjustive Technique. According to Dr. Bennett a State Chapter was organized during the meeting. Three states besides Alabama were represented — Tennessee, Florida and Mississippi.

## DANIEL QUARTET IN CONCERT AT COURTHOUSE

The John Daniel Quartet of WSM, Nashville, Tenn., will appear in concert at the courthouse in Clanton Wednesday, September 4th. The program will begin at 8:00 p.m. sponsored by Chilton County singers. You have heard this group over the radio and now you can see and hear them in person. They have a program that is unequalled. Don't miss it — come rain or shine. Admission 30c and 60c, tax included. Tune them in every week day at 4:45 over WBRC.

## DR. PAUL GOWAN IN ARMY UNIFORM

Lt. Paul Mertins Gowan, son of Dr. J. E. Gowan, Clanton, Ala., has reported for active duty at Army Medical Department Schools, Brooke Army Medical Center, according to an announcement by Brig. Gen. John M. Willis, Commandant. The medical training program of the army is now concentrated at this Center, which is the largest and most complete military medical installation of its kind in the world.

Lt. Gowan, a graduate of Emory University School of Dentistry, is one of a class of reserve medical officers who are beginning a four weeks basic training program.

## Kiwanis Club To Hold Meeting With Farmers

M. R. Glasscock, chairman of the Agricultural Committee of the Kiwanis Club, announces that the Club will meet this Thursday night at the usual place, the high school, but will have several farmers from around Clanton as guests of the Club. All members please be governed accordingly.

The Club will meet at 7 o'clock.

Dean Funchess of Auburn has been secured as guest speaker for the night.

## Wow! What Some Whoppers This Week

As the News's fish story contest gains momentum weekly, more and more fish yarns turn up. This week Jimmy Bell and Ramond Price spill their fish. Here's Jimmy's fish story:

Jimmy says there is a man in Mt. Creek that has a pet duck. When this gentleman goes fishing he takes the duck. He gets in a boat, baits a hook and ties the line onto the duck's leg. The duck swims merrily along until a fish nabs the hook. Then the duck starts quacking and squawking generally. The gentleman politely goes over and removes the fish, re-baits the hook and casts his duck again.

Ramond Price tells this one:

Ramond was down on the river fishing and couldn't find anything but a frog to use for bait. He baited the hook with the frog and proceeded down the river (maybe after some corn). Anyway, when they got back the frog was sitting on top of the pole and a seven or eight-pound fish was jumping after the little frog. Ramond says that fish was trying so hard to get the frog and get caught until he saw sweat between the fish's eyes.

But, just for a chance at the \$100.00 1st prize, Felix Mims who thinks nothing of telling a tall one, says Price and Bell had better come again. He says he caught one down on the Mountain Branch that splashed water high enough to get a gander's tom-walkers.

The News is having fun out of the fish stories and hope everyone is enjoying them. If you have a fish story, send it in. A \$100.00 prize for the best; \$50.00 for the second best; and a year's subscription for the third is being offered. It must have happened in Chilton County.

## FIRE DESTROYS WEST END HOME

A fire in the house just east of Joe Grooms's Store was backed out last Sunday morning about 12 o'clock. All the belongings of Mr. and Mrs. Tip Roper and Mr. and Mrs. Raymond Sansom were lost.

The exact origin of the fire is not known but is believed to have been caused by a leaky flu. Firemen arrived in time to save a greater portion of the outside of the house but too late to save any of the belongings of the people living there.

The house belonged to Joe Minshew.

## MRS. SMITH HAS SEVEN CHILDREN PRESENT SUNDAY

Mrs. Mamie C. Smith called the News this week to inform that last Sunday she had her six sons and a daughter all present at one big Sunday get-together. This is the first time all Mrs. Smith's children had been together in about eight years. Those present were:

Paul C. Smith, of Thomaston, Ala.; Frank C. Smith of Birmingham; Milton C. Smith of Montgomery; Kenneth C. Smith of Oak Ridge, Tenn.; Billy Smith, former publisher of the Chilton County News, from Morgantown, S. C.; Dan C. Smith from Selma and his daughter, Mrs. Flen Higgins of Clanton.

Mrs. Smith said that the next reunion they played get all the in-laws and relatives, children and grandchildren together. Then she added, "guess we'll just have to head for the woods. There's so many of us."

Mrs. Earl Stringfellow (nee Juanita Mims) is now at home with her parents in Clanton while her husband T-Sgt. Earl Stringfellow is on duty with the U. S. Army overseas.

## LEGION MEETING HELD HERE SUNDAY

## C. C. Horton Addresses Conference; Local Post No. 6 Is Host

The Central Alabama Area American Legion Conference was held in Clanton Sunday, August 25th. Area Commander, E. H. Pearce, presided at the meeting.

The meeting was opened with a prayer by Chaplain D. B. Adams of Chilton County Post No. 6, followed by a welcome address by Jimmy McDow, Vice Commander of Post No. 6.

The first speaker on the program was Dept. Vice Commander Jimmy Lane of Huntsville, who stated that the membership of the American Legion should exceed 100,000 in 1947.

Commander Lane also brought out the fact that the Legion beat all other veterans organizations and the Federal Government to the draw in getting out the blanks for filing claim for Terminal Leave Pay. He further stated that the American Legion, a \$250,000,000 organization, was being handed over to the veterans of World War II by the veterans of World War I, and urged that all veterans who were eligible to join the American Legion do so at once to continue their fight in time of peace as they have so gallantly done in time of war.

Fourth District Commander Glenn H. Jeffries of Selma, Ala., reported on the achievements and goals of his district, as did 5th District Commander Ed Hoskins of Huffman, Ala., and 6th District Commander Chas. C. Adams of Alex City, Ala. After these reports Post Dept. Commander Jim Saliba, of Florence, Ala., gave an interesting address on Americanism in the American Legion.

C. C. Horton, State Director of Veterans Affairs, addressed the Conference and informed them that each county had a service commissioner who was being paid by the State to assist veterans in preparation of the Terminal Leave Claims. Each service commissioner is a notary public and the State at large and any veteran in any county could secure his services free of charge.

After this address Dept. Comm. Otis L. Cooper of Red Level, Ala., explained that these conferences are being held this year for the first time. The Central Alabama Conference is the second one held this year, the other being held last Sunday at Cullman, for the Northern Area. He expressed his belief that the conferences are greatly beneficial to the officers and members of the Legion. He also outlined the plan for the Alabama delegation at the National Legion Convention at San Francisco. Comm. Cooper stated that this convention will be the biggest ever held.

The meeting was adjourned and Comrade Mellock of the Publicity Committee, made pictures of the group.

## THIS IS RESULTS PLUS...

The other day Mr. J. G. Blair lost a considerable sum of money. Tuesday Mrs. Blair called the News and placed a "Lost" ad. In less than an hour after Mrs. Blair placed the ad, the News was on the phone notifying Mrs. Blair that the money had been found. William Rhodes found the money out on the Maplesville highway—scattered generally. In fact William said he picked up change for an hour, was late to work, and the change weighed more than four pounds.

## LISTEN SON:

There's a lot of things you can do in this world, and maybe want to do, but they're not right. It's a mighty good idea to pass these up and stick to the right things. The whole history of the human race teaches this—that it pays to do right, and that you pay a penalty when you do wrong.

A lot of people do wrong things, and seem to get by with it for a while; but sooner or later they find that it's done them a lot of harm. People who stick to right things win the respect and confidence of others, and better still, they have a fine, clean conscience.

You know, son, your mom and I believe in a Supreme Being Who rules this whole universe—God. And you'll always find God on the side of right. That's why we are bringing you up in the Church and Sunday School, so you'll get to know God better and value the right things.

We're hoping you'll turn out a fine, strong man, who thinks right and lives right and has the courage to stand for right principles. — Taken from adv. by Pizitz in B'ham Age-Herald.

## TWO SIDES TO IT

Weather never means as much to the city dweller as it does to the countryman. It may cause him inconvenience in finding his umbrella, getting to the office, having to take extra time to deliver the children to school in the car. Rain, he complains, is a nuisance. He is apt to look on a long dry spell as hard on his starched collar and miserable sleeping weather.

The man in the rural areas views weather in the light of crops. The rainy, damp days will bring pastures the drink it needs, produces corn, vegetables, cattle. Some have to haul water when cisterns, wells and pools go dry. The drought means loss of money in the country, but also does it to the urbanite. He knows what is meant by a scarcity. He pays increased prices and doesn't like it much. Since too dry a spell will invoke scarcity, scarcity brings increased cost, the weather reflects on his pocketbook as well as the farmer's. Before you start complaining about rain, wonder if the agriculturists need that rain. When the sun shines so steadily and you feel 'sticky,' wonder what it means to the nation's farm land rather than to your disposition.

## KEEP THEM HAPPY

Unhappiness is a dominant factor in child delinquents. The child who is completely happy in school and at home doesn't come before a judge in juvenile court. Sometimes the home has been broken up or parents constantly quarrel or no interest is displayed in the child. This life affects 75% of the delinquent children. Youngsters slow in school, unable to keep up with school mates, fall into juvenile crime more easily. The seriousness of the nation's crime wave should call for attention in Clanton homes, since most social workers place the blame of juvenile delinquency upon parents.

## NASTY READING

Few are shocked by movies, radio, literature, bawdy language, immodest dress. Perhaps we have undergone years of the hardening process. Generally the stench is not pleasant. However, our principal objection is to this effect upon the young. If one protests he is called a reformer or "purist" and his counsel frequently ignored. Obviously many seek certain filth as evidenced by the popularity of many recent books. These find a vast sale and though vulgar and cynical the demand for them is great. Too many young people are reading them, too many critics applaud them. What has happened to our so-called American culture?

Hitler's yacht is for sale, due probably to his having missed the boat.

A Clanton man says he doesn't believe it impossible for 'man to reach perfection, for he knows a fellow who makes a perfect fool of himself.

## FSA FARMERS VISIT THE PRATTVILLE FIELD

Chilton County FSA farmers recently visited the Prattville Experiment Field to observe results of soil building, crop rotation, and livestock unit experimental work.

Chilton County FSA farmers, approximately 40 in number, together with farmers of Coosa, Autauga and Elmore counties visited the Prattville Experiment Field on August 20 to observe test results of various farming practices. The feature of the program was the soil building effect of winter legumes as compared to summer legumes and commercial fertilizer. Plots in corn-cotton rotation without commercial fertilizer or legumes yielded 430 pounds seed cotton and eight bushels corn per acre; plots with commercial fertilizer and soda to corn alone yielded 1,155 pounds seed cotton and 35 bushels corn; plots with commercial fertilizer and winter legumes yielded 1,800 pounds seed cotton and 51 bushels of corn. No fertilizer was applied to corn in the last experiment. Another highlight of the program was the corn, cotton, hog unit, consisting of five acres cotton, 10 acres corn, 5 acres peanuts, 4 acres pasture, 3 acres kudzu, and 3 brood sows. This unit produced a net income of \$1,180.00 per year or \$46.97 per acre per year. The hogs produced almost 2-3 of the total.

Guest speakers of the day were Mr. Alexander Nunn of the Progressive Farmer and Mr. M. H. Pearson, State Director of FSA.

Technicians other than FSA Supervisors attending were Olin F. Fields and Robert High of Soil Conservation Service; and Lamar C. Shields, Vocational Agriculture teacher of Jemison.

To make the planning of balanced meals easier in the fall, a good garden program should be included in the family farm plan, says API Extension nutritionist Mary Hulsey.

## MT NEBO

Come on out and have some fun with us this Friday night, when the Christian Endeavor is having its August social at the home of Mr. and Mrs. Vaughn McKee. There will be lots of lively games, some group singing and all the sandwiches and soft drinks that you need. All these activities will be carried on outdoors under the lights. So drag out your Sunday britches and be there promptly at 7:30 this Friday evening, August 30th. And we still need you to come to Mt. Nebo every Sunday evening at 7:30 to our C. E. programs. The Lord needs more young people in His service. Won't you join us?

Mr. and Mrs. J. E. Williams and children were Sunday guests of Mr. and Mrs. R. L. Chapman.

Rev. and Mrs. Earnest Jones and Mr. and Mrs. E. N. Jones visited Mrs. A. J. Jones last Sunday.

Martha McKee and Imogene Williams recently attended the Alabama State F.H.A. Convention in Montevallo, where they were awarded State degrees.

Leon Williams spent the week end with Hollis Williams of Clanton.

Marvonne Henley and Frances Culp, both students at the Jacksonville State Teachers' College, are vacationing at home for the remainder of the Summer.

Clara Sue Culp celebrated her seventh birthday with a party at her home last Sunday afternoon. Ice cream, cake and cookies were served to the following children, who were her guests: Paul Ray and Betty Jean Milford, Buddy Williams, Lois Chasteen, Mildred Williams, Janice and Ralph Henley, Laurene and Charles Culp, Hoyt, Hudson and Myra Nell Headley, Donald, Hollis and Lewis Barrett, Laura Ann and Sandra Jean Ratliff, Annette Headley, Judeen, Harry and John Evans Culp. Also present were: Doris Williams, Ruth Chasteen, Violet and Peggy Jean Smith, Jesse Culp, Mrs. Relious Headley, Mrs. Ollie Barrett, Mrs. Reedy Culp and Mrs. A. B. Milford.

## F.H.A. HELD AT STATE COLLEGE IN MONTEVALLO, ALA.

Tenth Annual State Conference of the Future Homemakers of America was held at the State College in Montevallo August 21-24.

Leadership training, election of state officers and initiation of state degree candidates were main features of the program. However, the meeting was not all work for there were parties, picnics, swimming, tennis and picture shows. The days were completely filled from early to late. The girls say they learned a great deal and had a wonderfully good time too.

Three-hundred girls representing F.H.A. organizations and their advisers from over the State attended the meeting. Ninety-five girls were initiated in State degree service.

Those who received state degrees from Chilton County were Sara Nell Jones, Ann Owen and Imogene Williams, all from the Isabella High School Chapter. Other girls attending from Isabella Chapter were Peggy Williams, Mary Ann Wells and Martha Evelyn McKee.

Isabella F.H.A. received a charter as an affiliated member of the Alabama Association of the Future Homemakers of America. — Imogene Williams, Reporter.

## OVER 500 TO ATTEND

### STATE 4-H CAMP

Over 500 boys and girls from every county in Alabama are meeting here from August 27-31 to stage their State 4-H Club camp and short course.

With their theme, "Better Living Through Leadership," the meeting stresses the importance of 4-H members taking the lead in making their communities better places in which to live. An excellent program, full of study and play, was arranged by the State Extension staff.

Don't overgraze kudzu and sericea at this time of the year. API extension agronomists point out that these crops must be allowed to make enough growth before frost to store the necessary food supply in their roots to carry them through the winter.

### WEEK'S BEST RECIPE

Spaghetti Sauce: 1 stalk celery, 2 medium-sized onions, 2 cloves garlic, 1 qt. canned tomatoes, 1 can tomato paste, 1 T. sugar, 1 T. Worcestershire sauce, salt, pepper, 6 bay leaves, 1 lb. chopped steak, 1 lb. mushrooms. Chop celery, onions, garlic and put in large saucepan. Cover with water, simmer for 10 minutes. Add tomatoes, paste, 2 c. boiling water, bay leaves and bring to a boil. Stir in sugar and seasonings. Remove bay leaves, add chopped steak and simmer for 10 min. stirring occasionally. Add mushrooms cut into small pieces and cook 10 min. longer. If sauce isn't thick enough stir in some flour mixed with butter. You don't want to have to lose too much of the sauce by allowing it to thicken down by long cooking.

### BREAKFAST TIP

No child should go to school without good breakfast and NOT gulped in a hurry. Have one hot dish in this meal. Dress cereals with cinnamon or nutmeg or put fresh fruit, brown sugar, chopped nuts or grated orange peel over it. Use apricots on brown cereal flakes. Put orange sections with cooked prunes. Flavor hot or cold milk with vanilla and sugar for a change. Make breakfast an appetizing meal for the children.

### EGGS

High heat toughens egg protein. Use low temperatures for all egg dishes, never over moderate. Simmer, don't boil hard cooked eggs. Do this for 25 to 30 minutes. Use egg strands to thicken thin soups. Beat salted egg slightly then pour it slowly into the soup just before ready to serve. The egg forms thin yellow strips as soon as it touches the hot soup. Serve at once or it will get rubbery and tough.

## NOW, MORE THAN EVER BEFORE

## THE ARMY HAS A GOOD JOB FOR YOU!

### NON-COMMISSIONED GRADES NOW OFFERED TO FORMER ARMY OCCUPATIONAL SPECIALISTS

Good jobs in non-commissioned grades are being offered now by the Regular Army to qualified former servicemen!

Veterans discharged on or after May 12, 1945, who enlist or reenlist for 3 years may be enlisted in the non-commissioned grade for which qualified, provided this grade is not higher than that held at time of discharge, and provided that at least 6 months of former service was in one of 400 designated military occupational specialties in which enlistment is now desired.

Important, interesting jobs are open in hundreds of skills and trades in the Army, with splendid training and educational advantages! These are in addition to free food, housing, clothing, medical and dental care, low-cost insurance.

There's adventure, travel, education, a secure and profitable future in this vital, realistic profession. Get full details at your nearest Army Recruiting Station.

### ★ Highlights of Regular Army Enlistments ★

1. Enlistments for 1½, 2 or 3 years. (1-year enlistments permitted for men now in the Army with 6 or more months of service.)
2. Enlistment age from 18 to 34 years inclusive (17 with parents' consent) except for men now in the Army, who may reenlist at any age, and former service men depending on length of service.
3. A reenlistment bonus of \$50 for each year of active service since such bonus was last paid, or since last entry into service, provided reenlistment is within 3 months after last honorable discharge.
4. A furlough for men who reenlist within 20 days. Full details of other furlough privileges can be obtained from Recruiting Officers.
5. Mustering-out pay (based upon length of service) to all men who are discharged to reenlist.
6. Option to retire at half pay for the rest of your life after 20 years' service—increasing to three-quarters pay after 30 years' service. All previous active federal military service counts toward retirement.
7. GI Bill of Rights benefits assured for men who enlist on or before October 5, 1946.
8. Choice of branch of service and overseas theater (of those still open) on 3-year enlistments.

## Does Stomach Gas and Bloat Make You Feel Miserable?

If so, here is how you may get blessed relief in treating your stomach. It works this way: Everytime food enters the stomach a vital gastric juice must flow normally to break-up certain food particles; else the food may ferment. Sour food, acid indigestion and gas frequently cause a morbid, touchy, peevish, nervous condition, loss of appetite, underweight, restless sleep, weakness.

To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have positive proof shown that SSS Tonic is amazingly effective in increasing this flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps build-up non-organic, weak, watery blood in nutritional anemia—so with a good flow of this gastric digestive juice, plus rich red-blood you should eat better, sleep better, feel better, work better, play better.

Avoid punishing yourself with over-doses of soda and other alkalis which counteract gas and bloating when what you so dearly need is SSS Tonic to help you digest food for body strength and repair. Don't wait! Join the host of happy people SSS Tonic has helped. Millions of bottles sold. Get a bottle of SSS Tonic from your drug store today. SSS Tonic helps build sturdy health.

## RASCOE MADDOX APPEALS TO COUNTY VOTERS

To the People of Chilton County: I have been nominated a candidate for County Superintendent of Education of Chilton County. I wish to express my appreciation for the nomination and for all the expressions of encouragement, confidence and support I have received. I have accepted the nomination.

As a candidate I shall not be running against any person or group. I am running for an elective office and wish the support of all people. My sincere hope is that my character, education and experience are such that I deserve your consideration.

It is my intention to make as many friendly calls as I can. I am sincerely interested in every child in the county and in every effort and movement to give it better opportunities. I believe my record proves this.

To my supporters in every section of the county I wish to say, let's keep this an absolutely clean and fair campaign. I hope you will speak to your friends and neighbors in my behalf. Without your active support, I shall not be able to reach some of our friends.

My promise in return is made to all the people that I will give the best I have, if elected, to all the children and all the schools of the county.

Winter legumes have proven their value to Alabama farmers, and have been an important factor in increasing corn yields, according to Commissioner of Agriculture Joe Poole. With time drawing near for fall planting of soil-improving crops, Commissioner Poole said that Austrian peas, hairy vetch and crimson clover are valuable for planting over the State generally, and blue lupine for south Alabama, only.

## CLANTON F.H.A. BECOME NATIONAL ORGANIZATION

Clanton was represented at the State Convention of "Future Homemakers of America," by these girls: Betty Hocutt, Tonny Sue Littlejohn and Margaret Jo Williamson. The meeting was attended by over 300 girls from the 225 chapters in Alabama. Clanton was awarded a national charter. The "Gold Star Certificate" was presented to the Clanton chapter.

Many outstanding speakers were on the program. This meeting, which was held at Montevallo College, was Alabama's first national meeting of the F.H.A.

Betty Hocutt, local chapter president for 1946-47, was nominated for vice-president from the Central District of Alabama. The Autaugaaville chapter nominee, Doris Crawford, won over the other four nominees—Frances Collins, Publicity Chairman.

Alabama school teachers and administrators are working to adapt school programs to needs emphasized by war conditions, according to Dr. A. R. Meadows, State Superintendent of Education. The war focused attention on deficiencies in physical fitness and literacy, and emphasized the need for technically trained men and women. Dr. Meadows said. More attention than ever before is being given to technical training for major occupations.

Alabama public schools are taking full advantage of the Federally aided school lunch program, with the school lunchroom serving as a means of training in proper eating habits, Dr. Meadows said.

### 1945 COTTON IN LOAN TO BE POOLED OCTOBER 1st

All 1945-crop cotton still under loan on October 1st of this year will be pooled for producers' account by the Commodity Credit Corporation, A. W. Jones, State Production and Marketing Administration Director, announced this week.

The loans matured July 31 and are being carried in a past-due status with producers having the right of repayment at any time before cotton is pooled. Loan cotton not redeemed will be sold by the CCC and net proceeds, if any, after deduction of all advances and accrued costs, will be distributed among the producers, whose cotton was placed in the pools.

"Based on the present market, Alabama farmers should be able to dis-

pose of this cotton at prices that will net them substantial profits above the loan and charges against the cotton," said Jones in urging farmers to give serious consideration to marketing the loan cotton before October 1. Producers may either sell their "equities" or redeem the cotton and sell it in the open market.

**SLEEPING SICKNESS  
OUTLOOK DOUBTFUL**

As we come into the season for mosquitoes, bugs, and other insects, thousands of horse owners again begin to ask themselves the question—

Mosquitoes and other insects carry sleeping sickness.

"What are the chances for horse sleeping sickness this year, and will MY horses be safe?"

Unfortunately, that is a question that no one is able to answer, because sleeping sickness is now one of the

most unpredictable diseases known to veterinary science.

However, we are learning more about this baffling and costly disease as time goes on. For one thing, we know that it can be carried not only by mosquitoes, but also by mites, birds, ticks, and numerous forms of insects. We know that birds act as reservoirs for the virus from year to year (and some authorities say that chickens may do the same). And most seriously, the virus of horse sleeping sickness can also kill human beings. In fact, the human cases of this disease now run into the thousands, and there have been many deaths from it.

Instead of just one type of sleeping sickness virus, as at first supposed, veterinarians have now isolated FOUR types—the Eastern strain, the Western, the St. Louis, and the Venezuela. Thus the problem is further complicated.

The best defense against the disease is to have all horses immunized in the spring, before the insect season begins. If the vaccinating is done properly, the horses can go on working without layoff—and the immunity is usually good for the entire season. It should be pointed out, however, that sleeping sickness vaccination requires a special intra-dermal method, involving special techniques and skill, and must be done properly if firm immunity is to be established.

## MORAL ECHOES

Rev. D. W. Haskew, D.D.

My door bell rang and opening the door I was faced by a policeman. He seemed a bit hesitant, and I ventured to ask him the purpose of his call. "I have come to talk to you about the boys of this town," he finally replied. "They are headed in the wrong direction. They are on the streets all hours of the night, and something must be done." After consultation with the night marshal, I decided that he was right, and something must be done. A Boy Scout Troop was formed and the boys were saved. I heard a man say this, "The boys I went with when I was a lad have all gone to the devil. They went so fast until it took my breath and I parted ways with them."

If you want to save the boys of your community, of your town, keep them under supervision at night. There is no quicker travel to ruin than street roving at night.

Did you know that the May-Flay has a very short life. Some varieties live four and five days, while other varieties live only a few hours. We hear them chirping their songs in the trees at night, and little do we think that in a short time their voices will be hushed forever. We look at men and think that he has a long life, but not so. The place that knows us now will soon know us no more forever. When we think of our existence in this world in comparison to the sweep of eternity, our years in the flesh are of short duration. We sing our songs, sometimes heard, sometimes unheard, but at the longest, the end comes, and we are gone the way of all the world. Our days are few and full of trouble, and soon we are gone.

The life of the Butter-Flay is very short. A few days after it spreads its wings for the first time, the female deposits her eggs on the stems that is to support the larvae. Then the work of the female butter-fly is over. She has a few days left and these she spends in frolic among the flowers, sucking the sweet juices that they supply. Soon the wings show signs of decay. Their colors fade and the wings become thin from contact with the leaves of flowers and shrubs. Then the end comes. Its flights are all over. We live a short time, have our families, taste of the sweets of life and then old age comes on and we are gone. Life is short.

Protein foods, such as fish and eggs should not be "boiled," say home economists of the U. S. Department of Agriculture, but should be simmered—that is, cooked in water just below the boiling point. Greater tenderness results from cooking longer at a lower temperature, since boiling toughens protein.

## STACK POLE NAILS TO BE SUFFICIENT

Southeast Alabama peanut grower who have not made application to county AAA committees for nails to be used in making stack poles should do so at once.

In giving this advice, A. W. Jones state director of Production and Marketing Administration, said that he believes there should be enough nails for all peanut farmers. "The 250,000 pounds of nails released last week by the Civilian Production Administration ear-marked only for stack pole construction plus regular supplies should solve the serious shortage," he stated.

The county AAA committees in the commercial peanut counties will issue certificates permitting farmers to buy one pound of the released nails for each one acre of peanuts to be dug. Purchases may be made from regular local dealers at OPA ceilings plus freight charges.

Like knives, good scissors and shears are easily damaged. The fine cutting edge is dulled by use on paper or cardboard, flowers, wet cloth, or heavy string. Inexpensive utility shear should be kept on hand for such uses. Scissors should not be used on heavy fabric because this is likely not only to dull but to spring them. Once sprung, they are permanently damaged. Dropping also may spring or break the blades. Points of scissors or shears never should be used to pry things open. Broken or bent point are the results.

## U. S. CROP OUTLOOK STEADILY IMPROVES

Crop prospects in the U. S. are steadily getting better, and it looks now as if this year's production will set an all-time record.

Basing his statements on the Department of Agriculture's July crop estimates, John Liles, API extension economist, gives this national picture. Corn prospects went up to 3.5 billion bushels, 16 per cent above last year's harvest. The wheat forecast went to a new record of 1.16 billion bushels. Other record crops are in sight for tobacco, vegetable truck crops, peaches and plums.

Near-record production is in sight for peanuts, oats, rice, potatoes, pears, grapes, cherries and sugarcane.

Average or better harvests are expected for hay, soybeans, dry peas, prunes, apricots and sugar beets.

Below average production is the outlook for cotton, rye, sorghum grain blends, buckwheat, dry beans, sweet potatoes and pecans.

## KNOW GRADE, STAPLE OF COTTON PRODUCED

Alabama cotton farmers who have qualified for government classing of their cotton under the Smith-Dooley Act were urged this week by J. T. Belue, API extension cotton specialist, to know the grade and staple of each bale they produce.

Members of cotton improvement groups whose applications have been approved to receive the classification and market news services may have their ginner send samples to the nearest government classing office. Within a few days, the grower will have the official grade and staple reported to him on a government classification certificate. This card, together with price quotations and market reports, enables the grower to determine the approximate value of his cotton.

Besides leadership in fields of which Alabamians may be proud, this State ranks near the top in the prevalence of one destructive agency which her people had just as soon do without, namely tornadoes, according to figures released today by Frank McGurk, Red Cross State Relations Officer.

Mr. McGurk said that since his organization began disaster relief work in 1880, tornadoes have struck every State except Nevada. Kansas heads the tornado list, having had 413 twisters. Texas ranks second with 328, Iowa third, 295, Alabama fourth, 212, and Arkansas fifth, 203. Although there is no closed season on tornadoes, the months in which they occur most frequently are May, June, August and April, McGurk said.

The Red Cross estimates that 150,000 natural disasters of various kinds occur in the United States yearly, re-

## Marines Celebrate Second Jap Landing

When the Japanese capitulated, thus ending World War II, the U. S. Marines, who were scheduled to spearhead the assault on the enemy's home island, participated in the occupation of Japan, thus making their second visit to Nippon within the century.

Leatherneck veterans of the Fourth Marine Regiment (upper right) are shown occupying the Japanese Naval Base at Yokosuka, on 30 August 1945.

The earlier landing of the U. S. Marines on Japan took place in 1853, when Commodore Matthew C. Perry, accompanied by a detachment of Marines from the ships of his squadron, under the command of Major Jacob Zellin, who was later appointed commandant of the Marine Corps by President Abraham Lincoln, visited Japanese officials.

The landing was made at Uraga and Major Zellin had the distinction of being the second American to set foot on Japanese soil.

The lithograph (lower left) depicting this landing was copied from an historic volume published in 1857.

Question-

What's one of the reasons so many people want electrical appliances for their homes?

Answer

A big reason is because the electricity to operate them costs so little. Alabama Power Company rates for home electric service have been going down for 20 years!

### How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

## Maplesville News

The revival at the Baptist Church closed Friday night. Bro. Colley brought some great messages both morning and evening. Services were attended by large crowds and greatly enjoyed by every one. Five members were added to the church for Baptism—Mr. Arnold, Misses Bonnie McGee, Eloise Meharg, Dorothy Belle and Jeanette Dennis. They will be baptized at the Nix Lake the first Sunday afternoon in September.

Friday afternoon, August 23rd, Mrs. B. F. Atchison, Jr., (nee Bonnie Sue Kincaid) with a miscellaneous tea shower at the home of Mrs. Howard Atchison.

Refreshments, consisting of punch, cakes and cheese crackers, sandwiches, were enjoyed by everyone. Miss Helen McGee, Elizabeth Rogers and Mrs. Agnes Billingsley assisted with the serving. Mrs. Atchison received an enormously large selection of nice and useful gifts. About 40 people attended and enjoyed the shower. Everyone extended to Mrs. Atchison wishes for a long, happy and successful marriage.

### HOOKED RUGS ADD A TOUCH OF COLOR

If you're looking for a touch of color for your home, braided and hooked rugs might be just the thing.

Made from materials that have already seen service, these rugs cost almost nothing, yet add that "something" to make a room more attractive and comfortable.

Color arrangement is one of the most important things in making braided and hooked rugs. Levice Ellis, AF I extension handicraft specialist, reminds homemakers. She suggests that plans be made for a scheme which is pleasing to the eye and harmonious to the room.

Protein foods, such as fish and eggs should not be "boiled," say home economists of the U. S. Department of Agriculture, but should be simmered—that is, cooked in water just below the boiling point. Greater tenderness results from cooking longer at a lower temperature, since boiling toughens protein.

Strawberries should be fertilized with 500 to 600 pounds of 6-8-4 about September 1 in North Alabama and a month later in South Alabama. Since the strawberry plant develops its buds in the fall for the next spring's crop fall fertilizing is important, advises Lyle Brown, API extension horticulturist.

## His Farm Fields Are Factories

U. S. FARMERS have made our fields into factories.

We live better than people in other countries because our farmers get more out of the soil.

The steel industry takes pride in the way it has helped bring about this improvement in farm practice. Tools of steel—from the plowshare to the giant combine—have multiplied in number and increased vastly in quality.

Fifty years ago the typical farm in America used about 3 tons of steel. Today the figure is nearer 17½ tons.

That is a measure of the modernization of agriculture and an indication of the interdependence of steel and farming.

We no longer have separate "farm production problems" or "industrial production problems."

We have but one set of problems for everybody.

If strikes, for instance, restrict the supply of farm implements and supplies through work stoppages, or make their cost prohibitive, America is out of gear.

Anything which tends in this direction is bad for the farmer—and finally for everybody. Farmers know it. Everybody else should know it.

Steel mills need all the scrap iron and steel they can get. The shortage is serious. Farmers can get extra dollars and help increase steel output by sending worn-out machinery, etc., on its way to the furnaces. AMERICAN IRON AND STEEL INSTITUTE, 350 Fifth Avenue, New York 1, N. Y.

The Institute has printed a booklet STEEL SERVES THE FARMER. Write for a copy and it will be sent gladly.

### Have You An Old "Pooch?" How Old?

In the hope that it may be found in this locality, the Chilton County News has been asked to aid in the Gaines Dog Research Center's search for the oldest dog in America.

The dog is wanted so that it—and its owner or owners can be duly honored during the forthcoming observance of National Dog Week, September 22 to 28.

Persons owning or knowing of extremely aged dogs are urged to send complete data and pictures immediately to Harry Miller, executive secretary, Gaines Dog Research Center, 250 Park Avenue, New York 17, N. Y. In the case of a purebred, a copy of the registration papers should accompany the communication, while in the case of a crossbred, an affidavit from the owner, accompanied by sworn statements from persons acquainted with the dog since birth should be sent. The final selection will not be made until the leading candidates have been seen and investigated, according to Mr. Miller, who adds that any documentary papers submitted will be returned after National Dog Week is over.

### PAYTON AND LEWIS TAKE SERVICE TRAINING

Russell Lewis, the genial and competent shop foreman for Chilton Truck and Implement Company, and Odell Payton, mechanic for this firm, have recently returned from Birmingham after extensive training in their work. Jack Troy has also started on a similar training service.

International Harvester Company is conducting a series of mechanic training schools to train their dealers service men. These are not short courses but extensive in each mechanical operation necessary in the proper repair of motor trucks, tractors and power units. This is another step forward in this mechanical age as it is necessary to have proper knowledge to keep modern machinery properly operating.

Bob Oglesby states that his entire mechanical organization will receive special training for their respective jobs. This means that the farmers and truck operators of Chilton County will receive the most modern service in the most modern shop of its kind in Alabama.

### SEVENTH-DAY ADVENTIST SCHOOL TO OPEN

We are happy to announce that the Seventh-day Adventist School, will open again for the school year of 1946-47. Registration will be held Tuesday, September 3rd, between the hours of 9-12 a.m. and 2 to 4 p.m. All students desiring to attend this year are requested to register at this time.

Those having attended in previous years, and possessing text books, are requested to bring all used books on registration day. Though you have already used them, other students will be glad to purchase them from you.

The capacity enrollment this year will be 60 students.

Tuition will be charged at the rate of \$4.50-\$6.50 (depending on grade taken), per 4-week month, for nine months. The first month's tuition will be due in advance on registration day. Classes will open Monday, September 9th.

### SOIL CONSERVATION NEWS

#### Farm Plans

Soil conservation district plans were made last week on the farms of J. P. Thrash and J. C. Downing. These plans included year-round grazing systems, water disposal systems and cropping systems.

#### Farm Tour

Last Thursday the supervisors of the North Central Soil Conservation District conducted a tour of a farm in Holly Pond Community in Cullman County for the purpose of showing farmers of that community a farm plan completely carried out. All critical slopes were in sericea and kudzu. The kudzu was used for temporary grazing. The sericea was used mostly for hay. Crimson Clover has been used for about five years as a winter cover crop. Crimson Clover seed are saved on the farm with a mower.

#### Reseeding Vetch

Henry Pelham, a colored cooper near Verbeia, has solved his problem of winter legume seed. Henry has Grandiflora Vetch growing on some of his cropland. By this fall he expects to have this vetch growing on almost all of his cropland. This vetch has the ability to form seed very early in the spring. Usually by the time winter legumes are ready to turn, this vetch has already made enough seed for a stand of vetch next fall. The vetch is turned under as a green manure in the ground all summer in an inactive state until fall. Then they will germinate and come up. Some of the vetch seed are hard and remain dormant in the ground for two or three years before germinating.

### NOTICE TO MEMBERS OF RANGER BATTALIONS

Members of the 1st, 3rd and 4th Ranger Battalions, are notified that a graphic history of the Battalions, many battles in Europe, is now available. This book was written by a former Ranger. For information about a copy of this book write: Circulation Manager, The Ranger Book Committee, 1946 East Chilton Ave., Philadelphia, Penn.

### NOTICE TO YOUNG MEN BECOMING 18 YEARS OF AGE

Although men eighteen years of age are not now liable for military training under the Selective Service Law, except as volunteers, it is still mandatory that every male citizen of the United States register on the day he becomes 18, unless such birthday falls on Sunday or any other day when Selective local boards are closed, then he will report to the nearest local board for registration on the following Monday or the first day following the closing of the local board offices.

### STATE DEPARTMENT OF CONSERVATION

The State Department of Conservation in conjunction with the American Red Cross has recently completed a first aid instructors course at Gulf State Park in Baldwin County.

Charlie Gay, Chilton County Forest Ranger, represented Forest District No. 5 consisting of Chilton, Autauga, Perry, Dallas, Lowndes and Montgomery counties. A school will be held some time in the near future for the purpose of teaching forestry employees the latest techniques in the care of victims of an accident or sudden illness until the services of a physician can be secured.

Between time fishing was fair to good, Ranger Gay stated.

And come up. Some of the vetch seed are hard and remain dormant in the ground for two or three years before germinating.

### According to Dr. Bennett:

"Diplomacy is the art of letting the other fellow have your own way."

Serving you NIGHT & DAY with a smile

The Southern Bell family is made up of a whole of a lot of folks. As far as we know, it's the largest group employed by any company in the nine Southeastern states.

Operators, engineers, accountants, maintenance, construction, business office and administrative personnel—there are 45,000 busy telephone people. But that's not all. The number quickly grows to an astonishingly large part

of the South's population when you picture each telephone member in his own family circle and count about four noses to the family. You see, directly or indirectly, they're all interested in giving you the kind of telephone service you want night and day. Telephone people are your friends and neighbors—the kind of folks you like to rub elbows with. You always know them by the voice with a smile.

## SCHOOLS TO OPEN DOORS TUESDAY

### Teachers Of County Schools Listed This Week

As has been announced, schools of the county will open on next Tuesday morning, September 10th. I sincerely hope that all pupils will be present on this date to become properly enrolled. All parents are invited to attend this opening day.

Beginning pupils will be those children who are six years of age or older, or those becoming six on or before October 1 of this year. Parents are urged to see that each beginner has a birth certificate. Lunchrooms will operate in nearly all the schools that operated them last year. Most of them plan to begin operation immediately after school opens. The increased costs of foods make it necessary to charge more for the lunches.

Bus schedules and routes will begin very much as they were last year. Drivers have been assigned and will get their buses on Saturday of this week. The drivers' meeting will be held on Saturday morning at 9 o'clock. We hope to get you information through this paper at a near date concerning the rules and regulations governing these drivers and asking you to cooperate with them in order that we get the best transportation service.

You who are expecting additional bus routes to be added this year will have to suffer the same disappointment we have already had. The new buses have been delayed and will not be in for a few months yet. Just as soon as they come, they will be added at those places where we have decided they are most needed.

Following is a list of teachers in the various schools. The difficulty of obtaining qualified teachers makes it impossible for each list to be complete. All vacancies will be filled by the opening day of school:

Alabama Mills — Mrs. Eleanor Haywood, Principal; Mrs. Leila Belle Moore.

Baker Junior High — S. E. Maddox, Principal; Mrs. Frances Littlejohn, Nora Harris and Olene Mims. Chilton County High — Patterson Hicks, Principal; Henry M. Adair, Ethel Alexander, Elizabeth B. Barton, (continued to back page)

### R. W. STREMMING FURNITURE CO. OPENS AT MAPLESVILLE

The R. W. Stremming Furniture Company, at Maplesville, is one of the newer business establishments opening in Chilton County.

Saturday, September 7th, will mark the opening day and the owner, Mr. R. W. Stremming, has planned for a busy day for all who care to come and enjoy the hospitality of the new store.

At the closing hour a prize will be given to the holder of a lucky number and to get a chance on this prize you only have to be a visitor to the new store on that day.

A feature of the new R. W. Stremming Furniture Company is that practically all merchandise displayed in the store is made from Chilton County plywood, furnished by the Stremming Veneer Company at Maplesville.

Only the most modern and up-to-date merchandise will be sold by this new company and Mr. Stremming invites his many friends in Chilton County to come in Saturday and visit with him and see the many bargains that he has to offer in furniture.

### ALABAMA MILLS EMERGES WINNER IN SOFTBALL SERIES

Alabama Mills are the softball champions of the county. Last week they clinched the softball season by beating down the determined American Legion team to win the series. In the three games of the final round between the Mill and Legion team, Alabama Mills won the first and third games 4 to 2 and 18 to 9. The second game was won by the Legion 9 to 8. The series began on August 19th to determine the champions with four teams participating for the best two out of three games. Below is the scorings during the series:

August 19 — Alabama Mills 6, Bell Hardware 2; P. O. team 14, American Legion 15.

August 21 — Alabama Mills 1, Bell Hardware 17; P. O. team 13, American Legion 8.

August 23 — Alabama Mills 4, Bell Hardware 2; P. O. team 6, American Legion 7.

Alabama Mills and American Legion teams won the first round.

August 26 — Alabama Mills 4, American Legion 2.

August 28 — Alabama Mills 8, American Legion 9.

August 30 — Alabama Mills 18, American Legion 9.

### HIGH SCHOOL ANNOUNCES NEW MUSIC STAFF

Since Mr. J. F. Burton resigned as director of the band at the high school effective August 1st, the music department is happy to announce that it has been able to fill this position by the appointment of Mr. Maurice Brausa of Murray, Ky. Mr. Brausa was born in Idaho, but moved with his parents to Kentucky when still a small boy. He graduated from Murray State Teachers College of Kentucky. Taught in the high schools of Tennessee as band director for two years, and then went into the U. S. Army for four years. While in the army he was a member of a band.

Mr. Brausa is working toward his masters degree in music at Northwestern University, Chicago, Illinois having completed last week half the hours required for this degree.

At the high school here he will direct both the band and the Glee clubs as he has had training in choral direction as well as in band. Mr. Brausa will report for work Monday, September 9th, and he will be very glad to meet all students who may be interested in band or glee club work. He will also direct the band work in the Jemison High School.

Miss Kathryn Bryan of Clanton will have charge of the piano students of the high school of the Senior high grades, and also the pupils taking voice.

Mrs. Brooks Connell will teach piano for the three junior high school grades.

### CLANTON PILOT CLUB MEETS

The Clanton Pilot Club met at the home of Mrs. Sophia Jones on Tuesday evening, August 22th. Eighteen members were present.

### GULF SERVICE STATION OPENED AT THORSBY

A new one-stop service station has been opened at Thorsby by Mr. B. N. Studdard, distributor for Gulf Products in Chilton County. The new station, which is operated by Mr. Elvin Sorrell, is complete in every way and the aim of its management is to give the customers the best in service and merchandise.

Saturday, September 7th, will be the formal opening day and refreshments will be served to all friends and customers who attend this grand opening. You are cordially invited to come and inspect this new modern service station.

### MR. SHERMAN L. GILES

Mr. Sherman L. Giles, age 82, died at his residence, Clanton Route 5, Thursday. Funeral services were held Saturday at 11:00 a.m. from Mineral Springs Church, conducted by Rev. Davis and Rev. Cost; interment in adjoining cemetery.

## GRAND JURY RETURNS 30 TRUE BILLS

### McKee Case Heard By Jury; Gilliland Indicted

Out of thirty-two cases examined by the Grand Jury last week, thirty true bills were returned.

Among the cases of particular interest were those of Dewey Archie McKee, charged with first degree murder in connection with his wife, Irene. In the McKee case twenty-nine witnesses were heard.

Floyd Gilliland was indicted by the jury and charged with first degree manslaughter in connection with a wreck that took the lives of A. G. Atchison and Thomas Doyle's Hayes on Saturday, December 1, 1945, on the University Highway beyond Maplesville.

First degree manslaughter was charged against Tatt Spencer (colored). Spence was driver of the vehicle which struck 4-year-old Stella Littlejohn, daughter of Mr. and Mrs. Hiram Littlejohn of West Clanton. The accident occurred January 17th of this year.

Other cases of interest were: Jodie Cockerly—manufacturing liquor; Fred D. Newman and James Newborn Crabtree—transporting liquor; Lula Mae Johnson—grand larceny; Charles Knight—burglary; Charles Monroe Crumpton—driving while intoxicated; and Willie Carter—grand larceny.

The State of Alabama, Clanton County.

To Hon. Arthur Glover, as Judge of said Court.

We, the Grand Jury, empaneled for the July Term, 1946, of the Circuit Court after receiving your Honor's most able charge, entered upon our investigations of the matters that came before us as Grand Jurors and herewith submit the following report:

During our investigation we have considered 32 cases and have examined 71 witnesses and are returning (Continued on page 8)

### LUTHER DAVIS REMAINS IN CRITICAL CONDITION

Luther Davis of Enterprise community who tried to take his life last week by cutting his wrist and throat with a razor blade remains in a critical condition at Central Alabama hospital.

Local doctors performed an operation Tuesday morning and amputated his foot which because of a blood clot was endangering his life. Little hope is held for his recovery.

### Wild Life Club To Meet Friday

The Chilton County Wild Life Conservation Club will meet on its regular meeting night, Friday, September 6th. We have two very good pictures on fish and fishing. These films came to us from the National Sportsman Magazine in New York. Both pictures will be about 40 minutes long.

The meeting will be at 7:00 p.m., in order that we can finish the meeting by 8 o'clock so that everyone attending this meeting will be able to go to the Fat and Lean Softball Game being played on that night for the benefit of Boy and Girl Scouts of Chilton County.

Everyone is urged to see these pictures. Non-members are urged to attend. — Raymond Mims.

### PROMOTED TO MANAGER

Mr. Houston Blalock, formerly with the Yellow Front Store in Clanton, has been promoted to manager of the Maplesville Store. His friends all wish him much success in his business.

### OUR QUESTIONAIRE

1. Who at last got a shot at the burglary that has been visiting so many Chilton County homes?
2. Do you know who the Republicans named last week to run for the Office of Clerk of the Circuit Court?
3. Who will teach your child when he or she starts to school this year?
4. On what day will the county schools open and what important meeting takes place the Monday before?
5. How many babies were born at Central Alabama Hospital last month?
6. What important Chilton County business man opened a new furniture store at Maplesville this week?
7. What local church has a home-coming this next Sunday?
8. What local gasoline distributor has opened a new station at Thorsby?
9. What local stores are catering to "Back to School" specials this week?
10. When will CCHS Tigers have their first football practice?

### HIGH SCHOOL OPENS TUESDAY MORNING 9:30

The 1946-47 session of the Chilton County High School will open Tuesday morning, September 10th, at 9:30. There will be a short informal program in the gymnasium to which the general public is invited.

Advanced registrations indicate that this high school will have a record enrollment this year. Last year 994 students were enrolled during the year which was the largest enrollment in the history of the school. This year it appears that the enrollment will go well beyond the six hundred mark.

### More Fish Stories This Week; Get Your Story In Before Contest Ends Sept. 30

This week's fish stories come from Harlem Willis and L. Deason. They get bigger every week. Willis brought his by 'as proof. Deason's fish could never be brought in. Their stories:

Harlem Willis was out on his route last Wednesday down near Cargile Creek. At the rear of Uncle "Babe" Edwards' barn Harlem noticed some water about knee deep on a gangway. Harlem got his reel, rod and line rigged up and decided to cheat on the boss a little. After a few casts Harlem succeeded in dragging out a five-pound trout at the Uncle "Babe" Edwards' old lot comes.

The tallest one lot from L. Deason telling of his experience down on Yellow Leaf near Thompson's Mill. Here's his story:

### Fat And Lean Game To Be Wacky Affair

The wackiest of all softball games will be staged here Friday night when the Fat men of Clanton tangle with the Leans.

This is a benefit game, proceeds going to the Boy and Girl Scouts. There will be no admission but every person entering must make an individual donation. Donations cannot be made for someone else.

The Fats say they can fry the Leans. The Leans say there is too much fat.

The game will get off with a bang at 7:30, providing all players can get on the field in time. The Leans say some of those fats will not make the trip all way to center field. The Fats say they won't need a center fielder because they don't think there's a Lean who can hit a ball out of infield.

Some of the things you will see will be the Sheriff and deputies umpiring with shotguns; Jack Hayes is trying to persuade them to let him umpire one inning; there will be an inning with all fifty players in the field. There will be an inning where every player uses a bucket to catch the ball. An ambulance will be on hand to haul away the fatigued and a wrecker will be present if assistance is needed in loading the fats. Boy scouts will be available to render first aid. This will truly be the funniest show ever staged in Clanton.

The gutter-upper of this game requests that all persons with shaky nerves, ulcerated stomachs, biliousness and indigestion, see their own judgment about attending.

Bring the children, grandmas and bring the wife if you can't get away without her. It's the show of the season. . . 7:30 p.m., High School ball park.

ty. A friend and I decided to go fishing on Yellow Leaf Creek below the mill was a nice patch of potatoes. I said to the old fellow standing there, 'you've a nice patch of potatoes there.' To this he replied: 'They're that good every year.'

"My friend and I thought there should be good fishing at that rate. We started fishing and in a few minutes we hooked one that Jimmy Bell and Dick Bell had missed. He got so hard to handle we finally had to tie our line to a hickory tree. That catfish fought so hard until he got crossways in the creek. Water started backing up over the water mill. The water started the mill to operating in reverse. Before we could set things right the mill had unground five bushels of a farmer's corn."

### Stolen Goods Links With Other Burglaries

A negro man in his thirties was caught in the act, last Tuesday night when he entered the home of Mr. B. M. Nabors immediately below Thomas Junior High School on U. S. 31. Sheriff Nivens' revealed the happenings this way:

Tuesday night, about eleven Mr. Nabors saw a prowler around the schoolhouse and his home. The prowler was flashing a light. The negro came to his house and began shining the flashlight in windows. Mr. Nabors followed from window to window. The negro came to the front door, cut the screen and entered the house. Mr. Nabors shot the negro in the hand and leg with a shotgun. The shot struck the negro in the right hand in which he was holding a .32 automatic pistol. The negro fired one time at Mr. Nabors and missed only a few feet. The negro ran.

Dogs were brought to the scene and the negro, who said his name was Willie Green, of Montgomery, was caught in the barn of Aaron Dennis. He had lost so much blood he was forced to lie down beside a fence. He was nabbed about 3:30 a.m.

The negro was carried to Draper Prison at Spigener for safekeeping. Later he was carried to Wetumpka for surgical treatment on his hand.

Green had in possession several items which linked him to the series of burglaries that had been occurring here for the past several weeks. Among those were the suspenders of John Williams of Verbena whose home was "the first broken into." He carried towels belonging to Henry Popwell of South Clanton. More conclusive evidence that Green was the burglar, was a wrist watch belonging to Mrs. E. B. Allison of Clanton, whose home was broken into last Monday night. Mr. Allison lost \$87.00 in cash, cigars, a frying pan and some other items. Green had \$83.00 in cash when caught and Allison's frying pan.

On last Sunday night a prowler was seen at the home of Mr. John Griffin. He attempted to drive Mr. Griffin's truck off. Dogs were called to the scene and trailed down the road. On the same night a prowler entered the home of Mr. Henry Popwell in South Clanton. He entered while everyone were asleep and carried Mr. Popwell's clothes outside, took a small sum in cash, a knife and towels. He left the wallet, clothes and Mrs. Popwell's purse lying outside the house.

On the following night, Monday night, he entered the home of Mr. and Mrs. Burt Allison in Clanton. The prowler rammed through the refrigerator, drank a pint of milk, stole a wrist watch belonging to Mrs. Allison and \$87.00 in cash, some cigars, a frying pan and other items, cut the screen and pried loose the night latch.

According to officers it is believed that there is another negro still on the loose.

### DONALD RAY CARTER

Donald Ray Carter, infant of Mr. and Mrs. Hoy Carter of Jemison Rt. 2, died Thursday, August 29, at 11:00 a. m. Funeral services will be held Friday at 2:00 p.m. from Posey Graveyard, conducted by Rev. Rube Crumpton; interment in cemetery.

Spigener Funeral Home in charge.

## TRUCKS, TRAFFIC HAZARD

Trucks parking on the streets of Clanton are becoming a serious threat to the traffic of our city.

Many of the trucks reach practically to the center of the street and when another truck of similar size, or a big moving van, bread truck, cold drink truck, or any of those "long fellows" park opposite then it is practically impossible for even a small passenger vehicle to get through — much less two cars pass through the space that is left.

The past week where a long trailer was unloading its cargo and where directly across the street a linen supply truck pulled up, there was not four feet separating the two trucks and traffic had to go around a complete block to continue to its destination.

Such conditions as this should be improved. Where a truck is over a length that would cause a traffic hazard then a special place in our city should be reserved for them to park.

These truck drivers have to park in Clanton to do their business the same as anyone else, but we believe that a system could be worked out where it would not cause so much inconvenience to the other motorists.

## A BOUQUET THIS TIME

While we are throwing "brick-bats" let us also throw a "bouquet." We have in mind Mrs. W. W. Wingard, our most efficient City Clerk.

In the comparatively short time Mrs. Wingard has been at the City Hall she has become exceedingly familiar with her many duties and performs each and every one competently and with exceeding care. Too, Mrs. Wingard serves the citizens of Clanton and the callers at her office with a courtesy that is appreciated by all.

## RIDICULOUS

Looks like our Government officials have gone from the "sublime to the ridiculous" when they pass up so many large tax-dodgers and start demanding that all those who receive tips from their work must make a report to the income tax office. An article originating in Mobile this week stated that, "All persons receiving tips as wages must report their tips for the past three years."

Seems to us common sense would teach anyone that a person could not remember the amount of tips that he had received for the past three years—or even for the past week—accurately.

Isn't there more important things for our government officials to do than to run down the amount a waitress or a bell boy received in tips?

## BACK TO SCHOOL

Tuesday of next week will see all of the young folks of the county trek off to school with their books under their arms. If the young still react as they did when we were of school age each will bemoan his fate at having to go to "that old school house" for nine long months. It isn't until it is too late to get it that a person misses or sees the need of education. Where there are millions of kids at this time of year hating to go back to school there are also millions of older men and women finding out their mistake in not taking advantage of an education that was theirs for the asking.

It is not safe to buy land or to lend money and accept land as security without first investigating the Title of the land. Often there are unpaid mortgages and judgments or other liens, affecting the Title, which an Abstract would set out. Therefore, when buying land or lending money thereon, it is important that an Abstract of Title be furnished. ## FOLKS & THINGS

### ABOUT TOWN

-By BEN

THINGS WE SAW — Best yet was N. L. "Buck" Roberts riding, his youngest around the block late Saturday afternoon on a big shiny tractor. We believe Buck was having more fun than the youngest. . . . Going down the alley the other afternoon and because we were accompanied by a Deputy Sheriff, Tom McKee calling, "Look him up, put him clear under the jail." . . . A sweet nice . . . Julian Evans in the City Grill the other morning. Imagine living in the same small town and seeing a good friend about three or four times a year. . . . A young lady calling us at five o'clock in the morning and greeting us with, "Did you know that one of your employees was in an automobile wreck last night?" Had us jump for a moment. Still we appreciated the call. . . . Another employee lending his "scoter" to a friend and said friend "turned turtle" in front of the old CCC Camp and bruising himself considerably. However, thank goodness, the "scoter" was returned intact. . . . John Ponder Lawrence, Jr., Clanton's famous sign painter trying to skin us out of our small profit on his cardboard by buying it wholesale. That's mutiny—that's what. . . . A waitress in a Birmingham Cafe accusing us of running out on a "check" three weeks ago. The check was for a dollar twenty and she evidently had to pay it. Says she, "He had a scar on his face," and we hadn't been in a Birmingham Cafe three weeks ago—we hope. . . . A Deputy Sheriff pouring liquor out in the gutter the other afternoon. He had been taken from a soldier who was going south and didn't know he was traveling in dry territory. He hated to see it go but said he would rather see it poured out than to go to the hose-gow with it. . . . Dr. W. L. Parrish, our new P.J. can't walk ten feet through the business section without being stopped. . . .

Guess you know that we have a private feud with Paul Williamson. Well, we can't resist telling this one on him that we heard the other day: Someone asked Paul, (that's the little man with the fringe on top), if he had realized any of his childhood dreams. Paul said, "Yes, when I was a small boy and my mother used to comb my hair I used to wish that I didn't have any—well?"

Visited Minnie Wade and her new off-spring Sunday afternoon. Sure is a good looking youngster. Doesn't look a thing like Charles or Minnie either one. Just about the prettiest baby we ever saw. "Course if any of these other mothers who we have written about lately see this—we are just fooling. . . . Stopped by to see Miss Ada Bent's mother. She has been seriously ill but is much better and Miss Ada is able to smile again.

Stopped by White's Frozen Malt place the other afternoon and you know that fellow needs more equipment. His business has grown so much since he opened a few short weeks ago until he can hardly take care of the business at a rush hour. We drove by and couldn't get anything, but an ice cream sandwich. We decided to wait so we drove around awhile and came back by and the boy said the malt had been prepared but he had sold out and would have some more if we would wait a few minutes. Well, to keep from waiting we just suggested that he bring us some of those ice cream sandwiches. They had sold out of those. It ended by us waiting until the next crop of malt came and getting a chocolate frozen malt. No kidding—we are really glad to see Mr. White doing so fine with his new business. We hope within a few weeks he puts in a good brand of "hot chili."

This is to the members of the new Country Club that is coming to Clanton in the near future: Golf is a game where you put a small ball measuring one and a half inches in diameter on a large ball measuring 8,000 miles in diameter. The object is to hit the small ball without hitting the large one.

You heard about the guy who was drunk two months after he had asked his girl to marry him and she had said no—well, according to a married friend of ours, that's carrying a celebration too far.

Rumor has been going the rounds lately that our next Representative from Chilton County, Mr. Charlie Cox, is against Old-Age Pensions. Nothing

could be further from the truth. Mr. Cox has consistently fought for Old-Age Pensions for years, and according to his own statement intends to continue to fight for the old folks throughout his public career. He has had several conferences with our incoming governor, Mr. James E. Folsom, and the two see eye to eye on old-age pensions and many other of the governor-elect's ideas for the coming administration. Have no fear our Democratic nominee will be a decided asset to Chilton County because of his progressive ideas and his close association with the incoming governor.

We think Mr. Jimmie Bell of the Bell Hardware Company deserves a bouquet for the good deed he performed the other day when he ordered the window panes for the Methodist Church and had them installed, (or whatever you do to window panes) for free. This was a service that was very much appreciated by the membership and especially the ladies.

We believe Mrs. W. C. Golden has been on the Gulf for the past week putting her new summer home in order. Maybe the doctor slipped off the last of the week and enjoyed a much needed rest there too. We probably spoke too fast when we said rest because we cannot imagine a man taking a rest when a woman is putting a new house in order. Anyway, we understand that they are doing wonders with it and are very anxious to see what progress they are making. That hint should be good for an invitation.

## HOME USE IS BEST MARKET FOR YOUR TIMBER

No market offers higher values for farm-grown timber suitable for building purposes than does home use, Cecil Clapp, API extension forester, told Alabama farmers this week.

With a limited amount of cash, the average farm woodland owner can provide himself with a supply of boards, dimension stock and other lumber needed for repair and construction of buildings. Such low cost improvements will enhance the appearance of the farm, increase its real estate value and pay dividends in better living, Clapp explained.

Lumber should be carefully piled and protected with a board roof.

One-inch pine lumber requires from one and one-half to two months to air dry. An additional period of two weeks is needed for drying two-inch lumber. Hardwood lumber may require two to six months, depending on the species.

Farmers over the State are cooperating with their neighbors in swapping labor and use of machinery needed to plant their winter cover crops, reports Earle Williams, API farm labor specialist.

## MORAL ECHOES

Rev. D. W. Haskew, D.D.

The disposition of human bodies in death is coming in for a new discussion in some magazines and periodicals. It is said that a body six feet long and weighing 200 pounds, can be embedded in a cement block for about three dollars worth of cement and sand, and that the name of the party can be inscribed on one end of the block with letter punches or stamps. These blocks could be used in the building of walls, or other useful constructions, and preserved as an honor building in the memory of the dead. By doing this those who die, would continue to serve a purpose in the building of a civilized world. After death had you rather be a part of a great concrete wall to hold back the overflow of some mad water stream?

I was talking to a man about death and the after life, and with a grin of superiority he said to me, "I never allow myself to think about such things." That man thought about being comfortable in the winter, for he piled high his fuel supplies in the summer. He thought about food supplies for months ahead, for his barns were full of grain. He planned well for food, raiment, comforts, education, etc., and yet he had no plans and thought for the life after death. The place that knows you now, will soon know you no more forever, and the sensible man will make his plans for death and the life that comes after death. By thinking and planning for the after death period, we can lay up for ourselves treasures.

The four year old child was playing with his dog out in front of his home. The dog broke loose from his play mate and dashed out into the street, the little boy following in haste. Both the dog and the boy ran directly into the path of a speeding car, and both died beneath the wheels. Death often comes to people of mature life as suddenly as to that boy. A returned veteran was sawing the limb from a tree and his saw fouched a live wire, and he went into eternity. Some have warnings that death is coming, and some go without a warning. There is one thing that is certain and that is,

All old containers to be used later should be placed in the house to get this treatment.

CLANTON FFA CHAPTER SPENDS WEEK AT GULF

(By Thomas Mims)

The Clanton FFA Chapter spent the week of August 19-24th at the Gulf State Park near Foley. The members of this organization started making preparation for this trip last spring before school was out. The members canned in their Canning Plant 87 cans of beef, 31 cans of chicken, 38 cans of peas, 36 cans of corn, and 9 cans of tomatoes to carry with them on this trip. They brought sugar, lard, eggs and jelly from home. The only food that the group had to buy was bread.

The group left Clanton Monday morning at seven o'clock and returned to Clanton the following Saturday. While at the Gulf we spent two days enjoying the sun and water. On Thursday the State Docks and was carried through the Cold Storage Warehouse. After a few hours at the docks we visited the Bellingham Gardens. We did not get to see much color, but we were convinced that the gardens are the "Charm Spot of the Deep South." After the visit through the gardens, we returned to Foley through the Bankhead Tunnel. Which was a treat for most of us. After arriving back in Foley we had an early dinner and went to the beach and stayed until dark.

On Friday we made a trip to Pensacola and to the Naval Air Station. On arrival at the Air Station Lt. (jg) Kennedy carried us into the Survival Exhibit. This is an exhibit that all cadets must see before they get their wings. The exhibit illustrated how a pilot could survive in any climate or condition that he might get into as a Navy Pilot. After seeing the Survival Exhibit we went over to a swimming pool and a pilot gave a simulated crash of an airplane into water and what the pilot must do in order to survive. After seeing this we went to Fort Barrancus and saw the Old Spanish Fort of San Carlos. Everyone was amazed by the construction of this Fort. We made a short visit around the Fort and returned to the Naval Air Station where we were carried for a ride on one of the Navy's Patrol Boats. This ride was enjoyed by everyone. When we returned to shore we were carried up to the Ships Canteen for dinner. That ended the visit at the Naval Air Station.

We returned to Foley and hastened into our bathing suits and went to the beach. Friday night we went into Foley to see a movie.

Saturday morning we got up early, cleaned the camp, packed our clothes and took a last swim in the Gulf before returning.

Members making this trip were: Thomas Mims, Clyde Blacklock, O. L. Wells, Douglas Todd, Reed Mims, Frank Parrish, Herbert Dennis, Tomie Connell, Jonnie Wells, Hoover Armstrong, James Wells, J. E. Nickelson, Thomas Blacklock, Gene Parrish and J. R. Thompson, Advisor.

Recent research by poultry specialists of the Bureau of Animal Industry, USDA, shows that breast of chicken is an important source of niacin, the anti-pellagra B-vitamin. Findings indicate that chicken breast contains more niacin than any other muscle meat tested, and it compares favorably with beef and pork liver, both long recognized as rich sources of this vitamin.

FARMERS PLANTING LEGUMES ON TIME

Winter legume planting time has come around again and thousands of Alabama farmers are busy putting in what may be a record acreage of soil improving crops.

This week the planting of all winter legumes with the exception of blue lupine should be well underway. Southeast Alabama will seed lupine from September 15 to October 15.

Planted early, winter legumes will make good growth before cold weather and be able to better stand freezes. Also larger growth will result, allowing a good crop of green manure to be turned early in the spring. "Late planting probably is the main reason for unsatisfactory results with these crops," explains D. R. Harbor, API extension assistant agronomist.

In addition to early planting, success with winter legumes depends upon using plenty of seed per acre, correct fertilization, and successful inoculation.

Seeding rates given by Harbor were: Hairy vetch and crimson clover — 20 pounds per acre; Austrian winter peas and willamette vetch — 30 pounds per acre. Do not plant seed that have not been properly inoculated, he cautioned.

It was recommended that each acre of winter legumes be fertilized in one of the following ways: (1) 400-500 pounds of basic slag plus 50-70 pounds of muriate of potash, or (2) 200-300 pounds of superphosphate plus 50-70 pounds of muriate of potash, or (3) 300-400 pounds of 0-14-10.

Wooden or plastic hangers for clothes are more satisfactory than wire or cardboard hangers. Wire hangers may rust in damp weather and stain clothes, while cardboard hangers become limp.

You can help prevent mold on your cheese by spreading a coating of butter or vegetable fat over the cut surface. To prevent drying out, wrap cheese tightly in moisture-proof paper.

with pink rosebuds and the 10 candles. The children enjoyed games and contests and were served cake and drinks, which everyone enjoyed very much.

BEFORE WINTERING CATTLE SPRAY WITH DDT

Spraying cattle with DDT before they go into winter quarters will do away with lice that would otherwise become numerous during cold weather.

W. A. Ruffin, API extension entomologist, says that the spraying should be done before October 1 so that flies, mosquitoes, ticks and other insects that bother cattle will be controlled. A single spraying, if done correctly, should be enough to rid the cattle of all lice.

Two pounds of wettable powder containing 50 per cent DDT should be mixed in five gallons of water. Each head of cattle needs to be sprayed thoroughly with about one pint of the mixture.

If cattle are allowed to begin the winter with lice, the problem of controlling the pest is made more difficult because the lot and buildings will become infested, Ruffin says.

WILLIAMS' REUNION

Remember the Williams reunion September 15th at the home of a daughter, Mrs. Carson Boockholdt. All relatives of Uncle Joe and Aunt Mary are expected; friends are invited too. Now that the boys are home again, let us see who will have all of their family present.

Plan where you want to plant your alfalfa in 1947 and seed the area to vetch now. This is the first step in being successful with alfalfa, says J. C. Lowery, API extension agronomist.

Fertilization of ponds should be continued through September so that fish will make good growth early in the fall, says A. M. Pearson, API extension fish and wildlife specialist.

## PASTOR HICKMAN'S SECOND ANNIVERSARY AT TEMPLE

The Rev. A. T. Hickman begins his third year as pastor of the Temple Church this week. He came here two years ago from Hattiesburg, Miss., where he had held a pastorate for near four years. Bro. Hickman's ministry has meant a lot to the Temple Church. Every department of the church has grown. The last year has shown much growth and interest. The third Water Baptismal service for this year will be held next Sunday afternoon at the church pool.

An anniversary party was held Wednesday night at the parsonage attended by the members of the church and friends.

Bro. Hickman is preaching next Sunday morning from the subject—"Man's Part in His Own Salvation." This is part of a series of sermons on "Man's Salvation." His subjects for the last three Sundays have been as follows: "The Part the Word of God Has in Man's Salvation"; "The Part the Blood of Christ Has in Man's Salvation"; "The Part the Holy Spirit Has in Man's Salvation." The public is always invited to hear the pastor of Temple Church.

## CHURCH OF CHRIST

## MACEDONIA

Revival closed here Friday night with two new members. They were Miss Lorene Cofer and Mr. Coy Rasberry. The baptizing will be next Sunday. We enjoyed having Rev. and Mrs. Williams in our community the past week.

We met Sunday afternoon to organize our Sunday afternoon singing, which will be the first Sunday afternoon in each month. We elected Mr. Billy Hayes as chairman and Mr. Marion Cofer as co-chairman. We were glad to have as many visitors as we did, especially the large number from Pates Chapel. We invite each and every one back.

Mr. and Mrs. Pratt Crumpton and Miss Marie Crumpton spent the day with Mr. and Mrs. Woodie Rasberry Sunday.

Miss Evelyn Nix visited Miss Mariah Freeman during the week end.

Mr. and Mrs. Carl McCarthy had their children home the past week end, Mr. and Mrs. Bill Clark and Mr. and Mrs. Wootley.

Mr. and Mrs. D. E. Moore's parents spent the week end with them, Mr. and Mrs. W. L. Garner, from Maplesville.

Mr. and Mrs. Orville Smith and daughter, Janice, spent Sunday with Mr. and Mrs. Ermon Rasberry. Misses Lorene Oates and Kathleen Rasberry and Mr. J. N. Crumpton were home for a few days during the revival.

We are saddened because of the sickness in our community. Mrs. Mollie Hodges and Mrs. Zack Jones are very low. Mrs. Lenia Ward is in Jefferson Hospital and Mr. and Mrs. H. W. Gibson have both been sick. We truly hope they will soon be better.

Mr. Paul Davenport spent Thursday night with Mr. and Mrs. Morgan Davenport.

Mr. and Mrs. F. C. Gibson spent Sunday in Maplesville with Mrs. Gibson's brother.

The Veazey boys from Birmingham spent the week end with parents, Mr. and Mrs. Veazey.

## NEW SALEM

The regular Friday night singing will be in honor of girls leaving for college. Quartets are expected from Birmingham. Everyone is invited.

## PASTORS' CONFERENCE

Saturday afternoon at two o'clock, Dr. A. Hamilton Reid, Baptist State Executive Secretary, will speak to the pastors of the Unity and Chilton Associations in their regular pastors' conference. It is hoped that we may have all our pastors to attend and hear this message. Dr. Reid will tell us some things of vital importance. The inspiration Dr. Reid gives is from the Lord and will be most helpful.

Program committee, G. G. WILLIAMS, L. D. HUGHES, EDWIN WILKINS.

## LETTER TO THE EDITOR

Dear Mr. Ben:

In view of the fact that we have been going along together for several years, and there appeared in your good paper recently a letter bearing the name of Mr. S. A. Harrell, that is not based on the facts that actually exist as of truth as to my connections with the Old-Age Pension Association, Inc., and my position with Mr. Folsom, Mr. Boozer or Handy Ellis, I feel it my duty to heretofore set forth some of the records that will set aright some of the things that Mr. Harrell is only mis-informed on:

In the first place Mr. Harrell is associating himself in the matters of his letter with Mr. W. P. Gordon—J. H. Kelly and their associates of whom some of their names will be called in this letter purely as a matter of stating some of the actual circumstances in question in Mr. Harrell's letter.

Proof of Mr. Gordon's leadership in the Kelly faction:

Gordon's letter in part as of August 16, 1944:

"Dear Bro. Beasley: I would like to see you before the meeting Saturday and talk over the question of setting up a new organization. If I do not, I suggest to make it a fifty-fifty man board. Since you are younger and can carry on you should be the President."

Following the connection I now quote from Mr. Gordon's letter of April 5, 1945—"Dear Bro. Beasley: I would say let Kelly step in as State President with Haleyville as Headquarters."

More of the brief evidences I am herein giving in order to cut it as short possible—"May 20, 1946—copy of Mr. Gordon's letter of Mr. J. H. Kelly: I did meet with you and your group in Birmingham."

While Mr. Gordon has never cooperated with the Pension Organization since he pulled it into the Chaucery Sparks' column and helped Sparks to lay low the old people in January, 1943, he has not acted for cooperation of an united pension force, nor has he supported the organization nor Eventide, its publication, which position his new Kelly Association is also absolutely placed in, when it comes to the organized evidence.

I duly called a meeting in Birmingham, October 14, 1945, the meeting that has been badly mis-represented by the Kelly Association as in evidence in their newly formed publication Alabama Pension Advocate. I called this meet for Gordon-group acting still to do all in my power to not leave any act on my part to cooperate with them in the spirit of brotherly fidelity and for the best interest of old-age pensions—the aged citizens.

Mr. Gordon, as usual, did not come into the meeting. He has never been the man to be an incorporate signer or otherwise constitutionally identified with the pension organization. However, coming into this October 14 meeting was of the Gordon group—Mr. J. H. Kelly, Mr. T. W. Bryan, Mr. John A. Romine and Mr. J. M. Engle. The meeting was friendly and orderly until Mr. Engle took the floor in the most angry and disordered manner, refusing to be orderly and being joined by Mr. Romine in a move to scrap the Old-Age Pension Association, Inc., with all of its constitution and by-laws, to permit 6 non-members, I non-officials that had come there with them to vote to scrap the constitution certificate of incorporation of the said incorporation and elect new officers. In such a spirit and manner they confused and killed any moral or legal affects of the whole procedure. However, in the face of the material facts of the said result, Mr. Kelly-Gordon-Thompson, have tried to assume the right and authority to disband the Old-Age Pension Association, Inc., and force the true pension workers and officials into their unfriendly and ill-formed association. As is known Mr. Thompson is said to be the editor of their Alabama Pension Advocate, and under his editor's note, col. 3, editorial page their June and July combined issues he has the following to say: "J. H. Kelly and G. W. Beasley were nominated for President. A vote was taken—18 votes cast—Kelly received 10 and Beasley 8." Now let's take into due consideration that all told there were not but 18 persons present in the October 14, 1945, meeting; that of those officially connected in anyway with the meeting are the following: J. H. Kelly, J. A. Romine, T. W. Bryan and J. M. Engle, which brought in the move to get rid of the pension workers and the pension organization.

G. W. Beasley, John L. Tessenner, M. S. Sanford, J. W. Snipes, R. E. Simpson, A. R. Head, John W. Mahan, G. C. Barron. The four and eight were the only persons in that meeting that could possibly vote in the election of officers of the board of directors. The

four and eight are 12 persons to vote. When Mr. Kelly, Engle, Romine and Bryan continued to disregard the meeting, Mr. M. S. Sanford, Mr. R. E. Simpson, Mr. J. W. Snipes, Mr. A. R. Head, Mr. G. C. Barron, John L. Tessenner and Mr. John W. Mahan sustained me in refusing to abide by their attitude and acts. In another issue of Mr. Thompson's Advocate he says they positively have 18 votes that were cast in that October 14, 1945 meeting. Mr. Thompson was one of those six that had no legal vote in the procedure of an official board meeting of the Old-Age Pension Association, Inc. Mr. Thompson, now claiming he voted in said meeting, wrote me a letter October 15, 1945, and says the following: "When you ruled that certain ones could not vote, I abided by your ruling." So you, Mr. Editor of the Chilton County News, can see from Mr. Thompson's own written positions that on one hand he did vote and on the other he did not. In this vote connection Mr. A. R. Head, Mr. John L. Tessenner, Mr. M. S. Sanford and Mr. R. E. Simpson will make affidavits that they positively saw J. H. Kelly take 3 votes from under the pad of the table they were all seated around, that he took them therefrom and slipped them into the pool of votes. So taking the Thompson vote and the Kelly two votes will confute their ill claim on the election of Kelly as president of the Old-Age Pension Association, Inc.

The letter of Mr. Harrell, also errored in fact as to my voting for Handy Ellis in view of the fact that my vote in May Primary was cast in Beat 16, Etowah County, Number 7, marked for Judge S. E. Boozer. June Primary at same station my ballot was Number 17 and marked for J. E. (Big Jim) Folsom. Now with this connection let's further take into due consideration more acts of Mr. Harrell's mis-informed association. Instead of being Beasley for Handy Ellis and against Jim Folsom, here is the evidence still of Mr. Gordon the head of the Kelly-Thompson Association.

Mr. Gordon's letter of May 30, 1946: To Mr. J. H. Kelly and we quote: "No, I am not going to back a man who has the endorsement of a Russian-born man like Sidney Hillman. I have thought Beasley was wise, and lo and behold, he is for Folsom."

Looking back to January, 1943, when I had fully discovered that Mr. Gordon had influenced Mr. Sparks in deceit of Old-Age Pensions and asked him to go his way and let me and the pension people alone he charged me with selling out to Folsom, as per his letter I have before me addressed to Mr. J. M. Engle, Decatur, Ala., January 23, 1943, and we quote: "I understand that Beasley is moving to Clanton. If you remember Clanton is the home of Mr. Tucker, Jim Folsom's State Campaign Manager, who runs a paper there. It therefore, looks like a Folsom movement to destroy us just as we are getting ready to go to Montgomery for a pension law. If they can break us down now, Big Jim, can say, 'I told you Sparks could not do it, send me I can.'"

Well, it's regrettable, but money talks for some people.

Most sincerely,

Signed—W. P. Gordon.

In answer to Mr. Harrell's absurd statement that I am out for candidates who will buy the old people. I owe the Commercial Printers of Gadsden, Ala., \$267.00 balance on literature used for Judge Boozer after he was the only candidate, who signed the program of the pension organization to establish pensions. When it came to the run-off, Boozer and our pension organization, the Old-Age Pension Association, Inc., were the first to get with Mr. Folsom and pledge him our

full support. I sold one of my family's milk cows to Mr. J. D. Lay of Gadsden, for \$125.00 which together with \$42.00 of my June 1946 Pension check I spent for Jim Folsom's election as proved by sample of literature herewith enclosed.

Mr. Ben, I know from my own contacts with more than 10,000 of aged citizens of our great State Alabama that the present law and administration that is handling old-age benefits are not right and the people to receive pensions want a pension law and a State Department of Old-Age Pensions. Following is proof that the Kelly group leader, W. P. Gordon, is for Loula Dunn and her high-handed set up dealing with our aged people. Mr. Gordon's letter to me under date of about four months ago and I asked her what we would get at this session of the Legislature and she said \$20.00.

And further evidence of the misrepresentation of the Kelly-Gordon is the fact that Mr. J. N. Hughes, one of the new workers in the pension field by the said group, was in Oneonta, Ala., and talking to my friend, Rice Howard, publisher of the Southern emocrat, and would tell Howard that Beasley in connection of not ever being a member of any Pension organization is not an American War Veteran of World War One. When Mr. Howard immediately informed Mr. Hughes that he was totally in error, Mr. Hughes then passed the buck to Mr. Von L. Thompson as the advocate of Beasley not being organizer of the Alabama State-wide pension organization and not being a disabled American Veteran having been injured in France by machinegun fire.

I realize that this is lengthy, but as a matter of justice to truth and fair play and in view of the absurd-slander against me and the severe hurt that is being done to the old people, I trust that you will be as fair to me as you have been to the other side that has made the attack on pensions I have worked hard for.

Sincerely yours,  
GEORGE W. BEASLEY,  
President Old-Age Pension Asso., Inc. P. S.—If this does not stop the misrepresentation, I have files filled with more than enough such as I have given you—Thanks, G.W.B.

## Clifford Manning Writes Voters

To the people of Chilton County:  
I wish to take this opportunity to announce to my many friends my candidacy for the office of Clerk of the Circuit Court of Chilton County subject to the General Election of November 5th.

I was nominated as a candidate for this office at the recent Republican County Convention and feel quite honored at having received the nomination.

My acquaintances reach throughout this county, having lived and been in business here all my life. I was raised near Isabella, on a farm and educated in the public schools of this county.

I am a veteran of World War II, having seen action in the Pacific while in the Merchant Marines. I know the veteran, understand and appreciate his problems. I know the veterans of this county want fair, just, honest and aggressive government. That is the backbone of my candidacy—a better government for Chilton County. All this I will explain in further detail to you later.

Between now and election day I hope to cover Chilton County and see and talk to as many of you as possible. I solicit your vote, your influence and help toward my candidacy. All of which will be appreciated.

—CLIFFORD MANNING  
(Pd. pol. adv. by friends of Clifford Manning, Clanton, Ala.)

with Mr. and Mrs. John Friday.

Mr. and Mrs. Marvin Rhodes and children, John Marvin and Bonnie Ruth, dined with Mr. and Mrs. Clyde Chandler and family Saturday.

Mrs. W. J. Gafford observed her 83rd birthday September 3rd.

Mrs. W. L. Chandler spent last week with her brother, Mr. Walter Kendrick of Wilson's Rest.

Mr. and Mrs. A. R. Langston and sons, Allen and Glenn and Mr. Stanford Chandler of Birmingham spent Friday night with Mr. and Mrs. G. C. Hathcock.

Miss Bernice Mae Hathcock was the Sunday dinner guests of Miss Irene Friday.

Mrs. Charlie Gray has returned home after spending a few days with her son the Rev. L. M. Gray in Phenix City.

### LETTER TO THE EDITOR

#### Raps Farm Bureau Leaders

Dear Editor:

Below is a clipping that appeared in The Montgomery Advertiser recently. Request that you publish this enlightening letter in the Chilton County News this week:

#### A Farm Bureau For Farmers

Editor The Advertiser:

I have been reading letters to the editor criticizing the leaders of the Farm Bureau. I want to ask of these critics don't know why Mr. Randolph, Mr. O'Neal and other big shots of the Farm Bureau fight every act of the state and national Congress that might conceivably help the small farmer?

The majority of Farm Bureau members are small farmers. Do these small farmers get to vote on who their officers will be? The answer is No. Someone visits these members once a year to get their membership dues. Do we have any say-so whatever on what goes with our money once it leaves our hands? The answer is No again. Therefore why should Mr. Randolph, or any other officer of the Farm Bureau give a hoot what the little farmer thinks so long as he is dumb enough to fork over his dues once a year? The Farm Bureau is controlled by people who are not to realize he is being gypped. If we had wise leaders they could see the handwriting on the wall. The Farm Bureau will have to be an organization of farmers, by farmers and for the farmers, to ever be worth a tinker's damn to the small farmer.

## Maplesville News

There was a nice crowd at church Sunday. Bro. Hopper filled his regular appointment, bringing a wonderful message. Marjorie Davis and Julian Smith joined the church Sunday morning. They were baptized with five others who joined the church during the revival at the Nix Lake Sunday afternoon at three o'clock.

The Sunbeams will meet next Saturday afternoon at 3 o'clock. After the program there will be a social. Mrs. F. A. Shanks, leader, insists that all the members come and try to enlist new members.

The B.T.U. Study Course was held at the Baptist Church last week. Twenty-two took the course, eleven Adults and eleven Intermediates. Mr. John Maples taught the Adult Class and Mr. Joe Graham taught the Intermediates.

The veterans of foreign wars sponsored a barbecue dinner at Dr. Nix's Club house Tuesday night, August 27. This enticing dinner consisted of barbecue chicken and pork, Brunswick stew, salad and lemonade, which was enjoyed by every one. A nice number of veterans and their wives and girl friends attended.

Miss Jane Shanks has returned home after a visit in Birmingham with friends.

Mr. and Mrs. F. A. Shanks and Mrs. J. B. Hicks attended a barbecue last Wednesday at Bragg's.

Mr. and Mrs. John Goodwin entertained, honoring their son, Harry Goodwin, wife and baby of New York.

Mr. Bill Smith of Tuscaloosa visited his nephew, Paul Smith, over the week end.

Mrs. A. B. Schuter of Anniston visited her parents, Mr. and Mrs. J. C. Davis, over the week end.

Mr. and Mrs. Roland Culp and Mrs. L. B. Boardhead of Isabella visited Mrs. Garland Smith Sunday.

Mr. and Mrs. Robert Chambers are the proud parents of a baby boy born Sunday, September 1st.

Mr. and Mrs. A. E. Salis and daughter, Pat, of Texas, and Mr. J. B. Mclellmore and Mr. Bob Prickett of Birmingham are visiting Mr. and Mrs. B. M. Billingsley.

Mrs. Georgia Billingsley has returned here after spending the Summer in Birmingham with her mother. She underwent a serious operation in July. She has an apartment with Miss Blossom Crumpton. She will teach in high school again here this winter.

Mr. and Mrs. J. F. Bowden of Birmingham visited Mr. and Mrs. Crit Oden Saturday.

Mr. and Mrs. W. M. Oden, Rev. Paul Oden, Mr. and Mrs. J. F. Bowden and Mr. Crit Oden and family spent the day with Mr. and Mrs. W. W. Kelley Sunday.

Clarence Allen Dennis was in an automobile wreck in Lexington, Ky., August 13th. His left arm was broken in two places above the elbow and right foot badly crushed. He is in the hospital at Cincinnati, Ohio. He is the son of Mr. Dock Dennis.

Gloria Ann McQue, entertained with a birthday party Saturday afternoon. Those attending were: Una Fay Abrams, Pat, Peggy and Joe Ann Perry, Jeanette, Elizabeth and Lara Ann Dennis, Bronzelle Williams, Latin and Levon Gandy.

Fall and winter grazing is the key to high milk production at that time of the year. And high milk production is one of the essentials of better family health and income, say API extension specialists. No family cow should be made to face the winter without plenty of green grazing.

The soap shortage next winter will far exceed the present shortage, unless the collection of waste fats and oils is rapidly stepped up. This is the prediction of authorities on the subject.

## MT NEBO

No Sunday evening services were held at Mt. Nebo last Sunday because of the revival meeting which is now being conducted by Rev. Wesley at Pleasant Grove Church.

The C. E. Social last week was quite successful. More than fifty parents and young people enjoyed themselves by playing games, talking and eating all that they wanted from the mammoth piles of sandwiches, cookies and watermelons. The cold soft drinks, though not in full harmony with Friday evening's weather, were enjoyable thirst quenchers. Bigger and better socials than this can be held frequently in the future if more young people will join our C. E. group and blend their efforts with ours.

Imogene Williams and Bobbie Nell Chapman spent the week end in Clanton with Mrs. Hollis Williams.

Irma Durbin spent the week end with Marvoren Henley.

Mr. and Mrs. Arthur Henley announce the birth, on Saturday, of a baby girl, whom they have named Linda Jane.

Mr. and Mrs. Burnice Culp and son visited on Sunday with the former's parents, Mr. and Mrs. R. G. Culp.

John Evans and Harry Culp are visiting the Alton Culp in Birmingham this week.

Mr. and Mrs. J. L. Williams have named their baby girl Wilma Lee.

How sincere and truthful are you with your neighbor? Are you a vile and evil witness in the world? These are some of the things that tie in with the subject which the adults and young people will discuss in Sunday School this Sunday morning. There are many families in this community which never come out to our services.

We need you in our Sunday School; we need you in our prayer meeting and league. It's our God, our church and your life. What are YOU going to do about it?

## ROBERT B. JOHNSON JOINS FOREST SERVICE

Mr. Robert B. Johnson, who for the past 20 years has taught in the public schools of Alabama, has resigned his position at Deatsville to accept a place with the State Forestry Service.

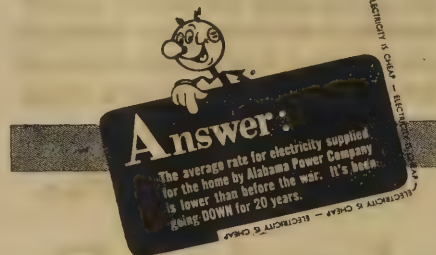

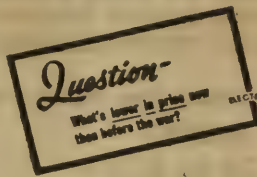

Mr. Johnson has been deeply interested in forest conservation throughout his teaching career and is highly interested in entering the practical side of the work.

During his teaching service he taught schools at Weoka Junior High, in Elmore County, and at Deatsville Junior High School. He has been assigned to Rrea No. 2, Bibb County.

## GOOD COTTONSEED SHOULD BE SAVED

J. T. Belue, API extension cotton specialist, says that the amount of good planting seed grown in the state will be less than in several years due to the fact that only about one-third of the normal planting of breeder seed was made this year. Alabama farmers usually plant about 75,000 bushels of breeder seed, but this year were only able to secure 25,000 bushels.

Good planting seed are always in demand, and those farmers who can save seed produced from breeder or first year seed should have a ready market for any surplus they may have, says Belue.

Friends and relatives called on Mrs. Liveak throughout the day bringing her gifts and good wishes. About Seventy guests were present including her sons and daughters and their families from Sylacauga, Talladega and Clanton.

The mill employees really have something to cheer about this week in connection with our soft ball team. We are proud of our team and happy they came out on top in the league. Marvin has pitched some good games this season and has had wonderful cooperation from the rest of the team.

It was thrilling to see Louie Crow and Dick in the field catching those long flies and Horace Noah and Richard Duren hitting doubles or triples or Braxton bunting to get on first and bringing someone in from third. Calloway performed a very efficient job as back stop. Johnnie Melton was switched from catcher to second base where he turned in very successful performance. James Arnold was jam up as short stop and Elvin was excellent on first base.

Louie Crow made the most spectacular catch of the season when he fished the ball by running so fast but he reached up and grabbed it with his bare right hand and throwing it

## SHILOH

Bro. Lockhart brought to us a very inspiring message Sunday morning. Sunday School was very well attended, but still there's others who need to come.

Next Sunday is the day set to call a pastor for the coming year. All members keep this in mind and be out to fill your place.

Bro. Tommie Billingsley will preach for us Sunday at the eleven o'clock hour. Bro. Frank Hill will preach for us Sunday night after the B.T.U. service.

Remember to come for both services and also for the business of getting a pastor for another year. — L. C. Keen.

## W.S.C.S. HOSTESS TO YOUNG PEOPLE

The W.S.C.S. of the Methodist Church was hostess to the Young Peoples Group last Friday evening when Mrs. Omar Reynolds and Mrs. "Chick" Fiquette served a delicious and bountiful supper in the dining room of the Methodist Church. The boys and girls had a very happy time eating all kinds of good things including ice cream and cake, after which Mrs. R. M. Tucker led them in a of games and contests, which were loads of fun.

This is a very promising group of young people and they have had many good times together this summer. They all wish to say "Thanks" to these ladies who have made these get-togethers possible.

Sixteen thousand farm people were killed and 1,500,000 were injured during the past year, the Red Cross reports.

into home to complete a double play. Buster Lockhart, who played right field in Friday's game had the honor of catching the last fly making the last out in the last inning of the last game. He wanted to keep that ball and have it autographed by all the team but Raymond needed it for the next game. Anyhow, we think we have a great team and they get a big congratulation from all of us.

## The R. W. Stremming Furniture Company will open its new store in Maplesville, Ala., Saturday, September 7, 1946

*This store will have a wonderful line of well made medium priced furniture to consist of bedroom, living room, dinette, breakfast room, and novelty furniture of all kinds.*

*This furniture will all be made of plywood manufactured by the Stremming Veneer Company plant at Maplesville, who in turn shipped the plywood to manufacturers of various types and they in turn shipped the furniture back to Maplesville for resale. This furniture, of course, will be well made furniture with a good finish plywood, and will be the very latest type of furniture that is being made today. This furniture is made of plywood, constructed with a new resin glue that has been very much used during the war for the manufacture of airplanes, and other various items that the Army used, making this furniture a very high grade, water resisting plywood.*

*You are cordially invited to come in the opening day which will be Saturday, September 7, to inspect and see for yourselves furniture manufactured from Chilton County logs as well as the values we have to offer.*

*For the ones who visit us that day, we are giving away a Walnut Veneer Kneehole Desk to the lucky number holder. You do not have to be present at the time of the drawing, which will be at closing time Saturday afternoon. If you are the lucky one you will be notified by telephone or by mail.*

## COTTON DRIER

We have installed a cotton drier. This will give you a better sample on green or damp cotton.

#### JURY

(continued from front page)

herewith 30 true bills.

We have made a personal inspection of the County Jail and believe it to be sufficiently safe for the keeping of the prisoners and find that the prisoners confined therein are being well fed and cared for with reasonable comfort. We recommend that the interior of the jail be painted.

We have examined the fee book of the Probate Judge and find it neatly kept and correct in so far as we were able to ascertain. We have examined the bonds of the various County officials and find that they are ample for the protection of the public and in our examination of the Sheriff's account with the State for feeing prisoners we find that it is being kept in accordance with the law. On our examination of the Office of the County Superintendent of Education we find that his books, records and papers are neatly kept and in so far as we ascertained, were being kept fully in accordance with the law.

We wish to thank Sheriff Nivens and his deputies and our Bailiff, Mr. G. W. Sansom, for the efficient help given us during our service as Grand Jurors.

We, having complied to the best of our ability with Your Honor's charge, now ask that we be released until such time as Your Honor may deem it proper to have us convene again.

W. D. HOCUTT, Foreman.

#### AN ORDINANCE

To levy a tax of Five Mills on each dollar's worth of taxable property and on all subjects of taxation liable therefor within the corporate limits of the City of Clanton, Alabama, for the tax year of 1946, and to provide for the assessing and collecting of said taxes and penalties and fees for delinquent payment of taxes.

Be it ordained by the City Council of the City of Clanton, Alabama, as follows:

SECTION ONE. There is hereby levied a tax of Five Mills on each dollar's worth of property and on all subjects of taxation within the corporate limits of the City of Clanton, Alabama, for the tax year of 1946, which are not by law exempt from taxation. Said Tax is levied for the purpose of raising revenue with which to pay legal obligations and expenses heretofore created or which may be hereinafter created by the said City of Clanton.

#### NOTICE TO NON-RESIDENT

The State of Alabama, Chilton County—Circuit Court in Equity. August 14, 1946.

Mattie Lee Ray, Complainant, vs. Sam Ray, Defendant.

In this cause it is made to appear to the Register by the affidavit of Mattie Lee Ray that the Defendant is a non-resident, and that his place of residence and post-office address is unknown, and that such address cannot be ascertained after reasonable effort; and, further, that in the belief of said affiant, the Defendant is of the age of twenty-one years.

It is, therefore, ordered by the register that publication be made in the Chilton County News, a newspaper published in the County of Chilton, once a week for four consecutive weeks, requiring him, the said Sam Ray, to plead, answer, or demur to the bill of complaint in this cause by the 16th day of September, 1946, or after the expiration of thirty days thereafter, a decree pro confesso may be taken against him.

Done at office, this 14th day of August, 1946.

33-4tc M. D. FOSHEE, Register.

Alabama.

SECTION TWO. The City Clerk of the City of Clanton, Alabama, be and she is hereby directed to make the assessments of said taxes. Said Assessment to be made as provided by Article I, Title 37, Section 670, 1940, upon the completion of the assessment, the Clerk of the said City is hereby directed to return the assessment to the City Council, which shall thereupon give ten days notice by publication in some newspaper published in the City of Clanton, Alabama, that the assessment has been completed and that the Council will hear and determine objections thereupon on a day not more than thirty days from the date on which said notice was directed to be made.

SECTION THREE. It is further ordered that the Clerk of the City of Clanton, be and she is hereby allowed a fee of 50c against each delinquent payment of taxes assessed, said fee, in the event taxes are not paid before January 1st, 1947, shall be charged against each taxpayer not having paid said taxes.

Read, approved, and adopted this 3rd day of September, 1946.

BERNICE C. WINGARD, City Clerk.

F. LEO THOMPSON, Mayor

## Patrolmen Recover Three Stolen Autos In One Day

Last Thursday, September 5th, was a very busy Thursday for Highway Patrolmen Kendrick and Champion. On that Thursday the patrolmen recovered three stolen automobiles in Chilton County.

A 1935 Ford, stolen in Nashville, Tenn., and two 14-year-old youths, occupants, were picked up below Cooper. The boys and automobile were turned over to the Nashville authorities.

A 1935 Chevrolet, missing from Austelle, Ga., was found abandoned in Jemison.

A 1936 Ford, belonging to Marvis Kelly, of Clanton, was found on Thursday night in Autauga County.

Patrolman Kendrick reported that authorities from Chillicothe, Ohio, were in Clanton this week to return the persons who were caught here a week back with a stolen '41 Chevrolet.

## Chilton Men Who Enlisted In The U. S. Army

Below is a list of Chilton County men who recently enlisted in the U. S. Army. They all reported to Maxwell Field, Ala.:

William R. Giles, James W. Vinzant, Joe A. Willis, Billie J. Little, George M. Walker, Jefferson D. Houston, William O. Smith, Ollie P. Bean, John H. Benson, J. D. Burkhalter, Larry T. Davis, Billie Fulmer, Curtis H. Gore, Earl Langston, Alvin J. Partidge, James D. Fraser and Albert P. Klein.

## Fat And Lean Game Profitable For Scouts

Before a record crowd, the Fat and Lean men of Clanton, last week put on a show that was a thriller for all who attended. A record crowd jammed the ball park to see the Leans loosen the Pats.

A very inspiring program was presented by the Boy Scouts under the direction of William H. Edwards, of Montgomery, James Carl Martin and Marvin Marcus. Tribute was paid to Chilton County's heroic men who lost their lives in World War II as the bugler blew "To The Colors," followed by "Taps."

Mr. Edwards, who has devoted his life to Scout work, and the advancement of boys and girls, delivered the address of the evening before the ball game.

The Scout Executive expressed in forceful terms the necessity of Scout work and at the same time urged Clanton to organize behind the boys and girls to further Scout work in Clanton and Chilton County.

The Fat and Lean game was presented for the benefit of local Scouts. \$262.74 was realized from the gate—all donated. This money will be used for the benefit of furthering Scout work in this section.

### Fat Ladies To Play

Now wouldn't you like to see the fat and lean ladies of Clanton play a softball game? That is what you are going to see. A large number of both fat and lean ladies of town have asked that they be permitted to show their talents. Quite a number have already signed up. If you fit in either of these groups and wish to play contact Marvin Marcus or call 481-J and get your name on the last. Watch paper for further particulars.

### JUST RETURNED FROM E.T.O.

Having just returned from two years service in the E.T.O. Lt. Richard S. Reid is visiting Mrs. Reid (nee Edna Ruid Lowe), and her parents. Lt. and Mrs. Reid are leaving Friday for Boston, Mass., for a short visit with Lt. Reid's parents. They will make their home in Waterville, Me. Where Lt. Reid is in his senior year at Colby College.

## Two-Year-Old Bobby Frank Peters Killed Sunday

Bobby Frank Peters, age 2½ years, was killed on Monday, September 9th. His mother, Mrs. Hugh Frank Peters was also injured in the accident. It is reported that Mrs. Peters and five children were walking around a curve near the Gap of the Mountain on Lay Dam Road, when her husband, Mr. Hugh Frank Peters, was coming meeting them driving a truck. It being nearly dark he did not see them until he was almost even with them, swinging the truck, he missed them with the front end, but the rear end hit Mrs. Peters and little Bobby Frank, who died instantly and Mrs. Peters was seriously injured. She remains in the hospital at this writing.

Funeral services were held Tuesday at Jones Cemetery, conducted by Rev. Wiley Davis.

He is survived by his mother and father, Mr. and Mrs. Hugh Frank Peters; three sisters and four brothers; grandfather, John Ellison, and grandmother and grandfather, Lawrence and Sophia Peters.

2:00 — Talks by ministers and others; also singing.  
3:00 — Special singing.  
3:30 — Business.  
3:45 — Adjourn.  
Rev. M. Lockhart will serve as chairman for the day, — Rev. N. E. Cook, L. D. Hughes, M. Lockhart, Committee.

### CENTRAL AIRWAYS ADDS MECHANICAL SUPERINTENDENT

Mr. Roy Bradley, airport manager at Gragg Field, announced this week that he secured a top-notch mechanic to service and do mechanical work on local planes. He is Mr. Robert P. Herb, from Ft. Worth, Texas. Mr. Herb is a graduate of the Dallas Aviation School. He worked for Lockheed as a flight maintenance man. His official title here will be Superintendent of Maintenance.

### NO POLIO IN CHILTON COUNTY REPORTED FOR AUGUST

The State Department of Health revealed today that 307 cases of poliomyelitis (infantile paralysis) had been reported from the entire State this year through August 31, including none from Chilton County.

The State total was only 153 for all of last year.

### NEW MANAGER AT GOODYEAR SERVICE STORE

Mr. Joe Commons, of Fayetteville, Tenn., is the new manager at the Goodyear Service Store in Clanton. Mr. Commons comes to Clanton from Bay Minette, Ala., where he operated a Goodyear Store there. He is a veteran of World War II and invites everyone to drop around and get acquainted.

## Nice Squad Out For CCHS Football Team

Coach Eddie Waters of the Chilton County High School reports that he had better than thirty men to turn out the first two days of football practice for the current season.

The coach gave a list of leading prospects but says his line-up for this year will not be certain until after school opens and all men are out. Leading prospects are:

Center — Bobby Chancellor and Byron Lowery.

Tackles — Herbert Dennis, Clyde Blacklock and David Arnold.

Ends — Hoover Armstrong, Hubert Thompson and Robert Earl Martin.

Backs — Buddy Wade, Billy Lawrence, Charles Cox, Bill Burnett, Bobby Vinson and Milton Mims.

Expected back when school opens are Hugo Smith, Simms Higgins and Matthew Thomaston.

Clanton plays its first game against Hurt here on Friday night, September 20th.

### NOTICE

The W.M.U. wishes to announce to all who wish to contribute clothes for foreign relief to bring same to the Baptist Church next Monday afternoon at 3:30 and they will be packed there.

## Teachers Association Elect Officers

At a meeting of the planning committee of the Chilton County Teachers Association September 6th, at C.H.S., members proposed for the Association the objective of bettering school-community relations through the improvement of:

1. Respect for public and private property.
2. Physical condition of the school.
3. Recreation, health and physical education.
4. Attendance.
5. Study of children and youth.
6. Attitudes towards other races, other religions and other groups.
7. Conservation of human and natural resources.

The President, Mrs. Georgia M. Billingsley, presided at the meeting, during which program plans were discussed. For the coming eight meetings of the Association, members will hear three or more interesting speakers, the first of whom will be Dr. J. Rogers, Chief of Bureau of Instruction, University of Kentucky, who will speak on, "Improving Attitudes Toward Other Races, Other Religions and Groups," October 21.

### THIS WEEK'S QUESTIONS

1. Where did the 4-H Club members of the county go recently?
2. When does that new Sugar Stamp, No. 51, expire?
3. When do the "Tigers" play their first game?
4. Who has a motor and a boat for sale?
5. How can a veteran get free flight training at Gragg Field?
6. Where does the Music Appreciation Club meet next week?
7. What furniture companies are featured in our advertising this week?
8. What Cafe is putting in new equipment and changing their plan of service?
9. What new business advertised this week for the first time?
10. Where will the new Bakery be located in Clanton?

## Interest In Community Concerts Gaining

### County-wide Interest Being Shown

I. S. (Doc) Levine, general chairman of Community Concerts, and Bob Oglesby, have covered the county and find that the interest being shown is far greater than the seating capacity for community concerts.

Doc and Bob urge those who definitely are interested to contact their local committee and reserve their

## Grist Mill Is Destroyed By Fire

The grist mill belonging to Mr. J. O. Baker in South Clanton was completely destroyed by fire on Friday afternoon, September 6th, about 2 o'clock. The fire is reported to have started from the exhaust of the motor. The adjoining buildings were endangered but saved by the Clanton fire department.

### CLANTON TO PLAY CIO HERE SUNDAY

The Clanton baseball team will play the strong CIO team from Fairfield here next Sunday. This will be Clanton's last game of the season and is expected to be one of the best.

Last Sunday Clanton defeated Tuskegee 10 to 4 here.

### SINGING CONVENTION FIRST SUNDAY IN OCTOBER

The Fall session of the Chilton County Singing Convention will be held at the Courthouse in Clanton the first Sunday in next month and Saturday night before, October 5 and 6, according to the chairman, Prof. Marion W. Esterling. All singers and lovers of music have a cordial invitation to attend. The Deep South Quartet will be present and many other outstanding singers are expected.

## Clanton Laundry To Have New Home

Work has begun on a new building for the Clanton Laundry & Cleaning Company. Leo Thompson is erecting a new, modern and spacious building on the block just east of the Post Office. Mr. Thompson informs us that when the building is completed he will move his equipment to the new building and replace some of his old equipment with the latest and newest equipment out.

### GIRLS HONORED AT NEW SALESMAN

Sara Mims and Betty Gore, both girls now attending Alabama College, were honored at their church, New Salem, last week.

Their Sunday School class gave a weiner roast for them and surprised each with a very nice gift. Then the regular Friday night singing was dedicated to them last week.

Both of these girls were active church members and will surely be missed.

Sara was also invited and attended a church social at Cedar Grove Church, reporting a very enjoyable time.

### DEAN FUNCHES ADDRESSES LOCAL MERCHANTS AND FARMERS

Dean Funchess, director of the Auburn Experiment Station, recently addressed the Kiwanis Club, together with several visiting farmers.

Dean Funchess urged farmers to change their farming methods from cotton to other crops and outlined the pitfalls that were facing cotton farmers of Chilton County today. The speaker outlined the pros and cons of cotton farming and outlined the possibilities of Chilton farmers in other crops such as truck farming and dairying.

The speaker was brought to Clanton at the invitation of Mr. M. R. "Red" Glascock, county Agent. This was the second meeting the Clanton Club has held with Chilton County farmers, the first being at Maplesville.

### HAVE YOU LOST A BICYCLE?

Sheriff Nivens informs us that he has a stolen bicycle in his office that no one has claimed. A few days back the Sheriff picked up a little negro boy with the bicycle. He still has the bicycle and furthermore no one has complained of losing a bike.

## No Fish Story Told This Week

There is no fish story this week. It seems all Chilton County's fishermen have told their tallest ones. If you have a fish story saved back get it in before the News fish story contest closes on September 30th. \$10.00 is being offered for the best, \$5.00 for the second best and year's subscription to the Chilton County News for third. All stories must be true and must have occurred in Chilton County.

### Whatta Snake

This is not a fish story but a snake yarn told by a travelling man up around the courthouse last week. This man said he was driving down near Mobile when he saw an enormous rattler in the road. As he passed the rattler struck at the tire, and his fangs stuck, punctured the tire. To finish he said that air from the tire blew the snake up and killed him.

Entered in the Post Office at Clanton, Alabama, as second-class matter under the Act of Congress of March, 1897.

## LET'S COOPERATE

We have said many times that Clanton has the best Volunteer Fire Department of any town its size in the State. This has been proven many times by its action in controlling fires that could have run into great loss had it not been for the able work by the department.

But, Clanton's fire department would be much better, more efficient in every way, if it were not for the thoughtless acts of the on-lookers who get in the way and hinder them in their work.

The fire last week in South Clanton was a good example. By the time that the truck got through town and to the scene of the fire the place was so cluttered up by the curious that the firemen had a hard time operating. Some, of course, were trying to help and thought they were aiding in the work but to the firemen who are trained in their line an outsider who does not know what he is doing, or just goes to a fire for the excitement, is a hindrance instead of help.

Curiosity killed the cat—it has been said. Well, curiosity and sight-seeing are killing the efficiency of our fire department. It is also endangering the life and limb of individuals; endangering firemen and property.

The next time you hear the fire signal stay out of the firemen's way. It is your civic duty to aid them in every way and the best way you can help is to give them plenty of room. They need all they can get.

## IT COULD HAVE BEEN

The incident at the New Wadesonian last Saturday night brings to mind the many fires over the country in the past year that has caused death and suffering to so many.

In the case Saturday night of course there was no fire—there was only the smell of smoke from the railroad but it clearly shows how easily panic and hysteria strikes a mass of people when there is fear of being caught in a burning building. People who otherwise would be calm and reason things out, completely lose control of their reasoning powers and become as wild things.

Let's let nothing so tragic happen here. It is the duty of the management to use every precaution and it is the duty of each and every one of us to try and use self control in a situation of this kind.

## MAIL IT NOW

Though many have returned to civilian life after serving their country, there are still a large number of men in uniform overseas. This means again mailing those Christmas packages early. The mailing date is October 15-November 15. To insure Christmas delivery to China, islands of Pacific, India and the Middle East, send gifts by November 1. Not more than one package a week from one sender to the same addressee, weight limit 70 pounds, not over 100 inches in combined length and girth, package marked "Christmas Parcel," the complete and correct address, no perishable and inflammable goods, no poisons or intoxicants. Get your shopping done early!

## CARRYING ON

If the newly named Farmers Home Administration will continue to handle the long-term loans where tenants can purchase their own farms, with the efficiency of the deceased Farm Security Administration, it will be of satisfaction to Clifton County. The FSA did cost the taxpayer money to maintain it and in spite of much criticism its mistakes were over-balanced by its farm services. The man who had to foot the bill for its functions has seen much of its effective and helpful measures in his own county. There was much political opposition to the FSA and there will naturally be much to the new organization. But, that there will be some good coming from it, through opposition and because of it, we don't doubt.

### ABOUT TOWN

-By BEN

I pound my trusty keyboard  
As fast as I can spell—  
Not that I'm in a hurry, but  
I love to hear the bell.

After that anything can happen. But first, we must talk about Marvin Marcus and the fine job he did for the Boy Scouts and the Girl Scouts. We have had more favorable comment on the Fat & Lean ball game last Friday night than on most anything happening here in many a moon. Most all the credit must go to Marvin Marcus. He worked hard and got but little cooperation. Of course the players are all to be congratulated for their work as but for them there would have been no game. However in working up a thing like that there is a lot more to it than meets the eye. It took three or four weeks of hard work on the part of Mr. Marcus to accomplish what he did. Our hat is off to him.

It would not be fair to mention the ball game without mentioning Ike Bice. Ike was a scream and really gave the spectators a show. Was talking to Ike Saturday night and he was still sore from the exercise but said it was for a good cause and he didn't regret a single sore muscle.

"Smith," said the restaurant owner to a waiter, "why did that man from the corner table leave so suddenly?" "I don't know," said the waiter. "He sat down and asked for sausage and I told him we were out of them but if he would care to wait a few minutes I could get the cook to make some. I went to the kitchen and as I sat down a tray of dishes I stepped on the dog's tail and he yelped. When I came back into the dining room the man was dashing out the front door."

"Mitch" Williams, who is planning big things at the Bus Station within the near future, announces that the Bus Station is now open at six o'clock in the morning. This, says Mr. Williams, is to accommodate the passengers on the 6:15 Greyhound that reaches here at that hour. And of course to take care of fellows like "Ben" who must have that early cup of coffee before the day can be started right.

It used to be when you spoke of sugar you meant "she." Now whenever you hear the word the user generally means "it."

### OVER 900,000 VOLUNTEERS HAVE JOINED PEACE-TIME REGULAR ARMY

Over 900,000 volunteers have joined the new Peace-Time Regular Army since hostilities ceased a year ago, according to statistics just received by T-Sgt. Aussant NCO-in-Charge of the U. S. Army Recruiting sub-station located in the Mullins Building. Recent enlistment figures show a sharp rise in the number of original enlistments, that is, men who have had no previous military service of any kind, mostly 18 and 19 year olds. For the week ending August Seventh, 65.98 per cent of all enlistments were original.

This upswing in original enlistments is attributed to the fact that many high school graduates are joining now to take advantage of the educational opportunities offered by the GI Bill of Rights, after they have served their periods of enlistment, the choice of which may be for 3 years, 2 years or 18 months.

According to T-Sgt. Aussant, young men, with no previous service, who want to get in on the benefits of the GI Bill of Rights must join by October 5, 1946, in order to be entitled to the full benefits which will accrue the same as if they had served during the war. College education benefits after discharge amount to 30 college months for an 18 month enlistment, to a maximum of 48 college months for a 3-year enlistment, at the College, University or trade school of the individual's choice.

One winter job that shouldn't be overlooked is terracing. A. W. Jones, state director of PMA, reminds farmers that payment of 70 cents per 100 linear feet of terraces constructed will be made. Three times the regular farm limit may be used for this practice. Prior approval of county PMA committees is necessary.

For the sake of shape and fabric iron bias-cut garments with the grain of the material.

## MORAL ECHOES

Rev. D. W. Haskew, D.D.

One day I stood looking at a big bridge that stretched its self across a wide river. Heavy trucks, loaded cars, came and went, and I thought about that bridge. It was built to care for a load and bear up under heavy burdens. Man is a bridge. He was not created to care for himself alone. He was made, to hold steady under pressure, and to bear up under a load. If you are not carrying a load, you are not filling the purpose for which you were created. Rejoice in your soul when you have the strength to bear up bravely when the burdens of this life cross over your life. To stand steady and to prove yourself trustworthy is to live well.

In the early days of the automobile my brother was the owner of a new Ford. He took his family with him as he rode away over the country road. The county had built a bridge over a creek, and not being an experienced driver, he became confused and in less time than it takes to tell the story the car leaped over the side of the bridge. No special damage was done, but the car and the family would have been much safer if they had remained on the bridge. God has bridged every dangerous place along the road of life, and if we will keep our heads and quietly trust Him and drive with caution, we can pass over in safety. When men become excited, nervous, having no faith in themselves, no faith in God and no faith in their fellowman, that is when men tumble off of God's bridge. Beware of leav-

### CCC COTTON LOANS READY FOR FARMERS

Machinery for handling Commodity Credit Corporation loans on the current cotton crop has been set up in all Alabama counties and farmers may apply to cooperating local banks and warehouses or to their county Production and Marketing Administration offices for these loans.

Loan rates vary between counties from 24.08 to 24.72 cents per pound for middling 15-16-inch staple, A. W. Jones, State PMA director, said this week in explaining the loan program.

Since the loans are of a non-recourse type, farmers must get at least the loan rate for their cotton even though market prices might fall below that figure. By using the CCC loan, growers may hold their cotton for sale at a later date and at the same time be protected from a possible fall in market price below loan rates.

ing God's bridge that spans all place of danger.

A tremendous swell of water was flowing down the Brazos River in Texas, and in company with friends, I went to a bridge that was in great danger. The river stream was full of floating timbers, and scores of men were out on the bridge with ropes, pulleys and hooks, doing their best to keep the drifting rubbish from collecting against the pilings and the bridge foundations. All knew that the force of the water, assisted by clogging timbers, would push the bridge from its foundation. It took many hours of hard work but the bridge was saved. All my life I have been busy on God's big bridge of salvation, doing my best to keep the rubbish of this world from piling up against this bridge and shoving it from its foundation. We do well when we keep the rubbish of sin in the devil's stream and floating on towards a devil's doom.

"OTHER things I buy have  
gone sky-high. . . but  
Greyhound fares  
are still the  
SAME"

Greyhound fares  
are as low as  
in Pre-War Days!

**IT'S TRUE!** That upward spiral of price rise hasn't so much as budged Greyhound fares. They have remained normal — just as low as before-the-war days. This is more remarkable too, since costs and maintenance of operating bus lines have risen sharply all along the line.

How does Greyhound do it? Well — it's no trade secret. The backbone of Greyhound Lines formula for success is more and better service to more people. Expansion and augmented service . . . efficient operation and the introduction of newest equipment have all combined to hold the line on bus fares.

Your travel dollar really buys more today than ever before in bus line transportation.

## ISABELLA

On Sunday morning at Mulberry we had a very good congregation. Bro. Stuckey didn't bring us a message as the time was taken up in a business meeting. R. C. Vessey was elected Sunday School Superintendent; L. S. Calfee, B.T.U. Director; Jack Tucker, Assistant Director; and Bro. R. W. Stuckey as Pastor. Other officers and teachers will be elected next preaching day.

There was a good offering taken up for war relief. Bro. Stuckey preached a very inspiring sermon to a very good congregation Sunday night at Mulberry. Plans are being made to have a program on promotion day at Mulberry the fifth Sunday in September.

The W.M.S. met at the church last Wednesday afternoon for their regular monthly meeting. We began by singing, "Let The Lower Lights Be Burning." Prayer by Mrs. R. W. Stuckey. Regular business was held—reading of minutes, giving reports, etc. We elected Mrs. Ara Calfee for our W.M.S. President for 1947. Other officers to be elected later. A good program from the Commission was given by Mrs. Jossie Wells, Mrs. Norice Jones, Mrs. Eula Tucker and Mrs. Ara Calfee. Dismissed by prayer by Mrs. T. L. Lecroy.

Bro. Morley, who has the Bible Forum in Clanton, baptized nine of his candidates in the creek below Suites' Place last Saturday afternoon, which was a very beautiful service.

There were 50 Young People and Adults who enjoyed the social at the home of Betty Lois Conway last Friday night. They played games, made and pulled candy, eat boiled peanuts and candy. All reported having a nice time and are looking forward to another social.

There was a large crowd at the singing at Mulberry Wednesday night. We all enjoyed having the Concord singers with us and want them to come back soon.

Mr. and Mrs. R. E. Manning of Jacksonville, Fla., and Mr. Tom McCain of Miami, Fla., is visiting Mrs. Emma Manning this week for a few days.

Mrs. Martha Large had a spell with her heart last Thursday and isn't able to be up much now.

Mr. Emmett Wright of Jacksonville, Fla., is visiting his niece, Mrs. Jessie Summers, here.

Mr. George Kyser, Sr., were among the visitors at Mulberry Sunday.

Mrs. Andy Henson and little daughter, Patricia Ann, are at the home of her father, Rev. R. W. Stuckey, now for a while.

Mrs. Emma Manning is at home now after spending three weeks in Birmingham with her daughter, Mrs. C. H. Oliver.

Mr. Norman Smitherman's father still remains seriously ill at his home.

Mr. and Mrs. Kirby Summers and sons are home from their vacation. They brought Mes. Maggie Summers home after staying in North Carolina most of the summer.

Bro. and Mrs. Watson and their three children have been visiting her brother, Bro. Marley and family, who

## BIRTHDAY CELEBRATION

Many friends and relatives gathered at the home of Mr. and Mrs. Otis Glenn near Highland Church Tuesday night, September 3rd, to celebrate the birthday of Messrs. Virgie and Virgil Glenn. They were 19 years old.

The birthday cakes were beautiful centered in the middle of the table with 19 candles brightly burning on each cake.

Everyone enjoyed their selves very much, playing games, talking and laughing and listening to music and singing.

Ice cream, cake and hot chocolate were served to the guests.

They received many nice and useful gifts.

Those present at the party were: Mr. and Mrs. Otis Glenn and children, Mrs. W. F. Glenn, Mrs. Charles Todd, Mr. and Mrs. Arnold Glenn and children, Mrs. Frances Downs, Messrs. Virgie and Virgil Glenn, Mr. Ehrman Hand, Mr. Reddie Culpepper, Mr. Edward Chandler, Messrs. Doss and Billy Billingsley, Mr. Tom Cox, Mr. Buddy Mims, Messrs. Mutt and Raymond Cootie.

Misses Ann Taylor, Betty Jo Williams, Sara Nell Mahan, Louise Cootie and Dorothy Nelson. Everyone had a nice time and left wishing Virgie and Virgil many more happy birthdays.

## U. S. CIVIL SERVICE COMMISSION

The U. S. Civil Service Commission announces that applications will be received until September 25, 1946, for the positions of Oilier (Marine), \$97 to \$152 per hour, and Fireman (Marine), \$94 to \$114 per hour.

Qualified persons between the ages of 18 and 62, inclusive, are urged to apply for the above examination. The age limits are waived for veterans entitled to military preference.

These examinations are announced to fill present and future vacancies in the Mobile, Alabama Engineer District.

Certain specified experience is required, information regarding which may be obtained from the Executive Secretary for the Mobile, Alabama Engineer District, U. S. Engineer Office, Mobile, Alabama.

For further information apply to A. D. Scott, Secretary, at Clanton Post Office.

have rooms with Mrs. Manning. Bro. Watson and family are on their way as Missionaries to Central America.

Mr. and Mrs. Bill Grooms visited her parents, Mr. and Mrs. Curt Grooms, recently.

Our community extends our sympathy to Mr. and Mrs. Fred Metz (nee Mildred Oden) in the loss of their infant girl last Monday.

Miss Truman Stuckey has a room with Mrs. Emma Manning for this winter.

Romona Ann Tucker entertained a number of her little friends at her home Sunday at her 10th birthday dinner.

Mr. and Mrs. Charlie Griffin of Auburn (nee Laura Collins), former teacher of Home Economics at Isabella School, announce the arrival of a baby girl. They have named her Gloria Jean.

## MACEDONIA

Rev. Oden brought two very inspiring messages Sunday and Sunday night.

Everyone remember next Sunday is the day to elect new officers for the coming year.

There was quite a bit of excitement Sunday afternoon when a storm came through this community, doing damage to D. E. Moore's place.

The death angel visited the home of Mr. and Mrs. Hermie Hodges, taking their mother, Mrs. Mollie Hodges. Our sympathy goes to the family.

Mr. and Mrs. Pratt Crumptions' visitors Sunday were: Mrs. Crumptions' father, Mr. Newt Childress, Miss Alice Childress, Mr. and Mrs. Floyd Nix and children, Floretta, Jo Ann, Audrey, Mary, Mable and Charles, and Miss Minnie Mae Davenport.

Miss Mary Oates is spending a while with her sister, Mrs. J. W. Veazey, while Mr. Veazey is on a fishing trip.

Mrs. Bronzelle Langston was real sick last week with her tonsils. We are glad she is about all right again. Report from the Jefferson Hospital is that Mrs. Levia Ward is improving. Mr. and Mrs. Jimmie Ward visited relatives here last week.

Mr. and Mrs. Ermon Rasberry's dinner guests Sunday were: Mr. and Mrs. F. C. Gibson, Rev. Oden, Mr. and Mrs. D. E. Moore and family, Denny, Johnny, Jean, Barbara and Betty; Mr. Herbie Sewell, Mr. Smith and Miss Polly Smith, from Pleasant Grove, Lawley, and Mr. Crit Moore. Mrs. Clara Veazey and children spent Sunday with Mr. and Mrs. Marvin Oates.

Miss Mariah and Hoyt Freeman visited Mr. and Mrs. Zack Jones Sunday afternoon.

Mr. Jake Smith spent Sunday with Mr. Proctor Davenport.

Mr. and Mrs. Fleetwood Rasberry, Mrs. Francis and Mrs. Helen Rasberry visited Mr. and Mrs. Elmer Crane of Billingsley last week.

## PATES CHAPEL

(Too Late For Last Week)

We were blessed with a nice crowd at Sunday school Sunday, and sincerely hope each one will come back next Sunday and bring just one with you. Let's all try and do this and see what a large crowd we will have. Tell them before Sunday morning that you want them to go with you to church Sunday and you will be surprised at the crowd there will be. We also had a good singing Sunday night, and a song by the Old-Timers Quartet. Everyone enjoyed it. You are also invited to be with us in our singing which begins about 7:30. We invite all singers and all to come and help us out each Sunday night until its changed to the evening.

Mrs. Earl Hayes and daughter, Pat, visited her parents, Mr. and Mrs. J. B. Franklin, one day last week.

Mrs. Malcolm Manning has returned from visiting her mother and other relatives at Spiegner, Tenn., and reported a grand time while there.

Mr. Chester Maddox, Mr. Charley and Earl Hayes made a business trip to Birmingham Saturday; also Mr. R. C. Hayes is spending a few days in Mobile.

Mr. and Mrs. C. Hayes had as their guests Sunday Mr. and Mrs. James Maddox and children.

Mr. and Mrs. Jim Scott visited Mr. and Mrs. Vester Robinson Sunday who have just bought and moved to the old home place of Mr. Charley Hayes. We welcome them in our community, but we haven't lost the good family of Mr. Hayes. They have built them a new home and moved in it. It still seems there are demands for more new homes in our community.

Mr. Earl Hayes, Mr. Enoch Hayes and Mr. Rufus Robinson are all planning on building new homes. Some are working on them now.

Mr. Jimmie Patterson spent Sunday night with Mr. Carl Maddox after he spent a while with him Sunday afternoon.

Little Ruth Maddox was honored in having little Geraldine and Annette Maddox and Helen Hayes as her guests Sunday evening.

Mr. Cecil Eiland and Mr. Joe Robinson visited Mr. Brady Patterson a while Sunday evening, and we are sorry to report that he isn't any better.

Miss Mary Evelyn Hayes was the guest of Miss Leon Cleckler Sunday. Miss Louise Maddox visited Miss

## ANNUAL ALL-DAY SINGING AT PATES CHAPEL

The annual all-day singing will be held at Pates Chapel Sunday, September 15th. The Stamps Deep South Quartet will be in concert at the church Saturday night, September 14, and will remain over for the singing on Sunday. A large number of good singers have promised to be present. All singing school classes are cordially invited to be with us and make it one of the best singings ever held at the church. — C. A. Maddox.

## MUSIC APPRECIATION CLUB TO MEET

The Music Appreciation Club will be held on Tuesday, September 17th, at 3:30 p.m., at the high school in the Home Economics Room. All members are urged to be present.

## COMMUNITY SINGING.

The Concord and Mulberry churches are having a joint singing at Concord Church, two miles east of Clanton on Wednesday night, September 18th. The singing will begin at 7 o'clock. They send a cordial invitation to all the singers of other churches. Come and let's enjoy a real worship service of good Gospel singing.—Mrs. Melvin Mims, Comm.

Glady Scott in Mt. Carmel Community Sunday.

Mrs. Alice Edwards visited Mr. and Mrs. Coy Liveack part of last week.

There were several from our community that attended the evening singing at Macedonia Church Sunday evening, and reported a nice time and a good singing.

Mr. and Mrs. Coy Liveack spent a while Saturday morning with the family of Mr. and Mrs. Claude Dawson, and Mr. Earlie Gene Dawson returned. Mr. Carl Maddox spent the night with them to spend a few days with Mr. and Mrs. Arline Dawson Thursday night.

Mrs. Lidya Underwood and children spent Saturday night with her parents, Mr. and Mrs. Jim Dawson; also Mr. and Mrs. Evin Dawson and children spent a while with them Sunday evening.

Please don't forget the all-day singing September 15th, with the Deep South Quartet to be present Sunday and to present a concert on Saturday night, September 14. Everybody is invited both Sunday and Saturday night.

## BOWLES

We are glad to report Mr. J. T. Bowles well enough to be at home. We hope he will continue to gain his lost health.

Mr. Willie Clyde Moore is on the sick list.

## UNEMPLOYED MUST SHOW THEY ARE TRYING TO GET WORK

In addition to registering for work at a public employment office, all Alabamians of unemployment compensation and allowances must now also make a "conscientious and diligent" search for work with employers likely to need their services and skills. And they must submit evidence that they have done so.

Announcement of the important new policy, which became effective Monday, September 9th, was made by Frank R. Broadway, state director of industrial relations. It applies to civilian workers and veterans alike.

Heretofore, employment office registration was considered sufficient indication that an applicant for benefits was available for work and entitled to benefits provided he met other conditions, in state and federal laws, rules and regulations.

Approximately 30,000 veterans and 12,000 civilian workers are now drawing unemployment checks in Alabama.

After an employer's direct testimony, the best proof that a claimant is seeking work will be affidavits or letters from employers as to job interviews, Broadway said.

"In localities where want ads appear, the claimant should show whether or not he has responded to those citing his highest or related skills and, after lengthy unemployment, those calling for lesser skills," he added. "In the case of a union member, evidence of notification of the proper official of the local should be submitted, especially in trades or industries where hiring is customarily made

## How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

- 1 Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.
- 2 Started 3 days before "your time," it should help relieve pain due to purely functional periodic causes.

Try Cardui. If it helps, you'll be glad you did.

## To the voters of Alabama:

Notwithstanding the criticism which has been directed at our State Democratic Executive Committee from some sources, it is the purpose and intent of our Committee to see to it that the people of Alabama are fully advised as to the very great importance of giving their active and vigorous support to the campaign for the adoption of the proposed Amendment to Section 181 of the Constitution of Alabama, known as the Boswell Amendment, which Amendment will be voted upon at the time of the General Election on Tuesday, November 5th, and will be shown as Proposed Amendment Number 4 on the ballot.

We hope and believe that our State Democratic Executive Committee enjoys the confidence of the people of Alabama, and that a great majority of them will feel that we would not try to lead them astray by urging the adoption of the proposed Constitutional Amendment unless we honestly and sincerely believed, after a mature thought, study and deliberation, that the adoption of this Amendment was not only for the best interests of our people but was all-important. Our State Democratic Executive Committee at its meeting on January 12th, 1946, unanimously adopted a strong resolution in favor of this Constitutional Amendment, and subsequently, by an overwhelming majority, voted to appropriate a limited amount of the funds of the Committee in a campaign to advise the people of Alabama as to the importance of adopting the same.

The emblem of the Democratic Party is a crowing rooster, with the words "WHITE SUPREMACY" on a banner above the rooster. We have done in the past, and we intend to do in the future, everything that can legally be done to preserve white supremacy in our State. We do this, not with the idea that all white men are good and all negroes bad, but with the firm conviction that the vast majority of negroes have not yet fitted themselves to vote intelligently on important governmental matters. The negro race has made great strides in recent years and in time to come larger numbers will undoubtedly fit themselves for assuming the all-important duties of electors or voters.

We would feel that we were shirking a responsibility if we did not make every proper, legal effort to carry on the traditions which since the days of the Tragic Era of Reconstruction have characterized the efforts of the Democratic Party in Alabama. It is hard to conceive of any matter which is of more vital interest and importance to our State. We are now at the crossroads.

The Supreme Court of the United States, in a far-reaching and precedent shattering opinion has held that any qualified voter, whether he be white or colored, has the legal right to vote in any Party Primary supported by State funds. The effect of this drastic decision, reversing the former decisions of our highest Court, is to destroy the White Primary which our Committee, under its slogan of "WHITE SUPREMACY," is pledged to maintain. This Court decision has opened the way to a flood of negro registration and negro domination at the polls of Alabama, especially in our Black Belt Counties, which our present election laws are powerless to prevent.

Section 181 of our Constitution as it now stands contains an obsolete provision permitting a person to reg-

ister as a voter merely by reason of the fact that he or his wife has real or personal property of the assessed value of \$300.00. No educational requirements whatsoever are required under our Constitution as it now stands, and a prospective voter does not have to be able to read and write and it is not even necessary that he know under what form of government he lives, if he has property of an assessed value of \$300.00. This was all right back in 1901, when our present constitution was adopted, as at that time practically no one except substantial citizens had as much as \$300.00 worth of property assessed to them. However, in this day and time there are literally thousands and thousands of citizens who have an old, second-hand, rattle-trap automobile assessed at as much as \$300.00, who will possess very few of the qualifications which we consider important for a citizen to possess before being permitted to vote. Unless we tighten up our registration laws, we are going to see our poll lists flooded with thousands of voters who have not yet fitted themselves to participate in our government. There are many number of Counties in Alabama's "Black Belt" where within a comparatively few years there will probably be only negro City and County Officials unless we do something to tighten up our registration laws. In many of these "Black Belt" Counties the negroes out-number the white people from five to one to ten to one.

We consider it our solemn duty to point out to the people of Alabama the danger that our State will be confronted with if the bars are let down and vast hordes of ignorant and illiterate people have their names placed on our registration lists. Look at what has happened in our neighboring State of Georgia, where they have repealed all poll taxes and opened wide the doors to the registration of everybody and everything, with over 150,000 negroes now registered as voters. Those of you who have kept up with what is going on in our neighboring State, and realize where the balance of power lies over there, certainly do not want to see Alabama suffer a like fate.

In 10 of Alabama's 67 Counties, negroes constitute more than 70% of the Counties' total population. In 17 Counties, negroes constitute more than 50% of the Counties' total population. In 34 Counties, negroes constitute more than 30% of the Counties' total population. In the State as a whole, they constitute 34.7% of the State's total population.

In those Counties where the negro population predominates, it is not improbable—in fact, it is reasonably certain—that under the new U. S. Supreme Court decision, we will eventually have negro Judges, negro City and County Commissioners, negro Legislators and negro Law Enforcement Officers just as we had in the dark days of Reconstruction, unless our State Election Laws are tightened.

In other Counties, where the negro vote would be the balance of power in State and Local Elections, we can look for trafficking and trading and promises of equal rights of many kinds by some unconscionable office seekers to newly enfranchised negro voters. Other Counties, where the negro vote is now small, would face constantly the rising threat of negro power at the ballot box.

These things must not come to pass in Alabama, where our fathers fought to break the chains of reconstruction and win back our State to white control.

Obviously, neither the State of Alabama nor our State Democratic Executive Committee can defy the Government of the United States. But the State of Alabama, acting within the law, can by action of its people surround the exercise of suffrage in Alabama with such legal safeguards as will protect our State from the flood of negro registration and negro domination, which the Supreme Court decision has released.

It is not the intent of Proposed Amendment No. 4 in accomplishing this purpose to exclude all negroes from the ballot box in Alabama. The State Democratic Executive Committee recognizes that those negroes who are qualified to vote should be permitted to vote as they have done in the past and that as more negroes become qualified to vote, they too should be permitted to do so.

In order to legally restrain the threatened flood of unqualified negro voters, this Proposed Amendment No. 4 reposes in County Registrars the right to require applicants for registration to interpret the Constitution of the United States. It removes the provision of our State Constitution

providing that any one owning as much as \$300.00 may vote. This provision is long outmoded, since there are literally thousands and thousands of citizens in this modern age who own a car assessable at this amount.

It is difficult to understand why there should be so much complaint from some quarters about the Boswell Amendment. Why should not a man or woman who wishes to become a voter, so as to take part in our Government, be able to understand the Constitution under which he lives? Why should there be so much objection to that clause of the Boswell Amendment providing that no person shall be entitled to register as electors except those who are of good character and who understand the duties and obligations of good citizenship under a republican form of government?

This is certainly a minimum requirement for a voter or elector. Any abuse of discretion by a Board of Registrars can be promptly and efficiently remedied by appeal to the Circuit Court.

We do not think there is any merit whatsoever in the contention that the proposed Constitutional Amendment places too much power in the hands of the Boards of Registrars. These backers of wide-open negro suffrage in their effort to frighten voters into opposing Amendment No. 4 have suggested that County Boards of Registrars would use their discretionary power and exclude white voters for reasons of their own choosing. This argument is totally lacking in merit. We are perfectly willing to assume that the type of men who will be appointed on these Boards of Registrars will be fair, upright and honorable in the discharge of their duties.

It is conceivable that the type of men who will be appointed as Registrars in this Grand Old State of Alabama will be the type of men who will deliberately, willfully and flagrantly violate their oath of office by carrying out any such policy as one of our great dailies says it fears. This paper suggested that the Boswell Amendment be invoked against any man with a mole on his face because a Registrar did not like men with moles on their faces.

The members of the County Boards of Registrars are appointed by the Governor, the State Auditor, and the Commissioner of Agriculture and Industries—all free of the appointing Board being elected by the voters of Alabama. The people of our State do not make it a practice to elect to these three high public offices officials who would be guilty of appointing as members of our County Boards of Registrars the type of rascally characters which some of our papers either think, or pretend to think, would be guilty of the unconscionable conduct above referred to.

Most of you are personally acquainted with the men and women who constitute the Boards of Registrars in your respective Counties, and you know full well that they are not the type of people who would arbitrarily refuse registration to a citizen, whether he be black or white, who is intelligent enough to understand the form of Government under which we live and who has sufficient mentality to cast an intelligent vote. We are not willing to believe that the distinguished Alabamians of the type of Chauncey Sparks, John Brandon and Joe Poole, who now constitute the Board which appoints our Registrars, or that the other group of distinguished Alabamians who are our incoming officers, "Big Jim" Folsom, Dan Thomas and Haygood Paterson, who next January will constitute the Board which appoints these Registrars, can be classed as crooked politicians who would stack our Boards of Registrars with men and women who would be guilty of the kind of rascally conduct which some of the more or less radical press state that they are afraid of, or probably I should say, pretend that they are afraid of.

Frankly, we doubt if there is any other State in the Union which permits a prospective voter to register without having any qualification whatsoever except that he or his wife may own an old second-hand automobile assessed for taxes at \$300.00. This provision in our fundamental law should undoubtedly be changed, and changed at once by our adopting the Boswell Amendment, before we have a whole horde of prospective voters, both black and white, to rush in and get their names on the registration lists. The adoption of Proposed Amendment No. 4, in our opinion, will take care of the entire situation, and will enable us to continue having the intelligent electorate of which we have been quite proud.

While a number of splendid citizens have expressed opposition to this Proposed Amendment to our Constitution, yet we think that most of them are doing so because they have not studied the matter sufficiently and do not realize the danger which confronts us.

The principal opposition to the Amendment comes of course from four sources. These are:

1. The small but ever active radical-reformer element which has moved into our State, but who are really not of the South, who hold the viewpoint that no distinction whatever should be made between the races, and that negroes should associate on equal terms with the whites in all matters. In this group will be found most of the supporters of the Fair Employment Practice Committee (FEPC) which imposes penalties on firms failing to give negroes equal jobs at equal pay with whites and insists on the two races, both men and women, working side by side in all industries, stores and business offices. This group opposes our all-important segregation laws which have, in our opinion, made it possible for two entirely separate and distinct races to live together in peace and harmony.

2. The meddling Northern "uplift reformers" who spend their time beating everything South of the Mason-Dixon Line, and who are constantly at work to tear down Southern customs and traditions.

3. The Communistic groups, which for their own selfish ends, desire to enfranchise many more thousand negro voters in order to enhance their own power in our State, by increasing the number of voters who will blindly support their un-democratic theories of Government and assist them in breaking down our American institutions.

4. The Republican Party which with understandable confidence, believes that the registration of countless thousands of negro voters will largely increase its voting strength in Alabama and give to it the first opportunity the Republican Party has had since Reconstruction Days to dominate our people.

Let's keep our feet on the ground and continue having in Alabama the kind of Government with which we have been blessed, in which the intelligent people of this State (we do not mean any super-educated folks, but just the right kind of people) control our Government.

We sincerely hope that you will vote "Yes" for proposed Constitutional Amendment No. 4 on the ballot which you will cast in the General Election on November 5th.

## AA.U.W. MAKES PLANS FOR COMING YEAR

The executive committee of the Clifton County Branch of the American Association of University Women discussed plans for the year's program September 5th, at a luncheon in the home of Mrs. B. F. Hays. Mrs. Hays and Miss Elsie Schurter were hostesses. Members of the executive committee are: The President, Miss Elsie Schurter; Vice-President, Mrs. B. F. Hays; Secretary, Miss Myrtle Wesson; Treasurer, Mrs. B. R. Wall; and the following committee chairmen: Education, Mrs. Curry T. Thomas; International Education and Relations, Miss Elizabeth Barth; Social Studies, Miss Mable Camp; Creative Arts, Mrs. Richard M. Palmer; Economic and Legal Status of Women, Mrs. T. B. Deramus; Membership, Mrs. John B. Deramus; Fellowship, Mrs. Joe S. Campbell; Legislative Program, Mrs. Luther E. Little; Recent Graduates, Mrs. Edwin T. Clapp; Publicity, Miss Eleanor Lewis; Program, Mrs. B. F. Hays; and Mrs. Edna T. Kinney, Historian.

The AA.U.W. hopes to present two or three outstanding speakers in open meetings during the coming year. Plans are being made for a tea in

the early Fall, honoring all women in the county who are eligible for membership. In the Spring the high graduates of all the county high schools will be given a garden party.

The Clifton County Branch plans to cooperate with the city's other organizations in securing a public library for the county.

All eligible in the county are cordially invited to become affiliated with the local branch of the AA.U.W. Any woman who is a graduate of a college on the approved list is eligible for active membership. Those interested are requested to give their names to Mrs. John B. Dramus, membership chairman.

# Maplesville News

Sunday School was well attended Sunday morning, considering the weather. There were several present that haven't been attending for some time. We always welcome them back.

Our prayer meetings at the Baptist Church Wednesday night and the Methodist Church Friday night have improved in number of attendance.

Mrs. Sudie Graham entertained her Sunday class with a party Tuesday night. Games were played. Miss Howard Nell Smith and Miss Eva Jo Walker assisted Mrs. Graham in serving hot dogs, punch and ice cream to the following guests: Arthel and Jimmie Johnson, Carlos Latham, Charles McGee, Ed Day, Eugene Smithman, Frances Johnson, Freddie and Johnnie Thomas, Howard Graham, Kenneth Glass, Lindsey Stone, Billy Perry, Bobby Middlebrooks, Bobbie Nell Patterson, Bonnie Mae McGee, Jeanette and Elizabeth Dennis, Eloise Maherg and Lois Taylor.

Bro. Wesley filled his regular appointment at the Methodist Church Sunday night, bringing a very inspiring message. Some quartet numbers were sung by the Atchison and Averett Quartet.

Miss Helen McGee returned to Jacksonville State Teachers College this week after a three weeks vacation at home with her parents, Mr. and Mrs. T. R. Williams. Miss McGee will receive her B.S. degree from Jacksonville State Teachers College November 29th of this year with a Major in Commercial and a Minor in English.

Mr. and Mrs. Monroe Hayes and baby from Birmingham visited their parents last week end.

Mrs. Chambers of Birmingham is visiting her sister, Mrs. W. E. Coburn, for a few days.

Mrs. J. C. Davis and daughter, Marjorie, visited her husband Sunday who is very ill in the Veterans' Hospital in Montgomery.

Mr. Garland was home with his family this week end. While here he visited Mr. J. C. Davis in the Veterans' Hospital in Montgomery.

Mr. and Mrs. H. A. Jakes of Booth were the week end guests of Mr. and Mrs. I. A. Dennis.

Mr. J. C. Hayes has gone to South Carolina on business.

Mr. and Mrs. Earnie Middlebrooks and family and Miss Dolly Jean Dennis visited Mr. M. E. Filgo and family in Centerville Sunday.

Mr. and Mrs. Woodfin Littlejohn from the University at Tuscaloosa visited his mother, Mrs. E. H. Littlejohn, Sunday.

Mr. C. B. McGee and family visited his parents, Mr. and Mrs. Ed McGee, in Lawley Sunday.

Mr. and Mrs. Toy Johnson of White Hall visited Mr. and Mrs. Robert Chambers Sunday.

Miss Dorothy Dennis visited relatives and friends in Stanton over the week end.

Miss Imogene Dawson of Birmingham visited her grandmother, Mrs. Jeffcoats, Sunday.

Mr. and Mrs. Rother Davis of Marion visited relatives here Sunday.

Mr. Ben Davis, Mrs. Daniel Ward

## SOIL CONSERVATION NEWS

Lloyd Howard, Thorsby Community, has a nice stand of Alyce Clover which will be allowed to go to seed. This is an excellent summer legume which reseeds itself and can be used for hay, grazing and soil improvement. It is a perfect Summer legume which fits in a small grain or corn rotation.

Complete soil and water conservation plans were drawn up on Z. A. Culver and Russell Gray. This brings the total up to 333.

J. N. Dennis and Bob Oglesby report that they have Crimson Clover sowed behind a badly lodged old crop and they both hope there will be enough oats in the Clover to keep down bloat in their cows.

The Soil Conservation Service has allotted 25 pounds of Tangier peas to the Chilton Work nit for the purpose of observation study and seed production. This plant is similar to the Cayley peas, but is more adapted to sandy soil. As a winter legume for a green manure crop, it seems as if it might be about two weeks earlier than Blue Lupine. It is also, supposed to withstand more cold than Blue Lupine. These seed will be planted by three cooperators of the North Central Soil Conservation District. The seed, when harvested next year will belong to them.

Theodore Burnett has some upland pasture that he established in sericea this last Spring. Due to lack of pasture, he had to graze it the first year. Many plants were pulled up by the stock; however, he still, has a fair stand. Grazing sericea the first year is not recommended.

Now is a good time to do some culling of the dairy herd, especially if feed is scarce. C. E. Teague, API extension dairyman, says that one well-fed cow will produce more milk than two or three only "half fed."

and Mrs. Katie Collins of Montgomery were the week end guests of Mr. and Mrs. W. F. Shanks.

Friends of Miss Maude Johnson welcome her back with us again. Miss Johnson has taught school here for several years and is greatly missed while she is away during the Summer months.

The people of Maplesville, especially those who live on the road from town to the schoolhouse, are proud of the fact that this road is being built up for black-topping. This road has a heavy lot of traffic on it and the dust is bad for our school children here and those who come in to school from surrounding communities, as well as the residents who live on this road.

Mr. and Mrs. J. F. Bowden and son, Junior, of Birmingham, have recently returned from a trip to Seattle Wash., where they visited his sister and family, Mr. and Mrs. Virge Cinner, formerly of Maplesville. Mr. Bowden and family motored through and reported a wonderful trip, going through Yellowstone National Park and seeing many other places of interest.

### LEAF MULCH MAKES PRODUCTIVE GARDEN

Save those Autumn leaves that are beginning to fall and you can have a better garden next spring.

Instead of leaves being burned, W. A. Ruffin, API extension gardener, says they should be put in a compost heap where they will decay and form excellent material for gardens.

Leaves, straw, vines and grass should be placed in a flat-top heap that is about eight inches deep when pressed down. On top of this put several inches of stable manure, then five inches of good garden loam, and finally water thoroughly. Be certain that no diseased leaves or other vegetable matter are used in the compost.

Repeat layers of leaves, manure and soil, to which a few pounds of limestone may be added. The center of the top must be lower than the edges so no normal rainfall will soak in. After decay is well underway, the pile should be forked over several times every two or three weeks.

If manure isn't available, superphosphate and some form of nitrogen fertilizer may be added. However, explained Ruffin, a valuable humus mulch can be made with soil and leaves alone.

Every effort should be made to save all available cottonseed produced from breeder and first year seed.

## Wiregrass Fights To Save Peanut Crop

**FACING A MILLION DOLLAR LOSS** from ravages of peanut worms, farmers in southeast Alabama fought back last week, with a haze of cryolite hanging over the great peanut fields from dusting operations. Costing an average of about \$5 per acre, cryolite dusting has proven effective in halting the pest, which strips leaves from peanut plants. Above, top, a tractor dusting outfit in action; lower, left, moth that lays the eggs, and right, the worms that do the damage. (State Newsphoto.)

### DO NOT SAVE SEED FROM

#### HYBRID CORN

Don't plan to use planting seed from your hybrid corn field because there's little doubt that you would end up next year with a low yield.

J. C. Lowery, API extension agronomist, warns against saving any planting seed produced from fields planted to hybrid corn. "There is no way to know what the results will be, due to the breeding involved in producing

hybrid seed corn for planting."

Buy hybrid seed that were produced by reputable breeders and plant only hybrids recommended for your county, Lowery advised.

With interest mounting in the use of hybrid corn, the agronomist said that for success growers should: Grow hybrids only on good corn land, use winter legumes to enrich the soil, apply a heavy application of fertilizer and use thick spacing.

## 4-H CLUB MEMBERS OF COUNTY VISIT AUBURN ON EDUCATIONAL TOUR

Ninety-seven 4-H Club members and adults from Chilton County made a tour of the Alabama Experiment Station at Auburn, August 8.

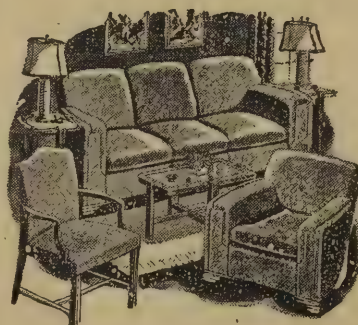

By eight o'clock the bus and cars were ready to leave Mitchell Dam for Auburn. Transportation was furnished by a group of interested farmers and businessmen who realize the importance of promoting more worthwhile rural youth programs and activities. The Club boys and girls appreciate the time and expense that those men gave to make the tour possible.

Arriving at the Experiment Station about 10:00 the party assembled at Duncan Hall where State 4-H Leaders, Mr. T. A. Sims and Miss Mary Dell McCain, welcomed the group to Auburn. Before lunch everyone went through the ice cream and milk plant where various types of equipment used in making ice cream and pasteurizing of milk were discussed. At twelve lunch was served at the amphitheatre. After the long ride everyone was hungry, Miss Barber had expected this and had prepared food with this thought in mind. There was enough food left to know that it wasn't left for manners' sake.

The next project to be visited after lunch were the grazing projects where many club members for their first time saw alfalfa growing. Probably the most impressive part of the project was the sericea plots where cows and hogs could be grazed through the summer months. This exploded the popular belief that upland could not be turned into good pastureland. On the grazing projects, sericea was being used to furnish summer grazing and hay. Manganese burr clover was planted in the sericea to furnish winter grazing. Both crops being perennial makes reseeding unnecessary each year.

From the grazing projects club members visited the forestry plots where the demonstrations spoke for themselves. Plots burned every year produced 1-6 cord of wood per year per acre. Plots burned every five years produced 2-4 cords per year per acre, while plots that never burned produced 4-6 cords per year per acre.

## Clanton County News SCRAP BOOK

### WEEK'S BEST RECIPE

Apple Bread — 2 c sifted, enriched flour, 3 t baking powder, 1 t salt, 1 t cinnamon, 1/2 c shortening, 1 c sugar, 2 eggs, 1 c ground, unpeeled apples. Sift together flour, baking powder, salt and cinnamon. Cream together shortening and sugar until light and fluffy. Add eggs and beat well. Add apples and mix well. Add flour mixture to apple mixture and mix thoroughly. Bake in greased loaf pan in moderate oven for one hour and fifteen minutes.

### DRIED BOUQUETS

A bouquet of dried cuttings from the garden will be a pleasant decoration next winter. Woods, fields and roadsides yield attractive arrangements. Ornamental grasses are essential in the dried flower settings. Seed pods of regal lilies, butterfly weed, peony and hibiscus are pretty. Grains such as oats, rye, barley, wheat, some of the millets, broom corn are attractive. All kinds of flowers must be picked before reaching full bloom and hung upside down in a dry place to cure. Dry field grasses as ryegrass, foxtail grass, vernal cat-tails, should be dried in tall containers to hold the natural lines. Many of the brilliant colors of the bouquet will last for years.

### LAWN CARE

Cool weather is better for sprouting of grass seed and so the best time to sow the lawn. Weeds are less apt to then choke it out. Seedlings have longer to get started than in spring when the warm summer weather may burn the new grass. Soil is more moist in the fall and moisture more uniform. You have more spare time for lawn work now than in the spring, probably. Sometimes with early fall sowing the grass will grow tall enough to need mowing. If it is 2 to 2 1/2 inches tall then cut it, but not closer than 1 1/2 inches to the ground. Have it dry before mowing. Remove cuttings and fall leaves from seedlings so as not to smother them.

### INSPIRATIONAL

God has given us tongues that we may say something pleasant to our fellow-men. — Heinrich Heine.

Alabama farmers planning to treat fence posts with creosote or pentachlorophenol solution should cut, peel and season the posts two or three months before treatment, says Cecil Clapp, API extension forester.

Mrs. Eula Smith spent the day Sunday with Mrs. A. A. Jones.

Miss Mary Jones of Sylacauga spent the week end with her parents, Mr. and Mrs. A. A. Jones.

Mrs. Kate Smith, Miss Minnie Baker, Mr. and Mrs. Homer Smith and children, Wesley and Nona Jean, visited Mr. and Mrs. Bastom Smith of Jemison Sunday.

Mr. Arnie Clark, who has been confined to his bed for several days with typhoid fever, is reported doing fine and expects to be back on the job in a few days.

Mrs. Paul Byler, a recent bride, was honored last night with a miscellaneous shower at the home of Mrs. Olie Jones. Those attending were Mrs. Lon L. Baker, Miss Louise Baker, Mrs. Nellie Payton, Miss Mary Nell Payton, Mrs. Sallie Jones, Mrs. Addie Smith, Mrs. L. C. Jones, Miss Kate Reynolds, Miss Lillian Dale, Miss Blanch Reynolds, Mrs. Alpha Walker, Mrs. Aaron Walker, Miss Mary Ruth Byler, Miss Louise Byler, Mrs. Dewey Patterson, Mrs. Clifton Duke, Mrs. Grace Mink, Mrs. Doris Kirkland, Mrs. Robert Mims, Mrs. Verga Grace Walker, Miss Emma Gene Jacks, Mrs. J. W. Bowman, Mrs. Betty Jones, Mrs. Cliff Foshee, Mrs. Gusie Smith, Mr. Andrew Walker and Mr. Paul Byler.

Mr. F. I. Popwell announces the marriage of his daughter, Frances to Mr. Morris Patterson, son of Mrs. W. C. Patterson of Clanton Route 2.

## GOOD BOTTOM LANDS ARE BEING DRAINED

Draining one million acres of bottomland—some of it the most fertile acres in the State—is a job Alabama farmers are tackling in increasing numbers.

In bottoms that have been properly drained and cleared, excellent pastures and field crops are being produced where before little or nothing would grow. A good soil management program makes it necessary that these "wet" areas be brought into production and farmers have indicated that they intend to keep at the drainage job until it is completed. J. B. Wilson, API extension agricultural engineer, said this week.

While large canals are usually dug with dredges or drag lines, smaller ditches can be made with blade graders, bulldozers, or dynamite, explained Wilson. Due to the fact that dynamite prices have not increased greatly while labor costs have, farmers are finding that it is economical to blast ditches with explosives. Another reason why farmers favor the use of dynamite is that it can be used where the ground is too wet or rough for machinery.

One pound of nitroglycerine dynamite will open a linear yard of ditch 3/4 to 4 feet wide and 2 1/2 to 3 feet deep. At this rate, 100 yards of ditch will cost \$15 to \$20, with costs of larger ditches in proportion.

Wilson cautioned farmers that they should ask their county agents to help them survey the area to be drained since failures have been caused by poor location of ditches and lack of a suitable outlet.

Concrete proof that farmers are interested in bringing their bottomland into production is the fact that last year 175,000 pounds of dynamite were used to blast drainage ditches on farms in the State.

## THE VERBENA WOMAN'S SOCIETY OF CHRISTIAN SERVICE MET

The W. S. of C. S. met with Mrs. Lilla Scott in the home of Mrs. H. B. Oliver on August 21st for the program meeting. The meeting was opened with a devotional by the President. The program was in charge of Mrs. Jimmie Foster.

During the social hour the society honored Mrs. Eccell Howard with a shower.

The hostess served a delicious ice course to the following members and friends.

Mesdames Joseph Shepard, P. F. Mitchell, Lenoir Carmichael, S. L. Gibson, Lilla Shepard, Lonnie Messer, Excell Howard, Oscar Howard, Jimmie Forte, W. S. Baldwin, C. S. Strock and Miss Mary Williamson. We were glad to welcome a new member, Mrs. Judson Messer.

Visitors — Mesdames Winston Calloway, Earnest Williams, H. T. Williams, Jr., Ruby Howell and Miss Annie Lamar.

## Something for ALABAMA'S TOMORROWTOWNS

In our advertisement a few months ago you read about the Tomorrowtowns of Alabama—those communities with the spirit to develop and make the most of their opportunities.

A plan underway by the Alabama State Chamber of Commerce and the Alabama Press Association should bring great benefits to Alabama's Tomorrowtowns—benefits which should, in time, total 40 million dollars a year! Forty million dollars is a lot of business and will give a lot of jobs to a lot of people.

Forty million dollars is the amount which it is believed tourists will spend in Alabama IF they can be persuaded to spend more of their time in Alabama. (They spent 25 million dollars a year in Alabama before the war.)

If the plan to garner these 40 million tourist dollars is to succeed, civic groups all over Alabama must participate in it. The plan presents a challenge and offers an opportunity to the Tomorrowtowns of Alabama.

Write the Alabama State Chamber of Commerce, Montgomery 1, Alabama, for the outline of the plan which tells how individual communities can participate in the benefits resulting from 40 million dollars in tourist trade.

### A PLEDGE WORTH ADOPTING

The author of the following suggested pledge is Doyle Buckles, field manager, Alabama Press Association. Is is a pledge which, if adopted and followed by a large number of Alabama citizens, will do much to assist in the development of Alabama.

"I pledge my loyalty to Alabama and to the products and the interest of the State in every line.

"I propose to favor insofar as is practicable the purchase of the products of Alabama agriculture and Alabama industries.

"I will ever speak well of Alabama, and seek to discourage those who would hold the state up to ridicule and contempt.

"I pledge courteous and hospitable treatment to visitors to the state and an interest in giving to them the recreation and information that they may seek.

"I pledge my interest in the beautification and modernization of my community in whatever way it is practicable for me to help.

"I will regularly try to persuade friends elsewhere to visit 'Alabama, Unlimited'—the Nation's No. 1 Economic Opportunity."

**PLANT GRASS FOR EROSION ON DAMS NOW**

Alabama farmers can control erosion on their newly constructed pond dams by planting Italian ryegrass now. In addition to the dam itself, all areas bordering on the pond where soil has been disturbed should be sowed in the grass. A. M. Pearson, API extension fish specialist, says that such plantings will serve until a permanent sod of centipede, if available, or Bermuda grass can be established. Seeding of Italian ryegrass should be made at the rate of 40 pounds to the acre and 1,000 pounds of 6-8-4 fertilizer per acre is advised.

## Free Flight Training Available For Ex-Servicemen Here

### Free Instruction Under GI Bill of Rights

Many veterans of World War II who have been contemplating a future in aviation are perhaps not aware of the splendid GI training facilities here at Clanton and the ease with which such courses are made available to those who qualify.

First of all, free flight training is available to all veterans under the GI Bill of Rights. The government will pay for flight training and furnish the necessary books and supplies without cost to the veteran. All the applicant need to do is take his discharge papers to the County Service Commissioner where he will find the personnel to fill out and complete his application. They will issue him a certificate of eligibility and entitlement which defrays the entire course of training.

One of the best equipped GI training schools in Central Alabama is located at Gragg Field in Clanton where students learn to fly a wide variety of planes.

Government licensed and approved instructors, who are familiar with every need for which pilots must be trained, and who are capable to carefully instruct each student for the particular aviation service he wishes to enter, give the courses. The course of instruction to receive a private license include a minimum of 20 hours of dual instruction and 30 hours of supervised solo instruction. It also includes a course in ground school where the GI receives detailed instruction on the many problems that will confront him as a pilot. The complete course covers a period of varying from 10 to 16 weeks.

Because aviation is still in its infancy and offers a field of almost unlimited opportunities, hundreds of veterans throughout the state who have just returned from the service overseas in infantry, artillery and engineer divisions are taking advantage of free flight training offered GI's in a list of selected approved schools. Courses given at Gragg Field by Central Airways, Inc. include:

1. Primary course at completion of which each student is issued a private license, which entitles him not only to fly a plane but to carry passengers. Students usually complete this course in eight to 10 weeks.

2. Secondary course which gives students a government-approved commercial pilot's license, which entitles him to fly commercially or for hire. Classroom work of the nature that will give each student a thorough grounding in every phase of flying and its terminology, preparing each student for any examination he might later be given, is all part of the various courses.

New classes are now being formed at Gragg Field. If you are a veteran and interested or wish to know more, contact Mr. Roy Bradley at Gragg Field or call 286 for complete information.

By an act of Parliament in 1880 England was the first country to extend the liability of employer to employee beyond the common law interpretation.

### NOTICE TO NON-RESIDENT

The State of Alabama, Clifton County—Circuit Court in Equity.  
Henry E. Cox, Complainant, vs. Elaine Cox, Defendant.

In this cause it is made to appear to the Register by the affidavit of Henry E. Cox that the Defendant is a non-resident, and the her place of residence and post-office address is unknown, and that such address cannot be ascertained after reasonable effort; and, further that, in the belief of said affiant, the Defendant is of the age of twenty-one years.

It is, therefore, ordered by the register that publication be made in the Clifton County News, a newspaper published in the County of Clifton,

The credit of the government, the integrity of its currency and the inviolability of its obligations must be preserved. — William McKinley.

once a week for four consecutive weeks, requiring her, the said Elaine Cox, to plead, answer or demur to the bill of complaint in this cause by the 12th day of October, 1946, or after the expiration of thirty days thereafter, a decree pro confesso may be taken against her.

Done at office in Clanton, this 10th day of September, 1946.

**According to Dr. Bennett:**  
"Happiness springs not so much from doing what we like, but from liking what we have to do."

- 1 The amount of money Paid Out to provide telephone service is increasing faster than the amount Taken in.
- 2 Telephone earnings are the lowest in our history.
- 3 Reasonable telephone earnings are essential to good telephone service.

Your Telephone Company is doing the largest volume of business in its history, yet telephone earnings continue to decline.

The reason is perfectly clear. Your telephone rate has remained the same for many years while the costs of furnishing you telephone service have increased. Wages, telephone materials, building costs, services, all have been going up so fast that—

*the amount of money Paid Out to provide service is increasing faster than the amount Taken in. Actually telephone earnings today are the lowest in our history!*

As every business man knows, good service depends on reasonable earnings. That is basic. To render good telephone service and to continually improve and expand it, reasonable telephone earnings are essential.

Our public duty demands that we report these facts to you.

## CHILDREN'S CLINIC AT HIGH SCHOOL

### P.-T. A. And School Faculties Responsible For Transportation

The semi-annual Crippled Children's Clinic will be held at the Chilton County High School on September 26. Transportation to the Clinic is primarily the responsibility of the P.-T. A. Association and faculty in the various schools. This Clinic is provided not only for the known cases, but for any child in the county who needs this service. All doctors in the county are invited to attend.

At a recent meeting of the Crippled Children's Association of Chilton County the following were present: Mr. Levine, Mr. Bookholdt, Dr. E. M. Moore, Mrs. Minerva O'Rear, Miss Helen Blake and Miss Myra Stinson, District Orthopedic Nurse with the State Crippled Children's Service. Miss Stinson gave some very striking data. The case load at this time in the County was 275. These cases include almost every type of injury, including principally fractures of the arms and legs, burns and other operative cases. By virtue of this tremendous load including many days of hospitalization we found to our amazement we had exceeded our financial quota by over \$3,000.00 for our children to have the service offered in this phase of public health work, which without fear of contradiction, we say is the most spectacular as well as the most gratifying of all the phases of Public Health. A crippled child without any hope of being rehabilitated other than this service makes it imperative for us to continue to give and thus aid in lessening the welfare load in years to come. The Crippled Children's Council feels that every community in the County has reaped benefits from the above service and in return should contribute liberally of their means and time, for no one knows which child shall be in need of this service next.

At a later time you will be advised what minimum amount is expected from this County to maintain this 100% service. Mr. Levine, the County Chairman, at the proper time will release his plans and requests. Cooperation by all is desired and truly appreciated.

#### MR. PINKNEY JONES PINSON

Mr. Pinkney Jones Pinson, age 86, of Mt. Creek Route 1, died Thursday, September 12th, at 5:00 p.m. Funeral was held at 10:00 a.m., Saturday from Chestnut Creek, Cooper, Ala., conducted by the Revs. J. D. Hopper, J. W. Jones, J. D. Hughes and J. M. Johnson; interment was made in church cemetery.

He is survived by four sons—L. A. Pinson, of Denver, Colo., C. P. Pinson of Montgomery, H. H. and J. F. Pinson of Patsburg, Ala.; three daughters, Mrs. C. Y. Stephens of Mt. Creek, Mrs. Y. M. ## FOOTBALL SEASON OPENS TOMORROW

### Clanton To Play Hurt; Game Called At 7:30

Coach Eddie Waters' Chilton County High School "Tigers" will open their 1946 football season here tomorrow night against Hurt of Montgomery. The game is called at 7:30.

Clanton will enter the season against a strong foe who took Holtville to the cleaners 18 to 0 in Wetumpka last Friday night. Hurt supports a strong team this year with seven veterans reported playing; with fast backs, and a strong, powerful line.

As for the Chilton County High team, Coach Waters will send in practically an inexperienced team with only a few members from last year's squad. But, from scrimmage spectators, the Clanton team will be strong enough to stand their ground.

In the backfield Clanton will see as probable starters Buddy Wade, Charles Cox, Milton Mims and George McCain, Jr. Hurt's likely starters in the backfield will be Sonny Queen, Keith Petry, Sam McGowan and Melvin Rushton.

Advance tickets are on sale at Alred Drug Company.

The probable starting line-up for the two teams Friday night follows: Clanton: L. E.—Hoover Armstrong (140); L. T.—Clyde Blalock (185); L. G.—Simms Higgins (150); C.—Bobby Chancellor (185); R. G.—Hugo Smith (160); R. T.—Herbert Dennis (150); R. E.—Matthew Thomaston (170); Q. B.—Buddy Wade (145); L. H.—Charles Cox (140); F. B.—Milton Mims (155); and R. H.—George McCain, Jr. (155). The following boys will probably see action for Clanton: Bobby Vinson, at end; Bryon Lowery, at center; Hubert Thompson, at fullback; W. D. McCain, at right half; and Bill Burnett at Q. B.

Hurt: Ends—Bill Stuckey and Hubert Law. Tackles—Claude Pitts and Don White. Guards—Bobby Hall and Sonny Hall. Center—Richard Mayhew. Backs—Sonny Queen, Keith Petry, Sam McGowan and Melvin Rushton. No weights were given for the Hurt team.

## Mrs. Mattie Wilkins With Bus Station

The management of the Bus Station announced Wednesday morning that they had been very fortunate in obtaining the services of Mrs. Mattie Wilkins. Mrs. Wilkins, who formerly operated a cafe in Clanton, will supervise the preparation and serving of food.

## Clanton Baseball Team Closes Season With Splendid Record

### First Post-war Team Leaves Impression Of Better Baseball For Clanton In Future

Clanton's first post-war baseball team has closed it's 1946 season with a very impressive record after getting a late and off-balance start. Out of thirty-two games played the Clanton team wound up with 15 wins. Some of Clanton's wins were over some of the best teams, in the state. And, Clanton was defeated only by the best in the state.

## Wetumpka Nimrods Tell Tall One

The News' Fish Story Contest has reached to Wetumpka with Lawrence Howard sending in a yarn about two Wetumpka fishermen. Lawrence didn't say whether or not this happened in Chilton County. He did say it happened on the Coosa River. Here's the story for your approval (or "dis"): "Mr. D. H. Morgan, superintendent of the Wetumpka Unit of Alabama Mills, and Mr. Earl Palmer, also of Wetumpka, were casting with great accuracy and distance, on the Coosa River. All of a sudden as Mr. Morgan cast his lure under a low hanging willow, something struck and struck hard. A split second later the strike was repeated and it was hard to understand just why two strikes were so close together, or why the fish was not hooked the first strike. But a moment later the two men saw what really happened. Two small-mouthed bass, one weighing 5½ pounds and the other weighing 3½ pounds were on the same lure. Both fish were safely landed. While dressing the fish Mr. Morgan found that the larger bass had swallowed a 5½-pound bream, making a total of three fish caught on the one lure on the one cast."

There is only one more issue of the News before this two-month's old contest ends. During the two months some real "whoppers" have been told. And, somebody is in line for a \$1000 prize and somebody's going to win \$500. The contest closes September 30th. Send in your prize fish story today.

#### CRIPPLED CHILDREN'S CLINIC

On Friday, September 6th, a meeting was held at the home of Mrs. Omar Reynolds to make plans for the Clinic of State Crippled Children's Service to convene in the Home Economics Building at the Chilton County High School on Thursday, September 26th, at 8:30 a.m.

Miss Myra Stenson of Selma, Mrs. O'Rear, Miss Mollie Megginson and Miss Helen Blake spoke of the work done during the past years at these clinics and the aims and plans for this one.

A number of the State Staff of the Crippled Children's Society are expected to attend the clinic, while 106 patients have been notified to attend and at least 75 will probably attend.

All churches, clubs and civic organizations have been asked to contribute the sandwiches, fruit and milk to serve the patients and staff who attend. The public is cordially invited to visit the clinic any time on Thursday in honor to the splendid work done by the Crippled Children's Society. Last year Chilton County contributed \$1,200, while \$4,000 was actually spent on patients from this county.

## COOPERATION NEEDED

On January 19th, "Big Jim" Folsom, your choice for Governor of Alabama, takes office at Montgomery. Whether or not he carries out his campaign promises and accomplishes the things he wants to do depends on you.

It is the duty of every man and woman who voted for Mr. Folsom in the Democratic Primary to go to the polls on next November 5th and cast their vote for the Democratic Nominees and insure our State of full cooperation for the next four years. Only in this way can we get the things done that we want done.
